Notice of Withdrawal of Certain Interrogatories from PennFuture's First Set of Interrogatories to the Philadelphia Water Department

By this notice, Citizens for Pennsylvania's Future ("PennFuture") withdraws the two interrogatories identified below, numbered PF 1-6 and PF 1-27, from its "First Set of Interrogatories from PennFuture to the Philadelphia Water Department," dated March 9, 2016. The following interrogatories are hereby withdrawn:

PF 1-6 [Ref. – PWD Statement 4, Testimony of Dahme and Williams, Top of page 4] – In the paragraph ending on the top of page 4 you indicate that if the costs of compliance with the COA cause the wastewater component of a customer's bill to exceed 2.27% of Median Household Income (MHI), then the City could petition the Pennsylvania Department of Environmental Protection for an extension of time to satisfy the requirements of that Agreement.

A. What percentage of MHI did the wastewater bill for a typical residential customer of the PWD equal in fiscal years 2013, 2014 and 2015?
B. Given 8 months of actual data and 4 months of estimated bills, what is PWD's best estimate of that percentage at the end of FY 2016?

PF 1-27 [General Revenue Requirement Question]

A. What is the level of funding (capital and O&M) that the PWD needs to spend on stormwater management in FY 2017 and FY 2018 to satisfy the requirements of the 2011 COA?
B. What amount has the PWD budgeted for all stormwater management programs in FY 2017 and FY 2018?
C. If the budgeted amount is less than the required amount, explain in detail why this is the case, and what amounts will be added in future years to compensate for the shortfall.

Philadelphia Water Department's obligation to respond to the remainder of the interrogatories in PennFuture's "First Set of Interrogatories from PennFuture to the Philadelphia Water Department," shall remain unchanged.
