City of Philadelphia Ordinance 1000-11A Lead Safety

Effective December 21, 2012 rental property owners who start new leases to families with children under age 6 must certify that these properties have been tested for lead paint.

If evidence of lead-paint contamination is found in housing built before manufacture of this paint was banned in 1978, it must be remediated. Properties built after 1978 do not require testing.

*To be valid, the certificate must be based on an inspection conducted by a lead-risk assessor or a **Certified Lead-Dust Sampling Technician** no more than 24 months before the lease is signed.*

BUSINESS OPPORTUNITY !

Become a
Certified Lead-Dust Sampling Technician
