Philadelphia, PA 19135

Dear Andy,

Thank you for your incredibly generous support of Feast of Justice—and all of the families we serve—in 2014. This year was a blessing for Feast of Justice. Because of your support, we were able to sustain and grow the programs that we offer. This year saw amazing growth in our resource program that connects families to benefits, as well as our education program (Reading Buddies) for children during the summer. In our most prolific program—our hunger ministry—we grew to provide over 11,000lbs of food to almost 350 households each week.

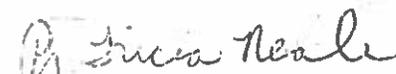

Thank you in particular for your support—given as a combined food drive with Bridesburg Rec Center. Together, you brought in 1253lb of food for our holiday food distribution, which gave out food baskets to 950 Northeast Philadelphia households.

I can't thank you enough for your generosity. Through your contributions, we are able to provide food, resources, education, and community to over 2000 families—all at no cost to them. The support that you provide helps families to bridge the gap that exists due to poverty, and to be a part of a welcoming community in the process.

Please email us at feastofjustice@verizon.net or call us at 215-268-3510 if you see a discrepancy or need additional information.

Please know that you are a blessing to us, as well as to the community we serve. We appreciate your support of our mission to empower the transformation of community, and we look forward to partnering with you again in 2015.

In peace,

Rev. Patricia Neale
