In January 2020, MSCI ESG Research once again sent out letters on behalf of the City of Philadelphia Board of Pensions & Retirement requesting the companies in the covered company list to sign the Sandy Hook Principles. One month after initial engagement, companies will be sent a reminder to review said letter. Results from engagement efforts are detailed later in this document.

This document includes three sections: (i) Letter template sent to companies in the Covered Company List; (ii) Company narratives for companies in the covered company list, detailing their firearms involvement; and (iii) Response summary, for those companies who have replied to the letter. As a reference, a covered company list, a compliant list, and a non-compliant list will be provided in an Excel document for your convenience.

Engagement Letter Template

<<Month day, year>>

Dear Investor Relations:

The City of Philadelphia Board of Pensions & Retirement (the “Board”) has retained MSCI ESG Research to assist it in implementing the enclosed resolution (the “Resolution”) establishing the Sandy Hook Principles (the “Principles”), which the Board unanimously adopted on January 24, 2013. The Resolution states that the Principles are in remembrance of those who lost their lives in the shooting massacre on December 14, 2012 at Sandy Hook Elementary School and in remembrance of others who have lost their lives to gun violence. The Resolution further indicates that the Principles are designed to encourage positive corporate behavior by gun and ammunition manufacturers, distributors and retailers by establishing a baseline standard for responsible conduct and business practices to help ensure maximum safety to our citizens.

The Resolution prohibits the Board from being invested in any Covered Company (as defined in the Resolution) which has not adopted the Principles¹. The Resolution sets forth an engagement process with Covered Companies pursuant to which such companies are encouraged to sign and abide by the Principles. Should a Covered Company decline to sign and abide by the Principles, then the Board will be prohibited from investing in, and will commence divesting itself of investments in such company.

In collaboration with the Board, MSCI ESG Research has identified your company as a Covered Company and placed it on a Covered Companies List. The identification is based on publicly available sources and is presented in the information box at the end of this letter. In accordance with the Resolution, the Board offers your company the opportunity to clarify its gun and/or ammunition-related activities and encourages you to take one of the following actions within 90 days of the date of this letter: (1) If you believe your company is not a Covered Company, please provide a written explanation to that effect; or (2) If you are a Covered Company, then the Board encourages a company representative with authority to bind the company to sign and return to MSCI ESG Research the enclosed copy of the Principles.

¹ Unless otherwise defined in this letter, all capitalized terms used herein are defined in the Resolution. “Covered Companies” include companies which manufacture, distribute or sell at retail any guns or ammunition (including certain component parts manufacturers), except to the extent the activities are for a law enforcement or military purpose.

MSCI ESG Research will review the information you provide regarding your compliance with the Resolution and may contact you with additional questions. We ask that you provide a point of contact at your firm for future correspondence.

Based on your company's response, the Board will take one of the following actions:

If the Board determines based on your response that your company is not a Covered Company, then the Board will remove your company from the Covered Companies List and no further action will be taken.

If your company is a Covered Company and signs and agrees to abide by the Principles, then your company will be placed on a Compliant Companies List and no further action will be taken, provided it remains in compliance with the Principles.

If your company is a Covered Company and declines to sign and abide by the Principles, then your company will be placed on a Non-Compliant Companies List. The Board will be prohibited from investing in your company and will commence a process of divesting itself of all current investments in your company. Your company will remain ineligible for investment by the Board unless and until your company signs the Principles.

We look forward to your response within 90 days of the date of this letter. Please do not hesitate to contact me if you have questions.

Sincerely,

Joseph I. Williams

DE C.V., Walmart Inc, Xtek Ltd, and XXL ASA responded but did not sign the Sandy Hook Principles. Daicel Corporation has signed the Sandy Hook Principles in 2014 and has provided responses to the annual engagement survey.

In November 2019, H&K AG was added to the Covered Company list. The company sells civilian pistols and rifles.

In May 2019, Northrop Grumman Innovation Systems was removed from the Covered Company list since the company is no longer part of MSCI ESG Research coverage. As a result of a methodology review, the company was added back to the Covered Company list by August 2019.

In February 2019, The Kroger Co. was removed from the Covered Company list. In November 2018, the company told MSCI ESG Research that its Fred Meyer Division no longer retails firearms or ammunition.

In February 2019, CT Real Estate Investment Trust, Northrop Grumman Systems Corporation, and Richemont International Holding S.A. were added to the Covered

Company list. These companies are majority-owned subsidiaries of companies that are part of the Covered Company List.

In August 2018, Northrop Grumman Corporation was added to the Covered Company list. In June 2018, the company acquired Northrop Grumman Innovation Systems (formerly Orbital ATK), which develops and manufactures ammunition and cartridges for pistols, rifles, shotguns, and handguns that are used in sporting and hunting applications.

In August 2018, Xtek Ltd was removed from the Covered Company list. In May 2018, Xtek informed MSCI ESG Research that the company no longer retails firearms to civilians but only serves defense and law enforcement agencies within Australia, New Zealand, and the U.S.

In November 2016, Izhevskiy Mashzavod Oao was removed from the Covered Company list since the company is no longer part of MSCI ESG Research coverage. In January 2018, as a result of a methodology review, the company was added back to the Covered Company list.

In May 2015, Vista Outdoor Inc. was added to the Covered Company list when Orbital ATK Inc. (formerly Alliant Techsystems) spun-off its firearms manufacturing business.

In May 2015, Metalico, Inc. is no longer a covered company after it sold its lead fabricating segment, which manufactures lead shots for recreational shooting.

In February 2015, IMI plc was removed from the Covered Company list after it clarified that it had sold its Eley business, which manufactures sporting ammunition.

Summaries of company responses are detailed below.

AMERICAN OUTDOOR BRANDS CORPORATION

Compliant: No

Contact: Elizabeth Sharp

On May 1, 2019, Ms. Elizabeth Sharp responded to the annual engagement request. The company noted that due to its February 2019 Shareholder Report, which outlined guidelines for dialogue with the company, American Outdoor Brands Corporation (AOBC) will ask those who wish to engage the company to openly accept the Constitutional rights and fundamental principles on which their company's firearms business has been built and maintained. Prior to further correspondence, the company requires that its Principles for Responsible Engagement be signed. Per the company, these principles make it known that AOBC is a strong defender of the

Second Amendment, and they establish a foundation that those who wish to hold a discussion about firearms are engaging in good faith.

CAMPING WORLD HOLDINGS, INC.

Compliant: No
 Contact: John Rouleau

On April 30, 2019, Mr. John Rouleau requested for some clarifications regarding the annual engagement request. MSCI ESG Research is currently communicating with the Philadelphia Board of Pensions & Retirement about these questions.

COMPAGNIE FINANCIERE RICHEMONT SA

Compliant: No
 Contact: James Frazer

On April 30, 2019, Mr. James Frazer replied to the annual engagement request. He noted that Purdey sales account for less than 0.1 percent in March 2018 and that this figure would be even lower with online distributors. Mr. Frazer also clarified that the aforementioned amount also includes Purdey clothing and leather. As a result, revenue derived from the sale of rifles account for even less. Lastly, he pointed out that this is equally immaterial in terms of profits and capital requirements, and that rifles are sold through two fully-owned retail outlets and not through any wholesale distribution.

On February 28, 2018, and April 06, 2017, Ms. Catherine Tek replied to the annual engagement request and on January 20, 2016, January 26, 2015 and January 10, 2014, Ms. Isabelle Janin replied to the annual engagement request on behalf of Ms. Sophie Cagnard. As per their response, their position remains the same as it was in August 2013.

On August 27, 2013 Compagnie Financiere Richemont SA declined to sign the Sandy Hook Principles.

Ms. Cagnard explained that the sale of their rifles account for less than 0.05% of the company's sales and represent less than 150 units a year. All of these sales are generated by a single store located in London, Maison Purdey. Maison Purdey does not wholesale its rifles. Due to this situation the company is not able to sign the Sandy Hook Principles.

The company highlighted that Mr. Gary Saage, Richemont's CEO, supports the efforts of the Philadelphia Board of Pensions & Retirement. Both Mr. Saage and his children attended the Sandy Hook Elementary School.

In the company's February 2018 response, the sale of their rifles account for less than 0.05% of Richemont sales, which represents 51 new units in the 2017 fiscal year.

DAICEL CORPORATION

Compliant: Yes

Contact: Masahiro Hirokawa

On February 2, 2019, Mr. Yoshihiro Nakamura responded to the annual engagement request on behalf of Mr. Hirokawa. He said that he was advised that they no longer need to submit and sign the Sandy Hook principles again since it was already signed in 2014. The company responded to the annual compliance survey sent in January 2019.

On February 10, 2017, and April 18, 2018, Mr. Masahiro Hirokawa responded to the annual engagement requests. He noted that he was advised that they no longer need to submit and sign the Sandy Hook principles again since it was already signed in 2014. The company responded to the annual compliance survey sent in January 2018.

On March 4, 2016, Ms. Xue Yang responded to the annual engagement request on behalf of Mr. Hirokawa. She said that she was advised that they no longer need to submit and sign the Sandy Hook principles again since it was already signed in 2014. The company responded to the annual compliance survey sent in January 2016.

In Daicel's 2019, 2018, 2017 and 2016 survey responses, the company mentioned that Japan Shotshell Ltd., the subsidiary that manufactures ammunition, changed its name to Daicel Pyrotechnics Ltd. in October 2014. Daicel Pyrotechnics is in charge of the company's firearms and ammunition business but has restricted its sale only within Japan and strictly complies with Japan's "Act for Controlling the Possession of Firearms or Swords and Other Such Weapons" and "Explosives Control Act", which severely restrict possession and use of firearms and ammunitions, only to distributors located in Japan and having a legitimate license to sell the products. The company also said that an assessment by Japan's National Police Agency is

required to obtain the certificate of receipt for gun and ammunition. Daicel and its distributors only sell its products to persons with this certificate.

Further, the company clarified that it does not manufacture any military style assault weapons for use by civilians. Daicel is a member of Japan Explosives Safety Association, which ensures the promotion of safety measures for guns and ammunition. Since the company only sells its products within Japan, Daicel mentioned that it cannot take part in efforts to strengthen legislative restrictions on guns in the United States. The company also added that it keeps track of the actual results of the manufacture and sale of their products and make periodic reports to the relevant administrative authorities in Japan. Daicel also noted that it regularly holds an exchange meeting with the distributors selling their products and exchange information with such distributors on the sale and handling of those products.

On February 26, 2014, Mr. Masahiko Hirokawa, on behalf of the company, signed the Sandy Hook principles. The signed document was sent along with a previous report. In his 2014 reply, Mr. Hirokawa described the procedures implemented by the company in relation to the sale and manufacture of their products. These measures involve restricting sales to include only to those distributors located in Japan and checking whether individual buyers possess valid certificates of receipt for explosives issued by the National Police Agency.

While Mr. Hirokawa clarified that they cannot take part in efforts to strengthen firearms restrictions in the United States on account of their operations being limited only to the Japanese domestic market, he affirmed the company's commitment to promote background checks, firearms safety awareness, and transparency in disclosing firearms sales data to relevant authorities.

DICK'S SPORTING GOODS, INC.

Compliant: No
Contact: John Hayes III

On January 20, 2017, January 26, 2016 and January 26, 2015, Mr. John Hayes III responded to the annual engagement requests. He stated that as of those times, the company is not prepared to adopt the Sandy Hook Principles, but they will continue to monitor federal, state and local regulations regarding the sale and transfer of firearms and ammunition.

IZHEVSKIY MASHZAVOD OAO

Compliant: No
 Contact: Jay Portz

Izhevskiy Mashzavod Oao was previously removed from the Covered Company list since the company is no longer part of MSCI ESG Research coverage. However, in January 2018, as a result of a methodology review, the company was added back to the Covered Company list.

Mr. Jay Portz from RWC Group LLC contacted MSCI ESG Research on behalf of Izhevskiy mashzavod OAO, also known as Izhmash and declined to sign the Sandy Hook Principles.

Izhevskiy mashzavod OAO is fully owned by a single shareholder and therefore considers it will remain unaffected by any action the City of Philadelphia Board of Pensions & Retirement will take if it does not sign the Sandy Hook Principles. The company states, "Izhmash is in compliance with all firearm laws and regulations. Safe and responsible firearm use is always Izhmash's and our goal."

NOF CORPORATION

Compliant: No
 Contact: Not provided

In January 2018 and February 2016, NOF Corporation requested to be removed from the covered company list.

In January 2018 and February 2016, the company told MSCI ESG Research that Nippo Kogyo Co. Ltd., a subsidiary of NOF Corporation, manufactures ammunition for hunting and sporting rifles and sells hunting rifles. Nippo Kogyo Co. Ltd. is compliant with the Swords and Firearms Control law in Japan. Nippo Kogyo Co. Ltd. does not export to other countries and limits its sales to Japan. For this reason, NOF Corporation believes they should be removed from the Covered Company list.

NORTHROP GRUMMAN CORPORATION

Compliant: No
 Contact: Not Provided

In May 2, 2019, Northrop Grumman Corporation responded to the annual engagement request. The company noted that based from its review of the forwarded letter, the Philadelphia Board of Pensions and Retirement's resolutions

and the Sandy Hook Principles, it does not appear that the Principles are not intended to apply to a company like it since it is a global security company that conducts most of its business with the U.S. government. Northrop Grumman Corporation also noted that it does not sell ammunition directly to consumers in the retail markets, although it sells a small amount of excess ammunition to companies for resale in the retail market. The company noted that these sales abide by existing State and Federal laws associated with these commercial transactions. Lastly, Northrop Grumman Corp stated that like the Board, the company believes in the importance of keeping firearms out of the wrong hands and promoting gun safety.

VERNEY CARRON SA

Compliant: No
 Contact: Jean Verney-Carron

On January 14, 2016, January 24, 2015 and January 8, 2014, Verney-Carron responded to the annual engagement request. Mr. Verney-Carron stated that there are no changes in their reply since July 2013. Mr. Verney-Carron requested to stop receiving these requests.

In June 2013, Verney-Carron SA declined to sign the Sandy Hook Principles followed by a confirmation of this decision on July 2013. The company considers the principles are not applicable to them as a non-US company. On July 2013, MSCI ESG Research had clarified to the company that these principles are not exclusive to US based companies.

Verney-Carron SA explained it is a small family owned company that does not seek investment. They also expressed to be “shocked” whenever a shooting rampage occurs in the United States, but do not believe their company is in any way responsible for them, nor that it will be in the future. Verney-Carron SA states “gun laws” in France are more restrictive than in the US, and that they believe the US importer abides by local laws. The company makes special emphasis in two remarks:

1. Verney-Carron SA does not seek any investment from external entities.
2. They believe the principles are written for US based companies.

WAL-MART DE MEXICO, S.A.B. DE C.V.

Compliant: No
 Contact: Pilar de la Garza Fernández del Valle

On January 31, 2019, Wal-Mart De Mexico responded to the annual engagement request. Ms. Pilar de la Garza Fernández del Valle disclosed that the company does not sell firearms. She noted that per the Mexican Federal Firearms and Explosives Act (Art. 10), certain weapons are permitted, subject to regulatory approval, for sport hunting purposes, provided they are not automatic and do not exceed .22 caliber. All other weapons are reserved for the exclusive use of the armed forces. The company stated that in any case, Walmex does not sell any such weapons.

WALMART INC

Compliant: No
 Contact: Katherine Neebe

On April 1, 2019 and April 20, 2018, Walmart Inc responded to the annual engagement request. Ms. Katherine Neebe noted that while the company is not a signatory to the Sandy Hook Principles, Walmart takes seriously its obligation to sell firearms and ammunitions in a responsible way. While the law allows the sale of a firearm if no response to a background check request has been received within three business days, the company requires such approval before a purchase. The company also have processes in place for hand gun ammunition to be locked up and inaccessible to customers without associate intervention. All ammunition sales also require identification and age verification.

The company also noted that Walmart announced its decision to place an age restriction for the sales of firearms and ammunitions to individuals over the age of 21 in February 2018. The company also removed items from its website resembling assault-style rifles including non-lethal airsoft guns and toys. Walmart further stated that it has not sold AR-15 style firearms since 2015 and that it does not sell any AR-15 accessory, including bump stocks and high-capacity magazines. These products were also listed on its prohibited items list for online marketplace sellers.

Walmart also developed software designed to prevent sales where a person who is legally entitled to purchase a firearm attempts to purchase for a person who cannot legally obtain a firearm for themselves. The company is also a charter member and the first retailer to join Mayor Bloomberg's coalition against illegal guns in 2008 and adopted the 10-point code established by the Responsible Firearms Retailer Partnership that goes beyond what the law requires.

XXL ASA

Compliant: No

Contact: Tolle Groterud

In April 2019, April 2018, and April 2017, Mr. Tolle Groterud responded to the annual engagement request. He stated that XXL ASA is a Norway-based sporting goods retailer that sells its goods in Norway, Sweden, Finland, and Denmark. The company does not have US operations. Mr. Groterud noted that the company does not have handheld weapons, guns or revolvers, military weapons or equipment for practical shooting and that the company's profile is directed towards outdoor life, wilderness, and hunting. He also noted that the company monitors the sale and storage of weapons, ammunitions, and fireworks closely. An approval from police authorities is required prior to the purchase of weapons. The company also makes its own considerations and assessments of suitability in each case.

Mr. Groterud noted that the laws and regulations regarding firearms are highly uniform in Norway, Sweden, Finland, and Denmark. In Norway, the "Norwegian Firearms Acts of 9 September 1961 no.1" governs the sale of weapons, as well as parts and ammunition for weapons. Among other requirements, XXL is required to have individual licenses to sell firearms for all stores in which firearms and ammunitions are sold. Relevant legislation in the aforementioned countries also regulates stores selling their products, including specific requirements for firearms sales personnel, storage of weapons and ammunition, use of alarm system, and other requirements to prevent theft, fires, and explosions.
