

EXHIBIT B

AMERESCO, INC. Economic Opportunity Plan

For Northeast Water Pollution Control Plant Biogas Cogeneration Project

I. Introduction, Definitions and Diversity Practices

A. Ameresco, Inc. (“Ameresco”) is the project developer for the electricity and thermal hot water biogas fueled co-generation facility to be located at the Northeast Water Pollution Control Plant (the “Project”). Ameresco will enter into an agreement with the Philadelphia Municipal Authority (the “Authority”), and a subsidiary of Banc of America (the “Facility Owner”) for the development of the Project. Ameresco will also enter into a Maintenance Agreement with the Authority for the maintenance of the Project over a 16 year period. The City will enter into a Facility Lease and a Maintenance Agreement with the Authority. The total Project budget for engineering, procurement and construction is \$46,500,000. The total project budget for maintenance is \$2,500,000 per year for a 16 year term.

This Project is subject to Chapter 17-1600 of The Philadelphia Code requires the development and implementation of “Economic Opportunity Plan(s)” for certain classes of contracts and covered projects as defined in Section 17-1601. The Economic Opportunity Plan (“Plan”) memorializes the Ameresco’s best and good faith efforts to provide meaningful and representative opportunities for Minority Business Enterprises (“MBEs”), Woman Business Enterprises (“WBEs”) and Disabled Business Enterprises (“DSBEs”) (collectively, “M/W/DSBEs” which also includes firms designated as Disadvantaged Business Enterprises or “DBEs”¹) and an appropriately diverse workforce in connection with the Project.

This Project is subject to the Plan requirements as described in Section 17-1603 (1). Accordingly, Ameresco makes a legally binding commitment to abide by the provisions of this Plan which include Ameresco’s commitment to exercise its best and good faith efforts throughout the contract term to provide meaningful and representative contracting opportunities for M/W/DSBEs and to employ an appropriately diverse workforce which should include minority and female persons in all phases of the Project. By submission of this Plan, Ameresco agrees that it shall and shall cause all its professional services providers and consultants retained by Ameresco (collectively, the “Participants” and each a “Participant”) to use their best and good faith efforts to provide subcontracting opportunities for M/W/DSBEs in all phases of the Project. This Plan expressly applies to all contracts awarded by Ameresco and subcontracts awarded by its Participants. The objectives set forth in this Plan shall be incorporated in all requests for proposals and solicitations and communicated to all Participant levels.

¹ “DBE” or “Disadvantage Business Enterprise” means a socially and economically disadvantaged minority or woman owned business that is certified under 49 C.F.R. Part 26. If Ameresco makes solicitation(s) and commitment(s) with a DBE, Ameresco shall indicate which category, MBE or WBE, is submitted for counting.

In particular, Ameresco, working in conjunction with its general subcontractor, will be included in all requests for proposals, bid packages, and solicitations for the project. Pro-active outreach efforts will also include:

- A review of Office of Economic Opportunity (OEO) Registry of Certified Firms and PA-UCP certified firms by specialty for submission of bid documents for phases of the project
- Require the general subcontractor to identify local, qualified sub-contractors for project components
- Review of recent EOP development project reports to identify qualified subcontractors for comparable services
- Identifying appropriate steps to publicize subcontractor opportunities
- Establish a working committee with owner representative, general contractor, and the monitor to review contractor opportunities prior to release of bids
- Execute recruitment activities outlined in previous section and provide a qualified M/W/DSBE list to all bidders prior to bid release
- Evaluate all qualified bid responses for M/W/DSBE/DBE inclusion
- Coordinate with Philadelphia Building Trade Council project liaison for Philadelphia resident initiative to pre-screen eligible trades members for contractor hiring
- Establishment of oversight committee. Ameresco anticipates that an oversight committee will conduct an ongoing review of the EOP execution and provide interim recommendations for compliance if Ameresco requires assistance in meeting program targets. A meeting will be held within two months of project commencement

B. For the purposes of this Plan, MBE, WBE, DBE and DSBE shall refer to certified businesses so recognized by the City of Philadelphia through its Office of Economic Opportunity (“OEO”). Only the work or supply effort of firms that are certified as M/W/DSBEs by an OEO approved certifying agency² or identified in the OEO Registry will be eligible to receive credit as a Best and Good Faith Effort. In order to be counted, certified firms must successfully complete and submit to the OEO an application to be included in the OEO Registry which is a list of registered M/W/DSBEs maintained by the OEO and available online at www.phila.gov/oeo/directory. If a firm is certified by an approved certifying agency, a copy of that certification should be furnished with the proposal.

² A list of “OEO approved certifying agencies” can be found at www.phila.gov/oeo.

C. Neither Ameresco nor any Participant shall discriminate on the basis of race, color, religion, sex, national origin, sexual orientation, gender identity, ancestry, age, or handicap in the award and performance of contracts pertaining to this Project. Ameresco is required to submit a statement summarizing current and past practices relating to its diversity practices. Attachment “A” to this Plan provides additional information summarizing past diversity practices. Ameresco is committed to achieving and maintaining the diversity goals established within this Economic Opportunity Plan

Ameresco and its Participant(s) hereby verify that all information submitted to the City including without limitation, the Plan and all forms and attachments thereto, are true and correct and are notified that the submission of false information is subject to the penalties of 18 Pa.C.S. Section 4904 relating to unsworn falsification to authorities. Ameresco and its Participants also acknowledge that if awarded a contract/subcontract resulting from this PROJECT, it is a felony in the third degree under 18 Pa.C.S. Section 4107.2 (a)(4) if, in the course of the contract/subcontract, Ameresco and/or its Participant(s) fraudulently obtains public moneys reserved for or allocated or available to minority business enterprises or women's business enterprises.

II. Goals

For this Plan, the term “Best and Good Faith Efforts,” the sufficiency of which shall be in the sole determination of the City, means: efforts, the scope, intensity and appropriateness of which are designed and performed to foster meaningful and representative opportunities for participation by M/W/DSBEs and achieve an appropriately diverse workforce. Best and Good Faith Efforts are rebuttably presumed met, when a Ameresco makes commitments within the M/W/DSBE Participation Ranges established for this Proposal and commits to employ a diverse workforce.

1. M/W/DSBE Participation Ranges

As a benchmark for the Ameresco’s expression of its Best and Good Faith Efforts to provide meaningful and representative opportunities for M/W/DSBEs in the contract, the following participation ranges have been developed. In order to maximize opportunities for as many businesses as possible, a firm that is certified in two or more categories (e.g. MBE and WBE and DSBE or WBE and DSBE) will only be credited toward one participation range as either an MBE or WBE or DSBE. The firm will not be credited toward more than one category. These ranges are based upon an analysis of factors such as the size and scope of the contract and the availability of MBEs, WBEs and DSBEs to perform various elements of the contract:

PROJECT PHASE	MBE	WBE
Construction/installation of Project*	35% to 45%	5% to 10%
Maintenance of Project*	30% to 35%	5/5 to 10%

*These Participation ranges are based on, and percentages shall be calculated based on, all costs of the entire facility LESS the cost of the specialty equipment: digester gas preparation equipment (e.g., Siloxane removal), cogeneration engines and generation sets related electrical switch gear, as well as the selective catalytic reduction pollution control equipment and heat recovery equipment.

2. Employment Goals

Ameresco agrees to exhaust its Best and Good Faith Efforts to employ an appropriately diverse workforce which includes minority persons and females at all tiers of employment and management. Ameresco shall also cause its Participants to employ an appropriately diverse workforce. For this Plan, an appropriately diverse workforce is one which reflects the local availability of professionals possessing the requisite education, licenses, where appropriate, and skills to work on this project.

PROJECT PHASE	Minority Males	Women
Construction/installation of Project	32%	7%
Maintenance of Project	30% to 35%	5% to 10%

Ameresco shall use its Best and Good Faith Efforts to employ an workforce that has up to 50% City Residents in all phases of the Project.

III. Ameresco Responsiveness and Responsibility

A. Ameresco identified all its M/W/DSBE commitments and evidence its agreement to employ a diverse workforce on the form entitled, “M/W/DSBE Participation and Workforce Commitments.” The Ameresco’s identified commitment to use an M/W/DSBE on this form constitutes a representation by Ameresco, that the M/W/DSBE is capable of completing the subcontract with its own workforce, and that Ameresco or its subcontractor A.P. Construction, Inc. has made a legally binding commitment with the firm. The listing of the M/W/DSBE firm by Ameresco further represents that if Ameresco is awarded the contract, Ameresco will subcontract with the listed firm(s) for the work or supply effort described and the dollar/percentage amount(s) set forth on the form. In calculating the percentage of M/W/DSBE participation, Ameresco shall apply the standard mathematical rules in rounding off numbers. In the event of inconsistency between the dollar and percentage amounts listed on the form, the percentage will govern. Ameresco is to maintain the M/W/DSBE percentage commitments throughout the term of the contract which shall apply to the total amount of the contract and any additional increases. In the event Ameresco’s contract is increased by change order and/or modification, or amendment, it shall be the responsibility of Ameresco to apply its Best and Good Faith Efforts to the amended amount in order

to maintain any participation ranges committed to on the total dollar amount of the contract at the time of contract completion.

1. Commercially Acceptable Function

An Ameresco that enters into a subcontract with an M/W/DSBE shall be considered to have made a Best and Good Faith Effort in that regard only if its M/W/DSBE subcontractor performs a commercially acceptable function (“CAF”). An M/W/DSBE is considered to perform a CAF when it engages in meaningful work or supply effort that provides for a distinct element of the subcontract (as required by the work to be performed in accordance with the PROJECT), where the distinct element is worthy of the dollar amount of the subcontract and where the M/W/DSBE carries out its responsibilities by actually performing, managing and supervising the work involved; M/W/DSBE subcontractors must perform at least twenty percent (20%) of the cost of the subcontract (not including the cost of materials, equipment or supplies incident to the performance of the subcontract) with their own employees.

The City may evaluate the amount of work subcontracted, industry practices and any other relevant factors in determining whether the M/W/DSBE is performing a CAF and in determining the amount of credit the Ameresco receives towards the participation ranges. Upon award, letters of intent, quotations, and any other accompanying documents regarding commitments with M/W/DSBEs, including the M/W/DSBE Participation and Workforce Commitments Form, become part of the contract. M/W/DSBE commitments are to be memorialized in a written subcontract agreement and are to be maintained throughout the term of the contract and shall apply to the total contract value (including approved change orders and amendments). Any change in commitment, including but not limited to termination of the subcontract, reduction in the scope of committed work, substitutions for the listed firms, changes or reductions in the listed dollar/percentage amounts, must be pre-approved in writing by OEO. Throughout the term of the contract, Ameresco is required to continue its Best and Good Faith Efforts.

B. In the event Ameresco does not identify on the M/W/DSBE Participation and Workforce Commitments Form that it has made M/W/DSBE commitments within the participation ranges established for this Project and/or does not agree to employ a diverse workforce as described herein, Ameresco must complete and submit a Documentation of Best and Good Faith Efforts Form (“BGFE Form”), documenting its solicitations and any commitments with M/W/DSBEs, and detailing any efforts made to include M/W/DSBEs in the contract and to employ a diverse workforce. The submission of the BGFE Form is an element of proposal responsiveness and failure to include this form may result in the rejection of the Proposal. The BGFE Form must include at a minimum, certification and documentary evidence that the following actions were taken:

1. Solicitation directed to both qualified M/W/DSBEs registered with OEO and qualified M/W/DSBEs certified by agencies approved by OEO. Ameresco must provide a list of all certification directories used for soliciting participation for this PROJECT. Ameresco must determine with reasonable certainty if the M/W/DSBEs are interested by taking appropriate steps to follow up on initial solicitations; one time contact, without follow up, is not acceptable; and

2. Ameresco provided interested M/W/DSBEs with adequate information about the plans, specifications, and requirements of the contract in a timely manner to assist them in responding to a solicitation; and

3. Ameresco negotiated in good faith with interested M/W/DSBEs. An Ameresco using good business judgment would consider a number of factors in negotiating with subcontractors, including M/W/DSBE subcontractors, and would take a firm's price and capabilities as well as the objectives of the Plan into consideration; and

4. Documentation of the following:

i. Any commitments to use M/W/DSBEs in its proposal for subcontracted services and materials supply even when Ameresco would otherwise prefer to self-perform/supply these items; and

ii. Correspondence between the Ameresco and any M/W/DSBE(s) related to this Proposal; and

iii. Attendance logs and/or records of any scheduled pre-proposal meeting; and

5. Certification and evidence that the following actions were taken or documentation of the following, or an explanation why these actions were not taken or why documentation does not exist:

i. Any arms length business assistance provided to interested M/W/DSBEs; and

ii. Solicitation through job fairs, newspapers, periodicals, advertisements and other organizations or media that are owned by M/W/DSBEs and/or focus on M/W/DSBEs; and

iii. Telephone logs of communications related to this Project; and

iv. Notification of and access to proposal documents at the Ameresco's office or other office locations for open and timely review; and

v. Ameresco sought assistance from the Urban Affairs Coalition, Careerlink Philadelphia, Opportunity Industrial Center and the Philadelphia Workforce Development Corporation to perform employment outreach; and

vi. Ameresco published its policy of nondiscrimination in the hiring, retention and promotion of employees; and

vii. Any agreement with a training program that targets the employment of minority persons, disabled persons and women.

IV. Evaluation of Responsiveness and Responsibility

A. Evaluation and Determination

1. The City, acting through its OEO, will evaluate the responsiveness of the Ameresco's Plan to these requirements. OEO reserves the right to request further documentation and/or clarifying information at any time prior to the award of the contract which may result in Ameresco's amendment of its M/W/DSBE Participation and Workforce Commitments Form or BGFE Form.

Ameresco has identified two criteria to assess the inclusion of M/W/DS-BE and/or DBE firms as contractors and vendors, and minority/female/local residents as Project site workforce participants:

M/W/DSBE Contracting and Vending Participation Levels: the basis for each determination will be the total dollar amount of the bid/contract OR the total dollar amount of the bid/contract for the identified Project task. These Participation ranges are based on, and percentages shall be calculated based on, all costs of the entire facility LESS the cost of the specialty equipment: digester gas preparation equipment (e.g., Siloxane removal), cogeneration engines and related electrical switch gear, as well as the selective catalytic reduction pollution control equipment and heat recovery equipment.

Minority/Female/Local Resident Employment Participation Levels: the basis for each determination will be the projected total on-site field employee hours divided by the number of minority, female and local residents' employee hours anticipated to be performed on the Contractor's payroll, and each of the Contractor's on-site subcontractors payrolls.

B. Administrative Reconsideration

1. If the OEO determines that the Ameresco has not made sufficient Best and Good Faith Efforts, the Ameresco will be notified that its proposal is nonresponsive and may file a written appeal with OEO within forty-eight (48) hours of the date of notification. The decision of OEO may be appealed in writing within forty-eight (48) hours of the date of the OEO's decision to the Chief Operating Officer of the Commerce Department or his designee whose decision shall be final. If it is determined that the Ameresco did not make sufficient Best and Good Faith Efforts, its Proposal will be rejected.

2. Notwithstanding compliance with the requirements set forth herein, the City reserves the right to reject any or all proposals as deemed in the best interest of the City.

V. Compliance and Monitoring of Best and Good Faith Efforts

A. Ameresco agrees to cooperate with OEO in its compliance monitoring efforts, and to submit, within the time limits prescribed by OEO, all documentation which may be requested by OEO relative to the awarded contract, including the items described below. Ameresco must provide

as required and maintain the following contract documentation for a period of three (3) years following acceptance of final payment under the contract:

- Copies of signed contracts and purchase orders with M/W/DSBE subcontractors;
- Evidence of payments (cancelled checks, invoices, etc.) to subcontractors and suppliers to verify participation;
- Telephone logs and correspondence relating to M/W/DSBE commitments.

B. Prompt Payment of M/W/DSBEs

1. Ameresco shall within five (5) business days after receipt of a payment from the City for work performed under the contract, deliver to its M/W/DSBE subcontractors their proportionate share of such payment for work performed (including the supply of materials). In connection with payment of its M/W/DSBE subcontractors, Ameresco agrees to fully comply with the City's payment reporting process which may include the use of electronic payment verification systems.

2. Each month of the contract term and at the conclusion of the contract, Ameresco shall provide to the OEO documentation reconciling actual dollar amounts paid to M/W/DSBE subcontractors to M/W/DSBE commitments presented in the Plan.

C. Oversight Committee

1. For this project, the City, in its sole discretion, may establish a Project Oversight Committee consisting of representatives from the Ameresco's company and the City ("Committee"). The Committee will meet regularly to provide advice for the purpose of facilitating compliance with the Plan.

2. If a Project Oversight Committee is established, the City will convene meetings of the Committee no later than one (1) month after issuance of the Notice To Proceed.

VI. Remedies and Penalties for Non-Compliance

A. Ameresco agrees that its compliance with the requirements of the Plan is material to the contract. Any failure to comply with these requirements may constitute a substantial breach of the contract. It is further agreed and understood that in the event the City determines that the Ameresco hereunder has failed to comply with these requirements the City may, in addition to remedies reserved under Section 17-1605 of The Philadelphia Code, any other rights and remedies the City may have under the contract, or any bond filed in connection therewith or at law or in equity, exercise one or more of the remedies below, which shall be deemed cumulative and concurrent:

- a. Withhold payment(s) or any part thereof until corrective action is taken.

- b. Terminate the Ameresco's contract, in whole or in part.
- c. Suspend/Debar Ameresco from proposing on and/or participating in any future City contracts for a period of up to three (3) years.
- d. Recover as liquidated damages as outlined in the Plan.

The remedies enumerated above are for the sole benefit of the City and City's failure to enforce any provision or the City's indulgence of any non-compliance with any provision hereunder, shall not operate as a waiver of any of the City's rights in connection with any contract resulting from this PROJECT nor shall it give rise to actions by any third parties including identified M/W/DSBE subcontractors. No privity of contract exists between the City and the M/W/DSBE subcontractor identified in any contract resulting from this PROJECT. The City does not intend to give or confer upon any such M/W/DSBE subcontractor(s) any legal rights or remedies in connection with subcontracted services under any law or Executive Order or by any reason of any contract resulting from this PROJECT except such rights or remedies that the M/W/DSBE subcontractor may seek as a private cause of action under any legally binding contract to which it may be a party.
