

Christian is a happy and playful seven-year old boy with a beautiful smile. He loves to eat rice, cereal (without milk), cookies and any kind of pasta without sauce. Christian has been diagnosed with Autism and is in an Autistic Support Classroom. He is non-verbal, but understands and is able to follow simple and one step verbal prompts. Christian needs a Forever Family with that will provide him with love and structure. Families would require Treatment Foster Care Certification and all families will be considered.
