

Akeisha is a 9-year old girl with a big bright smile who is outgoing and polite. She may be small for her age but she has a big spunky personality.

Akeisha is currently in the 4th grade where she is an honor roll student. Her favorite subjects are math and reading. She also enjoys athletics and plays on her school's football team as the Quarter Back. When she is older she would like to be a Therapist.

Some of the pastimes she enjoys are board games, watching cartoons and listening to music. She loves to eat out at Red Lobster and likes eating pizza and Chinese food, especially egg rolls. Her favorite holidays are Christmas and Easter, because of the gifts and candy she receives.

Akeisha would love to go to Disney World, so that she can meet all of her favorite cartoon characters. Her perfect day would consist of going shopping or having a makeover and getting her hair and makeup done. If Akeisha was granted three wishes it would be to have a family, live in a mansion and to go to Disney World.

Akeisha gets along well with her peers and adults. She is currently placed in a Residential Treatment Facility where she is working on coping mechanisms to better manage her occasional anger outbursts.

Akeisha wants to be adopted by two parents who would love her unconditionally. She would need to be the only child in the home.
