Subject: Supplement/Revision To Filed Response- Creamer v. Gordon #1412MU14

Dear Ms. Nayak, Esquire,

Although I no longer represent Tracey Gordon, I nonetheless, at her request today, am now forwarding this verbatim supplement/revision to the timely filed Response.

15. "Norys Gonzales was present at the time that Ms. Gordon opened the card."

16. "There is a credibility issue regarding why a temporary worker would open city department commission mail without permission."

18. "Ms. Gordon did not create the flyer."

20? "Resumes are in the confiscated computer, which can be used as evidence regarding non-gratuity activities."

29. "Seth Bluestein is needed to testify at the hearing."

30? "Ms. McCall is a volunteer."

"Phone messages for 6/12/14 are needed."

"Why would Ms. McCall contact Ms. Gordon if she is part of an ethics violation investigation? And Ms. Gordon did not know that Ms. McCall was part of an investigation."

Please submit all inquiries regarding clarification and all other matters directly to Ms. Gordon and none to me because I am no longer involved in this case in any capacity.

Thank you.

Sincerely,

Michael Coard, Esquire
