AFFIRMATIVE ACTION PLAN  
CITY OF PHILADELPHIA, PENNSYLVANIA  
SECTION 3 - U.S. HOUSING AND URBAN DEVELOPMENT ACT OF 1968  
EMPLOYMENT OPPORTUNITIES FOR BUSINESSES AND LOWER-INCOME PERSONS

I. PURPOSE AND SCOPE

A. BACKGROUND

Affirmative Action means promoting equal employment and income development opportunities by gaining support from all administrative levels in establishing practical action plans, maintaining continual evaluation, and making adjustments to retain focus and progress toward stated goals.

An Affirmative Action Program endeavors to realistically reinforce the concept that all segments of our society have an opportunity to participate in public service on a competitive basis and advance in accordance with capabilities. The process for reaching equal opportunity is comprehensive and requires assessment of needs in the immediate situation and establishment of goals into an action plan for successful accomplishment.

B. SECTION 3 - PROVISIONS

Section 3 of the U.S. Housing and Urban Development Act of 1968, as amended, with initial implementation regulations first published in the Federal Register on June 18, 1971 and a revised form effective November 23, 1973, provides

that the Secretary of the U.S. Department of Housing and Urban Development (HUD), in the administration of programs providing direct financial assistance in aid of housing, urban planning, renewal, public or community facilities, shall require, to the greatest extent feasible, as follows:

1. Opportunities for training and employment, arising in connection with the planning and carrying out of any project assisted under any such program be given to lower income persons residing in the area of such project. Based on Family Income Computations related to 1976 Median incomes issued by the Philadelphia HUD Area Office, the 1975 median income for the Philadelphia - New Jersey SMSA Area is \$14,400. According to this schedule, a family of four residing in this SMSA Area earning \$11,520 per year would be considered lower income.
2. Contracts for work, to be performed in connection with any such project be awarded to business firms which are located in or owned in substantial part by persons residing in the area of such project which are considered small and to be socially or economically disadvantaged.

The Assistant Secretary for Equal Opportunity has been delegated the functions of the HUD Secretary in administering Section 3 in accordance with the Regulations of November 23, 1973.

C. APPLICABILITY OF SECTION 3 TO CITY'S COMMUNITY DEVELOPMENT  
BLOCK GRANT PROGRAM

Based on Section 118 of the Housing and Community Development Act of 1974, PL 93-383, Section 3 of the Housing and Urban Development Act of 1968 is made applicable to Community Development Block Grant projects funded under Title I of the Act. The City of Philadelphia, in its annual application gives assurance that it will comply. This Affirmative Action Plan was developed by the City to carry out the letter and the intent of that assurance.

II. CITY'S PROGRAM FOR COMPLIANCE WITH SECTION 3

A. COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

1. Housing and Community Development Act of 1974

Section 118 of the Housing and Community Development Act of 1974 amends Section 3 by specifying its applicability to community development block grants under Title I of the Act. The Community Development Block Grant regulations require that local programs be conducted in conformity with Section 3 of the Housing and Urban Development Act of 1968. The signed Assurances and the Grant Agreement commit the City to complying with the requirements of Section 3 as set forth in 24 C.F.R. 135.

The City will meet this requirement by insisting on affirmative action with regard to all public works contracts and construction contracts funded in whole or in part with block grants that are continuations of urban renewal activities, model cities activities, or that are new activities funded for the first time with block grant funds.

2. Contract Requirement

The City will require to be incorporated in all public works and construction contracts and subcontracts for work in connection with block grant funded activities the Section 3 clause set forth under Section III.A.

3. Training and Employment Opportunities

The City will require its prospective bidders to provide an estimate of work force needs on the Table of Work Force Needs and Manpower Utilization Training, which will indicate the approximate number of employee and trainee positions that will be required in the execution of the Contract. The bidder must also certify that good faith efforts will be made to employ lower income residents as employees and trainees to the greatest extent feasible.

4. Business Utilization

The City shall require each contractor undertaking work on block grant activities to develop and implement an Affirmative Action Plan to utilize, to the maximum extent feasible, small business concerns located in the City of Philadelphia and, businesses owned by persons considered by the Small Business Administration to be socially or economically disadvantaged. The Plan will indicate the number and dollar value of all proposed contracts and set forth a goal or target number and estimated dollar amount of contracts to be awarded to eligible business concerns.

5. Definition of Disadvantaged and Small Businesses

a. Socially or Economically Disadvantaged

The Small Business Administration defines a business owned by persons considered socially or economically disadvantaged as those deprived of the opportunity to develop and maintain a competitive position in the economy because of social or economic disadvantage. Such disadvantage may arise from cultural, social, or chronic economic circumstances or background or other similar cause. In many cases, such persons may include, but are not limited to, members of the following minority groups: black Americans; American Indians; Spanish-Americans; oriental-Americans; Eskimos and Aleuts.

b. Small Business Size Standards

Small Business Administration's definition of small business as contained in 13 C.F.R. 121.3-8, Small Business Administration Rules and Regulations, indicates generally, that a small business is a concern which:

- 1) is independently owned and operated, and is not dominant in the field of operation in which it is bidding;

- 2) has 500 employees or less; and
- 3) has average annual receipts for its preceding three fiscal years which do not exceed \$12 million.

6. City's Maintenance of Registry of Eligible Section 3 Businesses

The City will maintain and make available to Contractors a registry of Philadelphia-based small and disadvantaged business concerns. The list will be compiled from various sources, including Small Business Administration's Section 8 (a) approved companies, and minority listings from HUD, the Philadelphia Urban Coalition, the Pennsylvania Department of Commerce OMBE, the Wilmington Business Opportunity and Economic Development Corporation and the Delaware State OMBE.

B. STATEMENT OF GOALS

At the beginning of each Community Development Block Grant Program Year, the City will make an estimate of the amount of work that will be available for businesses eligible under Section 3 of the Housing and Urban Development Act of 1968 and such estimate shall become a part of the Affirmative Action Plan for that particular year of the program.

The procedure for establishing the program year's goal will be as follows:

1. As soon as the City files its application with HUD for funding, it will request each Department and Agency which has been allocated a part of the Community Development Block Grant funds for public works to prepare the attached form S.3-1 "STATEMENT OF GOALS," and submit it to the Housing and Community Development Director's Office within 30 days.
2. The completed "STATEMENT OF GOALS" will then be reviewed by the Housing and Community Development Director's Office who will make any changes that are warranted.
3. The Housing and Community Development Director's Office will then prepare a composite City goal by the time HUD's 75-day review period for the application expires.
4. The "Goals" as concurred in by the Housing and Community Development Director's Office will then become part of this Affirmative Action Plan for Section 3 for the funding year in question.

C. DESIGNATION OF SECTION 3 AFFIRMATIVE ACTION OFFICER

The City will designate a person and an office responsible for maintaining the Affirmative Action Plan for Section 3. It will be a person at the City staff level who would then be supported by the Affirmative Action Coordinators in each department and agency receiving Community Development Block Grant Funds.

D. PUBLICITY PROGRAM

1. Notification to Interested Organizations

Prior to advertising for bids, the City will notify interested agencies such as the Philadelphia Urban Coalition, Small Business Administration, and other agencies referred to in Section A.6 of the potential contract and the tentative date of advertisement for bids. This will permit these agencies an opportunity to distribute this advance notification to eligible businesses.

2. Advertisement

- a. The City will highlight by placing in bold print in its advertisements for bids that the proposed Contractors must utilize to the greatest extent feasible business concerns which are located in or owned in substantial part by persons residing in the project area. The City will maintain a Registry of qualified Section 3 businesses. This list will be made available to all proposed bidders who meet the Pre-Bid Qualifications Test.

- b. The City will advertise in at least one of the major daily newspapers as well as in the Philadelphia Tribune, in an effort to further attract eligible and interested Section 3 business concerns.

3. Assistance for Interested Section 3 Businesses

The City will make available to the successful bidder a list of those Section 3 businesses who have responded to the advertisement and expressed an interest in participating in the project.

E. BIDDING PROCEDURES

1. In the contract specifications for public works, the contract language set forth in Section III.A of the Affirmative Action Plan will be inserted in the contract documents so as to make all parties aware of their employment and business utilization responsibilities at the earliest possible time.
2. Each bidder will be required to submit their Utilization Goals and Affirmative Action Plan. In evaluating each bid the City will carefully evaluate the bidder's submission to determine whether the Affirmative Action Plan proposed will accomplish stated goals.

1. Inter-Agency Reporting

The City will require each Department or Agency receiving Community Development Block Grant funds to report monthly its progress in achieving Section 3 goals in its contracting process. In this regard each agency and department will insure that contractor's file

their monthly progress report for compliance with Section 3 by the 15th day of each month. A review of the contractor's report will then be made by each department or agency, to determine whether substantial compliance is being achieved. A cumulative report of all contracts shall be completed by each Agency/Department filling out the reporting form attached and marked S3-2. This report shall be filed with the City's Affirmative Action Officer by the 30th day of each month.

The contractor will not subcontract with any subcontractor where it has notice or knowledge that the latter has been found in violation

of regulations under 24 CFR 135 and will not let any subcontract unless the subcontractor has first provided it with a preliminary statement of ability to comply with the requirements of these regulations.

Accordingly as part of its pre-qualifications of bidders, a proposed bidder must submit evidence that his training program is acceptable to either the Pennsylvania or Federal Department of Labor, if trainees are to be used. Failure to submit such evidence will be considered as a basis to disqualify a proposed bidder.

- b. Maintain a list of all lower income residents who have applied either on their own or on referral from any source, and employ such person if otherwise eligible and/or qualified and if a vacancy exists. If no vacancies exist, the eligibility and/or qualifications of the applicant shall be considered and listed for the first available opening.
- c. Any contractor or subcontractor which fills vacant apprentice and trainee positions and/or employment positions in his organization immediately prior to undertaking work pursuant to a Section 3 covered contract shall set forth evidence acceptable to the City that its actions were not an attempt to circumvent these regulations.

The Contractor must report to the Contracting Agency by the 15th of each month the results of the Affirmative efforts undertaken in Section C and D above and by completing the attached Form S3-5 and S3-6 "Contractor's Monthly Progress Report for Section 3 Compliance." It is suggested that subcontractors utilize the same form in order to have uniformity and consistency in information and minimize the administrative duties in complying with this report. The contractor must keep documentation in his files supporting the report so that if the Contracting Agency requires more detailed information it will be readily available.

SECTION 3

- A. The Contractor shall utilize, to the maximum extent feasible, eligible Section 3 business concerns located in Philadelphia, Pennsylvania, in contracting for work to be performed in connection with the completion of the contract. Eligible Section 3 businesses are those which qualify as "small" under the Small Business Administration size standards and which are socially and economically disadvantaged.
- B. The Contractor has established a goal of \_\_\_\_\_% of the total contract amount which he expects to award to eligible Section 3 business concerns. Table I, Business Utilization Table, sets forth the classification of subcontracts, the estimate of each subcontractor dollar amount, whether a Section 3 business is intended to be utilized and the dollar amount of proposed subcontracts to Section 3 businesses.
- C. To achieve the goal specified in paragraph "B", the Contractor shall:
1. Make full use of minority business listings made available by HUD Area Office, Small Business Administration, Philadelphia Urban Coalition and Pennsylvania Department of Commerce, as compiled by the City. If an interested eligible business needs help in preparing bid documentation or meeting bonding requirements, they will be referred to the Business Development Center of the Philadelphia Urban Coalition.

Insert the Section 3 contract language required by 24 CFR 135.20(b) in all subcontracts; and require to be executed by the subcontractor a certification of compliance with Section 3, similar to the Contractor's Certification of Compliance, Form S3-3, and an Affirmative Action Plan for Business Utilization, Form S3-4.
- D. The Contractor will report to the City on a regular basis (monthly or quarterly) the results of the Affirmative efforts and undertakings per paragraphs A, B, and C above, including the efforts of its subcontractors.
