GENERAL PLAN APPROVAL/OPERATING PERMIT APPLICATION for small gas and No. 2 oil fired combustion units

1. Any combustion unit proposing to operate under the general plan approval and operating permit, must comply with the terms and conditions specified therein. Failure to conform with the applicable laws, rules and regulations and terms and conditions of this permit, for any reason, is grounds for the revocation or suspension of the permittee's approval to operate under this permit.
2. This permit cannot be used to cover the installation of a combustion unit where the emission increases from the installation of the new combustion unit and other emission increases that have occurred would subject the facility to prevention of significant deterioration (25 Pa. Code Chapter 127 Subchapter D) or New Source Review (25 Pa. Code Chapter 127 Subchapter E) requirements. Guidance in this regard may be obtained by contacting the Philadelphia Air Management Services.
3. This permit is applicable to combustion units less than 50 MM BTU per hour but greater than or equal to 10 MMBTU/hr and can combust natural gas or No. 2 oil
4. This permit is issued for a term of five years. The application fee is \$300 for 2000-2004 and \$375 thereafter. An application for renewal with a renewal fee of \$300 (for 2000-2004 and \$375 thereafter) is to be submitted 30 days prior to expiration of the permit.
5. Complete the application form and submit in duplicate.
6. Complete an Air Pollution Control Act Compliance History Form and submit in duplicate.
7. Payment of the permit application processing fee of \$300 (for 2000-2004 and \$375 thereafter) by means of one check made payable to the "City of Philadelphia" must be included with the form submission.
8. All information in the application is available to the public, if you wish to keep some information confidential, please place the stamped confidential information separately along with the requested letter. AMS will review the confidential request and advise you as appropriate. All submissions and correspondence should be directed to:
