*In the opinion of Co-Bond Counsel, interest on the Notes is not includable in gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions, subject to the conditions described in "TAX MATTERS" herein. Interest on the Notes will not be a specific preference item for purposes of the individual and corporate alternative minimum taxes; however, such interest may be subject to certain other federal taxes affecting corporate holders of the Notes. Under the laws of the Commonwealth of Pennsylvania, as enacted and construed on the date hereof the Notes are exempt from Pennsylvania personal property taxes and the interest on the Notes is exempt from Pennsylvania income tax and Pennsylvania corporate net income tax. For a more complete discussion see "TAX MATTERS" herein.*

**\$350,000,000**  
**THE CITY OF PHILADELPHIA, PENNSYLVANIA**  
**Tax and Revenue Anticipation Notes, Series A of 2008-2009**

**Dated: Date of Original Delivery**

**Due: June 30, 2009**

The Tax and Revenue Anticipation Notes, Series A of 2008-2009 (the "Notes") of The City of Philadelphia, Pennsylvania (the "City") will be issued in registered form in denominations of \$5,000 or any integral multiple thereof and will bear interest from the date of issuance to the maturity date at the annual rate set forth below, calculated on the basis of actual days elapsed in a 360-day year consisting of twelve 30-day months. **The Notes are not subject to redemption prior to maturity.** The Notes, when issued, will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the Notes. Purchases of beneficial ownership interests in the Notes will be made in book-entry only form. Principal of and interest on the Notes is payable directly to Cede & Co., for redistribution to DTC Participants and in turn to Beneficial Owners as described herein. Purchasers of Notes will not receive certificates representing their ownership interests in the Notes. See "**BOOK-ENTRY ONLY SYSTEM**" herein.

The principal of and interest on the Notes will be payable on June 30, 2009 at the designated corporate trust office of Wells Fargo Bank, N.A., in Minneapolis, Minnesota, which is acting as registrar, transfer agent and paying agent for the Notes. The Notes are being issued pursuant to a Loan Authorization, adopted November 19, 2008 (the "Loan Authorization") and a Trust Agreement, dated November 25, 2008 (the "Trust Agreement"), between the City and Wells Fargo Bank, N.A., as Trustee. See "**THE NOTES**" herein.

The Notes are general obligations of the City, but do not constitute debt of the City subject to the limitations of Article IX of the Pennsylvania Constitution. The Notes are payable from funds required to be deposited by the City in the Note Fund (as herein defined) established under the Loan Authorization and the Trust Agreement. The Notes are equally and ratably secured by a pledge of, security interest in, and a lien and charge on, the taxes and revenues of the City to be received for the account of the General Fund (as herein defined) during the period when the Notes will be outstanding, until the earlier of (i) the payment or provision for payment in full of the principal of and interest on the Notes, or (ii) June 30, 2009. As further security for the repayment of the Notes, the City has covenanted in the Loan Authorization and the Trust Agreement to make certain irrevocable deposits into the Note Fund, which deposits in the aggregate, will equal the entire principal of and interest due on the Notes at maturity. See "**SECURITY FOR THE NOTES**" herein.

This cover page contains information for quick reference only. It is not a summary of this issue. Investors must read the entire Official Statement, including the Appendices, which are an integral part hereof, to obtain information essential to making an informed investment decision regarding the Notes.

The Notes are offered when, as and if issued and received by the Underwriters and subject to approval as to legality by Kutak Rock LLP and Kelly, Monaco and Naples, LLP, both of Philadelphia, Pennsylvania, Co-Bond Counsel. Certain legal matters will be passed upon for the City by the City Solicitor. Certain legal matters will be passed upon for the Underwriters by their Co-Counsel, WolfBlock LLP and The Law Offices of Denise Joy Smyler, both of Philadelphia, Pennsylvania. It is anticipated that the Notes will be available for delivery to DTC in New York, New York, on or about November 25, 2008.

No dealer, broker, salesman or other person has been authorized to give any information or to make any representations with respect to the Notes, other than those contained in this Official Statement, and if given or made, such other information or representations must not be relied upon. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Notes by any person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale. This Official Statement is not to be construed as a contract or agreement among the City, the Underwriters and the purchasers or owners of any offered Notes. The information set forth herein has been obtained from sources that the Underwriters believe to be reliable, but it is not guaranteed as to its accuracy or completeness, and is not to be construed as a representation by the Underwriters. The information and the opinions expressed herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the financial condition or operations of The City of Philadelphia, Pennsylvania (the "City") since the date hereof or the date as of which particular information is given, if earlier.

**THE ORDER AND PLACEMENT OF MATERIAL IN THIS OFFICIAL STATEMENT, INCLUDING THE APPENDICES, ARE NOT TO BE DEEMED TO BE A DETERMINATION OF RELEVANCE, MATERIALITY OR IMPORTANCE, AND THIS OFFICIAL STATEMENT, INCLUDING APPENDICES, AND THE INFORMATION INCORPORATED HEREIN BY REFERENCE, MUST BE CONSIDERED IN ITS ENTIRETY. THE OFFERING OF THE NOTES IS MADE ONLY BY MEANS OF THIS ENTIRE OFFICIAL STATEMENT.**

If and when included in this Official Statement, the words "expects," "forecasts," "projects," "intends," "anticipates," "estimates," "assumes" and analogous expressions are intended to identify forward-looking statements and any such statements inherently are subject to a variety of risks and uncertainties that could cause actual results to differ materially from those that have been projected. Such risks and uncertainties which could affect the amount of taxes and other revenue collected by the City include, among others, changes in economic conditions and various other events, conditions and circumstances, many of which are beyond the control of the City. Such forward-looking statements speak only as of the date of this Official Statement. The City disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statement contained herein to reflect any changes in the City's expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

IN MAKING AN INVESTMENT DECISION INVESTORS MUST RELY ON THEIR OWN EXAMINATION OF THE CITY AND THE TERMS OF THE OFFERING, INCLUDING THE MERITS AND RISKS INVOLVED. UPON ISSUANCE, THE NOTES WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, WILL NOT BE LISTED ON ANY STOCK OR OTHER SECURITIES EXCHANGE AND NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION NOR ANY OTHER FEDERAL, STATE, MUNICIPAL OR OTHER GOVERNMENTAL ENTITY, OTHER THAN THE CITY (SUBJECT TO THE LIMITATIONS SET FORTH HEREIN), WILL HAVE PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFICIAL STATEMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

IN CONNECTION WITH THE OFFERING OF THE NOTES, THE UNDERWRITERS MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE NOTES AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZATION, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME WITHOUT PRIOR NOTICE. THE UNDERWRITERS MAY OFFER AND SELL THE

OFFERED NOTES TO CERTAIN DEALERS AT PRICES LOWER THAN THE PUBLIC OFFERING PRICES STATED ON THE COVER PAGE HEREOF AND SAID PUBLIC OFFERING PRICES MAY BE CHANGED FROM TIME TO TIME BY THE UNDERWRITERS.

**No quotations from or summaries or explanations of provisions of law and documents herein purport to be complete and reference is made to such laws and documents for full and complete statements of their provisions. This Official Statement is not to be construed as a contract or agreement between the City and the purchasers or holders of any of the securities described herein. Any statements made in this Official Statement involving estimates or matters of opinion, whether or not expressly, so stated, are intended merely as estimates or opinions and not as representations of fact. The cover page hereof, list of officials, this page and the Appendices attached hereto are part of this Official Statement.**

**OFFICIAL STATEMENT  
OF  
THE CITY OF PHILADELPHIA, PENNSYLVANIA**

**\$350,000,000  
The City of Philadelphia, Pennsylvania  
Tax and Revenue Anticipation Notes,  
Series A of 2008-2009**

**INTRODUCTION**

**General**

This Official Statement is provided to set forth information with respect to the issuance by The City of Philadelphia, Pennsylvania (the “City”) of its Tax and Revenue Anticipation Notes, Series A of 2008-2009 (the “Notes”), in the aggregate principal amount of \$350,000,000.

This Official Statement has been prepared by the City under the direction of the Office of the Director of Finance. The fiscal year of the City extends from July 1 to June 30 of the subsequent year. The term “Fiscal Year 2009” refers to the fiscal year ending June 30, 2009.

This introduction is a brief description of certain matters set forth in this Official Statement and is qualified by reference to the entire Official Statement. Persons considering a purchase of the Notes should read this Official Statement, including the cover page and appendices hereto, in its entirety.

All quotations from and summaries and explanations of the Constitution and laws of the Commonwealth of Pennsylvania (the “Commonwealth”) and the United States of America and Ordinances of the City contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof; all descriptions and summaries of the Notes are qualified in their entirety by reference to the full text of the original documents on file with the Trustee (as defined herein) at its Philadelphia, Pennsylvania corporate trust office.

**Authorization; The Notes**

The Notes are being issued pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class, Act No. 1991-6, approved June 5, 1991, as amended (the “Act”), and a Loan Authorization, adopted November 19, 2008 (the “Loan Authorization”) by the Loan Committee of the City, comprised of the Mayor, the City Controller and the City Solicitor, or a majority thereof (the “Loan Committee”). See “THE NOTES - Statutory Authorization.”

Wells Fargo Bank, N.A., having a corporate trust office in Philadelphia, Pennsylvania, will act as registrar, transfer agent and paying agent for the Notes and as trustee (the “Trustee”) under a Trust Agreement between the City and the Trustee, dated November 25, 2008 (the “Trust Agreement”).

The Notes are issuable as fully-registered notes and, when issued, will be registered in the name of Cede & Co., as nominee for The Depository Trust Company (“DTC”), New York, New York, which will act as securities depository for the Notes. Purchases of beneficial interests in the Notes will be made in book-entry only form in denominations of \$5,000 or any integral multiple thereof. Purchasers of Notes will not receive certificates representing their ownership interest in the Notes purchased. See “BOOK-ENTRY ONLY SYSTEM.”

## **Purpose**

The City will issue the Notes in anticipation of the receipt of current taxes and current revenues. The proceeds of the Notes will be used to provide cash to supplement the receipts of the City in the General Fund for the purpose of paying the general expenses of the City prior to the receipt of income from taxes and other sources of General Fund revenues to be received in the current fiscal year and pledged for the repayment of the Notes, and to pay the costs of issuance of the Notes. Receipt of the proceeds of the Notes will enable the City to timely pay obligations coming due prior to anticipated receipt of General Fund income. Such proceeds will be deposited initially to the credit of the General Fund in the City's Consolidated Cash Account. See "**CITY CASH MANAGEMENT AND INVESTMENT POLICIES - Consolidated Cash**".

## **Fiscal 2009 Budget Adjustment**

The Mayor recently announced that, as a result of the global economic situation, unless compensatory action is taken the City would experience fund balance deficits estimated to be \$108 million for Fiscal Year 2009 and \$1 billion over the next five years. The Mayor has proposed a number of measures to address these deficits as part of a plan, effectuation of which is now projected to result in a Fiscal Year 2009-ending fund balance of \$41 million. There can be no assurance that all of such measures will be able to be implemented in accordance with the plan or that, if implemented, will achieve the desired result. See "**DISCUSSION OF FINANCIAL OPERATIONS - Effect of Economic Crisis on City Budget**", herein.

## **Continuing Disclosure Undertaking**

In order to enable the Underwriters in complying with the requirements of Rule 15c2-12(b)(5) under the Securities and Exchange Act of 1934, as amended (the "Rule"), the City and the Trustee will enter into a Continuing Disclosure Agreement, dated the date of delivery of and payment for the Notes (the "Disclosure Agreement"), providing for the disclosure of the occurrence, if any, of certain events material to the Notes. The Disclosure Agreement constitutes a written undertaking for the benefit of the registered owners (which term includes, for purposes of the Disclosure Agreement, holders of book-entry credits in the Notes) from time to time of the Notes. See "**ADDITIONAL INFORMATION - Continuing Disclosure Undertaking**."

## **THE NOTES**

### **General**

The Notes will be issued in the aggregate principal amount of \$350,000,000, will be dated the date of original delivery thereof and will mature on June 30, 2009. The Notes will bear interest, payable at maturity, at the rate per annum set forth on the cover page hereof, calculated on the basis of actual days elapsed in a 360-day year consisting of twelve 30-day months.

Principal of and interest on the Notes will be payable upon presentation of the Notes at maturity at the designated corporate trust office of the Trustee (or its successor) in Minneapolis, Minnesota. The Notes will be issued as fully registered notes and, when issued, will be registered in the name of Cede & Co., as nominee for DTC. Purchases of beneficial interests in the Notes will be made in book-entry form (without certificates) in denominations of \$5,000 or any integral multiple thereof.

So long as the Notes shall be in book-entry only form, the principal of and interest on the Notes are payable by check or draft mailed to or by wire transfer of immediately available funds to Cede & Co.,

as nominee for DTC, the registered owner thereof for redistribution by DTC to the Direct and Indirect Participants and in turn to Beneficial Owners as described under “BOOK-ENTRY ONLY SYSTEM.”

The Loan Authorization, the Trust Agreement and all provisions thereof are incorporated by reference in the text of the Notes and the Notes provide that each registered owner, Beneficial Owner and Direct or Indirect Participant of DTC, by acceptance of a Note (including receipt of a book-entry credit evidencing an interest therein), assents to all of such provisions as an explicit and material portion of the consideration running to the City in exchange for its adoption of the Loan Authorization and its issuance of the Notes. Copies of the Loan Authorization, including the full text of the form of the Notes, the Trust Agreement and the Disclosure Agreement are on file at the Philadelphia, Pennsylvania corporate trust office of the Trustee.

### **Statutory Authorization**

The issuance of the Notes is authorized by the Act. Pursuant to the Act, the Loan Committee has established the terms of the Notes in the Loan Authorization, which authorizes the sale and issuance of the Notes and provides for the payment of the Notes. In the Loan Authorization, the Loan Committee has authorized and approved the execution and delivery of the Trust Agreement, providing for the establishment of the Note Fund and appointing the Trustee as agent for the Noteholders for the purpose of enforcing the pledge and security interest granted to Noteholders pursuant to the Act and their rights and remedies under the Act.

### **Purpose**

The City will issue the Notes in anticipation of the receipt of current taxes and current revenues. The proceeds of the Notes will be used to provide cash to supplement the receipts of the City in the General Fund for the purpose of paying the general expenses of the City prior to the receipt of income from taxes and other sources of General Fund revenues to be received in the current fiscal year and pledged for the repayment of the Notes, and to pay the costs of issuance of the Notes. Receipt of the proceeds of the Notes will enable the City to timely pay obligations coming due prior to anticipated receipt of General Fund income. Such proceeds will be deposited initially to the credit of the General Fund in the City’s Consolidated Cash Account. See “CITY CASH MANAGEMENT AND INVESTMENT POLICIES - Consolidated Cash”.

### **Sources of Payment for the Notes; Security**

Pursuant to the provisions of the Act, the Loan Authorization and the Trust Agreement, the Notes are payable from, and secured by a pledge of a security interest in and a lien and charge on, the taxes and revenues of the City to be received for the account of the General Fund from the date of the original delivery of the Notes until the earlier of (i) payment or provision for payment of the principal of and interest on the Notes, or (ii) June 30, 2009.

Pursuant to the provisions of the Act, the Loan Authorization and the Trust Agreement, the City has established a fund, designated the “Note Fund,” to be held in trust by the Trustee for the benefit of the registered owners of the Notes (the “Noteholders” or “registered owners” or “holders of the Notes”). The City has covenanted in the Loan Authorization and in the Trust Agreement to make irrevocable deposits on May 29, 2009 and June 26, 2009 into the Note Fund in amounts which, in the aggregate, will equal the entire amount of principal of and interest due on the Notes at their stated maturity on June 30, 2009. See “SECURITY FOR THE NOTES.”

As provided in the Act, the Notes are general obligations of the City, but do not constitute debt of the City subject to the limitations of Article IX of the Pennsylvania Constitution. The Notes do not pledge the taxing power of the City nor do they require the City to levy ad valorem taxes for their payment. If the Notes are not paid within the current fiscal year, the entire amount unpaid shall be included by the City in its budget for the fiscal year ending June 30, 2010 and shall be payable from (but will not be secured by) the taxes and revenues of such fiscal year.

### **Transfer and Exchange**

The Notes may be transferred upon the registration books maintained by the Trustee upon delivery to the Trustee of the Notes accompanied by a written instrument or instruments of transfer in form and with guaranty of signature satisfactory to the Trustee, duly executed by the registered owner of the Notes to be transferred or by his or her duly authorized attorney-in-fact or other legal representative, containing written instructions as to the details of the transfer of such Notes. No transfer of any Note shall be effective until entered on the registration books maintained by the Trustee or its successor. In like manner, Notes may be exchanged by the registered owners thereof or by their duly authorized attorneys-in-fact or other legal representatives for Notes of authorized denomination or denominations in the same aggregate principal amount.

### **No Redemption Prior to Maturity**

The Notes are not subject to redemption prior to maturity.

### **Additional Notes**

The Act and the Loan Authorization permit the City to issue additional tax and revenue anticipation notes, subject to certain limitations. The City has reserved the right in the Loan Authorization to issue up to \$50,000,000 aggregate principal amount of additional tax and revenue anticipation notes payable from the taxes and revenues of the City's General Fund, which notes may be issued in one or more series, having separate series designations. Any additional notes will be equally and ratably secured with the Notes, until such notes are paid or until deposits for such payment have been made into a trust fund established for such notes, by a pledge of a security interest in, and a first lien and charge on, the taxes and revenues of the City to the account of the General Fund during the period such notes are outstanding. Holders of additional notes will not have a claim on or a security interest in the Note Fund.

### **Modification of Loan Authorization and Trust Agreement**

The Loan Authorization may be modified with the consent of the holders of a majority in principal amount of the outstanding Notes; provided however, that no such modification which would affect the owners of less than all outstanding Notes or affect the terms of payment of the principal of, or interest on, the Notes may be made without the consent of the registered owners of all the affected Notes.

The Trust Agreement may be further amended without the consent of the registered owners of the Notes by a supplemental agreement authorized by the Loan Committee or a majority thereof to: (i) add additional covenants of the City or surrender any right of the City; (ii) to reflect changes in applicable law or to cure any ambiguity or to cure, correct or supplement any defective or inconsistent provision in a manner which is not inconsistent with the Trust Agreement and shall not impair the security or adversely affect the registered owners of the Notes; or (iii) to revise the provisions of the Trust Agreement so long as such revisions do not adversely affect the rights or security of the registered owners under the Trust Agreement, the Loan Authorization or the Act.

All other amendments require the consent of the registered owners of at least a majority in principal amount of the Notes then outstanding. However, any amendment with respect to amounts required to be deposited in the Note Fund, the maturity date of the Notes or the Article of the Trust Agreement governing amendments requires the consent of the registered owners of all of the outstanding Notes. Any amendment to the amounts required to be deposited in the Note Fund, the Note Deposit Requirement Dates or the date of the maturity of the Notes shall only be effective if both the Trust Agreement and the Loan Authorization shall have been duly amended in the same particulars.

### **BOOK-ENTRY ONLY SYSTEM**

Portions of the following information concerning DTC and DTC's book-entry only system have been obtained from DTC. The information in this section concerning DTC and DTC's book-entry-only system has been obtained from sources that the City and the Underwriters believe to be reliable; however, the City and the Underwriters take no responsibility for, and make no representation as to, the accuracy of such information.

DTC will act as securities depository for the Notes. The Notes will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for the Notes, in the aggregate principal amount of the Notes, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has Standard & Poor's highest rating: "AAA." The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note (the "Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on

behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Notes with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Notes may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Notes, such as redemptions, tenders, defaults, and proposed amendments to the Note documents. For example, Beneficial Owners of Notes may wish to ascertain that the nominee holding the Notes for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments of principal of and interest on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the City or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Trustee, or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

So long as Cede & Co. is the registered owner of the Notes, as nominee of DTC, references herein to the Noteholders or registered owners or holders of the Notes means Cede & Co., not the Beneficial Owners of the Notes.

THE CITY, THE TRUSTEE AND THE UNDERWRITERS CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO ITS PARTICIPANTS OR THAT DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL DISTRIBUTE TO BENEFICIAL OWNERS OF THE NOTES (i) PAYMENTS OF THE PRINCIPAL OF, OR INTEREST ON, THE NOTES, OR (ii)

CONFIRMATION OF OWNERSHIP INTERESTS IN THE NOTES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT. THE CURRENT "RULES" APPLICABLE TO DTC ARE ON FILE WITH THE SEC AND THE CURRENT "PROCEDURES" OF DTC TO BE FOLLOWED IN DEALING WITH ITS PARTICIPANTS ARE ON FILE WITH DTC.

NEITHER THE CITY, THE TRUSTEE NOR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC, DIRECT PARTICIPANTS, INDIRECT PARTICIPANTS OR BENEFICIAL OWNERS OF THE NOTES WITH RESPECT TO (i) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT OR ANY INDIRECT PARTICIPANT, (ii) THE PAYMENT BY DTC TO ANY DIRECT PARTICIPANT OR BY ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF, OR INTEREST ON, ANY NOTES, (iii) THE DELIVERY OF ANY NOTICE BY DTC, ANY DIRECT PARTICIPANT OR ANY INDIRECT PARTICIPANT, OR (iv) ANY OTHER ACTION TAKEN BY DTC, ANY DIRECT PARTICIPANT OR ANY INDIRECT PARTICIPANT.

### **Discontinuation of Book-Entry Only System**

DTC may discontinue providing its service as depository with respect to the Notes at any time by giving reasonable notice to the City or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Note certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered to DTC.

## **SECURITY FOR THE NOTES**

### **General**

The Act provides that all tax and revenue anticipation notes issued in a single fiscal year shall be equally and ratably secured by the pledge of, security interest in, and a lien and charge on, the taxes or revenues or both of the City specified in the Loan Authorization to be collected or received during the period when such notes are outstanding. As required by the Act, the Loan Authorization grants such pledge, security interest and lien and charge on the taxes and revenues to be collected or received by the City for the account of the General Fund from the date of original delivery of the Notes until the earlier of (i) payment or provision for payment of the principal of and interest on the Notes, or (ii) June 30, 2009.

The Act further provides that such pledge, lien and charge shall be fully perfected as against the City, all creditors of the City, and all third parties from and after the filing of financing statements pursuant to the Pennsylvania Uniform Commercial Code. For the purpose of such filing, the Trustee has been appointed, as permitted by the Act, to file the financing statements and any continuation or termination statements on behalf of the Noteholders.

### **Note Fund**

As authorized by the Act, the City has established the Note Fund, to be held in trust for the equal and ratable benefit of the owners of the Notes. In the Trust Agreement, the City has granted to the Trustee a pledge of and security interest in the Note Fund and all investments thereof and income thereon for the benefit and security of the Noteholders.

In the Loan Authorization and the Trust Agreement, the City has covenanted to pay to the Trustee for irrevocable deposit into the Note Fund the following amounts on the following dates:

Note Deposit Requirement Date	Note Deposit Requirement
May 29, 2009	\$350,000,000
June 26, 2009	\$7,315,972.22 (all interest due on June 30, 2009)

The Loan Authorization and the Trust Agreement require the Trustee to determine no later than 3:00 P.M. Philadelphia time, on June 26, 2009 whether the amount on deposit in the Note Fund equals the entire principal of and interest due on the Notes on June 30, 2009. Any deficiency in any required deposit must be cured by the City by 10:00 A.M. on the succeeding business day following the deposit date. Payments from the Note Fund shall be applied first to interest due on the Notes, and then to principal due on the Notes.

Moneys on deposit in the Note Fund may be invested only in direct obligations of the United States of America, obligations the principal of and interest on which are unconditionally guaranteed by the full faith and credit of the United States of America, obligations of certain agencies and instrumentalities of the United States of America, or agreements for the repurchase of such obligations, all as more fully described in the Trust Agreement, all such obligations to mature or be subject to redemption at the option of the holder at not less than par or the purchase price therefor on or prior to June 30, 2009.

Funds and investments in the Note Fund shall be applied solely to the payment of principal of and interest on the Notes at maturity and are not available as security for the holders of any additional notes.

As soon as the amount on deposit in the Note Fund is equal to the entire principal of and interest due on the Notes on June 30, 2009, any balance in the Note Fund in excess of such amount shall be paid by the Trustee to the City.

### **General Fund Receipts Collection and Transfer**

Under the Philadelphia Home Rule Charter (the "Home Rule Charter"), the Department of Revenue is authorized to collect all real estate, personal property, income and other taxes of the City. The Revenue Commissioner is the head of the Department of Revenue.

General Fund Receipts are defined in the Trust Agreement to mean the income of the City received from all sources for the account of the General Fund during Fiscal Year 2009, including, without limitation, general property taxes; wage, earnings and net profits taxes; business privilege taxes; sales and use taxes; and revenue from other governments, including the Commonwealth; provided, however, that at no time shall General Fund Receipts include (i) any taxes or other revenues collected by the City on behalf of The School District of Philadelphia, Pennsylvania (the "School District"), which taxes and revenues are at all times the sole property of the School District, or (ii) the Pennsylvania Intergovernmental Cooperation Authority Tax, as defined in the Act, collected by the City as agent for the Commonwealth Department of Revenue, which tax is at all times the sole property of PICA.

The City maintains an account (the "Concentration Account") in the commercial department of Wachovia Bank, National Association (the "Concentration Account Bank"), for the deposit of the daily collection of the major categories of General Fund Receipts and other income of the City received by the Department of Revenue. The City maintains accounts at a number of other banks in the City for the direct deposit of its Realty Transfer Tax Receipts and certain other items of General Fund Receipts, as well as other revenues of other member funds of the City's Consolidated Cash Account. The Concentration

Account is the largest account maintained by the City and is the depository for the bulk of General Fund Receipts. In addition to the daily deposit of General Fund Receipts collected by the Department of Revenue, the Concentration Account receives, by wire transfer from the Commonwealth Treasurer, payments from the Commonwealth which accrue to the General Fund. In the Trust Agreement, the City has authorized and directed the Concentration Account Bank to transfer General Fund Receipts from the Concentration Account to the Trustee for deposit in the Note Fund on May 29, 2009 and June 26, 2009 for deposit into the Note Fund in such amounts as are required for such scheduled deposits.

### **Remedies of Noteholders**

Pursuant to the Act and the Loan Authorization, on the filing of required financing statements, the Trustee will be entitled to exercise on behalf of the Noteholders all rights and remedies available to secured parties under the Pennsylvania Uniform Commercial Code.

The Act further grants the Trustee the right on behalf of the Noteholders to enforce the pledge of, security interest in, and lien and charge on, the pledged taxes and revenues of the City against all governmental agencies in possession of any such taxes and revenues at any time, which taxes and revenues may be collected directly from such officials upon notice by the Trustee for application to the payment of the Notes as and when due or for deposit in the Note Fund at the times and in the amounts specified in the Notes. The Trust Agreement requires the Trustee to enforce the pledge granted to secure the Notes in the manner described in the preceding sentence without further direction from the Noteholders, in the event the City fails to make any scheduled deposit into the Note Fund at the times prescribed in the Trust Agreement.

In addition, the Act grants to Noteholders the right, if the City fails to pay principal of or interest on the Notes when due, and such failure continues for thirty (30) days, to recover the amount due by action in the Court of Common Pleas. The judgment recovered shall have an appropriate priority upon the moneys next coming into the treasury of the City. Pursuant to the Trust Agreement, this right shall be enforced on behalf of Noteholders by the Trustee.

The Act also provides the following remedies to holders of the Notes which, pursuant to the Loan Authorization and Trust Agreement, shall be exercised by the Trustee on behalf of Noteholders:

- (i) By mandamus, suit, action or proceeding at law or in equity, to compel the City, the Loan Committee and the members thereof, and the officers, agents or employees of the City to perform each and every term, provision and covenant contained in the Notes, the Loan Authorization and the Trust Agreement, and to require the carrying out of any or all such covenants and agreements of the City and the fulfillment of all duties imposed on the City by the Act;
- (ii) By proceeding in equity, to obtain an injunction against any acts or things which may be unlawful or the violation of any of the rights of the holders of Notes; and
- (iii) To require the City to account as if it were the trustee of an express trust for the holders of the Notes for any pledged taxes or revenues received.

The Trust Agreement provides that the Trustee shall not be required to exercise any of the foregoing remedies (other than direct collection of pledged revenues from Commonwealth and local public officers) unless the Trustee receives (i) written direction from the registered owners of at least a majority in principal amount of the Notes then outstanding, and (ii) indemnity satisfactory to it. If the

Trustee receives such written direction and indemnity and declines to take the action specified, registered owners may proceed to enforce the remedies granted under the Act directly against the City.

### **Limitation of Remedies**

The rights and remedies of holders of the Notes may be subject to the provisions of Chapter 9 of the Federal Bankruptcy Code (the “Bankruptcy Code”). In general, Chapter 9 permits, under prescribed circumstances, a political subdivision of a state to commence a voluntary bankruptcy proceeding and to file a plan of adjustment in the repayment of its debts, if such political subdivision is generally not paying its debts as they become due (unless such debts are the subject of a bona fide dispute), or is unable to pay its debts as they become due. Under the Bankruptcy Code, an involuntary petition cannot be filed against a political subdivision. In order to proceed under Chapter 9, the political subdivision must be authorized under state law to file a petition under the Bankruptcy Code. The Act prohibits both the City and PICA from filing a petition under the Bankruptcy Code while any bonds issued by PICA are outstanding. As of the close of business on June 30, 2008, bonds issued by PICA in the aggregate principal amount of \$572,095,000 were outstanding, which mature in the calendar years 2009 through and including 2023.

The Act further prohibits the City from filing such a petition during any period when no bonds issued by PICA are outstanding, unless the petition has first been submitted to, and its filing, together with the plan for adjustment of debts, has been approved in writing by, the Governor of the Commonwealth (the “Governor”). Before approving the petition and plan, the Governor is required to investigate the financial condition of the City to determine whether the presentation of the petition is justified or represents an unjust attempt to evade payment of some of the petitioner’s contractual obligations. The Governor has the right to require modification of any proposed plan before granting approval of a petition.

The filing of a petition in bankruptcy operates as an automatic stay of the commencement or the continuation of any judicial or other proceeding against the petitioner, its property or any officer or inhabitants thereof. The petitioner must file a plan for adjustment of the debts, which may include provisions modifying or altering the rights of creditors generally, or any class of them, secured or unsecured. The Bankruptcy Code may be interpreted to allow confirmation of a plan over the objection of one or more classes of creditors in certain circumstances.

The above references to the Bankruptcy Code are not to be construed as an indication that the City expects to resort to the provisions of the Bankruptcy Code.

## **THE GOVERNMENT OF THE CITY OF PHILADELPHIA**

### **General**

The City was incorporated in 1789 by an Act of the General Assembly of the Commonwealth of Pennsylvania (the “Commonwealth”) predecessors of the City under charters granted by William Penn in his capacity as proprietor of the colony of Pennsylvania may date to as early as 1684. In 1854, the General Assembly, by an act commonly referred to as the Consolidation Act, made the City’s boundaries coterminous with the boundaries of Philadelphia County (the same boundaries that exist today) (the “County”), abolished all governments within these boundaries other than the City and the County and consolidated the legislative functions of the City and the County. Article 9, Section 13 of the Pennsylvania Constitution abolished all county offices in the City and provides that the City performs all functions of county government and that laws applicable to counties apply to the City.

Since 1952, the City has been governed under a Home Rule Charter authorized by the General Assembly (First Class City Home Rule Act, Act of April 21, 1949, P.L. 665, Section 17) and adopted by the voters of the City. The Home Rule Charter, as amended and supplemented to this date, provides, among other things, for the election, organization, powers and duties of the legislative branch (the “City Council”); the election, organization, powers and duties of the executive and administrative branch; and the basic rules governing the City’s fiscal and budgetary matters, contracts, procurement, property and records. The Home Rule Charter, as amended, now also provides for the governance of The School District of Philadelphia (the “School District”) as a home rule school district. Certain other constitutional provisions and Commonwealth statutes continue to govern various aspects of the City’s affairs, notwithstanding the broad grant of powers of local self-government in relation to municipal functions set forth in the First Class City Home Rule Act.

Under the Home Rule Charter, as currently in effect, there are two principal governmental entities in Philadelphia: (1) the City, which performs ordinary municipal functions as well as traditional county functions; and (2) the School District, which has boundaries coterminous with the City and has responsibility for all public primary and secondary education.

The court system in Philadelphia, consisting of Common Pleas, Municipal and Traffic Courts, is part of the Commonwealth of Pennsylvania judicial system. Although judges are paid by the Commonwealth, most other court costs are paid by the City, with partial reimbursement from the Commonwealth.

### **Elected and Appointed Officials**

The Mayor is elected for a term of four years and is eligible to succeed himself for one term. Each of the seventeen members of the City Council is also elected for a four-year term which runs concurrently with that of the Mayor. There is no limitation on the number of terms that may be served by members of the City Council. Of the members of the City Council, ten are elected from districts and seven are elected at-large, with a minimum of two of the seven representing a party or parties other than the majority party. The District Attorney and the City Controller are elected at the mid-point of the terms of the Mayor and City Council.

The City Controller’s responsibilities derive from the Home Rule Charter, various City ordinances and state and federal statutes, and contractual arrangements with auditees. The City Controller must follow GAGAS, Generally Accepted Government Auditing Standards established by the federal Government Accountability Office (formerly known as the General Accounting Office), and GAAS, Generally Accepted Auditing Standards promulgated by the American Institute of Certified Public Accountants. As of March 1, 2008, the Office of the City Controller had 121 employees, including 77 auditors, 30 of whom were certified public accountants.

The City Controller post-audits and reports on the City’s combined financial statements, federal assistance received by the City, the performance of City departments and the finances of the School District. The City Controller also conducts a pre-audit program of expenditure documents required to be submitted for approval, such as invoices, payment vouchers, purchase orders and contracts. Documents are selected for audit by category and statistical basis. The Pre-Audit Division verifies that expenditures are authorized and accurate in accordance with the Home Rule Charter and other pertinent legal and contractual requirements before any moneys are paid by the City Treasurer. The Pre-Audit Technical Unit, consisting of auditing and engineering staff, inspects and audits capital project design, construction and related expenditures. Other responsibilities of the City Controller include investigation of allegations of fraud, preparation of economic reports, certification of the City’s debt capacity and the capital nature

and useful life of the capital projects, and opining to the Pennsylvania Intergovernmental Cooperation Authority on the reasonableness of the assumptions and estimates in the City's five-year financial plans.

The principal officers of the City's government appointed by the Mayor are the Managing Director of the City (the "Managing Director"), the Director of Finance of the City (the "Director of Finance"), who is the chief financial and budget officer and is selected from three names submitted to the Mayor by a Finance Panel, the City Solicitor (the "City Solicitor"), who is head of the Law Department, the Deputy Mayor for Planning and Economic Development and Director of Commerce (the "Director of Commerce"). These officials, together with the Mayor and the other members of the Mayor's cabinet, constitute the major policy-making group in the City's government.

The Managing Director is responsible for supervising the operating departments and agencies of the City that render the City's various municipal services. The Director of Commerce is charged with the responsibility of promoting and developing commerce and industry.

The City Solicitor acts as legal advisor to the Mayor, the City Council, and all of the agencies of the City government. The City Solicitor is also responsible for all of the City's contracts and bonds, for assisting City Council, the Mayor, and City agencies in the preparation of ordinances for introduction in City Council, and for the conduct of litigation involving the City.

The Director of Finance is responsible for the financial functions of the City including development of the annual operating budget, the capital budget, and capital program; the City's program for temporary and long-term borrowing; supervision of the operating budget's execution; the collection of revenues through the Department of Revenue; and the oversight of pension administration as Chairperson of the Board of Pensions and Retirement. The Director of Finance is also responsible for the appointment and supervision of the City Treasurer, whose office serves as the disbursing agent for the distribution of checks and electronic payments from the City Treasury and the management of cash resources.

The following are brief biographies of Mayor Nutter, his chief of staff, his cabinet and the City Controller:

Michael A. Nutter, Mayor, was sworn in as Philadelphia's 98th Mayor on January 7, 2008. He won the Democratic nomination in a five-way primary election. Elected to Philadelphia City Council in 1992, the Mayor represented the City's Fourth Councilmanic District for nearly fifteen years. During his time in Council, he engineered groundbreaking ethics reform legislation, led successful efforts to pass a citywide smoking ban, worked to lower taxes for Philadelphians and to reform the City's tax structure, and labored to increase the number of Philadelphia police officers patrolling the streets and to create a Police Advisory Board to provide a forum for discussion between citizens and the Police Department. Mayor Nutter received his B.A. from the Wharton School of Business at the University of Pennsylvania in 1979.

Clarence D. Armbrister, Chief of Staff, was appointed on January 7, 2008. Prior to his appointment, Mr. Armbrister was Executive Vice President and Chief Operating Officer of Temple University. Mr. Armbrister began his career at Temple in April 2003 when he was named Senior Vice President. He was elevated to the position of Executive Vice President and Chief Operating Officer in January 2007. Prior to joining Temple, Mr. Armbrister was a Director in the UBS Financial Services Municipal Securities Group in Philadelphia and had served as Managing Director of the School District of Philadelphia, Treasurer of the City of Philadelphia, and was a partner in the law firm of Saul, Ewing, Remick & Saul. Mr. Armbrister holds a J.D. from the University of Michigan Law School and a B.A. degree in political science and economics from the University of Pennsylvania.

Camille Cates Barnett, Ph.D., Managing Director, was appointed in January 2008. Dr. Barnett is a professional manager, having worked in the cities of Sunnyvale, California, Dallas, Houston and Austin, Texas and Washington, DC. Prior to her appointment as Managing Director, Dr. Barnett served as an advisor and consultant to public sector clients to improve governance, with the Public Strategies Group, and Public Financial Management. Dr. Barnett encourages collaborative approaches to growth, disaster recovery, economic strength, environmental sustainability and other issues that cross governmental jurisdictions and has written numerous articles on emerging networks in governing and transforming the public sector. Dr. Barnett has a Ph.D. in public administration from the University of Southern California and has taught at the University of Southern California and the University of Texas at Austin.

Rob Dubow, Director of Finance, was appointed on January 7, 2008. The Director of Finance is the Chief Financial Officer of the City. Prior to his appointment, Mr. Dubow was the Executive Director of the Pennsylvania Intergovernmental Cooperation Authority (PICA), which is a financial oversight board established by the Commonwealth in 1991. He served as Chief Financial Officer of the Commonwealth of Pennsylvania from 2004 to 2005. From 2000 to 2004, he served as Budget Director for the City of Philadelphia, where he had also been a Deputy Budget Director and Assistant Budget Director. Before working for the City, Mr. Dubow was a Senior Financial Analyst for PICA. He also served as a Research Associate at the Pennsylvania Economy League and was a reporter for the Associated Press. Mr. Dubow earned a Master in Business Administration degree from the Wharton School of Business and a Bachelor of Arts degree from the University of Pennsylvania.

Shelley R. Smith, City Solicitor, was appointed on January 7, 2008. The City Solicitor of the City of Philadelphia is the City's chief legal officer, the head of the City's Law Department, and a member of the Mayor's Cabinet. Prior to her appointment, Ms. Smith was the Associate General Counsel for Regulatory Affairs - East at Exelon Corporation. Prior to joining Exelon, Ms. Smith was with Ballard Spahr as Of Counsel in the Labor, Employment & Immigration Group. Ms. Smith also spent more than a decade with the City of Philadelphia's Law Department where she was trial attorney and supervisor in the Civil Rights Unit, Chief of the Affirmative Litigation and Labor and Employment Units, and, finally, Chair of the Corporate and Tax Group.

Everett A. Gillison, Deputy Mayor for Public Safety, was appointed on January 7, 2008. Mr. Gillison advises and assists the Mayor on all policies, planning and initiatives designed to promote the public safety and prevent crime. He will lead a collaborative effort with the Police Department and other agencies in the criminal justice system to provide a more holistic approach to the prevention and the enhancement of public safety throughout the City. Mr. Gillison previously served as a Senior Trial Lawyer for the Defender Association of Philadelphia where he worked for more than 30 years. Other experience also includes his time on the Board of Summerbridge of Greater Philadelphia, as well as a member of the American College of Trial Lawyers.

Dr. Donald Schwarz, Deputy Mayor for Health and Opportunity and Health Commissioner, was appointed in January 2008. Prior to entering government service, Dr. Schwarz was Vice Chairman of the Department of Pediatrics of the University of Pennsylvania School of Medicine and Craig-Dalsimer Division Chief for Adolescent Medicine at The Children's Hospital of Philadelphia. He was also Mary D. Ames Associate Professor of Child Advocacy in the Department of Pediatrics of the University of Pennsylvania School of Medicine at The Children's Hospital of Philadelphia. Dr. Schwarz is board certified in pediatrics and adolescent medicine. Dr. Schwarz was, for 22 years, an active researcher in the areas of adolescent risk behaviors and early childhood development.

Andrew Altman was appointed Deputy Mayor for Planning and Economic Development and Director of Commerce in March 2008. Prior to his appointment, Mr. Altman was the President of Altman Development LLC in New York City that was founded to lead large-scale, urban land development

projects on behalf of private equity and development firms. Previously, Mr. Altman was the first President and Chief Executive Officer of the Anacostia Waterfront Corporation in Washington, D.C., that was established to guide the revitalization of over 2800 acres of waterfront. Mr. Altman served in former Washington, D.C. Mayor Anthony Williams' Cabinet, as head of the city's planning agency, from 1999-2004 and was previously the director of planning for the city of Oakland, California. Mr. Altman is a native of Philadelphia and graduate of Temple University. Mr. Altman holds a Masters in City Planning from the Massachusetts Institute of Technology.

Rina Cutler, Deputy Mayor for Transportation and Utilities was appointed in January 2008. Ms. Cutler will advise and assist the Mayor on and coordinate all policies, planning and initiatives relating to transportation, waste management, infrastructure and public utilities. She will collaborate with the Managing Director in coordinating the development of policy and the allocation of resources for the departments of Streets, Water and Aviation. Ms. Cutler will also serve as the Mayor's representative working with SEPTA, PGW, the Parking Authority and other organizations. Ms. Cutler previously served as Deputy Secretary of Administration for the Pennsylvania Department of Transportation in Harrisburg. Her experience includes time as Executive Director of the Philadelphia Parking Authority and Transportation Commissioner for the Transportation Department in Boston, Massachusetts, as well as the Executive Director of Parking and Traffic in San Francisco.

Melanie Johnson, City Representative, was appointed on January 7, 2008. The City Representative will promote and give wide publicity to items of interest reflecting the accomplishments of the City and its inhabitants and the growth and development of its commerce and industry. Ms. Johnson had served as the Director of Communications for the Nutter for Mayor Campaign since August of 2006. Prior experience includes her time as Press Secretary to Former Mayor Ed Rendell, Director of Communication for Multicultural Affairs Congress at Philadelphia Convention and Visitors Bureau, and Senior Account Executive at Beach Advertising.

Joan Markman is the City's first Chief Integrity Officer, and took office with the Nutter administration on January 7, 2008. Before that, Ms. Markman spent 20 years as a federal prosecutor in the United States Attorney's Office in Philadelphia, where she focused on the investigation and prosecution of fraud and public corruption cases. Ms. Markman has also served as an adjunct lecturer in Trial Advocacy at the University of Pennsylvania Law School, as an associate attorney in the firm Dechert Price and Rhoads, and as an Assistant District Attorney in Philadelphia. She is a 1979 graduate of Wesleyan University and a 1983 graduate of the University of Virginia School of Law.

Amy L. Kurland, Inspector General, was appointed on January 7, 2008. The Inspector General investigates fraud, corruption, and abuse in all City departments, agencies, commissions and boards, as well as in contracts with individuals or companies receiving City funds and doing business with the City. Prior to her appointment, Ms. Kurland was an Assistant United States Attorney and Senior Litigation Counsel for the Eastern District of Pennsylvania for 24 years, specializing in public corruption and white collar fraud prosecutions. She is also an Adjunct Professor of Trial Advocacy at Rutgers University. Ms. Kurland received her B.A. from Reed College and her J.D. from Rutgers University.

Lori Shorr, Ph.D., Chief Education Advisor to the Mayor, was appointed in January 2008. Dr. Shorr previously served in Pennsylvania's Rendell administration as Special Assistant to the Secretary of Education for the Commonwealth of Pennsylvania and in that capacity led the administration's work in aligning academic expectations between high school and post-secondary education. Her work at the state included dual enrollment, transfer and articulation, the Governor's Commission on College and Career Success, and other initiatives. Dr. Shorr is currently Vice President of Policy and Planning at Philadelphia Youth Network, a nationally-recognized non-profit which manages 24 million dollars of investments from government, industry and the foundations community to effect

systems change and serve over 10,000 disenfranchised Philadelphia youth through direct programming. Before her service at the Commonwealth, she was in the Provost's and President's offices at Temple University where her work concentrated on local academic alignment issues. At Temple Dr. Shorr also was affiliated faculty in both Women's Studies and Urban Education departments, lecturing on both feminist film theory and educational equity. She continues to publish and speak nationally in the areas of education, equity, and public policy. Dr. Shorr earned her Ph.D. from the University of Pittsburgh in Critical and Cultural Studies.

Pauline Abernathy, Senior Advisor to the Mayor, was appointed in January 2008. Ms. Abernathy was previously Deputy Director of Health and Human Services Policy at The Pew Charitable Trusts where she initiated, designed and managed national initiatives related to child welfare policy, underage drinking prevention, retirement savings and student debt policy. Prior to working at Pew, Ms. Abernathy worked at The White House National Economic Council and Domestic Policy Council and at the U.S. Department of Education and as a legislative assistant for a U.S. Senator. She has a bachelor's degree in Art History from Yale University and a Master in Public Policy from Harvard University's Kennedy School of Government.

Terry Gillen, Senior Advisor to the Mayor for Economic Development, was appointed on January 7, 2008. Prior to joining the Administration, Terry Gillen was the Chief Executive Officer of the Collegiate Consortium for Workforce and Economic Development. She also has served as the Director of Policy for the Pennsylvania Department of Community and Economic Development in Harrisburg under the Rendell Administration and as Chief Operating Office of National Community Capital Association – a national community development financing organization. From 1995 to 1998, Ms. Gillen was Senior Vice President of the Philadelphia Industrial Development Corporation, which is the City's leading economic development agency. At PIDC, Ms. Gillen managed the Office of Defense Conversion, which oversees the reuse of the City's former defense facilities – including the former Navy Yard. In 1992, Ms. Gillen was appointed by Mayor Rendell as Deputy Commerce Director for the City of Philadelphia.

Alan L. Butkovitz is serving his first term as Philadelphia's elected City Controller, an office independent of the Mayor. Prior to his election as City Controller, Mr. Butkovitz served 15 years in the Pennsylvania House of Representatives, representing the 174th Legislative District in Northeast Philadelphia where he served on the Veterans Affairs and Urban Affairs Committees as well as committees on Aging and Older Adults, Children and Youth and Insurance. Mr. Butkovitz was widely praised for leading the bi-partisan investigation into violence in Philadelphia public schools. He authored legislation creating the Office of the Safe Schools Advocate, the first of its kind in the nation. Mr. Butkovitz was born and raised in Philadelphia. He is an attorney and received his Juris Doctor degree from Temple University Law School in 1976 and a Bachelor's degree from Temple University in 1973.

## **Government Services**

Municipal services provided by the City include: police and fire protection; health care; certain welfare programs; construction and maintenance of local streets, highways, and bridges; trash collection, disposal and recycling; provision for recreational programs and facilities; maintenance and operation of the water and wastewater systems (the "Water and Wastewater Systems"); the acquisition and maintenance of City real and personal property, including vehicles; maintenance of building codes and regulation of licenses and permits; maintenance of records; collection of taxes and revenues; purchase of supplies and equipment; construction and maintenance of airport facilities; and maintenance of a prison system. The City owns the assets that comprise the Philadelphia Gas Works ("PGW" or the "Gas Works"). PGW serves residential, commercial, and industrial customers in the City. PGW is operated by Philadelphia Facilities Management Corporation ("PFMC"), a non-profit corporation specifically organized to manage and operate the PGW for the benefit of the City.

## **Local Government Agencies**

There are a number of significant governmental authorities and quasi-governmental non-profit corporations that also provide services within the City.

The Southeastern Pennsylvania Transportation Authority (“SEPTA”), which is supported by transit revenues and Federal, Commonwealth, and local funds, is responsible for developing and operating a comprehensive and coordinated public transportation system in the southeastern Pennsylvania region.

The Philadelphia Parking Authority is responsible for the construction and operation of parking facilities in the City and at the Philadelphia International Airport and, by contract with the City, for enforcement of on-street parking regulations.

The Philadelphia Municipal Authority (formerly The Equipment Leasing Authority of Philadelphia) (“PMA”) was originally established for the purpose of buying equipment and vehicles to be leased to the City. PMA’s powers have been expanded to include, without limitation, the construction and leasing of municipal solid waste disposal facilities, correctional facilities, and other municipal buildings.

The Redevelopment Authority of the City of Philadelphia (the “Redevelopment Authority”) and the Philadelphia Housing Authority develop and/or administer low and moderate income rental units and housing in the City. The Redevelopment Authority, supported by Federal funds through the City’s Community Development Block Grant Fund and by Commonwealth and local funds, is responsible for the redevelopment of the City’s blighted areas.

The Hospitals and Higher Education Facilities Authority of Philadelphia (the “Hospitals Authority”) assists non-profit hospitals by financing hospital construction projects. The City does not own or operate any hospitals. The powers of the Hospitals Authority have been expanded to permit the financing of construction of buildings and facilities for certain colleges and universities and other health care facilities and nursing homes.

The Philadelphia Industrial Development Corporation (“PIDC”) and its affiliate, the Philadelphia Authority for Industrial Development (“PAID”), coordinate the City’s efforts to maintain an attractive business environment and to attract new businesses to the City and retain existing ones.

The Pennsylvania Convention Center Authority (the “Convention Center Authority”) constructed and maintains, manages, and operates the Pennsylvania Convention Center, which opened on June 25, 1993. The Convention Center Authority is currently undertaking an expansion of the Pennsylvania Convention Center.

## **School District**

The School District was established by the Educational Supplement to the City’s Home Rule Charter to provide free public education to the City’s residents. Under the Home Rule Charter, its board is appointed by the Mayor and must submit a lump sum statement of expenditures to the City annually. Such statement is used by City Council in making its determination to authorize the levy of taxes on behalf of the School District. Certain financial information regarding the School District is included in the City’s Comprehensive Annual Financial Report. It has no independent taxing powers and may levy only the taxes authorized on its behalf by the City and the Commonwealth. Under the Home Rule Charter, the School District is managed by a nine-member Board of Education appointed by the Mayor from a list supplied by an Educational Nominating Panel that is chosen by the Mayor. In some matters,

including the incurrence of short-term and long-term debt, both the City and the School District are governed primarily by the laws of the Commonwealth. The School District is a separate political subdivision of the Commonwealth and the City has no property interest in or claim on any revenues or property of the School District.

The School District was declared distressed by the Secretary of Education of the Commonwealth pursuant to Section 691(c) of the Public School Code of 1949, as amended (the "School Code"), effective December 22, 2001. During a period of distress under Section 691(c) of the School Code, all of the powers and duties of the Board of Education granted under the School Code or any other law are suspended and all of such powers and duties are vested in the School Reform Commission (the "School Reform Commission") provided for under the School Code. The School Reform Commission is responsible for the operation, management and educational program of the School District during such period. It is also responsible for financial matters related to the School District. The School Code provides that the members of the Board of Education continue to serve during the time the School District is governed by the School Reform Commission, and that the establishment of the School Reform Commission shall not interfere with the regular selection of the members of the Board of Education. During the tenure of the School Reform Commission, the Board of Education will perform those duties delegated to it by the School Reform Commission. As of the date hereof, the School Reform Commission has not delegated any duties to the Board.

## **PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY**

### **General**

The Pennsylvania Intergovernmental Cooperation Authority ("PICA") was created on June 5, 1991 by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the "PICA Act"). PICA was established to provide financial assistance to cities of the first class. The City is the only city of the first class in the Commonwealth. The PICA Act provides that, upon request by the City to PICA for financial assistance and for so long as any bonds issued by PICA remain outstanding, PICA shall have certain financial and oversight functions. Under the PICA Act, PICA no longer has the authority to issue bonds for new money purposes, but may refund bonds previously issued by it. PICA has the power, in its oversight capacity, to exercise certain advisory and review procedures with respect to the City's financial affairs, including the power to review and approve five-year financial plans prepared at least annually by the City, and to certify non-compliance by the City with the then-existing five-year plan adopted by the City pursuant to the PICA Act. Under the PICA Act, such certification would require the Secretary of the Budget of the Commonwealth to withhold payments due to the City from the Commonwealth or any of its agencies (including, with certain exceptions, all grants, loans, entitlements and payment of the portion of the PICA Tax, hereinafter described, otherwise payable to the City). See "Source of Payment of PICA Bonds" below.

On June 16, 1992, PICA, at the request of the City, issued \$474,555,000 Special Tax Revenue Bonds (City of Philadelphia Funding Program), Series of 1992 (the "1992 PICA Bonds"). The proceeds of the 1992 PICA Bonds were used (i) to make grants to the City to fund the Fiscal Year 1991 General Fund cumulative deficit (\$153.5 million) and the then-projected Fiscal Year 1992 General Fund deficit (\$71.4 million); (ii) to make grants to the City to pay the costs of certain capital projects to be undertaken by the City; and (iii) to make a grant to the City to provide it with financial assistance to enhance productivity in the operation of City government. It had been anticipated that the proceeds of the 1992 PICA Bonds would also be used to fund the City's projected Fiscal Year 1993 General Fund deficit; however, because no deficit occurred, a grant from PICA for this purpose was not required. These proceeds, in the amount equal to \$23.5 million, were instead used to provide funds for other City purposes.

On July 29, 1993, PICA, at the request of the City, issued \$643,430,000 Special Tax Revenue Bonds (City of Philadelphia Funding Program), Series of 1993 (the “1993 PICA Bonds”), the proceeds of which were used to make grants to the City to pay the costs of certain capital projects to be undertaken by the City and to make a grant to the City to provide for the defeasance of certain outstanding general obligation bonds of the City in the aggregate amount of \$336,225,000.

On September 14, 1993, PICA issued \$178,675,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1993A (the “1993A PICA Bonds”), the proceeds of which were used to advance refund \$136,670,000 principal amount of the 1992 PICA Bonds.

On December 15, 1994, PICA, at the request of the City, issued \$122,020,000 Special Tax Revenue Bonds (City of Philadelphia Funding Program) Series of 1994 (the “1994 PICA Bonds”), the proceeds of which were used to make grants to the City to pay the costs of certain capital projects to be undertaken by the City.

On May 30, 1996, PICA issued \$343,030,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1996 (the “1996 PICA Bonds”), the proceeds of which were used to advance refund \$304,160,000 principal amount of the 1992 PICA Bonds and \$120,180,000 principal amount of the 1994 PICA Bonds.

On April 15, 1999, PICA issued \$610,005,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 1999, the proceeds of which were used to advance refund \$610,730,000 principal amount of the 1993 PICA Bonds.

On June 16, 2003, PICA issued \$165,550,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program), Series of 2003, the proceeds of which were used to refund \$163,185,000 principal amount of the 1993A PICA Bonds.

On June 15, 2006, PICA issued \$89,950,000 Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program) Series of 2006 (Auction Rate Securities), the proceeds of which were used to refund \$89,960,000 principal amount of the 1996 PICA Bonds.

On May 15, 2008, PICA issued \$133,740,000 Series 2008A and \$80,825,000 Series 2008B Special Tax Revenue Refunding Bonds (City of Philadelphia Funding Program). The proceeds of the Series 2008A bonds were used to refund \$142,085,000 principal amount of the 2003 PICA Bonds; the proceeds of the Series 2008B bonds together with other available funds of the Authority were used to refund \$85,500,000 principal amount of the 2006 PICA Bonds.

As of the close of business on June 30, 2008, the principal amount of PICA bonds outstanding was \$572,095,000.

### **Source of Payment of PICA Bonds**

The PICA Act authorized the City to impose a tax for the sole and exclusive purposes of PICA. In connection with the adoption of the Fiscal Year 1992 budget and the adoption of the first Five-Year Plan, the City reduced the wage, earnings, and net profits tax on City residents by 1.5% and enacted a PICA Tax of 1.5% tax on wages, earnings and net profits of City residents (the “PICA Tax”). Proceeds of the PICA Tax are solely the property of PICA. The PICA Tax, collected by the City’s Department of Revenue, is deposited in the “Pennsylvania Intergovernmental Cooperation Authority Tax Fund” (the “PICA Tax Fund”) of which the State Treasurer is custodian. The PICA Tax Fund is not subject to appropriation by City Council or the General Assembly of the Commonwealth.

The PICA Act authorizes PICA to pledge the PICA Tax to secure its bonds and prohibits the Commonwealth and the City from repealing the PICA Tax or reducing the rate of the PICA Tax while any bonds secured by the PICA Tax are outstanding.

The PICA Act requires that proceeds of the PICA Tax in excess of amounts required for (i) debt service, (ii) replenishment of any debt service reserve fund for bonds issued by PICA, and (iii) certain PICA operating expenses, be deposited in a trust fund established pursuant to the PICA Act exclusively for the benefit of the City and designated the “City Account.” Amounts in the City Account are required to be remitted to the City not less often than monthly, but are subject to withholding if PICA certifies the City’s non-compliance with the then-current five-year plan.

The PICA Act establishes a “Bond Payment Account” for PICA as a trust fund for the benefit of PICA bondholders and authorizes the creation of a debt service reserve fund for bonds issued by PICA. Since PICA has issued bonds secured by the PICA Tax, the PICA Act requires that the State Treasurer pay the proceeds of the PICA Tax held in the PICA Tax Fund directly to the Bond Payment Account, the debt service reserve fund created for bonds issued by PICA and the City Account.

The total amount of PICA Tax remitted to PICA by the State Treasurer (which is net of the costs of the State Treasurer in collecting the PICA Tax) for each of the Fiscal Years 1999 through 2007, the current estimate for Fiscal Year 2008 and the budgeted amount for Fiscal Year 2009, are set forth below:

<u>Year</u>	<u>Amount</u>
1999	\$ 245.8 million
2000	256.6 million
2001	273.6 million
2002	278.0 million
2003	281.5 million
2004	285.0 million
2005	300.2 million
2006	309.9 million
2007	327.9 million
2008*	341.8 million
2009 (Estimate)	352.1 million

\*Unaudited Actual

PICA bonds are payable from the PICA revenues, including the PICA Tax, pledged to secure PICA’s bonds, the Bond Payment Account and any debt service reserve fund established for such bonds and have no claim on any revenues of the Commonwealth or the City.

### **Five-Year Plans of the City**

One of the conditions precedent to the issuance of bonds by PICA was the development by the City and approval by PICA of a five-year financial plan. The original five-year plan, which covered Fiscal Years 1992 through 1996, was prepared by the Mayor, approved by City Council on April 29, 1992 and by PICA on May 18, 1992. In each subsequent year, the City updated the previous year’s five-year plan, each of which was adopted by City Council, signed by the Mayor and approved by PICA.

The Mayor presented the Sixteenth Five-Year Plan to City Council on February 22, 2007. City Council approved the Fiscal Year 2008 Budget on June 14, 2007, and the Mayor signed it on June 22, 2007. The Sixteenth Five-Year Plan was revised to reflect changes made to the Fiscal Year 2008 Budget by the Mayor and City Council, submitted to PICA on June 27, 2007, and approved by PICA on July 26, 2007.

Pursuant to the PICA Act, upon completion of the FOP (as defined herein) arbitration process and the District Councils 33 and 47 benefit reopener negotiations, on November 6, 2007, the Mayor presented a revision to the Sixteenth Five-Year Plan to PICA. (See “Revenues of the City—Labor Agreements” herein.) The revision includes the increased costs associated with the new benefit agreements and maintains a projected balanced Five-Year Plan. PICA approved the plan revision.

The Mayor presented the Seventeenth Five-Year Plan (the “Plan”) to City Council on February 14, 2008. City Council approved the Fiscal Year 2009 Budget and the revised Fiscal Years 2009-2013 Five Year Plan on May 22, 2008. The Mayor signed the budget into law on May 22, 2008. The Plan was approved by PICA on June 17, 2008.

The Mayor announced, on November 6, 2008, that, as a result of the global economic situation, unless compensatory action is taken the City would experience fund balance deficits estimated to be \$108 million for Fiscal Year 2009 and \$1 billion over the next five years. The Mayor has proposed a number of measures to address these deficits as part of a plan, effectuation of which is now projected to result in a Fiscal Year 2009-ending fund balance of \$41 million. There can be no assurance that all of such measures will be able to be implemented in accordance with the plan or that, if implemented, will achieve the desired result. See "**DISCUSSION OF FINANCIAL OPERATIONS - Effect of Economic Crisis on City Budget**", herein.

## **CITY FINANCIAL PROCEDURES**

Except as otherwise noted, the financial statements, tables, statistics, and other information shown below have been prepared by the Office of the Director of Finance and can be reconciled to the financial statements in the City’s Comprehensive Annual Financial Report and Notes therein.

### **Independent Audit and Opinion of the City Controller**

The City Controller has examined and expressed opinions on the basic financial statements of the City of Philadelphia contained in the City’s Comprehensive Annual Financial Report for the Fiscal Year ended June 30, 2007 (the “Fiscal Year 2007 Comprehensive Annual Financial Report”).

The City Controller has not participated in the preparation of this Official Statement nor in the preparation of the budget estimates and projections and cash flow statements and forecasts set forth in various tables contained in this Official Statement. Consequently, the City Controller expresses no opinion with respect to any of the data contained in this Official Statement other than what is contained in the Fiscal Year 2007 Comprehensive Annual Financial Report.

### **Principal Operations**

The major operations of the City are conducted through the General Fund. In addition to the General Fund, operations of the City are conducted through two other major governmental funds and 12 minor governmental funds. The two major governmental funds and three of the minor governmental funds are financed solely through grants from the Commonwealth and Federal government. The City’s Debt Service Fund and Capital Projects Fund are also included with the minor governmental funds.

### **Fund Accounting**

Funds are groupings of activities that enable the City to maintain control over resources that have been segregated for particular purposes or objectives. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds. The governmental funds are used to account for the financial activity of the City's basic services, such as: general government; economic and neighborhood development; public health, welfare and safety; cultural and recreational; and streets, highways and sanitation. The fund financial activities focus on a short-term view of the inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. The financial information presented for the governmental funds is useful in evaluating the City's short term financing requirements.

The City maintains twenty-three individual governmental funds. The City's Comprehensive Annual Financial Report (including for the City's fiscal year ended June 30, 2007), presents data separately for the General Fund, Grants Revenue Fund and Health Choices Behavioral Health Fund, which are considered to be major funds. Data for the remaining eighteen funds are combined into a single aggregated presentation.

Proprietary Funds. The proprietary funds are used to account for the financial activity of the City's operations for which customers are charged a user fee; they provide both a long and short-term view of financial information. The City maintains three enterprise funds that are a type of proprietary funds - airport, water and wastewater operations, and industrial land bank.

Fiduciary Funds. The City is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for PGW's employees' retirement reserve assets. Both of these fiduciary activities are reported in the City's Comprehensive Annual Financial Report (including for the City's fiscal year ended June 30, 2007), as separate financial statements of fiduciary net assets and changes in fiduciary net assets.

### **Basis of Accounting and Measurement Focus**

Governmental funds account for their activities using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as in the case of full accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due; however, those expenditures may be accrued if they are to be liquidated with available resources.

Imposed non-exchange revenues, such as real estate taxes, are recognized when the enforceable legal claim arises and the resources are available. Derived tax revenues, such as wage, business privilege, net profits and earnings taxes, are recognized when the underlying exchange transaction has occurred and the resources are available. Grant revenues are recognized when all the applicable eligibility requirements have been met and the resources are available. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue that is considered to be program revenue includes: (1) charges to customers or applicants for goods received, services rendered or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program specific revenues; therefore, all taxes are considered general revenues.

The City's financial statements reflect the following three funds as major Governmental Funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.

The Health Choices Behavioral Health Fund accounts for resources received from the Commonwealth. These resources are restricted to providing managed behavioral health care to residents of the City.

The Grants Revenue Fund accounts for the resources received from various federal, state and private grantor agencies. The resources are restricted to accomplishing the various objectives of the grantor agencies.

The City also reports on Permanent Funds, which are used to account for resources legally held in trust for use by the park and library systems of the City. There are legal restrictions on the resources of the funds that require the principal to remain intact, while only the earnings may be used for the programs.

The City reports on the following Fiduciary Funds:

The Municipal Pension Fund accumulates resources to provide pension benefit payments to qualified employees of the City and certain other quasi-governmental organizations.

The Philadelphia Gas Works Retirement Reserve Fund accounts for contributions made by PGW to provide pension benefit payments to its qualified employees under its noncontributory pension plan.

The City reports on the following major Proprietary Funds:

The Water Fund accounts for the activities related to the operation of the City's water delivery and sewage systems.

The Aviation Fund accounts for the activities of the City's airports.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. The principal operating revenues of the Water Fund are charges for water and sewer service. The principal operating revenue of the Aviation Fund is charges for the use of the airport. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

## **Legal Compliance**

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). In accordance with the Home Rule Charter, the City has formally established budgetary accounting control for its operating and capital improvement funds.

The operating funds of the City, consisting of the General Fund, ten Special Revenue Funds (County Liquid Fuels Tax, Special Gasoline Tax, Health Choices Behavioral Health, Hotel Room Rental Tax, Grants Revenue, Community Development, Car Rental Tax, Wage Tax Reduction, Acute Care Hospital Assessment and Housing Trust Funds) and two Enterprise Funds (Water and Aviation Funds), are subject to annual operating budgets adopted by City Council. Included with the Water Fund is the Water Residual Fund. These budgets appropriate funds for all City departments, boards and commissions

by major class of expenditure within each department. Major classes are defined as: personal services; purchase of services; materials and supplies; equipment; contributions, indemnities and taxes; debt service; payments to other funds; and advances and other miscellaneous payments. The appropriation amounts for each fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes (except for materials and supplies and equipment, which are appropriated together) must have councilmanic approval. Appropriations that are not expended or encumbered at year-end are lapsed.

The City's capital budget is adopted annually by City Council. The capital budget is appropriated by project for each department. Requests to transfer appropriations between projects must be approved by City Council. Any appropriations that are not obligated at year-end are either lapsed or carried forward to the next fiscal year.

Schedules prepared on the legally enacted basis differ from the generally accepted accounting principles (GAAP) basis in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures.

### **Budget Procedure**

At least ninety days before the end of the Fiscal Year the operating budget for the next Fiscal Year is prepared by the Mayor and must be submitted to City Council for adoption. The budget, as adopted, must be balanced and provide for discharging any estimated deficit from the current Fiscal Year and make appropriations for all items to be funded with City revenues. The Mayor's budgetary estimates of revenues for the ensuing Fiscal Year and projection of surplus or deficit for the current Fiscal Year may not be altered by City Council. Not later than the passage of the operating budget ordinance, City Council must enact such revenue measures as will, in the opinion of the Mayor, yield sufficient revenues to balance the budget.

At least thirty days before the end of each Fiscal Year, City Council must adopt by ordinance an operating budget and a capital budget for the ensuing Fiscal Year and a capital program for the six ensuing years. If the Mayor disapproves the bill, he must return it to City Council with the reasons for his disapproval at the first meeting thereof held not less than ten days after he receives it. If the Mayor does not return the ordinance within the time required, it becomes law without his approval. If City Council passes the bill by a vote of two-thirds of all of its members within seven days after the bill has been returned with the Mayor's disapproval, it becomes law without his approval. The capital program is prepared annually by the City Planning Commission to present the capital expenditures planned for each of the six ensuing Fiscal Years, including the estimated total cost of each project and the sources of funding (local, state, Federal, and private) estimated to be required to finance each project. The capital program is reviewed by the Mayor and transmitted to City Council for adoption with his recommendation thereon. See Table 16 for a summary of the City's capital improvement program for the Fiscal Years 2009 through 2014.

The capital budget ordinance, authorizing in detail the capital expenditures to be made or incurred in the ensuing Fiscal Year from funds that City Council appropriates, is adopted by City Council concurrently with the capital program. The capital budget must be in full conformity with that part of the capital program applicable to the Fiscal Year that it covers.

## **Awards**

For the twenty-eighth consecutive year, the Government Finance Officers Association of the United States and Canada (GFOA) awarded its prestigious Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2007. The City received this recognition by publishing a report that was well organized and readable and satisfied both generally accepted accounting principles and applicable legal requirements.

## **CITY CASH MANAGEMENT AND INVESTMENT POLICIES**

### **Consolidated Cash**

The Act of the General Assembly of the Commonwealth of June 25, 1919, P.L. 581, Art. XVII, § 6, gives the City the authority to make temporary inter-fund loans between operating and capital funds.

The Consolidated Cash Account provides for the physical commingling of the cash of all City Funds, except those which, for legal or contractual reasons, cannot be commingled (e.g., the Municipal Pension Fund, sinking funds, sinking fund reserves, funds of PGW, the Water Fund, the Aviation Fund and certain other restricted purpose funds). A separate accounting is maintained for the equity of each member fund in the Consolidated Cash Account. The City manages the Consolidated Cash Account pursuant to the following procedures:

To the extent that any member fund temporarily experiences the equivalent of a cash deficiency, the required advance is made from the Consolidated Cash Account, in the amount necessary to result in a zero balance in the cash equivalent account of the borrowing fund. All subsequent net receipts of a borrowing fund are applied in repayment of the advance.

All advances are made within the budgetary constraints of the borrowing funds. Within the General Fund, this system of inter-fund advances has historically resulted in the temporary use of tax revenues or other operating revenues for capital purposes and the temporary use of capital funds for operating purposes.

Procedures governing the City's cash management operations require the General Fund-related operating fund to borrow initially from the General Fund-related capital fund, and only to the extent there is a deficiency in such fund may the General Fund-related operating fund borrow money from any other funds in the Consolidated Cash Account.

### **Investment Practices**

Cash balances in each of the City's funds are managed to maintain daily liquidity to pay expenses, and make investments that preserve principal while striving to obtain the maximum rate of return. In accordance with the Home Rule Charter, the City Treasurer is the City Official for managing cash collected into the City Treasury. The available cash balances in excess of daily expenses are placed in demand accounts, swept into money market mutual funds, or used to make investments directed by professional money managers. These investments are held in segregated trust accounts at a separate financial institution. Cash balances related to Revenue Bonds for Water and Sewer and the Airport are directly deposited and held separately in trust. A Fiscal Agent manages these cash balances per the related bond documents and the investment practice is guided by administrative direction of the City Treasurer per the Investment Committee and the Investment Policy. In addition, certain operating cash deposits (such as Community Behavioral Health, Special Gas/County Liquid and "911" surcharge) of the City are

restricted by purpose and required to be segregated into accounts in compliance with Federal or State reporting.

Investment guidelines for the City are embodied in legislation approved by City Council appearing in the Philadelphia City Code, Chapter 19. In furtherance of the City, State, and Federal legislative guidelines, the Director of Finance adopted a written Investment Policy (the “Policy”) that first went into effect in August 1994 and most recently was revised in April 2001. This Policy supplements other legal requirements and establishes a comprehensive investment policy for the overall administration and effective management of all monetary funds (except the Municipal Pension Fund and PGW Retirement Reserve Fund).

The Policy delineates the authorized investments as approved by City Council Ordinance and the funds to which the Policy applies. The authorized investments include U.S. Government Securities, U.S. Treasuries, U.S. Agencies, Certificates of Deposit, Bankers Acceptance Notes, Eurodollar Deposits, Euro Certificates of Deposit, Commercial Paper, Corporate Bonds, Money Market Mutual Funds, Repurchase Agreements and Commonwealth of Pennsylvania securities, all of investment grade rating or better. Each category of instruments, excluding U.S. Government Treasury and Agency securities which carry no limitation, is limited to investment of no more than 25% of the total portfolio, and no more than 10% of the total portfolio per institutional or corporate issuer. The Policy also restricts investments to those having a maximum maturity of two years. Daily liquidity is maintained through the use of SEC-registered money market mutual funds with the balance of funds invested by the City or money managers in accordance with the Policy.

The Policy provides for an ad hoc Investment Committee consisting of the Director of Finance, the City Treasurer and the Deputy City Treasurer with ex-officio membership of a representative of each of the principal operating and capital funds, i.e., Water Fund, Aviation Fund, Philadelphia Gas Works and Philadelphia Municipal Authority. The Investment Committee meets quarterly with each of the investment managers to review each manager’s performance to date and to plan for the next quarter. Investment managers are given any changes in investment instructions at these meetings. The Investment Committee approves all modifications to the Policy.

The Policy expressly forbids the use of any derivative investment product whose yield or market value does not follow the normal swings in interest rates. Investment in derivatives such as “inverse floaters,” leveraged variable rate debt and interest-only or principal-only Collateralized Mortgage Obligations are specifically forbidden. The use of any other derivative investment products is restricted to identified “core cash” in any fund but never to exceed 25% of any fund’s balance at the time of purchase. The Finance Director has established internal controls in the management of the City’s short-term investments (usually 2 year or less). The internal controls are designed to prevent and control losses of City funds arising from fraud, employee error, and misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by any personnel.

### **General Fund Cash Flow**

Because the receipts of General Fund revenues lag behind expenditures during most of each fiscal year, the City issues notes in anticipation of General Fund revenues and makes payments from the Consolidated Cash Account to finance its on-going operations. The City has issued notes in anticipation of the receipt of income by the General Fund in each fiscal year since Fiscal Year 1972 (with a single exception). Each issue was repaid when due, prior to the end of the fiscal year.

The timing imbalance referred to above results from a number of factors, principally the following: (1) real property, business privilege tax and certain other taxes are not due until the latter part

of the fiscal year; (2) the City makes the majority of the employer's contribution to the Municipal Pension Fund in the early part of each Fiscal Year; and (3) the City experiences lags in reimbursement from other governmental entities for expenditures initially made by the City in connection with programs funded by other governments.

## **DISCUSSION OF FINANCIAL OPERATIONS**

### **Fiscal Year 2008 Budget**

The City's Fiscal Year 2008 budget was approved by City Council on June 14, 2007, and signed by the Mayor on June 22, 2007. The budget projects estimated revenues of \$3.731 billion, obligations of \$3.92 billion and an ending fund balance of \$84.4 million on the legally enacted basis. This budget was adopted by the City in conjunction with the Sixteenth Five-Year Plan approved by the PICA Board.

### **Fiscal Year 2008 Unaudited Actual**

Unaudited results for Fiscal Year 2008 reflect revenues of \$3.72 billion, obligations of \$3.92 billion and a Fiscal Year 2008 fund balance of \$119.5 million on a legally enacted basis (modified accruals), an increase of \$35.1 million over the fund balance estimated in the Adopted Budget, but a decrease of \$178.4 million from the Fiscal Year 2007 ending fund balance. The decrease was caused in large part by one-time payments to the City's four unions as part of collective bargaining agreement settlements and reduction in business privilege and real estate transfer tax collections. This increase over the estimate in the Adopted Budget is largely due to the fact that the Fiscal Year 2007 fund balance was \$126 million higher than anticipated when the budget was adopted. The estimate is also \$54 million lower than the Fiscal Year 2008 fund balance estimated in the Approved Five Year Plan. This decrease is the result of the lower than expected business privilege tax receipts, and lower state reimbursements. In addition, the administration decided not to liquidate the Productivity Bank which resulted in a \$12 million reduction in locally generated non tax revenue.

### **Fiscal Year 2009 Adopted Budget**

The City's Fiscal Year 2009 budget was approved by City Council on May 22, 2008 and signed into law that day. The budget projects estimated revenues of \$3.9 billion, obligations of \$4.03 billion and an ending fund balance of \$62.5 million on the legally enacted basis. This budget was adopted by the City in conjunction with the Seventeenth Five-Year Plan which was approved by PICA on June 17, 2008.

### **Fiscal Year 2009 Current Estimate**

The City's Fiscal Year 2009 current estimate projects revenues of \$3.83 billion and obligations of \$3.93 billion on a legally enacted basis. Tax revenues are now projected to be \$100 million below budget levels. The real estate transfer tax and business privilege tax account for almost \$90 million of the reduction. Total general fund revenue is projected to be \$57.3 million below budget. Obligations are now projected to be \$98 million below budgeted levels as the administration takes quick action to reduce obligations and avoid a potential deficit. The Fiscal Year 2009 fund balance is projected to be \$41 million. While this estimate is \$78 million lower than the Fiscal Year 2008 fund balance, it is significantly higher than fund balance projections without corrective action.

## **Effect of Economic Crisis on City Budget**

For the last several months, Mayor Nutter has spoken about the impact of the economic downturn on the City's financial situation. Like other local governments across the country, the City is experiencing declines in tax collections and expected increases in pension costs. On November 6, 2008, Mayor Nutter announced the City's budget-balancing plan to address what would be, unless compensatory action is taken, an estimated \$1 billion deficit over the next five years and a \$108 million fund balance deficit, out of a \$4 billion budget, in Fiscal Year 2009.

The Mayor's plan includes, among other things, curtailment of certain nonessential services, suspension of business and wage tax reductions until fiscal 2015, closing 62 of 73 of outdoor pools and 11 libraries, laying off 220 City employees and not filling 600 vacant positions, and reducing employee overtime costs. The budget-balancing plan is expected to result in \$148 million in savings for Fiscal Year 2009, which, based upon current revenue estimates, would result in a Fiscal-2009 ending fund balance of \$41 million. The cash flows contained herein take into account updated revenue projections and the Mayor's plan for budget balance. There can be no assurance that such measures will be able to be implemented in accordance with the plan or that, if implemented, will achieve the desired result.

The City expects to repay principal of and interest on the Notes when due.

(a) Revenues of the Water Fund are not legally available for payment of other obligations of the City until, on an annual basis, all revenue bond debt service requirements and covenants relating to those bonds have been satisfied, and then only to the extent of \$4,994,000 per year, provided certain further conditions are satisfied. From Fiscal Year 1991 to Fiscal Year 2003, the maximum transfer, per administrative agreement, was \$4,138,000. For Fiscal Year 2004, the budgeted transfer was not made. For Fiscal Year 2005, the transferred amount was \$4,401,000. For Fiscal Year 2006, 2007 and 2008, the transferred amount was \$4,994,000.

(b) Airport revenues are not available for other City purposes.

(c) Includes County Liquid Fuels Tax Fund, Special Gasoline Tax Fund and Water Residual Fund.

(d) Excludes PICA bonds.

FIGURES MAY NOT ADD DUE TO ROUNDING.

## **Quarterly Reporting to PICA**

On November 16, 1992, the City submitted the first of its quarterly reports to PICA. This reporting is required under the PICA Act so that PICA may determine whether the City is in compliance with the then-current Five-Year Plan. Under the PICA Act, a “variance” is deemed to have occurred as of the end of a reporting period if (i) a net adverse change in the fund balance of a covered fund of more than 1% of the revenues budgeted for such fund for that fiscal year is reasonably projected to occur, such projection to be calculated from the beginning of the fiscal year for the entire fiscal year, or (ii) the actual net cash flows of the City for a covered fund are reasonably projected to be less than 95% of the net cash flows of the City for such covered fund for that fiscal year originally forecast at the time of adoption of the budget, such projection to be calculated from the beginning of the fiscal year for the entire fiscal year. The Mayor is required to provide a report to PICA that describes actual or current estimates of revenues, expenditures, and cash flows by covered funds compared to budgeted revenues, expenditures, and cash flows by covered funds for such previous quarterly or monthly period and for the year-to-date period from the beginning of the then-current fiscal year of the City to the last day of the fiscal quarter or month, as the case may be, just ended. Each such report is required to explain any variance existing as of such last day.

PICA may not take any action with respect to the City for variances if the City (i) provides a written explanation of the variance that PICA deems reasonable; (ii) proposes remedial action that PICA believes will restore overall compliance with the then-current Five-Year Plan; (iii) provides information in the immediately succeeding quarterly financial report demonstrating to the reasonable satisfaction of PICA that the City is taking remedial action and otherwise complying with the then-current Five-Year Plan; and (iv) submits monthly supplemental reports as required by the PICA Act.

## **REVENUES OF THE CITY**

### **General**

In 1932, the Pennsylvania General Assembly adopted an act (commonly referred to as the Sterling Act) under which the City was permitted to levy any tax that was not specifically pre-empted by the Commonwealth. Prior to 1939, the City relied heavily upon the real property tax as the mainstay of its revenue system. Acting under the Sterling Act and other legislation, the City has taken various steps over the years to reduce its reliance on real property taxes as a source of income, including: (1) enacting the wage, earnings, and net profits tax in 1939; (2) introducing a sewer service charge to make the sewage treatment system self-sustaining after 1945; (3) requiring under the Home Rule Charter that the water, sewer, and other utility systems be fully self-sustaining; and (4) enacting in 1952 the Mercantile License Tax (a gross receipts tax on business done within the City), which was replaced as of the commencement of Fiscal Year 1985 by the Business Privilege Tax.

### **Major Revenue Sources**

The City derives its revenues primarily from various taxes, non-tax revenues, and receipts from other governments. See Table 8 for revenues by major source for Fiscal Years 1999-2009 and Table 9 for General Fund tax revenues for Fiscal Years 2004-2009. The following description does not take into account revenues in the Non-Debt Related Funds. The tax rates for Fiscal Years 1997 through 2007 are contained in the Fiscal Year 2007 Comprehensive Annual Financial Report.

**Wage, Earnings, and Net Profits Taxes** — These taxes are levied on the wages, earnings, and net profits of all residents of the City and all non-residents employed within the City. The rate for both residents and non-residents was 4.3125% from Fiscal Year 1977 through Fiscal Year 1983. For Fiscal

Years 1984 through 1991 the wage and earnings tax rate was 4.96% for residents and 4.3125% for non-residents and the net profits tax rate was 4.96% for both residents and non-residents.

In Fiscal Year 1992, the City reduced the City wage, earnings, and net profits tax on City residents by 1.5% and imposed the PICA Tax on wages, earnings and net profits at the rate of 1.5% on City residents. The table below sets forth the resident and non-resident wage and earnings tax rates for Fiscal Years 1999-2008, and the annual wage and earnings tax receipts in Fiscal Years 1999-2008 and the estimated receipts in Fiscal Year 2009.

<u>Fiscal Year</u>	<u>Resident Wage and Earnings Tax Rates*</u>	<u>Non-Resident Wage and Earnings Tax Rates</u>	<u>Annual Wage and Earnings Tax Receipts (including PICA Tax) (Amounts in Millions)</u>
1999	4.6869%	4.0750%	\$1,195.6
2000	4.6135	4.0112	1,242.3
2001	4.5635	3.9672	1,332.6
2002	4.5385	3.9462	1,297.3
2003	4.5000	3.9127	1,306.6
2004	4.4625	3.8801	1,347.6
2005	4.3310	3.8197	1,387.5
2006	4.3010	3.7716	1,435.6
2007	4.2600	3.7557	1,510.6
2008	4.2190	3.7242	1,527.5 <sup>†</sup>
2009	3.98 (July 1)	3.5392 (July 1)	1,472.7
(Current Estimate) <sup>**</sup>	3.93 (January 1)	3.50 (January 1)	

<sup>†</sup> Unaudited Actual.

\* Includes PICA Tax.

\*\* There are two rate decreases during Fiscal Year 2009.

In the Seventeenth Five-Year Plan, the Mayor approved further reductions in this tax rate for each of the Fiscal Years 2009-2013. The Seventeenth Five-Year Plan approved reducing the wage tax from its current level of 4.2190% for residents and 3.7242% for non-residents to 3.60% for residents and 3.25% for non-residents by Fiscal Year 2013. These reduced rates include rate reductions funded through tax reduction funding provided by the Commonwealth of Pennsylvania from gaming proceeds. In Fiscal Year 2009 there will be two rate reductions: one that took effect July 1, 2008 and the other that will take effect January 1, 2009. Each approved Five-Year Plan since the one covering Fiscal Years 1996-2000 has included reductions in this tax rate for each of its fiscal years.

**Business Privilege Tax** — In May 1984, the City enacted an ordinance substituting the Business Privilege Tax for the Mercantile License Tax. The Business Privilege Tax has been levied since January 1985 on every entity engaging in business in the City.

The Business Privilege Tax is a composite tax. Tax rates vary according to business classification (regulated, non-regulated, persons registered under the Pennsylvania Securities Act of 1972, manufacturing, wholesale, or retail) and method of tax computation employed. The various methods of tax computation are as follows: effective Fiscal Year 1989, all regulated industries, banks, trust companies, insurance companies, and public utilities, among others, were taxed at an annual rate of 3.25 mills on annual receipts not to exceed 6.5% of their net income. The tax on annual receipts and net income of all businesses, other than regulated industries, was levied at 3.25 mills and 6.5%, respectively, provided that persons registered under the Pennsylvania Securities Act of 1972 shall in no event pay a tax

of less than 5.711 mills on all taxable receipts plus the lesser of 4.302% of net income or 4.302 mills on gross taxable receipts.

Non-regulated industry manufacturers can opt for a lower 5.395% rate on receipts from sales after deducting the applicable cost of goods. Non-regulated wholesalers may choose a gross receipts tax on wholesale transactions at a lower rate of 7.55% after deducting applicable product and labor costs. Non-regulated retailers have the option of choosing the lower rate of 2.1% on receipts from retail sales after deducting applicable product and labor costs.

All persons subject to both the Business Privilege Tax and the Net Profits Tax are entitled to apply a credit of 60% of their Business Privilege Tax liability against what is due on the Net Profits Tax, which credit may be carried back or forward for up to three years.

In Fiscal Year 1996, the City began a program of reducing the gross receipts portion of the Business Privilege Tax from its previous level of 3.25 mills. The tax rates for tax years 1999-2009 are set forth below.

<u>Tax Year</u>	<u>Business Privilege Tax/Gross Receipts</u>
1999	2.775 mills
2000	2.650 mills
2001	2.525 mills
2002	2.400 mills
2003	2.300 mills
2004	2.100 mills
2005	1.900 mills
2006	1.665 mills
2007	1.540 mills
2008	1.415 mills
2009	1.325 mills

In the Seventeenth Five-Year Plan, the Mayor approved further reductions in the gross receipts portion of the Business Privilege Tax for each of the Fiscal Years 2009-2013. The Seventeenth Five-Year Plan approved reducing the gross receipts portion of the tax from its current rate of 0.1415% to 0.10% in Fiscal Year 2013. In addition, the Mayor approved reducing the percentage of net income portion of the Business Privilege tax to 6.25% in Fiscal Year 2013 from 6.5% in Fiscal Year 2008. The Fiscal Year 2009 rate will be reduced to 6.45%.

All business activity is also assessed a one-time \$200 licensing fee administered by the Department of Licenses and Inspections.

**Real Property Taxes** — A real estate tax on all taxable real property is levied at a rate of 82.64 mills on the assessed value of residential and commercial property located within the City’s boundaries. From Fiscal Year 2003 through Fiscal Year 2007 the City’s portion of the rate was 34.74 mills and the School District’s portion was 47.90 mills. In Fiscal Year 2008, City Council shifted 1.69 mills of City tax to the School District. In Fiscal Year 2008, the City’s portion of the rate is 33.05 mills and the School District’s portion is 49.59 mills.

**Sales and Use Tax** — In connection with the adoption of the Fiscal Year 1992 Budget, the City adopted a 1% sales and use tax (the “City Sales Tax”) for City general revenue purposes. The Commonwealth authorized the levy of this tax under the PICA Act. Vendors are required to pay this sales tax to the Commonwealth Department of Revenue together with the similar Commonwealth sales

and use tax. The State Treasurer deposits the collections of this tax in a special fund and disburses the collections, including any investment income earned thereon, less administrative fees of the Commonwealth Department of Revenue, to the City on a monthly basis.

The City Sales Tax is imposed in addition to, and on the same basis as, the Commonwealth's sales and use tax. The City Sales Tax became effective September 28, 1991 and is collected for the City by the Commonwealth Department of Revenue. The table below sets forth the City Sales Tax collected in Fiscal Years 1999 through 2008 and estimated collections for Fiscal Year 2009.

<u>Fiscal Year</u>	<u>City Sales Tax Collections</u>
1999	\$101.4 million
2000	103.7 million
2001	111.3 million
2002	108.1 million
2003	108.0 million
2004	108.0 million
2005	119.9 million
2006	127.8 million
2007	132.6 million
2008*	137.3 million
2009 (Current Estimate)	133.0 million

\* Unaudited Actual

**Other Taxes** — The City also collects real property transfer taxes, parking lot taxes, and other miscellaneous taxes such as the Amusement Tax.

**Other Locally Generated Non-Tax Revenues** — These revenues include license fees and permit sales, traffic fines and parking meter receipts, court related fees, stadium revenues, interest earnings and other miscellaneous charges and revenues of the City.

**Revenue from Other Governments** — The City's Fiscal Year 2009 General Fund current estimate projects that approximately 28.5% of General Fund revenues will be received from other governmental jurisdictions, including: (1) \$537 million from the Commonwealth for health, welfare, court, and various other specified purposes; (2) \$200 million from the Federal government; and (3) \$68.6 million from other governments, in which revenues are primarily rental and loan repayments from the Philadelphia Gas Works and the Convention Center Service Fee offset. In addition, the projected net collections of the PICA Tax of \$281.6 million are included in "Revenue from Other Governments." These amounts do not include the substantial amounts of revenues from other governments received by the Grants Revenue Fund, Community Development Fund, and other operating and capital funds of the City.

### **Revenues from City-Owned Systems**

In addition to taxes, the City realizes revenues through the operation of various City-owned systems such as the Water and Wastewater Systems and PGW. The City has issued revenue bonds with respect to the Water and Wastewater Systems and PGW to be paid solely from and secured by a pledge of the respective revenues of these systems. The revenues of the Water and Wastewater Systems and PGW are not legally available for payment of other obligations of the City until, on an annual basis, all revenue bond debt service requirements and covenants relating to those bonds have been satisfied and then, in a limited amount and upon satisfaction of certain other conditions.

Effective June 1991, the revenues of the Water Department were required to be segregated from other funds of the City. Under the City's Restated General Water and Wastewater Revenue Bond Ordinance of 1989 (the "Water Ordinance"), an annual transfer may be made from the Water Fund to the City's General Fund in an amount not to exceed the lesser of (a) all Net Reserve Earnings, as defined below, or (b) \$4,994,000. Net Reserve Earnings means the amount of interest earnings during the fiscal year on amounts in the Debt Reserve Account and Subordinated Bond Fund, as defined in the Water Ordinance. Commencing in Fiscal Year 1991, the \$4,994,000 amount was reduced to \$4,138,000 by administrative agreement that remained in effect through Fiscal Year 2003. No such transfer was made in Fiscal Year 1992; however, the transfer was made in each subsequent year through Fiscal Year 2003. For Fiscal Year 2004, the transfer was to have increased to \$4,994,000 but no payment was made. For Fiscal Year 2005, the transferred amount was \$4,401,000; for Fiscal Year 2006, the transferred amount was \$4,994,000; and for Fiscal Years 2007 and Fiscal Year 2008, the transferred amount was \$4,994,000.

On November 26, 2007, the City provided a surety bond in lieu of \$67 million of the funds and investments currently held in the Debt Reserve Account. The revenues of PGW are segregated from other funds of the City. Payments for debt service on Gas Works Revenue Bonds are made directly by PGW. In previous years, PGW has also made an annual payment of \$18,000,000 to the City's General Fund. For Fiscal Year 2005 the City agreed to forgo the \$18,000,000 payment and for Fiscal Year 2006 and 2007 the City budgeted the receipt of the \$18,000,000 payment and the grant back of such amount to PGW. The City's Seventeenth Five-Year Plan assumes that the \$18,000,000 payment will be made in each of Fiscal Years 2008 through 2013 and that the City will grant back such payment to PGW in each such Fiscal Year.

### **Philadelphia Parking Authority**

The Philadelphia Parking Authority ("PPA") was established by City ordinance pursuant to the Pennsylvania Parking Authority Law, P.L. 458, No. 208 (June 5, 1947). Various statutes, ordinances, and contracts authorized PPA to plan, design, acquire, hold, construct, improve, maintain and operate, own or lease land and facilities for parking in the City, including such facilities at Philadelphia International Airport (the "Airport"), and to administer the City's on-street parking program through an Agreement of Cooperation ("Agreement of Cooperation") with the City.

Revenues under the Lease Agreement with PPA – PPA owns and operates five parking garages at the Airport, as well as operating a number of surface parking lots at the Airport. The land on which these garages and surface lots are located is leased from the City, acting through the Department of Commerce, Division of Aviation, pursuant to a lease expiring in 2030 (the "Lease Agreement"). The Lease Agreement provides for payment of rent to the City, which is equal to gross receipts less operating expense, debt service on PPA's bonds issued to finance improvements at the Airport and reimbursement to PPA for capital expenditures and prior year operating deficits relating to its Airport operations, if any. The City received transfers of rental payments in Fiscal Years 2003 through 2008 that totaled \$11,629,311, \$14,539,053, \$27,239,000, \$30,186,642, \$33,184,918, and \$33,570,037, respectively. The Fiscal Year 2009 budgeted transfer amount is \$35,000,000.

One component of the operating expenses is PPA's administrative costs. In 1999, at the request of the Federal Aviation Administration ("FAA"), PPA and the City entered into a letter agreement (the "FAA Letter Agreement") which contained a formula for calculating PPA's administrative costs and capped such administrative costs at 28% of PPA's total administrative costs for all of its cost centers. PPA owns and/or operates parking facilities at a number of non-Airport locations in the City. These parking facilities are revenue centers for purposes of the FAA Letter Agreement.

## **Assessment and Collection of Real and Personal Property Taxes**

The Board of Revision of Taxes (the “Board”) appoints real estate assessors who annually assess all real estate located within the City. The assessors return assessments for each parcel of real estate to the Board. The Board may increase or decrease the property valuations contained in the returns of the assessors in order that such valuations conform with law. After the Board gives proper notice of all changes in property assessments, and after it has heard all assessment appeals, it then makes assessments and certifies the results to the Department of Revenue.

Real estate taxes, if paid by February 28, are discounted by 1%. If the tax is paid during the month of March, the gross amount of tax is due. If the tax is not paid by the last day of March, tax additions of 1.5% per month are added to the tax for each month that the tax remains unpaid through the end of the calendar year. Beginning in January of the succeeding year, the 15% tax additions that accumulated during the last ten months of the preceding years are capitalized and the tax is registered delinquent. Interest is then computed on the new tax base at a rate of 0.5% per month until the real estate tax is fully paid. Commencing in February of the second year, an additional 1% per month penalty is assessed for a maximum of seven months. See the Fiscal Year 2007 Comprehensive Annual Financial Report for assessed and market values of taxable realty in the City and for levies and rates of collections.

During Fiscal Year 1997 and subsequent to the adoption of the Fiscal Year 1998 budget, the City decided to abandon the collection of the Personal Property Tax due to uncertainty as to the outcome of litigation challenging specific aspects of the tax then pending in other jurisdictions of the Commonwealth. As a result, the City realized no Personal Property Tax revenues in Fiscal Year 1998 or in subsequent years. The Personal Property Tax had been levied on the value of certain personal property of the residents of the City.

### EXPENDITURES OF THE CITY

The major City expenditures are for personal services, employee benefits, purchase of services (including payments to SEPTA), and debt service.

#### **Personal Services (Personnel)**

As of June 30, 2008, the City employed 27,747 full-time employees with the salaries of 23,111 employees paid from the General Fund. Additional employment is supported by other funds, including the Water Fund and the Aviation Fund.

Additional operating funds for employing personnel are contributed by other governments, primarily for categorical grants, as well as for the conduct of the community development program. These activities are not undertaken if funding is not received.

[Remainder of Page Intentionally Left Blank]

The following table sets forth the number of filled full-time positions of the City as of the dates indicated.

### **Labor Agreements**

Four major bargaining units represent City employees for collective bargaining purposes. District Councils 33 and 47 of the American Federation of State, County and Municipal Employees, AFL-CIO represents approximately 15,000 non-uniformed employees. The bargaining units for uniformed employees are the Fraternal Order of Police, Lodge 5 (the “FOP”) and the Philadelphia Fire Fighters Association, Local 22, International Association of Fire Fighters AFL-CIO (“IAFF Local 22”), which together represent approximately 9,400 employees. The non-uniformed employees bargain under Act 195 of 1972, which allows for the limited right to strike over collective bargaining impasses. The uniformed employees bargain under Pennsylvania Act 111 of 1968, which provides for final and binding interest arbitration to resolve collective bargaining impasses. All contract expiration dates are June 30 unless otherwise noted.

In September 2004, a collective bargaining agreement was reached with District Council 47. This four-year contract includes a \$750 payment to each member with no general wage increase in Fiscal Year 2005 and wage increases of 2, 3 and 4 percent effective July 1 of each succeeding year, respectively. In December 2004, a collective bargaining agreement was reached with District Council 33, which mirrored the agreement previously reached with District Council 47. Each of the collective bargaining agreements included a health benefit reopener provision for the final two years of the agreement. The City recently concluded negotiations with District Councils 33 and 47 and has agreed to increase the per member per month contributions to the unions by fourteen percent in Fiscal Year 2007 and an additional fourteen percent in Fiscal Year 2008.

On June 28, 2006, an arbitration panel issued a 3-year award to the IAFF Local 22. The award granted wage increases of 3.0% effective July 1, 2005, 3.0% effective July 1, 2006, and 4.0% effective July 1, 2007. In addition, the panel granted Local 22 health medical increases of 11.3% effective July 1, 2005, 14.1% effective July 1, 2006, and 14.0% effective July 1, 2007. The arbitration panel also

addressed management issues believed by the City to be outside its jurisdiction. On August 24, 2007, the Commonwealth Court issued an opinion affirming in part and revising in part. The Court upheld the medical increases granted by the arbitrator's and revised the decision that limited the City's management rights.

The FOP contract contained a 3% increase in wages effective July 1, 2004, 3% effective July 1, 2005, 3% effective July 1, 2006 and a 4% increase effective July 1, 2007. The award also called for a re-opener for health medical coverage for Fiscal Year 2006 and Fiscal Year 2007.

At the re-opener in August of Fiscal Year 2006, the arbitrators ordered the City to increase FOP healthcare contributions by 15.7 percent and 10 percent in Fiscal Year 2006 and Fiscal Year 2007, respectively. After a City appeal, the Court of Common Pleas remanded the ruling back to arbitration, but the panel reissued its original ruling with no change. The City appealed the ruling to Common Pleas Court on February 13, 2006, and lost. The City has appealed that ruling in Commonwealth Court which ruled in favor of the City. The FOP petitioned the Pennsylvania Supreme Court asking the Court to review the matter, which the Court declined to do. The Mayor and the FOP reached a settlement in which the City agreed to pay the amounts awarded by the arbitrator. Accordingly, the matter has been withdrawn as moot.

On July 10, 2008 the arbitration panel awarded a one-year contract to the FOP effective July 1, 2008. The award calls for a 2 percent wage increase effective July 1, 2008, a 2 percent wage increase effective January 1, 2009 and a 1 percent increase in longevity pay effective January 1, 2009. In addition, the panel reduced the per member per month health medical payment from the current monthly rate of \$1,303 per member to \$1,165 per member.

On October 17, 2008, an arbitration panel awarded a one-year contract to the IAFF effective July 1, 2008. The award calls for a 2 percent wage increase effective July 1, 2008, a 2 percent wage increase effective January 1, 2009, and a 1 percent increase in longevity pay effective January 1, 2009. In addition, the panel reduced the per member per month health medical payment from the current monthly rate of \$1,444 per member to \$1,270 per member.

The City has also reached a one year agreement with District Council 33 and District Council 47, which was effective July 1, 2008. The agreement calls for a lump sum bonus of \$1,100 per member. The agreement also calls for no increase in the current per member per month health benefit payment. The union memberships have ratified the agreements.

The following table presents employee wage increases for the Fiscal Years 1998 through 2009.

---

\* The Pension Contribution amount includes debt service on the Pension Obligation Bonds, Series 1999.

**Municipal Pension Fund (Related to All Funds)**

The City is required by the Home Rule Charter to maintain an actuarially sound pension and retirement system covering all officers and employees of the City. Court decisions have interpreted this requirement to mean that the City must make contributions to the Municipal Pension Fund sufficient to fund:

A. Accrued actuarially determined normal costs.

B. Amortization of the unfunded actuarial accrued liability (“UAAL”) determined as of July 1, 1985. The portion of that liability attributable to a class action lawsuit by pension fund beneficiaries is amortized in level installments, including interest, over 40 years through June 30, 2009. The remainder of the liability is amortized over 34 years with increasing payments expected to be level as a percentage of each year’s aggregate payroll.

C. Amortization in level percent of pay of the changes in the July 1, 1985 liability due to: nonactive member’s benefit modifications (10 years); experience gains and losses (15 years); changes in actuarial assumptions (20 years); and active members’ benefit modifications (20 years).

The pension fund was actuarially valued every two years through 1984, and beginning with the July 1, 1985 valuation report, is required to be actuarially valued each year.

The July 1, 1980 unfunded liability, as amended by subsequent reports, will be amortized over 38 years through annual contributions which will closely approximate a level percent of payroll. The Pennsylvania Municipal Pension Plan Funding Standard and Recovery Act, enacted December 18, 1984 adopted changes in funding of municipal pensions that have been reflected in the valuation report for July 1, 1985. In particular, this act generally requires that unfunded actuarial accrued liability be funded in annual level dollar payments. The City is permitted to amortize the July 1, 1985 UAAL over 40 years as a level percentage of pay of each year’s aggregate payroll ending in 2025.

A July 2004 amendment to Act 205 allowed for 2001 and 2002 calendar year investment losses to be amortized over 30 years, rather than the usual 15.

Based on the City's most recent actuarial report dated as of July 1, 2007, the unfunded accrued liability was \$3.77 billion which equals a funding ratio of 53.9%.

Non-uniformed employees become vested in the Municipal Pension Plan upon the completion of ten years of service. Upon retirement, non-uniformed employees may receive up to 80% of their average final compensation depending upon their years of credited service. Uniformed employees become vested in the Municipal Pension Plan upon the completion of ten years of service. Upon retirement, uniformed employees may receive up to 100% of their average final compensation depending upon their years of credited service. The retirement age differs for Plan 67 (age 55) and Plan 87 (age 60).

Effective January 1, 1987 the City adopted a new plan ("Plan 87") to cover employees hired after January 8, 1987, as well as members in the previous Plan who elected to transfer to Plan 87. Except for elected officials, Plan 87 provides for less costly benefits and reduced employee contributions. For elected officials, Plan 87 provides for enhanced benefits, with participating elected officials required to pay for the additional normal cost. Police and Fire personnel became eligible for Plan 87 on July 1, 1988. Because of Court challenges, members of District Council 33 and Locals 2186 and 2187 of District Council 47 were not eligible for Plan 87 until October 2, 1992.

A comprehensive statement of operations of the City Municipal Pension Fund for Fiscal Years 1998 through 2007 is contained in the Fiscal Year 2007 Comprehensive Annual Financial Report.

[Remainder of Page Intentionally Left Blank]

## Purchase of Services

The City accounts for a number of expenditures as purchase of services. The following table presents major purchases of services in the General Fund in Fiscal Years 2004 through 2009.

- (a) Includes payments for care of dependent and delinquent children.
- (b) Includes payments for SEPTA, space rentals, utilities, and telecommunications. In Fiscal Year 2008, the telecommunications division was transferred to the Mayor's Office of Information Services (M.O.I.S.). Services purchased for MOIS appear in the table under the category "All Other".
- (c) Includes solid waste disposal costs.
- (d) Includes, among other things, Justice Center, Neighborhood Transformation Initiative and Stadium lease debt.
- (e) Includes payments to the Defender Association to provide legal representation for indigents.
- (f) Includes payments for demolition in Fiscal Year 2006, Fiscal Year 2007, Fiscal Year 2008 and Fiscal Year 2009.
- (g) Includes homeless shelter and boarding home payments.

FIGURES MAY NOT ADD DUE TO ROUNDING

### **City Payments to School District**

In each fiscal year since Fiscal Year 1996, the City has made an annual grant of \$15 million to the School District. Pursuant to negotiations with the Commonwealth to address the School District's current and future educational and fiscal situation, the Mayor and City Council agreed to provide the School District with an additional annual \$20 million beginning in Fiscal Year 2002. In Fiscal Year 2008, the Mayor and City Council agreed to provide an additional \$2 million, bringing the total contribution to \$37 million.

### **City Loan to PGW**

The City made a loan of \$45 million to PGW during Fiscal Year 2001 to assist PGW in meeting its cash flow requirements. This loan was scheduled to mature in Fiscal Year 2007; however, PGW did not make the \$45 million payment. PGW repaid \$2 million to the City on August 31, 2007. PGW remitted a payment for \$20.5 million before December 28, 2007; and PGW remitted a payment for the balance of \$22.5 million on August 29, 2008. In addition, in order to assist PGW, (i) the City agreed to forgo the \$18 million annual rental payment in Fiscal Year 2005, (ii) for Fiscal Years 2006 and 2007 the City made a grant to PGW equal to the annual rental payment received from PGW in such fiscal years, and (iii) the City's Seventeenth Five-Year Plan contemplates that in each of the Fiscal Years 2008 through 2013, the City will make a grant to PGW equal to the annual rental payment received from PGW in such Fiscal Years.

### **City Payments to SEPTA**

The City's Fiscal Year 2007 operating subsidy payment to SEPTA was \$58.0 million. The Fiscal Year 2009 budget projects operating subsidy payments to SEPTA of \$63.1 million. The Seventeenth Five-Year Plan provides that the City's contribution to SEPTA will increase to \$66.3 million by Fiscal Year 2013.

## **DEBT OF THE CITY**

The Constitution of the Commonwealth provides that the authorized debt of the City "may be increased in such amount that the total debt of said City shall not exceed 13.5% of the average of the annual assessed valuations of the taxable realty therein, during the ten years immediately preceding the year in which such increase is made, but said City shall not increase its indebtedness to an amount exceeding 3.0% upon such average assessed valuation of realty, without the consent of the electors thereof at a public election held in such manner as shall be provided by law." It has been judicially determined that bond authorizations once approved by the voters will not be reduced as a result of a subsequent decline in the average assessed value of City property.

The Constitution of the Commonwealth further provides that there shall be excluded from the computation of debt for purposes of the Constitutional debt limit, debt (herein called "self-supporting debt") incurred for revenue-producing capital improvements that may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay interest and sinking fund charges thereon. In the case of general obligation debt, the amount of such self-supporting debt to be so excluded must be determined by the Court of Common Pleas of Philadelphia County upon petition by the City. Self-supporting debt is general obligation debt of the City, with the only distinction from tax-supported debt being that it is not used in the calculation of the Constitutional debt limit. Self-supporting debt has no lien on any particular revenues.

As of June 30, 2008, the Constitutional debt limitation for tax-supported general obligation debt was approximately \$1,417,996,300 (based upon a formula of 13.5% of the assessed value of taxable real estate within the City on a 10 year rolling average). As of June 30, 2008, the City's total amount of authorized general obligation debt was \$1,688,913,000, which includes approximately \$359,651,000 of self-supporting debt, which does not count against the Constitutional debt limit. As of June 30, 2008, \$1,329,262,000 of general obligation debt subject to the constitutional debt limit was authorized, and of this authorized amount, \$1,144,477,000 was issued and outstanding. As of June 30, 2008, a balance of \$184,785,000 remained authorized and unissued, and a balance of \$119,590,000 remained available for future authorization.

The City is also authorized to issue revenue bonds pursuant to The First Class City Revenue Bond Act of 1972. Currently, the City issues revenue bonds to support the Division of Aviation, the Water Department and PGW. Bonds so issued are excluded for purposes of the calculation of the Constitutional debt limit.

**Short-Term Debt**

The City has issued notes in anticipation of the receipt of income by the General Fund in each fiscal year since Fiscal Year 1972 (with a single exception). Each note issue was repaid when due prior to the end of the fiscal year of issuance. The City issued \$200 million of Tax and Revenue Anticipation Notes in August 2007. These notes were paid on June 30, 2008.

**Long-Term Debt**

Table 15 presents a synopsis of the bonded debt of the City and its component units at the close of Fiscal Year 2007. In addition, for tables setting forth a ten year historical summary of tax-supported debt of the City and School District and the debt service requirements to maturity of the City's outstanding bonded indebtedness as of June 30, 2007, see the Fiscal Year 2007 Comprehensive Annual Financial Report.

Of the total balance of City tax-supported general obligation bonds issued and outstanding at June 30, 2008, approximately 20% is scheduled to mature within 5 years and approximately 42% is scheduled to mature within 10 years.

**Other Long-Term Debt Related Obligations**

The City has entered into other contracts and leases to support the issuance of debt by public authorities related to the City pursuant to which the City is required to budget and appropriate tax or other general revenues to satisfy such obligations. As of June 30, 2007, the principal amounts of the outstanding bonds of each of these authorities relating to the City's contract and lease obligations were as follows:

PMA	\$ 195.4 million
PAID	\$ 1,974.4 million
Parking Authority	\$ 68.9 million
Redevelopment Authority	\$ 271.6 million
Hospitals Authority	\$ 7.6 million
State Public School Building Authority	\$ 15.3 million
Convention Center Authority	\$ 221.3 million

Source: Office of the Director of Finance

The bonds of the Parking Authority included in the previous table are payable from project revenues, and by the City only if and to the extent that net revenues are inadequate for this purpose. The City paid \$2.3 million in Fiscal Year 2006, \$1.2 million in Fiscal Year 2007, and \$2.0 million in Fiscal Year 2008 toward the repayment of these bonds. See “Revenues of the City – Philadelphia Parking Authority.”

The Hospitals Authority and the State Public School Building Authority have issued bonds on behalf of the Community College of Philadelphia (“CCP”). Under the Community College Act, each community college must have a local sponsor, which for CCP is the City. As the local sponsor, the City is obligated to pay up to 50% of the annual capital expenses of the college, which includes debt service. The remaining 50% is paid by the Commonwealth. Additionally, the City annually appropriates funds for a portion of CCP’s operating costs (less tuition and less the Commonwealth’s payment). The payment amount for which the City is obligated to make such payments was \$24,467,924 as of June 30, 2008. This amount represents the portion of operating costs (less student tuition and the Commonwealth payment) and up to half of the annual capital expenses for the year.

### **Recent and Upcoming Financings**

In August 2007, the City also issued Airport Revenue Bonds, Series 2007A (AMT) (the “2007A AMT Bonds”), and Airport Revenue Refunding Bonds, Series 2007B (AMT) (the “2007B AMT Bonds”). The principal amount of the 2007A AMT Bonds was \$172,470,000, and the principal amount of the 2007B AMT Bonds was \$82,915,000. The 2007A AMT Bonds were issued primarily to fund capital projects at the Airport. The 2007B AMT Bonds were issued primarily to currently refund all of the outstanding Airport Revenue Refunding Bonds, Series 1997B (AMT).

In October 2007, PAID simultaneously issued Fixed Rate Lease Revenue Refunding Bonds, 2007 Series A in the principal amount of \$50,320,000 (the “2007A PAID Bonds”), and Multi-Modal Lease Revenue Bonds, 2007 Series B in the principal amount of \$289,675,000 (the “2007B PAID Bonds,” and together with the 2007A PAID Bonds, the “2007A&B PAID Bonds”). The 2007A&B PAID Bonds were issued to advance refund PAID’s Lease Revenue Bonds, Series B of 2001 (Tax Exempt) (the “2001B PAID Bonds”), which were issued to finance a portion of the costs of two stadiums, which are currently known as Citizens Bank Park and Lincoln Financial Field, for use by, among other things, the Philadelphia Phillies baseball team and Philadelphia Eagles football team, respectively. The Series 2007A&B PAID Bonds are special limited obligations of PAID and are payable solely from certain of the rental payments to be made by the City, as lessee, to PAID, as lessor, under certain security leases and monies held in certain funds and accounts under the relevant indenture.

In connection with the sale of the 2007B PAID Bonds, PAID entered into separate interest rate swap agreements with JPMorgan Chase Bank, National Association and Merrill Lynch Capital Services, Inc. (collectively, the “2007 PAID Counterparties”), pursuant to which PAID will make periodic fixed rate payments to the 2007 PAID Counterparties and the 2007 PAID Counterparties will make periodic floating rate payments to PAID.

On December 4, 2007, PAID issued Lease Revenue Refunding Bonds, 2007 Series C in the principal amount of \$51,640,000 (the “2007C PAID Bonds”) to currently refund PAID’s Lease Revenue Bonds, 1996 Series A, which were issued to finance the acquisition of land commonly known as One Benjamin Franklin Parkway and certain other real property rights, furniture, fixtures and equipment to be placed in the leased premises, the leasing of such by PAID to the City, and payment of costs of issuance. The 2007C PAID Bonds are special limited obligations of PAID and are payable solely from certain of the rental payments to be made by the City, as lessee, to PAID, as lessor, under a security lease and monies held in certain funds and accounts under the relevant indenture.

In December 2007, the City issued General Obligation Fixed Rate Refunding Bonds Series 2007A \$188,910,000 (the "2007A Bonds") and General Obligation Multi-Modal Refunding Bonds Series 2007B in the principal amount of \$313,505,000 (the "2007B Bonds"). Proceeds of the 2007A Bonds and the 2007B bonds were used to refund all or a portion of the City's general obligation bonds series 1994B, 1995, 1998, and 2001. In connection with the sale of the 2007B Bonds, the City entered into an interest rate swap agreement with the Royal Bank of Canada, pursuant to which the City makes periodic fixed rate payments to Royal Bank of Canada and the Royal Bank of Canada makes periodic floating rate payments to the City.

On April 16, 2008, the City priced \$195,170,000 of its General Obligation Refunding Bonds, Series 2008A. The 2008A Bonds, proceeds of which were used to refund all of the City's Series 2003B-1 and B-2 General Obligation Bonds, closed on May 1, 2008.

The City, in conjunction with PAID, replaced the Financial Guaranty Insurance Company ("FGIC") insurance policy on the Philadelphia Authority for Industrial Development Multi-Modal Lease Revenue Refunding Bonds, 2007 Series B with a direct pay letter of credit from J.P. Morgan and Bank of New York. The remarketing of the bonds took place on April 30 and the restructuring closed on May 1, 2008.

On June 9, 2008, the City purchased a Letter of Credit from Wachovia Bank, N.A. related to the Sinking Fund Reserve Account for the 1998B Airport Revenue Bonds. The surety policy was originally provided by FGIC, but because FGIC was downgraded below the 'AA' category, the surety policy no longer met the rating requirements of the General Airport Revenue Bond Ordinance ("GARBO"). The Wachovia Letter of Credit in an amount of \$33.1 million meets the requirements of the bond ordinance and replaced the FGIC policy.

The City restructured \$78.5 million outstanding Water and Wastewater Revenue Bonds, Series 1997B. The Ambac Assurance Corporation ("Ambac") insurance policy was replaced by a Letter of Credit from Bank of America N.A. The transaction closed on September 10, 2008.

The City's Airport Revenue Bonds, Series 2005B and Series 2005C are insured by MBIA Insurance Corporation ("MBIA"). Because of concerns about MBIA's credit quality, interest rates increased and some of the bonds could not be remarketed, which led to the bonds being purchased by JP Morgan Chase Bank ("Bank") in accordance with the Standby Bond Purchase Agreement. As of November 6, 2008, \$38.8 million of the Series 2005B Bonds and \$159.6 million of the Series 2005C Bonds were owned by the Bank. In addition, the City's Airport Revenue Bonds Series 2005A, 2005B and 2005C currently have MBIA surety policies for the Sinking Fund Reserve Account in the following approximate amounts: \$8.3 million, \$4.0 million and \$18.7 million, respectively. Because MBIA was downgraded below the 'AA' category, the surety policies no longer meet the requirements of the General Airport Revenue Bond Ordinance ("GARBO"). The City in conjunction with the Airport is working on restructuring the Series 2005C Bonds and intends to replace the MBIA insurance policy and the reserve fund surety policy for the Series 2005C with a letter of credit for both the Series 2005C bonds and the reserve account provided by TD Bank. The City together with the Airport plans to refund the Series 2005B Bonds.

The City is diligently pursuing remedies to meet the requirements of GARBO as it relates to the 2005A surety. Among the options being considered are additional enhancements to be provided by highly rated letters of credit and/or a cash deposit.

In the calendar year 2008, the City plans to issue about \$185 million of general obligation bonds for various capital projects.

In 2009, the City, in conjunction with PMA, plans to issue about \$97 million of General Fund supported debt for a new Youth Center Facility.

During the 2009 calendar year, the City is also planning to issue pension obligation bonds to improve the health of its Pension Fund.

The City also has outstanding variable rate debt that is insured by Financial Security Assurance ("FSA") which has more recently experienced problems in the market. As of November 6, 2008, \$53 million of the \$314 million of General Obligation Bonds, Series 2007B insured by FSA with Dexia as the liquidity provider were bank bonds. Also, \$247.5 million of the Variable Rate Series 2003 Water and Wastewater Revenue Refunding Bonds with FSA insurance and Dexia liquidity were bank bonds, as well as \$81.7 million of the Variable Rate Series 2005B Water and Wastewater Revenue Refunding Bonds, FSA insured with Depfa liquidity, were owned by the bank. Lastly, the PGW 6th Series Revenue Bonds are insured by FSA and have liquidity provided by J.P. Morgan, Wachovia Bank N.A., and Scotia Bank. The liquidity is up for renewal in January 2009. As of November 6, 2008, \$269 million of these bonds were owned by the bank. The City, along with the Water Department and PGW, is currently evaluation options to best handle potentially restructuring or refunding these bonds.

## CITY CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program for Fiscal Years 2009-2014 contemplates a total budget of \$7,353,134,000 of which \$2,255,793,000 is to be provided from Federal, Commonwealth, and other sources and the remainder through City funding. The following table shows the amounts budgeted each year from various sources of funds for capital projects. City Council adopted the Capital Improvement Program for Fiscal Years 2009-2014 on May 22, 2008.

## LITIGATION

Generally, judgments and settlements on claims against the City are payable from the General Fund, except for claims against the Water Department, the Aviation Division, and the Gas Works. Claims against the Water Department are paid first from the Water Fund and only secondarily from the General Fund. Claims against the Aviation Division, to the extent not covered by insurance, are paid first from the Aviation Fund and only secondarily from the General Fund. Claims against the Gas Works, to the extent not covered by insurance, are paid first from Gas Works revenues and only secondarily from the General Fund.

The Act of October 5, 1980, P.L. 693, No. 142, known as the "Political Subdivision Tort Claims Act," (the "Tort Claims Act") establishes a \$500,000 aggregate limitation on damages for injury to a person or property arising from the same cause of action or transaction or occurrence or series of causes of action, transactions or occurrences with respect to governmental units in the Commonwealth such as the City. The constitutionality of that aggregate limitation has been repeatedly upheld by the Pennsylvania Supreme Court. In February 1987, an appeal of a decision upholding such constitutionality to the United States Supreme Court was dismissed for want of jurisdiction. However, under Pennsylvania Rule of Civil Procedure 238, delay damages in State Court cases are not subject to the \$500,000 limitation. Moreover, the limit on damages is inapplicable to any suit against the City which does not arise under state tort law such as claims made against the City under Federal civil rights laws.

The aggregate loss resulting from general and special litigation claims was \$30.2 million for Fiscal Year 2001, \$30.0 million for Fiscal Year 2002, \$24.1 million for Fiscal Year 2003, \$24.5 million for Fiscal Year 2004, \$27.5 million for Fiscal Year 2005, \$23.0 million for Fiscal Year 2006, \$26.6 million for Fiscal Year 2007 and \$30.0 million for Fiscal Year 2008. Estimates of settlements and judgments from the General Fund are \$38.1 million, \$24.5 million, \$24.5 million, \$24.5 million, and \$24.5 million for Fiscal Years 2009 through 2013, respectively. In budgeting for settlements and judgments in the annual Operating Budget and projecting settlements and judgments for each Five-Year Plan, the City bases its estimates on past experience and on an analysis of estimated potential liabilities and the timing of outcomes, to the extent a proceeding is sufficiently advanced to permit a projection of the timing of a result. General and special litigation claims are budgeted separately from back-pay awards and similar settlements relating to labor disputes. Usually, some of the costs arising from labor litigation are reported as part of current payroll expenses. For Fiscal Year 2008, payments for claims arising from labor settlements in the General Fund were \$1.11 million of which \$0.85 million was paid from the Indemnities account, and \$0.26 million from the Operating budgets of the affected departments. Actual claims paid out from the General Fund for settlements and judgments averaged \$26.3 million per year over the five years from Fiscal Year 2004 through Fiscal Year 2008.

In addition to routine litigation incidental to performance of the City's governmental functions and litigation arising in the ordinary course relating to contract and tort claims and alleged violations of law, certain special litigation matters are currently being litigated and/or appealed and adverse final outcomes of such litigation could have a substantial or long-term adverse effect on the City's General Fund. These proceedings involve: environmental-related actions and proceedings in which it has been or may be alleged that the City is liable for damages, including but not limited to property damage and bodily injury, or that the City should pay fines or penalties or the costs of response or remediation, because of the alleged generation, transport, or disposal of toxic or otherwise hazardous substances by the City, or the alleged disposal of such substances on or to City-owned property; a class action suit alleging that the City failed to properly oversee management of funds in the deferred compensation plan of City employees; civil rights claims; a pay dispute with former and current paramedics; a claim made by a Philadelphia sports franchise alleging damages for the cancellation of a professional exhibition game allegedly because the field at Veterans' Stadium was not in playable condition; and a federal lawsuit filed

by twenty-four homeowners in the Osage-Pine neighborhood whose homes were destroyed in the MOVE altercation of 1985.

The ultimate outcome and fiscal impact, if any, on the City's General Fund of the claims and proceedings described in the preceding paragraph are not currently predictable. Various claims in addition to the lawsuits described above have been asserted against the Water Department and in some cases lawsuits have been instituted. Many of these Water Department claims have been reduced to judgment or otherwise settled in a manner requiring payment by the Water Department. The aggregate loss for Fiscal Year 2003 which resulted from these claims and lawsuits was \$3.9 million, \$2.9 million for Fiscal Year 2004, \$2.4 million for Fiscal Year 2005 \$4.2 million for Fiscal Year 2006, \$2.5 million in Fiscal Year 2007 and \$4.4 million in Fiscal Year 2008. The Water Department's budget for Fiscal Year 2009 contains an appropriation for Water Department claims in the amount of \$6.5 million, although the current estimate, based on the average of the last three fiscal years' expenditures, is for only \$3.7 million. The Water Fund is the first source of payment for any of the claims against the Water Department.

## **TAX MATTERS**

### **Federal**

In the opinion of Co-Bond Counsel, delivered as of the date of issuance of the Notes, under existing statutes, regulations, rulings and court decisions, interest on the Notes will not be includable in the gross income of the holders thereof for federal income tax purposes and will not be a specific preference item for purposes of computing the alternative minimum tax imposed on individuals and corporations. However, interest on the Notes is included in the "adjusted current earnings" (i.e., alternative minimum taxable income as adjusted for certain items including those items that would be included in the calculation of a corporation's earnings and profits under Subchapter C of the Code) of certain corporations, and such corporations are required to include in the calculation of alternative minimum taxable income 75% of the excess of such corporation's adjusted current earnings over its alternative minimum taxable income (determined without regard to this adjustment and before reduction for certain net operating losses).

Ownership of the Notes may result in collateral federal income tax consequences to certain taxpayers including, without limitation, property and casualty insurance companies, corporations (including S corporations and branches of foreign corporations), taxpayers entitled to the earned income credit, individual recipients of Social Security or Railroad Retirement benefits, banks, thrift institutions and other financial institutions subject to Section 265 of the Code, and other taxpayers who may be deemed to have incurred or continued indebtedness to purchase or to carry the Notes. Co-Bond Counsel expresses no opinion as to any such consequences, and prospective purchasers of the Notes who may be subject to such collateral consequences should consult their tax advisors. Under the Tax Increase Prevention and Reconciliation Act of 2005, enacted on May 17, 2006, tax-exempt interest paid after December 31, 2005 is no longer exempt from the interest reporting requirements and must be reported to recipients of such interest on a Form-INT, or similar form, by the payors of such tax-exempt interest.

In rendering this opinion, Co-Bond Counsel has assumed compliance by the City with its covenants to comply with the provisions of the Code relating to actions to be taken by the City in respect of the Notes after the issuance thereof to the extent necessary to effect or maintain the federal exclusion from gross income of the interest on the Notes. These covenants relate to, among other things, the use of and investment of proceeds of the Notes and the rebate to the United States Treasury of specified arbitrage earnings, if any. Failure of the City to comply with such covenants could result in the interest on the Notes becoming subject to federal income tax from the date of issuance.

As set forth in its Notice 94-84, the Internal Revenue Service allows taxpayers to treat interest on the Notes either as qualified stated interest or as includible in the stated redemption price at maturity of the Notes. If interest is treated as includible in the stated redemption price at maturity, then the Notes will be subject to the application of the original issue discount rules. Owners should consult their tax advisors concerning this choice and, if applicable, the computation and determination of the portion of original issue discount which will be treated as interest and added to a holder's basis during the period such Notes are held.

The opinion we have expressed herein as to the treatment of the interest borne by the Notes for federal income tax purposes is based upon statutes, regulations, rulings and court decisions in effect on the date hereof. Each purchaser of the Notes should consult his or her tax advisor regarding any changes in the status of pending or proposed legislation.

In rendering the foregoing opinions, we have assumed the accuracy and truthfulness of all public records and of all certifications, documents and other proceedings examined by us that have been executed or certified by public officials acting within the scope of their official capacities and have not verified the accuracy or truthfulness thereof. We have also assumed the genuineness of the signatures appearing upon such public records, certifications, documents and proceedings.

## **Pennsylvania**

In the opinion of Co-Bond Counsel, under the laws of the Commonwealth as presently enacted and construed, the Notes are exempt from personal property taxes in the Commonwealth and the interest on the Notes is exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax. However, under the laws of the Commonwealth as presently enacted and construed, any profits, gains or income derived from the sale, exchange or other disposition of obligations of the City, such as the Notes, will be subject to Pennsylvania taxes within the Commonwealth. The Notes and the interest thereon may be subject to state or local taxes in jurisdictions other than the Commonwealth under applicable state or local tax laws.

## **Original Issue Premium**

Notes purchased, whether at original issuance or otherwise, for an amount greater than their principal amount payable at maturity ("Premium Notes"), will be treated as having amortizable premium. No deduction is allowable for the amortizable premium in the case of notes, like the Premium Notes, the interest on which is excluded from gross income for federal income tax purposes. However, a purchaser's basis in a Premium Note and the amount of tax exempt interest received will be reduced by the amount of amortizable premium properly allocable to such purchaser. Owners of Premium Notes should consult their own tax advisors with respect to the proper treatment of amortizable premium in their particular circumstances.

## **NO LITIGATION AFFECTING NOTES**

Upon delivery of the Notes, the City Solicitor will furnish an opinion to the effect, among other things, that except as disclosed in this Official Statement, to the knowledge of the Law Department, after reasonable inquiry, there is no litigation or other legal proceeding pending or threatened, in writing, to restrain or enjoin the issuance or delivery of the Notes or challenging the validity of the proceedings of the City with respect to the authorization, issuance, sale and provision for payment of the Notes, or contesting the powers of the City with respect to any of the foregoing, or in any way contesting the validity or enforceability of the Notes.

## RATINGS

Moody's Investors Service and Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. have assigned the Notes ratings of "MIG-1" and "SP1+", respectively.

Such credit ratings reflect only the view of such credit rating agency.

Any explanation of the significance of such credit ratings may be obtained from the applicable credit rating agency.

**A security rating is not a recommendation to buy, sell or hold securities. There is no assurance that any such credit rating will continue for any given period of time or that it will not be revised or withdrawn entirely by such credit rating agency if, in its judgment, circumstances so warrant. The City has not undertaken any responsibility, after the issuance of the Notes, to assure the maintenance of the rating, to bring to the attention of the owners of the Notes any proposed change in or withdrawal of such credit ratings or to oppose any such proposed revision. Any such downward change in or withdrawal of such credit rating may have an adverse effect on the marketability or market price of the Notes.**

## CERTAIN LEGAL MATTERS

The authorization, issuance and sale of the Notes are subject to approval as to legality by Kutak Rock LLP and Kelly, Monaco and Naples, LLP, both of Philadelphia, Pennsylvania, Co-Bond Counsel. Certain legal matters will be passed upon for the City by the City Solicitor. Certain legal matters will be passed upon for the Underwriters by their Co-Counsel, WolfBlock LLP and The Law Offices of Denise Joy Smyler, both of Philadelphia, Pennsylvania.

## CERTAIN RELATIONSHIPS

The Law Offices of Denise Joy Smyler, and WolfBlock LLP, Co-Underwriters Counsel, each, from time to time, represent the City in matters unrelated to this financing.

## UNDERWRITING

The Notes are being purchased by the Underwriters identified on the cover page hereof. The Underwriters have agreed, subject to certain terms and conditions, to purchase the Notes from the City at an aggregate purchase price of \$352,662,902, which is equal to the principal amount of the Notes in the amount of \$350,000,000, plus original issue premium on the Notes of \$3,097,500, less an underwriters' discount of \$434,598. The purchase contract for the Notes provides that the Underwriters will purchase all the Notes, if any Notes are purchased.

## FINANCIAL ADVISORS

Public Financial Management, Inc., Philadelphia, Pennsylvania and Acacia Financial Group, Inc., Marlton, New Jersey are acting as co-financial advisors (the "Financial Advisors") to the City in respect to the sale of the Notes. The Financial Advisors have assisted in the preparation of this Official Statement and in other matters relating to the planning, structuring and issuance of the Notes. They have received and reviewed but have not independently verified information in this Official Statement for accuracy or completeness (except, as to each Financial Advisor, the information in this section). Investors should not draw any conclusions as to the suitability of the Notes from, or as any investment decisions upon, the fact

that the Financial Advisors have advised the City with respect to the Notes. The Financial Advisors' fees for this issue are contingent upon the sale and issuance of the Notes.

The Financial Advisors are financial advisory and consulting organizations and not organizations engaged in the business of underwriting, marketing or trading of municipal securities or any other negotiable instruments.

## **ADDITIONAL INFORMATION**

### **Current City Practices**

It is the City's practice to file its Comprehensive Annual Financial Report ("CAFR"), which contains the audited combined financial statements of the City, with a Repository as soon as practicable after delivery of such report. The CAFR for the City's fiscal year ended June 30, 2007 was deposited with a Repository on January 31, 2008. The CAFR is prepared by the Director of Finance of the City in conformance with guidelines adopted by the Governmental Accounting Standards Board and the American Institute of Certified Public Accountants' audit guide, Audits of State and Local Government Units. Upon written request to the Office of the Director of Finance and payment of the costs of duplication and mailing, the City will make available copies of the CAFR for the Fiscal Year ended June 30, 2007. Such a request should be addressed to: Office of the Director of Finance, Municipal Services Building, Suite 1300, 1401 John F. Kennedy Boulevard, Philadelphia, PA 19102. The CAFR is also available online at [www.phila.gov/investor](http://www.phila.gov/investor), the City's website ("City Website" or "Website"). The City also expects to provide financial and other information from time to time to Moody's Investors Service, Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. and Fitch Ratings, in connection with the securities ratings assigned by those rating agencies to bonds or notes of the City.

The foregoing statement as to filing or furnishing of additional information reflects the City's current practices, but is not a contractual obligation to the holders of the City's bonds or notes.

The City Website contains information in addition to that set forth in the CAFR. The "Terms of Use" statement of the City Website, incorporated herein by this reference, provides, among other things, that the information contained therein is provided for the convenience of the user, that the City is not obligated to update such information, and that the information may not provide all information that may be of interest to investors.

### **Continuing Disclosure Undertaking**

In order to assist the Underwriters in complying with the requirements of the Rule, the City will enter into a written continuing disclosure agreement with the Trustee for the benefit of the registered owners from time to time of the Notes, to be dated the date of original delivery and payment for the Notes (the "Disclosure Agreement"). The Disclosure Agreement will provide that the Trustee, as the dissemination agent of the City, will file in a timely manner, with the Municipal Securities Rulemaking Board (the "MSRB"), notice of the occurrence of any of the following events with respect to the Notes, if material: (i) principal and interest payment delinquencies; (ii) non-payment related defaults; (iii) unscheduled draws on debt service reserves reflecting financial difficulties; (iv) unscheduled draws on credit enhancements reflecting financial difficulties; (v) substitution of credit or liquidity providers, or their failure to perform; (vi) adverse tax opinions or events affecting the tax-exempt status of the Notes; (vii) modifications to rights of holders of the Notes; (viii) Note calls; (ix) defeasances of the Notes; (x) release, substitution, or sale of property securing repayment of the Notes; and (xi) rating changes. It should be noted that no debt service reserves have been established for the Notes, no liquidity facility or

credit enhancement is being obtained for the Notes and the Notes are not subject to redemption prior to maturity.

The City and the Trustee may amend the Disclosure Agreement and waive any of the provisions thereof, but no such amendment or waiver shall be executed and effective unless (i) the amendment or waiver is made in connection with a change in legal requirements, change in law or change in the identity, nature or status of the City or the governmental operations conducted by the City, (ii) the Disclosure Agreement, as modified by the amendment or waiver, would have been the written undertaking contemplated by the Rule at the time of original issuance of the Notes, taking into account any amendments or interpretations of the Rule, and (iii) the amendment or waiver does not materially impair the interests of the registered owners of the Notes. Evidence of compliance with the foregoing conditions shall be satisfied by delivery to the Trustee of an opinion of counsel having recognized experience and skill in the areas of the issuance of municipal securities and federal securities law, to the effect that the amendment or waiver satisfies the conditions set forth in the preceding sentence. Notice of any amendment or waiver shall be filed by the Trustee with the MSRB and shall be sent to the registered owners of the Notes.

The Disclosure Agreement will recite that it is entered into for the benefit of the registered owners from time to time of the Notes. For the purposes of the Disclosure Agreement, for so long as the Notes are registered in the name of DTC or its nominee, "registered owner" shall mean and include the holder of a book-entry credit evidencing an interest in the Notes. Holders of book-entry credits evidencing an interest in the Notes may file their names and addresses with the Trustee for the purposes of receiving notices or giving direction under the Disclosure Agreement.

A default under the Disclosure Agreement shall not be deemed to be a default under the Notes, the Loan Authorization, the Trust Agreement or the Act, and the sole remedy to enforce the provisions of the Disclosure Agreement shall be the right of the Trustee or any registered owner, by mandamus, suit, action or proceeding at law or in equity, to compel the City or the Trustee to perform the provisions and covenants contained in the Disclosure Agreement.

The Trustee shall have the right to enforce the Disclosure Agreement by means of the remedies described in the preceding paragraph, but shall be under no obligation to do so unless (i) directed in writing by the registered owners of at least 25% of the outstanding principal amount of the Notes, and (ii) furnished with indemnity and security for expenses satisfactory to it.

The Disclosure Agreement will terminate (i) upon payment or provision for payment in full of the Notes, (ii) upon repeal or rescission of Section (b)(5) of the Rule, or (iii) upon a final determination that Section (b)(5) of the Rule is invalid and unenforceable. A copy of the Disclosure Agreement is on file at the Philadelphia, Pennsylvania corporate trust office of the Trustee.

Since the effective date of the Rule, the City has entered into written continuing disclosure agreements with respect to each issue of its bonds or notes covered by the Rule. The City has not failed to comply with the terms of any written continuing disclosure agreement entered into by the City in connection with its issuance of notes or bonds since the effective date of the Rule.

In accordance with the Loan Authorization, this Official Statement has been duly executed and delivered by The City of Philadelphia.

# CITY OF PHILADELPHIA

## **OFFICE OF THE DIRECTOR OF FINANCE**

1401 John F. Kennedy Blvd.  
Suite 1330, Municipal Services Bldg.  
Philadelphia, Pennsylvania 19102-1693

## **ROB DUBOW**

Director of Finance

January 29, 2008

To the Honorable Mayor, Members of City Council and the People of the City of Philadelphia:

The Comprehensive Annual Financial Report of the City of Philadelphia for the fiscal year ended June 30, 2007 is hereby submitted. The financial statements were prepared in accordance with Generally Accepted Accounting Principles in the United States of America (GAAP). Responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, rests with the City.

The Comprehensive Annual Financial Report is presented in three sections: Introductory, Financial and Statistical. The Financial section includes Management's Discussion and Analysis, Basic Financial Statements, Required Supplementary Information and the Combining and Individual Fund Statements. The Statistical section includes selected financial and demographic information, generally presented on a multiyear basis.

The Philadelphia Home Rule Charter (Charter) requires an annual audit of all City accounts by the City Controller, an independently elected official. The Charter further requires that the City Controller appoint a Certified Public Accountant in charge of auditing. These requirements have been complied with and the audit done in accordance with Generally Accepted Governmental Auditing Standards (GAGAS).

Management has provided a narrative to accompany the basic financial statements. This narrative is known as Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it.

## **PROFILE OF THE GOVERNMENT**

The City of Philadelphia was founded in 1682 and was merged with the County of Philadelphia in 1854. The City currently occupies an area of 129 square miles along the Delaware River, serves a population in excess of 1.4 million and is the hub of a five county metropolitan area including Bucks, Chester, Delaware and Montgomery Counties in southeast Pennsylvania. The City is governed largely under the Charter, which was adopted by the Electors of the City of Philadelphia on April 17, 1951 and became effective on the first Monday of January, 1952. However, in some matters, including the issuance of short-term and long-term debt, the City is governed by the laws of the Commonwealth of Pennsylvania. The Charter provides for a strong mayoral form of government with the Mayor and the seventeen members of the City Council, ten (10) from districts and seven (7) from the City at large, elected every four years. Minority representation is assured by the requirement that no more than five (5) candidates may be elected for Council-at-large by any one party or political body. The Mayor is prohibited from serving more than two consecutive terms.

This report includes all the funds of the City as well as its component units. The Philadelphia Municipal Authority's and the Pennsylvania Intergovernmental Cooperation Authority's statements are blended with the City's statements. The Philadelphia Gas Works', the Redevelopment Authority of Philadelphia's, the Philadelphia Housing Authority's, the Philadelphia Parking Authority's, the School District of Philadelphia's, the Community College of Philadelphia's, Community Behavioral Health, Inc.'s, the Pennsylvania Convention Center Authority's, Penn's Landing Corporation's and the Philadelphia Authority for Industrial Development's statements are discretely presented. A component unit was considered to be part of the City's reporting entity when it was concluded that the City was financially accountable for the entity or that the nature and significance of the relationship between the City and the entity was such that exclusion would cause the City's financial statements to be misleading or incomplete. The relationship between the City and its' component units is explained further in the *Notes to the Financial Statements*.

Reflected in this report is the extensive range of services provided by the City of Philadelphia. These services include police and fire protection, emergency medical services, sanitation services, streets maintenance, recreational activities and cultural events, and traditional county functions such as health and human services, as well as the activities of the previously mentioned public agencies and authorities. The City operates water and wastewater systems that service the citizens of Philadelphia as well as two airports, Philadelphia International Airport and Northeast Philadelphia Airport, which service the entire Delaware River Valley region.

City government is responsible for establishing and maintaining internal control designed to protect the assets of the City from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. This internal control is subject to periodic evaluation by management and the City Controller's Office in order to determine its adequacy. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

The City maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget proposed by the Mayor and approved by City Council for the fiscal year beginning July 1st. Activities of the General Fund, City Related Special Revenue Funds and the City Capital Improvement Funds are budgeted annually. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by major class within an individual department and fund for the operating funds and by project within department and fund for the Capital Improvement Funds. The City also maintains an encumbrance accounting system for control purposes. Encumbered amounts that have not been expended at year-end are carried forward into the succeeding year but appropriations that have not been expended or encumbered at year-end are lapsed.

## **FACTORS AFFECTING FINANCIAL CONDITION**

The information presented in this report is best understood when you consider the environment in which the City of Philadelphia operates. A more comprehensive analysis of these factors is available in the City's Five-Year Financial Plan which is presented by the Mayor each year pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act and can be obtained online at [www.phila.gov](http://www.phila.gov).

### **Local Economy**

Philadelphia's economic outlook closely resembles the national economic outlook, and in some ways the City is in the midst of another substantial enhancement of its cultural assets, which already include such recent additions as the Kimmel Center for the Performing Arts, the National Constitution Center, the Independence Visitor Center and the new Liberty Bell Pavilion. The pending relocation of the Barnes Foundation to the Ben Franklin Parkway and the proposed development of an entertainment district at Broad & South Streets, coupled with the Convention Center expansion, will enhance Philadelphia's position as a world-class City.

Philadelphia is in a key position to access regional markets, due to the transportation infrastructure centered here, including Philadelphia International Airport, AMTRAK's Northeast Corridor service, major interstate highway access, and regional SEPTA service. The capacity of Philadelphia's transportation infrastructure is demonstrated by its median commuting time, which is 19 percent lower than the national metropolitan average. Recent analysis has shown that employees also benefit: Commuters to suburban firms, nearly all of whom drive to work, spend almost \$7,000 per year in vehicle expenses. By contrast, 70 percent of downtown office workers use public transit to get to work, and the annual cost of a regional rail pass is just \$1,774. In addition, 37 percent of downtown residents walk to work, the highest percentage of any major American city.

The City has successfully retained over 98% of the major commercial office tenants with leases that expired of the past several years. This was the result of a concerted approach to tenant retention involving the combined efforts of the Business Attraction and Retention (BAR) team. In order to build on the BAR team's retention success, the City will focus on helping local businesses remain and grow. The City will also work with regional leaders to market Philadelphia's competitive advantages through an international attraction process.

Philadelphia's competitive advantages as a business location are based on size, strategic location, relative affordability, cultural and recreational amenities, and our growing strength in key knowledge industries. Philadelphia, the fifth-largest city in the nation with the third largest downtown population, is the center of the sixth largest metropolitan region. Our region includes the fourth largest retail sales market in the nation, as well as a diverse network of business suppliers and complimentary industries.

Philadelphia has maintained an above-average concentration of employment in Education and Health Services, Financial Activities, Other Services, Professional Business Services, Leisure and Hospitality Services as well as Information Services. The employment base has undergone a gradual shift over the last decade, most notably marked by growth in leisure/hospitality and education/health services sector employment.

This table shows that over the last five years the City's population has been declining slowly, personal income has been rising and the unemployment rate has been declining:

Calendar Year	Population	Personal Income <i>(thousands of USD)</i>	Per Capita	Unemployment Rate
			Personal Income <i>(USD)</i>	
2002	1,485,249	40,353,074	27,169	7.0%
2003	1,473,364	41,843,691	28,400	6.8%
2004	1,465,475	43,154,553	29,447	6.4%
2005	1,456,350	45,334,701	31,129	5.9%
2006	1,448,394	47,624,989	32,881	5.7%

## Long Term Financial Planning

The City's \$46.8 million General Fund deficit at the end of FY04 was the first negative fund balance in twelve years. While this deficit was primarily attributable to a delay in receiving state reimbursement for social service program costs, the negative fund balance was nonetheless a sign of the increasingly limited room for error in City finances. The City has, at the close of FY07, a positive fund balance of \$297.9 million. The FY08-FY12 Five Year Financial Plan (the Plan) projects fund balances exceeding \$45 million at the end of each fiscal year, in line with thresholds required by the Pennsylvania Intergovernmental Cooperation Authority (PICA). Although tax revenues have been strong since FY04, growth has been centered in the volatile realty transfer and business privilege taxes. At the same time, the wage tax, representing half of all tax collections, is slated for significant state-mandated tax reductions in the out-years of the Plan. Creative cost-cutting initiatives, tight spending controls, and alternative tax revenue will be needed to maintain a balanced budget in the out-years of the Plan.

In FY07, increased costs for pensions, benefits, and fuel, energy, and criminal justice and social services have further reduced opportunities to contain overall costs. As a result, the FY08 budget includes a 2.5 percent position reduction in most General Fund departments, as well as continuation of the hiring freeze and DROP, but at rates reduced by the need to replace critical staffing, particularly in the social services. Maintaining balanced budgets over the Plan period will entail difficult choices. For FY08, cost constraint categories focus on technology based and health benefits management savings.

On July 4, 2004, the Governor of Pennsylvania approved HB2330 and SB100, legislation that will provide funding for the implementation of statewide tax reform when casino proceeds begin to flow. The bills enable additional reductions in the City's wage tax rate, helping Philadelphia become more competitive. The majority of state tax revenues from gaming, 34 percent of all gaming revenues, will be earmarked for state-level tax reductions. Tax cuts will be phased in as soon as proceeds from the Commonwealth's tax on Philadelphia's casino gross revenues reaches \$500 million.

Some of the initiatives planned for future fiscal years are:

- **Strategic marketing partnerships.** The City is currently soliciting bids for a contract for advertising on street furniture. In exchange for a providing ongoing maintenance, businesses and organizations will receive the exclusive right to advertising on the street furniture. In addition, the City will receive a portion of the advertising revenues on an annual basis. Washington, D.C., Boston, and Chicago have begun similar initiatives, and a preliminary estimate by the City's consulting team supports an estimate of \$9 million in new revenue over the FY08-FY12 period, starting with \$1 million in FY08.
- **VOIP implementation.** Today, the City's telephone service is provided by a vendor at a significant annual cost. Through the use of the "voice over internet protocol" (VOIP) technology—which can route spoken conversations over the internet and City Net—the City will reduce its dependency on conventional vendor-provided telephone service, and replace much of its "old tech" internal and external voice communication infrastructure. The City has estimated that \$5 million could be saved annually through VOIP, starting in FY10, for a total Plan impact of \$15 million.
- **Health Benefits Savings.** The City has achieved savings through health benefits management strategies such as aggressive negotiation with medical insurance providers. In FY06, the City saved over \$4 million in the City-administered Plan, through bid process negotiations. Other options for savings include bidding out prescription drug coverage, offering consumer-driven health care plans, and disaster management programs. The most significant savings can come from reduced medical plan options for new employees, higher premium contributions, and/or higher co pays. The FY08-FY12 Plan assumes the City will be able to contain health benefits growth to 9% per year.

- **Revenue from surplus city properties.** In FY08, the City will continue the surplus property sales initiative. Properties considered for sale include those for which the City has received expressions of interest, buildings housing City operations that could be moved, and those not currently utilized. As part of this initiative, three Requests for Proposals were recently issued for large parcels of land near the airport, as well as a long-term lease for the LOVE Park Garage. Sales of City surplus are expected to generate \$12 million in FY08.

### **Cash Management**

Cash temporarily idle during the year was invested in demand deposits, certificates of deposit, obligations of the US Treasury, repurchase agreements and commercial paper. The Pension Trust Fund's investment portfolio also includes stocks, corporate bonds, real estate and other items.

The City's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, deposits were either insured by federal depository insurance or collateralized. All collateral on deposits was held either by the City, its agent, the Federal Reserve Bank, or a financial institution's trust department.

### **Risk Management**

The City and several of its component units are self-insured for fire damage, casualty losses, public liability, Worker's Compensation, and Unemployment Compensation. Liabilities arising in these areas are liquidated with available resources of the respective operating funds. The Airports, the Philadelphia Gas Works and the remaining component units are principally insured through insurance carriers.

### **Pension and Other Post-employment Benefits**

The Charter mandates that the City maintain an actuarially sound pension and retirement system. To satisfy that mandate, the City's Board of Pensions and Retirement maintains the single-employer Municipal Pension Plan (the Plan). The Plan covers all officers and employees of the City and officers and employees of five other governmental and quasi-governmental organizations. By authority of two Ordinances and related amendments passed by City Council, the Plan provides retirement benefits as well as death and disability benefits. Benefits vary by the class of employee. The plan has two major classes of members - those covered under the 1967 Plan and those covered under the 1987 Plan. Each of these two plans has multiple divisions.

The **Deferred Retirement Option Plan (DROP)** was initiated on October 1, 1999. Under this plan employees that reach retirement age may accumulate their monthly service retirement benefit in an interest bearing account at the Board of Pensions for up to four (4) years and continue to be employed by the City of Philadelphia. The Mayor may determine that an extraordinary circumstance exists which threatens public health, safety and welfare, and where it would be in the City's best overall interest to extend participation. Then public safety employees in their fourth year in the program may remain employees of the City for up to one additional year beyond the four (4) year limit under the same terms and conditions of the DROP.

## **AWARDS AND ACKNOWLEDGEMENTS**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded its prestigious Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2006. This was the twenty seventh consecutive year that the City of Philadelphia has received this prestigious award. The City received this recognition by publishing a report that was well organized and readable and satisfied both generally accepted accounting principles and applicable legal requirements.

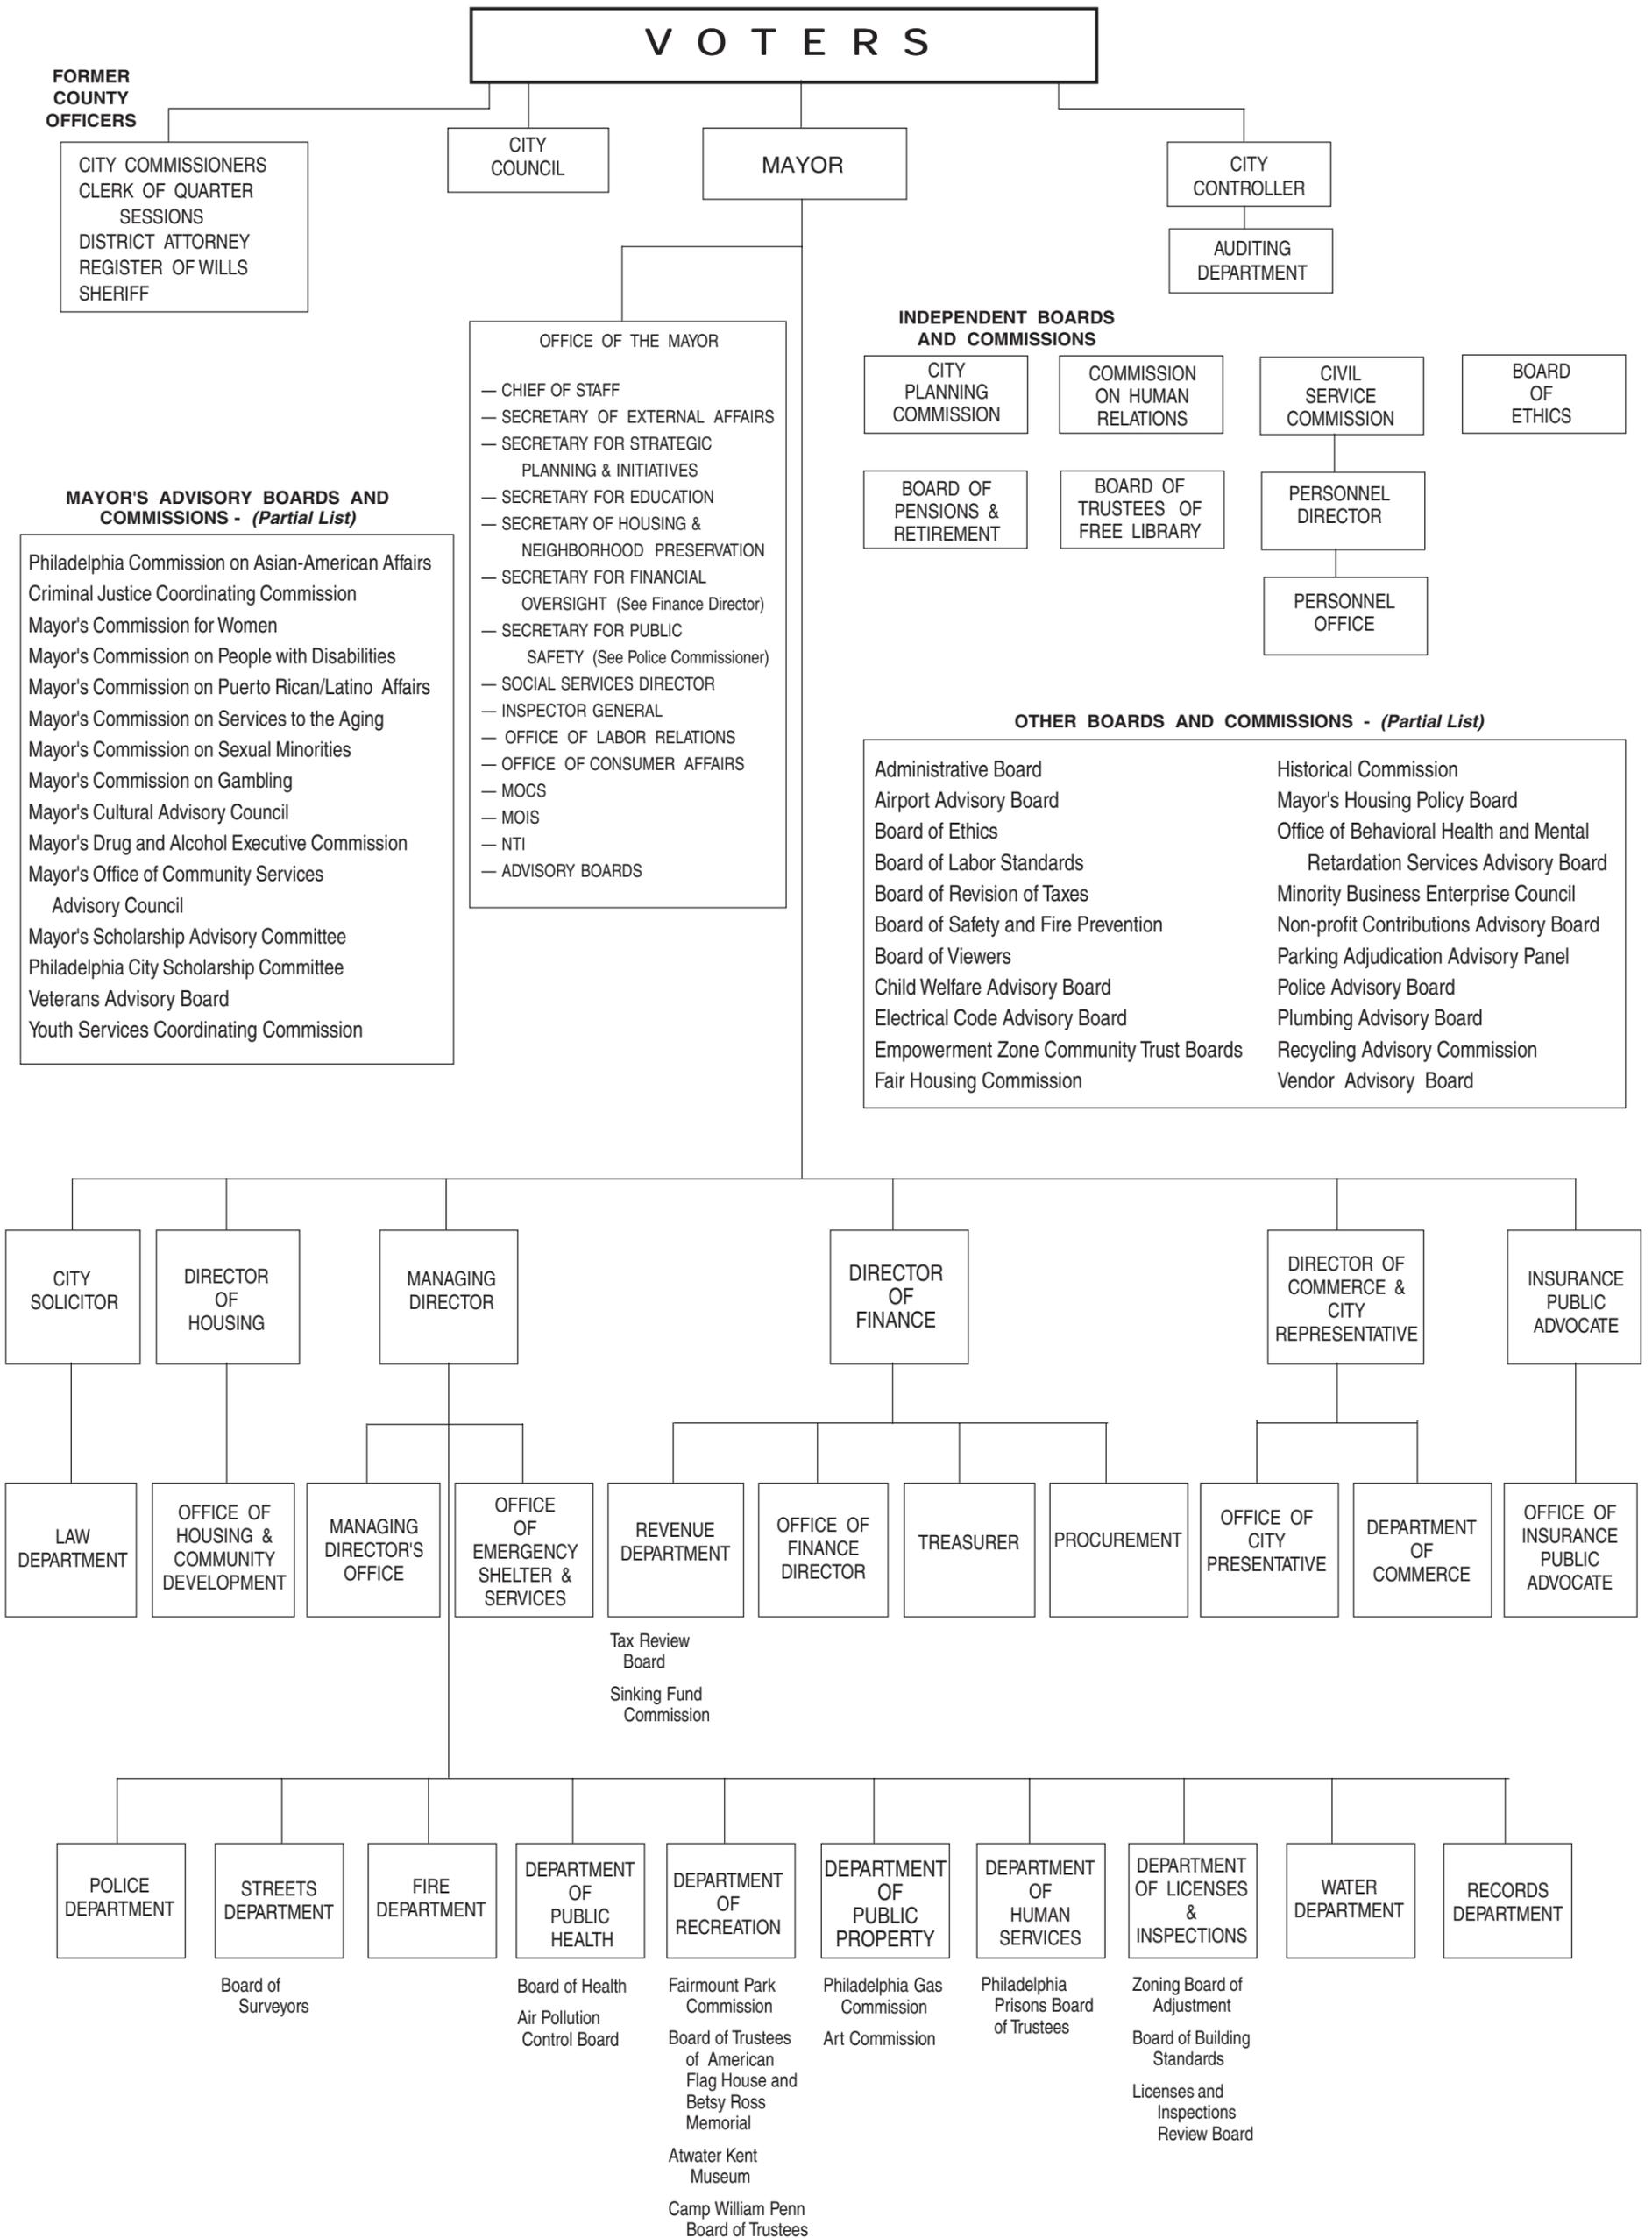

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the Office of the Director of Finance as well as various City departments and component units. Each has my sincere appreciation for their valuable contributions.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'RDUBOW', with a long horizontal flourish extending to the right.

## INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Honorable Members  
of the Council of the City of Philadelphia

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Philadelphia, Pennsylvania, as of and for the year ended June 30, 2007, which collectively comprise the City of Philadelphia's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Philadelphia's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the entities whose percentage of assets and revenues are disclosed in Note I-1C. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinions, insofar as they relate to the amounts included for those entities, are based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Pennsylvania Intergovernmental Cooperation Authority, Penn's Landing Corporation, Pennsylvania Convention Center Authority, Philadelphia Parking Authority, Community Behavioral Health, and the Philadelphia Gas Works discussed in Note I-1, were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Philadelphia, Pennsylvania, as of June 30, 2007, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

C I T Y O F P H I L A D E L P H I A  
O F F I C E O F T H E C O N T R O L L E R

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2008, on our consideration of the City of Philadelphia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 13 through 25, and the major funds budgetary comparison schedules, the pension plans-schedule of funding progress, and the related notes to required supplementary information, on pages 108 through 112, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Philadelphia's basic financial statements. The introductory section, combining nonmajor and individual fund financial statements and schedules, and the statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The 2007 combining nonmajor and individual fund financial statements and schedules have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the reports of other auditors, are fairly stated in all material respects in relation to the basic financial statements for the year ended June 30, 2007, taken as a whole. We also have previously audited, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States, the City of Philadelphia's basic financial statements for the year ended June 30, 2006, which are not presented with the accompanying financial statements. In our report dated February 23, 2007, we expressed unqualified opinions on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presently component units, each major fund, and the aggregate remaining fund information. In our opinion, the 2006 individual fund schedules of Budgetary Actual and Estimated Revenues and Obligations, on pages 136 through 140, are fairly stated in all material respects in relation to the basic financial statements for the year ended June 30, 2006, taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

January 29, 2008

  
ALBERT F. SCAPEROTTO, CPA  
Deputy City Controller

## ***Management's Discussion & Analysis***

This narrative overview and analysis of the financial statements of the City of Philadelphia, Pennsylvania for the fiscal year ended June 30, 2007 has been prepared by the city's management. The information presented here should be read in conjunction with additional information contained in our letter of transmittal, which can be found beginning on page 1, and the city's financial statements immediately following this discussion and analysis.

### **Financial Highlights**

- At the end of the current fiscal year, the City of Philadelphia's *net assets* were \$1,067.0 million resulting from an excess of its assets over its liabilities, however, its *unrestricted net assets* showed a deficit of \$963.2 million. This deficiency will have to be funded from resources generated in future years.
- During the current fiscal year the city's total net assets decreased by \$5.4 million. The governmental activities of the city experienced a decrease of \$78.6 million, while the business type activities had an increase of \$73.2 million.
- For the current fiscal year, the city's governmental funds reported a combined ending fund balance of \$1,184.2 million, an increase of \$408.3 million from last year. The *unreserved fund balance* of the governmental funds ended the fiscal year with a surplus of \$291.5 million, an increase of \$294.1 million from last year. Primarily, this was due to a increase in the Healthchoices Behavioral Health fund receipts and an increase in the Capital Funds due to the issuance of general obligation bonds.
- The overall unreserved fund balance of the city's general fund ended the fiscal year with a surplus of \$152.7 million an increase over last year of \$41.5 million due to the excess of revenue and other financing sources over expenditures and other financing uses of \$183.3 million or 4.9% of revenue and other financing sources which amounted to \$3,778.4 million. This is the second consecutive year that inflow has outpaced outlay by more then 4% (FY2006 4.2%).
- On the legally enacted budgetary basis, the city's general fund ended the fiscal year with a surplus fund balance of \$297.9 million, as compared to a surplus of \$254.5 million last year. Although the operating surplus for the year was only \$7.4 million, cancellation of prior year obligations accounted for the rest of the increase.

### **Overview of the Financial Statements**

This discussion and analysis are intended to serve as an introduction and overview of the City of Philadelphia's basic financial statements. The city's basic financial statements are comprised of:

- Government-wide financial statements which provide both long-term and short-term information about the city's overall financial condition.
- Fund financial statements which provide a more detailed look at major individual portions, or funds, of the city.
- Notes to the financial statements which explain some of the information contained in the financial statements and provide more detailed data.
- Other supplementary information which further explains and supports the information in the financial statements.

**Government-wide financial statements.** The government-wide financial statements report information about the city as a whole using accounting methods similar to those used by a private-sector business. The two statements presented are:

The statement of net assets which includes all of the city's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets are an indicator of whether the city's financial position is improving or deteriorating.

The statement of activities presents revenues and expenses and their effect on the change in the city's net assets during the current fiscal year. These changes in net assets are recorded as soon as the underlying event giving rise to the change occurs, regardless of when cash is received or paid.

The government-wide financial statements of the city are reflected in three distinct categories:

▪ *Governmental activities* are primarily supported by taxes and state and federal grants. The governmental activities include general government; economic and neighborhood development; public health, welfare and safety; cultural and recreational; streets, highways and sanitation; and the financing activities of the city's two blended component units - the Pennsylvania Intergovernmental Cooperation Authority and Philadelphia Municipal Authority.

▪ *Business-type activities* are supported by user fees and charges which are intended to recover all or a significant portion of their costs. The city's water and waste water systems, airport and industrial land bank are all included as business type activities.

These two activities comprise the primary government of Philadelphia.

▪ *Component units* are legally separate entities for which the City of Philadelphia is financially accountable or has oversight responsibility. Financial information for these component units is reported separately from the financial information presented for the primary government. The city's government-wide financial statements contain ten distinct component units; the Philadelphia School District, Community College of Philadelphia, Community Behavioral Health, the Convention Center Authority, Gas Works, Housing Authority, Parking Authority, Penn's Landing Corporation, Philadelphia Authority for Industrial Development and the Redevelopment Authority.

**Fund financial statements.** The fund financial statements provide detailed information about the city's most significant funds, not the city as a whole. Funds are groupings of activities that enable the city to maintain control over resources that have been segregated for particular purposes or objectives. All of the funds of the City of Philadelphia can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

• *Governmental funds.* The governmental funds are used to account for the financial activity of the city's basic services, similar to those described for the governmental activities in the government-wide financial statements. However, unlike the government-wide statements which provide a long-term focus of the city, the fund financial statements focus on a short term view of the inflows and outflows of expendable resources, as well as on the balances of expendable resources available at the end of the fiscal year. The financial information presented for the governmental funds are useful in evaluating the city's short term financing requirements.

To help the readers of the financial statements better understand the relationships and differences between the long term view of the government-wide financial statements from the short term view of the fund financial statements, reconciliations are presented between the fund financial statements and the government-wide statements.

The city maintains twenty-one individual governmental funds. Financial information is presented separately for the general fund, grants revenue fund and health choices behavioral health fund, which are considered to be major funds. Data for the remaining eighteen funds are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is presented in the form of combining statements in the supplementary information section of this financial report.

• **Proprietary funds.** The proprietary funds are used to account for the financial activity of the city's operations for which customers are charged a user fee; they provide both a long and short term view of financial information. The city maintains three enterprise funds which are a type of proprietary funds - the airport, water and waste water operations, and industrial land bank. These enterprise funds are the same as the business-type activities in the government-wide financial statements, but they provide more detail and additional information, such as cash flows.

• **Fiduciary funds.** The City of Philadelphia is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for the Gas Works' employees' retirement reserve assets. Both of these fiduciary activities are reported in separate *statements of fiduciary net assets* and *changes in fiduciary net assets*. They are not reflected in the government-wide financial statements because the assets are not available to support the city's operations.

The following chart summarizes the various components of the city's government-wide and fund financial statements, including the portion of the city government they cover, and the type of information they contain.

<b>Summary of the City of Philadelphia's Government-wide and Fund Financial Statements</b>				
	<b>Fund Statements</b>			
	<b>Government-wide Statements</b>	<b>Governmental Funds</b>	<b>Proprietary Funds</b>	<b>Fiduciary Funds</b>
<b>Scope</b>	Entire city government (except fiduciary funds) and city's component units	Activities of the city that are not proprietary or fiduciary in nature, such as fire, police, refuse collection	Activities the city operates similar to private businesses. Airports, water/waste water system & the land bank.	Activities for which the city is trustee for someone else's assets, such as the employees' pension plan
<b>Required Financial Statements</b>	Statement of Net Assets Statement of Activities	Balance Sheet Statement of Revenues, Expenditures and Changes in Fund Balances	Statement of Net Assets Statement of Revenues, Expenses and Changes in Net Assets Statement of Cash Flows	Statement of Fiduciary Net Assets Statement of Changes in Fiduciary Net Assets
<b>Accounting basis/ measurement focus</b>	Accrual accounting Economic resources	Modified accrual accounting Current financial resources	Accrual accounting Economic resources	Accrual accounting Economic resources
<b>Type of asset and liability information</b>	All assets and liabilities, financial and capital, short and long term	Only assets expected to be used up and liabilities that come due during the current year or soon thereafter; no capital assets are included	All assets and liabilities, financial and capital, short and long term	All assets and liabilities, both short and long term; there are currently no capital assets, although there could be in the future
<b>Type of inflow and outflow information</b>	All revenues and expenses during the year, regardless of when cash is received or paid	Only revenues for which cash is received during the year or soon after the end of the year; only expenditures when goods or services are received and payment is due during the year or soon thereafter.	All revenues and expenses during the year, regardless of when cash is received or paid	All revenues and expenses during the year, regardless of when cash is received or paid

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data presented in the government-wide and fund financial statements. The notes

can be found immediately following the basic financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents additional information in three separate sections: *required supplementary information, supplementary information and statistical information.*

- **Required supplementary information.** Certain information regarding pension plan funding progress for the city and its component units, as well as budgeted and actual revenues, expenditures and encumbrances for the city's major governmental funds is presented in this section. This required supplementary information can be found immediately following the notes to the financial statements.

- **Supplementary information.** Combining statements for non-major governmental and fiduciary funds, as well as additional budgetary schedules for the city's governmental and proprietary funds are presented in this section. This supplementary information can be found immediately following the required supplementary information.

- **Statistical information.** Long term trend tables of financial, economic, demographic and operating data are presented in the statistical section. This information is located immediately after the supplementary information.

### Government-wide Financial Analysis

**Net assets.** As noted earlier, net assets are useful indicators of a government's financial position. At the close of the current fiscal year, the City of Philadelphia's assets exceeded its liabilities by \$1,067.0 million.

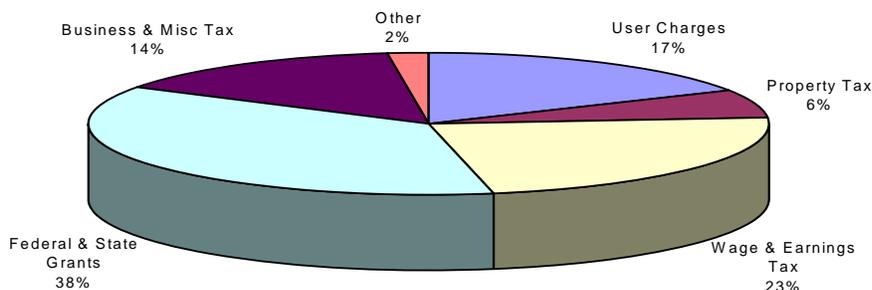

Capital assets (land, buildings, roads, bridges and equipment), less any outstanding debt issued to acquire these assets, comprise a large portion of the City of Philadelphia's net assets, \$705.4 million. Although these capital assets assist the city in providing services to its citizens, they are generally not available to fund the operations of future periods.

A portion of the city's net assets, \$1,324.8 million, are subject to external restrictions as to how they may be used. The remaining component of net assets is unrestricted. Unrestricted net assets ended the fiscal year with a deficit of \$963.2 million. The governmental activities reported negative *unrestricted net assets* of \$1,220.5 million. Any deficits will have to be funded from future revenues. The business type activities reported an unrestricted net assets surplus of \$257.3 million.

Following is a comparative summary of the city's assets, liabilities and net assets:

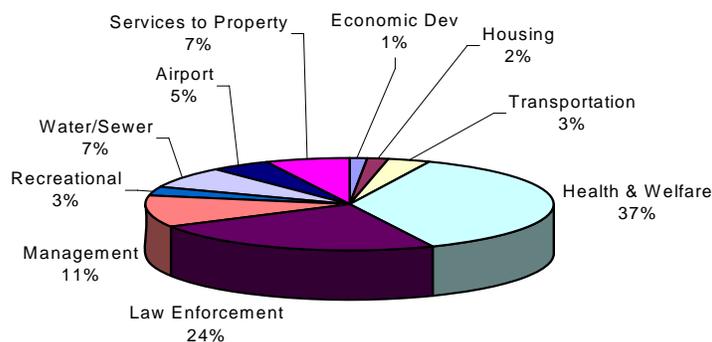

<b>City of Philadelphia's Net Assets</b>									
<i>(millions of USD)</i>									
	Governmental			Business-type			Total		
	Activities		%	Activities		%	Primary Government		%
	2007	2006	Change	2007	2006	Change	2007	2006	Change

Capital assets	2,193.0	2,280.0	-3.82%	3,097.0	3,095.1	0.06%	5,290.0	5,375.1	-1.58%
<b>Total assets</b>	<b>5,115.7</b>	<b>4,936.3</b>	3.63%	<b>4,401.3</b>	<b>4,432.4</b>	-0.70%	<b>9,517.0</b>	<b>9,368.7</b>	1.58%
Long-term liabilities	4,690.0	4,478.3	4.73%	2,851.7	2,950.2	-3.34%	7,541.7	7,428.5	1.52%
Other liabilities	795.0	728.8	9.08%	113.2	119.1	-4.95%	908.2	847.9	7.11%
<b>Total liabilities</b>	<b>5,485.0</b>	<b>5,207.1</b>	5.34%	<b>2,964.9</b>	<b>3,069.3</b>	-3.40%	<b>8,449.9</b>	<b>8,276.4</b>	2.10%
<b>Net assets:</b>									
Invested in capital assets,									
net of related debt	161.4	248.6	-35.08%	544.0	537.4	1.23%	705.4	786.0	-10.25%
Restricted	689.7	471.6	46.25%	635.1	551.9	15.08%	1,324.8	1,023.5	29.44%
Unrestricted	(1,220.5)	(1,010.9)	-20.73%	257.3	273.9	-6.06%	(963.2)	(737.0)	-30.69%
<b>Total net assets</b>	<b>(369.4)</b>	<b>(290.7)</b>	-27.07%	<b>1,436.4</b>	<b>1,363.2</b>	5.37%	<b>1,067.0</b>	<b>1,072.5</b>	-0.51%

**Changes in net assets.** The city's total revenues this year, \$6,398.1 million, fell short of total costs of \$6,425.0 million by \$26.9 million. Approximately 29% of all revenue came from property and wage and earnings taxes. State, Federal and local grants account for another 38%, with the remainder of the revenue coming from user charges, fines, fees and various other sources. The City's expenses cover a wide range of services, of which approximately 61% are related to the health, welfare and safety of the general public.

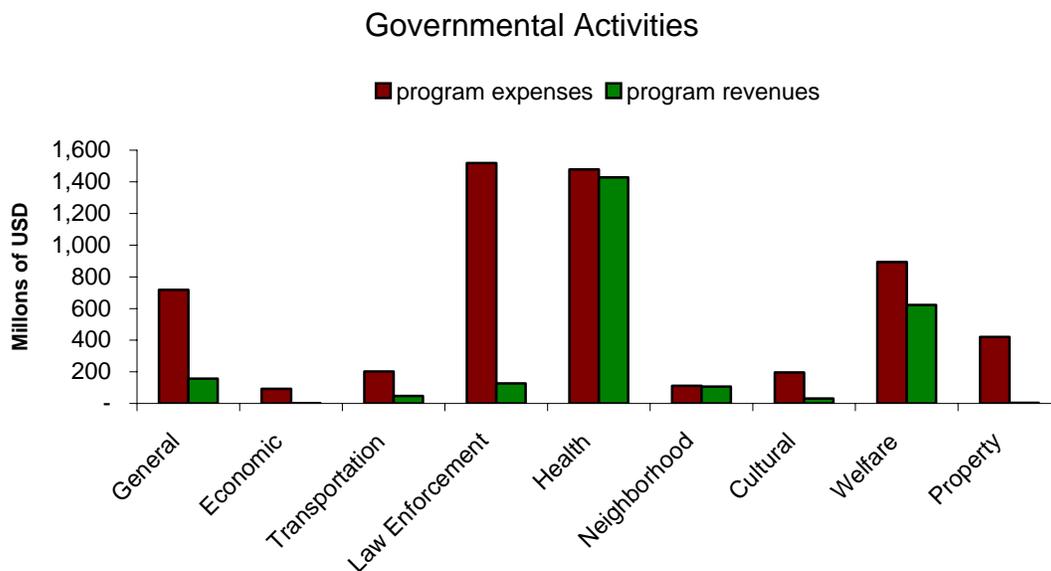

Overall, net assets for the city decreased by \$5.4 million. Total revenues increased by \$240.7 million, total expenses increased by \$320.8 million over last year. This resulted in the Change in Net Assets being \$80.1 million lower than in the previous year. There is also an \$8.6 million increase to last year's net assets due to a change in the accounting for a certain grant as well as a \$15.7 million increase to last year's net assets due to a change in the accounting for library book depreciation resulting in an overall \$5.4 decrease in net assets over last year. Tax receipts increased by \$112.7 million largely attributable to increased wage & earnings tax collections. Grants & Contributions increased by \$76.9 million.

Expense increases included \$85.4 million for Police, \$49.1 million for Fire, \$30.7 million for Health Services and \$63.5 million for Social Services.

**Governmental Activities**

The governmental activities of the City resulted in a \$78.6 million decrease in net assets. The following chart reflects program expenses and program revenue. The difference (net cost) must be funded by Taxes, Grants & Contributions and Other revenues.

The following table summarizes the city's most significant governmental programs. Costs, program revenues and net cost are shown in the table. The net cost shows the financial burden that was placed on the city's taxpayers by each of these functions.

(millions of USD)	Program Costs			Program Revenues			Net Cost		
	2007	2006	% Change	2007	2006	% Change	2007	2006	% Change
	General Welfare	893.9	817.2	9.4%	622.5	568.6	9.5%	271.4	248.6
Judiciary & Law Enforcement	1,518.7	1,391.8	9.1%	126.8	130.5	-2.8%	1,391.9	1,261.3	10.4%
Public Health	1,478.6	1,447.5	2.1%	1,428.6	1,324.4	7.9%	50.0	123.1	-59.4%
General Governmental	718.2	711.8	0.9%	156.6	228.2	-31.4%	561.6	483.6	16.1%
Services to Property	419.7	364.9	15.0%	4.5	5.0	-10.0%	415.2	359.9	15.4%
Housing, Economic & Cultural	601.7	610.5	-1.4%	186.2	221.1	-15.8%	415.5	389.4	6.7%
	<b>5,630.8</b>	<b>5,343.7</b>	<b>5.4%</b>	<b>2,525.2</b>	<b>2,477.8</b>	<b>1.9%</b>	<b>3,105.6</b>	<b>2,865.9</b>	<b>8.4%</b>

- The cost of all governmental activities this year was \$5,630.8 million; the amount that taxpayers paid for these programs through tax payments was \$2,811.7 million. The federal and state governments and other charitable organizations subsidized certain programs with grants and contributions in the amount of \$2,220.7 million while those who benefited from the programs paid \$304.6 million through fees and charges. Unrestricted grants and contributions and other general types of revenues accounted for the balance of revenues in the amount of \$190.9 million. After prior year adjustments of \$24.3 million, the difference of \$78.6 million will have to be funded from future resources.

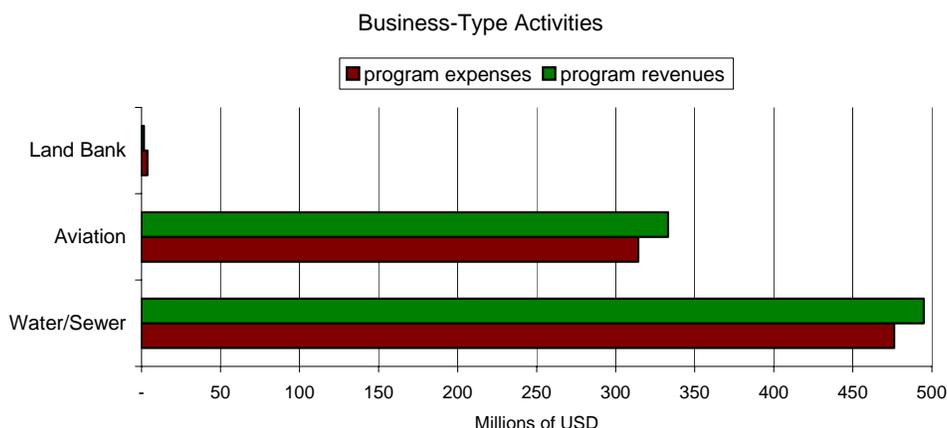

The following table shows a more detailed breakdown of program costs and related revenues for both the governmental and business-type activities of the city:

<b>City of Philadelphia-Net Assets</b>							
<i>(millions of USD)</i>							
	<b>Governmental Activities</b>		<b>Business-type Activities</b>		<b>Total</b>		<b>% Change</b>
	<b>2007</b>	<b>2006</b>	<b>2007</b>	<b>2006</b>	<b>2007</b>	<b>2006</b>	
<b>Revenues:</b>							
Program revenues:

### Business-type Activities

Business-type activities caused the city's net assets to increase by \$73.2 million. This increase was comprised of an increase in net assets for water/wastewater of \$42.7 million, for aviation of \$32.5 million and a decrease for industrial & commercial development operations of \$2.0 million. Some of the key reasons for these changes are:

- Increased water/sewer rate effective July 1, 2006. These new rates are the third of a four-phase change in rates to be spread over a three and a half-year period.
- Increased airport rental concession income and an increase in passenger facility charges resulting from an increase in airline passenger traffic.

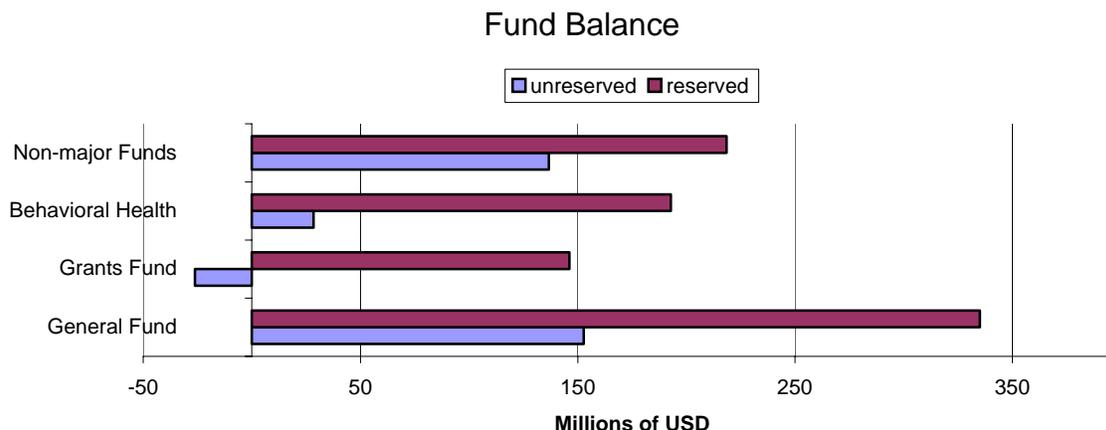

### Financial Analysis of the Government's Funds

**Governmental funds.** The purpose of the city's governmental funds is to provide financial information on the *short term inflow, outflow and balance* of resources. This information is useful in assessing the city's ability to meet its near-term financing requirements. *Unreserved fund balance* serves as a useful measure of the city's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year the city's governmental funds reported a *combined fund balance* of \$1,184.2 million an increase of \$408.3 million over last year. Of the total fund balance, \$892.6 million represents *reserved fund balance* which indicates that it is not available for new spending because it has already been committed to: contracts for goods and services (\$205.3 million); revitalize neighborhoods (\$99.9 million); pay debt service (\$90.7 million); support programs funded by independent agencies (\$77.8 million); fund a portion of the city's managed care programs (\$192.9 million); fund a portion of new sports stadiums (\$6.4 million); loan to PGW (\$45.0 million); fund the 911 emergency phone system (\$21.7 million); fund a portion of the central library renovation project (\$4.8 million), cultural and commercial corridor project (\$143.3 million); and trusts (\$4.8 million). The difference between the combined fund balance and reserved fund balance is \$291.6 million which constitutes *unreserved fund balance*, this surplus is available to fund future budgets.

The general fund, the primary operating fund of the city, reported a *unreserved fund balance surplus* of \$152.7 million at the end of the fiscal year. Ratios of the general fund's unreserved fund balance and total fund balance to its total expenditures can be useful indicators of the general fund's liquidity. These ratios for the year just ended were 4.25% and 13.6%, respectively.

Overall, the total fund balance (reserved and unreserved) of the general fund increased by \$183.3 million during the current fiscal year. This increase was due to an excess of revenues and other financing sources over expenditures for the fiscal year. Some of the key factors contributing to this change are:

Revenue:

- An increase of \$75.8 million in tax revenue due to increased collections for Wage & Earnings Tax, Business Privilege Tax and Real Property Transfer Tax.
- An increase of \$90.0 million in revenue from other governments due to grants from the Commonwealth of Pennsylvania increasing \$103.5 million over FY2006.
- The issuance of \$142.4 million of debt, including premium.

Expenditures:

- Expenditures for the year increased \$288.7 million, an increase of 8.7%.

The Health Choices Behavioral Health fund ended the fiscal year with a total fund balance of \$221.2 million of which \$192.9 million is reserved for a contractually required equity reserve and reinvestment initiatives. The total fund balance increased during the fiscal year by \$50.0 million.

The Grants Revenue fund has a total fund balance in the amount of \$119.9 million which is comprised of a positive reserved fund balance of \$146.1 million (earmarked for neighborhood revitalization, the productivity bank and emergency telephone system programs) and a deficit unreserved fund balance of \$26.2 million. Because most programs accounted for in the grants revenue fund are reimbursement based, it is not unusual for the grants revenue fund to end the fiscal year with a deficit unreserved fund balance. The overall fund balance of the grants revenue fund experienced a decrease of \$2.6 million during the current fiscal year due primarily to increases in health & social services expenditures.

**Proprietary funds.** The city's proprietary funds provide the same type of financial information found in the government-wide financial statements, but in slightly more detail. The *total net assets* of the proprietary funds increased by \$73.3 million during the current fiscal year. This overall increase is attributable to the water/wastewater system which had an increase of \$42.7 million, airport operations which experienced an increase of \$32.5 million, while industrial & commercial development operations experienced a decrease of \$1.9 million.

The proprietary funds reported an *unrestricted nets assets* surplus of \$257.3 million, comprised of \$162.1 million for the water and waste water operations, \$74.6 million for the airport and \$20.6 million for the industrial & commercial development activities. These unrestricted net assets represent an overall decrease of \$16.5 million over the previous year, comprised of a decrease of \$13.3 million for the water and waste water operations, a decrease of \$1.3 million for the airport and a decrease of \$1.9 million for the Land Bank. The change in the water unrestricted is the result of a large increase to the Reserve for Capital Projects.

### General Fund Budgetary Highlights

Differences between the original budget and the final amended budget resulted primarily from increases in revenue estimates and appropriations. These increases were required to support the following activities:

- \$12.8 million for health medical payments
- \$7.1 million for payments to the water fund for water usage
- \$2.0 million for capital contributions by the Health Department
- \$4.3 million for indemnity payments
- \$6.2 million for Fire Department payroll

The general fund's budgetary unreserved fund balance surplus of \$297.8 million differs from the general fund's fund financial statement surplus of \$152.7 million by \$145.1 million due to business privilege tax receipts which are received prior to being earned but have no effect on budgeted cash receipts.

### Capital Asset and Debt Administration

**Capital assets.** The City of Philadelphia's investment in capital assets for its governmental and business-type activities amounts to \$5.3 billion, net of accumulated depreciation, at the end of the current fiscal year. These capital assets include items such as roads, runways, bridges, water and sewer mains, streets and street lighting, land, buildings, improvements, sports stadiums, vehicles, commuter trains, machinery, computers and general office equipment. Major capital asset events for which capital expenditures have been incurred during the current fiscal year include the following:

- Infrastructure improvements of \$20.2 million for streets, highways and bridges and \$75.5 million for the water and waste water systems.
- City Hall complex exterior renovations in the amount of \$10.9 million.
- Fairmount Park and Art Museum complex improvements totaling \$19.9 million
- Recreational facility improvements in the amount of \$18.7 million.
- Subway, Elevated and Rail improvements totaling \$7.5 million
- Airport terminal and airfield improvements in the amount of \$70.9 million.

The following table shows the capital assets by category.

	Governmental activities			Business-type activities			Total		
	2007	2006	Inc (Dec)	2007	2006	Inc (Dec)	2007	2006	Inc (Dec)
Land	743.2	741.0	2.2	94.3	88.1	6.2	837.5	829.1	8.4
Buildings	773.9	788.6	(14.7)	1,564.8	1,552.4	12.4	2,338.7	2,341.0	(2.3)
Improvements other than buildings	97.7	93.4	4.3	98.4	101.2	(2.8)	196.1	194.6	1.5
Machinery & equipment	209.1	202.6	6.5	28.2	34.7	(6.5)	237.3	237.3	-
Infrastructure	368.6	393.3	(24.7)	1,148.0	1,140.0	8.0	1,516.6	1,533.3	(16.7)
Construction in progress	0.5	3.1	(2.6)	163.3	178.7	(15.4)	163.8	181.8	(18.0)
<b>Total</b>	<b>2,193.0</b>	<b>2,222.0</b>	<b>(29.0)</b>	<b>3,097.0</b>	<b>3,095.1</b>	<b>1.9</b>	<b>5,290.0</b>	<b>5,317.1</b>	<b>(27.1)</b>

The city's governmental activities experienced an overall decrease in capital assets of \$27.1 million (net of accumulated depreciation) during the current fiscal year. The decreases are a result of normal depreciation costs for the fiscal year but were less than in FY2006 because of a restatement of depreciation expense.

More detailed information about the city's capital assets can be found in notes I.6 & III.5 to the financial statements.

**Long-term debt.** At year end the city had \$7.5 billion in long term debt outstanding. Of this amount, \$4.8 billion represents bonds outstanding (comprised of \$2.0 billion of debt backed by the full faith and credit of the city, and \$2.8 billion of debt secured solely by specific revenue sources) while \$2.7 billion represents other long term obligations. The following schedule shows a summary of all long term debt outstanding.

	Governmental activities		Business-type activities		Total	
	2007	2006	2007	2006	2007	2006
<b><u>Bonds Outstanding:</u></b>

<b>Total Bonds Outstanding</b>	<b>1,999.4</b>	<b>1,865.5</b>	<b>2,821.1</b>	<b>2,923.1</b>	<b>4,820.5</b>	<b>4,788.6</b>
<b><u>Other Long Term Obligations:</u></b>						
Service agreements	2,246.0	2,117.9	-	-	2,246.0	2,117.9
Employee related obligations	409.0	383.5	28.3	25.7	437.3	409.2
Indemnities	35.6	46.2	1.6	1.2	37.2	47.4
Other	-	-	0.7	0.1	0.7	0.1
<b>Total Other Long Term Obligations</b>	<b>2,690.6</b>	<b>2,547.6</b>	<b>30.6</b>	<b>27.0</b>	<b>2,721.2</b>	<b>2,574.6</b>
<b>Total Long Term Debt Outstanding</b>	<b>4,690.0</b>	<b>4,413.1</b>	<b>2,851.7</b>	<b>2,950.1</b>	<b>7,541.7</b>	<b>7,363.2</b>

Significant events related to borrowing during the current fiscal year include the following:

- The City has statutory authorizations to negotiate temporary loans for periods not to extend beyond the fiscal year. The City borrows funds to pay debt service and required pension contributions due before the receipt of the real estate taxes. The City borrowed and repaid \$310.0 million in Tax and Revenue Anticipation Notes by June 2007 plus interest. In accordance with statute there are no temporary loans outstanding at year end.
- In July, 2006, the City issued \$217.5 million in General Obligation Bonds, of which \$188.7 million were serial bonds with interest rates ranging from 4.5% to 5.1%, maturing in 2029. The remaining \$28.9 million were term bonds with a 5% interest rate and mature in 2031. The proceeds of the sale were used to finance various capital projects.

As of the close of the fiscal year the city's bonds as rated by Moody's, Standard & Poor's and Fitch are as follows:

<b>Bond Type</b>	<b>Moody's Investor Service</b>	<b>Standard &amp; Poor's Corporation</b>	<b>Fitch IBCA</b>
General Obligation Bonds	Baa1	BBB	BBB+
Water Revenue Bonds	A3	A-	A-
Aviation Revenue Bonds	A3	A	A

The City is subject to a statutory limitation established by the Commonwealth of Pennsylvania as to the amount of tax supported general obligation debt it may issue. The limitation is equal to 13% of the average assessed valuations of properties over the past ten years. As of *July 1, 2007* the legal debt limit was \$1,374.7 million. There is \$1,262.5 million of outstanding tax supported debt leaving a legal debt margin of \$112.2 million.

More detailed information about the city's debt activity can be found in note III.7 to the financial statements.

**Economic Factors and Next Year's Budgets and Rates**

The following factors have all been considered in preparing the City of Philadelphia's budget for the 2008 fiscal year:

- Philadelphia entered FY07 with a surplus of \$254.5 million up from \$96.2 million at the close of FY05.
- Continuation of the wage and business tax reduction program which began in fiscal year 1995.
- Employee wage increases of 4% for civil servants and 4% for police officers effective July 1, 2007.
- Base health insurance costs are projected to grow 8% each year through FY2010. The City successfully negotiated low-growth rate increases in FY2006 (4.7%) and FY2007 (cap of 12%)

- Starting July 1, 2007 water and sewer bills will reflect new rates for water and wastewater services. These new rates are the final increase of a four-phase change in rates to be spread over a three and a half-year period.
- The airport's budget is funded primarily with airline rates and charges, to the extent not otherwise funded by non-airline rentals, concession fees and user charges. The airport is projecting a 7.4% increase in revenues in FY2008.

### Requests for information

The Comprehensive Annual Financial Report is designed to provide a general overview of the City of Philadelphia's finances for all interested parties. The City also publishes the *Supplemental Report of Revenues & Obligations* that provides a detailed look at budgetary activity at the legal level of compliance, the *Annual Report of Bonded Indebtedness* that details outstanding long term debt and the *Schedule of Financial Assistance* that reports on grant activity. All four reports are available on the City's website, [www.phila.gov/finance](http://www.phila.gov/finance). Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

**For the Fiscal Year Ended June 30, 2007**

**Exhibit V**

*Amounts in thousands of USD*

<b>Net Change in Fund Balances - Total Governmental Funds.....</b>	<b>399,696</b>
 <b>Amounts reported for governmental activities in the statement of activities are different because:</b>	
a. Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation (142,329) exceeded capital outlays (106,425) in the current period.....	(35,904)
b. Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.....	(56,187)
c. Proceeds from debt obligations provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net assets. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets. This is the amount by which proceeds (361,903) exceeded repayments (144,534).....	(217,369)
d. The increase in the Net Pension Obligation reported in the statement of activities does not require the use of current financial resources and therefore is not reported as expenditures in governmental funds.....	(122,166)
e. Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.....	(70,980)
 <b>Change in Net Assets of governmental activities.....</b>	 <b><u>(102,910)</u></b>

**Non-cash Capital & Financing Activities:**

During the year the City issued \$345.0 million of Water & Wastewater revenue refunding bonds. The proceeds were deposited immediately into an irrevocable trust and used to current refund a portion of the 1997A Series Water & Wastewater revenue bonds and advance refund Series 2001A Water & Wastewater revenue bonds.

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the City of Philadelphia have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

**1. REPORTING ENTITY**

The City of Philadelphia was founded in 1682 and was merged with the county in 1854. Since 1951 the City has been governed largely under the Philadelphia Home Rule Charter. However, in some matters, including the issuance of short-term and long-term debt, the City is governed by the laws of the Commonwealth of Pennsylvania.

As required by GAAP, the financial statements of the City of Philadelphia include those of the primary government and its component units. The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationships with the City. The financial statements of these component units have been included in the City's reporting entity either as blended component units or as discretely presented component units. Based on the criteria established by Governmental Accounting Standards Board Statement (GASBS) #14 as amended by GASBS #39, certain other organizations also did meet the criteria for inclusion, however they are not included in the City's financial statements because they are not significant to a fair representation of the City's reporting entity. **Individual financial statements can be obtained directly from their administrative offices by writing to the addresses provided.**

As used both on the face of the financial statements and in the footnotes, the term "Primary Government" includes both City funds and Blended Component Units while the term "Component Units" includes only Discretely Presented Component Units.

**A. BLENDED COMPONENT UNITS**

**Pennsylvania Intergovernmental Cooperation Authority (PICA) – 1429 Walnut St., Philadelphia, PA 19102**

PICA was established by act of the Commonwealth of Pennsylvania to provide financial assistance to cities of the first class and is governed by a five member board appointed by the Commonwealth. Currently, the City of Philadelphia is the only city of the first class. The activities of PICA are reflected in two of the governmental fund types (Special Revenue and Debt Service).

**Philadelphia Municipal Authority (PMA) – 1515 Arch St., Philadelphia, PA 19102**

PMA is governed by a five member board appointed by the City and was established to issue tax exempt bonds for the acquisition and use of certain equipment and facilities for the City. The activities of PMA are reflected in three of the governmental fund types (Special Revenue, Debt Service and Capital Improvement).

**B. DISCRETELY PRESENTED COMPONENT UNITS**

The component unit columns in the applicable combined financial statements include the combined financial data for the organizations discussed below. They are reported in a separate column to emphasize that they are legally separate from the City. However, in order to retain their identity, applicable combining statements have been included as part of this report.

**Community College of Philadelphia (CCP) – 1700 Spring Garden St., Philadelphia, PA 19130**

CCP was established by the City to provide two year post-secondary education programs for its residents. It is governed by a Board appointed by the City, receives substantial subsidies from the City, and its budgets must be submitted to the City for review and approval.

**Penn's Landing Corporation (PLC) – 121 N. Columbus Blvd., Philadelphia, PA 19106**

PLC was established to assist the City and the Commonwealth of Pennsylvania and their agencies in the rehabilitation, renewal and management of the historic site on the bank of the Delaware River known as Penn's Landing. The Corporation is governed by a 20 member board with 10 members appointed by the City. It receives substantial subsidies from the City and its budgets must be approved by the City.

**Pennsylvania Convention Center Authority (PCCA) – 1101 Arch St., Philadelphia, PA 19107**

PCCA was established to develop, promote and operate a convention center facility in the Philadelphia metropolitan area. Under a Lease & Service agreement, the City is obligated to pay an annual service fee sufficient to cover the debt service on PCCA's outstanding bonded debt. A voting majority of PCCA's governing board is not appointed by the City, however PCCA meets the criteria of fiscal dependency and the significance of the City's relationship with PCCA is such that exclusion from the City's financial report would be misleading.

**Philadelphia Housing Authority (PHA) – 2012 Chestnut St., Philadelphia, PA 19103**

PHA was established to provide low cost housing and other social services to the residents of the City. It is governed by a five member board with four members appointed by the City. PHA provides significant services to the City's residents.

**Philadelphia Parking Authority (PPA) – 3101 Market St., Philadelphia, PA 19104**

PPA was established by the City to coordinate a system of parking facilities and on-street parking on behalf of the City. Its fiscal year ends on March 31. The City has guaranteed debt payments for PPA. A voting majority of PPA's governing board is not appointed by the City however, the significance of the City's relationship with PPA is such that exclusion from the City's financial report would be misleading.

**Redevelopment Authority of the City of Philadelphia (RDA) – 1234 Market St., Philadelphia, PA 19107**

RDA was established to rehabilitate blighted sections of the City. It is governed by a five member board appointed by the City and must submit its budgets to the City for review and approval.

**School District of Philadelphia (SDP) – 440 N. Broad St., Philadelphia, PA 19130**

SDP was established by the Educational Supplement to the Philadelphia Home Rule Charter to provide free public education for the City's residents. A voting majority of the SDP governing board is not appointed by the City, however the significance of the City's relationship with SDP is such that exclusion from the City's financial report would be misleading.

**Community Behavioral Health (CBH) – 1101 Market St., Philadelphia, PA 19107**

CBH is a not-for-profit organization established by the City's Department of Public Health to provide for and administer all behavioral health services required by the Commonwealth of Pennsylvania. Its board is made up of City officials and City appointees. Any change in funding would present a financial burden to the City.

**Philadelphia Authority for Industrial Development (PAID) – 2600 Centre Sq. West, Philadelphia, PA 19102**

PAID was formed under the Industrial Development Authority Law to issue debt to finance eligible industrial and commercial development projects. PAID is the delegate agency responsible for administration of certain state grants and acts in the City's behalf on major development projects in the City. The City appoints a voting majority of PAID's board and is responsible for funding PAID's debt service.

**Philadelphia Gas Works (PGW) – 800 W. Montgomery Ave., Philadelphia, PA 19122**

PGW was established by the City to provide gas service to residential and commercial customers within the City of Philadelphia. The City appoints a voting majority of PGW's board and has the ability to modify or approve their budget.

**C. AUDIT RESPONSIBILITY**

The financial statements of the above component units, except for the **SDP**, as well as the financial statements of the Municipal Pension Fund, the Gas Works Retirement Reserve Fund and the Fairmount Park Commission Departmental and Permanent Funds have been audited by auditors other than the Office of the Controller of the City of Philadelphia. The table below indicates the percentage of certain financial information that was subject to audit by those other auditors:

	Governmental <u>Activities</u>	Business-type <u>Activities</u>	Aggregate Discretely Presented Component <u>Units</u>	Major <u>Funds</u>	Aggregate Remaining Fund <u>Information</u>
Total Assets	7%	0%	62%	0%	93%
Total Revenues	7%	0%	50%	0%	85%

**2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The City's *government wide* financial statements (i.e. the Statement of Net Assets and the Statement of Activities) report information on all of the non fiduciary activities of the primary government and its component units. *Governmental activities* which are normally supported by taxes and intergovernmental revenues are reported separately from *business type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable. Interfund activity and balances have been eliminated from the statements to avoid duplication.

The Statement of Activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific program. *Program revenues* include: (1) charges to customers or applicants who purchase, use or directly benefit from services or privileges provided by a given program and (2) grants and contributions that are restricted to meeting operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate *fund* financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the *government wide* financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the *fund* financial statements.

**3. BASIS OF ACCOUNTING, MEASUREMENT FOCUS AND FINANCIAL STATEMENTS**

**A. PRIMARY GOVERNMENT**

The *government wide* financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund (except agency funds which only report assets and liabilities and cannot be said to have a measurement focus) financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Real estate taxes are recognized as revenues in the year for which they are levied. Derived tax revenues such as wage, business privilege, and net profits and earnings taxes are recognized when the underlying exchange transaction has taken place. Grant and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

*Governmental fund* financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred as under accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. However, those expenditures may be accrued if they are to be liquidated with available resources.

Imposed non exchange revenues such as real estate taxes are recognized when the enforceable legal claim arises and the resources are available. Derived tax revenues, such as wage, business privilege, net profits and earnings taxes, are recognized when the underlying exchange transaction has occurred and the resources are available. Grant revenues are recognized when all the applicable eligibility requirements have been met and the resources are available. All other revenue items are considered to be measurable and available only when cash is received by the City.

As a general rule, the effect of interfund activity has been eliminated from the *government wide* financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other programs of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various programs concerned.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Amounts reported as *program revenue* include: (1) charges to customers or applicants for goods received, services rendered or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program specific revenues. Accordingly general revenues include all taxes.

*The City reports the following major governmental funds:*

- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.
- The Health Choices Behavioral Health Fund accounts for resources received from the Commonwealth of Pennsylvania. These resources are restricted to providing managed behavioral health care to Philadelphia residents.
- The Grants Revenue Fund accounts for the resources received from various federal, state and private grantor agencies. The resources are restricted to accomplishing the various objectives of the grantor agencies.

Additionally, the City reports on Permanent funds, which are used to account for resources legally held in trust for use by the park and library systems of the City. There are legal restrictions on the resources of the funds that hold that the principal remain intact and only the earnings are allowed to be used for the program.

*The City reports on the following fiduciary funds:*

- The Municipal Pension Fund accumulates resources to provide pension benefit payments to qualified employees of the City and certain other quasi governmental organizations.
- The Philadelphia Gas Works Retirement Reserve Fund accumulates resources to provide pension benefit payments to qualified employees of the Philadelphia Gas Works.
- The Escrow Fund accounts for funds held in escrow for various purposes.
- The Employees Health & Welfare Fund accounts for funds deducted from employees' salaries for payment to various organizations.
- The Departmental Custodial Accounts account for funds held in custody by various City Departments.

The City reports the following major proprietary funds:

- The Water Fund accounts for the activities related to the operation of the City's water delivery and sewage systems.
- The Aviation Fund accounts for the activities of the City's airports.

Private sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government wide and the proprietary fund financial statements to the extent that they do not conflict or contradict guidance of the GASB. Governments also have the option of following subsequent private sector guidance for their business type activities and enterprise funds. The City has elected not to follow subsequent private sector guidelines.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. The principal operating revenues of the Water Fund are charges for water and sewer service. The principal operating revenue of the Aviation fund is charges for the use of the airport. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### B. COMPONENT UNITS

The **SDP** prepares their financial statements in a manner similar to the City and utilizes the full range of governmental and proprietary fund types.

The financial statements of the Community College of Philadelphia have been prepared in accordance with GASBS #35 - Basic Financial Statements - and Management's Discussion and Analysis - For Public Colleges and Universities. The remaining component units prepare their financial statements in a manner similar to that of proprietary funds.

### 4. DEPOSITS AND INVESTMENTS

---

The City utilizes a pooled Cash and Investments Account to provide efficient management of the cash of most City funds. In addition, separate cash accounts are maintained by various funds due to either legal requirements or operational needs. For Proprietary and Permanent Funds, all highly liquid investments (except for Repurchase Agreements) with a maturity of three months or less when purchased are considered to be cash equivalents.

The City reports investments at fair value. Short-term investments are reported at cost which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price. The fair value of real estate investments is based on independent appraisals. Investments which do not have an established market are reported at estimated fair value.

Statutes authorize the City to invest in obligations of the Treasury, agencies, and instruments of the United States, repurchase agreements, collateralized certificates of deposit, bank acceptance or mortgage obligations, certain corporate bonds, and money market funds. The Pension Trust Fund is also authorized to invest in corporate bonds rated AA or better by Moody's Bond Ratings, common stocks and real estate.

From February to early June, deposits of the City significantly exceeded the amounts reported at year end. This was due to cyclical tax collections (billings for taxes are mailed in January and payable in March).

### 5. INVENTORIES

---

#### A. PRIMARY GOVERNMENT

Supplies of governmental funds are recorded as expenditures when purchased rather than capitalized as inventory. Accordingly, inventories for governmental funds are shown on the Statement of Net Assets but not on the Governmental Funds Balance Sheet. Inventories of proprietary funds are valued at moving average cost except for the following:

- **Industrial and Commercial Development Fund** inventory represents real estate held for resale and is valued at cost.

## B. COMPONENT UNITS

All inventories are valued at moving average cost except for the following:

- **PGW** inventory consists primarily of fuel stock and gases which are stated at average cost.
- The **SDP** Food Services Fund inventories include food donated by the Federal Government which was valued at government cost or estimated value. All other food or supply inventories were valued at last unit cost and will be expensed when used.
- **RDA** inventory represents real estate held for resale and is recorded based on the estimated appraisal of values and cost basis of land inventories acquired.

## 6. CAPITAL ASSETS

---

### A. PRIMARY GOVERNMENT

Capital Assets, which include property, plant, equipment and infrastructure assets (e.g. bridges, curbs and gutters, streets and sidewalks and lighting systems), are reported in the applicable governmental or business type activities columns in the *government wide* financial statements. Capital assets are defined by the City as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of three years. Capital assets are recorded at cost. Costs recorded do not include interest incurred as a result of financing asset acquisition or construction. Assets acquired by gift or bequest are recorded at their fair market value at the date of gift. Upon sale or retirement, the cost of the assets and the related accumulated depreciation, if any, are removed from the accounts. Maintenance and repair costs are charged to operations.

The City transfers Construction In Process to one or more of the major asset classes: (1) when project expenditures are equal to or have exceeded 90% of the estimated cost on new facilities (except for the Aviation Fund which uses 80% as the determining percentage), (2) when the expenditures are for existing facilities or (3) when they relate to specific identifiable items completed during the year which were part of a larger project.

Cost of construction for proprietary fund capital assets includes all direct contract costs plus overhead costs. Overhead costs include direct and indirect engineering costs and interest incurred during the construction period for projects financed with bond proceeds. Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest on invested proceeds over the same period.

Depreciation on the capital assets for all City funds is provided on the straight line method over their estimated useful lives: buildings - 20 to 50 years; equipment and storage facilities - 3 to 25 years; and transmission and distribution lines - 50 years.

Collections of art and historical treasures meet the definition of a capital asset and normally should be reported in the financial statements. However, the requirement for capitalization is waived for collections that meet certain criteria. The City has collections of art, historical treasures and statuary that are not capitalized as they meet all of the waiver requirements which are: (1) the collections are held solely for public exhibition, (2) the collections are protected, preserved and cared for and (3) should any items be sold, the proceeds are used only to acquire other items for the collections. Among the City's collections are historical artifacts at the Ryers Museum & Library, Loudoun Mansion, Fort Mifflin, Atwater Kent Museum and the Betsy Ross House. The city also has sculptures, paintings, murals and other works of art on display on public property and buildings throughout the City.

### B. COMPONENT UNITS

Depreciation on the capital assets for component units is provided on the straight line method over their estimated useful lives: buildings - 15 to 50 years; equipment and storage facilities - 3 to 25 years; and transmission and distribution lines - 50 years.

---

**7. BONDS AND RELATED PREMIUMS, DISCOUNTS & ISSUANCE COSTS**

---

In the *government wide* financial statements and in the proprietary fund statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the life of the related debt.

In *governmental fund* financial statements, bond premiums, discounts and issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt issuance expenditures.

---

**8. INSURANCE**

---

The City, except for the Airport and certain other properties, is self-insured for most fire and casualty losses to its structures and equipment and provides statutory worker's compensation, unemployment benefits, and health and welfare to its employees through a self-insured plan.

---

**9. RECEIVABLE AND PAYABLES**

---

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as due to/from other funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the *governmental wide* financial statements as "internal balances".

All trade and property receivables in the *governmental wide* financial statements are shown net of allowance for uncollectibles. The real estate tax receivable allowance is equal to 46.4% of outstanding real estate taxes at June 30. Property taxes are levied on a calendar year basis. The City's property taxes, levied on assessed valuation as of January 1, are due and payable on or before March 31. Taxes levied are intended to finance the fiscal year in which they become due. Current real estate rates are \$8.264 on each \$100 assessment; \$4.790 for the SDP and \$3.474 for the City. Delinquent charges are assessed at 1.5% per month on all unpaid balances as of April 1. Real estate tax delinquents are subject to lien as of the following January 1. The City has established real estate improvement programs that abate, for limited periods, tax increases that result from higher assessments for improved properties. Certain incremental tax assessments are earmarked to repay loans from the City to developers who improve properties under Tax Increment Financing agreements.

---

**10. DEFERRED REVENUES**

---

**A. PRIMARY GOVERNMENT**

Deferred revenues as reported in the *fund* financial statements represent receivables which will be collected and included in revenues of future fiscal years or funds received in advance of being earned. In the General Fund, deferred revenues relate to property tax levies and self-assessed taxes receivable which are not available to pay liabilities of the current period and grants receivable for which the eligibility criteria has been met, but the resources are not available. Also included are business privilege taxes which were received in advance of being earned. The deferred revenue in the Special Revenue and Capital Improvement Funds is primarily related to grants receivable and funds received in advance of being earned. In the Water and Aviation Funds, deferred revenues relate to overpayments from water/sewer customers and airlines, respectively.

**B. COMPONENT UNITS**

Deferred revenue of the SDP consists primarily of uncollected real estate taxes which were levied in the current and prior years but will not be available to pay liabilities of the current period. It is estimated that substantially all of the year-end balance will be received and recognized as revenue in the subsequent year.

Community College of Philadelphia student tuition and fees received prior to June 30 which are applicable to the Summer II and Fall terms have been deferred and will be included in revenue in the subsequent year.

---

### 11. COMPENSATED ABSENCES

It is the City's policy to allow employees to accumulate earned but unused vacation benefits. Vacation pay is accrued when earned in the *government wide* financial statements and in the proprietary and fiduciary *fund* financial statements. Sick leave balances are not accrued in the financial statements because sick leave rights are non-vesting.

---

### 12. CLAIMS AND JUDGMENTS

Pending claims and judgments are recorded as expenses in the *government wide* financial statements and in the proprietary and fiduciary fund financial statements when the City solicitor has deemed that a probable loss to the City has occurred. Claims and judgments are recorded as expenditures in the government fund financial statements when paid or when judgments have been rendered against the City.

---

### 13. COMPONENT UNIT ACCRUED LIABILITIES, NOTES PAYABLE AND FIXED LIABILITIES

Accrued liabilities, notes payable and fixed liabilities of the Philadelphia Housing Authority (PHA) are comprised primarily of accrued interest and notes or bonds payable which are the obligations of HUD. Such obligations were issued by HUD to finance the acquisition, construction or rehabilitation of housing units utilized by PHA in the Public Housing Program. HUD pays the annual debt service on these obligations through annual contribution contracts.

## II. LEGAL COMPLIANCE

---

### 1. BUDGETARY INFORMATION

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). In accordance with the Philadelphia Home Rule Charter, the City has formally established budgetary accounting control for its operating and capital improvement funds.

The operating funds of the City, consisting of the General Fund, eight Special Revenue Funds (County Liquid Fuels Tax, Special Gasoline Tax, HealthChoices Behavioral Health, Hotel Room Rental Tax, Grants Revenue, Community Development, Car Rental Tax and Housing Trust Funds) and two Enterprise Funds (Water and Aviation Funds), are subject to annual operating budgets adopted by City Council. Included with the Water Fund is the Water Residual Fund. These budgets appropriate funds for all City departments, boards and commissions by major class of expenditure within each department. Major classes are defined as: personal services; purchase of services; materials and supplies; equipment; contributions, indemnities and taxes; debt service; payments to other funds; and advances and other miscellaneous payments. The appropriation amounts for each fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes (except for materials and supplies and equipment, which are appropriated together) must have council approval. Appropriations that are not expended or encumbered at year end are lapsed. Comparisons of budget to actual activity at the legal level of compliance are located in the City's *Supplemental Report of Revenues and Obligations*, a separately published report.

The City Capital Improvement Fund budget is adopted annually by the City Council. The Capital Improvement budget is appropriated by project for each department. All transfers between projects exceeding twenty percent of each project's original appropriation must be approved by City Council. Any funds that are not committed or expended at year end are lapsed. Comparisons of departmental project actual activity to budget are located in the City's *Supplemental Report of Revenues and Obligations*.

The budgetary comparison schedules presented differ from the modified accrual basis of accounting. These schedules differ from the GAAP basis statements in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures.

During the year, classification adjustments and supplementary appropriations were necessary for City funds. Therefore, budgeted appropriation amounts presented are as originally passed and as amended by the City Council. As part of the amendment process, budget estimates of City related revenues are adjusted and submitted to City Council for review. Changes in revenue estimates do not need City Council approval, but are submitted in support of testimony with regard to the appropriation adjustments. Revenue estimates are presented as originally passed and as amended.

**III. DETAILED NOTES ON ALL FUNDS AND ACCOUNTS**

**1. DEPOSITS AND INVESTMENTS**

**Deposits**

State statutes require banks to collateralize City deposits at amounts equal to or in excess of the City's balance. Such collateral is to be held by the Federal Reserve Bank or the trust department of a commercial bank other than the pledging bank. At year end, the carrying amount (book balance) of deposits for the City and the bank balances were \$361.7 million and \$361.4 million respectively. All of the collateralized securities were held in the City's name except for \$143.2 million which were collateralized, but held in the pledging institutions name

**Investments**

The City has established a comprehensive investment policy that covers all funds other than the Municipal Pension Fund and the Philadelphia Gas Works Retirement Reserve. Both of those funds have separate investment policies designed to meet the long term goals of the fund. To minimize custodial credit risk, the City has selected custodian banks that are members of the Federal Reserve System to hold its investments. Delivery of the applicable investment documents to the City's custodian is required for all investments.

As of June 30, 2007 the City's Investments consisted of:

(amounts in thousands of USD)	Primary Government	
	Fair Value	% of Total
U.S. Government Securities	211,273	2.6%
U.S. Government Agency Securities	1,301,572	16.0%
Corporate Bonds	401,415	4.9%
Corporate Equity	4,528,550	55.5%
Commercial Paper	530,441	6.5%
Collateralized Mortgage Obligations	173,406	2.1%
Other Bonds and Investments	142,072	1.7%
Short-Term Investment Pools	422,015	5.2%
Real Estate	25,118	0.3%
Financial Agreements	354,680	4.3%
Certificates of Deposit	69,700	0.9%
	<u>8,160,242</u>	

The Philadelphia Code authorizes financial institutions for deposit of City funds. During FY 2007 the trust department of an authorized financial institution was sold to a financial institution that was not on the City's authorized depository list. At June 30, 2007 the trust department of the successor institution accounted for \$1.3 billion in City investments. Legislation will be proposed to include the successor institution as an authorized depository.

*Interest Rate Risk:* The City's investment portfolio is managed to accomplish preservation of principal, maintenance of liquidity and maximize the return on the investments. To limit its exposure to fair value losses from rising interest rates, the city's investment policy limits investments to maturities of no longer than 2 years, except in Sinking Fund Reserve Portfolios

(amounts in thousands of USD)	<b>Fair Value</b>			
	Maturity :	<u>Less than 1 year</u>	<u>1-3 years</u>	<u>More than 3 years</u>
Short term Investment Pools	230,503	-	-	-
U.S. Government Securities	64,088	65,019	1,142	
U. S. Government Agency Securities	790,305	283,131	3,504	
Corporate Bonds	125,235	12,614	422	
Municipal Bonds	13,950	-	-	
Commercial Paper	530,441	-	-	
Financial Agreements	40,000	-	-	
Repurchase Agreements	-	-	10,659	
Certificates of Deposit	69,700	-	-	
	<u>1,864,222</u>	<u>360,764</u>	<u>15,727</u>	

*Credit Risk:* The City's credit risk is limited by investing in US Government securities (5.8%) or US Government Agency obligations (48.1%). The US Government Agency obligations must be rated AAA by Standard & Poor's Corp or Aaa by Moody's Investor Services. All US Government Securities meet the criteria. The City's investment in Commercial paper (23.7%) must be rated A1 by Standard & Poor's Corp. (S&P) and/or M1G1 by Moody's Investor's Services, Inc (Moody's) and the senior long term debt of the issuer must not be rated lower than A by S&P and/or Moody's. Commercial Paper is also limited to 25% of the portfolio. All commercial paper investments meet the criteria. Of the corporate bonds held by the City, 93% had a Standard & Poor's rating of AAA to AA. Cash accounts are swept nightly and idle cash invested in money market funds (short term investment pools). Short Term Investment Pools are rated AAAM by Standard & Poor's Corp and Aaa by Moody's Investor Services. The City limits its foreign currency risk by investing in certificates of deposit and bankers acceptances issued or endorsed by non-domestic banks that are denominated in US dollars providing that the banking institution has assets of not less than \$100 million and has a Thompson's Bank Watch Service "Peer Group Rating" not lower than II. At the end of the fiscal year, the city did not have any investments of that nature.

**Municipal Pension Fund**

*Credit Risk:* Currently, the Municipal Pension Fund owns approximately 61% of all investments and is invested primarily in equity securities (67.1%). The fund's resources are put in the hands of investment managers with different investment styles who invest according to specific objectives developed for each manager. The Chief Investment Officer of the Municipal Pension fund is charged with reviewing the portfolios for compliance with those objectives and guidelines. Of the fixed income type investments held by the pension fund, 76% had Standard & Poor ratings of AAA to A and 77% had Moody's rating of Aaa to A1.

The investments are held by the managers in the Pension Fund's name. The investments are diversified with only the investment in the Russell 1000 Growth Pooled Fund exceeding 5% of the total investment (5.26%). The fair value of the investment in the Russell 1000 Growth Pooled Fund was \$259,763 million at fiscal year end. The fund's exposure to foreign currency risk derives from its position in foreign currency-denominated equity securities and fixed income investments. The foreign currency investment in equity securities is 21% of the total investment in equities.

**Municipal Pension Fund**

**Equity Securities subject to Foreign Currency Risk**

<u>Currency</u>	<u>Fair Value (USD)</u>	
Euro Currency	281,044,889	40.28%
Pound Sterling	144,899,513	20.77%
Japanese Yen	118,454,631	16.98%
Australian Dollar	46,152,410	6.62%
All others	107,124,676	15.35%
	<u>697,676,119</u>	

**Fixed Income Securities and Other Investments subject to Foreign Currency Risk**

	<u>Currency</u>	<u>Fair Value (USD)</u>	<u>Maturities</u>
Currency	Euro	4,279,286	
Currency	Australian Dollar	1,485,402	
Currency	All others	5,005,083	
Government Issues	Euro	1,993,331	Jan 2015 - Jan 2017
Government Issues	Canadian Dollar	218,394	Dec 2031
Limited Partnership Units	Euro	52,298,181	
Real Estate Investment Trusts	Pounds Sterling	685,498	
Real Estate Investment Trusts	All others	358,444	

Statutes permit the Municipal Pension Fund to lend its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. The Pension Fund has contracted with a third party securities lending agent to lend the Pension fund's securities portfolio. The agent lends securities of the type on loan at June 30 for collateral in the form of cash or other securities at 102% of the leaned securities market value plus accrued interest. The collateral for the loans is maintained at greater than 100%. Securities on loan as of June 30 are unclassified with regards to custodial credit risk.

At June 30, the Pension Fund has no credit risk exposure to borrowers because the amounts the Pension Fund owes the borrowers exceed the amounts the borrowers owe to the Pension Fund. The agent provides indemnification if the borrowers fail to return the underlying securities (and if the collateral is inadequate to replace the securities lent) or fail to pay income distributions on them. All open securities loans can be terminated on demand by either the Pension Fund or the borrower. All term securities loans can be terminated with five days notice by either the Pension fund or the borrower. Cash collateral is invested in accordance with the investment guidelines of the Pension Fund. The Pension fund cannot pledge or sell collateral securities received unless the borrower defaults.

This chart details the exposure to interest rate changes based on maturity dates of the fixed income securities:

**Municipal Pension Fund Exposure to Credit Risk**

**Philadelphia Gas Works Retirement Reserve (PGWRR)**

*Credit Risk:* Currently, the PGWRR owns approximately 5.8% of all investments and is primarily invested in equity securities (65%). The long term goals of the fund are to manage the assets to produce investment results which meet the Fund's actuarially assumed rate of return and protect the assets from any erosion of inflation adjusted value. The fund's resources are put in the hands of investment managers with different investment styles who invest according to specific objectives developed for each manager. The Chief Investment Officer of the PGWRR is charged with reviewing the portfolios for compliance with those objectives and guidelines. To protect against credit risk, the fund requires that all domestic bonds must be rated investment grade by at least two ratings agencies (Standard & Poor's, Moody's or Fitch ). The portfolio manager's Average Credit Quality range from AAA to AA.

The PGWRR's fixed income investments are as follows:

(amounts in thousands of USD)

<u>Investment type</u>	<u>less than 1 yr</u>	<u>1-3 yrs</u>	<u>3-5 yrs</u>	<u>5-10 yrs</u>	<u>more than 10 yrs</u>
Short-Term Investment Pools	4,652	-	-	-	-
U.S. Government Agency Securities	-	761	267	330	101
U.S. Government Securities	-	8,285	5,529	3,790	2,952

	<u>8,365</u>	<u>24,993</u>	<u>21,035</u>	<u>15,223</u>	<u>47,179</u>

**Blended Component Units**

**A. PICA**

The Authority may deposit funds in any bank that is insured by federal deposit insurance. To the extent that the deposits exceed federal insurance, the banks must deposit (with their trust department or other custodian) obligations of the US Government, the Commonwealth of Pa or any political subdivision of the Commonwealth. Investments must be made in accordance with a trust indenture that restricts investments to obligations of the City of Philadelphia, government obligations, repurchase agreements collateralized by direct obligations of or obligations the payments of principal and interest on which are unconditionally guaranteed as to full and timely payment by the United States of America, money market mutual fund shares issued by a fund having assets not less than \$100,000,000 or guaranteed investment contracts (GIC) with a bank insurance company or other financial institution that is rated in one of the three highest rating categories by the rating agencies and which GICs are either insured by municipal bond insurance or fully collateralized at all times.

At June 30, the carrying amount of PICA's deposits with financial institutions (including certificates of deposit and shares in US government money market funds) was \$97.5 million. The bank balance of \$97.5 million was insured or collateralized as follows:

(amounts in thousands of USD)

Insured	100
Uninsured and uncollateralized	<u>97,384</u>
	97,484

PICA's deposits include bank certificates of deposit with a remaining maturity of one year or less and shares in US government money market funds. PICA has \$63.3 million of other investments that are uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent but not in PICA's name.

**B. PHILADELPHIA MUNICIPAL AUTHORITY**

The authority does not have a formally adopted investment policy, however the terms of their bond indentures limit the investments in which the trustee can deposit funds. These limited investments include US government obligations, repurchase agreements for government obligations, certificates of deposits and other time deposit arrangements with financial institutions. Investments at June 30 are summarized as follows:

(amounts in thousands of USD)

	<u>Fair Value</u>	<u>Cost</u>
U S Government Securities	389	389
Money Market Funds	30	30
Certificates of Deposit	<u>103</u>	<u>103</u>
	522	522

All investments were uninsured and unregistered, for which the securities are held by the financial institutions' trust department in the Authority's name at June 30.

The authority does not have a formally adopted investment policy related to credit risk, but generally follows the practices of the City. As of June 30, the Authority's investment in money market funds and government securities was rated AAA by S&P. Depository accounts consisted of \$423 thousand on deposit with a local bank. Amounts are insured by the FDIC up to \$100 thousand. Amounts are also insured by collateral pledges at the Federal Reserve Bank.

## 2. SECURITIES LENDING

---

The Board of Directors of the Municipal Pension Fund (Pension Fund) and the Sinking Fund Commission (on behalf of the Philadelphia Gas Works Retirement Reserve Fund (PGWRR)) have each authorized management of the respective funds to participate in securities lending transactions. Each fund has entered into a Securities Lending Agreement with its custodian bank to lend its securities to broker-dealers.

- **The Pension Fund** lends US Government and US Government Agency securities, domestic and international equity securities and international fixed income securities and receives cash and securities issued or guaranteed by the federal government as collateral for these loans. Securities received as collateral can not be pledged or sold except in the case of a borrower default. The market value of collateral must be at least 102% (in some cases 105%) of the underlying value of loaned securities. The Pension fund has no restriction on the amount of securities that can be lent. The Pension Fund's custodian bank indemnifies the Fund by agreeing to purchase replacement securities or return cash collateral if a borrower fails to return securities or pay distributions thereon. The maturity of investments made with cash collateral generally did not match the maturity of securities loaned during the year or at year-end. The Pension Fund experienced no losses from securities transactions during the year and had no credit risk exposure at June 30.
- The **PGWRR** lends US Treasury, federal agency, and DTC-eligible corporate debt and equity securities and receives cash, US Treasury and federal agency securities and letters of credit as collateral for these loans. Securities received as collateral can not be pledged or sold except in the case of a borrower default. The market value of collateral must be 102% of the total of the market value of loaned securities plus any accrued interest. The **PGWRR** placed no restrictions on the amount of securities that could be lent. The **PGWRR's** custodian bank does not indemnify the **PGWRR** in the event of a borrower default except in cases involving gross negligence or willful misconduct on the custodian's part. Maturity of investments made with cash collateral is generally matched with maturity of loans. The **PGWRR** experienced no losses and had no credit risk exposure at June 30.

## 3. AMOUNTS HELD BY FISCAL AGENT

---

Two of the City's component units (**PAID** and **RDA**) have issued debt that, in accordance with GASB Interpretation #2, is considered conduit debt. Therefore, no asset related to the bond proceeds or liability related to the bonds is shown on their respective financial statements. However, since the City, through various agreements is responsible for the debt, the proceeds of the issuance are shown as assets of the City.

### A. GOVERNMENTAL FUNDS

General Fund - Consists of cash and investment balances related to the net proceeds of PAID's Sports Stadium Financing Lease Revenue Bonds Series A & B of 2001, PAID's Central Library Project Financing Lease Revenue Bonds Series 2005 and PAID's Cultural and Commercial Corridor Lease Revenue Bonds Series 2006.

Grants Revenue Fund - Consists of cash and investment balances related to the net proceeds of the **RDA's** City of Philadelphia Neighborhood Transformation Initiative Bonds.

### B. PROPRIETARY FUNDS

Aviation Fund - cash and investment balances related to the net proceeds of PAID's Airport Revenue Bonds, Series 1998A and 2001A. The proceeds are held by a fiscal agent and disbursed at the City's direction to pay for airport related capital improvements.

**4. INTERFUND RECEIVABLES AND PAYABLES**

**A. PRIMARY GOVERNMENT**

Interfund receivable and payable balances among Primary Government funds at year end are the result of the time lag between the dates that interfund goods and services are provided, the date the transactions are recorded in the accounting system and the date payments between funds are made. All balances are expected to be settled during the subsequent year. Interfund receivable and payable balances within the Primary Government at year end are as follows:

(Amounts in Thousands of USD)

	<u>Interfund Receivables Due to:</u>				<u>Total</u>
	<u>General</u>	<u>Non major Governmental</u>		<u>Other Funds</u>	
		<u>Special Revenue</u>	<u>Debt Service</u>		
<u>Interfund Payables Due From:</u>					
General	-	-	-	790	790
Non major Special Revenue Funds	18,037	-	4,450	10	22,497
Non major Debt Service Funds	59	167	-	-	226
<b>Total</b>	<u>18,096</u>	<u>167</u>	<u>4,450</u>	<u>800</u>	<u>23,513</u>

**B. COMPONENT UNITS**

Interfund receivables and payables between the Primary Government and its Component Units at year end are the result of the time lag between the dates that interfund goods and services are provided, the date the transactions are recorded in the accounting system and the date payments between funds are made. During fiscal 2001, the City approved loaning up to \$45.0 million to the Philadelphia Gas Works to meet an unanticipated emergency created by a cash flow crisis. All interfund balances are expected to be settled during the subsequent year except the \$45.0 million due from PGW. Interfund receivable and payable balances among the Primary Government and Component Units at year end are as follows:

(Amounts in Thousands of USD)

	<u>Receivables Due to:</u>						<u>Total</u>
	<u>General</u>	<u>Airport</u>	<u>PCCA</u>	<u>CBH</u>	<u>RDA</u>	<u>Timing Difference</u>	
<u>Payables Due From:</u>

Total accumulated depreciation	<u>(2,440)</u>	<u>(159)</u>	<u>10</u>	<u>(2,589)</u>
Total capital assets being depreciated, net	<u>2,825</u>	<u>19</u>	<u>(5)</u>	<u>2,839</u>
Business-type activities capital assets, net	<u>3,092</u>	<u>187</u>	<u>(182)</u>	<u>3,097</u>

The beginning balance of Land and Buildings in Governmental Funds were increased to include the capital assets of the Fairmount Park commission. In the Business-Type Funds, the Aviation Fund reclassified beginning balances in Buildings, Other Improvements, Equipment and Infrastructure but did not change total capital assets.

Depreciation expense was charged to the programs of the primary government as follows:

(Amounts in Thousands of USD)

Governmental Activities:	
Economic Development	3,626
Transportation:	
Streets & Highways	32,072
Mass Transit	26,969
Judiciary and Law Enforcement:	
Police	7,924
Prisons	6,167
Courts	662
Conservation of Health:	
Health Services	2,334
Housing and Neighborhood Development	2
Cultural and Recreational:	
Recreation	10,207
Parks	9,045
Libraries and Museums	5,555

**6. NOTES PAYABLE**

PGW, pursuant to the provisions of certain ordinances and Resolutions, may sell short-term notes in a principal amount which, together with the interest thereon, will not exceed \$150 million outstanding at any one time. These notes are intended to provide additional working capital. They are supported by an irrevocable letter of credit and a subordinated security interest in the Fund's revenues. The notes outstanding at year end (August 31, 2006) had an average weighted interest rate of approximately 3.57% and terms to maturity of 1 day. The principal amount outstanding was \$55 million.

RDA has issued a series of Mortgage Notes Payable with an outstanding balance at year end of \$23.1 million related to various projects of the Authority. These notes have interest rates ranging from 0% to 7.3%. Aggregate minimum principal payments on these notes are as follows:

<u>Fiscal Year</u>	<u>Amount</u>
2008	\$ 6,370,305
2009	-
2010	-
2011	-
2012	-
2013-2017	-
2018-2022	13,736,956
2023-2027	83,000
2028-2032	1,000,000
2033-2037	<u>1,950,000</u>
Total	<u>\$ 23,140,261</u>

In September, 2006, under a loan agreement with the Authority, **CCP** borrowed \$3.0 million. The loan has an interest rate of 4.5% and will be repaid over a ten year period. The proceeds of the loan went towards deferred maintenance cost for various projects.

In prior years, **CCP** has entered into various loan agreements with the State Public School Building Authority and the Hospitals & Higher Education Facilities Authority for loans totaling approximately \$84.4 million. The loans have interest rates ranging from 1.25% to 6.15%, mature through 2023 and will be used for various capital projects and the upgrading of network infrastructures.

The combined principal balance outstanding at year end is as follows:

<u>Period</u>	<u>Amount</u>
2007 to 2008	\$ 5,055,527
2008 to 2009	5,030,000
2009 to 2010	3,730,000
2010 to 2011	3,885,000
2011 to 2012	4,040,000
2013 to 2017	15,165,000
2018 to 2022	9,810,000
2023 to 2027	<u>2,055,000</u>
Total	<u>\$ 48,770,527</u>

PPA, in prior years, borrowed a total of \$17.7 million in the form of bank notes ranging in maturity from 12-15 years and in interest rates from 4.06 to 6.5%. The proceeds of these notes were used to finance various capital projects, the acquisition of capital assets, building improvements and the development of a records department.

The total outstanding principal balance of these notes at March 31, 2007 was \$11,181,158 subject to the following repayment schedule:

<u>Fiscal Year</u>	<u>Amount</u>
2008	\$ 1,390,891
2009	1,501,589
2010	1,912,235
2011	1,885,841
2012	1,236,209
2013-2017	2,633,614
2018-2022	<u>620,779</u>
Total	\$ <u>11,181,158</u>

## 7. DEBT PAYABLE

### A. PRIMARY GOVERNMENT LONG-TERM DEBT PAYABLE

#### (1) Governmental Debt Payable

The City is subject to a statutory limitation established by the Commonwealth of Pennsylvania for bonded indebtedness (General Obligation Bonds) payable principally from property taxes. As of June 30, 2007 the statutory limit for the City is \$1.4 billion, the General Obligation Debt net of deductions authorized by law is \$1.3 billion, leaving a legal debt borrowing capacity of \$81.3 million. Termination Compensation costs and Worker's Compensation claims are paid by whichever governmental fund incurs them. Indemnity claims are typically paid by the General Fund.

The following schedule reflects the changes in long-term liabilities for the fiscal year:

(Amounts in Millions of USD)

<u>Governmental Activity</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Bonds Payable					
Term Bonds	1,220.2	28.9	(51.8)	1,197.3	58.2
Refunding Bonds	140.6	-	(4.1)	136.5	7.7
Serial Bonds	497.4	188.7	(35.5)	650.6	23.3
Less Deferred Amounts					
Unamortized Bond Premium	26.6	13.7	(2.4)	37.9	-
Unamortized Issuance Expenses	(8.3)	(4.9)	0.5	(12.7)	-
Unamortized Discount and Loss	(11.1)	-	0.9	(10.2)	-
Total Bonds Payable	<u>1,865.4</u>	<u>226.4</u>	<u>(92.4)</u>	<u>1,999.4</u>	<u>89.2</u>
Obligations Under Lease & Service Agreements					
Pension Service Agreement	1,439.2	45.7	(40.0)	1,444.9	47.0
Neighborhood Transformation	277.4	-	(5.8)	271.6	6.0
One Parkway	50.9	-	(1.3)	49.6	1.4
Sports Stadia	339.6	-	(5.6)	334.0	5.9
Library	10.8	-	(0.4)	10.4	0.4
Cultural Corridor Bonds	-	135.5	-	135.5	3.0
Indemnity Claims	46.2	16.8	(27.4)	35.6	10.7
Worker's Compensation Claims	212.4	59.6	(46.3)	225.7	28.3
Termination Compensation Payable	<u>171.2</u>	<u>33.3</u>	<u>(21.2)</u>	<u>183.3</u>	<u>21.2</u>
Governmental Activity Long-term Liabilities	<u>4,413.1</u>	<u>517.3</u>	<u>(240.4)</u>	<u>4,690.0</u>	<u>213.1</u>

In addition, both blended component units have debt that is classified on their respective balance sheets as General Obligation debt payable. The following schedule summarizes the General Obligation Bonds outstanding for the City, the PMA and PICA:

(Amounts In Millions of USD)

	<b>Interest Rates</b>	<b>Principal</b>	<b>Due Dates</b>
Governmental Funds:			
City	4.05 % to 6.00 %	1,166.4	Fiscal 2008 to 2033
PMA	2.00 % to 7.50 %	195.4	Fiscal 2008 to 2019
PICA	4.75 % to 5.50 %	<u>622.5</u>	Fiscal 2008 to 2023
		<u>1,984.3</u>	

In July, 2006, the City issued \$217.5 million in General Obligation Bonds, of which \$188.7 million were serial bonds with interest rates ranging from 4.5% to 5.1%, maturing in 2029. The remaining \$28.9 million were term bonds with a 5% interest rate and mature in 2031. The proceeds of the sale were used to finance and reimburse the City for various capital projects.

The City has General Obligation Bonds authorized and unissued at year end of \$178.7 million for Governmental Funds.

The debt service through maturity for the Governmental General Obligation Debt is as follows:

(Amounts In Millions of USD)

Fiscal Year	City Fund		Blended Component Units			
	General Fund Principal	Interest	PMA Principal	Interest	PICA Principal	Interest
2008	31.0	55.9	9.5	14.9	48.7	31.9
2009	35.1	54.4	14.2	14.8	42.5	29.4
2010	36.8	52.6	15.0	13.9	37.9	27.3
2011	39.0	50.4	15.6	13.3	36.2	25.3
2012	40.3	49.1	16.2	12.6	38.1	23.4
2013-2017	228.8	210.2	89.5	39.7	221.9	85.1
2018-2022	253.1	151.2	35.4	1.5	177.7	29.8
2023-2027	265.9	89.5	-	-	19.5	0.9
2028-2032	221.4	29.6	-	-	-	-
2033-2037	15.0	0.4	-	-	-	-
Totals	<u>1,166.4</u>	<u>743.3</u>	<u>195.4</u>	<u>110.7</u>	<u>622.5</u>	<u>253.1</u>

The debt service through maturity for Lease and Service Agreements is as follows:

(Amounts In Millions of USD)

Lease & Service Agreements												
Fiscal Year	Pension Service Agreement		Neighborhood Transformation		One Parkway		Sports Stadium		Central Library		Cultural Corridors	
	Principal	Interest	Principal	Interest	Principal	Interest	Principal	Interest	Principal	Interest	Principal	Interest
2008	47.1	44.5	6.0	13.9	1.5	2.7	5.9	17.6	0.4	0.4	2.9	6.4
2009	54.8	41.8	6.3	13.6	1.5	2.6	6.2	17.3	0.4	0.4	3.1	6.2

Totals	1,444.9	1,455.3	271.6	206.8	49.6	32.5	334.0	258.0	10.4	4.5	135.5	95.7

**(2) Business Type Debt Payable**

The following schedule reflects changes in long term liabilities for Business Type Activities for the fiscal year:

Business Type Activity	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Bonds Payable					
General Obligation Bonds	7.0	-	(1.2)	5.8	1.2
Revenue Bonds	3,027.0	345.0	(454.1)	2,917.9	123.1
Less Deferred Amounts					
Unamortized Discounts and Loss	(110.8)	-	8.2	(102.6)	-
Total Bonds Payable	2,923.2	345.0	(447.1)	2,821.1	124.3
Indemnity Claims	1.2	2.8	(2.4)	1.6	-
Worker's Compensation Claims	10.9	6.0	(3.9)	13.0	-
Termination Compensation Payable	14.7	2.7	(2.1)	15.3	-
Arbitrage	0.2	0.5	-	0.7	-
Business-type Activity Long-term Liabilities	2,950.2	357.0	(455.5)	2,851.7	124.3

In addition, the Enterprise Funds have debt that is classified on their respective balance sheets as General Obligation debt payable which is summarized in the following schedule:

(Amounts In Millions of USD)

Enterprise Funds	Interest Rates	Principal	Due Dates
Water Fund	1.0 %	5.8	Fiscal 2008 to 2012
		<u>5.8</u>	

Also, the City has General Obligation Bonds authorized and unissued at year end of \$303.6 million for Enterprise Funds.

The debt service through maturity for Business-type General Obligation Debt is as follows:

(Amounts In Millions of USD)

<u>Fiscal Year</u>	<u>Water Fund</u>	
	<u>Principal</u>	<u>Interest</u>
2008	1.2	0.1
2009	1.2	-
2010	1.2	-
2011	1.2	-
2012	1.0	
Totals	5.8	0.1

Several of the City's Enterprise Funds have issued debt payable from the revenues of the particular entity. The following schedule summarizes the Revenue Bonds outstanding at year end:

(Amounts In Millions of USD)

	<u>Interest Rates</u>	<u>Principal</u>	<u>Due Dates</u>
Water Fund	2.73 % to 7.00 %	1,756.5	Fiscal 2008 to 2036
Aviation Fund	4.20 % to 6.00 %	1,161.4	Fiscal 2008 to 2035
Total Revenue Debt Payable		2,917.9	

The debt service through maturity for the Revenue Debt Payable is as follows:

(Amounts In Millions of USD)

<u>Fiscal Year</u>	<u>Water Fund</u>		<u>Aviation Fund</u>	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
2008	91.3	82.3	31.7	61.2
2009	90.4	81.4	36.2	59.2
2010	94.0	77.8	38.4	56.9
2011	99.6	71.7	44.1	54.5
2012	106.9	64.1	46.8	51.8
2013-2017	551.9	235.7	267.6	214.1
2018-2022	232.8	143.3	270.5	138.4
2023-2027	204.7	90.9	280.0	71.2
2028-2032	226.8	43.2	123.4	15.6
2033-2037	58.1	6.0	22.7	2.2
Totals	1,756.5	896.4	1,161.4	725.1

**(3) Defeased Debt**

As of the current fiscal year end, the City had defeased certain bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. At year end, bonds outstanding pertaining to the following funds are considered defeased.

(Amounts In Millions of USD)

<b>Enterprise Funds:</b>	
Water Fund Revenue Bonds	364.4

In May, 2007, the City issued \$191.4 million of Water & Wastewater Revenue refunding Series 2007A and \$153.6 million Water & Wastewater Revenue refunding Series 2007B bonds. The proceeds of the bonds were used to current refund a portion of the 1997A Series Water & Wastewater Revenue and to advance refund a portion of the Series 2001A Water & Wastewater Revenue Bonds. The refunding structure of the bonds generated approximately \$14.5 million in net present value savings or 4.22% of the principal amount of the refunded bonds. The early extinguishing of debt resulted in an accounting loss of approximately \$17.1 million, representing the difference between the reacquisition price of \$353.7 million and the amount of debt extinguished of \$341.5 million (less \$4.9 million unamortized discount). The resulting loss attributed to the Series 1997A and Series 2001A bonds, \$17.1 million, will be amortized monthly over the life of the refunded bonds through November, 2031.

**(4) Short -Term Borrowings**

The City has statutory authorizations to negotiate temporary loans for periods not to extend beyond the fiscal year. The City borrows funds to pay debt service and required pension contributions due before the receipt of the real estate taxes. The City borrowed and repaid \$310.0 million in Tax Revenue Anticipation Notes by June 2007 plus interest. In accordance with statute there are no temporary loans outstanding at year end.

(Amounts In Millions of USD)

<b>Tax Revenue Anticipation Notes:</b>	
Balance July 1, 2006	-
Additions	310.0
Deletions	<u>(310.0)</u>
Balance June 30, 2007	<u>-</u>

**(5) Arbitrage Liability**

The City has several series of General Obligation and Revenue Bonds subject to federal arbitrage requirements. Federal tax legislation requires that the accumulated net excess of interest income on the proceeds of these issues over interest expense paid on the bonds be paid to the federal government at the end of a five-year period. At June 30, 2007 the Aviation Fund recorded a liability of \$0.7 million. There was no liability for the Water Fund.

**(6) Interest Rate Swaption**

**a. Philadelphia Airport Swaption**

*Objective of swaption:* In April 2002, the Airport entered into a swaption that provided the Airport with an up-front payment of \$6.5 million. As a synthetic refunding of its 1995 Bonds, this payment represents the present value savings as of April, 2002, of refunding on June 15, 2005, without issuing refunding bonds as of April, 2002. The swaption gave JP Morgan Chase Bank the option to enter into an interest rate swap to receive fixed amounts and pay variable amounts.

*Terms:* JP Morgan exercised its option to enter into a swap on June 15, 2005 - the Airport's 1995 bonds' first call date. The swap also commenced on the exercise date of June 15, 2005. Under the swap, the Airport pays multiple fixed swap rates (starting at 6.466% and decreasing over the life of the swap to 1.654%). The rates are based on an amortizing notional schedule (with an initial notional amount of \$189.5 million) and when added to an assumption for remarketing, liquidity costs and cost of issuance will approximate the debt service of the "refunded bonds." The swap's variable payment would be based on the SIFMA Municipal Swap Index(formerly the BMA Municipal Swap Index). Starting on June 15, 2007 and thereafter, to the extent that the rolling 180-day average of the SIFMA Municipal Swap Index exceeds 7.00%, JP Morgan Chase has the option to terminate the swap.

As of June 30, 2007, the swap had a notional amount of \$182.7 million and the associated variable-rate bond had a \$182.7 million principal amount. The bonds' variable-rate coupons are not based on an index but on market conditions. The bonds and the related swap agreement mature on June 15, 2025. As of June 30, 2007, rates were as follows:

	<u>Terms</u>	<u>Rates</u>
Interest Rate Swap		
Fixed payment to JPMorgan	Fixed	6.369%
Variable payment from JPMorgan	SIFMA	(3.730%)
Net interest rate swap payments		2.639%
Variable Rate bond coupon payments	Market driven	3.830%
Synthetic interest rate on bonds		6.469%

*Fair Value:* As of June 30, 2007, the swap had a negative fair value of \$14.0 million. Its fair value was estimated using the BDT option pricing model. This model takes into consideration probabilities, volatilities, time and underlying prices.

*Risk:* As of June 30, 2007, the Airport was not exposed to credit risk because the swap had a negative fair value. Should interest rates change and the fair value of the swap become positive, the Airport would be exposed to credit risk in the amount of the swap's fair value. In addition, the Airport is subject to basis risk should the relationship between SIFMA and the bonds change; if SIFMA resets at a rate below the variable rate bond coupon payments, the synthetic interest rate on the bonds will increase. The swap uses the International Swap Dealers Association Master Agreement, which includes standard termination events. The Schedule to the Master Agreement includes an "additional termination event." That is, the swap may be terminated if JP Morgan or its Credit Support Provider, or the Airport has one or more outstanding issues of rated unsecured, unenhanced senior debt and none of such issues has a rating of at least (i) Baa3 or higher as determined by Moody's Investors Service, Inc., (ii) BBB- or higher as determined by Standard & Poor's Ratings Service, A Division of the McGraw-Hill Companies, Inc. or (iii) an equivalent investment grade rating determined by a nationally-recognized rating service acceptable to both parties.

*Swap payments and associated debt:* As of June 30, 2007, debt service requirements of the variable-rate debt and net swap payments for their term, assuming current interest rates remain the same, were as follows.

Fiscal Year Ending June 30	Variable Rate Bonds		Interest Rate Swaps Net	Total Interest
	Principal	Interest		
2008	\$ 4,100,000	\$ 6,990,867	\$ 4,547,389	\$ 11,538,256
2009	4,700,000	6,832,880	4,116,524	10,949,403
2010	5,300,000	6,651,912	3,702,456	10,354,368
2011	6,000,000	6,447,805	3,217,746	9,665,551
2012	6,700,000	6,216,888	2,760,011	8,976,899
2013 - 2017	45,200,000	26,626,798	6,861,796	33,488,594
2018 - 2022	64,600,000	16,427,189	(1,649,202)	14,777,987
2023 - 2027	46,100,000	3,492,162	(1,515,867)	1,976,295
	<u>\$ 182,700,000</u>	<u>\$ 79,686,501</u>	<u>\$ 22,040,852</u>	<u>\$ 101,727,353</u>

As rates vary, variable rate bond interest payments and net swap payments will vary. The swap increases the Airport's exposure to variable interest rates starting June 15, 2007 and thereafter to the extent that if the rolling 180-day average of the SIFMA Municipal Swap Index exceeds 7.00%, JP Morgan has the option to terminate the swap.

**b. City of Philadelphia 2003 Water & Sewer Swap(1993 Bonds)**

*Objective of swaption:* In December 2002, the City entered into a swaption that provided the City with an up-front payment of \$25.0 million. As a synthetic refunding of its 1993 Bonds, this payment represents the present value savings, as of December 2002 of a refunding on March 18 2003, without issuing refunding bonds as of December 2002. The swaption gave Citigroup (formerly Salomon Brothers Holding Company, Inc.) the option to enter into an interest rate swap to receive fixed amounts and pay variable amounts.

*Terms:* Citigroup exercised its option to enter into a swap on March 18, 2003 - the City's 1993 water and sewer bonds' first call date. The swap also commenced on the exercise date of March 18, 2003. Under the swap, the City pays a fixed payment of 4.52% and receives a variable payment computed as the actual bond rate through March 1, 2005 and thereafter computed as the actual bond rate or alternatively, 68.5% of USD-LIBOR-BBA with a Designated Maturity of one month ("one month LIBOR"), in the event the average rate on the Bonds as a percentage of the average of the one month LIBOR has exceeded 68.5% for a period of more than 180 days. The rates are based on an amortizing notional schedule (with an initial notional amount of \$381.2 million) and when added to an assumption for remarketing, liquidity costs and cost of issuance will approximate the debt service of the "refunded bonds."

As of June 30, 2007, the swap had a notional amount of \$372.2 million and the associated variable-rate bond has a \$372.2 million principal amount. The bonds' variable-rate coupons are not based on an index but on market conditions. The bonds and the related swap agreement mature June 15, 2023. As of June 30, 2007, rates were as follows:

	Terms	Rates
Interest Rate Swap		
Fixed payment to Citigroup	Fixed	4.52%
Variable payment from Citigroup	Actual Bond Rate	(3.73%)
Net interest rate swap payments		0.79%
Variable Rate bond coupon payments	Market driven	3.73%
Synthetic interest rate on bonds		4.52%

*Fair Value:* As of June 30, 2007, the swap had a negative fair value of \$18.0 million. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. The payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement of the swap.

*Risk:* As of June 30, 2007, the City is not exposed to credit risk because the swap had a negative fair value. Should interest rates change and the fair value of the swap become positive, the City would be exposed to credit risk in the amount of the swap's fair value. Should the variable-rate received on the swap change from the actual bond rate to the alternative floating rate of 68.5% of one month LIBOR, the City would be exposed to (i) basis risk, as reflected by the relationship between the variable rate bond coupon payments and 68.5% of one month LIBOR received on the swap, and (ii) tax risk, a form of basis risk, where the City is exposed to a potential additional interest cost in the event that changes in the structure of the federal tax system or in the marginal tax rates causes the rate paid on the outstanding bonds to be greater than the 68.5% of LIBOR received on the swap. The swap uses the International Swap Dealers Association Master Agreement, which includes standard termination events. The Schedule to the Master Agreement includes an "additional termination event." That is, the swap may be terminated if Citigroup's or its Credit Support Provider, or the City has one or more outstanding issues of rated unsecured, un-enhanced senior debt and none of such issues has a rating of at least (i) Baa3 or higher as determined by Moody's Investors Service, Inc., or (ii) BBB- or higher as determined by Standard & Poor's Ratings Service, A Division of the McGraw-Hill Companies, Inc. or (iii) an equivalent investment grade rating determined by a nationally-recognized rating service acceptable to both parties.

*Swap payments and associated debt:* As of June 30, 2007, debt service requirements of the variable-rate debt and net swap payments for their term, assuming current interest rates remain the same, were as follows:

Fiscal Year Ending June 30	Variable Rate Bonds		Interest Rate	
	Principal	Interest	Swaps Net	Total Interest
2008	\$ 1,095,000	\$ 13,883,969	\$ 2,940,573	\$ 16,824,542
2009	1,145,000	13,843,048	2,931,906	16,774,954
2010	1,205,000	13,800,246	2,922,840	16,723,087
2011	1,260,000	13,755,214	2,913,303	16,668,517
2012	41,195,000	13,646,151	2,890,203	16,536,354
2013 - 2017	245,585,000	41,760,046	8,844,621	50,604,668
2018 - 2022	65,620,000	10,316,465	2,184,989	12,501,454
2023 - 2027	15,165,000	542,086	114,812	656,897
	<u>\$ 372,270,000</u>	<u>\$ 121,547,225</u>	<u>\$ 25,743,246</u>	<u>\$ 147,290,471</u>

As rates vary, variable rate bond interest payments and net swap payments will vary.

**c. City of Philadelphia, 2005 Water & Sewer Swap (1995 Bonds)**

*Objective of swaption:* In December, 2002, the City entered into a swaption that provided the City with an up-front payment of \$4.0 million. As a synthetic refunding of its 1995 Bonds, this payment represents the present value savings, as of December 2002, of a refunding on May 4, 2005, without issuing refunding bonds as of December, 2002. The swaption gives Citigroup (formerly of Salomon Brothers Holding Company, Inc), the option to enter into an interest rate swap to receive fixed amounts and pay variable amounts.

*Terms:* Citigroup exercised its option to enter into a swap May 4, 2005 - the City's 1995 water and sewer bonds' first call date. The swap also commenced on the exercise date of May 4, 2005. Under the terms of the swap, the City pays a fixed rate of 4.53% and receives a variable payment computed as the actual bond rate or alternatively, 68.5% of USD-LIBOR-BRA with a Designated Maturity of one month ("one month LIBOR"), in the event the average rate on the Bonds as a percentage of the average of one month LIBOR has exceeded 68.5% for a period of more than 180 days. The rates are based on an amortizing notional schedule (with an initial notional amount of \$86.1 million), and when added to an assumption for remarketing, liquidity costs and cost of issuance will approximate the debt service of the "refunded bonds."

As of June 30, 2007, the swap had a notional amount of \$84.4 million and the associated variable-rate bond has an \$84.4 million principal amount. The bonds' variable-rate coupons are not based on an index but on market conditions. The bonds and the related swap agreement mature on August 1, 2018. As of June 30, 2007, rates were as follows:

	<u>Terms</u>	<u>Rates</u>
Interest Rate Swap		
Fixed payment to Citigroup	Fixed	4.53%
Variable payment from Citigroup	Actual Bond Rate	(3.73%)
Net interest rate swap payments		0.80%
Variable Rate bond coupon payments	Market driven	3.73%
Synthetic interest rate on bonds		4.53%

*Fair value:* As of June 30, 2007, the swap had a negative fair value of \$ 4.3 million. Its fair value was estimated using the BDT option pricing model. This model takes into consideration probabilities, volatilities, time and underlying prices.

*Risk:* As of June 30, 2007, the City is not exposed to credit risk because the swap had a negative fair value. Should interest rates change and the fair value of the swap become positive, the City would be exposed to credit risk in the amount of the swap's fair value. Should the variable rate received on the swap change from the actual bond rate to the alternative floating rate of 68.5% of one month LIBOR, the City would be exposed to (i) basis risk, as reflected by the relationship between the variable-rate bond coupon payments and 68.5% of one month LIBOR received on the swap, and (ii) tax risk, a form of basis risk, where the City is exposed to a potential additional interest cost in the event that changes in the structure of the federal tax system or in the marginal tax rates causes the rate paid on the outstanding bonds to be greater than the 68.5% of LIBOR received on the swap. The swap uses the International Swap Dealers Association Master Agreement, which includes standard termination events. The Schedule to the Master Agreement includes an "additional termination event." That is, the swap may be terminated if Citigroup's or its Credit Support Provider, or the City has one or more outstanding issues of rated unsecured, un-enhanced senior debt and none of such issues has a rating of at least (i) Baa3 or higher as determined by Moody's Investors Service, Inc., or (ii) BBB- or higher as determined by Standard & Poor's Ratings Service, A Division of the McGraw-Hill Companies, Inc. or (iii) an equivalent investment grade rating determined by a nationally-recognized rating service acceptable to both parties.

Swap payments and associated debt: As of June 30, 2007, debt service requirements of the variable-rate debt and net swap payments for their term, assuming current interest rates remain the same, were as follows. As rates vary, variable rate bond interest payments and net swap payments will vary.

Fiscal Year Ending June 30	Variable Rate Bonds		Interest Rate	Total Interest
	Principal	Interest	Swaps Net	
2008	\$ 350,000	\$ 3,135,593	\$ 672,513	\$ 3,808,107
2009	370,000	3,121,855	669,567	3,791,421
2010	390,000	3,107,370	666,460	3,773,830
2011	405,000	3,092,310	663,230	3,755,540
2012	425,000	3,076,520	659,843	3,736,363
2013 - 2017	82,280,000	9,747,858	2,090,693	11,838,551
2018 - 2022	165,000	513	110	623
	<u>84,385,000</u>	<u>25,282,018</u>	<u>5,422,417</u>	<u>30,704,434</u>

**d. City of Philadelphia, 2006 Philadelphia Gas Works (“PGW”) Synthetic Refunding Swap**

*Objective of the swap:* In January, 2006, the City entered into a swap to synthetically refund outstanding bonds which provided the City with present value savings of \$14.7 million or 5.144% of the refunded bonds. The swap structure was used as a means to increase the City’s savings, when compared against fixed-rate bonds at the time of issuance. The intention of the swap was to effectively change the City’s interest rate on the bonds to a fixed rate.

*Terms:* The swap, executed with JP Morgan Chase Bank, commenced on January 26, 2006, and will mature on August 1, 2031. Under the swap, the City pays a fixed rate of 3.6745% and receives a variable rate computed as the BMA index until September 1, 2011, on which date the variable interest rate received will switch to 70% of the one month LIBOR-until maturity. The swap has a notional amount of \$313.4 million and associated variable rate bond has a \$313.4 million principal amount. As of August 31, 2006, rates were as follows:

Interest Rate Swap		
Fixed payment to JPMorgan	Fixed	3.6745%
Variable payment from JPMorgan	BMA	(-3.410%)
Net interest rate swap payments		(0.265%)
Variable Rate bond coupon payments	auction rates	3.3900%
Synthetic interest rate on bonds		3.6545%

*Fair Value:* As of August 31, 2006, the swap had a fair value of \$3.2 million. Since the coupons on the City’s variable rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase. The fair value on the swaps was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement of the swap.

*Risks:* The swaps’ fair value represents the City’s credit exposure to JP Morgan Chase Bank as of August 31, 2006. Should JP Morgan Chase Bank fail to perform according to the terms of the swap, the City faces a maximum possible loss equivalent to the swaps’ \$3.2 million fair value. As of August 31, 2006, JP Morgan Chase Bank was rated AA by Standard and Poors and Aa2 by Moody’s Investors Service. The swap uses the International Swap Dealers Association Master Agreement, which includes standard termination events. The Schedule to the Master Agreement includes an additional termination event.” That is, the swap may be terminated if the long-term debt rating of JP Morgan Chase Bank falls below “A-” by Standard & Poors Rating Group or “A3” by Moody’s Investors Service unless JP Morgan Chase Bank has: (i) assigned or transferred the swap to a party acceptable to the City, (ii) provided a credit support provider acceptable to the City whose obligations are pursuant to a credit support document acceptable to the City, or (iii) executed a credit support annex to the Schedule with the City, in form and substance acceptable to the City providing for the collateralization by JP Morgan Chase Bank of its obligations under the swap. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swaps’ fair value.

The scheduled payments by the City are secured by an insurance policy provided from Financial Security Assurance Inc. (FSA). From and after the occurrence of an insurer event (as defined in the Schedule), the swap may be terminated if (i) the associated bonds are rated below “BBB” by Standard & Poors Ratings Group or below “Baa2” by Moody’s Investors Service, or (ii) the bonds are not rated by either Standard and Poors Ratings Group or Moody’s Investors Service, and the City has not provided a credit support provider acceptable to JP Morgan Chase Bank whose obligations are pursuant to a credit support document reasonably acceptable to JP Morgan Chase Bank.

After September 1, 2011, the City is will be exposed to tax risk as reflected by the relationship between the rate paid on the outstanding bonds and the 70% of one month LIBOR, the rate received on the swap. Tax risk is a form of basis risk where the City is exposed to a potential additional interest cost in the event that changes in the structure of the federal tax system or in the marginal tax rates causes the rate paid on the outstanding bonds to be greater than the 70% of the LIBOR received on the swap

Fiscal Year Ending June 30	Variable Rate Bonds		Interest Rate Swaps Net	Total Interest
	Principal	Interest		
2008	\$ -	\$ 11,783,464	\$ (173,931)	\$ 11,609,533

**e. PICA Series 1993A, 1996 & 1999 Swaption**

*Objective of the swaptions:* During the fiscal year ended June 30, 2002, PICA (the Authority) entered into three swaption agreements with JP Morgan Chase as the counterparty that provided the Authority up-front premium payments totaling \$26.2 million (\$10.7 million for the 1993A issuance, \$5.8 million for the 1996 issuance and \$9.7 million for the 1999 issuance). These swaption agreements were entered into in order to affect a synthetic refunding of the Authority's 1993A, 1996, and 1999 bond issuance at some point in the future (generally, the first call date for each bond issuance). The premium payments, which were recorded as deferred revenue in fiscal year 2002, represent the risk-adjusted, present value savings of a refunding at the specified call date without issuing refunding bonds at the time the swaption agreements were executed. The swaptions give the counterparty the option to require the Authority enter into pay-fixed, receive-variable interest rate swaps. If the options are exercised, the Authority would then expect to issue variable-rate refunding bonds.

*Terms:* The premium payments were based on a notional amount representing the outstanding bonds for each issuance, and at the time any of the related swap agreements are to take effect the notional amounts will represent the outstanding bonds at that time. The counterparty has the option to exercise the agreements at the first call date of each related bond issuance and the related swap will commence on that same date. The fixed swap rates (ranging from approximately 5.0% to 5.5%) were set at rates that, when added to an assumption for remarketing and liquidity costs, would approximate the coupons of the "refunded" bonds. The swap's variable payment would be a predetermined percentage (ranging from 62% to 67%) of the London Interbank Offered Rate (LIBOR). Both the Authority and the counterparty have the ability terminate the swaptions, with monetary consequences, before the interest rate swaps were set to begin.

*Fair value:* As of June 30, 2007, the 1999 swaption had a negative fair value of approximately \$21.5 million. The fair value was determined by the counterparty using its proprietary methodology.

*Market access risk:* If the options are exercised and the refunding bonds are not issued, the 1999 bonds would not be refunded and the Authority would make net swap payments as required by the terms of the contracts. If options are exercised and the variable rate refunding bonds are issued, the actual savings ultimately recognized by the transactions will be affected by the relationship between the interest rate terms of the to-be-issued variable rate refunding bonds versus the variable payment on the swap.

**f. PICA Series 2003 and 2006 Swap Agreement and Basis Cap Agreement**

In June, 2003, and June 2006, the counterparty exercised its option under the 1993A and 1996 swaption agreements respectively, concurrently with PICA's (the Authority) Series 2003 and 2006 Refunding Bond issuances. The \$10.7 million premium received (1993A) was recognized as swaption premium revenue in the General Fund during the fiscal year ended June 30, 2003. The \$5.8 million (1996) premium was recognized as swaption premium revenue in the General Fund during the fiscal year ended June 30, 2006. At June 30, 2007, the swaption premiums continue to be reflected as deferred revenue in the government-wide financial statements, net of amortization over the life of the related Swap Agreement.

*Terms and objectives:* The series 2003 and 2006 bonds and the related swap agreements mature June, 2022 and June 15, 2020 respectively. The swap's initial notional amounts of \$163.1 million and \$90.0 million match the related 1993A and 1996 bonds that were currently refunded on June 16, 2003 and June 6, 2006 and the notional amount declines each year to match the original maturity schedules of the 1993A and 1996 refunded bonds. The swaps were entered into at the same time the refunding bonds were issued, during June 2003 and 2006. Under the swap agreements, the Authority pays the counterparty a fixed payment of approximately 5.0% and receives a variable payment computed as 67.0% of the one-month LIBOR. Conversely, the variable rate bonds are based on the Bond Market Association Municipal Swap Index ("BMA").

In June 2003 and 2004, the Authority also entered into basis cap transactions with the counterparty. Beginning July 15, 2003, and July 15, 2009, the counterparty pays the Authority a fixed rate each month of .40% and .46% per year respectively and the Authority will pay to the counterparty a variable rate based on the greater of (a) the average of the BMA for the month divided by the one-month LIBOR, less 70%, multiplied by the one-month LIBOR, times the notional amount times the day count fraction or (b) zero. The notional amount and term of this agreement equals the notional amount and term of the interest rate swap noted above. The objective of each basis cap is to minimize the basis risk as discussed below.

*Fair value:* At June 30, 2007, the swap basis cap agreements had fair values as follows:

<u>Instrument</u>	<u>Fair Value</u>
2003 Swap Agreement	\$ (11,655,000)
2003 Basis Cap	2,219,000
2006 Swap Agreement	(9,180,000)
1999 Basis Cap	4,206,000

The swap and basis cap negative fair values may be countered by a reduction in total interest payments required by the variable rate bonds, creating a lower synthetic interest rate. Because the coupons on the variable rate bonds adjust to changing interest rates, the bonds do not have a corresponding fair value increase.

*Credit risk:* As of June 30, 2007, the Authority was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap become positive, the Authority would be exposed to credit risk in the amount of the swap's fair value. The counterparty was rated "Aaa" by Standard and Poor's and "AA" by Moody's Investors Service as of June, 2007. To mitigate the potential for credit risk, if the counterparty's credit quality falls below "A-" or "A3", respectively, the fair value of the swap will be fully collateralized by the counterparty within 15 days of it having ceased to have such minimum ratings. The collateral would be posted with a third party custodian.

*Basis risk:* As noted above, the swap exposes the Authority to basis risk should the relationship between LIBOR and BMA converge, changing the synthetic rate on the bonds. If a change occurs, the results in the rates' moving to converge, the expected cost savings may not be realized. At June, 2007, the 67% of LIBOR rate was approximately 3.56% and the BMA rate was approximately 3.73%.

*Termination risk:* The derivative contract for the swap and the basis cap uses the International Swap Dealers Association Master Agreement, which includes standard termination events, such as failure to pay and bankruptcy. The schedule to the Master Agreement includes an "additional termination events" section. Under each of the transactions the Authority has the right at its option to terminate the related interest rate swap or basis cap and any such termination will result in a termination payment calculated under the Master Agreement either owing by the Authority to the counterparty or owing by the counterparty to the Authority. Additionally, the swap may be terminated by the Authority if the counterparty's credit quality falls below "A-" as issued by Standard & Poor's or "A3" by Moody's Investors Service and collateral is not posted within 15 days of it having ceased to have such minimum ratings. The Authority or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swap is terminated, the variable rate bonds would no longer carry a synthetic interest rate. Also, if at the time of termination the swap has a negative fair value, the Authority would be liable to the counterparty for a payment equal to the swap's fair value.

#### **(7) Pension Service Agreement**

In Fiscal 1999, the Philadelphia Authority for Industrial Development issued \$1.291 billion in Pension Funding Bonds. These bonds were issued pursuant to the provisions of the Pennsylvania Economic Development Financing Law and the Municipal Pension Plan Funding Standard and Recovery Act (Act 205). The bonds are special and limited obligations of PAID. The City entered into a Service Agreement with PAID agreeing to make yearly payments equal to the debt service on the bonds. PAID assigned its interest in the service agreement to the parties providing the financing and in accordance with GASB Interpretation #2, PAID treats this as conduit debt and does not include conduit debt transactions in its financial statements. The Pension Service Agreement of \$1.4 billion is reflected in the City's financial statements in Other Long Term Obligations.

The net proceeds of the bond sale of \$1.25 Billion were deposited with the Municipal Pension Fund. The deposit of the proceeds reduced the Unfunded Actuarial Accrued Liability by that amount. The deposit resulted in reductions to the City's actuarially determined pension plan payments.

#### **(8) Neighborhood Transformation Initiative Service Agreement**

In Fiscal 2002, RDA issued \$142.6 million in City of Philadelphia Neighborhood Transformation Initiative (NTI) Bonds. These bonds were issued to finance a portion of the initiative undertaken by the Authority and the City to revitalize, renew and redevelop blighted areas of the City. The bonds are obligations of RDA. The City entered into a service agreement with RDA, agreeing to make yearly payments equal to the debt service on the bonds. RDA assigned its interest in the service agreement to the parties providing the financing and in accordance with GASB Interpretation #2; RDA treats this as conduit debt and therefore does not include these transactions on its financial statements.

In Fiscal 2004, RDA issued a \$30.0 million City of Philadelphia NTI Taxable Revenue Bond. The RDA and the City plan to borrow a taxable bank line of credit (the 2003 Bond) to fund certain costs of the NTI related to the acquisition of property. The line of credit is being issued in anticipation of future long term financing. This will allow the City and RDA to better manage the carrying costs of unspent loan proceeds and to possibly issue a portion of the take out financing as tax exempt bonds after obtaining certain state approvals. In fiscal year 2004, \$10.9 million was borrowed from the line of credit.

In March, 2005, RDA issued additional City of Philadelphia Neighborhood Transformation Initiative (NTI) bonds to finance a portion of the initiative previously undertaken by the Authority and the City. Taxable Revenue Bonds Series 2005A issued in the amount of \$25.5 million are term bonds with interest rates ranging from 4.150% to 4.680% maturing through 2016. Qualified Revenue Bonds Series 2005B were issued in the amount of \$ 44.0 million, with interest rates ranging from 4.75 through 5% and mature through 2027. Revenue Bonds Series 2005C with an interest rate of 5% were issued for \$81.3 million and mature through 2031. The fiscal year 2007 NTI Service Agreement liability of \$271.6 million is reflected in the City's financial statements as another Long Term Obligation.

**(9) Sports Stadium Financing Agreement**

In FY 2002, **PAID** issued \$346.8 million in Lease Revenue Bonds Series A and B of 2001 to be used to help finance the construction of two new sports stadiums. The bonds are special limited obligations of **PAID**. The City entered into a series of lease agreements as lessee to the Authority. The lease agreements are known as (1) the Veterans Stadium Sublease, (2) the Phillies' Prime Lease and (3) the Eagles Prime Lease. **PAID** assigned its interest in the lease agreements to the parties providing the financing and in accordance with GASB Interpretation #2, **PAID** treats this as conduit debt and therefore does not include these transactions on its financial statements. In fiscal 2007, the Sports Stadium Financing Agreement liability of \$334.0 million is reflected in the City's financial statements as Other Long Term Liabilities.

**(10) Cultural and Commercial Corridors Program Financing Agreement**

In December, 2006, **PAID** issued \$135.5 million in Revenue Bonds, Series A and B. The proceeds from the bonds will be used to finance a portion of the cost of various commercial and cultural infrastructure programs and administrative and bond issuance cost. The City and **PAID** signed a service agreement, whereby **PAID** manages a portion of the funds and the City makes payments equal to the yearly debt service. **PAID** will distribute some of the proceeds and some will flow through the City's capital project fund. In accordance with GASB Interpretation #2, **PAID** treats this as conduit debt, and therefore, does not include these transactions in its statements. During fiscal year 2007, none of the proceeds were spent. In fiscal 2007 the liability of \$135.5 million is reflected in the City's financial statements as Other Long Term Liabilities.

**(11) Forward Purchase Agreements**

In June, 2000 the Pennsylvania Intergovernmental Cooperation Authority (PICA), entered into a debt service reserve forward delivery agreement which began August 1, 2003, whereby PICA received a premium of \$4,450,000 on December 1, 2002 for the debt service reserve fund in exchange for the future earnings from the debt service reserve fund investments. Under this agreement PICA is guaranteed a fixed interest rate on the debt service reserve investments of 4.79%. The premium amount will be deferred and recognized as revenue over the remaining life of this agreement or through June 15, 2010 beginning with the first scheduled delivery of the debt service reserve investments in August, 2003.

**(12) Pension Obligation Bond Option Rights**

In July, 2002, the City through **PAID** sold the option rights relating to \$225 million Pension Funding Income Bonds, Series 1999C. The bonds were structured with provisions which permit the optional redemption or mandatory tender for purchase prior to maturity at any time on or after January 15, 2004, at a purchase price of par plus accrued interest. By selling the rights, the City can no longer cause the mandatory tender for purchase or to optionally redeem the bonds. If the Purchaser exercises the option rights, then upon payment of the exercise price of the option, the Purchaser becomes the new owner of the bonds and is entitled to receive the original fixed rate payments on the Series C bonds. The City realized \$8.1 million from the sale of the option rights.

**B. COMPONENT UNIT LONG-TERM DEBT PAYABLE**

**(1) Governmental Debt Payable**

One discretely presented component unit, the **SDP**, has debt that is classified as General Obligation debt payable. The General Obligation Bonds outstanding at year end total \$2,638.4 million in principal, with interest rates from 3.0% to 6.25 % and have due dates from 2008 to 2036.

The following schedule reflects the changes in long-term liabilities for the **SDP**:

(Amounts in Millions of USD)

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
<b>Governmental Activities</b>					
Bonds Payable	2,386.8	1,009.2	(757.6)	2,638.4	70.8
Add: Bond Premium	32.0	18.0	(22.6)	27.4	1.3
Less: Bond Discounts	(9.9)	(0.9)	9.2	(1.6)	(0.1)
Total Bonds Payable	<u>2,408.9</u>	<u>1,026.3</u>	<u>(771.0)</u>	<u>2,664.2</u>	<u>72.0</u>
Loans Payable - Federal Asbestos	-	-	-	-	-
Termination Compensation Payable	285.9	32.1	(27.9)	290.1	28.2
Severance Payable	176.7	48.7	(10.8)	214.6	10.1
Other Liabilities	99.0	84.5	(40.0)	143.5	34.2
Capital Lease	2.4	-	(0.8)	1.6	0.8
Due to Other Governments	-	-	-	-	-
Deferred Reimbursement	45.3	-	-	45.3	45.3
Deferred Revenue	1.7	-	(1.7)	-	-
Deferred Basis Swap	-	-	-	-	-
Early Retirement Incentive	5.6	0.1	(1.8)	3.9	1.8
Total	<u>3,025.5</u>	<u>1,191.7</u>	<u>(854.0)</u>	<u>3,363.2</u>	<u>192.4</u>

Debt service to maturity on the **SDP's** general obligation bonds at year end is summarized as follows:

(Amounts In Millions of USD)

<u>Fiscal Year</u>	<u>Principal</u>	<u>Interest</u>
2008	65.6	74.3
2009	69.3	70.8
2010	69.8	67.4
2011	71.7	64.4
2012	74.7	60.4
2013-2017	385.3	255.2
2018-2022	398.6	171.0
2023-2027	319.4	91.1
2028-2032	203.4	32.0
2033-2037	74.5	7.0
Totals	<u>1,732.3</u>	<u>893.6</u>

In December, 2006, SDP issued fixed rate School Lease Revenue Bonds through the State Public School Building Authority in the amount of \$862.7 million. The Series 2006A Bonds were issued in the amount of \$317.1 million, have interest rates ranging from 4% to 5%, mature in 2036 and will be used to fund various Capital Improvement Programs. The Series 2006B Bonds were issued for \$545.6 million, have interest rates ranging from 3.5% to 5%, mature through 2033, and were issued to advance refund certain Series 2003 School Lease Revenue Bonds.

**(2) Business Type Debt Payable**

Several of the City's Proprietary Type Component Units have issued debt payable from the revenues of the particular entity. The following schedule summarizes the Revenue Bonds outstanding at year end:

(Amounts In Millions of USD)

	<u>Interest Rates</u>	<u>Principal</u>	<u>Due Dates</u>
PCCA	5.75 % to 6.875 %	221.3	Fisca 2008 to 2020
PPA	3.5 % to 5.75 %	270.5	Fisca 2008 to 2029
PGW	3.0 % to 5.25 %	1,054.9	Fisca 2007 to 2032
RDA	4.50 % to 7.15 %	22.4	Fisca 2008 to 2029
Total Revenue Debt Payable		1,569.1	

The debt service through maturity for the Revenue Debt Payable of Component Units is as follows:

(Amounts in Millions of USD)

Fiscal Year	Pennsylvania Convention Center Authority		Philadelphia Parking Authority ‡		Philadelphia Gas Works †		Philadelphia Redevelopment Authority	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>
	2008	6.0	11.1	59.9	13.5	38.0	47.3	-
2009	13.5	10.7	8.8	11.0	41.8	45.3	-	1.1
2010	14.2	10.0	9.3	10.6	41.6	43.2	-	1.1
2011	14.9	9.3	9.8	10.1	43.2	41.1	-	1.1
2012	15.6	8.5	10.3	9.6	43.7	38.9	-	1.1
2013-2017	91.2	29.7	50.0	39.7	203.9	168.2	2.3	5.3
2018-2022	65.9	5.3	45.0	26.0	209.5	119.4	2.4	4.2
2023-2027	-	-	45.4	15.0	216.6	71.3	5.7	3.6
2028-2032	-	-	32.0	2.7	155.2	29.6	12.0	0.8
2033-2037	-	-	-	-	61.4	5.4	-	-
2038-2042	-	-	-	-	-	-	-	-
Totals	221.3	84.6	270.5	138.2	1,054.9	609.7	22.4	19.2

† - Gas Works amounts are presented as of its fiscal year ended August 31, 2006

‡ - Parking Authority amounts are presented as of its fiscal year March 31, 2007.

**(3) Defeased Debt**

At year end, defeased bonds are outstanding from the following Component Units of the City as shown below:

(Amounts In Millions of USD)

Pennsylvania Convention Center Authority	204.1
Philadelphia Gas Works †	341.8
Community College of Philadelphia	29.3
School District of Philadelphia	<u>1,288.6</u>
Total	<u>1,863.8</u>

† - Gas Works amounts are presented as of August 31, 2006

- In February, 2007, under a loan agreement with Hospitals & Higher Education Facilities Authority, CCP borrowed \$30.5 million. The proceeds were used to purchase U.S. Government securities, which were deposited in an irrevocable trust with an escrow agent to provide future debt service payments on the 1998 and 2001 loan agreements. As a result, that portion of the 1998 and 2001 loans is considered defeased, and the related liability (\$6.7 and \$24.0 million respectively) has been removed from the statement of net assets. At June 30, 2007, the outstanding principal of the defeased debt is \$29.3 million. The 2007 loan is payable over 16-1/2 years with interest rates ranging from 4.0% to 5.0% and an average annual payment of \$2.7 million.

The transaction resulted in a loss on the advance refunding of approximately \$1.6 million. This amount is deferred as unamortized issuance cost and amortized as a component of interest expense over the life of the defeased 1998 and 2001 loans.

The advanced refunding reduced the total loan payments over the next 16-1/2 years by approximately \$819,071. This resulted in an economic gain (difference between the present values of the payments on the old and new debt) of \$816,498.

- In January, 2006, PGW issue \$313.4 million of Sixth Series Bonds, maturing at various dates through 2031, for the purpose of redeeming and refunding, on a current basis, all of the First Series B and a portion of the outstanding Second Series A, Third Series and Fourth Series City of Philadelphia Gas Works Revenue Bonds previously issued under the 1998 Ordinance. The refunded par amounts of the First Series B, Second Series A, Third and Fourth Series Bonds were \$103.6, \$79.4, \$99.9, and \$2.3 million respectively. The \$313.4 million of serial bonds have a variable rate set through weekly auction and are paid monthly. The bonds were issued on parity with the obligations of the City to make periodic payments due under a Qualified Swap being entered into between the City and JP Morgan Chase Bank, National Association (JP Morgan) in connection with the issuance of the bonds.

The refunding of the existing debt resulted in an accounting loss of \$28.3 million. The loss is being deferred and amortized as interest expense over the life of the new bonds. The refunding generated a present value savings of \$14.7 million.

The investments held by the trustee and the defeased bonds area not recognized on PGW's balance sheets in accordance with the terms of the Indentures of Defeasance. The investments pledged for the redemption of the defeased debt have maturities and interest payments scheduled to coincide with the trustee cash requirements for debt service.

At August, 31, 2006, the assets pledged, primarily non-callable U.S. government securities, had a market value of \$358.1 million and bearing interest on face value from 0% to 5.89%.

- **SDP** partially defeased in substance \$19.3 million in QZAB bonds, series 2004E. The bonds were issued in September, 2004, and have a maturity date of September, 2018. SDP irrevocably places \$1.3 million in trust with its fiscal agent each September 1st. These amounts are invested in a forward purchase agreement to be used solely for satisfying scheduled payments of the defeased debt, and the possibility that SDP will be required to make future payments on that debt is remote.

- During FY2007, **SDP** elected to take advantage of favorable changes in interest rates and issued to re-funding issues. In December, 2006, **SDP** refunded \$545.6 million of Series 2006B School Lease Revenue Bonds. The bond proceeds of \$6.6 million were used for insurance, underwriting fees and other issuance cost. In April, 2007, **SDP** issued General Obligation Refunding Bonds Series 2007A in the amount of \$146.5 million to refund various maturities of the outstanding Series 1999A and Series 2004D Bonds. The bond proceeds for the 2007A Bonds of \$2.3 million were used for various insurance, underwriting fees, and other issuance costs.

Securities for both issues were deposited in separate irrevocable trusts with an escrow agent to provide for all future debt service payments for the refunded bonds. The net proceeds of both issues were used by the escrow agent to purchase U.S. government securities in the amount of \$726.5 million. As of June 30, 2007, \$1,286.0 million of bonds outstanding are considered to be defeased and the liability has been removed from long-term liabilities.

The cash flow required to service the new debt is \$49.7 million less than the cash flow required to service the old debt. In addition, there was an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$26.9 million to **SDP**.

- In November, 2005, **PCCA** issued Refunding Revenue Bonds, Series 2005A, sub series (1) and (2) in the amounts of \$143.5 million and \$86.1 million respectively. Sub series (1) has interest rates ranging from 4.38% to 5.13% and mature through 2015. Sub series (2) are term bond, mature through 2019 with an interest rate of 5.27%. The proceeds were used to refund the Series 1994A bonds and fund various issuance and debt service cost for the 2005A series.

The proceeds of the 1994 refunding bonds were used to purchase U.S. Government securities which were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 1989 bonds. An accounting loss of \$10.1 million was incurred as a result of the 2005 re-funding.

#### (4) Swaptions

##### a. Philadelphia Gas Works (PGW) Knock-in Swaption

*Objective:* In December, 1999, the Gas Works entered into a swaption to take on contingent variable rate exposure. The Gas Works' asset/liability strategy was to have a mixture of fixed and variable rate debt. Instead of creating floating rate exposure today the Gas Works took contingent variable rate exposure and received an upfront payment of \$8.6 million.

*Terms:* JP Morgan Chase had the option if the 180 day average of BMA exceeds 7.00% to execute a swap whereby the Gas Works pays a variable rate and receives a fixed rate. If the swap is exercised before January 1, 2014, the notional of the swap would be \$103.6. Starting in 2014 the swap would amortize from \$103.6 until the final maturity of July 1, 2028. Under the swap, the Gas Works would pay a variable rate equal to the BMA index plus 50 bps and receive a fixed rate from JP Morgan of 5.01%.

In September, 2004, PGW terminated its Interest Swap Agreement making a termination payment in the amount of \$ 8.0 million on October 4, 2004. This transaction resulted in a net loss of \$890,000.

##### b. Philadelphia Authority for Industrial Development Basis Swap

*Objective:* **PAID** entered into a basis swap that became effective on July 1, 2004, and provided **PAID** with ten equal payments of \$1.2 million with the first payment due on July 1, 2004. **PAID** executed the basis swap to create a benefit similar to entering in a synthetic refunding, with a percent of LIBOR without having to issue bonds or utilize its one advance refunding. This allows **PAID** to do a traditional advance refunding in the future if rates decline to appropriate levels.

In July, 2006, a portion of the existing basis swap was restructured such that the variable rate received by **PAID** was converted from a percentage of the USD-LIBOR-BBA with a Designated Maturity of one month

("one month LIBOR") to a percentage of the USD-ISDA-Swap Rate with a Designated Maturity of five years ("five year LIBOR"), on a forward starting basis. This provides for potentially significant long-term savings while also providing for a diversification of the City's variable rate index on its entire swap portfolio.

*Terms:* The original swap was executed with Merrill Lynch Capital Service Inc. ("MLCS") with rates based on an amortization schedule and an initial notional amount of \$298.5 million. The swap commenced on July 1, 2004 and matures on October 1, 2030. Under the swap, **PAID** pays a variable rate equal to the SIFMA Municipal Swap Index and receives a variable rate computed as 67% of the one-month LIBOR + 20 basis points. **PAID**, also receives ten equal payments of \$1.2 million from MLCS starting on July 1, 2004.

The transaction was amended in part on \$105.0 million of the original notional total with rates based on an amortization schedule. Under the amended portion of the swap, the variable payments received by PAID are computed as 62.89% of five year LIBOR + 20 basis points (replacing 67% of one month LIBOR + 20 basis points). The amended effective date is October 1, 2006, with variable payments made (as described above) through October 1, 2020.

As of June 30, 2007, the notional amount on the portion of the swap that was not amended was \$193.5 million and rates were as follows:

	<u>Terms</u>	<u>Rates</u>
Interest Rate Swap		
Variable payment to MLCS	SIFMA	3.73%
Variable payment from MLCS	67% of LIBOR + 0.20%	(3.76%)
Net interest rate swap payments		-0.03%

As of June 30, 2007, the notional amount on the portion of the swap that was amended was \$105.0 million and rates were as follows.

	<u>Terms</u>	<u>Rates</u>
Interest Rate Swap		
Variable payment to MLCS	SIFMA	3.73%
Variable payment from MLCS	62.89% of LIBOR + 0.20%	(3.68%)
Net interest rate swap payments		0.05%

*Fair Value:* As of June 30, 2007, the swap (including both the amended swap and the portion of the original swap that was not amended) had a fair value of \$3.5 million. The fair value was estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap, assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current year curve for hypothetical zero-coupon bonds due on the date of each future net settlement of the swap.

*Risks:* The swaps' fair value represents **PAID's** credit exposure to MLCS as of June 30, 2007. Should MLCS fail to perform according to the terms of the swap, PAID faces a maximum possible loss equivalent to the swaps' \$3.5 million fair value. As of June 30, 2007, MLCS was rated AA- by Standard & Poors and Aaa3 by Moody's Investors Service. The swap uses the International Swap Dealers Association Master Agreement, which includes standard termination events. The schedule to the Master Agreement includes an "additional termination event." That is, the swap may be terminated if MLCS or **PAID** has one or more outstanding issues of rated unsecured, un-enhanced senior debt and none of such issues has a rating of at

least (i) Baa3 or higher as determined by Moody's Investors Service, Inc., or (ii) BBB- or higher as determined by Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc.

The swap does not expose **PAID** to traditional basis risk since there are no corresponding variable-rate bonds. However, the swap does expose **PAID** to a form of basis risk known as tax risk should the relationship between one month LIBOR and the SIFMA index converge on the portion of the swap that was not amended. The risk is reduced by the 20 bps add-on or cushion should SIFMA not match its historical average of 67%. It is further reduced in the first ten years by the \$1.2 million ten equal payments due **PAID** from MLCS. Additionally, **PAID** is exposed to basis risk on the amended portion of the swap should the relationship between five year LIBOR and SIFMA change.

**c. The School District of Philadelphia**

*Interest Rate Swaps:* Simultaneously with the issuance of its General Obligation Refunding Bonds, Series 2004B and General Obligation Refunding Bonds Series 2004C, SDP executed certain qualified interest rate management agreements (the "TE Advance Refunding Agreements") with three counterparties (each having at least one rating of "AA" or higher from Standard & Poor's rating services, a division of the McGraw-Hill Companies or "Aa" or higher from Moody's Investors Service in connection with the issuance of the 2004B bonds to achieve debt service savings through the advance refunding of certain existing general obligation bonds of SDP.

In addition to the TE Advance Refunding Agreements, SDP on the date of the issuance of the 2004B bonds and the 2004C bonds entered into another qualified interest rate management agreement with a counterparty (having at least one rating of "AA" or higher from Standard & Poor's or "Aa" or higher from Moody's) specifically in connection with the issuance of the 2004C bonds which were issued in order to accelerate the receipt of the savings derived from the TE Advance Refunding Agreements.

To all intents and purposes above, **SDP** entered into ten (10) floating-to-fixed swaps. Each swap is related to variable rate auction bonds with a 7-day reset auction-rate or a 35-day reset auction-rate. The effect of the swaps was to create synthetic fixed-rate debt for each series of variable rate auction bonds. 58.5% of one-month USD-LIBOR-BBA ("LIBOR") + 27 basis points swaps were used to hedge the 7 -day auction-rate and 60.4% of LIBOR + 32 basis points swaps were used to hedge the 35-day securities.

By Resolution of the School Reform Commission adopted in November, 2006, SDP was authorized to enter into one or more basis swaps related to a portion of the outstanding lease rental debt associated with the 2003 bonds and any lease rental debt incurred by SDP in connection with the partial funding of the 2003 bonds.

In November, 2006, **SDP** entered into two basis swaps related to a portion of the lease rental debt associated with the 2003 bonds and all or a portion of the lease rental debt to be incurred by **SDP** in connection with the partial refunding of the 2003 bonds for the purpose of managing interest costs of the **SDP** that provide for periodic payments at a floating rate equal to the SIFMA Municipal Swap Index ("SIFMA") by SDP in exchange for an upfront cash payment of \$10 million and periodic scheduled payments at a floating rate equal to 67% of LIBOR (a tax-exempt proxy) plus 27.88 basis points by counterparties on the notional amount of \$500.0 million (the "2006 Basis Swaps").

*Terms, fair values and credit risk:* The terms, including the fair values and credit ratings of the bank counterparties on the outstanding swaps as of June 30, 2007 are as follows:

Related Bonds	PAYS	RECEIVES	MATURITY DATE	INITIAL NOTIONAL	BANK COUNTERPARTY	Credit Rating (Moody's/S&P/Fitch)	TOTAL VALUES
Series 2003	SIFMA Swap Index	67% of USD LIBOR 0.2786%	5/15/2003	\$ 150,000,000	Wachovia Bank	Aa1/AA/AA-	\$ (1,939,715)
Series 2003	SIFMA Swap Index	67% of USD LIBOR 0.2786%	5/15/2003	350,000,000	Bear Sterns Financial Products Inc.	Aaa/AAA/N/A	(4,526,001)

Series B-6	3.683%	60.4% of USD LIBOR 0.32%	09/01/2021	59,025,000	Goldman Sachs Capital Markets, LLP	Aa3/AA-/AA-	(395,903)
Series B-7	3.690%	60.4% of USD LIBOR 0.32%	09/01/2021	91,000,000	Morgan Stanley Capital Services, Inc.	Aa3/A+/AA-	(610,783)
Series B-8	3.689%	60.4% of USD LIBOR 0.32%	09/01/2021	80,000,000	Goldman Sachs Capital Markets, LLP	Aa3/AA-/AA-	(601,284)
Series B-9	3.689%	60.4% of USD LIBOR 0.32%	09/01/2021	70,000,000	Goldman Sachs Capital Markets, LLP	Aa3/AA-/AA-	(601,284)
Series C	3.240%	58.5% of USD LIBOR 0.27%	09/01/2011	38,475,000	Merrell Lynch Capital Services	Aa3/AA-/AA-	(223,850)
							<u>\$ (16,732,322)</u>

*Fair Value:* The swaps had a total negative fair value of (\$16.7) million as of June 30, 2007. As of the prior reporting period of June 30, 2006, the swaps had a negative fair value of (\$9.2 million). The fair values take into consideration the prevailing interest rate environment and the specific terms and conditions of each swap. All fair values were estimated using the zero-coupon discounting method. This method calculates the future payments required by the swap, assuming that the current forward rates implied by the yield curve are the market's best estimate of future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for a hypothetical zero-coupon rate bond due on the date of each future net settlement payment swaps.

*Credit Risk:* In compliance with the applicable requirements of the Local Government Unit Debt Act (53 Pa. Cons. Stat. 8281) (the "Debt Act"), amended in September, 2003, **SDP** adopted a written interest rate management plan pursuant to a resolution of the School District Reform Commission, authorized in February, 2004, to monitor the credit rating of each counterparty and credit enhancer, if any, insuring qualified interest rate management agreement payments. The **SDP** entered into the fixed-to-floating swaps with counterparties having at least one rating of "AA" or higher from Standard & Poor's or "Aa" or higher from Moody's at the time of execution. As of June 30, 2007, **SDP** was not exposed to credit risk on any of its outstanding swaps because the swaps had negative fair values. However, should interest rates change and the fair values of the swaps become positive, **SDP** would be exposed to credit risk in the amount of the derivatives' fair value. The swap agreements contain varying collateral agreements with the counterparties. The swaps require collateralization of the fair value of the swap should the counterparty's credit rating fall below the applicable thresholds.

*Basis Risk:* The basis risk on the fixed-to-floating swaps is the risk that the interest rate paid by **SDP** on a series of related variable rate bonds to bondholders differs from the variable swap rate received from the applicable counterparty on the related swap. The **SDP** bears basis risk on each of its fixed-to-floating swaps since **SDP** receives a percentage of LIBOR to offset the actual variable bond rate **SDP** pays on its bonds. **SDP** is exposed to basis risk should the floating rate that it receives on a swap be less than the actual variable rate **SDP** pays on the bonds. Depending on the magnitude and duration of any basis risk shortfalls, the expected cost savings from the swap may not be realized.

The basis risk on the basis swaps is the risk that benchmark tax-exempt interest rates paid by **SDP** on each basis swap differ from the variable swap rate received from the applicable counterparty on the related swap. The **SDP** bears basis risk on each of its basis swaps since the **SDP** receives a percentage of LIBOR and pays the tax-exempt benchmark SIFMA. The **SDP** is exposed to basis risk should the floating rate that it receives on a swap plus the spread is less than SIFMA **SDP** pays on the swaps. Depending on the magnitude and duration of any basis risk shortfall, the expected cost savings from the basis swap may not be realized.

*Termination Risk:* **SDP** can terminate a swap at any time at the fair market value; the counterparty to a swap may, as provided therein, only terminate the swap upon certain termination events under the terms thereof. If a fixed-to-floating swap is terminated, the related variable-rate bonds would no longer be hedged to a fixed rate; if a basis swap is terminated, the associated expected savings on the fixed-rate bonds would no longer be recognized. If at the time of termination the swap has a negative fair value, **SDP** would be liable to the counterparty for a payment equal to the swap's fair value. **SDP** purchased swap insurance insuring periodic scheduled payments, but not termination payments, for the TE Advance Refunding Agreement, and the 2006 Basis Swaps.

In November, 2006, **SDP** took action to unwind the four outstanding 2005 Basis Swaps and entered into two 2006 Basis Swaps totaling \$500.0 million in notional amounts related to outstanding general obligation bonds of the SDP for the purpose of managing interest expense.

**8. LEASE COMMITMENTS AND LEASED ASSETS**

**A. CITY AS LESSOR**

The City's operating leases consist of leases of airport facilities, recreation facilities, certain transit facilities and various other real estate and building sites. Rental income for all operating leases for the year was:

(Amounts In Thousands of USD)	<u>Primary Government</u>		<u>Component Units</u>
	<u>Governmental Funds</u>	<u>Proprietary Funds</u>	
Minimum Rentals	17,690	24,382	3,186
Additional Rentals	<u>9</u>	<u>127,427</u>	<u>-</u>
Total Rental Income	<u>17,699</u>	<u>151,809</u>	<u>3,186</u>

Future minimum rentals receivable under non cancelable operating leases are as follows:

(Amounts In Thousands of USD) Fiscal Year Ending June 30	<u>Primary Government</u>		<u>Component Units</u>
	Governmental	Proprietary	
	<u>Funds</u>	<u>Funds</u>	
2008	3,364	17,463	3,470
2009	3,409	16,939	2,843
2010	3,531	15,615	2,644
2011	3,659	13,128	2,563
2012	3,791	12,123	4,039
2013-2017	21,123	28,591	4,859
2018-2022	25,276	21,242	3,402
2023-2027	30,287	12,943	2,176
2028-2032	36,336	9,596	1,262
2033-2037	-	-	934
2038-2042	-	-	872
2043-2047	-	-	793
2048-2052	-	-	793
2053-2057	-	-	793
2058-2062	-	-	793
2063-2067	-	-	793
2068-2072	-	-	793
2073-2077	-	-	793
2078-2082	-	-	793
2083-2087	-	-	720
2088-2092	-	-	256
Total	130,777	147,640	36,382

**B. CITY AS LESSEE**

**1) OPERATING LEASES**

The City's operating leases consist principally of leases for office space, data processing equipment, duplicating equipment and various other items of property and equipment to fulfill temporary needs. Rental expense for all operating leases for the year was as follows:

	(Amounts In Thousands of USD)		<u>Component Units</u>
	<u>Primary Government</u>		
	Governmental	Proprietary	
	<u>Funds</u>	<u>Funds</u>	
Minimum Rentals	146,008	16,476	20,975
Additional	4,940	10,173	2,196
Sublease	421,661	-	-
Total Rental Expense	<u>572,609</u>	<u>26,649</u>	<u>23,171</u>

As of year end, future minimum rental commitments for operating leases having an initial or remaining non-cancelable lease term in excess of one year are as follows:

(Amounts In Thousands of USD)

<u>Fiscal Year Ending June 30</u>	<u>Primary Government</u>		<u>Component Units</u>
	<u>Governmental Funds</u>	<u>Proprietary Funds</u>	
2008	29,542	1,039	19,669
2009	24,500	667	16,250
2010	24,317	88	10,533
2011	21,217	88	6,498
2012	21,551	88	7,031
2013-2017	67,766	176	13,812
2018-2022	28,220	-	-
2023-2027	<u>661</u>	<u>-</u>	<u>-</u>
Total	<u>217,775</u>	<u>2,146</u>	<u>73,793</u>

figures may not agree due to rounding

## 2) CAPITAL LEASES

Capital leases consist of leased real estate. Future minimum rental commitments are as follows:

(Amounts In Thousands of USD)

<u>Fiscal Year Ending June 30</u>	<u>Component Units</u>
2008	51,031
2009	50,570
2010	49,326
2011	49,221
2012	49,127
2013-2017	245,293
2018-2022	247,443
2023-2027	373,208
2028-2032	514,409
2033-2037	<u>206,594</u>
Future Minimum Rental Payments	1,836,221
Interest Portion of Payments	<u>(926,209)</u>
Obligation Under Capital Leases	<u>910,012</u>

## 9. DEFERRED COMPENSATION PLANS

### A. PRIMARY GOVERNMENT

The City offers its employees a deferred compensation plan in accordance with Internal Revenue Code section 457. As required by the Code and Pennsylvania laws in effect at June 30, 2007, the assets of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. In accordance with GASBS #32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, the City does not include the assets or activity of the plan in its financial statements.

### B. COMPONENT UNITS

**PGW** offers its employees a deferred compensation plan in accordance with Internal Revenue Code section 457. As of the Gas Works' fiscal year ended August 31, 1999 the Plan was amended to comply with subsection (g) of the code through the creation of trust in which all assets and income of the Plan are to be held for

the exclusive benefit of participants and their beneficiaries. As a result, the company no longer owns the assets of the Plan nor has a contractual liability to Plan participants.

**10. FUND BALANCE RESERVATIONS**

The City has reserved portions of several funds' Fund Balances. Following is a description of all such reservations followed by a summary of the major funds at year end for the Primary Government:

**Reserved for Encumbrances** - An account used to segregate a portion of Fund Balance for expenditure upon vendor performance

**Reserved for Intergovernmentally Financed Programs** - An account used to segregate a portion of Fund Balance legally restricted to programs to improve the City's financial status.

**Reserved for Behavioral Health** - An account used to segregate a portion of Fund Balance that is required to be held in reserve to ensure adequate funding for costs of managed behavioral health care.

**Reserved for Long Term Loan** - An account used to segregate a portion of Fund Balance that represents amounts that were loaned and are not due to be repaid in the next fiscal year.

**Reserved for Neighborhood Revitalization** - An account used to segregate a portion of Fund Balance for the purpose of revitalizing various neighborhoods in the City of Philadelphia.

**Reserved for Public Safety Emergency Phone System** - An account used to segregate a portion of Fund Balance legally restricted for the improvement of the emergency phone system.

**Reserved for Central Library Project** - An account used to segregate a portion of Fund Balance for the amount held by the fiscal agent for the purpose of renovating the central library.

**Reserved for Stadium Financing** - An account used to segregate a portion of Fund Balance for the amount held by the fiscal agent for the purpose of funding new stadium construction.

**Reserved for Cultural and Commercial Corridor Financing** - An account used to segregate a portion of fund balance for the amount held by the fiscal agent for the purpose of funding cultural and commercial corridor improvements.

(Amounts In Millions of USD)	Health Choices			<b>Total</b>
	<b>General Fund</b>	<b>Behavioral Health Fund</b>	<b>Grants Revenue Fund</b>	
Reserved Fund Balance:				
Reserved for Encumbrances	135.6	-	-	135.6

Reserved for CCC Project	143.3	-	-	143.3
<b>Total Reserved Fund Balance</b>	<b>335.1</b>	<b>192.9</b>	<b>146.1</b>	<b>674.1</b>

**11. INTERFUND TRANSACTIONS**

During the course of normal operations the City has numerous transactions between funds. These transactions are recorded as operating transfers and are reported as other financial sources (uses) in the Governmental Funds and as transfers in the Proprietary Funds. Some of the more significant transfers are: the PICA administrative fund collects a portion of the wage tax paid by City residents and transfers funds that are not needed for debt service and administrative costs to the general fund. Also, the general fund and the PICA administrative fund make transfers to the debt service funds for principal and interest payments.

Transfers between fund types during the year were:

	<b>Transfers To:</b>					
	<b>Non major</b>					
	<b>Governmental</b>					
<i>(Amounts in Thousands of USD)</i>						
<b><u>Transfers From:</u></b>	<b><u>General</u></b>	<b><u>Grants</u></b>	<b><u>Special</u></b>	<b><u>Debt</u></b>	<b><u>Capital</u></b>	<b><u>Total</u></b>
			<b><u>Revenue</u></b>	<b><u>Service</u></b>	<b><u>Improvement</u></b>	
<b>General</b>	-	3,033	1,105	107,290	3,571	114,999
<b>Grants</b>	5,653	-	-	-	7,231	12,884
<b>Non major Special Revenue Funds</b>	244,784	-	-	82,168	219	327,171
<b>Water Fund</b>	4,994	-	-	-	-	4,994
<b>Total</b>	<u>255,431</u>	<u>3,033</u>	<u>1,105</u>	<u>189,458</u>	<u>11,021</u>	<u>460,048</u>

## 12. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government fund balance sheet (Exhibit III) includes a reconciliation to the Net Assets of Governmental Activities. One element of that reconciliation states that "Long Term Liabilities, including bonds payable, are not reported in the funds". The details of this difference are as follows:

(Amounts in Millions of USD)

Bonds Payable	1,999.4
Service Agreements	2,246.0
Employee Related Obligations	409.0
Indemnities	35.6
Total Adjustment	<u>4,690.0</u>

## 13. PRIOR PERIOD ADJUSTMENTS

### A. PRIMARY GOVERNMENT

- Governmental Funds net assets beginning balance was increased by \$8.6 million due to a change in the accounting in the grants revenue fund for revenue from drug forfeiture programs.
- Governmental Funds net assets beginning balance was increased by \$15.7 million due to a change in methodology for calculating depreciation for the library book collection.
- Business-Type net assets beginning balance was decreased by \$2.8 million which represents the net effect of corrections made to Buildings & Equipment and Depreciation in the water and sewer fund.

### B. COMPONENT UNIT

- **SDP's** district-wide net assets beginning balances were decreased by \$1.2 million. These adjustments involved an overstatement of asset value of \$1.1 million and an understatement of accumulated depreciation of \$0.1 million

- **PHA's** beginning net assets have been restated to correct certain errors in prior year financial statements, resulting in an increase in net assets of \$2.0 million.

**14. NET ASSETS RESTRICTED BY ENABLING LEGISLATION**

The government-wide statement of net assets reports \$1,324.8 million of restricted net assets, of which \$28.6 million is restricted by enabling legislation as follows:

(Amounts in Thousands of USD)	Restricted Net Assets	Restricted by Enabling Legislation
Capital Projects	199,224	-
Debt Service	375,717	-
Behavioral Health	221,215	-
Intergovernmental Finance	24,483	-
Neighborhood Revitalization	99,922	-
Stadium Financing	6,429	-
Central Library Project	4,768	-
CCC Project	143,283	-
Grant Programs	42,496	15,875
Rate Stabilization	185,612	-
Libraries & Parks:		
Expendable	4,301	-
Non-Expendable	4,641	-
Other	12,724	12,724
	<u>1,324,815</u>	<u>28,599</u>
Total	<u>1,324,815</u>	<u>28,599</u>

**15. FUND DEFICITS**

- The Grants Revenue Fund, which is a Special Revenue fund, has an Unreserved Fund Balance deficit at year end of \$26.2 million.
- The Community Development Fund, which is a Special Revenue fund, has a Fund Balance deficit at year end of \$3.9 million.

#### IV. OTHER INFORMATION

##### 1. PENSION PLANS

The City maintains two single employer defined benefit plans for its employees and several of its component units. One blended component unit, **PICA**, and three discretely presented component units - the **SDP**, **PCCA**, and **CCP** - participate in state administered cost-sharing multiple employer plans. In addition, two discretely presented component units - **PHA** and **RDA** - maintain their own single employer defined benefit plans.

##### A. SINGLE EMPLOYER PLANS

The two plans maintained by the City are the Municipal Pension Plan (City Plan) and the Gas Works Plan (PGW Plan). The two plans maintained by the City's component units are the Philadelphia Housing Authority Plan (PHA Plan) and the Redevelopment Authority of the City of Philadelphia Retirement Plan (RDA Plan).

Financial statements for the City and PGW pension plans are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. All assets of the PHA pension plan are invested in an Immediate Participating Guaranteed (IPG) contract.

Required Supplementary Information calculated in accordance with GASBS #25 is presented in audited financial statements of the respective pension plans. Copies of these financial statements may be obtained by contacting the Director of Finance of the City of Philadelphia.

##### 1) City Plan

##### a) Plan Description

The Philadelphia Home Rule Charter (the Charter) mandates that the City maintain an actuarially sound pension and retirement system. To satisfy that mandate, the City's Board of Pensions and Retirement maintains the single-employer Municipal Pension Plan (the Plan). The plan covers all officers and employees of the City and officers and employees of five other governmental and quasi-governmental organizations. By authority of two Ordinances and related amendments passed by City Council, the Plan provides retirement benefits as well as death and disability benefits. Benefits vary by the class of employee. The plan has two major classes of members - those covered under the 1967 Plan and those covered under the 1987 Plan. Each of these two plans has multiple divisions.

##### Retirement Benefits

An employee who meets the age and service requirements of the particular division in which he participates is entitled to an annual benefit, payable monthly for life, equal to the employee's average final compensation multiplied by a percentage that is determined by the employee's years of credited service. The formula for determining the percentage is different for each division. If fund earnings exceed the actuarial assumed rate by a sufficient amount, an enhanced benefit distribution to retirees, their beneficiaries, and their survivors shall be considered. A deferred vested benefit is available to an employee who has 10 years of credited service, has not withdrawn contributions to the system and has attained the appropriate service retirement age. Members of both plans may opt for early retirement with a reduced benefit. The **Deferred Retirement Option Plan (DROP)** was initiated on October 1, 1999. Under this plan employees that reach retirement age may accumulate their monthly service retirement benefit in an interest bearing account at the Board of Pensions for up to four (4) years and continue to be employed by the City of Philadelphia.

##### Death Benefits

If an employee dies from the performance of duties, his/her spouse, children or dependent parents may be eligible for an annual benefit ranging from 15% to 80% of the employee's final average compensation. Depending on age and years of service, the beneficiary of an employee who dies other than from the performance of duties will be eligible for either a lump sum benefit only or a choice between a lump sum or an annual pension.

**Disability Benefits**

Employees disabled during the performance of duties are eligible for an immediate benefit equal to contributions plus a yearly benefit. If the employee subsequently becomes employed, the benefit is reduced by a percentage of the amount earned. Certain employees who are disabled other than during the performance of duties are eligible for an ordinary disability payment if they apply for the benefit within one year of termination. If the employee subsequently becomes employed, the benefit is reduced by a percentage of the amount earned.

**Membership**

Membership in the plan as of July 1, 2006 was as follows:

Retirees and beneficiaries currently receiving benefits	35,554
Terminated members entitled to benefits but not yet received	809
Active members	<u>28,017</u>
Total Members	<u>64,380</u>

The Municipal Pension Fund issues a separate annual financial report. To obtain a copy, contact the Director of Finance of the City of Philadelphia.

**b) Funding Policy**

Employee contributions are required by City Ordinance. For Plan 67 members, employees contribute 3¾% of their total compensation that is subject to Social Security Tax and 6% of compensation not subject to Social Security Tax. Plan 87 contribution rates are defined for the membership as a whole by Council ordinance. Rates for individuals are then determined annually by the actuary so that total individual contributions satisfy the overall rate set by Council.

The City is required to contribute the remaining amounts necessary to fund the Plan, using an acceptable actuarial basis as specified by the Home Rule Charter, City Ordinance and State Statute. Court decisions require that the City's annual employer contributions are sufficient to fund:

- The accrued actuarially determined normal costs
- Amortization of the unfunded actuarial accrued liability determined as of July 1, 1985. The portion of that liability attributable to a class action lawsuit by pension fund beneficiaries (the Dombrowski suit) is amortized in level installments, including interest, over 40 years through June 30, 2009. The remainder of the liability is amortized over 34 years with increasing payments expected to be level as a percentage of each year's aggregate payroll.
- Amortization in level dollar payments of the changes to the July 1, 1985 liability due to the following causes over the stated period:
  - non active member's benefit modifications (10 years)
  - experience gains and losses (15 years)
  - changes in actuarial assumptions (20 years)
  - active members' benefit modifications (20 years )

Under the City's current funding policy, the total required employer contribution for the current year amounted to \$477.5 million or 34.9% of the covered payroll of \$1,367.4 million.

Administrative costs of the Plan are paid out of the Plan's assets.

**c) Annual Pension Cost and Net Pension Obligation**

The City and other employers' annual pension cost and net pension obligation (NPO) for the Municipal Pension Plan for the current year were as follows:

(Amounts in Thousands of USD)

Annual Required Contribution (ARC)	527,925
Interest on Net Pension Obligation (NPO)	(71,541)
Adjustment to ARC	99,953
Annual Pension Cost	<u>556,337</u>
Contributions Made	<u>419,241</u>
Increase in NPO	137,096
NPO at beginning of year	<u>(817,614)</u>
NPO at end of year	<u><u>(680,518)</u></u>
Interest Rate	8.75%
15 Year amortization Factor (EOY)	8.18%

The actuarial valuation used to compute the current year's required contribution was performed as of July 1, 2005. Methods and assumptions used for that valuation include:

- the individual entry age actuarial cost method
- a five-year smoothed market value method for valuing investments
- a level percentage closed method for amortizing the unfunded liability
- an annual investment rate of return of 8.75%
- projected annual salary increases of 5% (including inflation)
- annual inflation of 2.75%
- no post-retirement benefit increases

In FY2007, the actuarial assumed investment rate of return for the Municipal Pension Fund was lowered from 9.0% to 8.75%. The average rate of return during the most recent five-year period was well less than the previous 9.0% assumption. The dramatic decline in the equity market and its slow rebound were considered in lowering the investment return rate assumption. The change caused a significant decrease in the investment income assumption and hence increased the City's annual liability.

Under the City's funding policy, the recommended contribution for the City for the current year amounted to \$477.5 million. The City's actual contribution was \$419.2 million. The City's contribution did meet the Minimum Municipal Obligation (MMO) as required by the Commonwealth of Pennsylvania's Acts 205 and 189. The Annual Pension Cost and related percentage contributed for the three most recent fiscal years are as follows:

(Amounts in Millions of USD)			
<b>Fiscal Year</b>	<b>Annual</b>	<b>Percentage</b>	<b>Net</b>
<b>Ended</b>	<b>Pension</b>	<b>Contributed</b>	<b>Pension</b>
<b><u>June 30</u></b>	<b><u>Cost</u></b>	<b><u>Contributed</u></b>	<b><u>Obligation</u></b>
2005	392.3	76.27%	(911.9)
2006	426.0	77.88%	(817.6)
2007	556.3	75.36%	(680.5)

**d) Summary of Significant Accounting Policies**

Financial statements of the Plan are prepared using the accrual basis of accounting. Contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds paid are recognized when due and payable in accordance with the terms of the plan. Investments are valued as described in Footnote I.4.

**2) Gas Works Plan**

**a) Plan Description**

PGW sponsors a public employee retirement system (PERS), a single-employer defined benefit plan to provide benefits for all its employees. The PGW Pension Plan provides retirement benefits as well as death and disability benefits. Retirement benefits vest after 5 years of credited service. Employees who retire at or after age 65 are entitled to receive an annual retirement benefit, payable monthly, in an amount equal to the greater of:

- 1.25% of the first \$6,600 of Final Average Earnings plus 1.75% of the excess of Final Average Earnings over \$6,600, times years of credited service, with a maximum of 60% of the highest annual earnings during the last 10 years of credited service, applicable to all participants

OR

- 2% of total earnings received during the period of credited service plus 22.5% of the first \$1,200 of such amount, applicable only to participants who were employees on or prior to March 24, 1967.

Final-average earnings is the employees' average pay, over the highest 5 years of the last 10 years of credited service. Employees with 15 years of credited service may retire at or after age 55 and receive a reduced retirement benefit. In addition, employees with 30 years of credited service are eligible to select early retirement with no reduction in benefits.

At September 1, 2005 the beginning of the Plan Year of the last actuarial valuation, the Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated members entitled to benefits but not yet receiving them	2,187
Current Employees	<u>1,701</u>
Total Members	<u>3,888</u>

**b) Funding Policy**

Benefit and contribution provisions are established by City ordinance and may be amended only as allowed by City ordinance. Covered employees are not required to contribute to the PGW Pension Plan. The Gas Works is required by statute to contribute the amounts necessary to finance the Plan.

The funding policy of the PGW Plan provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate assets to pay benefits when due. Level percentage of employer contribution rates are based on the actuarial accrued liability as determined by using the Projected Unit Credit actuarial funding method. The actuarial asset value is equal to the value of fund assets. The unfunded actuarial accrued liability is being amortized using the open method. Contributions of \$17.6 million (approximately 2.0% of covered payroll) were made to the PGW Plan during the year.

Historically, payments to beneficiaries of the PGW Plan are made by the Fund and not from the assets of the Plan. During the year, payments to beneficiaries exceeded the Fund's actuarially computed pension contribution and a withdrawal of \$13.9 million from the pension assets was necessary to meet beneficiary payment obligations.

**c) Annual Pension Cost**

PGW's annual pension cost for the current year was \$17,563,000 equal to its required contribution. The annual required contribution for the current year was determined based on an actuarial study completed June, 2006, using the projected credit unit method. Significant actuarial assumptions used include an annual rate of return on investments of 8.25%, compounded annually, projected salary increases of 3.00% of the salary at the beginning of the next three years, then 4.25% of the salary at the beginning of the fourth and subsequent year, and retirements that are assumed to occur prior to age 62, at a rate of 10% at 55 to 61 and 100% at age 62. The assumptions did not include post retirement benefit increases.

The Annual Pension Cost and related percentage contributed for the three most recent fiscal years is as follows:

(Amounts in Millions of USD)

<u>Fiscal Year Ended August 31</u>	<u>Annual Required Contribution</u>	<u>Percentage Contributed</u>
2004	15.0	100%
2005	14.7	100%
2006	17.6	100%

**d) Summary of Significant Accounting Policies**

The financial statements of the Plan are prepared on the accrual basis of accounting. Employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. Investment income is recognized as earned. Gains and losses on sales and exchanges are recognized on the transaction date. Plan investments are reported at fair value based on quoted market price for those similar investments.

**3) Component Unit - Philadelphia Housing Authority Plan**

**a) Plan Description**

The PHA contributes to a single-employer Public Employees' Retirement System (PERS), administered by an insurance company (the PHA Pension Plan) covering all permanent employees. The PERS issues separate, stand-alone financial statements. The Authority's payroll for employees covered by the PHA Plan for the year was approximately \$64.8 million. The PHA Pension Plan provides retirement benefits as well as death and disability benefits. Employees who retire at or after age 65 receive an annual retirement benefit equal to 2.5% of average earnings multiplied by the years of service not to exceed 25 years, plus 1.25% of average earnings multiplied by years of service in excess of 25 years.

**b) Funding Policy**

Funding policies are determined by collective bargaining agreements and employment policies. Covered employees are required to contribute 5.5% of pre tax salary to the PHA Pension Plan. The Philadelphia Housing Authority is required to contribute an amount equal to employee contributions.

**c) Annual Pension Cost**

Actuarially determined contributions are required to provide sufficient assets to pay benefits when due. The Authority's funding policy is set by collective bargaining agreements and employment policies. The policy is to contribute 5.5% to the PERS along with the employees' required contributions of 5.5% of total salary. Significant method and assumptions used to calculate the actuarially required contributions are:

- the entry-age normal method
- annual rate of return on investments of 7.5%
- projected salary increases of 5.5% per year
- no post-retirement benefit increases

The required contribution for the current year was approximately 11.1% of covered payroll.

The Authority's actuarially required contributions and percentage contributed for the last three fiscal years of the Plan are summarized below:

(Amounts in Millions of USD)

Fiscal Year Ended <u>October 31</u>	Annual Required <u>Contribution</u>	Percentage <u>Contributed</u>
2004	5.5	70%
2005	6.6	59%
2006	7.2	54%

**4) Component Unit - Redevelopment Authority Plan**

**a) Plan Description**

The **RDA** contributes to the Redevelopment Authority of the City of Philadelphia Retirement Plan (the Plan) which is a single-employer defined benefit pension plan.

Substantially all full time **RDA** employees are eligible to participate in the Plan after six months of service. Benefits vest after five years of service. **RDA** employees who retire at or after age 55 with five years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 2.5% of their final monthly salary multiplied by the number of months of credited service up to 20 years plus 2% of final monthly compensation multiplied by months of credited service in excess of 20 years up to a maximum of 35 years. The Plan also provides death and disability benefits which are determined in a manner similar to the retirement benefits.

**b) Funding Policy**

The plan's funding policy provides for actuarially determined periodic employer contributions which account for benefits that increase gradually over time so that sufficient assets will be available to pay benefits when due. The rate for the **RDA's** employee group as a whole has tended to remain level as a percentage of annual covered payroll. **RDA** employees are required to contribute 6% of their salary to the Plan. The **RDA** is required to contribute the remaining amounts necessary to fund the Plan as defined under Act 205 of the Commonwealth of Pennsylvania Code.

**c) Annual Pension Cost**

The contribution for the Plan for fiscal 2007 of \$1.3 million (approximately 14% of covered payroll, representing normal cost) was determined in accordance with actuarially determined requirements computed through the actuarial valuation performed as of January 1, of each respective year using the aggregate cost method. The **RDA** contributed \$1,048,241 (approximately 9% of current covered payroll) and the employees contributed \$243,790 (approximately 5% of current covered payroll).

Significant actuarial assumptions include a 7.75% rate of return on investment assets, projected salary increases of 6% per year (4% for merit and promotion, 2% for inflation) and no post-retirement benefit increases. The net pension obligation at year end was \$(198,481) computed as follows:

Annual Required Contribution	\$ 891,682
Interest On Net Pension Obligation	(3,410)
Adjustment to Annual Required Contribution	5,494
Annual Pension Cost	<u>893,766</u>
Contributions Made	<u>(1,048,241)</u>
Decrease In Net Pension Obligation	(154,475)
Net Pension Obligation - Beginning of Year	<u>(44,006)</u>
Net Pension Obligation - End of Year	<u>\$ (198,481)</u>

The **RDA's** actuarially required contributions and percentage contributed for the last three years are summarized below:

(Amounts in Thousands of USD)

Fiscal Year Ended June 30	Annual Pension Cost (APC)	Percent of APC Contributed	Net Pension Obligation
2005	1,287.9	128%	(77.3)
2006	1,259.9	98%	(44.0)
2007	893.8	117%	(198.5)

## B. MULTIPLE EMPLOYERS PLANS

One of the City's blended component units and three of its discretely presented component units participate in two defined benefit plans (PSERS and SERS) and one, **CCP**, participates in two defined contribution plans (TIAA-CREF and Fidelity Investments) as described below.

The payroll for **CCP** employees covered by any of the four multiple employer plans was \$58.7 million and the total payroll was \$64.7 million. Contributions to the four plans by the **CCP** during the fiscal year totaled approximately \$4.5 million representing 7.60% of covered payroll. **CCP** employees contributed approximately \$3.7 million representing 5% of covered payroll.

### 1) Public School Employee Retirement System (PSERS)

#### a) Plan Description

School Districts and Community Colleges in the Commonwealth of Pennsylvania participate in the State administered Public School Employees Retirement System (PSERS) which is a cost-sharing multiple-employer defined benefit plan. PSERS provides retirement and disability benefits, legislatively mandated ad hoc cost-of-living adjustments and health care insurance premium assistance to qualifying annuitants. Authority to establish and amend benefit provisions rests in the Public School Employees' Retirement Code (the Code).

PSERS issues a comprehensive annual financial report which includes financial statements and required supplementary information for the plan. A copy of the report can be obtained by writing to:

Public School Employees' Retirement System  
PO Box 125  
Harrisburg, PA 17108-0125

**b) Funding Policy**

Contribution policy is established by the Code and requires contributions from active members, employers and the Commonwealth. Most active members contribute at 5.25% of qualifying compensation. Members joining the PSERS on or after July 22, 1983 contribute at 6.25% (class TC) or 7.50% (class TD). The employer rate is actuarially determined. The rate for fiscal year 2007 was 6.46%, and is composed of a pension contribution rate of 5.72% for pension benefits and .74% for health insurance premium assistance. The **SDP's** contributions for the last three years are as follows:

(Amounts in Millions of USD)

<b>Fiscal Year Ended <u>June 30</u></b>	<b>Annual Required <u>Contribution</u></b>	<b>Percentage <u>Contributed</u></b>
2005	48.9	100%
2006	55.8	100%
2007	69.3	100%

**2) State Employees Retirement System (SERS)**

**a) Plan Description**

**PICA** and **PCCA** employees and certain **CCP** employees are eligible to participate in the Pennsylvania State Employees Retirement System (SERS), which is a cost sharing multiple employer plan. The SERS provides pension, death and disability benefits. Retirement benefits vest after 5 years of credited service. Employees who retire at age 60 after 3 years of service or with 35 years of service if under age 60, are entitled to a normal annual retirement benefit. The general annual benefit is 2% to 2.5% of the member's highest three year average salary times years of service. The General Assembly has the authority to establish and amend benefits of the SERS. Ad hoc cost-of-living adjustments are provided at the discretion of the General Assembly.

**b) Funding Policy**

The SERS funding policy is set by the SERS Board. Active members are required to contribute periodically at statutory rates, generally 5 to 6.25% of gross pay. The amount is recorded in an individually identified account that accumulates interest at 4% per year as mandated by statute. Accumulated employee contributions and credited interest vest immediately and are returned to the employee upon termination of service if the employee is not eligible for other benefits.

Employer contributions are an actuarially determined percentage of payroll such that they, along with employee contributions and an actuarially determined investment rate of return, are adequate to accumulate assets to pay benefits when due.

In May 2001, the **PCCA** initiated Act 2001-9 which created a new Class AA membership, changed the vesting requirements of all members from 10 to 5 years, increased the member contribution rate from 5% to 6.25% and increased the benefit formula to 2.5% of final average salary. New members are automatically enrolled as Class AA. However, election for current members at the time of enactment was voluntary. Contributions of the **PCCA** for the last three years were as follows:

(Amounts in Thousands of USD)

Fiscal Year Ended <u>June 30</u>	Annual Required <u>Contribution</u>	Percentage <u>Contributed</u>
2005	60.5	100%
2006	120.7	100%
2007	171.9	100%

PICA has not been required to contribute over the past three years.

According to the retirement code, all obligations of the SERS will be assumed by the Commonwealth should the SERS terminate. During the year and as of year end, the SERS did not hold securities issued by the City or other related parties.

The SERS issues a publicly available financial report that includes financial statements and required supplementary information which may be obtained by writing to:

State Employees' Retirement Board  
Commonwealth of Pennsylvania  
30 North Third Street  
Harrisburg, PA 17108-1147

**3) Teacher's Insurance and Annuity Association-College Retirement Equities Fund (TIAA-CREF) and Fidelity Investments**

**a) Plan Description**

Community College employees are also eligible to participate in the Teacher's Insurance and Annuity Association - College Retirement Equities Fund (TIAA-CREF). TIAA-CREF is a defined contribution plan and, as such, benefits depend solely on amounts contributed to the plan plus investment earnings. Full-time faculty and administrative employees are eligible to participate from the date of employment, and clerical employees have a one year waiting period. Part-time faculty may participate after earning four (4) seniority units, as defined in the Collective Bargaining Agreement. College policy and collective bargaining agreements require that both the employee and the college contribute amounts, as set forth below, based on the employees earnings.

The CCP's contributions for each employee (and interest allocated to the employee's account), are fully vested death benefits in the amount of the full present value of accumulation is provided to the beneficiary of participants who die prior to retirement. There are a variety of payments available. The CCP has 981 employees participating in this plan.

**b) Funding Policy**

The employer's contribution requirement for full-time faculty and administrators and other staff is 10% of the base contract amount. For visiting lecturers, the rate is 5% of the base contract. For Part-time faculty, the rate is 5% of all earnings. For all employees, the employee's contribution requirement is 5% of base salary.

## 2. ACCUMULATED UNPAID SICK LEAVE

---

City and certain component unit employees are credited with varying amounts of sick leave according to type of employee and/or length of service. City employees may accumulate unused sick leave to predetermined balances. SDP employees have an unlimited maximum accumulation and Gas Works' employees' sick leave is non-cumulative. Non-uniformed employees (upon retirement only) and uniformed employees (upon retirement or in case of death while on active duty) are paid varying amounts ranging from 25% to 50% of unused sick time, not to exceed predetermined amounts. Employees, who separate for any reason other than indicated above, forfeit their entire sick leave. The City budgets for and charges the cost of sick leave as it is taken.

## 3. POST EMPLOYMENT BENEFITS

---

### A. PRIMARY GOVERNMENT

In addition to providing pension benefits, the City provides certain post-employment health care and life insurance benefits for retired employees, dependents and/or beneficiaries through provisions of City ordinances, civil service regulations and agreements with its various employee bargaining units. The City provides these benefits for periods from one to five years after retirement depending upon the classification of the employee at his/her retirement. Substantially all of the City's employees may become eligible for those benefits if they reach normal retirement age while working for the City. These and similar benefits for active employees are provided through a combination of a self-insurance program and insurance companies whose premiums are based on the benefits paid during the year. The cost of providing these health benefits and life insurance for approximately 5225 eligible retirees amounted to \$49.0 million and \$4.2 million, respectively.

### B. COMPONENT UNITS

The **SDP** pays monthly premiums to provide up to \$2,000 of life insurance coverage for 7,615 retired/disabled employees. A retired employee is eligible for this benefit if covered for 10 years as an active employee and retired at age 60 with 30 years of service or age 62 with 10 years of service or any age with 35 years of service. Disabled employees' eligibility is determined by the insurance company providing the coverage. In 2007, the cost of life insurance premiums for retirees/disabled employees was \$598,322.

**PGW** provides certain health care and life insurance benefits for approximately 1929 retired employees and their dependents. PGW recognizes the cost of providing these benefits by charging the annual insurance premiums to expense. Total premiums incurred for health care amounted to \$35.1 million, of which approximately 52% relates to retirees and their dependents. Total premiums for group life insurance amounted to \$2.1 million of which approximately 76% relates to retirees.

**RDA** provides life, accidental death & dismemberment, health and dental insurance. Post employment benefits are generally provided for periods of one to five years from retirement, depending on the age of the individual at retirement date.

Certain retirees are required to contribute nominal amounts towards health insurance. The remainder of the post employment benefit costs is funded by **RDA** on a pay-as-you-go basis. A group of 50 retirees who retired during fiscal years 1969 through 1975 receive life and health insurance post employment benefits, for which retirees contribute approximately 96% of the total benefit costs. The remainder is funded by **RDA** on a pay-as you go basis until the death of the retiree. In 2007, **RDA** incurred costs in the amount of \$326,074.

## 4. PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY

---

**PICA**, a body corporate and politic, was organized in June 1991 and exists under and by virtue of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the Act). Pursuant to the Act, **PICA** was established to provide financial assistance to cities of the first class. The City currently is the only city of the first class in the Commonwealth of Pennsylvania. Under the Act, **PICA** is administered by a governing Board consisting of five voting members and two ex officio non voting members. The Governor, the President Pro Tempore of the Senate, the Minority Leader of the Senate, the Speaker of the House of

Representatives and the Minority Leader of the House of Representatives each appoints one voting member of the Board.

The Act provides that, upon **PICA's** approval of a request of the City to **PICA** for financial assistance, **PICA** shall have certain financial and oversight functions. First, **PICA** shall have the power to issue bonds and grant or lend the proceeds thereof to the City. Second, **PICA** also shall have the power, in its oversight capacity, to exercise certain advisory and review powers with respect to the City's financial affairs, including the power to review and approve five-year financial plans prepared at least annually by the City and to certify noncompliance by the City with its current five-year financial plan (which certification would require the Secretary of the Budget of the Commonwealth to cause certain Commonwealth payments due to the City to be withheld).

PICA bonds are payable from the proceeds of a PICA tax on the wages and income earned by City residents. The City has reduced the amount of wage and earnings tax that it levies on City residents by an amount equal to the PICA tax so that the total tax remains the same. PICA returns to the City any portion of the tax not required to meet their debt service and operating expenses. In Fiscal 2007 this transfer amounted to \$245.0 million.

## 5. RELATED PARTY TRANSACTIONS

---

The City is associated, through representation on the respective Board of Directors, with several local governmental organizations and certain quasi-governmental organizations created under the laws of the Commonwealth of Pennsylvania. These organizations are separate legal entities having governmental character and sufficient autonomy in the management of their own affairs to distinguish them as separate independent governmental entities. A list of such related party organizations and a description of significant transactions with the City, where applicable, is as follows:

### A. SOUTHEASTERN PENNSYLVANIA TRANSPORTATION AUTHORITY (SEPTA)

During the year the City provided an operating subsidy of \$57.9 million to SEPTA

### B. OTHER ORGANIZATIONS

The City provides varying levels of subsidy and other support payments (which totaled \$60.5 million during the year) to the following organizations:

- Philadelphia Commercial Development Corporation
- Philadelphia Health Management Corporation
- Philadelphia Industrial Development Corporation
- Fund For Philadelphia Incorporated

## 6. RISK MANAGEMENT

---

### A. PRIMARY GOVERNMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City (except for Aviation Fund operations, the Municipal Authority and PICA) is self-insured for fire damage, casualty losses, public liability, Worker's Compensation and Unemployment Compensation. The Aviation Fund is self-insured for Workers' Compensation and Unemployment Compensation and insured through insurance carriers for other coverage.

The City covers all claim settlements and judgments, except for those discussed above, out of the resources of the fund associated with the claim. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. These losses include: an estimate of claims that have been incurred but not reported; the effects of specific, incremental claims adjustment expenditures, salvage, and subrogation; and unallocated claims adjustment expenditures.

At June 30, the amount of these liabilities was \$275.9 million for the Primary Government. This liability is the City's best estimate based on available information. Changes in the reported liability since June 30, 2005 resulted from the following:

(Amounts in Millions of USD)

	<b>Beginning Liability</b>	<b>Current Year Claims and Changes In Estimates</b>	<b>Claim Payments</b>	<b>Ending Liability</b>
Fiscal 2006	259.4	91.1	(79.8)	270.7
Fiscal 2007	270.7	85.3	(80.1)	275.9

The City's Unemployment Compensation and Workers' Compensation coverages are provided through its General Fund. Unemployment Compensation and Workers' Compensation coverages are funded by a pro rata charge to the various funds. Payments for the year were \$2.5 million for Unemployment Compensation claims and \$50.3 million for Workers' Compensation claims.

The City's estimated outstanding workers' compensation liabilities are \$238.7 million discounted at 4%. On an undiscounted basis, these liabilities total \$323.4 million. These liabilities include provisions for indemnity, medical and allocated loss adjustment expense (ALAE). Excluding the ALAE, the respective liabilities for indemnity and medical payments relating to workers' compensation total \$221.7 million (discounted) and \$300.8 million (undiscounted).

During the last three (3) fiscal years, no claim settlements have exceeded the level of insurance coverage for operations using third party carriers. None of the City's insured losses have been settled with the purchase of annuity contracts.

**B. COMPONENT UNITS**

The City's Component Units are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. They are principally insured through insurance carriers. Each entity has coverage considered by management to be sufficient to satisfy loss claims. These losses include: an estimate of claims that have been incurred but not reported; the effects of specific, incremental claims adjustment expenditures, salvage, and subrogation; and unallocated claims adjustment expenditures.

At June 30, the combined amount of these liabilities was \$159.4 million for the City's Component Units. This liability is the best estimate based on available information. Changes in the reported liability since June 30, 2005 resulted from the following:

(Amounts in Millions of USD)

	<b>Beginning Liability</b>	<b>Current Year Claims and Changes In Estimates</b>	<b>Claim Payments</b>	<b>Ending Liability</b>
Fiscal 2006	130.2	41.2	(58.2)	113.2
Fiscal 2007	113.2	92.4	(46.2)	159.4

The **SDP** Weekly Indemnity, Unemployment Compensation and Workers' Compensation coverages are provided through its General Fund. The cost of Weekly Indemnity coverage is shared equally by **SDP** and covered employees. Unemployment Compensation coverage is funded by a pro rata charge to the various funds. Payments for the year were \$15.5 million for Weekly Indemnity, \$3.7 million for Unemployment Compensation claims and \$30.7 million for Workers' Compensation claims. Amounts collected in excess of claims incurred for **SDP's** Weekly Indemnity Plan are included in **SDP's** General Fund as a Reservation of Fund Balance.

During the last three (3) fiscal years, no claim settlements have exceeded the level of insurance coverage for those components using third party carriers. None of the losses of any of the Component Units have been settled with the purchase of annuity contracts.

## 7. COMMITMENTS

---

### A. COMPONENT UNITS

- The **SDP's** outstanding contractual commitments at year end for construction of new facilities, purchase of new equipment, and various alterations and improvements to facilities totaled \$408.2 million.
- **SDP** is also an Intermediate Unit (IU) established by the Commonwealth to provide programs for special education and certain non-public school services. Conceptually, the cost of operating an IU for a fiscal year is partially financed by Commonwealth appropriation. In certain instances (transportation) **SDP** reimburses the Commonwealth for the funds advanced in the previous year. The amount advanced for transportation of special education students is reimbursed in full less the Commonwealth's share of such cost as determined by a formula based on the number of-students transported, route distances, and efficiency of vehicle utilization. The Commonwealth has agreed to defer a scheduled payment of \$45.3 million.

## 8. CONTINGENCIES

---

### A. PRIMARY GOVERNMENT

#### 1) Claims and Litigation

Generally, claims against the City are payable out of the General Fund, except claims against the City Water Department, City Aviation Division, or Component Units which are paid out of their respective funds and only secondarily out of the General Fund which is then reimbursed for the expenditure. Unless specifically noted otherwise, all claims hereinafter discussed are payable out of the General Fund or the individual Enterprise Fund. The Act of October 5, 1980, P.L. 693, No. 142, known as the "Political Subdivision Tort Claims Act", established a \$500,000 aggregate limitation on damages arising from the same cause of action or transaction or occurrence or series of causes of action, transactions or occurrences with respect to governmental units in the Commonwealth such as the City. The constitutionality of that aggregate limitation has been upheld by the United States Supreme Court. There is no such limitation under federal law.

Various claims have been asserted against the City and in some cases lawsuits have been instituted. Many of these claims are reduced to judgment or otherwise settled in a manner requiring payment by the City. The aggregate estimate of loss deemed to be probable is approximately \$270.0 million. Of this amount, \$14.6 million is charged to current operations of the Enterprise Funds. The remaining \$255.4 million pertaining to the General Fund is reflected in the Government Wide Full Accrual Statements.

In addition to the above, there are certain lawsuits against the City for which an additional loss is reasonably possible. These lawsuits relate to General Fund and Enterprise Fund operations. The aggregate estimates of the loss which could result if unfavorable legal determinations were rendered against the City with respect to those lawsuits is approximately \$70.4 million to the General Fund and \$7.2 million to the Enterprise Funds.

Significant cases included in the current litigation against the City are as follows:

- In *Burella v. City* the Plaintiff sued the City and three individual police officers under state and federal law, seeking to hold them liable for her non-fatal shooting at the hand of her husband who is a police officer. The Plaintiff's theories (procedural and substantive due process, equal protection, intentional infliction of emotional distress) are based on the alleged failure of defendants to address the husbands' increasingly apparent psychological problems and anger management difficulties, manifested by repeated instances of domestic violence and physical altercations with his wife over several years. The federal district court denied the defendants' motion for summary judgment, and the individual officers have appealed to the Third Circuit. Briefing is completed and the Third Circuit heard oral argument November 2, 2006.

- Lawrence v. City of Philadelphia is a collective action brought on behalf of 250 former and current fire-service paramedics (paramedics) against the City of Philadelphia's (City), under the Fair Labor Standards Act ("FLSA"). The plaintiffs claim the City violated the FLSA primarily by using the same schedule of 10 and 14-hour shifts applicable to firefighters, which can lead to them working as many as 48 hours in a traditional Sunday to Saturday workweek without compensating them at overtime rates for all hours worked over 40 in a week. The City has denied that the plaintiffs have been paid improperly and has asserted various defenses to the plaintiffs' claim. The City's primary defense is that fire service paramedics qualify for the higher overtime thresholds applicable to fire protection and other emergency service employees under Sections 203(y) and 207(k) of the FLSA. Discovery in this case is essentially complete and the parties filed cross-motions for summary judgment on March 16, 2005. All further briefings on summary judgment were completed by May 2, 2005. The court ruled in favor of the City on the summary judgment motion. Plaintiffs have appealed to the Third Circuit. We have estimated that if plaintiffs were entirely successful in all aspects of their claims the City's potential liability could approach \$20 million.
- In Limbach Co. LLC et. al. vs. The City of Philadelphia et. al., the City is a defendant in a matter brought by the successors to a U.S. Airways subcontractor for allegedly unpaid electrical and mechanical work performed in connection with the new international terminal at Philadelphia International Airport. The Court of Common Pleas in Philadelphia County dismissed certain claims and granted summary judgment to the City and PAID, which served as the financing arm of the project, to all others. The plaintiffs appealed to the Commonwealth Court which reversed and remanded to Common Pleas Court. The City and PAID have applied to the Commonwealth Court for reargument/reconsideration. Plaintiffs have recently stated in discovery that they are seeking about \$8.9 million. The City believes it is not liable at all; but if it is liable, the amount is likely to be about \$2.5 million and could be as high as \$7.9 million, all of which would be the responsibility of the City's Aviation Fund. A pre-trial conference has been scheduled. Trial is likely to take place during fiscal 2008, but an appeal is likely by either side.
- Chainey vs. Street. This federal lawsuit was filed by twenty-four homeowners in the Osage-Pine neighborhood whose homes were destroyed in the MOVE altercation of 1985. Following the altercation, and after extensive negotiations, the residents agreed not to pursue lawsuits if the City would rebuild their homes. After the residents returned, they began to complain about the quality of the homes. In 1988 the City and RDA entered into a contract to repair the homes. In 1999, RDA hired the Allied Construction Company to complete further repairs. Mayor Rendell wrote to the residents promising them that the City remained firm in its intention to complete certain repairs. However, by early 2000, Allied was issuing change orders for hundreds of thousands of dollars in additional work. RDA then demobilized the contract, effectively ending the repair work. The residents alleged several claims: denial of equal protection, denial of due process, civil conspiracy, breach of the Allied contract (to which they believe they are third-party beneficiaries), specific performance, and taking without just compensation. On April 11, 2005 the jury returned a verdict of \$12.83 million. Upon consideration of defendants' motion for a new trial and motion for judgment as a matter of law, the District Court reduced the judgment to \$6 million, upholding only the breach of contract and substantive due process claims. Defendants have appealed and plaintiffs have cross-appealed. Briefing is complete and the Third Circuit heard oral argument in January, 2007.
- Boone vs. City of Philadelphia. This is an uncertified class action challenging the constitutionality of the Philadelphia Prison System's (PPS) policy of strip searching all inmates regardless of pending charges. Liability is possible because a substantial body of case law indicates that blanket strip search policies violate the Fourth Amendment rights of pre-trial detainees. PPS has changed its policies and purchased equipment regarding strip search procedures but no further policy changes are anticipated. The financial impact is believed to be between \$3.0 million and \$10.0 million. Currently, the case is in suspension while all parties engage in a series of settlement conferences. The next settlement conference before Magistrate Judge Hey is scheduled for January 30, 2008.

## 2) Guaranteed Debt

The City has guaranteed certain debt payments of two of its component units. As such, the City's General Fund has a potential financial obligation toward the extinguishment of this debt, either by replacing the various reserve funds, if used, or the actual payment of principal or interest. At June 30, principal balances outstanding were as follows:

(Amounts In Thousands of USD)

Philadelphia Parking Authority	68,880
Philadelphia Authority for Industrial Development	6,155
	<hr/>
	<u>75,035</u>

**3) Single Audit**

The City receives significant financial assistance from numerous federal, state and local governmental agencies in the form of grants and entitlements. The disbursement of funds received under these programs generally requires compliance with terms and conditions as specified in the grant agreements, and is subject to audit. Any disallowed claims resulting from such audits and relating to the City or its component units could become a liability of the General Fund or other applicable funds. In the opinion of City officials the only significant contingent liabilities related to matters of compliance are the unresolved and questioned costs in the City's Schedule of Financial Assistance to be issued for the fiscal year ended June 30, 2007, which amounted to \$881.9 million for all open program years as of December 14, 2007. Of this amount, \$660.9 million represents unresolved cost due to the inability to obtain audit reports from sub recipients for the year ended June 30, 2007 due to timing differences in audit requirements, \$205.3 million represents questioned costs due to the inability to obtain sub recipient audit reports for the fiscal years June 30, 2006 and prior and \$15.7 million represents questioned costs related to specific compliance requirements which have yet to be resolved.

**4) HUD Section 108 Loans**

As of the end of the fiscal year, the Federal Department of Housing and Urban Development (HUD) had disbursed \$192.1 million in loans to the Philadelphia Industrial Development Corporation (PIDC). The funds, which were used to establish a loan pool pursuant to a contract between the City and HUD, are being accounted for and administered by PIDC on behalf of the City. Pool funds are loaned to businesses for economic development purposes. Loan repayments and investment proceeds from unloaned funds are used to repay HUD. Collateral for repayment of the funds includes future Community Development Block Grant entitlements due to the City from HUD. The total remaining principal to be repaid to HUD for all loans at the end of the year was \$132.7 million.

**5) Philadelphia International Airport**

In April, 2007, Delta Air Lines exited bankruptcy. Delta assumed the Use & Lease Agreement with the Philadelphia International Airport in April, 16, 2007. The City of Philadelphia received payment in full for all of its pre-petition claims.

Northwest Airlines exited bankruptcy in May, 2007. Northwest assumed the Use & Lease Agreement with Philadelphia International Airport on May 15, 2007. The City of Philadelphia received payment in full for all of its pre-petition claims.

**B. COMPONENT UNITS**

**1) Claims and Litigation**

- The **SDP** is a party to various claims, legal actions, arbitration and complaints arising in the ordinary course of business which aggregate to a total potential liability of \$9.2 million. In the opinion of the General Counsel of **SDP**, it is unlikely that final judgments or compromised settlements will approach the total potential liability. **SDP** annually budgets an amount that management believes is adequate, based on past experience, to provide for these claims when they become fixed and determinable in amount. In addition, **SDP** has recorded in its Government Wide Full Accrual Statements the total cumulative potential liability of \$125.4 million for Workers' Compensation, \$10.5 million for Unemployment Compensation claims and \$6.4 million for claims and judgments.

- There are twenty lawsuits pending against **SDP** asserting claims in violation of § 1983 of the Civil Rights Act. In the opinion of the Interim General Counsel of the **SDP**, unfavorable outcomes are deemed reasonably possible in an aggregate amount and including other attorney fees of approximately \$1.4 million. There is no limitation on the exposure or potential liability of the **SDP** for civil rights violations.
- More than thirty years ago, the Pennsylvania Human Relations Commission (the "Commission") initiated an action against the **SDP** in Pennsylvania Commonwealth court to end historical de facto racial segregation in public schools and sought to compel remedies such as forced busing. Between 1973 and 1993, the **SDP** and the Commission developed a series of desegregation plans, strategies and reforms with the objective of achieving maximum feasible desegregation. Despite the persistence of racially segregated residential patterns and the number of non-minority students choosing to attend any number of parochial or private schools in the region, the Court determined, from time to time and over the years, that such reform efforts were inadequate to cure the problem of racial isolation in the public schools.

In late 1995, the Court joined the Commonwealth of Pennsylvania as a defendant in the action, and in the summer of 1996, held that the Commonwealth was liable for substantial and ongoing financial contributions to **SDP** to fund and support desegregation mandates. However, the Commonwealth Court's Order was vacated by the Pennsylvania Supreme Court when it assumed plenary jurisdiction of the case in the fall of 1996. After nearly three years, the Supreme Court determined that the Commonwealth Court lacked authority to add defendants or claims to the case after its commencement by the Commission in 1973. The Commonwealth was dismissed from the case and jurisdiction of the case was returned to the Commonwealth Court. Since that time, **SDP** has continued to implement remedial measures and reports periodically to the Court on its progress toward satisfying the Court's mandates.

In May and September 2001, and at the request of the Court, **SDP** submitted a Comprehensive School Safety and Security Plan and a Curriculum Renewal Plan (collectively the "Plans") intended to guide managements' work in the areas of curriculum and instruction. Following a hearing, the Court issued an Opinion and Order concluding that **SDP** had made significant and continued effort to comply with the Remedial Order, accepting the Plans, and directing the Human Relations Commission to monitor their implementation. The Court further directed the Commission to monitor their implementation. The Court further directed the Commission to request the Court to close the case when it is satisfied that **SDP** has demonstrated that it can and will provide an equal educational opportunity to all students.

In December, 2001, the Court reiterated its position that the Plans approved by the Court in September, 2001, are to be implemented by **SDP** notwithstanding any changes in management or organizational structure given the possibility of the impending state "takeover" of the district.

After the Commonwealth assumed control of the district and between July 2002 and July 2003, **SDP** responded to Court questions, submitted materials, attended conferences, accompanied court officials on tours of elementary schools, and provided testimony concerning the series of initiatives being undertaken by management and the School Reform Commission. Nevertheless by letter dated August, 2003, the Court indicated its intent to defer issuing an opinion and order until Counsel confer among themselves to determine whether they can agree upon a consent decree for submission and approval by the court. Since this time counsel for **SDP**, the Commission and Interventors meet on a regular and consistent basis to develop a proposed Memorandum of Understanding (the "MOU").

More specifically, the MOU, which was submitted to the Court for review and approved in March of 2004, stays all judicial proceedings for an initial period of three years while requiring that **SDP** submit annual reports to the Commission. As detailed in the MOU, the Commission will provide written feedback to **SDP** based on its review of the reports and the parties will have the opportunity to meet and confer during the term of the MOU. The MOU also includes a dispute resolution process by which the parties may seek to resolve disagreements, if any, remaining at the end of the initial period of the MOU before returning to Court. The MOU further preserves positions of the parties in the event the MOU does not result in a final resolution of this case and the stay is lifted..

By order of the Court and following a hearing "for formal Court review and approval of the Memorandum of Understanding entered into by the parties in an effort to avoid continue litigation and to move toward a final resolution of this long-standing Philadelphia School desegregation case," the Court approved the MOU. The order further provided that "at the end of the Term of the Memorandum of Understanding, and unless the Pennsylvania Human Relations Commission or the **SDP** files an application with the

Court indicating that areas of disagreement still remain, the case shall be terminated with prejudice upon precept by the Commission.”

Subsequently, **SDP** submitted annual status reports to the PHRC in December 2004 and December, 2005 and intends to submit its third annual status report in late 2006 or early 2007.

**SDP** believes that the substantive and procedural aspects of the MOU have the potential to lead to a final resolution of this matter. Management is unable, at this stage however, to express an opinion concerning whether disagreements will remain at the end of the term of the MOU. Should the parties not resolve this matter within the framework of the MOU and should the stay be lifted, **SDP** believes that it may be able to raise meritorious defenses and arguments relating to its compliance with the Pennsylvania Human Relations Act, as well as, the proper scope of the Court’s jurisdiction and remedial authority in the context of future proceedings.

- **SDP** was notified by the Pennsylvania Department of Education (PDE) that the results of an audit conducted by the Auditor General for the years ending June 30, 1991, 1992 and 1993 revealed that **SDP** over-reported student enrollment in Fiscal Year 1991 which established the base for all school subsidies through Fiscal Year 1999. The determination of subsidy reimbursement from the PDE’s Director, Bureau of Budget and Fiscal Management, was \$20 million after appeal through fiscal year 1999. The Commonwealth has agreed to a repayment schedule that results in periodic deductions from amounts paid by the Commonwealth to **SDP**. A similar audit was undertaken which concluded with PDE asserting an additional \$20 million per year claim for alleged over reporting of enrollment in school years 1994-95 through 1996-97. **SDP** denies the claim and has produced documentation. The Commonwealth has postponed collections of this category in order to assist the District through a funding shortfall. Both matters remain pending. Though discussions with state representatives regarding relief from this potential liability are ongoing, because no final determination of forgiveness has been made to date, there still remains a reasonably possible loss in this category in the total amount of \$40.0 million.
- In *Robert Johnson v. SDP and K Sangster*, a lawsuit was filed by three former and one current employee alleging reverse racial discrimination and retaliation under Title VII of the Civil Rights Act and the Pennsylvania Human Relations Act. Collectively, the plaintiffs claim that **SDP** and the Chief Procurement Officer (“CPO”), an African American female, terminated their employment on the basis of race (white) and retaliated against them by denying alternative placement or positions. In December, 2005, a jury verdict was entered in favor of the plaintiffs and against **SDP** and Sangster. That verdict included an award of back-pay, front-pay and reinstatement, as well as, compensatory damages in the amount of \$2 million. Total value of the award, including future earnings, was in excess of \$4 million. In June, 2006, **SDP** entered into a Settlement Agreement and General Release of Claims which provided for payments of over \$3.8 million to the plaintiffs in fiscal years 2007, 2008 and 2009. As part of the resolution, the Plaintiffs waived reinstatement rights to positions with SDP as well as, releasing SDP from all other potential claims. As of June, 2007, approx \$2.0 million was still outstanding on this settlement. In July, 2007, SDP paid \$1.6 million of the \$2.0 million that was outstanding.

## 9. SUBSEQUENT EVENTS

---

### A. PRIMARY GOVERNMENT

- 1) In July 2007, the City issued \$200.0 million of Tax and Revenue Anticipation Notes to supplement the receipts of the General Fund of the City for the purpose of paying general expenses of the City prior to the receipt of taxes and other revenues to be received in the current fiscal year. The proceeds will be invested until needed and repaid by June 30, 2008.
- 2) In August 2007, the ratings for Airport Revenue Bonds were upgraded as follows: Moody’s Investor Service upgraded from A3 to A2 and Standard and Poor’s Corporation upgraded from A to A+.
- 3) In August, 2007, the City issued \$255.4 million in Airport Revenue Bonds. Series 2007A, with various sub sections were issued in the amount of \$172.4 million, and will be used to finance a portion of the cost for the “2007Project.” The bonds have a 5% interest rate and maturity dates from 2011 through 2037. Series 2007B, with various sub divisions, were issued in the amount of \$82.9 million and will be used to refund all outstanding series 1997B bonds. Series 2007B bonds have interest rates ranging from 4.5% to 5%, and maturity date from 2008 through 2027. Some of the proceeds from both series 2007A and 2007B will pay issuance and insurance cost.

- 4) In November, 2007 the water department purchased a surety bond to replace cash reserves in accordance with the water general ordinance. This transaction allowed the water department to transfer \$64 million from the reserve to be used for water/sewer projects.
- 5) In December, 2007, the City simultaneously issued general obligation bonds Series 2007A and 2007B in the amounts of \$188.9 million and \$313.5 million respectively.

The Series 2007A bonds are fixed rate refunding bonds, have interest rates ranging from 4.0% to 5.25% and mature through 2019. The Series 2007B bonds are multi-modal refunding bonds that will bear interest at a weekly rate, subject to conversion to an ARS rate, daily rate, commercial paper rate, term rate, or fixed rate at the direction of the City. The bonds will be used to refund a portion of the Series 1994B bonds and the 1995, 1998 and 2001 general obligation bonds.

- 6) At June 30, 2007 the Philadelphia Gas Works (PGW) owed the City \$45.0 million that the City loaned to them in FY2001. During the first half of FY2008 PGW returned \$22.5 million.

## B. COMPONENT UNITS

- 1) In July 2007, the **SDP** issued \$550.0 million in Tax and Revenue Anticipation Notes. The proceeds of the notes are used for cash flow purposes and will be repaid by June 27, 2008.
- 2) In April, 2007, **PGW** issued \$245.4 million in Gas Revenue Bonds. The 19<sup>th</sup> Series Bonds were issued in the amount of \$14.5 million, have a 5% interest rate and mature through 2023. The proceeds will be used to refund a portion of the 15<sup>th</sup> Series Bonds, various project and issuance cost. The 7<sup>th</sup> Series Bonds, sub series (1), (2) and (3) were issued for \$137.7, \$36.3 and \$56.9 million respectively. Sub series (1) are serial bonds with interest rates ranging from 4-5% and mature in 2028. Sub series (2) and (3) are term bonds, with a 5% interest rate and mature through 2037. The proceeds will be used to for various acquisition, construction & improvement cost, and to advance refund various bonds.
- 3) In April, 2007, **PPA's** board of directors authorized a plan to sell the "Rittenhouse Properties," various dwellings previously acquired with the proceeds from a 1999 bond indenture. In June, 2007, after approval of the plan by the City of Philadelphia and **PPA's** board of directors, an Agreement of Sale for approximately \$36.7 million sale price was executed. Subject to a due diligence period, the sale of the properties is expected to close before September, 2007. As of March, the remaining bonds outstanding totaled \$51.6 million. With the settlement of the pending sale of the "Rittenhouse Properties," these remaining bonds are expected to be completely defeased. Accordingly, the fixed assets and revenue bonds associated with the "Rittenhouse" project have been reclassified as current assets and current liabilities, respectively.
- 4) In October, 2007, **PAID** issued Lease Revenue Refunding Bonds Series 2007A & B in the amounts of \$50.3 million and \$289.7 million respectively. The Series 2007A bonds have interest rates ranging from 4% to 5% and mature through 2015. The Series 2007B bonds have a weekly interest rate that will be subject to conversion to an ARS rate, and maturity dates from 2016 through 2031. The proceeds from the bonds will be used for various issuance cost and to refund the Series 2001B stadium bonds. In connection with the sale of the Series 2007B bonds, **PAID** entered into separate interest rate swap agreements pursuant to which PAID will make periodic fixed rate payments to the swap counterparties and the swap counterparties will make periodic floating rate payments to **PAID**.
- 5) In November, 2007, **PAID** issued Lease Revenue Refunding Bonds Series 2007C in the amount of \$51.6 million. The bonds have interest rates ranging from 3.5% to 5.25% and mature through 2027. The proceeds of the bonds will be used to refund prior bonds for the City of Philadelphia One Benjamin Franklin Parkway Project and to finance various issuance costs.
- 6) In December, 2007, the School Reform Commission authorized the sale of \$41.7 million Qualified Zone Academy Bonds with an interest rate of 1.25%. The bond issue is expected to close by the year end. The proceeds of the issue will be used to fund technology upgrades in various classrooms and major renovations at fifteen schools.

**I. BASIS OF BUDGETING**

The budgetary comparison schedules presented differ from the GAAP basis statements in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures. In accordance with the Philadelphia Home Rule Charter, the City has formally established budgetary accounting control for its operating and capital improvement funds.

The major funds presented as Required Supplementary Information are subject to annual operating budgets adopted by City Council. These budgets appropriate funds by major class of expenditure within each department. Major classes are defined as: personal services; purchase of services; materials and supplies & equipment; contributions, indemnities & taxes; debt service; payments to other funds; and advances & other miscellaneous payments. The appropriation amounts for each fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes must have council approval.

Appropriations that are not expended or encumbered at year end are lapsed. Comparisons of budget to actual activity at the legal level of compliance are reported in the City's "Supplemental Report of Revenues & Obligations", a separately published report.

During the year, classification adjustments and supplementary appropriations were necessary for City funds. Therefore, budgeted appropriation amounts presented are as originally passed and as amended by the City Council. As part of the amendment process, budget estimates of City related revenues are adjusted and submitted to City Council for review. Changes in revenue estimates do not need City Council approval, but are submitted in support of testimony with regard to the appropriation adjustments. Revenue estimates are presented as originally passed and as amended.

**Other  
Supplementary  
Information**

**NON-MAJOR GOVERNMENTAL FUNDS**

**SPECIAL REVENUE FUNDS**

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted by law or administrative action to specific purposes.

**COUNTY LIQUID FUELS TAX** - Established to account for funds made available by Public Law No. 149.

**SPECIAL GASOLINE TAX** - Established to account for funds made available by Public Law No. 588.

**HOTEL ROOM RENTAL TAX** - Established to account for the tax levied to promote tourism.

**COMMUNITY DEVELOPMENT** - Established to account for revenues received from the Department of Housing and Urban Development, restricted to accomplishing the objectives of the CDBG Program, within specific target areas.

**CAR RENTAL TAX** - Established to account for the tax levied to retire new municipal stadium debt.

**HOUSING TRUST** - Established to account for the funds to be used under Chapter 1600 of Title 21 of the Philadelphia Code to assist low income homeowners.

**RIVERVIEW RESIDENTS** - Established to maintain a commissary and provide other benefits for the residents.

**PHILADELPHIA PRISONS** - Established to operate a workshop and to provide benefits for the prison inmates.

**ARBITRATION APPEALS** - Established to account for certain court fees and provide funds for the arbitration board.

**DEPARTMENTAL** - Established to account for various activities of the Free Library and Fairmount Park.

**MUNICIPAL AUTHORITY ADMINISTRATIVE** - Established to account for all financial transactions of the Municipal Authority not accounted for in other funds.

**PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY ADMINISTRATIVE** - Established to account for PICA revenues from taxes and deficit financing transactions.

**NON-MAJOR GOVERNMENTAL FUNDS (Cont'd)**

**DEBT SERVICE FUNDS**

Debt Service Funds are used for the purpose of accumulating resources for the payment of principal on general obligation term bonds and to function as a conduit for the debt service payments to fiscal agents.

**CITY** - Established to account for the debt service activities of the City not reflected in proprietary funds operations.

**MUNICIPAL AUTHORITY** - Established to account for the debt service activities related to the equipment and facilities financed through the Philadelphia Municipal Authority.

**PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY DEBT SERVICE** - Established to account for the debt service activities related to the deficit financing provided by PICA.

**CAPITAL IMPROVEMENT FUNDS**

Capital Improvement Funds are used to account for financial resources to be used for the acquisition or construction of the major capital facilities other than those financed by proprietary fund operations.

**CITY** - Established to account for capital additions and improvements to the City's facilities and infrastructure and financed through general obligation bond issues and grants from federal, state and local agencies.

**MUNICIPAL AUTHORITY** - Established to account for the acquisition of vehicles and the construction of major facilities for the city.

**PERMANENT FUNDS**

Permanent Funds are used to account for financial resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the government's programs.

**LIBRARIES & PARKS** - Established to account for trust of the Free Library and Fairmount Park.

## Statistical Section

### Financial Trends

*These tables contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.*

Table 1	Net Assets by Component .....	143
Table 2	Changes in Net Assets .....	144
Table 3	Fund Balances-Governmental Funds .....	146
Table 4	Changes in Fund Balances-Governmental Funds.....	147
Table 5	Comparative Schedule of Operations-Municipal Pension Fund.....	148

### Revenue Capacity

*These tables contain information to help the reader assess the City's most significant local revenue source, the wage and earnings tax. Property tax information is also presented.*

Table 6	Wage and Earnings Tax Taxable Income .....	149
Table 7	Direct and Overlapping Tax Rates .....	150
Table 8	Principal Wage and Earnings Tax Remitters.....	152
Table 9	Assessed Value and Estimated Value of Taxable Property .....	153
Table 10	Principal Property Tax Payers .....	154
Table 11	Real Property Taxes Levied and Collected .....	155

### Debt Capacity

*These tables present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt.*

Table 12	Ratios of Outstanding Debt by Type.....	156
Table 13	Ratios of General Bonded Debt Outstanding .....	157
Table 14	Direct and Overlapping Governmental Activities Debt .....	158
Table 15	Legal Debt Margin Information .....	159
Table 16	Pledged Revenue Coverage.....	160

### Demographic & Economic Information

*These tables offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.*

Table 17	Demographic and Economic Statistics .....	161
Table 18	Principal Employers .....	162

### Operating Information

*These tables contain service and infrastructure information data to help the reader understand how the information in the City's financial report relates to the services the city provides and the activities it performs.*

Table 19	Full Time Employees by Function.....	163
Table 20	Operating Indicators by Function.....	164
Table 21	Capital Assets Statistics by Function.....	165

*The City of Philadelphia implemented GASB Statement #34 in FY2002. Tables presenting government-wide information include information beginning in that year.*

<sup>1</sup> Effective April 15, 2003, the City implemented a change to the basis on which the Business Privilege Tax is collected requiring an estimated payment applicable to the next year's tax liability. A portion of these estimated tax payments are deferred in the general fund beginning in FY2003 because the underlying events had not occurred.

Note:

The Wage and Earnings Tax is a tax on salaries, wages and commissions and other compensation paid to an employee who is employed by or renders services to an employer. All Philadelphia residents owe this tax regardless of where they perform services. Non-residents who perform services in Philadelphia must also pay this tax.

<sup>1</sup> For the years 1998 through 2003 the rate changed on July 1st. For those years the direct rate is an average of the two rates involved during the calendar year.

<sup>1</sup> Real property tax bills are sent out in November and are payable at one percent (1%) discount until February 28th, otherwise the face amount is due by March 31 without penalty or interest.

<sup>2</sup> Bill #1130, approved February 8, 1978, provides relief from real estate taxes on improvements to deteriorated industrial, commercial or other business property for a period of five years. Bill #982, approved July 9, 1990, changed the exemption period from five years to three years. Bill #225, approved October 4, 2000, extended the exemption period from three years to ten years.

Bill #1456A, approved January 28, 1983, provides for a maximum three year tax abatement for owner-occupants of newly constructed residential property. Bill #226, approved September 12, 2000, extended the exemption period from three years to ten years.

Legislative Act #5020-205 as amended, approved October 11, 1984, provides for a maximum thirty month tax abatement to developers of residential property.

Bill #274, approved July 1, 1997, provides a maximum ten year tax abatement for conversion of eligible deteriorated commercial or other business property to commercial non-owner occupied residential property.

Bill #788A, approved December 30, 1998, provides a maximum twelve year tax exemption, abatement or credit of certain taxes within the geographical area designated as the Philadelphia Keystone Opportunity Zone.

<sup>3</sup> Source: Board of Revision of Taxes

<sup>4</sup> per \$1,000.00 of assessed value

<sup>5</sup> The State Tax Equalization Board (STEB) annually determines a ratio of assessed valuation to true value for each municipality in the Commonwealth of Pennsylvania. See Table 13

<sup>6</sup> This ratio is compiled by the Board of Revision of Taxes based on sales of property during the year.

**Table 11**

*Amounts in millions of USD*

Calendar Year of Levy <sup>1</sup>	Taxes Levied for the Year	Collected within the Year of the Levy		Collected in Subsequent Years	Total Collections to Date	
		Amount	Percentage of Levy		Amount <sup>2</sup>	Percentage of Levy
1998	338.6	311.9	92.1%	23.8	335.7	99.1%
1999	343.6	316.2	92.0%	23.3	339.5	98.8%
2000	349.3	322.0	92.2%	23.5	345.5	98.9%
2001	356.6	326.7	91.6%	22.8	349.5	98.0%
2002	368.2	340.4	92.5%	22.2	362.6	98.5%
2003	359.4	326.8	90.9%	22.4	349.2	97.2%
2004	372.5	340.9	91.5%	19.7	360.6	96.8%
2005	373.5	350.3	93.8%	13.2	363.5	97.3%
2006	385.6	339.6	88.1%	6.8	346.4	89.8%
2007	394.3	328.9 <sup>3</sup>	83.4%	-	328.9	83.4%

<sup>1</sup> Real property tax bills are sent out in November and are payable at one percent (1%) discount until February 28th, otherwise the face amount is due by March 31 without penalty or interest.

<sup>2</sup> Includes collections through June 30, 2007.

<sup>3</sup> Includes collections through June 30, 2007. It is estimated that approximately 91% of the amount levied for 2007 will be collected within the year of levy.

**June 30, 2007**

**Table 14**

*Amounts in millions of USD*

	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable</u>	<u>Estimated Share of Direct and Overlapping Debt</u>
<b><u>Governmental Unit</u></b>			
School District of Philadelphia	<u>2,664.2</u>	<u>100.00%</u>	<u>2,664.2</u>
<sup>1</sup> <b>City Direct Debt</b>			<u>4,245.4</u>
Total Direct and Overlapping Debt			<u><u>6,909.6</u></u>

Note:

Overlapping governments are those that coincide, in least in part, with the geographic boundaries of the City. The outstanding debt of the School District of Philadelphia is supported by property taxes levied on properties within the City boundaries. This schedule attempts to show the entire debt burden borne by City residents and businesses.

11	General Obligation Bonds	7.2	5.2	5.7	5.7	2.0	1.4	1.0	1.1	-	-
12	Total Debt Service	32.5	34.9	42.2	50.5	66.1	84.6	90.7	89.2	88.1	85.5
Debt Service Coverage:											
	Revenue Bonds Only - Test "A" (Line 8/Line 10)	2.65	2.61	2.15	1.97	1.67	1.59	1.61	1.67	1.77	1.96
	Total Debt Service - Test "B" (Line 9/Line 12)	1.07	1.03	1.03	1.04	1.02	1.02	1.01	1.00	1.12	1.13

Note:

The rate covenant of the Aviation issues permit inclusion of Unencumbered Project Fund Balances at the beginning of the period with project revenues for the period to determine adequacy of coverage.

Coverage "A" requires that Net Revenues equal 120% of the Debt Service Requirements while Coverage "B" requires that Net Revenues equal at least 100% of the Debt Service Requirements plus Required Capital Account Transfers. Test "A" requires that Project Resources be equal to Net Operating Expenses plus 150% of Revenue Bond Debt Service for the year. Test "B" requires Project Resources be equal to Operating Expenses for the year plus all debt service requirements for the year except any General Obligation Debt Service not applicable to the project.

Amounts in the above statement have been extracted from reports submitted to the respective Fiscal Agents in accordance with the reporting requirements of the General Ordinance and Supplemental Ordinance relative to rate covenants. Water and Sewer Coverage is calculated on the modified accrual basis; Aviation Fund on the accrual basis. Airport Revenues and Expenses have been reduced by amounts applicable to the Outside Terminal Area and the Overseas Terminal as prescribed by the indenture.

**CITY SOCIOECONOMIC INFORMATION**

[ THIS PAGE INTENTIONALLY LEFT BLANK ]

## **APPENDIX B**

### **CITY SOCIOECONOMIC INFORMATION**

#### **Introduction**

The City includes within its boundaries an area of approximately 130 square miles and a resident population of approximately 1.45 million according to the U.S. Census Bureau, 2006 Population Estimates. The City is in the heart of a nine-county metropolitan area with approximately 5.1 million residents. Air, rail, highway, and water routes provide easy access to the City.

The City is strategically located on the east coast with easy access to markets, resources, government centers, and transportation. The City's metropolitan area is the nation's fourth largest in the retail market with over 2,400 retail stores.

#### **Quality of Life**

The City is rich in history, art, architecture, and entertainment. World-class cultural and historic attractions include the Philadelphia Museum of Art (which houses the third largest art collection in the United States), the Philadelphia Orchestra, Academy of Music, Pennsylvania Ballet, the Constitution Center, the Kimmel Center (which had over 1 million people in attendance in 2007), Pennsylvania Academy of Fine Arts, Franklin Institute, Mann Music Center, Opera Company of Philadelphia, and the Rodin Museum. The South Philadelphia sports complex, currently consisting of Lincoln Financial Field, Citizens Bank Park, the Wachovia Spectrum and the Wachovia Center, is home to the Philadelphia 76ers, Flyers, Phillies and Eagles. The City also offers its residents and visitors America's most historic square mile, which includes Independence Hall and the Liberty Bell, as well as Fairmount Park, which spans 8,000 acres and includes Pennypack Park and the country's first zoo.

The City is a center for health, education, and science facilities with the nation's largest concentration of healthcare resources within a 100-mile radius. There are presently more than 30 hospitals, seven medical schools, two dental schools, two pharmacy schools, as well as schools of optometry, podiatry and veterinary medicine, and the Philadelphia Center for Health Care Sciences in West Philadelphia. The City is one of the largest health care and health care education centers in the world, and a number of the nation's largest pharmaceutical companies are located in the Philadelphia area.

The City has the second largest concentration of students on the East Coast with eighty degree granting institutions of higher education and a total enrollment of over 300,000 students. Included among these institutions are the University of Pennsylvania, Temple University, Drexel University, St. Joseph's University, and LaSalle University. Within a short drive from the City are such schools as Villanova University, Bryn Mawr College, Haverford College, Swarthmore College, Lincoln University, and the Camden Campus of Rutgers University. The undergraduate and graduate programs at these institutions help provide a well-educated and trained work force to the Philadelphia community.

#### **Hospitals and Medical Centers**

The City also has major research facilities, including those located at its universities, the medical schools, the Wistar Institute, the Fox Chase Cancer Center, and the University City Science Center. The Children's Hospital of Philadelphia (ranked number one in U.S. children's hospitals) has recently completed the construction of a new \$100 million biomedical research facility located within the

Philadelphia Center for Health Care Sciences in West Philadelphia. A Comprehensive Cancer Center is also located at the University of Pennsylvania.

Hospitals and Medical Centers: The following table presents the most recent published data regarding hospitals and medical centers in Philadelphia. Due to mergers, consolidations and closures that have occurred or may occur in the future, this table is accurate only as of its publication date.

- (1) Children's Seashore House is now consolidated into CHOP's data.
- (2) Frankford includes data for all three divisions — Frankford, Torresdale and Bucks County. The Frankford Hospitals have closed all OB Units and NICU Units as of July 1, 2006.
- (3) Graduate Hospital closed as of March 31, 2007.
- (4) Jeanes Hospital Closed NICU Unit as of April 30, 2007 and OB as of May 31, 2007
- (5) Temple University Children's Medical Center closed as of November 2007.
- (6) Temple includes data for Episcopal Hospital.

Children's Hospital Expansion. The Children's Hospital of Philadelphia is expanding its research facilities in West Philadelphia. The \$150 million first phase of the new complex will be completed shortly; while the \$235 million second phase is expected to open in 2009.

University of Pennsylvania. A major new \$232 million cancer research and treatment center is under construction at the University of Pennsylvania and is expected to be complete by 2009.

The Fox Chase Cancer Center. The Center is a non-profit institution, which is expanding its campus in the northeast section of the City. The Center's 25-year Master Plan is over \$1 billion, providing over 2.7 million square feet of space dedicated to research and patient care.

## Demographics

During the ten-year period between 1990 and 2000, the population of the City decreased from 1,585,577 to 1,517,550. During the same period, the population of Pennsylvania increased by 3.4%, less than one-third the national rate of increase.

## The Economy

Philadelphia's economy is composed of diverse industries, with virtually all classes of industrial and commercial businesses represented. The City is a major business and personal service center with strengths in insurance, law, finance, health, education, and utilities.

The cost of living in Philadelphia is relatively moderate compared to other major metropolitan areas. The City, as one of the country's education centers, offers the business community a large, diverse, and industrious labor pool.

## Employment

The employment and unemployment rates and the total number of jobs within the City are reflected in Tables B-4 and B-5, respectively.

The employment changes within the City principally have been due to declines in the manufacturing sector and the relatively stronger performance of the service economy. The City's and region's economies are diversified, with strong representation in the health care, government, and education sectors but without the domination of any single employer or industry.

In March 2000, the Philadelphia Authority for Industrial Development ("PAID") took ownership of more than 1,000 acres at the site of the former Philadelphia Navy Shipyard, Naval Station. Naval Hospital and Defense Supply Center and has begun to implement aggressive redevelopment activities. To date, at least 47 companies have leased or purchased in excess of 2 million square feet of facilities at the complex, now known as the Philadelphia Naval Business Center ("PNBC"). In addition to this employment, the Navy has retained more than 2 million square feet of facilities. Together, the private and Navy facilities employ more than 7,000 people. Long term plans call for more than 10 million square feet of industrial and commercial space at PNBC, with employment targeted between 15,000-20,000.

## Income

The following table presents data relating to per-capita income for the City, the PMSA, and the United States. It illustrates that, for the past few years, real per-capita income has generally outpaced the urban cost of living index, suggesting that on average, the newly created service jobs have generated positive real income growth for City wage earners.

## Transportation

The residents of the City and surrounding counties are served by a commuter transportation system operated by SEPTA. This system includes two subway lines, a network of buses and trolleys, and a commuter rail network joining Center City and other areas of the City to the airport and to the surrounding counties. A high speed train line runs from southern New Jersey to Center City and is operated by the Delaware River Port Authority. An important addition to the area's transportation system was the opening of the airport high speed line between Center City and the Philadelphia International Airport in 1985. The line places the airport less than 25 minutes from the Center City business district and connects directly with the commuter rail network and the Convention Center, which opened in June 1993. The opening of the commuter rail tunnel in 1984 provided a unified City transportation system linking the commuter rail system, the SEPTA bus, trolley, and subway lines, the high speed line to New Jersey, and the airport high speed line.

Amtrak, SEPTA, Norfolk Southern, CSX Transportation, Conrail and the Canadian Pacific provide inter-city commuter and freight rail services connecting Philadelphia to the other major cities and markets in the United States. More than 100 truck lines serve the Philadelphia area.

The City now has one of the most accessible downtown areas in the nation with respect to highway transportation by virtue of I 95; the Vine Street Expressway (I 676), running east-to-west through the Central Business District between I 76 and I 95; and the "Blue Route" (I 476) in suburban Delaware and Montgomery Counties which connects the Pennsylvania Turnpike and I 95 and thereby feeds into the Schuylkill Expressway (I 76) and thus into Center City Philadelphia.

The Philadelphia International Airport (PHL) and Northeast Philadelphia Airport (PNE) comprise the Philadelphia Airport System (the "Airport System"). The Airport System is owned by the City of Philadelphia and is operated by the Department of Commerce's Division of Aviation. PHL is located 7.2

miles southwest of Center City; and PNE, a smaller reliever airport, is located 10 miles northeast of Center City. PHL is accessible from major highways within the City and from surrounding communities and SEPTA's Airport rail line. PHL provides its passengers with service on 11 domestic carriers and 13 regional carriers, while five foreign flag carriers and two U.S. carriers provide international service. In addition, there are four all-cargo carriers. PHL serves as a key connecting hub for USAirways.

### **Water and Wastewater Systems**

The water and wastewater systems of Philadelphia are owned by the City and operated by the City's Water Department. The water system provides water to the City (130 square mile service area), to Aqua Pennsylvania, Inc., formerly Philadelphia Suburban Water Company, and to the Bucks County Water and Sewer Authority. The City obtains approximately 56 percent of its water from the Delaware River and the balance from the Schuylkill River. The water system serves approximately 470,000 accounts through 3,000 miles of mains, three water treatment plants, 15 pumping stations and provides fire protection through more than 25,000 fire hydrants.

The wastewater system services a total of 360 square miles of which 130 square miles are within the City and 230 square miles are in suburban areas. The total number of accounts is approximately 468,000. The wastewater and stormwater systems contain three water pollution control plants, a biosolids processing facility, 16 pumping stations, and approximately 3,500 miles of sewers. Based on its current NPDES discharge permit, the City is required to achieve effluent limitations that are considered more stringent than those required to achieve secondary treatment levels as defined in the Federal Water Pollution Control Act, as amended.

### **Municipal Solid Waste Disposal**

The City is responsible for collecting solid waste from sources other than industrial or commercial institutions. On average, approximately 3,000 tons of solid waste per day is collected by the City. Municipal solid waste is disposed of through a combination of private and City transfer stations within the City limits, and at various landfills operated outside the City limits. The City significantly reduced its waste disposal costs over the last decade. The current disposal contract, which began July 1, 2005, continues this trend. With three one-year City options, the contract can be extended through Fiscal Year 2012. The City again realizes significant savings under these contracts. Disposal rates escalate at a relatively low rate of approximately three percent per year over the contract term, and multiple vendors maximize operational flexibility and efficiencies.

## Housing

While the City's housing market has remained relatively stable, recently home values have gone up, as shown on the table below:

**Table B-13**  
**Characteristics of Housing Units**

	<u>1990</u>	<u>2000</u>	<u>2006 (est)</u>

## Promoting Economic Development

### Mission

The goal of the City's economic development strategy is to create, maintain, and develop: (1) jobs by fostering an improved business environment; (2) increases in population; and (3) enhanced quality of life within the City of Philadelphia—all in order to grow the City's tax base.

### Background

In 2007, Philadelphia bucked an almost nationwide trend by holding steady amidst the national slowdown in property markets, and the City is poised to launch several reforms aimed at enhancing its competitive position even further. By reorienting economic development services to provide transparency and better address customer service needs, Philadelphia will strive to become the business location of choice. This new business climate, coupled with recent cultural additions, neighborhood reinvestment and a renewed sense of civic pride, is designed to enhance Philadelphia's position as a world-class city.

### Philadelphia's Competitive Advantages

Philadelphia's competitive advantages as a business location are based on size, strategic location, relative affordability, cultural and recreational amenities, and its growing strength in key knowledge industries. The City of Philadelphia, the fifth-largest city in the nation with the third largest downtown population, is at the center of the sixth largest metropolitan region. Our region includes the fourth largest retail sales market in the nation, as well as a diverse network of business suppliers and complementary industries.

## Accessibility

Philadelphia is in a key position to access regional and international markets, due to the transportation infrastructure centered here, including Philadelphia International Airport, AMTRAK's Northeast Corridor service, major interstate highway access, regional SEPTA service and the port. The capacity of Philadelphia's transportation infrastructure is demonstrated by its median commuting time, which is 19 percent lower than the national metropolitan average. Recent analysis has shown that employees also benefit: Commuters to suburban firms, nearly all of whom drive to work, spend over \$6,200 per year in vehicle expenses. By contrast, 70 percent of downtown office workers use public transit to get to work, and the annual cost of a SEPTA regional rail pass is just \$2,172. In addition, 37 percent of downtown residents walk to work, the highest percentage of any major American city.

## Culture

As a major urban center with a rich historical legacy, Philadelphia is increasingly gaining national recognition for its cultural and recreational advantages, which include the many tourism assets concentrated within city limits. Independence National Historical Park, the Philadelphia Art Museum, and the Franklin Institute, as well as recent developments, such as the construction of the stunning Kimmel Center for the Performing Arts and the National Constitution Center, are increasingly drawing national attention. The development of new first-class sports facilities, as well as continued access and development along the City's Delaware and Schuylkill River waterfronts, adds to this array.

## Affordability

Philadelphia remains affordable when compared to its peers, as noted in the chart below.

### Housing Affordability 2008 (First Quarter)

<u>Metro Area</u>	<u>National Rank</u>	<u>Regional rank</u>
Philadelphia, PA*	165	34
Boston-Quincy, MA*	167	35
New York-White Plains-Wayne, NY-NJ*	222	44

Source: National Association of Homebuilders.

\* Metropolitan Statistical Areas.

The National Association of Home Builders/Wells Fargo Housing Opportunity Index (HOI) determines national housing affordability by comparing the percentage of homes sold during each quarter to families earning the national median income for a given metro area. With lower rankings indicating the most affordability, Philadelphia's rank of 165 out of 223 metro areas surveyed is an indication of how well our region's household incomes are matched to affordable housing choices for local families.

## Educational Attainment

Philadelphia captures a significant portion of the region's educational employment and enrollment because of its major colleges and universities. The City houses 40 percent of all students during their studies, and the Philadelphia region retains a strong share of its graduates (55 percent) and an even greater share of graduates who are originally from the region (82 percent). The region retains 26 percent of non-native graduates, based on a survey of the class of 2005. On average, the region's workforce over age 25 is better educated (with four-year college degrees) than those in other metropolitan areas across the U.S. (32 percent, compared to 27 percent). At the same time, the City has one of the

lowest educational attainment rates in the nation, with only 20.7 percent of its 25-years-or-older population possessing a bachelor's degree or higher in 2006.

## Real Estate Market

Despite challenges in the national economy, Philadelphia's central business district (CBD), encompassing 43.5 million rentable square feet, shows stable office market conditions. In January 2008 Grubb & Ellis ranked Philadelphia 6th in both office and retail for top markets to invest in this year, the city's first-ever appearance on the list. The Center City office market has seen positive results in recent years, with 1 million square feet of net absorption in 2006, 992,000 square feet in 2007 and approximately 890,000 square feet of positive net absorption year to date. This third year in a row of positive absorption since 2005 has left the Center City direct vacancy rate at approximately 8.7 percent through the second quarter of 2008, down from vacancy rates of 9.01 percent for 2007 and 10.4 percent in 2006. The current vacancy rate is well below the national average office vacancy rate of 13.2 percent. As building owners make substantial capital investments and 'trophy' locations are in demand, Class A asking rental rates in the CBD have risen from \$25.85 in 2006 to \$28.09 per square foot in the second quarter of 2008. A concerted attraction and retention campaign involving the combined efforts of the City, the Philadelphia Industrial Development Corporation (PIDC), the Center City District, the Greater Philadelphia Chamber of Commerce, and the Commonwealth has sustained these market conditions.

Residential real estate is also positioned favorably. Unburdened by a glut of speculative multifamily projects outstripping tenant demand, Philadelphia has maintained a low apartment vacancy rate and has fared well when compared to other regions. According to a January, 2008 assessment of U.S. property markets by Moody's Investor Service, in 2007 Philadelphia's multifamily sector improved the most of the 60 monitored metro areas.

## Major Industry Sectors

When compared to the average sector concentration in Pennsylvania counties, Philadelphia has a higher concentration of employment in six sectors, as noted in the chart below.

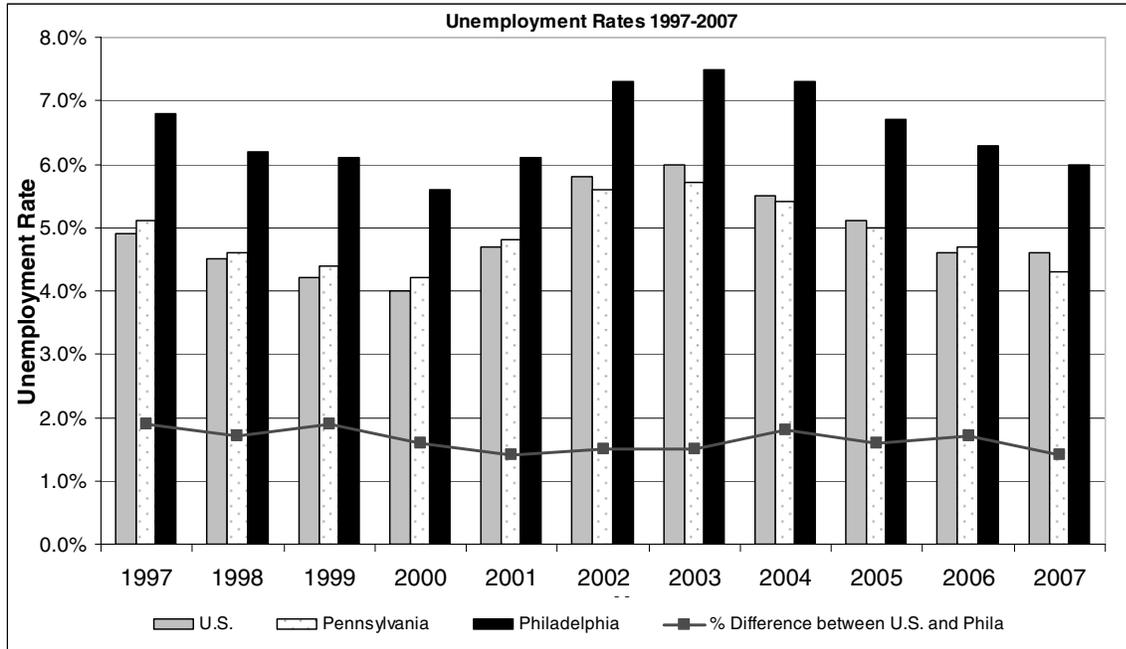

### Philadelphia Industry Concentrations Compared to Pennsylvania

<u>Industry</u>	<u>Pennsylvania</u>	<u>Philadelphia County</u>
Education and Health Services	1.36	2.26
Financial Activities	0.95	1.23
Other Services	0.99	1.07
Professional and Business Services	0.89	0.99
Leisure and Hospitality	0.87	0.94
Information	0.82	0.89
Trade, Transportation, and Utilities	0.99	0.71
Manufacturing	1.10	0.46
Construction	0.79	0.34
Unclassified	0.02	0.02
Natural Resources and Mining	0.56	0.01

*Source BLS: 2006 Location Quotient, 2006 Quarterly Census of Employment and Wages Data. Ratio of analysis-industry employment in the analysis area to base-industry employment in the analysis area divided by the ratio of analysis-industry employment in the base area to base-industry employment in the base area.*

Philadelphia has maintained an above-average concentration of employment in Education and Health Services, Financial Activities, Other Services, Professional Business Services, Leisure and Hospitality as well as Information Services. The employment base has undergone a gradual shift over the last decade, most notably marked by growth in leisure/hospitality and education/health services sector employment.

The overall unemployment rate, however, has continued to surpass that of the nation. Despite the sluggish national employment recovery following the 2001 recession, the national economy has shown signs of growth over the past year, as reflected in a decline in the gap between the national and local unemployment rate in the chart below.

Source: Bureau of Labor Statistics, 2008

As indicated in the chart below, the City has consistently had an unemployment rate between 1.4 to 1.9 percent higher than the national average.

<u>Year</u>	<u>Nation</u>	<u>City</u>	<u>% Difference</u>
1997	4.9%	6.8%	1.9%
1998	4.5%	6.2%	1.7%
1999	4.2%	6.1%	1.9%
2000	4.0%	5.6%	1.6%
2001	4.7%	6.1%	1.4%
2002	5.8%	7.3%	1.5%
2003	6.0%	7.5%	1.5%
2004	5.5%	7.3%	1.8%
2005	5.1%	6.7%	1.6%
2006	4.6%	6.3%	1.7%
2007	4.6%	6.0%	1.4%

Source: Bureau of Labor Statistics, 2008.

The jobs report is mixed. As shown in the chart below, the local economy has reflected a trend toward growth in particular sectors. Overall job growth in the City remained the same in 2007 and continues to be sluggish. Reversing this trend will be one of the new Administration's primary goals over the next five years.

*Source: Bureau of Labor Statistics.*

Note: All years have been restated based on current BLS data, retrieved 6.3.2008 from data.bls.gov.

From 2002 to 2007, employment in Philadelphia's Education and Health Services sector increased by 8.5 percent. In addition, the Leisure and Hospitality sector captured growth of 7.7 percent, while more modest growth of approximately 3 percent occurred in Professional & Businesses Services. The City anticipates continued growth in these three sectors, all of which will continue to play a large role in Philadelphia's future.

One sector of the economy that shows great promise is the "knowledge industry," also referred to as the "knowledge economy." In the knowledge industry, which relies on the supply of new college graduates, companies apply emerging technologies to deliver high-quality, knowledge-based services. The knowledge industry includes sectors as diverse as financial services, engineering, health care, insurance, law, life sciences, printing, publishing, and academia. A January 2002 report by the Philadelphia Federal Reserve Bank found that Philadelphia ranked first among a comparison group of 14 major metropolitan areas in its concentration of Education sector employment, and third in life, physical, social sciences, and healthcare professionals. These advantages equip Philadelphia to continue to build its knowledge industries. The Education sector not only provides stable support to the local economy, but also generates a steady supply of potential knowledge workers.

While Philadelphia has a strong core of knowledge-based industries, the City must capitalize on these advantages to ensure future growth and dynamism. Within the knowledge economy is another sector of great importance to Philadelphia and the region, the life sciences, which includes health care,

research, biotechnology, and pharmaceuticals. Philadelphia is capitalizing on the region's opportunity to become an incubator for research generated by life sciences and educational institutions. Several sites now foster incubator opportunities, including the Philadelphia Navy Yard, the Science Center in West Philadelphia, and the west bank of the Schuylkill River bordered by the University of Pennsylvania, Children's Hospital of Pennsylvania and Drexel University.

Philadelphia's economy enjoys a large market share of for-profit creative industry companies which are technology-driven, known as businesses representing the "creative economy." A subset of the knowledge industry, the sector includes architecture, communications, design and merchandising, digital media, engineering, fashion design, graphic arts, information technology, interior and industrial design, marketing, music, film and video production, multimedia design, photography, planning product design and software development. Philadelphia supports several initiatives with the goal of increasing employment in this sector and fostering population growth in the City as a result.

From 2002 to 2007, employment in Philadelphia's Education and Health Services sector increased by 8.5 percent. In addition, the Leisure and Hospitality sector captured growth of 7.7 percent, while more modest growth of approximately 3 percent occurred in Professional & Businesses Services. The City anticipates continued growth in these three sectors, all of which will continue to play a large role in Philadelphia's future.

One sector of the economy that shows great promise is the "knowledge industry," also referred to as the "knowledge economy." In the knowledge industry, which relies on the supply of new college graduates, companies apply emerging technologies to deliver high-quality knowledge-based services. The knowledge industry includes sectors as diverse as financial services, engineering, health care, insurance, law, life sciences, printing, publishing, and academia. A January 2002 report by the Philadelphia Federal Reserve Bank found that Philadelphia ranked first among a comparison group of 14 major metropolitan areas in its concentration of Education sector employment, and third in life, physical, social sciences, and healthcare professionals.<sup>3</sup> These advantages equip Philadelphia to continue to build its knowledge industries. The Education sector not only provides stable support to the local economy, but also generates a steady supply of potential knowledge workers.

While Philadelphia has a strong core of knowledge-based industries, the City must capitalize on these advantages to ensure future growth and dynamism. Within the knowledge economy is another sector of great importance to Philadelphia and the region, the life sciences, which includes health care, research, biotechnology, and pharmaceuticals. Philadelphia is capitalizing on the region's opportunity to become an incubator for research generated by life sciences and educational institutions. Several sites now foster incubator opportunities, including the Philadelphia Navy Yard, the Science Center in West Philadelphia, and the west bank of the Schuylkill River bordered by the University of Pennsylvania, Children's Hospital of Pennsylvania and Drexel University.

Philadelphia's economy enjoys a large market share of for-profit creative industry companies which are technology-driven, known as businesses representing the "creative economy." A subset of the knowledge industry, the sector includes architecture, communications, design and merchandising, digital media, engineering, fashion design, graphic arts, information technology, interior and industrial design, marketing, music, film and video production, multimedia design, photography, planning product design and software development. Philadelphia supports several initiatives with the goal of increasing employment in this sector and fostering population growth in the city as a result.

<sup>3</sup> The nine largest metro areas and five others in the Northeast with populations above two million

## **Philadelphia International Airport**

Philadelphia International Airport served 32.2 million passengers, including 4.0 million international travelers, in calendar year 2007. In 2007, PHL ranked seventeenth in the nation in terms of total passengers and is presently the tenth busiest in the world for aircraft operations, according to data reported by Airports Council International North America. The regional economic impact of the Airport is \$14 billion annually. PHL opened a new commuter terminal in 2001 and a new international terminal in May 2003 and is currently in the process of extending Runway 17-35 to increase airfield capacity.

In 2005, the Airport issued three series of Airport Revenue Bonds which included \$125 million in fixed-rate Series 2005A bonds, \$41 million in variable-rate Series 2005B bonds and \$189.5 million in variable-rate Series 2005C bonds. Proceeds of the 2005A and B bonds have enabled the Airport to undertake critical infrastructure projects, such as expansion of Terminals D and E, improvements to Terminal A East, expansion of security checkpoints at Terminals B and C, and resurfacing of Runway 9R-27L. Proceeds of the 2005C bonds were used to refund the Airport's Series 1995A revenue bonds. Additionally, federal grant funding received during the past two years has enabled the Airport to begin several airfield construction projects, including the extension of Runway 17-35.

In August of 2007, the City issued the 2007A Bonds and the 2007B Bonds. Proceeds from the 2007A Bonds will provide funding for several new capital projects including international terminal gate expansion, design work for the expansion of Terminal F, design of a new in-line baggage system for Terminal B/C, and an infrastructure improvement program. The 2007B Bonds refunded the Series 1997B Airport Revenue Bonds.

## **Philadelphia Industrial Development Corporation**

Philadelphia Industrial Development Corporation (PIDC) is a private, not-for-profit Pennsylvania corporation, founded in 1958 by the City of Philadelphia and the Greater Philadelphia Chamber of Commerce to promote economic development throughout the City. The many programs provided by PIDC include (i) direct mortgage funding in a subordinate position at reduced interest rates for fixed asset improvement to companies who intend to build or expand in Philadelphia; (ii) tax-exempt bond financing to eligible borrowers through the Philadelphia Authority for Industrial Development (PAID); (iii) offering of fully improved parcels of land for sale in more than a dozen designated industrial parks and districts across the City; and (iv) offering of development assistance and project management to a range of Philadelphia's development and non-profit corporations.

## **Financing Programs**

PIDC offers a variety of Financing Programs to assist economic development for all segments of the Philadelphia market. Primary categories include:

**PIDC Loan Programs:** Largely funded by federal, state, and local government sources, PIDC loan programs generally offer subordinated financing and below-market rates which encourage investment in Philadelphia. Specific terms and uses vary and may cover infrastructure costs, land acquisition, building construction, machinery/equipment purchase, or working capital. During 2007, PIDC settled 64 loan transactions and provided approximately \$101 million of funding to projects valued at \$352 million.

**PAID Bond Program:** PIDC also manages the Philadelphia Authority for Industrial Development (PAID). PAID issues, as a conduit, tax-exempt bonds for qualified manufacturing and not-for-profit and

other projects. PAID is also a conduit for taxable issues. During calendar year 2007, PAID settled 26 bond issues for \$799 million in financing and total project costs of \$806 million.

### **Real Estate Services**

On behalf of the City of Philadelphia, PIDC is responsible for acquiring, improving and selling industrial and commercial land in strategic locations throughout the City. Over the years, PIDC has successfully leveraged economic development on more than 2,000 acres of such land.

- **Industrial Land:** PIDC parcels are competitively priced, zoned for immediate development, environmentally clean, and fully improved with roads and utilities. Many of these sites are located in established Northeast, West, and Southwest Philadelphia industrial park settings with excellent access to transportation and workforce. Others are situated in redeveloping commercial neighborhood corridors.
- Most of PIDC's properties are in designated incentive areas, which include specific entitlements to tax abatements, low interest loans and other benefits. Of particular note are the Keystone Opportunity Zones (KOZs), which abate business taxes for varying terms.
- **Public Property Sales:** In 2005, PIDC entered into an agreement with the City's Department of Public Property to market the City's surplus real estate throughout Philadelphia. During Fiscal Year 2008, PIDC completed 4 different transactions with a combined sale price of \$1.335 million. Since this effort began, PIDC has completed the sale of 24 properties resulting in approximately \$12.83 million for the City's General Fund.
- **Developer Selection:** PIDC also managed developer selection and sales of several major retail, residential, and commercial sites. Utilizing conventional RFQ/RFP methodology, one major property is being marketed in this manner.
- In summary, PIDC closed 9 land sales, totaling 40 acres in Fiscal Year 2008. While these volumes are down from recent years' activity, they reflect the fact that publicly-owned industrial land holdings in the City are reaching all-time lows. In Fiscal Year 2009, PIDC working along with the City of Philadelphia's Commerce Department and the City Planning Commission will complete a study of Philadelphia's industrial land inventory, characteristics, and projected demand to develop a new industrial land policy to serve as a guide for the nature, location and scale of industrial land acquisition and development for the foreseeable future.

### **The Navy Yard**

During the past decade, the United States Department of Defense has downsized significantly in the Philadelphia area, resulting in substantial excess real estate in the city. PIDC is responsible for converting these former military properties to civilian use, and many of the dispositions realized during 2003-2006 included development sites from this portfolio.

Located on the Delaware River at the south end of Broad Street, The Navy Yard is the largest former Defense Department asset, with 1,000 acres and 6.5 million square feet of existing industrial and office space. Since the ownership transfer in March 2000, PIDC has been responsible for planning, operations and development of this massive property.

Initial emphasis was on upgrading roads and utilities systems with over \$25 million of infrastructure investment. Development of the Aker Philadelphia Shipyard, a \$300 million state-of-the-art facility, was funded by federal, state, and local sources. Successful leasing and development efforts have resulted in more than 80 companies and three Navy operations occupying more than 4.5 million square feet of space and employing more than 7,000 people. In September 2004, PIDC and the City released an updated Navy Yard Master Plan, which focuses on mixed use development on 400 acres east of Broad Street and envisions over \$2 billion of private investment in office, research, retail, residential, and recreational projects. To date, major progress was achieved in implementation of the Master Plan:

- **Industrial Anchors:** The Navy Yard continues to be a vital industrial and manufacturing center, with the Aker Philadelphia Shipyard as a major anchor activity. Aker employs 1,300 in its commercial shipbuilding operation and is in the midst of \$2 billion worth of ship orders. This robust activity also supports a number of supplier and related industrial and manufacturing companies located at The Navy Yard. The US Navy also retains significant industrial facilities to support its foundry and propeller shop with nearly 800 employees. Building on the skilled workforce and range of industrial supplier companies located at The Navy Yard, an affiliate of Boston Ship repair leased a dry-dock, pier and related facilities in 2007 and will commence commercial and military ship repair functions in 2008. Also in 2007, Tasty Baking Company announced plans for, and began construction on, a new 350,000 SF bakery and distribution center at The Navy Yard. This facility will be operational in 2010. This facility, along with an additional 200,000 SF of speculative flex and industrial space, is being developed in the Navy Yard Commerce Center by Liberty Property Trust and Synterra Partners.
- **Navy Yard Corporate Center:** In 2003, PIDC selected a team led by Liberty Property Trust and Synterra Partners to develop 72 acres with 1.4 million square feet of Class A office space. Liberty/Synterra has developed three buildings, (i) a 77,000-square-foot, multi-tenant speculative building which is now 100 percent leased, (ii) a 47,000 square foot build-to-suit headquarters for Unique Industries and (iii) a 95,000 square foot office building currently under construction. The third building will be a multi-tenant building to include Tasty Baking Company's corporate headquarters as the anchor tenant and will open in 2009.
- **Additional Corporate Office Activity:** The Navy Yard's shift from a federal, industrial property to a private sector business park with corporate/research future has defined itself in recent years with a combination of headquarters relocations by Vitetta Architects and Engineers, Unique Industries, and Barthco International. In 2006, Urban Outfitters, a major retailer of clothing, furnishings and accessories completed its \$115 million corporate campus, an award-winning historic conversion of approximately 300,000 SF of former industrial facilities now housing their nearly 800 employees.
- **Research and Development:** In addition to the development of general corporate office facilities, The Navy Yard has established an important market segment in technology and R&D activity. This activity is anchored by the Naval Ship Systems Engineering Station, an 1,800 person federal research lab that houses the Navy's premier research organization focusing on power, energy, fuel cells, propulsion, IT and systems integration. In order to complement and expand this research base, the Commonwealth designated the Navy Yard as a Keystone Innovation Zone (KIZ), providing access to variety of state incentives for technology development. The KIZ team led by PIDC includes the U.S. Navy, Penn State University, the Delaware Valley Industrial Resource Center (DVIRC), the City of Philadelphia and the Ben Franklin Technology Partners of Southeastern Pennsylvania.

Early initiatives of the KIZ have resulted in Penn State establishing a Navy Yard location for its graduate level engineering program; the relocation of Ben Franklin Technology partner's Corporate Office to The Navy Yard; the development of the Building 100 Innovation Center by Ben Franklin, DVIRC and PIDC to house early stage technology companies focused on power and energy related research; and a cadre of 12 KIZ related companies with offices at The Navy Yard. PIDC and Penn State have also prepared initial plans for a \$70 million, 120,000 SF Energy Engineering and Technology Innovation Center that will provide Penn State with a major research presence at The Navy Yard.

The Navy Yard also supports a significant and growing life sciences community. In 2004, AppTec Laboratory Services, a Minneapolis based provider of contract testing and manufacturing services to the pharmaceutical sector, developed a new, 75,000 SF office and lab facility at The Navy Yard. Established with approximately 40 employees initially, AppTec now has more than 260 employees at The Navy Yard. In 2007, Phoenix IP Ventures, an intellectual property Merchant Bank focused in the life sciences area, established its corporate headquarters at The Navy Yard, where it also houses operations for its growing base of companies.

**Additional Projects under Construction**

The following table lists additional projects currently under construction in the City for the City/Public sector.

**Table B-14**

**Projects under Construction**

<u>Project</u>	<u>Estimated Cost</u>
City Hall Exterior Renovation Project	\$85,000,000
Central Library Roofing Project	\$ 2,200,000
Detention Center Dayroom Window Replacement Project	\$ 1,200,000
City Hall Elevator Upgrade Project	\$ 2,300,000
Athletic Pool Reconstruction Project	\$ 1,350,000
Philadelphia Industrial Correctional Center Security Upgrade Project	\$ 1,800,000
Fire Point Source Capture	\$ 3,000,000
PHQ Life Safety Systems	\$ 2,400,000
