L&I CONSTRUCTION CODES SPECIALIST TRAINEE

\$37,897- \$41,642

Requirements:

EDUCATION:

Completion of a two-year program at a technical school or institute with major course work in Building Construction Technology or a related field.

AND

GENERAL EXPERIENCE:

Two years of full-time paid experience in one of the following recognized building trades: boilermaker, carpenter (including cabinet maker, framer, joiner and roofer), electrician, glazier, insulation installer, ironworker, skilled construction laborer (skilled in using pneumatic tools, hand tools, blasting, and smaller heavy equipment), mason (brick, block, stone, concrete, marble setter and polisher, tile setter and polisher, terrazzo worker and finisher), pile driver, plasterer, plumber, pipefitter/steamfitter, sheet metal worker, fire sprinkler installer, safety manager/officer, water proofer and welder.

NOTE: Each year of full-time paid experience, in excess of that required, in one of the recognized building trades, can equate, on a year for year basis, for the required two years of training at a technical school or institute with major course work in Building Construction Technology or a related field, up to a maximum of two years.
