## **Introduction to the Proposed Fiscal Year 2006 Budget**

Maintaining the City of Philadelphia's real and measurable progress requires a delicate balance among competing needs. Over the past year, the City has been forced to make difficult choices in order to provide adequate services at an affordable price, while continuing to stimulate economic development and improve the quality of life. Faced with a declining fund balance, dramatic increases in pension and health and medical costs, an archaic City Charter, an ambitious tax reduction plan, and intrusions on Home Rule and local governance, the City has been forced to take strong action in areas under its control. In addition, the City finished Fiscal Year 2004 with a negative General Fund balance of \$46.8 million, the first negative fund balance in twelve years, while the FY05-FY09 Five-Year Plan called for substantial cost reductions to avert an FY06 deficit. With predictions of an FY05 fund balance just over \$1 million and a looming FY06 deficit of \$40 million, the City took steps to reduce its costs through position eliminations starting in January 2005. As a result, the FY06 budget funds 22,639 General Fund positions, down 2,800 since FY03, leaving many City departments at their lowest staffing levels in 50 years.

Even with tough choices, the proposed FY06 budget maintains progress towards fulfilling the Mayor's key objectives for Philadelphia – revitalizing neighborhoods in decline, attracting businesses to foster economic growth, ensuring high public safety and quality of life standards in every community, and enhancing public schools and reducing the local tax burden. The focus of the FY06 budget is on managing with less to meet ongoing fiscal challenges, while preserving record citizen satisfaction and Philadelphia's world-class status.

### **Maintaining Fiscal Health with Steady Tax Reductions**

The deep workforce reductions called for in the FY06 budget have occurred through an on-going hiring freeze, continued DROP-related attrition, and position eliminations. The reduction has been managed, and will continue to be managed, through restructuring and innovation, with the goal of preserving services at current levels, to the extent possible. The City will continue implementation of the many efficiency measures introduced in the last two budgets, such as forming a third administrative service center, consolidating building maintenance functions in the Department of Public Property, and introducing a short-term disability program to supplement reductions in sick leave allowances. In FY05, the City has implemented a series of new initiatives to minimize the impact of a reduced workforce on services, such as a consolidation of Police bureaus and units. Police Department restructuring will result in a 27 percent reduction in chief inspector, inspector, staff inspector, and captain positions, compared with the FY03 budget, while maintaining on-street patrol levels. The Free Library will implement a new deployment plan and branch library schedule, which will provide a return to more predictable six-day-per-week service at all branches. A limited operating schedule at 20 branches targets peak usage patterns. To reduce management and administrative positions, the Streets Department will consolidate the number of highway districts from six to three, and the number of survey districts from six to five. To achieve similar efficiencies, the Recreation Department will consolidate 10 program districts into 7. The City will also pursue business process reengineering, including general back office administrative practices, human resources systems, and tax collection systems.

The City remains committed to continuing the tax reduction program into an eleventh year and beyond, despite fiscal challenges. The wage tax rate will be further reduced to 4.301 percent for residents, and 3.7716 percent for non-residents, effective January 1, 2006.

Reductions for fiscal years 2006 through 2010 will take effect on January 1 of each fiscal year.</p>				

The City believes that, as financial circumstances permit, it is prudent to continue to make adjustments to business taxes that will improve Philadelphia's economic outlook. At the same time, in line with recommendations of the Tax Reform Commission, the Administration maintains that tax reductions beyond those currently in law should be offset by new sources of revenue. Accordingly, the City proposes two tax changes: Reducing the gross receipts portion of the BPT from 1.9 mills to 1.5 mills, and increasing the parking tax rate from 15 percent to 20 percent. The reduction in the gross receipts rate will provide an additional \$71 million in business privilege tax relief over the Five-Year Plan. The increase in the parking tax is projected to generate \$13 million in FY06, which covers the revenue loss resulting from the decrease in the BPT over the life of the Plan. There are several potential benefits to making changes in the rates of the two taxes. The proposed 14 percent rate reduction in the BPT is twice as large as the reduction currently scheduled by Council ordinance. When added to the \$109 million in relief already planned through the continuation of the City's tax reduction program, and the \$198 million in tax relief included in the Plan for wage tax reductions and wage tax credits for low-income workers, the BPT reduction provides a total of \$378 million in wage and business privilege tax relief over the FY06-FY10 period. Even with an increase, the parking tax rate would remain well below the 50 percent rate charged by the City of Pittsburgh. In addition, a

parking tax rate increase to 20 percent is one of the Tax Reform Commission's suggestions for changing Philadelphia's tax mix, in order to afford business privilege tax reductions. The Administration's FY06 proposed shift is the full amount of tax relief that can be funded from this recommendation.

### **Implement Neighborhood Transformation and Blight Elimination**

For decades, Philadelphia neighborhoods have been plagued by dilapidated vacant buildings, debris-filled lots, graffiti, and abandoned vehicles. Blight has led to an endless cycle of further abandonment by residents and businesses and an increase of crime. The City is committed to implementing a lasting solution to the problem of urban blight, and created the Neighborhood Transformation Initiative (NTI), the most comprehensive neighborhood revitalization project a city has ever attempted, as the approach to achieving the solution. Despite the considerable progress made to date, investments must continue.

Since the beginning of the Street Administration, building safe, healthy and clean neighborhoods has been a priority. The City has pursued this goal through abandoned auto removal, anti-graffiti, street tree maintenance, lot cleaning, and mural arts programs. Increased resources have been dedicated to enhance 31 neighborhood parks, six commercial corridors and more than 20 community gardens. As of January 2005, more than 18,000 vacant lots are receiving some form of ongoing maintenance; by the end of FY06, this number will grow to 22,000. The City will continue to move beyond merely maintaining lots free from debris. During FY06, approximately 6,000 vacant lots will receive “greening.” Much of the work will be performed by neighborhood partners.

The City will also transfer 1,000 parcels to community organizations — for redevelopment for new houses, open space or commercial uses — and to private homeowners, for use as “side yards.”

NTI will also continue a multi-tiered predevelopment effort to increase the pace of new housing developments. Between FY03 and FY06, NTI and Department of Licenses and Inspections programs will complete approximately 5,200 demolitions of dangerous vacant buildings. In FY05 and FY06, the City will complete the acquisition of over 6,000 vacant parcels of land. The land is being acquired for land banking, affordable housing developments, market rate housing developments, open space or side yard projects, and commercial development or institutional uses. The City expects that these efforts will help ensure that 3,500 new affordable housing units, 2,000 units in new large scale developments, and 6,000 market rate housing units are completed by FY07. The City is also investing in existing housing stock. Since January 2000, NTI funds have contributed to 13,962 preservation investments, in the form of basic system repairs, adaptive modifications, settlement grants, homeownership rehabilitation projects, and Philadelphia Home Improvement Loans.

### **Promote Economic Development**

The goal of the City’s economic development strategy is to create, maintain, and develop: (1) jobs by fostering an improved business environment; (2) increases in population; and (3), enhanced quality of life within the City of Philadelphia, with the expectation that the City’s tax base will grow. In April 2004, the Department of Commerce initiated a planning process for economic development, resulting in a strategic plan known as the “Economic Development Blueprint.” The Department’s mission was to create a plan that would contain a broad agenda for Philadelphia’s economic development future, as well as guide the City’s economic development initiatives. At a two-day Economic Development Summit in September 2004, nearly 200 of the city’s most involved, pragmatic and resourceful citizens gathered to think through the City’s economic development goals and priorities. The resulting Blueprint will be released in February 2005.

Although the City’s economic development action plan will be defined in the Blueprint, the City is already supporting many key investments. In FY06, the City will continue its four-year pledge of \$1 million to support the Select Greater Philadelphia campaign. This campaign markets the region nationally and globally as a premiere business location. In addition, City initiative is transforming the Delaware and Schuylkill River areas by turning acres of underutilized land into new communities of residential and commercial investment. These developments will increase awareness of the waterfront, stimulate economic activity, and improve the quality of life for the city and the region. In FY06, the City will replace debt service reserve funds for water revenue bonds with a surety bond, and use \$125 million of the replaced funds for waterfront infrastructure investment. The City will make the initial selection of New River City infrastructure projects based on allocations that maximize private sector investment, funding from other government sources, job creation, and the highest and best use of the land.

## **Provide High Quality Public Education and Comprehensive, Coordinated Social Services**

The future of Philadelphia depends on the development of our youth. In addition to a partnership with the School District, the City has direct responsibility for providing hundreds of millions of dollars for social services. From the inception of the Children's Investment Strategy in 2000 to the end of FY05, after-school, youth development, and family support programs have expanded to serve an additional 47,850 children. The FY06 budget includes an additional \$19.5 million, primarily federal and state funds, for the expansion of youth development and family support services.

The City will also continue to provide support programs for youth who are "aging out" of the foster care system in order to help the youth reach self-sufficiency. In FY06, the City will allocate \$1 million for case management and life skills training, and an additional \$1 million to provide employment training and placement programs for these youth.

In FY06, the newly formed Office of Behavioral Health and Mental Retardation Services will develop a strategic plan, advancing its mission to help consumers receive effective mental health and drug and alcohol treatment services, as well as create, promote, and enhance the supports and services available to children and adults with mental retardation. The Office will also develop a reinvestment plan from savings through effective financial management, which will enable improved services to special-needs populations, enhanced supports to persons who are homeless, increased school-based behavioral health prevention activities, and diversion of selected juveniles and adults from prison.

## **Enhance Public Safety and Quality of Life Standards for all Communities**

In order to preserve public safety and enhance the quality of life for residents, a number of important initiatives will be supported in FY06. The City will continue Operation Safe Streets, with the objectives of eliminating open-air street corner drug sales, disrupting the drug trade market, discouraging drug customers from seeking to purchase narcotics in Philadelphia, and improving the quality of life in neighborhoods. The City will also continue to work in partnership with the School District to respond to the recent increase in violence in and around schools, under the auspices of the Operation Safe Schools initiative. The City is also committed to meeting the growing demand on Emergency Medical Services, and will invest \$1.25 million to purchase new EMS vehicles and \$2.1 million for staffing eight new EMS squads. At the same time, through changes in staffing and deployment, the City will generate between \$7 million and \$10 million in savings in the Fire Department.

During FY06, the City will make significant investments in the 911 system. By June 2006, the Fire, Police, and Public Property departments will have a new computer-aided dispatching system that will allow dispatchers to enter information into a computer system accessible to all three departments. The cooperative system will eliminate inefficiencies and redundancies, and allow for speedier deployment of police or fire units. In addition, to address cellular phone nuisance calls made to the 911 system, the Police Department will implement two systems: A \$100,000 system that will allow dispatchers to receive the call back number of the wireless caller, the address of the tower that delivered the call, and the name of the wireless company; and

a \$400,000 system that will enable dispatchers to determine the approximate location of callers and track movement of the caller.

SECTION 14. General Provisions

(1) The sums herein appropriated under Items 2.46, 3.7, and 10.8 "To the Director of Finance-Indemnities" shall be used for the purpose of settling claims against the City. Payments therefor shall be made by the Director of Finance only upon the authorization of the City Solicitor or his/her designated representative for this purpose.

(2) Upon the transfer of any function from one office, department, board or commission to another office, department, board or commission, the Director of Finance is authorized to transfer to the successor office, department, board or commission those portions of the appropriations which appertain to the function transferred.

(3) Whenever, pursuant to the provisions of Section 8-401 of the Philadelphia Home Rule Charter, employees of any office, department, board or commission are used by another office, department, board or commission, the compensation of such employees for the period of such use may, at the discretion of the Director of Finance, be charged against the applicable appropriations to the using office, department, board or commission.

(4) In respect to any grant received by the City under Sections 5, 6, 7 or 9 of this Ordinance, The Director of Finance may, upon written authorization by the grantor transfer non-City funds between and among classes. The authorizations for such transfers shall be transmitted by The Director of Finance to the Clerk of Council within two (2) working days of any such transfer, along with a statement explaining the reason for such transfer. Transfers between and among departments respecting grants of two hundred fifty thousand (250,000) dollars or greater shall not be made except with the prior approval of the Council by resolution or ordinance. Approval shall not be granted to any such transfer request submitted to Council unless it is accompanied by a copy of the grant proposal (and, if received, the grant award) which has caused the transfer request to be made. Transfers between and among departments respecting grants of less than two hundred fifty thousand (250,000) dollars shall be made upon written authorization of the Director of Finance; provided however, that such authorization, along with a full description of the grant affected is transmitted to the President of Council at least two (2) days before the effective date of such authorization.

In respect to funds from the Department of Housing and Urban Development's Community Development Block Grant (CDBG) appropriated under Section 11 of this Ordinance, the limitations set forth in the provisions of Chapter 21-1100 of The Philadelphia Code shall govern any transfer of CDBG funds between and among classes, departments and elements (grants).

(5) In respect to the appropriation made in Item 11.4 of this Ordinance "To the Director of Finance-Community Development Block Grant-To be Allocated", the sums shall not be construed as being available for commitment prior to the adoption of any ordinance appropriating moneys to be made available by the Department of Housing and Urban Development for the Fiscal Year 2006.

(6) The Director of Finance may make adjustments for obligations incurred in Fiscal Year 2005 and prior years. These may be made out of the appropriations therefor to the respective offices, departments, boards, commissions and agencies for Fiscal Year 2006.

(7) Except as otherwise provided by this Ordinance, special funds heretofore established pursuant to ordinance or statute, shall continue to be utilized in Fiscal Year 2006 for the purposes and in the manner prescribed by such ordinance or statutes to the extent that they are consistent with the provisions of the Philadelphia Home Rule Charter.

When under the Philadelphia Home Rule Charter an appropriation is a prerequisite to payments of money from such special funds, this paragraph should be construed as an appropriation of the full receipts of such funds for the purpose heretofore authorized by such ordinance or statutes.

The Director of Finance is authorized and directed to impound the balance of any special fund with respect to which he/she finds that the purposes for which the fund is being expended were intended by ordinance or law to be funded by an appropriation made in other Sections of this Ordinance.

(8) The City Treasurer is authorized and directed to make temporary advances in such amounts as the Director of Finance shall specify between any of the operating funds receiving appropriations in this Ordinance or between any operating fund and the Capital Projects Fund, and the Industrial and Commercial Development Fund, in anticipation of the collection of revenues or other receipts which are estimated to be receivable during the Fiscal Year 2006. Such advances shall bear interest at such rates as the City Treasurer, upon approval of the Director of Finance, shall determine.

(9) The amounts herein appropriated for Purchase of Services; Materials, Supplies and Equipment; Contributions, Indemnities and Taxes; and Debt Service shall be deemed to be available for encumbrance upon the effective date of this Ordinance, to the extent necessary to facilitate the operations of the various offices, departments, boards and commissions for Fiscal Year 2006; provided, that no service shall be rendered prior to July 1, 2005 and no materials, supplies or equipment acquired shall be used in Fiscal Year 2005 except to the extent required to prepare for Fiscal Year 2006.

Such portions of the appropriations herein made for debt service to the Sinking Fund Commission may be paid over to the City's fiscal agent prior to July 1, 2005 as in the judgment of the Director of Finance is necessary to meet interest and principal on the debt of the City due on July 1, 2005.

(10) The Director of Finance is authorized to charge or credit fund balances available for appropriations as of June 30, 2005 to record properly actual charges for Interfund Services for the Fiscal Year 2005.

(11) The Director of Finance is authorized to charge to fund balance payment of any obligation properly incurred in Fiscal Year 2005 or in any prior year, provided that at the time such obligation was incurred an appropriation was available against which it could have been charged, but that such appropriation shall have ceased to exist due to merger into surplus. It is further provided that the payment of any such obligation be in the same manner and subject to the same controls as would have been followed had the obligation been paid in a timely manner.

(12) Provided that the appropriation contained in Sections 7, 9 and 11 of this Ordinance shall be made available for encumbrances and/or expenditure only when the Director of Finance has certified that he/she has been responsibly advised that funds necessary to finance such appropriation or portion thereof have been received or are to be forthcoming from another government or from a nongovernmental source.

In such event the Director of Finance is authorized to accept the award for the City and to provide for the appropriation as may be required to execute the program covered by the award.

(13) The Director of Finance is authorized and directed to restore any deficiency in any Sinking Fund Reserve established pursuant to a revenue bond general ordinance, when such deficiency results from a decline in the market value of its investments, by charging the amount of the deficiency against available loan balances, or in the absence of available loan balances, against the appropriate operating fund balance.

(14) None of the appropriations herein provided in Section 11 shall be encumbered against or expended out of the thirty first entitlement grant prior to the formal award thereof: Provided, that pending the receipt of all or a portion of the aforesaid grant award the Director of Finance is authorized to finance the appropriations herein provided from balances of prior entitlement grant awards. The authorization for such financing shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such authorizations.

(15) In respect to the authorization amounts as set forth in Section 13 for purposes of operating the Board of Pensions and Retirement, the Director of Finance may increase each class amount by an amount not to exceed fifteen percent (15%) of the total budget for the fund for Fiscal Year 2006. The authorization for such increases shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such increases.

(16) Provided that the appropriation contained in Section 9.3 of this ordinance shall only be made available for obligation upon certification by the Director of Finance that Community Development Block Grant unexpended funds are available for Interim and Construction Assistance and that the amounts to be made available are guaranteed by an irrevocable Letter of Credit or similar security. At such time the Director of Finance may authorize amounts to be provided from his/her appropriation, which amounts shall be financed by Community Development Block Grant revenues. Amounts which are repaid shall be credited as program income to finance Community Development Fund activities.

Provided further that the Director of Finance and the Director of Housing, in accordance with the regulations of the Department of Housing and Urban Development (HUD), are authorized and directed to draw funds in a single lump sum from HUD's Community Development Block Grant (CDBG) to the City of Philadelphia for the appropriation contained in Section 11.1 of this Ordinance to establish a rehabilitation fund in one or more private institutions for the purpose of financing the rehabilitation of privately owned properties as part of the City's CDBG program. Funds drawn down from HUD, pursuant to this authorization, may be deposited in any private financial institution, as defined by the applicable HUD regulations notwithstanding the limitations on the placement of City deposits set forth in Chapter 19-200 of The Philadelphia Code.

(17) The Director of Finance, with the concurrence of the U. S. Department of Housing and Urban Development (HUD), shall as of June 30 of the fiscal period preceding the start of this Operating Budget Ordinance, transfer all unobligated encumbrances and other available balances from the oldest Community Development Program Year not previously closed out to the next oldest Program Year as of July 1. Further, any questioned cost items from the closed out Program Year which are determined by HUD to be ineligible costs shall be transferred to the oldest open Program Year after such costs are removed. Program regulations governing such transferred funds shall be determined by HUD. The Director of Finance shall notify the Clerk of Council periodically concerning Program Year close outs and transfers.

(18) The Director of Finance is hereby authorized, at his/her discretion, to transfer the amount of the authorization and/or the obligations in respect to indemnities, advertising, insurance, telephone, postage, rental, leases, vehicle purchases, utilities, employer's share of fringe benefits and data processing services from the appropriations herein made to the appropriate offices, departments, boards, commissions or other agencies of the City.
