

Your new COMPUTER CENTER.

1 One of the Recovery Act's primary goals was to create jobs. This box features an employee who is funded with Recovery Act dollars.

Your Employee.
Lindsey helped create this center. You helped create her job. Thank you.

2 This Recovery Act project is funded "by the people *for* the people."

Thanks for making Philadelphia smarter.

Thanks to the American Recovery and Reinvestment Act for making this project possible. Thanks to all taxpayers and the public servants who work for you, including Barack Obama, President; Michael Nutter, Mayor of Philadelphia; Chaka Fattah, U.S. Representative; and Donna Reed Miller, Councilwoman (District 8).

4 This project was possible, not only because of the Recovery Act and city of Philadelphia taxpayers and employees, but also the elected officials who worked to get the project "off-the-ground."
