If you would like your organization to be included in the next revision, or want to update or add information, please contact the AIDS Library. We will update this information online at <http://www.aidslibrary.org/>

Our Place is the only Monday-Friday, multi-service drop-in center in Morris County. It is for the homeless, for those challenged with mental illness, substance abuse, domestic violence, and the marginally poor. Everyone is welcome to come in for help regardless of their life situation. Everyone is treated with dignity and respect at all times. We share God's love with them by offering; a safe place to get off the streets, counseling, referrals to appropriate agencies, free use of phone for jobs, housing, medical, personal, a legal mailing address, (without which one does not exist), emergency clothing, a place to sleep as needed, and if possible a place to store their belongings overnight. We are independent of any other agency and depend solely on donations to keep the center open. We have greeted over 5,925 different people since August 1995. Remember: your parent, sibling or friend may be the next person to walk in our door. Not one family is untouched by life's disease of body,

mind and soul. So we keep our doors open to the hundreds if not thousands who will be seeking our help to empower them to regain their lives and become stable, independent and self-sufficient.
