

<b>Extension Worksheet Form NPT 1998</b>	<b>This is a worksheet only. Please use the extension coupon below to request an extension.</b>
--	---

This is an extension worksheet to be used when calculating the amount of Net Profits Tax owed. To request an extension of time to file your tax return, you must file the extension coupon below by the due date of the return. This coupon must be filed even if you estimate that no tax is due and you are requesting an extension of time to file. You must file an actual return by the extension due date to satisfy your filing requirements.

An automatic extension of time for filing the 1998 Net Profit Tax will be granted for 60 days by filing the extension coupon and paying 100% of the estimated tax due. If an "extension of time to file" has been obtained from the Internal Revenue Service for filing your partnership or individual tax returns, the corresponding NPT return is due on or before the due date of the Federal extension(s) or 6/15/99, whichever is later.

1. Total Estimated Net Profits Tax ... (100% of estimated tax due)..... 1.	
2. Other payments and credits you expect to show on form NPT..... 2.	
3. Tax balance due. (subtract line 2 from line 1) Enter this amount on the Net Profits Tax extension payment coupon below. If line 2 is more than line 1 enter zero (0) ..... 3.	

**Interest & Penalties** - The form NPT extension coupon does not extend the time to pay the tax. Interest and penalty will be added to the amount of tax not paid by the statutory due date.
