

Stipends

College Students:

If you had Philadelphia Wage Tax withheld because you received a stipend (or from other work you may have done), you are not entitled to a refund of the wage tax withheld.

There is no Philadelphia tax return for you to file since Philadelphia does not have an individual annual filing requirement when wage tax is withheld.

If you need more information about stipends or other Philadelphia tax matters, please call our Technical Staff at 215-686-6434.
