

PWD Construction Seminar

The Philadelphia Water Department will be hosting a construction seminar on Tuesday, May 19 from 8:30AM to 11:00AM at the department's Fox Street headquarters at Fox and Abbottsford Road in the East Falls section of the city.

The seminars are designed to provide important information to contractors about the department's green stormwater infrastructure (GSI) contracts. Over the next two decades, PWD will be bidding over \$2 billion in construction projects to meet the city's ambitious *Green City, Clean Waters* goals. Our contractors are essential partners. The seminars are "highly recommended" to all contractors that bid on GSI projects. The targeted audience for the seminars is the contractor foreman, superintendent and/or owner.

Agenda for the May 19th seminar includes topics on:

- Quality of Life Specs
 - Update on Standard Specs Revisions
