Dear Sirs,

I am not able to attend the board meeting but thought I should express my feelings.

After reading the proposed rate increase effective July 1, 2016 of 6% and an additional 5% in 2017 it is going to make life awful tough as a retiree. I now pay \$54 per month for two people who don't use much water. I don't know how many other people are going to be able to bear the brunt of this increase. Please think about us retirees and other poor people who may not be able to absorb this increase.

Respectfully,
