To Whom it may concern,
with more than \$200 million in the bank it is a gross, and a morally irresponsible action on behalf of the water department to increase rates for Philadelphians. My family, my constituents and I are very disappointed with the news of the possible rate increase. Please roll back the charges and give back to the citizens of this city. We are up to our necks with this city's cost of living, financial responsibilities and obligations.

Yours,
