Mrs. Brockway

Please advise as to why you would wait approximately 16 hours before my scheduled technical hearing appearance to render this decision.

Also, what avenue is available for this participant to appeal this decision of the hearing officer? Please respond to this question since I need to take steps now

Ms. Brockway, contrary to your conjecture, I do not feel that I am being treated unfairly in these proceedings. Please point to the specific details, statements, etc. that would lead you to reach such a conclusion.

With such an unnecessarily late declaration of your decision in this matter as well as other details from your decision which are inaccurate 're my foci and intent in my WEB efforts, I hereby inform the Hearing Officer and others that such a late notification places this pro we intervenor at an unfair advantage for the scheduled technical hearing appearance only 20 hours from now. This late notice was simply unnecessary and has had a deleterious impact on my case preparation and presentation.

Please respond as soon as possible so I can decide how to proceed with my efforts.
