ECONOMIC OPPORTUNITY REVIEW

COMMITTEE

Room 400, City Hall Philadelphia, Pennsylvania Monday, September 11, 2017 10:00 a.m.

PRESENT:

IOLA HARPER, Executive Director, Office of Economic Opportunity, Chair STEVEN SCOTT BRADLEY, Chairman, African-American Chamber of Commerce ETHELIND BAYLOR, Vice President, AFSCME District Council 47 JENNIFER RODRIGUEZ, President and CEO, Philadelphia Hispanic Chamber of Commerce

_ _ _

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	CHAIRWOMAN HARPER: We are
3	going to get started. It is 10:01, and
4	so we are one minute behind, but we're
5	going to recoup.
6	I want to call this meeting to
7	order and start with just a brief
8	introduction. My name is Iola Harper and
9	I am the Deputy Commerce Director for the
10	City of Philadelphia, and in that role I
11	lead the Office of Economic Opportunity.
12	And I'd like to offer some brief context
13	for those of you who have not been to
14	this meeting before to give you a brief
15	overview of the history and purpose of
16	the Economic Opportunity Review Committee
17	meeting.
18	In 2012, City Council
19	introduced an ordinance which called for
20	the creation of this committee, the EORC,
21	17-1607 of The Philadelphia Code. The
22	work of this Committee includes a number
23	of things. One of them is to oversee and
24	facilitate a public review of the
25	implementation, effectiveness, and

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	enforcement of Equal Opportunity Plans.
3	Another is taking public testimony
4	related to diversity, inclusion in the
5	City and being responsive to that
6	testimony. A third is facilitating
7	public access to key information that
8	will enhance and enable minority, women,
9	and disabled-owned businesses to
10	successfully do business in the City of
11	Philadelphia. And, finally, this is the
12	committee that will make recommendations
13	to City Council for the adoption of
14	resolutions calling for appropriate
15	remedial and legal remedies when and
16	where we see flagrant violations to the
17	inclusion commitments made by contractors
18	and subcontractors on City contracts.
19	These meetings are held
20	quarterly, and the dates for 2017 are
21	available in your meeting packets, but
22	they are also available on the OEO
23	website.
24	I would like to acknowledge
25	members of the Committee and ask them to

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	introduce themselves at this time.
3	MS. RODRIGUEZ: Good morning.
4	Jennifer Rodriguez, President and CEO of
5	the Greater Philadelphia Hispanic Chamber
6	of Commerce. Good morning.
7	MR. BRADLEY: Good morning. My
8	name is Steven Scott Bradley. I'm
9	Chairman of the African American Chamber
10	of Commerce of Pennsylvania, New Jersey,
11	and Delaware.
12	CHAIRWOMAN HARPER: And as of
13	right now, we have two members missing,
14	and they may in fact join us at some
15	point, and that is Sherman Harris of
16	District Council 33 and Ethelind Baylor
17	of District Council 47.
18	So at this time, you can see we
19	have a very full agenda, and I'd like to
20	say that if your name is not on the
21	formal agenda and you would like to offer
22	testimony, that you can simply come up
23	and give your name to Michelle to my
24	right, and if we have time, we will give
25	you an opportunity to address the

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 Committee. So we are going to start with 3 our agenda and we're going to actually 4 5 skip down to our second presenter, which is Heloise Jettison, and she is going 6 to -- she's from the Philadelphia 7 Commerce Department and she is going to 8 9 talk about the Fair Chance Hiring Initiative. She's going to join us to 10 11 talk about that. 12 (Witness approached witness table.) 13 14 MS. JETTISON: Good morning, 15 everyone. 16 (Good morning.) 17 MS. JETTISON: Good morning. 18 So I'm here today just to brief you and update you on the Fair Chance Hiring 19 Initiative, which we actually launched 20 21 formally through a press release on June 21st. I have copies of that if you don't 22 23 have it, just in case you need it for 24 your own records. 25 So the purpose of this

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	incentive is to provide a realtime wage
3	reimbursement to employers that are open
4	to hiring our returning citizens. The
5	plan is for this initiative to be much
6	more flexible and accessible to more
7	employers and businesses, particularly
8	small and mid-sized businesses here in
9	Philadelphia that didn't or couldn't
10	really take advantage of the PREP tax
11	credit.
12	So I will say that while this
13	pilot it's a pilot at this point for
14	the Fair Chance Hiring Initiative. The
15	PREP tax credit program is still in play,
16	but you can only do one. If you choose
17	to do the PREP tax credit, that's fine,
18	but you cannot do both at the same time.
19	So this is involving a whole new
20	application process, if any businesses
21	are interested.
22	Employers can apply for this
23	reimbursement. We have the application
24	online already. It's on our Commerce
25	website. And they are making a

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	commitment to hiring returning citizens
3	that have been recently released from
4	incarceration and also meet the criteria
5	that RISE had set, very similar to the
б	criteria that was set for the PREP tax
7	credit making returning citizens eligible
8	to be working.
9	To qualify for this incentive,
10	the employer must provide a position that
11	works a minimum of 21 hours per week,
12	maximum 40, and have to be paying them at
13	least 12.10 per hour. And the wage
14	reimbursement for this is a \$5 per hour
15	reimbursement for the first year up to
16	100 hours per participant.
17	Applicants, meaning the
18	business, will fill out a very simple
19	form, provide basic details such as their
20	hiring plan, the number of positions that
21	they are requesting.
22	I'm sorry. I neglected to say
23	that during the pilot, we have 100
24	positions, 100 slots available for
25	employers just to try this out. So we

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	will need to spread those out across all
3	the applicants that become eligible, all
4	the businesses that become eligible.
5	The number of positions, number
6	of hours, and their hourly wage that
7	they're going to charge.
8	Once their application is
9	approved by the Department of Commerce,
10	we have staff designated to review the
11	applications and give them feedback or
12	help them to become eligible if they're
13	missing any information. That will be
14	Jonathan Todd. He will go through the
15	process of then looking across the
16	landscape of our applicants to determine
17	how many positions per employer that we
18	will assign. We don't want to spread it
19	too thin, but we also don't want to give
20	one business 50 or 60 positions. We want
21	to give more businesses this opportunity.
22	Participants will be required
23	to submit their documentation biannually,
24	so every six months, on the citizens that
25	they hire, which they hire through RISE.

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	And then we will review their wage
3	statements to ensure that they're meeting
4	the minimum requirements, and then we
5	will be able to in turn provide them with
6	their wage subsidy reimbursement.
7	I think that's the general
8	process. We have nine applicants already
9	that are in some process. Five of those
10	businesses have been deemed eligible.
11	The other four are still providing more
12	information so that they can become
13	eligible. So, of course, the business
14	must be in compliance with all their
15	taxes, be operating legally in
16	Philadelphia, and have to be up to speed
17	on all of their general business
18	expectations.
19	MR. BRADLEY: Can you share the
20	nine businesses, what type of operations?
21	MS. JETTISON: So far we have a
22	home healthcare I asked my colleague
23	to send me this. Home healthcare, we
24	have an automotive business, mobile car
25	wash, coffee shop, and a veterinary
1	

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	program. Mostly entry-level and
3	mid-level positions, but that's kind of
4	the array of businesses that have put in
5	applications so far.
6	MR. BRADLEY: My question is,
7	is there any type of mentorship? That
8	transition of being incarcerated and
9	coming into the workforce, is there any
10	kind of soft skills as part of this
11	program to make it successful?
12	MS. JETTISON: Yes. Every
13	employee that is deemed part of the
14	program has to come through RISE. So the
15	employer, once they state what they want
16	to do, the applicants will come through
17	RISE services. So they are going to
18	continually provide all of this, the case
19	management, soft skills, follow-up,
20	including making a visit to the workforce
21	and making sure they're an intermediary
22	between the employer and the employee
23	throughout this process, yes.
24	MR. BRADLEY: Much success.
25	MS. JETTISON: Thank you. We

9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 1 2 think it's going to be well. It's been received very well. 3 CHAIRWOMAN HARPER: 4 Can you 5 share a little bit about your outreach 6 plan and how you plan to get information 7 about this program out to the small business community? 8 9 MS. JETTISON: So far we've met with some organizations, PIDC and some of 10 11 our partner stakeholders, but we have 12 begun to have listening sessions and recruitment sessions, information 13 14 sessions in some of our corridors. We're 15 actually going out this week, meeting 16 with some of our colleagues in the Commerce Department who work in the 17 18 different areas, as well as we have a 19 newsletter that our unit, Town 20 Development, puts out. We've also 21 advertised on the newsletter. And just every time we're out, we are encouraging 22 23 new businesses to give it a shot and ask 24 questions. 25 MR. BRADLEY: I hope you would

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	take advantage of the Hispanic Chamber
3	and African American Chamber, to reach
4	out to those networks, because we have a
5	unique database that might be beneficial.
б	MS. JETTISON: Yes. The next
7	level is, we are in the process of doing
8	a communication to go specifically to our
9	other chambers, yes.
10	CHAIRWOMAN HARPER: Any other
11	questions?
12	(No response.)
13	CHAIRWOMAN HARPER: Thank you
14	so much.
15	MS. JETTISON: You are welcome.
16	CHAIRWOMAN HARPER: I'd like to
17	acknowledge our Committee member that
18	joined us, Ethelind Baylor from District
19	Council 47, and I'd also like to
20	acknowledge Councilwoman Jannie Blackwell
21	who has joined the meeting as well.
22	Okay. I'd like to welcome up
23	the Philadelphia Procurement Department,
24	and they're going to talk about the
25	rollout of the Best Value Initiative.

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 (Witness approached witness 3 table.) 4 MS. DeJESUS: Good morning, 5 everyone. 6 (Good morning.) 7 MS. DeJESUS: My name is Jessica DeJesus. I work for the 8 9 Philadelphia Procurement Department. Ι am the Director of Public Works and 10 11 Special Services, and I am here to 12 testify about where we are with Best Value. 13 14 The Philadelphia City Council 15 unanimously approved legislation to put 16 the question of change in the Philadelphia Home Rule Charter to allow 17 18 for Best Value on the municipal primary 19 election ballot May 2017. On May 2016, 20 the question was posed and the vendors 21 approved. Incorporating Best Value 22 23 criteria into the Philadelphia public works procurement projects will improve 24 25 efficiency and effectiveness for our City

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	government by modernizing the system,
3	3 creating efficiency, and opening the
4	marketplace to more local businesses and
5	M/W/DSBEs than ever before.
6	The goal of any procurement
7	project is to receive highest value for
8	every taxpayer dollar spent. Value is
9	the combination of what has the most
10	worth balanced with the cost.
11	Best Value allows public
12	entities to review competitive sealed
13	proposals or conduct competitive sealed
14	negotiations to ensure competency and
15	value.
16	Under the current process, the
17	Procurement Department evaluates bids
18	based on price alone. The City's hands
19	are tied when it came to using any other
20) criteria such as past performance. The
21	Procurement Department can now negotiate
22	with top qualified vendors to ensure bids
23	are complete and compared on an
24	apples-to-apples basis. Example, best
25	and good faith I'm sorry; best and

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	final offers. This initiative allows the
3	City to evaluate vendors on factors other
4	than place, including how a vendor
5	delivered on time, on budget, as well as
6	meeting or exceeding M/W/DSBE goals.
7	The City of Philadelphia
8	Procurement Department will lead the Best
9	Value process on a consistent and
10	transparent manner. Regulations were
11	developed and posted publicly on the
12	Department of Records' Office of
13	Administrative Officer and Procurement
14	Department websites. These regulations
15	include guidelines for the selection
16	committee and demonstrate a transparent
17	and consistent approach for using Best
18	Value across the City.
19	Bid evaluations will be
20	transparent with evaluation criteria and
21	weigh-ins up front with the bid
22	opportunity. Bid evaluation will include
23	a committee of stakeholders and
24	departmental technical experts throughout
25	the City. The winning bid decision will
1	

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 be released when the opportunity is finalized, including scores, thereby 3 creating a greater transparency. 4 5 We are currently reviewing 6 opportunities for Best Value and expect 7 to post at least two to three before the end of this year. 8 9 This change in procurement practice will allow the City to better 10 11 align its EOP and M/W/DSBE goals, 12 furthering our commitment to diversity and inclusion. Best Value allows the 13 14 City to get the most for every dollar spent and include more local and minority 15 businesses that contribute so much to our 16 17 regional economy and the hard-working 18 people who make up the fabric of our 19 City. When cost is the only factor 20 for awarding a bid, smaller firms are 21 hesitant to compete with larger firms who 22 23 are able to underbid on contracts. Best Value will help ensure a more level 24 25 playing field. Best Value will allow the

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	City to consider vendors' performance,
3	including how they delivered on time and
4	on budget.
5	With the ability to negotiate
6	contracts, the City anticipates an
7	increase in the number of responses to
8	procurement solicitations, barring the
9	scope of the business participation and
10	leading to the potential of lower project
11	costs to the City. The marketplace will
12	be open to more qualified businesses and
13	vendors than ever before, creating more
14	opportunity and competition on public
15	works contracts.
16	The Procurement Department is
17	rolling out a vendor performance contract
18	management module as part of the
19	eProcurement software solution we
20	currently use, which is called
21	PHLContracts. It is the City's first
22	enterprise vendor performance tool ever.
23	This is huge. We will now be able to
24	begin loading this information that will
25	be used for scoring our Best Value

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 opportunities. I'd like to thank you for 3 listening to my testimony and open for 4 5 any questions. 6 MS. RODRIGUEZ: What types of 7 opportunities would this Best Value Initiative encompass? 8 9 MS. DeJESUS: So the opportunities that it would potentially 10 11 be used on would be any complex purchases such as software, any large construction 12 projects, and some commodities where 13 14 we're getting poor competition on. 15 MR. BRADLEY: Have you gotten 16 any reaction from the marketplace yet? 17 MS. DeJESUS: Everyone is 18 extremely excited. And 18 of the 20 largest cities are currently using Best 19 Value and have been for quite some time. 20 We're a little behind. 21 22 CHAIRWOMAN HARPER: I know you 23 guys plan to roll this out in phases. So can you talk about the number of projects 24 25 that you anticipate, give or take, will

9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 1 be evaluated using this Best Value method 2 for this fiscal year versus the FY19 3 fiscal year? 4 5 MS. DeJESUS: Sure. So the 6 Best Value is expected to be used on 5 7 percent of our contract portfolio. Just in evaluating projects for this calendar 8 9 year, we're expecting two to three opportunities to be posted. 10 11 CHAIRWOMAN HARPER: Okav. 12 MS. RODRIGUEZ: So you mentioned that the process would be 13 14 consistent and transparent and you did 15 described some elements, but the 16 transparency, if I recall correctly, those attributes or qualifications that 17 18 are going to be rating vendors, they're going to be published with the RFP in 19 advance? 20 21 MS. DeJESUS: Yes. Correct. 22 So the proposal will include the scoring 23 criteria in advance so that everyone is aware of what you're going to be scored 24 25 on, and then there will be a committee

		Pa
1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE	
2	who will release their scoring once the	
3	contract is conformed and as well as a	
4	de-scope opportunity for the vendors that	
5	aren't approved or awarded the contract.	
6	MS. RODRIGUEZ: Will the	
7	committee member names be published?	
8	MS. DeJESUS: They will be part	
9	of what's called a justification.	
10	They're using department heads to provide	
11	a justification to the Procurement	
12	Commissioner stating why we should move	
13	with Best Value rather than low	
14	responsive responsible, and that will	
15	include the suggested committee members.	
16	MR. BRADLEY: And the committee	
17	will be diverse?	
18	MS. DeJESUS: Yes.	
19	MR. BRADLEY: Not based on	
20	seniority, but a diverse group of	
21	individuals?	
22	MS. DeJESUS: It will be on	
23	technical experience. So we're expecting	
24	if it's a public works opportunity, I'm	
25	the Director of Public Works, so it would	
1		

	1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
	2	be someone such as me or someone on my
	3	team. The Office of Economic
	4	Opportunity, they will be part of the
	5	evaluation, and there will be the experts
	6	in the type of scope that's put out.
	7	MS. RODRIGUEZ: When you
	8	mention that the committee will be made
	9	up of individuals within government and
	10	stakeholders, what do you mean by
	11	"stakeholders"?
	12	MS. DeJESUS: The stakeholders
	13	are the using agency. So if it's a Water
	14	Department opportunity, it will be
	15	someone in the Water Department.
	16	MS. RODRIGUEZ: You also
	17	mentioned a tool that will be scoring
	18	vendors on performance. Can you
	19	elaborate on that?
	20	MS. DeJESUS: Sure. So
	21	currently the City of Philadelphia rolled
	22	out an eProcurement system back in
	23	September of 2016. In November of 2016,
	24	we went live with public works
	25	opportunities, and then currently we're
1		

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	live with all opportunities in the
3	system. As part of that system, there's
4	a module called a vendor performance
5	module where we will be we're
6	currently in the beginning phases. We'll
7	be able to create scoring criteria for
8	vendor performance, and then we will also
9	go through a phase where we're going to
10	be training departments on how to
11	properly complete the evaluations on each
12	bid or contract that is put out through
13	the Procurement Department. We will also
14	be able to use that data as scoring
15	criteria on future Best Value
16	opportunities as well.
17	CHAIRWOMAN HARPER: Will you
18	have somewhere a list of the vendors and
19	their performance that will be available
20	for the public to see separate and apart
21	from a specific opportunity?
22	MS. DeJESUS: We haven't
23	thought about it, but it's a good
24	suggestion and we'll be noting. The
25	scoring will be made public to the

Page 22

Page 23 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 1 2 vendor, of course, that is involved in 3 the project, but it will also be made as a public record for each contract 4 5 opportunity. CHAIRWOMAN HARPER: 6 Okay. That's something maybe we can work 7 together on. 8 9 MS. DeJESUS: We should. 10 CHAIRWOMAN HARPER: Any other 11 questions? 12 (No response.) 13 CHAIRWOMAN HARPER: Thank you. 14 MS. DeJESUS: Thank you. 15 CHAIRWOMAN HARPER: Okay. I'd 16 like to call up the team that will report 17 out on the Fashion District to please 18 join us. 19 (Witnesses approached witness 20 table.) CHAIRWOMAN HARPER: Since there 21 are multiple speakers, if you could just 22 23 state your names for the record and then get started, that would be great. 24 25 MR. HARRISON: John Harrison,

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 Macerich. MS. MATLOCK-TURNER: Sharmain 3 Matlock-Turner, Urban Affairs Coalition. 4 5 MS. HESDON: Maura Hesdon, Shoemaker Construction. 6 7 MS. MATLOCK-TURNER: I'll start off. 8 9 We are here to give an overview and an update of the Fashion District of 10 11 Philadelphia at Market East project. The Urban Affairs Coalition, I think as many 12 know, has been working with major 13 14 development projects in the City of 15 Philadelphia for over 30 years. We are 16 pleased to be here to provide testimony 17 and just to give everyone a little overview of what we do and how we do it. 18 19 The Urban Affairs Coalition is 20 in our 38th year, and our history is 21 about fighting for civil rights and organizing in order to drive down 22 23 economic disparities. 24 The construction industry, 25 especially commercial construction, has

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	been one of the most visible industries
3	in our city. We all notice when a
4	hospital is being built, a recreation
5	center rises in our community or a new
6	office tower is built downtown.
7	In 1978, the landmark U.S.
8	Supreme Court decision Regents of the
9	University of California versus Bakke
10	upheld affirmative action but outlawed
11	specific quotas. The Bakke decision had
12	an indirect impact on the construction
13	industry, setting off a decade of
14	systemic challenges to affirmative action
15	as a practice. UAC started its inclusion
16	practice in the construction industry in
17	1982. Ernie Jones, my predecessor,
18	formed the Economic Development Projects
19	group, or EDP, to work with Temple
20	University and the Turner Construction
21	Company in the building of Temple
22	University Hospital. Up to that point,
23	there had been no major construction
24	projects in the City with an affirmative
25	action plan.

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 At UAC, we developed a plan in conjunction with Temple University 3 officials to monitor contracting 4 5 opportunities and workforce 6 participation. In 1986, EDP wrote the 7 affirmative action plan for another significant project, the Pennsylvania 8 9 Convention Center. Philadelphia, like many cities, had racial quotas and 10 11 percentage-based set-asides for awarding 12 government contracts. These were hotly 13 contested across the country. As such, 14 the plan for the Convention Center was 15 challenged in federal court and was one 16 of the few which withstood legal 17 challenge. 18 However, the 1989 Supreme Court 19 ruling in City of Richmond versus Croson 20 impacted our work. The Supreme Court 21 ruled that quotas and set-asides in the City of Richmond were not justified by 22 general statistical evidence of 23 inequality. The court found neither did 24 25 the City of Richmond investigate any

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	race-neutral methods or correct the
3	imbalance, nor did its 30 percent
4	minority business enterprise set-aside
5	goal correspond to any actual measured
6	industry and lacked strict scrutiny. The
7	ruling led to a shift from mandated to a
8	voluntary system, and the development of,
9	I think all of you know, the annual
10	disparity studies that are conducted by
11	the City of Philadelphia for driving
12	inclusion, including in the construction
13	industry.
14	UAC, in close collaboration
15	with former Council President Street and
16	the late Lucien Blackwell, Councilman
17	Lucien Blackwell, designed a diversity
18	and inclusion program in collaboration
19	with developers, project owners,
20	disadvantaged businesses, and the
21	community.
22	Today we work in a variety of
23	ways. We are currently working with the
24	project owners at PREIT who want to
25	provide contracting opportunities for

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	businesses owned by minorities, women,
3	and the disabled. We work to support
4	project owners, also to make sure that
5	employment opportunities are also
б	available in the construction trades.
7	Over the last 35 years, we have
8	worked on more than 100 projects valued
9	at over \$8 and a half billion, and more
10	than \$2.6 billion was spent on
11	minority-owned and women-owned
12	businesses. These projects paid laborers
13	and skilled trades workers over 659
14	million in wages. We work to try to
15	create win-win opportunities for
16	everyone, including project owners,
17	disadvantaged businesses, and those in
18	our communities who are looking for work.
19	Our clients are a list of some
20	of the major projects in the City of
21	Philadelphia. We are committed to this
22	work and will do what is appropriate and
23	what is fair and transparent to ensure
24	that we maximize participation.
25	Thank you.

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 MR. HARRISON: I quess we're here to answer your questions about the 3 project. 4 5 CHAIRWOMAN HARPER: So if you 6 could give us an update on your outcomes 7 thus far and share with us your plans going forward, that will be tremendously 8 9 helpful. MR. HARRISON: Sure. 10 So as of 11 our last report, we have a project budget of \$145,691,554, about \$12.7 million of 12 non-opportunity deducts from the project 13 14 budget, and those are items that are 15 reviewed and certified by UAC as part of 16 the administration process, and total 17 awards to date of about \$133 million. Of that amount, 17.9 million is awarded to 18 MBE contractors, 21 million is awarded to 19 WBE contractors, and 1.3 million is 20 21 awarded to disabled contractors, for a total of 40.15 million, or 30.19 percent. 22 23 Our plans going forward, right now we have about -- we have a small 24 25 package of work that's probably around a

> STREHLOW & ASSOCIATES, INC. (215) 504-4622

Page 29

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	million dollars that we expect to award
3	to an MBE contractor, and then we have a
4	large package that we're working on right
5	now which is upwards of \$30 million and
6	we are in the process of awarding that to
7	a group and we are very hopeful that it's
8	going to be awarded also to an MBE
9	contractor.
10	MR. BRADLEY: I know you
11	mentioned contracts. Do you have
12	statistics on employment opportunities in
13	zip codes around the City to make sure
14	certain zip codes are being employed?
15	MS. HESDON: Sure. So our
16	numbers are as recent as June for the
17	workforce. Right now the total local
18	residents that we have our EOP is City
19	of Philadelphia residents, not particular
20	zip codes. So I don't have the breakdown
21	by zip code. Our goal is 35 percent, and
22	as of the end of June, we were just shy
23	of 40 percent for local residents.
24	If you'd also like to know
25	about the breakdown diversity-wise, I can

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	give you that as well.
3	MR. BRADLEY: Yes.
4	MS. HESDON: The minority
5	skilled workers is at 22 percent. That
6	includes both women and minorities.
7	Minority alone is just under 21 percent.
8	The laborer hours, however, we are at 72
9	and a half percent of minority laborer
10	hours. When we combine them together,
11	we're at a total of 37 percent of total
12	minority skilled and laborer hours on the
13	project.
14	Actual worker impact, we've had
15	a total of 564 non-minority craftsmen on
16	the job and a total of 205 minority
17	craftsmen, along with 13 women.
18	MR. BRADLEY: Now, are there
19	any statistics or information on
20	apprentices working on the project,
21	apprentice opportunities?
22	MS. HESDON: Give me a moment.
23	You have it there?
24	MS. MATLOCK-TURNER: Yes.
25	There are apprentice hours.

		Pag
1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE	
2	The goal for the City is 50 percent	
3	minority, 7 percent female, which is a	
4	total of 57 percent. The total number of	
5	non-minority apprentice is 73 percent,	
6	total minority is 24 percent, and total	
7	female is 3. So if you combine female	
8	and minority, that's 27 percent.	
9	MS. RODRIGUEZ: So while the	
10	overall goal for minority participation	
11	at 40 percent, it's above the threshold,	
12	the skill level in terms of the low skill	
13	and high skill is significantly lower	
14	than the 35 percent, if I'm	
15	MS. HESDON: 32.	
16	MS. RODRIGUEZ: 32 percent.	
17	What do you attribute that to?	
18	MS. HESDON: We're continuing	
19	to outreach with the building trades.	
20	Part of the problem that we've been	
21	facing is the success of the City in	
22	developing. So there's so many projects	
23	right now that are in the same place that	
24	we are. We really started two years ago	
25	working with the building trades in	

		Pa
1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE	
2	trying to get a more diverse	
3	apprenticeship group into the trades. So	
4	we meet with them about every six months,	
5	both the main building trades business	
6	managers as well as with the	
7	apprenticeship coordinators so that we	
8	can make sure that we have a voice in how	
9	they start to build those classes since	
10	we have that opportunity right now.	
11	MS. RODRIGUEZ: What do they	
12	say?	
13	MS. HESDON: They are doing	
14	that. I mean, it's a little bit of a	
15	slow process because the building	
16	industry was so slow in Philadelphia for	
17	many years. However, the classes are	
18	much larger than they had ever been, as	
19	well as some of the trades are opening up	
20	two classes a year instead of just one.	
21	So we are seeing an impact. It's just	
22	slow to come to the job site.	
23	We expect that these numbers	
24	will get better. We have about a year	
25	left in the project.	
1		

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 MS. MATLOCK-TURNER: And T would also just call your attention to 3 the City's disparity study. One of the 4 things that we have started, though -- it 5 6 was not a part of the EOP for the City 7 for this project -- we have really started looking at the City's disparity 8 9 numbers on the employment side to make sure that we understand what are the 10 11 sub-numbers under those, so we have some sense about where we should be. 12 And so if we look at African American males, the 13 14 disparity study says we should be around 15 18 percent. We are about at 16 percent. 16 We're quite low, though, on Hispanic 17 American males. The disparity study says that we should be somewhere closer to 10. 18 19 We're somewhere a little bit south of 4. 20 So we're also looking at the 21 disparity numbers as it relates to how 22 the population of the City is and how 23 that reporting process is working and how we're looking at subgroups as well. 24 25 MS. RODRIGUEZ: Thank you.

> STREHLOW & ASSOCIATES, INC. (215) 504-4622

Page 34

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	And so in terms of subgroups,
3	what are the current outcomes for
4	Hispanic contracts?
5	MS. HESDON: I don't know the
б	answer to that question right now. I
7	know we do have a Hispanic design firm
8	that's involved in the project. As far
9	as contract-owned companies, I don't know
10	the answer to that. We can get back to
11	you, though, Jennifer.
12	MS. MATLOCK-TURNER: We can get
13	back to you on that. The way that we
14	report the numbers are MBEs, which are
15	minority businesses, are all combined
16	into one number and then women-owned
17	businesses and then disabled-owned
18	businesses.
19	CHAIRWOMAN HARPER: Just a
20	final question from me. You were kind
21	enough to compare the EOP goals for
22	workforce. Could you help us understand
23	the EOP goals and where you stand for
24	your MBE, WBE, DSBE. You did give us the
25	spend, but how does that compare to the

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 goal that was set in the EOP document? MR. HARRISON: So our committed 3 MBE is presently 13.7 compared to a goal 4 5 of 25 to 30 percent. WBE is at 15.59 6 compared to a goal of 5 to 10 percent. And disabled is at 1.4, and that's best 7 efforts. 8 9 MS. MATLOCK-TURNER: So the total for the group is between 30 and 40. 10 11 CHAIRWOMAN HARPER: Got it. 12 And so it's my understanding from this meeting and previous meetings, that 13 14 you're expecting to kind of get caught up with this \$30 million package for the new 15 16 part of the project; is that right? 17 MR. HARRISON: That's correct. 18 CHAIRWOMAN HARPER: Okay. Very 19 good. Are there other questions? 20 21 (No response.) 22 CHAIRWOMAN HARPER: One final 23 question. Opportunities for MBE, WBE, DSBE firms to get involved at this point, 24 25 is there a point of connection or contact

		Page	37
1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE		
2	for this project and who would they reach		
3	out to if they are interested in hearing		
4	about opportunities that may be		
5	available?		
6	MR. HARRISON: Maura has been		
7	doing that outreach for us.		
8	MS. HESDON: You can give them		
9	my information.		
10	CHAIRWOMAN HARPER: Okay.		
11	Perfect.		
12	MR. BRADLEY: So will you share		
13	that information?		
14	CHAIRWOMAN HARPER: I will. I		
15	will share the information with the		
16	Committee and will make sure it gets in		
17	the transcripts as well.		
18	MS. HESDON: Thank you.		
19	CHAIRWOMAN HARPER: Thank you		
20	so much.		
21	MR. BRADLEY: Thank you.		
22	CHAIRWOMAN HARPER: Appreciate		
23	it.		
24	MR. HARRISON: Thank you.		
25	CHAIRWOMAN HARPER: All right.		

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	There was an omission from our agenda,
3	and I would like to welcome up Broderick
4	Byers, who is here to talk about a new
5	supplier diversity initiative that is
6	rooted in the Maggie's List movement.
7	So I want to welcome Broderick
8	up and give you a chance to share with us
9	what's new and what you have going on.
10	(Witness approached witness
11	table.)
12	MR. BYERS: Good morning. Let
13	me first state that I'll just be real,
14	that I am this is my first rodeo with
15	an event like this. So if I'm maybe a
16	little politically incorrect, forgive me.
17	I'm learning how these kind of events
18	work.
19	That being said, my name is
20	Broderick Byers. I'm going to read from
21	a script, but I have plenty of questions.
22	This will get us down to five minutes of
23	my eight.
24	So, again, my name is Broderick
25	Byers. I am CEO/founder of actually a

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	digital media firm called iSwop. ISwop
3	is an acronym for I Shop With Our People.
4	What we do is, we develop multicultural
5	commerce applications that includes
6	customized business directories for
7	professional, civic, and alumni
8	associations. I am also the managing
9	partner of the black business resource
10	application called Maggie's List.
11	Maggie's List is a black commerce network
12	that supports the growth of black-owned
13	businesses and especially black MBE
14	enterprises who in turn are committed to
15	training and hiring people from the black
16	community, thus reducing unemployment in
17	the community while showing our children
18	positive role models.
19	Maggie's List's mission is to
20	increase black consumer spending with
21	black-owned businesses from the current
22	2.3 percent to 10 percent, which will
23	create one million jobs within our
24	community.
25	I'll talk about Maggie if we

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE have time, but I want to go to what we're 2 doing. 3 We have recently launched 4 5 Maggie's List. It's a new endeavor. And 6 we've launched it soft launch here in 7 Philadelphia, but we are doing launches in major markets in the end of the year 8 9 and in 2018. The idea is, again, to stimulate commerce and circulation of 10 11 money within our community, which again 12 hopefully will generate businesses to hire those hires, reduce unemployment, 13 14 and it gives, again, our people role 15 models and people to look towards for 16 goals and aspirations. 17 The way we're doing that is 18 introducing mobile technology, social media, and digital commerce to minority 19 businesses to equal the playing field. 20 21 We're also networking, encouraging collaboration between MBE businesses; 22 23 providing marketing tools, research, and RFP listings to help businesses grow; 24 25 help corporations find certified

	1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
	2	qualified MBEs that they say that they
	3	cannot find; serve as an independent
	4	voice for MBEs to corporations and
	5	elected officials who, if informed, will
	6	be pressed to apply pressure on
	7	businesses that get government contracts
	8	that do not meet their minority
	9	subcontractor commitments; inform and
	10	mobilize and I think this is the most
	11	important. Inform and mobilize
	12	conscientious consumers, be they black,
	13	white, Latino, to make them aware of
	14	manufactured products sold in general
	15	market retail stores.
	16	Perfect example, Ed Hipps,
	17	local manufacturer of turkey bacon and
	18	sausages. I go to Shop Rite. They're
	19	there. You talk to some consumers,
	20	African American consumers. And I make
	21	no apologies about that. Many are not
	22	aware, and when they are aware, they'll
ĺ	23	make a decision between Oscar Mayer and
	24	Ed Hipps. We want them to know that Ed
	25	Hipps hires people within our community,
1		

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	and all we're asking folks to do is to be
3	aware and to try it. And if they try it
4	and they buy it, they like it, that's
5	fine, but that's our goal.
6	Oftentimes the MBEs are in
7	these major retail stores, be they
8	designers, be they manufacturers of
9	meats, clothing, what-have-you, and our
10	consumers do not know that they're there,
11	because nobody is wearing a badge or have
12	a sign on their packaging that says we're
13	black. And they're not supposed to do
14	that, but we need to have our
15	community and I make no apologies. We
16	need to have our black consumers know
17	that those businesses are there, and we
18	make it available to them using mobile
19	technology.
20	Another example is providing
21	consumers with information about
22	businesses that we buy from, but who in
23	turn do not do business with us. Another
24	prime example is L'Oreal cosmetics. We
25	spend tens of millions of dollars on

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	cosmetics with L'Oreal and yet they have
3	no African American vendors or suppliers.
4	Think about that. And all we want to do
5	is, again, show data, show facts to our
6	consumer base that here's where we're
7	spending our money, and we make people
8	make their own decision. Information is
9	king.
10	How do we think we can help
11	this committee in the City businesses?
12	Well, we think we can do that by, one,
13	conducting focus groups with local MBEs,
14	which we've already started, and
15	assessing what they feel their needs are
16	locally as well as nationally, making
17	Maggie's List directory of MBEs available
18	to national corporate procurement
19	officers. And, again, Maggie Anderson,
20	if we have time to talk about, she is a
21	leading voice and she has access to the
22	C sweeps and she can speak to this issue,
23	and with the idea of moving folks and
24	being more sensitive to our plight.
25	Because it's good business for these

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	corporations to do business with African
3	Americans and Latinos.
4	Also encouraging collaboration
5	between local MBEs we talked about
б	that in order for them to collaborate
7	and to bid on contracts. Also to be a
8	conduit for this Committee and the
9	agencies that I've been listening to for
10	information and resources. So we can be
11	that advertising arm, that marketing arm
12	to get the word out to businesses who
13	often don't have the time to look up and
14	see that there are these resources all
15	around them.
16	In 2018, my company hopes to
17	launch a general market citywide version
18	of Maggie's List called Shop Philly
19	First. Shop Philly First will be a B to
20	B and a B to C directory of all
21	businesses located in the Philadelphia
22	corridors. And, again, our vision is to
23	have and we already started 52nd
24	Street corridor, building out a directory
25	for them that will then be distributed to

		Page
1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE	
2	consumers throughout the City. And so	
3	though those businesses may not be MBEs,	
4	they are businesses in the community, and	
5	the vision is to before businesses or	
б	consumers go outside of Philadelphia to	
7	do a B to B transaction or B to C	
8	transaction; i.e., spend money in	
9	Montgomery County, for example, that they	
10	would first look within our community,	
11	within our community being Philadelphia.	
12	That's the vision.	
13	I'll stop now and take any	
14	questions and, again, we welcome the	
15	opportunity to work with you.	
16	MS. RODRIGUEZ: Good morning.	
17	So is the service at any cost for those	
18	in the directory? How does a business	
19	get included?	
20	MR. BYERS: What will happen	
21	is first and foremost, we are a	
22	for-profit entity, and when I say	
23	for-profit, I'm just saying that because	
24	we want to be self-sustaining. It is not	
25	our intent to be hat in hand and asking	
1		

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	corporations to support us. We think
3	that the community, be it business or
4	consumer, should be supportive.
5	Now, Jennifer, to answer your
6	question, we will register businesses in
7	the directory for free. However, if your
8	business wants to have a premium listing,
9	be it a logo or something very specific
10	or a long description of your business,
11	there is a minimal charge. It could be
12	no more than \$300 a year or less,
13	depending on what you're looking for, but
14	the initial registration is free.
15	MS. BAYLOR: Is Maggie's List
16	service going to be similar to I Buy
17	Black?
18	MR. BYERS: Good question. Yes
19	and no. Maggie's List is more than just
20	a directory. What we want to be able to
21	do is to provide information. Again, I
22	talk about marketing tools, RFP requests.
23	There's a big push on financial literacy
24	from the business community, how to
25	structure a deal, how to get their credit

		P
1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE	
2	in order, and we're using Maggie's List	
3	as a forum for both a directory of	
4	listings, which is much like I Buy Black	
5	but, more importantly, to provide an easy	
6	access, one-stop resource center for	
7	businesses to find information to make	
8	their businesses better.	
9	Now, that being said, I have	
10	had several meetings with Michael Rashid	
11	at I Buy Black and we are looking at	
12	collaboration. I'm not looking to	
13	compete. We don't compete. There's no	
14	time to compete. And what we want to do	
15	is, the folks who are in I Buy Black and	
16	PCOL and some of the other organizations,	
17	we're going to put them in our directory	
18	and we're going to share information.	
19	PCOL does not have information about the	
20	things like RFPs and things like that.	
21	We are going to give them that	
22	information, link it to their website.	
23	MS. BAYLOR: Thank you.	
24	MR. BYERS: You're welcome.	
25	MS. BAYLOR: One more question.	

9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
When you talk about some of the black
businesses that hire and you mentioned
create 1.3 million jobs.
MR. BYERS: One million jobs.
MS. BAYLOR: One million jobs
in the community. How many of those jobs
will be offered to reentry, returning
citizens into the City of Philadelphia?
MR. BYERS: I don't have a
number for that, but let me kind of give
you another former life of mine. I am
I had a business called the Employment
Channel, and the Employment Channel had a
service called Second Chance TV. Second
Chance Television was for reentry people,
and what we found is that those folks
coming back from being incarcerated could
not in fact get jobs, and oftentimes
businesses would say it could be
everything from insurance issues and
what-have-you. But we found some of the
smartest and brightest people, you know,
coming out of prison, and so what we did
instead of trying to get them hired, what

1	1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	2 we did as the Second Chance Television is
	3 that we started to take their skills,
4	4 their hustle skills, and show them how
5	5 they are in fact entrepreneurs. And not
e	6 to get shady about it, but we would
5	7 take if you were selling drugs, we're
8	8 like, Let me tell you about what you're
9	9 actually doing, and we would just put MBA
10	0 terms to it. Like you are doing
11	distribution, security, inventory
12	2 control, you know, in the hope and
13	3 they were like, Whoa.
14	And I was like, Yeah, that's
15	5 what you're doing. You don't realize it,
16	6 but you are a business.
17	7 So we then tried to convert
18	8 that person from something illegal to
19	9 something legal and then ask them to come
20	0 up with something creative that was in
21	1 fact legal.
22	2 CHAIRWOMAN HARPER: Excellent.
23	3 So I want to encourage you to check with
24	4 Heloise, because there might be some
25	5 connection with her Fair Chance Hiring
1	

Page 50 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 1 2 piece, to get information about that on this app somehow. It would be great. 3 4 MR. BYERS: Sure. 5 CHAIRWOMAN HARPER: So T want 6 to thank you so much for coming. 7 MR. BYERS: Thank you. CHAIRWOMAN HARPER: And then we 8 9 just have a very quick update from Nicholas Jann and the Office of Economic 10 11 Opportunity. 12 (Witness approached witness table.) 13 MR. JANN: Good morning. 14 15 (Good morning.) 16 MR. JANN: Again, my name is 17 Nick Jann. I'm the Director of Data and Policy for the Office of Economic 18 19 Opportunity. I'm here this morning just to provide a very quick update for some 20 21 upcoming reports that OEO will be working 22 on and eventually publishing. 23 So we are currently in the final round of edits and confirmations 24 25 for the fourth quarter cumulative data

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 for the annual participation report. This is the document that OEO produces 3 each year that details contract 4 commitments to minority, women, and 5 disabled-owned firms on projects owned by 6 7 the City as well as some other projects over which OEO has goal-setting 8 9 influence. These projects amount to over a 10 11 billion dollars in total value and 12 encompass public works and construction, professional services, and supplies and 13 14 equipment contracts. 15 Once this report is published 16 in the fall, it will become the baseline 17 data for all goal-setting that the office conducts and the 2017 disparity study to 18 be published next year. 19 20 So starting in this year, in 21 addition to that participation report, OEO will also be producing a quarterly 22 23 report on the City's diverse contracting for the Mayor's office. So working with 24 25 the Office of Diversity and Inclusion, we

1 9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE 2 have developed a template that reorganizes our existing data by cabinet 3 department. We will work with the 4 existing OEO officers in each department 5 to confirm the accuracy of this data, and 6 this report will then be delivered to the 7 Mayor's office shortly after each quarter 8 9 is over so that their staff can review the performance of each cabinet 10 11 official's departments and offices and 12 take appropriate measures to ensure the City's participation goals are met. 13 14 This year we will also be 15 changing the way we report out on EOP 16 performance. OEO has always prepared a 17 separate report on projects with Economic 18 Opportunity Plans because we typically have payment data on these projects that 19 20 we lack on others. Because of this, we 21 can conduct an analysis of the commitments to M/W/DSBEs versus the 22 23 actual dollars paid to those firms. In the past, each year we would 24 25 provide a cumulative report going back to

> STREHLOW & ASSOCIATES, INC. (215) 504-4622

Page 52

1	9/11/17 - ECONOMIC OPPORTUNITY REVIEW COMMITTEE
2	the inception of our data collection on
3	those projects in 2010, meaning that we
4	would simply stack each new year on top
5	of the previous year's data for a
6	cumulative number. This provides a good
7	comprehensive look at the effectiveness
8	of EOPs overall, but also created a
9	situation wherein the previous data could
10	skew the current year's performance.
11	Starting with this year's
12	report, so FY17, we will break out each
13	year's EOP data and report on only that
14	year. We feel that this will provide a
15	more accurate picture of EOP performance
16	and it will also allow us to conduct
17	year-to-year analysis in subsequent
18	years.
19	Thank you for your time, and
20	I'm happy to answer any questions you
21	might have.
22	CHAIRWOMAN HARPER: Thank you.
23	MR. JANN: Very good. Thanks.
24	CHAIRWOMAN HARPER: All right.
25	Seeing as there are no others here to

Economic Opportunity Review Committee September 11, 2017
