Instructions

REQUEST FOR ALTERNATIVE DUST CONTROL METHOD FOR DUST CONTROL DURING CONSTRUCTION OR DEMOLITION

1. All demolition and dust control activities must meet the applicable work practice standards of Air Management Regulation II, Section IX.C.-D. (http://www.phila.gov/health/pdfs/AMSRegulationI_II_IIICombined_20160811.pdf, see page 28) unless an alternative method is approved in advance by Air Management Services. You must submit a copy of this form for each alternative method requested.
2. Your submittal must include the reasons for not using the method prescribed by AMR II, Section IX.C.-D. and a description of the proposed alternative method.
3. All information in the form is available to the public. If you wish to keep some information confidential, please submit this information separately, stamped confidential, along with a letter requesting that it be kept confidential and justification for keeping it Confidential. AMS will review the request and determine if it can be kept confidential.
4. All submissions and correspondence should be directed to:
Source Registration
Air Management Services
321 University Avenue
Philadelphia, PA 19104-4543.
Phone 215-685-7572

5. Definitions and Explanations:

Tax ID No.: This is the Federal Tax ID or Social Security Number. If the applicant has an Employer Identification number (EIN), this number must be used.

Function of the Building to be Demolished: The former function of the building or structure, such as school, apartment building, warehouse, etc.

Description of Demolition and Dust Control Measures: Describe the building or structure being demolished, the demolition methods, and the various methods to control dust emissions.
