

Plan Requirements:

Zoning permit applications for fencing

Overview

The Department of Licenses and Inspections (L&I) reviews plans submitted with permit applications for fencing that exceeds allowable limitations of the Zoning Code. Review the information below before submitting plans for review.

Plan sheet size and material

- Minimum Sheet Size: 11 in. x 17 in.
- Maximum Sheet Size: 36 in. x 48 in.
- Print plans on white, standard-weight, bond type paper.

Acceptable drawing scales

- Architectural Scale: 1/16 in.; 3/32 in.; 1/8 in.; 3/16 in.; 1/4 in. = 1 ft. 0 in.
- Engineering Scale: 1 in. = 10 ft.; 20 ft.; 30 ft.; 40 ft.; 50 ft.; 60 ft.; 100 ft.

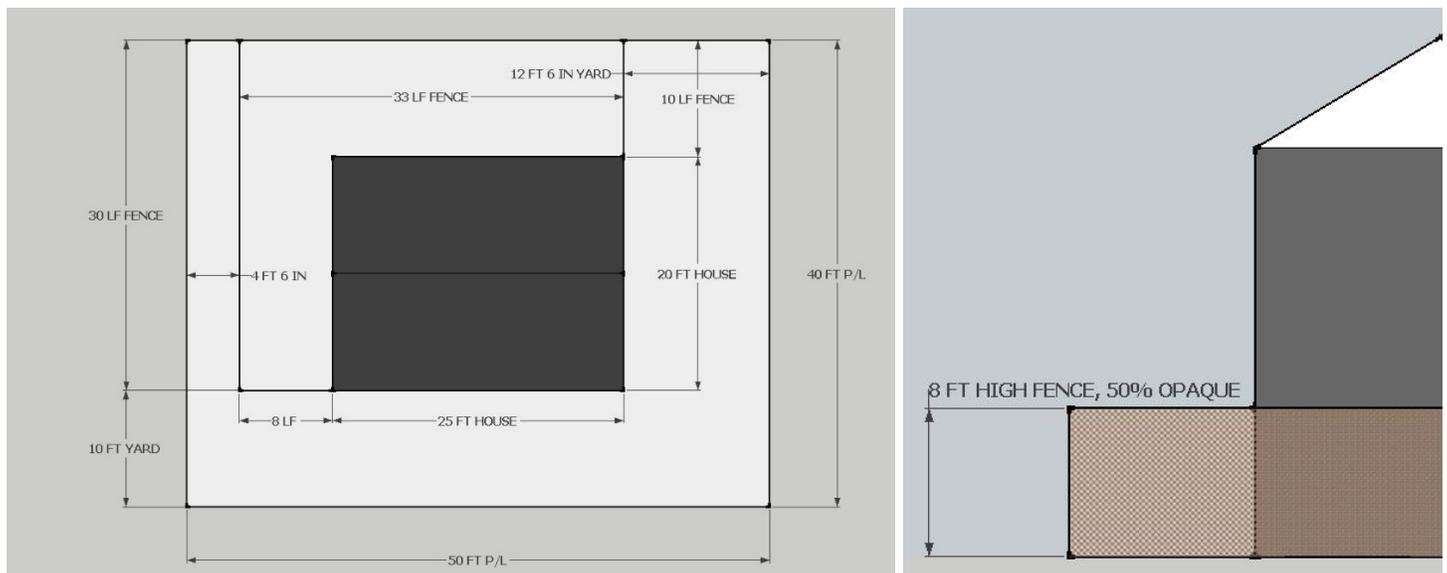

Minimum requirements

- Must be of professional quality and drawn to scale. Free-hand sketches will not be accepted.
- Printed plans must be in ink and in grayscale. Pencil drawings will not be accepted.
- Project address, zoning classifications, and code summary table.
- Property lines as found in the deed's legal description with any alleyways, driveways, or easements.
- Fence heights at all locations with supplemental elevation drawing to confirm height.
- Fence material and opacity at all locations with supplemental detail to confirm opacity.
- Footprint of any existing buildings with dimensions at all exterior walls.
- Setbacks from all property lines.
- If located along a street frontage, street names with legal breakdown, right-of-way encroachments, and curb cuts.
- Sizes and locations of existing parking and loading spaces to remain.

Prerequisite approvals

Plans included with your zoning permit application package may require approvals from other departments or agencies.
