Subject: Water rate increase

I am opposed to any rate increase. I've already had to deal with our "temporary" increase in our sales tax that has clearly become permanent. The cost of living increases every year, yet my company cannot afford to increase our pay. I haven't gotten a pay increase in 6 years. With Obama-care our health insurance premiums have increase over 250% while receiving evermore deminishing levels of care and our deductible is \$6,000, and this doesn't even address co-pays. We can't afford to pay anymore.
