Re: The Bank of Princeton – 224 W. Rittenhouse Square

To whom it may concern:

This submittal is on behalf of The Bank of Princeton, for signage at their new remote ATM branch set to open at the rear entrance to the Dorchester at 224 W. Rittenhouse.

We are proposing interior signage at this location to optimize The Bank of Princeton branding for their remote ATMs while still holding the exterior aesthetic of the Dorchester and Rittenhouse area.

The proposed signage includes a 5" deep, interior- transom sign box, measuring 16.5 square feet. With a painted black, satin-finish, aluminum face with illuminated-push-through white letters and the logo will feature The Bank of Princeton frame of their signature orange vinyl. The top of the windows will bordered with an orange illuminated-sign band. The windows facing Rittenhouse Square will have applied white vinyl lettering reading "The Bank of Princeton" and "ATM". This is similar to the hanging interior box signs at the 7-11 located in the same building. The use of color will allow for customers to recognize The Bank of Princeton presence without the use of exterior signage on the Dorchester building.

If you have any questions regarding this submittal, please do not hesitate to contact:
