This excludes indoor recreation, health and wellness facilities and personal care services (such as gyms, spas, hair salons, nail salons, massage therapy providers), and all entertainment (such as casinos, theaters).

The following is intended as a plain language summary of rules for reopening in the Green Phase and does not replace the need to follow all applicable federal, state, and local laws and regulations.

Protections Needed

Masks
- Provide masks for employees.
- Require employees and customers to mask while on site except only:
  - As necessary for the employee to eat or drink during break times. The employee should be seated at least 6 feet from others when taking off mask.

Barriers
- If indoor shopping permitted, install plastic barriers at check-out areas to physically separate cashiers and customers.

Isolate
- Screen every employee for symptoms before every shift and prevent them from remaining on site if they have cough, shortness of breath, fever, chills, sore throat, muscle pain, or new loss of taste or smell.
- It is not necessary to conduct on-site temperature measurement for staff or customers. If you measure temperatures, use a no-touch thermometer, and do not allow anyone with a temperature of 100.4 or higher to remain on-site.
- Have sick leave policies in place so that employees excluded from the workplace do not lose earnings.
- If an employee develops COVID-19 infection or has a positive test, businesses and other organizations must take additional precautions to stop the virus from spreading further, as described in Guidance for Essential Businesses and Organizations During COVID-19. Required precautions include calling PDPH at 215-685-5488 to report positive cases.

Handwashing
- If wipe down high-touch surfaces with disinfectant at least once every 4 hours. See CDC guidance for details.
- Wipe carts, baskets, and counters with disinfectant between customers.
- Keep returned products out of circulation for 24 hours.
- Remove or put barriers in front of self-service displays (e.g. jewelry, sunglasses and beauty items). Set aside any items handled by customers for cleaning.

Communicate
- Educate staff about symptoms and prevention of COVID-19.
- Post prominent signs at entrances and in employee break rooms:
  - Asking people who are sick or who have had contact with someone with COVID-19 within the past 14 days not to enter.
  - Encouraging people to cover coughs or sneezes.
  - Mandating physical distancing of at least 6 feet for both customers and staff, including while queueing at registers.
  - Mandating that all staff and customers wear masks.
