Mr. Dasent:

Thank you for the update you provided regarding the Philadelphia Water Department's pending general rate case, which has previously been suspended at the request of the Department due to the emergency measures imposed as the result of the on-going COVID-19 pandemic.

As you noted there, the Department has decided to withdraw that rate request in light of the "uncertainty over the anticipated duration of the continuing emergency measures" and requested that I issue a procedural order allowing that withdrawal, without prejudice to any position taken by any party in this or other proceedings.

**I want to be sure that everyone has had a chance to review this request. Further, please notify me on or before the close of business of Wednesday, June 3, 2020, if you have an objection to the Department's request to withdraw the filing.** I expect that the Water, Sewer and Storm Water Rate Board (Rate Board) will consider this item at its next regularly scheduled meeting on June 10.

Marlane R. Chestnut  
Hearing Officer
