Outdoor Cafés & Restaurants

Philadelphia businesses are a vital part of the our communities.

Restaurants power our local economy.

City departments and partner agencies are working together to safely expand options to businesses for outdoor seating and dining.

The guidance in this document will be updated periodically.
Outdoor Cafés & Restaurants

Expanded Capacity & Support

• As Philadelphia gradually enters yellow and green phases, restaurants will need expanded capacity to maintain 6-foot separation

• Establishments that have existing Sidewalk Café permits must wait to operate until allowed by Mayor Kenney’s Safer At Home reopening plan

• Businesses without existing permits are encouraged to apply for new outdoor dining options

• Registration and approval is required for outdoor dining prior to opening

• Businesses are strongly encouraged to coordinate
• City staff is here to help you
• Contact business@phila.gov for assistance
• Complaints should be made via 3-1-1
Outdoor Cafés & Restaurants

Application for New Outdoor Dining
• Applications* will be available online through the eCLIPSE and will be processed in 3 business days.
• Customers will also have the option of making an appointment with a licensing representative at the Municipal Services Building.

All outdoor dining applications will require:
• A plan for meeting Health Department regulations
• Minimum 6 feet social distance
• Safety protection for employees
• Access for emergency service (ambulance, fire, etc.)
• Litter/recycling service or easy access for City Sanitation crews
• A point of contact responsible for maintaining operations
• Compliance with Mayor’s Orders on business activity and public gatherings

Contact business@phila.gov for assistance

*Applications for “C) Temporary Street Closure” only will be processed separately through the Streets Department website.
Outdoor Cafés & Restaurants

Philadelphia entered a modified version of the state’s yellow phase on June 5.

Mayor Kenney’s *Safer at Home* reopening plan provides details about how we will gradually reopen.

We have a shared responsibility to keep up progress to combat COVID.

Outdoor dining does not represent an opportunity to congregate.

Outdoor Cafés & Restaurants

Masks

• Provide masks for employees
• Require employees and customers to mask while on site except only:
  • As necessary for the employee to eat or drink during break times. The employee should be seated at least 6 feet from others when taking off mask.
  • While customers are eating and drinking while seated at an outdoor table.

Read the Safety Guidance:
https://www.phila.gov/guides/safer-at-home/
Outdoor Cafés & Restaurants

Barriers

• If the restaurant or food cart uses a serving counter, install plastic barriers between staff and the public.

• Consider the use of physical barriers between tables.

Read the Safety Guidance: https://www.phila.gov/guides/safer-at-home/
Outdoor Cafés & Restaurants

Isolate

• Screen every employee for symptoms before every shift and prevent them from remaining on site if they have cough, shortness of breath, fever, chills, muscle pain, or new loss of taste or smell.

• It is not necessary to conduct onsite temperature measurement for staff or customers. If you measure temperatures, use a no-touch thermometer, and do not allow anyone with a temperature of 100.4°F or higher to remain onsite.

• Before allowing entrance to an outdoor dining area, ask customers if they have symptoms of COVID-19.

• Have sick leave policies in place so that employees excluded from the workplace do not lose earnings.

• If an employee develops COVID-19 infection or has a positive test, businesses and other organizations must take additional precautions to stop the virus from spreading further, as described in Guidance for Essential Businesses and Organizations During COVID-19. Required precautions include calling PDPH at 215 685-6741 to report positive cases.
Outdoor Cafés & Restaurants

Distance – Part I

• Adjust work assignments to ensure employees can stay 6 feet from each other throughout their shifts. Install physical barriers such as sneeze guards or partitions in restaurant kitchens and at cash registers, host stands, or food pickup areas where maintaining physical distance of at least 6 feet is difficult.

• Establish procedures to prevent crowding at entrances among persons waiting for food or tables.

• Consider the use of sidewalk decals or other visual cues to encourage customers to stay at least 6 feet apart and at least 6 feet from seated diners.

• Outdoor area capacity shall be determined by arranging seating to provide a minimum of six feet between seated diners at different tables and between seated diners and passersby (see also PA Guidance for the Restaurant Industry).
Outdoor Cafés & Restaurants

Distance – Part II

• Limit party size to 6 persons or fewer.

• Employees should stay at least 6 feet from customers when possible. Deliver items to table on service trays to minimize time staff are close to customers.

• Close all self-service food areas (e.g. buffets, salad bars, coffee stations or beverage service).

• Mark enter/exit to and from restrooms to create paths that help keep people apart.

• Use non-contact payment methods if possible.

• Consider installing touchless door and sink systems or providing single-use barriers (e.g., deli tissues, paper towels) for use when touching door and sink handles.

• No refills of food and beverage containers brought in by customers are permitted.
Outdoor Cafés & Restaurants

Reduce crowds

• During the Yellow Phase, inside dining in restaurants remains strictly prohibited.

• If possible, use a reservation or call ahead model for outdoor dining.

• Restaurants and food vendors shall not permit lines of more than ten (10) customers to form in or around their facilities. Customers waiting for tables or eating must be required to stay outdoors.

• Plan for inclement weather. It will not be permissible for customers to crowd together if it rains.

• If possible, group employees in clusters and schedule groups on same shifts to reduce cross-team exposure.

• Stagger employee break times.
Outdoor Cafés & Restaurants

Handwashing

• Ensure that all staff wash hands on arrival and in accordance with pre-existing food safety regulations (e.g. before, during, and after preparing food; after touching garbage).

• Place hand sanitizer near payment counter and make handwashing facilities available to all patrons at outdoor dining sites.

Read the Safety Guidance: https://www.phila.gov/guides/safer-at-home/
Outdoor Cafés & Restaurants

Clean – Part I

• Continue to follow all Health Department Food Safety regulations.

• Clean high touch areas frequently while in operation including entrance doors, bathroom surfaces, host stands etc.

• Clean and disinfect any shared items with which customers will come in contact such as tabletops, chairs, digital menus, digital payment devices after each customer use.

• Use paper menus and discard them after each customer use or use chalkboard or app-based menus.
Outdoor Cafés & Restaurants

Clean - Part II

• Place settings, utensils, menus, and condiments should either be single-use or be cleaned and sanitized after every use.

• Avoid using disinfectants on surfaces with food contact.

• Eliminate table presets (e.g., table tents, menus, salt and pepper shakers, shared condiments, etc.).

• Use single packet condiments, if possible, OR serve condiments in containers – such as a washable bowl or paper cup – that can be sanitized or disposed of after use (no shared condiments permitted)

• Customers should handle their leftover food to be taken to-go.
Outdoor Cafés & Restaurants

Communicate

• Educate staff about symptoms and prevention of COVID-19.

• Post prominent signs at entrances and in employee break rooms:
  • Asking people who are sick or have had contact with someone with COVID-19 within the past 14 days not to come to the establishment, even to pick up food
  • Encouraging people to cover coughs or sneezes
  • Mandating physical distancing of at least 6 feet
  • Mandating that all staff and visitors wear masks
