

In the opinion of Co-Bond Counsel, interest on the 2019A Bonds will be excluded from gross income for federal income tax purposes under existing statutes, regulations, rulings and court decisions, subject to the conditions described in “TAX MATTERS” herein. In addition, interest on the 2019A Bonds will not be treated as an item of tax preference under Section 57 of the Internal Revenue Code of 1986, as amended (the “Code”), for purposes of the federal alternative minimum tax. Under the laws of the Commonwealth of Pennsylvania, as enacted and construed on the date hereof, interest on the 2019A Bonds is exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax. Co-Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the 2019A Bonds. For a more complete discussion, see “TAX MATTERS” herein.

\$188,660,000
THE CITY OF PHILADELPHIA, PENNSYLVANIA
GENERAL OBLIGATION REFUNDING BONDS, SERIES 2019A

Dated: Date of Delivery

Due: August 1, as shown on inside cover page

Defined Terms. All capitalized terms that are not otherwise defined on this cover page have the meanings provided to such terms in this Official Statement.

The 2019A Bonds. The City of Philadelphia, Pennsylvania (the “City”), a corporation, body politic and city of the first class existing under the laws of the Commonwealth of Pennsylvania, is issuing the above-referenced bonds (the “2019A Bonds”).

Purpose. The 2019A Bonds are being issued for the purpose of providing funds to (i) refund the Refunded Bonds, as more particularly described herein, and (ii) pay the costs relating to the issuance of the 2019A Bonds. See “PLAN OF FINANCE AND ESTIMATED SOURCES AND USES OF FUNDS” herein.

Security. The 2019A Bonds are general obligations of the City, and the full faith, credit and taxing power of the City are pledged for the payment of the principal of and interest on the 2019A Bonds when due. The City has covenanted in the Refunding Ordinance that, so long as the 2019A Bonds remain outstanding, it will make payments out of its sinking fund or any other of its general revenues or funds at such times and in such annual amounts as shall be sufficient for the payment of interest thereon and the principal thereof when due. See “SECURITY FOR THE 2019A BONDS” herein.

Redemption. The 2019A Bonds are not subject to redemption prior to maturity.

Interest Payment Dates. Interest on the 2019A Bonds is payable semiannually on each February 1 and August 1, commencing August 1, 2019.

Tax Status. For information on the tax status of the 2019A Bonds, see the italicized language at the top of this cover page and “TAX MATTERS” herein.

Delivery Date. It is expected that the 2019A Bonds will be available for delivery to DTC on or about May 14, 2019.

This cover page contains certain information for quick reference only. It is not a summary of the 2019A Bonds or this Official Statement. Investors must read the entire Official Statement, including the Appendices, which are an integral part hereof, to obtain information essential to the making of an informed investment decision regarding the 2019A Bonds.

The 2019A Bonds are offered when, as and if issued by the City and accepted by the Underwriters and subject to the approval of the legality of the issuance of the 2019A Bonds by Cozen O’Connor and Ahmad Zaffarese LLC, Co-Bond Counsel, both of Philadelphia, Pennsylvania. Certain legal matters will be passed upon for the City by the City of Philadelphia Law Department, and for the Underwriters by their co-counsel, Dilworth Paxson LLP and Hardwick Law Firm, LLC, both of Philadelphia, Pennsylvania. Hawkins Delafield & Wood LLP and the Law Office of Ann C. Lebowitz, Philadelphia, Pennsylvania, Co-Disclosure Counsel to the City, will each deliver an opinion to the City and the Underwriters regarding certain matters.

No Offering May Be Made Except by this Official Statement. No dealer, broker, salesperson or other person has been authorized by the City or the Underwriters to give any information or to make representations, other than as contained in this Official Statement, and if given or made, such other information or representations must not be relied upon as having been authorized by the City or the Underwriters. The offering of the 2019A Bonds is made only by means of this entire Official Statement.

No Unlawful Offers or Solicitations. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the 2019A Bonds by any person, in any jurisdiction in which such sale would be unlawful.

Use of this Official Statement. This Official Statement is submitted in connection with the sale of the 2019A Bonds described herein and may not be reproduced or used, in whole or in part, for any other purpose. This Official Statement is not to be construed as a contract or agreement among the City, the Underwriters and the purchasers or owners of any offered 2019A Bonds. This Official Statement is being provided to prospective purchasers either in bound printed form (“Original Bound Format”) or in electronic format on the following website: <http://themunigroup.com>. This Official Statement may be relied upon only if it is in its Original Bound Format or if it is printed in full directly from such website.

Preparation of this Official Statement. The information set forth herein has been furnished by the City and includes information obtained from other sources, all of which are believed to be reliable. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in the affairs of the City since the date hereof. Such information and expressions of opinion are made for the purpose of providing information to prospective investors and are not to be used for any other purpose or relied on by any other party. The Underwriters have reviewed the information in this Official Statement in accordance with, and as part of, their responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

Order and Placement of Materials. The order and placement of materials in this Official Statement, including the Appendices, are not to be deemed a determination of relevance, materiality or importance, and this Official Statement, including the cover page, the inside cover page and the Appendices, must be considered in its entirety. The captions and headings in this Official Statement are for convenience only and in no way define, limit or describe the scope or intent, or affect the meaning or construction, of any provisions or sections of this Official Statement.

Estimates and Forecasts. The statements contained in this Official Statement and the Appendices hereto that are not purely historical are forward-looking statements. Such forward-looking statements can be identified, in some cases, by terminology such as “may,” “will,” “should,” “expects,” “intends,” “plans,” “anticipates,” “believes,” “estimates,” “predicts,” “potential,” “illustrate,” “example,” and “continue,” or the singular, plural, negative or other derivations of these or other comparable terms. Readers should not place undue reliance on forward-looking statements. All forward-looking statements included in this Official Statement are based on information available on the date of this Official Statement, and the City assumes no obligation to update any such forward-looking statements. The forward-looking statements included herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including, but not limited to, risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in various important factors. Accordingly, actual results may vary from the projections, forecasts and estimates contained in this Official Statement and such variations may be material, which could affect the ability to fulfill some or all of the obligations under the 2019A Bonds.

Public Offering Prices. In connection with the offering of the 2019A Bonds, the Underwriters may overallocate or effect transactions which stabilize or maintain the market price of the 2019A Bonds at levels above those which might otherwise prevail in the open market. Such stabilization, if commenced, may be discontinued at any time.

No Recommendation or Registration. The 2019A Bonds have not been recommended by any federal or state securities commission or regulatory authority. Furthermore, the foregoing authorities have not confirmed the accuracy or determined the adequacy of this document. Any representation to the contrary is a criminal offense. The 2019A Bonds have not been registered with the Securities and Exchange Commission under the Securities Act of 1933, as amended, in reliance upon the exemption contained in Section 3(a)(2) of such act.

Summary of the Offering

This summary is subject in all respects to more complete information contained in this Official Statement and should not be considered a complete statement of the facts material to making an investment decision. The offering of the 2019A Bonds to potential investors is made only by means of the entire Official Statement, including the cover page, the inside cover page, and the Appendices.

- Issuer:** The City of Philadelphia, Pennsylvania (the “City”), a corporation, body politic and city of the first class existing under the laws of the Commonwealth of Pennsylvania.
- Bonds Offered:** \$188,660,000 aggregate principal amount of General Obligation Refunding Bonds, Series 2019A (the “2019A Bonds”).
- Interest Payment Dates:** Interest on the 2019A Bonds is payable semiannually on each February 1 and August 1, commencing August 1, 2019.
- Security and Sources of Payment:** The 2019A Bonds are general obligations of the City, and the full faith, credit and taxing power of the City are pledged for the payment of the principal of and interest on the 2019A Bonds when due. The City has covenanted in the Refunding Ordinance that, so long as the 2019A Bonds remain outstanding, it will make payments out of its sinking fund or any other of its general revenues or funds at such times and in such annual amounts as shall be sufficient for the payment of interest thereon and the principal thereof when due. See “SECURITY FOR THE 2019A BONDS” herein.
- Use of Proceeds:** The 2019A Bonds are being issued for the purpose of providing funds to (i) refund the Refunded Bonds, as more particularly described herein, and (ii) pay the costs relating to the issuance of the 2019A Bonds. See “PLAN OF FINANCE AND ESTIMATED SOURCES AND USES OF FUNDS” herein.
- Redemption:** The 2019A Bonds are not subject to redemption prior to maturity.
- Authorized Denominations:** The 2019A Bonds will be issued as registered bonds in denominations of \$5,000 or any integral multiple thereof.
- Form and Depository:** The 2019A Bonds will be delivered solely in registered form under a global book-entry system through the facilities of DTC. See APPENDIX F.

OFFICIAL STATEMENT

relating to

\$188,660,000

**The City of Philadelphia, Pennsylvania
General Obligation Refunding Bonds, Series 2019A**

INTRODUCTION

General

This Official Statement, including the cover page, the inside cover page and Appendices hereto, provides information with respect to the issuance by The City of Philadelphia, Pennsylvania (the “City”) of \$188,660,000 aggregate principal amount of its General Obligation Refunding Bonds, Series 2019A (the “2019A Bonds”). This introduction is a brief description of certain matters set forth in this Official Statement and is qualified by reference to the entire Official Statement, including the Appendices hereto. Reference should be made to the material under the caption “THE 2019A BONDS” for a description of the 2019A Bonds and to APPENDIX F for a description of the book-entry system applicable thereto.

Certain factors that may affect an investment decision concerning the 2019A Bonds are described throughout this Official Statement. Persons considering a purchase of the 2019A Bonds should read this Official Statement, including the cover page, the inside cover page and the Appendices, which are an integral part hereof, in its entirety. All estimates and assumptions of financial and other information are based on information currently available, are believed to be reasonable and are not to be construed as assurances of actual outcomes. All estimates of future performance or events constituting forward-looking statements may or may not be realized because of a wide variety of economic and other circumstances. Included in such forward-looking statements are numbers and other information from the adopted and proposed budgets of the City, as well as from the City’s five-year financial plans. See “DISCUSSION OF FINANCIAL OPERATIONS – Current Financial Information” in APPENDIX A hereto. Accordingly, no assurance is given that any projected future results will be achieved.

Authorization

Under Article 9, Section 12 of the Constitution of the Commonwealth of Pennsylvania (the “Commonwealth”) and the Acts of the General Assembly of the Commonwealth of June 25, 1919, P.L. 581, as amended, and June 11, 1941, P.L. 113, amended December 8, 1985, P.L. 324 (together, the “Act”), the City is authorized to issue bonds to secure indebtedness of the City and to refund the same.

Pursuant to the Act, the Council of the City (“City Council”) adopted an Ordinance (Bill No. 141027) on February 19, 2015 (the “Refunding Ordinance”), which authorizes borrowings by the issuance and sale of bonds (including the 2019A Bonds) for the purpose of refunding certain general obligation bonds of the City. The Refunding Ordinance, which was signed by the Mayor of the City (the “Mayor”) on March 4, 2015, authorizes the Mayor, the City Controller, and the City Solicitor, or a majority of them (the “Bond Committee”), to issue and sell on behalf of the City up to \$700,000,000 aggregate principal amount (exclusive of costs of issuance, including, but not limited to, underwriters’ discount, costs of liquidity and/or credit enhancement, original issue discount or redemption premiums, if any, on bonds being refunded or similar items) of general obligation refunding bonds of the City in one or more series. Following the issuance of the 2019A Bonds, \$28,910,000 aggregate principal amount of bonds will remain authorized and unissued under the Refunding Ordinance (plus amounts for costs of issuance, including, but not limited to, underwriters’ discount, costs of liquidity and/or credit

enhancement, original issue discount or redemption premiums, if any, on bonds being refunded or similar items).

By the resolution adopted by the Bond Committee on April 30, 2019 (the “Bond Committee Resolution”), the Bond Committee authorized the issuance of the 2019A Bonds in the aggregate principal amount of \$188,660,000, and determined the terms of the 2019A Bonds, including the interest rates and maturity dates.

Constitutional Debt Limit

General obligation debt of the City consists of two types: (i) debt (herein called “Tax-Supported Debt”), which is subject to the limitation of the Constitution of the Commonwealth (the aggregate limit on such debt equals 13.5% of the average of the annual assessed valuations of the taxable real property in the City during the ten (10) years immediately preceding the year in which such debt is incurred (of which, no more than 3% may be non-electoral debt (the “Constitutional Debt Limit”)); and (ii) debt (herein called “Self-Supporting Debt”), which, having been incurred for revenue-producing capital improvements that may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay the debt service thereon, is excluded from the computation of debt for the purposes of the Constitutional Debt Limit. The amount of Self-Supporting Debt to be so excluded must be determined by the Court of Common Pleas of Philadelphia County upon petition by the City. Self-Supporting Debt is general obligation debt of the City and ranks equally in all respects with Tax-Supported Debt, the only distinction being that it is not used in the calculation of the Constitutional Debt Limit. Self-Supporting Debt, however, is not secured by a lien on any particular revenues. The 2019A Bonds constitute Tax-Supported Debt. The issuance of the 2019A Bonds will not cause the City’s indebtedness to exceed the Constitutional Debt Limit. For more information on the Constitutional Debt Limit, see “DEBT OF THE CITY – General” in APPENDIX A hereto.

For purposes of this Official Statement, Tax-Supported Debt and Self-Supporting Debt are referred to collectively as “General Obligation Debt.”

Purpose

The 2019A Bonds are being issued for the purpose of providing funds to (i) refund the Refunded Bonds, as more particularly described herein, and (ii) pay the costs relating to the issuance of the 2019A Bonds. See “PLAN OF FINANCE AND ESTIMATED SOURCES AND USES OF FUNDS” herein.

Security for the 2019A Bonds

The 2019A Bonds are general obligations of the City, and the full faith, credit and taxing power of the City are pledged for the payment of the principal of and interest on the 2019A Bonds when due. The City has covenanted in the Refunding Ordinance that, so long as the 2019A Bonds remain outstanding, it will make payments out of its sinking fund or any other of its general revenues or funds at such times and in such annual amounts as shall be sufficient for the payment of interest thereon and the principal thereof when due, whether at maturity or redemption. See “SECURITY FOR THE 2019A BONDS” herein.

Fiscal Agent

U.S. Bank National Association, a national banking association formed under the laws of the United States of America, will serve as fiscal agent for the 2019A Bonds (the “Fiscal Agent”). The

address of the designated corporate trust office of the Fiscal Agent is 50 South 16th Street, Philadelphia, Pennsylvania 19102.

Information Regarding The City of Philadelphia

The City's Comprehensive Annual Financial Report and other information about the City can be found on the City's website at www.phila.gov/investor (the "City's Investor Website"). The "Terms of Use" statement of the City's Investor Website, which applies to all users of the City's Investor Website, provides, among other things, that the information contained therein is provided for the convenience of the user, that the City is not obligated to update such information, and that the information may not provide all information that may be of interest to investors. The information contained on the City's Investor Website does not constitute an offer to buy or sell securities, nor is it a solicitation therefor. The information contained on the City's Investor Website is not incorporated by reference in this Official Statement and persons considering a purchase of the 2019A Bonds should rely only on information contained in this Official Statement or incorporated by reference herein.

APPENDIX A provides information regarding the City, including relevant statutory provisions, financial information, litigation information, the City's relationship with the Pennsylvania Intergovernmental Cooperation Authority ("PICA") and the City's five-year plans. APPENDIX B contains socioeconomic and demographic information about the City. APPENDIX C contains the Comprehensive Annual Financial Report of the City for the Fiscal Year ended June 30, 2018 (the "Fiscal Year 2018 CAFR"). Certain information contained in APPENDIX A regarding the City is for periods prior to or subsequent to June 30, 2018. As a result, certain of the information in APPENDIX C may vary from corresponding information concerning the City in APPENDIX A.

The City Controller has examined and expressed opinions on the basic financial statements of the City contained in the Fiscal Year 2018 CAFR. The City Controller has not participated in the preparation of this Official Statement nor in the preparation of the budget estimates and projections and cash flow statements and forecasts set forth in various tables contained in this Official Statement. Consequently, the City Controller expresses no opinion with respect to any of the data contained in this Official Statement other than what is contained in the basic financial statements of the City in the Fiscal Year 2018 CAFR.

Miscellaneous

The quotations from and summaries and explanations of the Constitution and laws of the Commonwealth and ordinances and resolutions of the City contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof, and all descriptions and summaries of the 2019A Bonds are qualified in their entirety by reference to the definitive form of the 2019A Bonds. Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Bond Committee Resolution.

This Official Statement speaks only as of the date printed on the cover page hereof. The information contained herein is subject to change. This Official Statement will be made available through the Municipal Securities Rulemaking Board's Electronic Municipal Market Access ("EMMA") system, accessible at <http://emma.msrb.org>.

THE 2019A BONDS

General

The 2019A Bonds will be dated the date of their original issuance and delivery and will bear interest at fixed rates and mature on the dates set forth on the inside cover page of this Official Statement. Interest on the 2019A Bonds will be (i) computed on the basis of a 360-day year, consisting of twelve 30-day months and (ii) payable on each February 1 and August 1, commencing August 1, 2019 (each, an “Interest Payment Date”).

Interest on the 2019A Bonds will be paid by check of the Fiscal Agent mailed to the Registered Owners (as defined herein) at their respective addresses appearing in the bond register at the close of business on the fifteenth day immediately preceding each Interest Payment Date (the “Record Date”). Interest is payable by wire transfer to a designated account within the continental United States upon receipt by the Fiscal Agent, at least two (2) business days prior to the applicable Record Date, of the written request of a Registered Owner of \$1,000,000 or more aggregate principal amount of 2019A Bonds. The principal of the 2019A Bonds will be payable at the designated corporate trust office of the Fiscal Agent upon presentation and surrender of the 2019A Bonds.

Notwithstanding the foregoing, while the 2019A Bonds are issued and registered in book-entry only form, interest and principal shall be payable in the manner described in APPENDIX F hereto.

Any interest on a 2019A Bond which is due and payable but is not punctually paid or duly provided for on an Interest Payment Date shall cease to be payable to the person in whose name such 2019A Bond is registered in the bond register (“Registered Owner”) maintained by the Fiscal Agent, as bond registrar, on the relevant Record Date and such defaulted interest will be paid to the Registered Owner at the close of business on a special record date, which shall be fixed by the Fiscal Agent. The Fiscal Agent shall cause notice of the date and amount of the proposed payment of defaulted interest and the special record date therefor to be mailed to each Registered Owner of a 2019A Bond, at its respective address appearing in the bond register, not less than ten (10) days prior to the special record date. The full text of the 2019A Bonds is included in the Bond Committee Resolution, a copy of which is on file with the Fiscal Agent. See “INTRODUCTION – Authorization” herein.

The 2019A Bonds will be issued as registered bonds in denominations of \$5,000 or any integral multiple thereof (“Authorized Denominations”).

No Redemption

The 2019A Bonds are not subject to redemption prior to maturity.

Transfer and Exchange

Any 2019A Bond may be surrendered for registration of transfer or for exchange to the Fiscal Agent, as bond registrar, duly endorsed or accompanied by a written instrument of transfer in form and with guaranty of signature satisfactory to the bond registrar and executed by the Registered Owner or the Registered Owner’s attorney-in-fact. The bond registrar is required to authenticate and deliver to and in the name of the designated transferee one or more new fully-registered 2019A Bonds of the same maturity, in Authorized Denominations and of the same aggregate principal amount as the 2019A Bonds so surrendered. No service charge will be made for any transfer or exchange, except that the Registered Owner requesting the transfer or exchange shall be required to pay any tax or governmental charge payable in connection therewith. When the book-entry system is in effect, transfers of Beneficial

Owners' (as defined in APPENDIX F) interests in the 2019A Bonds will be accomplished by book entries made by DTC and, in turn, by the DTC Participants who act on behalf of the Beneficial Owners. See APPENDIX F.

SECURITY FOR THE 2019A BONDS

General

The 2019A Bonds are general obligations of the City, and the full faith, credit and taxing power of the City are pledged for the payment of the principal of and interest on the 2019A Bonds when due. The City has covenanted in the Refunding Ordinance that, so long as the 2019A Bonds remain outstanding, it will make payments out of its sinking fund or any other of its general revenues or funds at such times and in such annual amounts as shall be sufficient for the payment of interest thereon and the principal thereof when due. See "DEBT OF THE CITY" in APPENDIX A.

The availability of revenues and funds of the City to support its general obligation debt, including the 2019A Bonds, is, however, subject to the priority in application of revenues as is required by law for the City's revenue bonds and to covenants made with respect to such revenue bonds, and excludes grants in aid, trust funds and sinking funds designated for application to specific purposes. As of December 31, 2018, the City had outstanding \$2,048,233,000 aggregate principal amount of Water and Wastewater Revenue Bonds, \$997,905,000 aggregate principal amount of Gas Works Revenue Bonds, and \$1,585,225,000 aggregate principal amount of Airport Revenue Bonds. Such revenue bonds are secured by a pledge of the revenues of the City's water and sewer system, revenues of the Philadelphia Gas Works ("PGW"), and revenues of the City's airport system, respectively, constituting a first lien on such revenues. The City has also enacted an ordinance authorizing the issuance of approximately \$350 million aggregate principal amount in commercial paper for the Division of Aviation, and ordinances authorizing the issuance of up to \$270 million of Gas Works Revenue Notes to finance working capital and capital projects for PGW and the issuance of up to approximately \$200 million of Gas Works Revenue Bonds to finance capital projects for PGW. See APPENDIX A for certain financial information regarding the City and APPENDIX C for the City's Fiscal Year 2018 CAFR.

Rights and Remedies of Bondholders

Should a Registered Owner fail to receive payment of principal and interest when due and payable, a suit may be brought by such Registered Owner against the City to seek a judgment for the unpaid amount.

No writ of execution may be issued on such judgment against the real or personal property of the City, but under section 6 of the Act of April 15, 1834, P.L. 537, a judgment creditor may cause the court to issue a writ commanding the City Treasurer to cause the judgment to be paid out of any unappropriated monies of the City, and if there be no such monies, out of the first monies that shall be received for the use of the City. This statute was repealed by the Act of April 28, 1978, P.L. 202, which provides that "[g]eneral rules promulgated pursuant to the Constitution of Pennsylvania and the Judicial Code in effect on the effective date of the repeal of a statute, shall prescribe and provide the practice and procedure with respect to the enforcement of any right, remedy or immunity where the practice and procedure had been governed by the repealed statute on the date of its repeal. If no such general rules are in effect with respect to the repealed statute on the effective date of its repeal, the practice and procedure provided in the repealed statute shall continue in full force and effect, as part of the common law of the Commonwealth, until such general rules are promulgated." Since no general rules were in effect with respect to the repealed statute on the effective date of its repeal and no general rules have been promulgated since such effective date, the practices and procedures provided in the repealed statute

continue in full force and effect. Furthermore, the City's Home Rule Charter requires that, if any obligations of the City are not paid or provided for within the fiscal year in which such obligations are payable, the annual operating budget ordinance for the following fiscal year shall provide for discharging the resulting deficit.

The rights and remedies of Bondholders with respect to the City's obligations under the 2019A Bonds could be significantly limited by the provisions of Chapter 9 of the United States Bankruptcy Code ("Chapter 9"). Chapter 9 permits, under prescribed circumstances (and only after an authorization by the applicable state legislature or by a governmental office or organization empowered by state law to give such authorization), a "municipality" of a state to file a petition for relief in a bankruptcy court of the United States if it is insolvent or unable to meet its debts as they mature, and it desires to effect a plan to adjust its debt. Chapter 9 defines "municipality" as a "political subdivision or public agency or instrumentality of a State." Thus, for purposes of Chapter 9, except as may be limited by state law, the City would be considered a "municipality." As a result of the commencement of a federal bankruptcy case by the City, Bondholders could experience delays in receiving payments of principal or redemption price of, or interest on, the 2019A Bonds, as well as partial or total losses of their investments in the 2019A Bonds.

The Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (Pa. P.L. 9, No. 6 (1991)) (the "PICA Act"), prohibits the City from filing a petition for relief under Chapter 9 so long as PICA has outstanding any bonds issued pursuant to the PICA Act. As of December 31, 2018, the principal amount of PICA Bonds outstanding was \$168,505,000. The final maturity date for such PICA Bonds is June 15, 2023, which would occur prior to the final maturity of the 2019A Bonds. Furthermore, if no PICA bonds are outstanding, the PICA Act requires approval in writing by the Governor of the Commonwealth for a filing under Chapter 9 by the City. If the Governor were to grant an approval for the City to file a petition under Chapter 9, and the City were to so file, provisions of the United States Bankruptcy Code could limit the enforcement of Bondholders' rights and remedies. See "THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – *Non-Mayoral-Appointed or Nominated Agencies – PICA*" in APPENDIX A hereto.

Regardless of any specific adverse determinations in a City bankruptcy proceeding, the existence of such a proceeding could have a materially adverse effect on the liquidity and value of the 2019A Bonds.

The rights and remedies of Bondholders could also be limited by other reorganization and insolvency proceedings, and general principles of equity (whether asserted in a proceeding at law or in equity).

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

PLAN OF FINANCE AND ESTIMATED SOURCES AND USES OF FUNDS

The City will use the proceeds of the 2019A Bonds to (i) refund the City’s outstanding General Obligation Fixed Rate Refunding Bonds, Series 2009A, maturing on August 1, 2020 through August 1, 2031 inclusive, which are subject to optional redemption on August 1, 2019 (the “Refunded Bonds”), and (ii) pay the costs of issuing the 2019A Bonds. The August 1, 2019 maturity of the General Obligation Fixed Rate Refunding Bonds, Series 2009A, will be paid in full on such date and is not included in the Refunded Bonds.

A portion of the proceeds of the 2019A Bonds will be (i) deposited in an escrow fund established under an Escrow Deposit Agreement dated as of May 14, 2019 (the “Escrow Agreement”), between the City and U.S. Bank National Association, as escrow agent, (ii) invested in United States Treasury securities, and (iii) applied to the payment of the interest on and redemption price of the Refunded Bonds on the date fixed for the redemption of the Refunded Bonds, as described in the preceding paragraph. See “VERIFICATION” herein.

The following table sets forth estimated sources and uses of funds in connection with the 2019A Bonds:

Sources of Funds	
Principal Amount.....	\$188,660,000.00
Original Issue Premium	<u>25,309,221.65</u>
Total Sources of Funds	<u>\$213,969,221.65</u>
Uses of Funds	
Refunding of the Refunded Bonds	\$212,498,734.27
Costs of Issuance ⁽¹⁾	<u>1,470,487.38</u>
Total Uses of Funds	<u>\$213,969,221.65</u>

⁽¹⁾ Includes legal fees, Underwriters’ discount, printing costs, rating agency fees, Fiscal Agent’s fees, escrow agent fees, co-financial advisor fees, verification agent fees, and other expenses of the offering.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

FISCAL YEAR DEBT SERVICE REQUIREMENTS

Set forth below is the schedule of debt service payments for all outstanding debt of the City that is supported by the General Fund (“General Fund-Supported Debt”) in each Fiscal Year of the City ending June 30. This schedule does not include (i) debt service on PICA Bonds (as defined in APPENDIX A), (ii) debt service on the City’s revenue bonds or notes, which include Water and Wastewater Revenue Bonds, Gas Works Revenue Bonds, and Airport Revenue Bonds, (iii) debt service on the City’s tax and revenue anticipation notes, or (iv) letter of credit fees. For more information on the City’s outstanding debt, see “DEBT OF THE CITY” (and Tables 40-43 therein) and “OTHER FINANCING RELATED MATTERS” in APPENDIX A hereto.

Amounts in Millions of USD

Period Ending June 30,	Debt Service on the 2019A Bonds (A)	Current Debt Service on General Obligation Debt ^{(1), (2), (3)} (B)	Current Debt Service on all other General Fund- Supported Debt ^{(4), (5), (6)} (C)	Aggregate Debt Service on all General Fund- Supported Debt (A+B+C)
2020	\$6.73	\$146.86	\$234.05	\$387.65
2021	27.62	117.29	234.13	379.04

TOTALS⁽⁷⁾	<u>\$233.18</u>	<u>\$1,922.81</u>	<u>\$3,072.03</u>	<u>\$5,228.02</u>

⁽¹⁾ Includes both Tax-Supported Debt and Self-Supporting Debt. See “INTRODUCTION – Constitutional Debt Limit.”

⁽²⁾ Reflects the refunding of the Refunded Bonds.

⁽³⁾ Assumes interest rate on hedged variable rate bonds to be the associated fixed swap rate.

⁽⁴⁾ Includes bonds of the Philadelphia Authority for Industrial Development (“PAID”), the Philadelphia Municipal Authority, the Philadelphia Parking Authority, and the Philadelphia Redevelopment Authority. For capital appreciation bonds, only actual amounts payable are included.

⁽⁵⁾ Assumes interest rate on hedged variable rate bonds to be the associated fixed swap rate, plus any fixed spread. Net of capitalized interest on PAID City Service Agreement Revenue Refunding Bonds, Series 2012 (Federally Taxable).

⁽⁶⁾ Includes sublease payments of approximately \$15.2 million annually, for the police headquarters renovation and projects that in year nine (2026), the City issues approximately \$200 million in bonds to acquire the project at an assumed interest rate of 5% over the next 20 years.

⁽⁷⁾ Totals may not add due to rounding.

UNDERWRITING

The 2019A Bonds are being purchased by the Underwriters named on the cover page of this Official Statement, for whom Barclays Capital, Inc. is acting as the representative, subject to certain terms and conditions set forth in a Contract of Purchase between the City and Barclays Capital, Inc., as representative of the Underwriters, at a purchase price of \$213,260,296.65, which reflects the par amount of the 2019A Bonds, plus original issue premium of \$25,309,221.65, less an Underwriters' discount of \$708,925.00. The 2019A Bonds are offered for sale to the public at prices set forth on the inside front cover page of this Official Statement. The 2019A Bonds may be offered and sold to certain dealers (including the Underwriters and other dealers depositing 2019A Bonds into investment trusts) at prices lower than such offering prices, and such public offering prices may be changed from time to time by the Underwriters without prior notice.

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Underwriters and their respective affiliates have, from time to time, performed and may in the future perform, various investment banking services for the City for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the City.

Wells Fargo Securities is the trade name for certain securities-related capital markets and investment banking services of Wells Fargo & Company and its subsidiaries, including Wells Fargo Bank, National Association, which conducts its municipal securities sales, trading and underwriting operations through the Wells Fargo Bank, NA Municipal Products Group, a separately identifiable department of Wells Fargo Bank, National Association, registered with the Securities and Exchange Commission as a municipal securities dealer pursuant to Section 15B(a) of the Securities Exchange Act of 1934.

Wells Fargo Bank, National Association, acting through its Municipal Products Group ("WFBNA"), one of the underwriters of the 2019A Bonds, has entered into an agreement (the "WFA Distribution Agreement") with its affiliate, Wells Fargo Clearing Services, LLC (which uses the trade name "Wells Fargo Advisors") ("WFA"), for the distribution of certain municipal securities offerings, including the 2019A Bonds. Pursuant to the WFA Distribution Agreement, WFBNA will share a portion of its underwriting or remarketing agent compensation, as applicable, with respect to the 2019A Bonds with WFA. WFBNA has also entered into an agreement (the "WFSLLC Distribution Agreement") with its affiliate Wells Fargo Securities, LLC ("WFSLLC"), for the distribution of municipal securities offerings, including the 2019A Bonds. Pursuant to the WFSLLC Distribution Agreement, WFBNA pays a portion of WFSLLC's expenses based on its municipal securities transactions. WFBNA, WFSLLC, and WFA are each wholly-owned subsidiaries of Wells Fargo & Company.

LEGALITY FOR INVESTMENT

Under the Pennsylvania Probate, Estates and Fiduciaries Code, the 2019A Bonds are authorized investments for fiduciaries, as defined in that code, within the Commonwealth. The 2019A Bonds are legal investments for Pennsylvania savings banks, banks, trust companies and insurance companies and are acceptable as security for deposits of funds of the Commonwealth.

RATINGS

Fitch Ratings, Inc., Moody's Investors Service, Inc., and S&P Global Ratings, a division of S&P Global Inc., have assigned the 2019A Bonds ratings of "A-" with a positive outlook, "A2" with a stable outlook, and "A" with a stable outlook, respectively. Such ratings reflect only the view of each such credit rating agency. An explanation of the significance of each of such ratings and any outlook may only be obtained from the rating agency furnishing the same.

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time. There is no assurance that any such credit rating will continue for any given period of time or that it will not be revised or withdrawn entirely by such credit rating agency if, in its judgment, circumstances so warrant. Neither the City nor the Underwriters have undertaken any responsibility to assure the maintenance of any rating. The City has agreed, in the Continuing Disclosure Agreement, to report actual rating changes on the 2019A Bonds. See "CONTINUING DISCLOSURE UNDERTAKING" herein and APPENDIX E. Any downward change in or withdrawal of such credit rating may have an adverse effect on the marketability or market price of the 2019A Bonds.

TAX MATTERS

Federal Tax Exemption

The Internal Revenue Code of 1986, as amended (the "Code") contains provisions relating to the tax-exempt status of interest on obligations issued by governmental entities which apply to the 2019A Bonds. These provisions include, but are not limited to, requirements relating to the use and investment of the proceeds of the 2019A Bonds and the rebate of certain investment earnings derived from such proceeds to the United States Treasury Department on a periodic basis. These and other requirements of the Code must be met by the City subsequent to the issuance and delivery of the 2019A Bonds in order for interest thereon to be and remain excludable from gross income for purposes of federal income taxation. The City has covenanted to comply with such requirements.

In the opinion of Co-Bond Counsel, interest on the 2019A Bonds will be excluded from gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. Interest on the 2019A Bonds is not treated as an item of tax preference under Section 57 of the Code for purposes of the federal alternative minimum tax.

The opinion of Co-Bond Counsel assumes the accuracy of the representations and certifications of the City and is subject to a number of qualifications and limitations, including the condition that the City comply with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2019A Bonds in order that interest thereon continues to be excluded from gross income. Failure to comply with certain of such requirements could cause the interest on the 2019A Bonds to be includable in gross income retroactive to the date of issuance of the 2019A Bonds. The City has covenanted to comply with all such requirements.

In addition to the matters addressed above, prospective purchasers of the 2019A Bonds should be aware that ownership of the 2019A Bonds may result in collateral tax consequences to certain taxpayers, including, but not limited to, foreign corporations, certain S corporations, financial institutions, recipients of social security and railroad retirement benefits and property or casualty insurance companies.

Original Issue Premium. The 2019A Bonds have been sold with original issue premium (the “Premium Bonds”). An amount equal to the excess of the initial public offering price of a Premium Bond over its stated redemption price at maturity constitutes premium on such Premium Bond. A purchaser of a Premium Bond must amortize any premium over such Premium Bond’s term using constant yield principles. The amount of amortized bond premium (i) reduces the holder’s basis in the Premium Bond for purposes of determining gain or loss for federal income tax purposes upon the sale or other disposition of the Premium Bond and (ii) is not allowed as a deduction for federal income tax purposes to the holder. **Purchasers of any Premium Bonds, whether at the time of the initial issuance or subsequent thereto, should consult their own tax advisors with respect to the determination and treatment of premium.**

No assurances can be given that amendments to the Code or other federal legislation will not be introduced and/or enacted which would cause interest on the 2019A Bonds to be subject, directly or indirectly, to Federal income taxation or adversely affect the market price of the 2019A Bonds or otherwise prevent the holders of the 2019A Bonds from realizing the full current benefit of the federal tax status of the interest thereon.

State Tax Exemption

In the opinion of Co-Bond Counsel, under the laws of the Commonwealth, as enacted and construed on the date hereof, the interest on the 2019A Bonds is exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax.

Co-Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the 2019A Bonds.

This summary is based on laws, regulations, rulings and decisions now in effect, all of which may change. Any change could apply retroactively and could affect the continued validity of this summary. **Prospective purchasers should consult their tax advisors about the consequences of purchasing or holding the 2019A Bonds.**

CERTAIN LEGAL MATTERS

Certain legal matters incident to the authorization, issuance and sale of the 2019A Bonds are subject to the approval of the legality of the issuance of the 2019A Bonds by Cozen O’Connor and Ahmad Zaffarese LLC, both of Philadelphia, Pennsylvania, Co-Bond Counsel. The proposed form of opinion of Co-Bond Counsel is included herein as APPENDIX D. Certain legal matters will be passed upon for the City by the City of Philadelphia Law Department, and for the Underwriters by their co-counsel, Dilworth Paxson LLP and Hardwick Law Firm, LLC, both of Philadelphia, Pennsylvania. Hawkins Delafield & Wood LLP and the Law Office of Ann C. Lebowitz, Philadelphia, Pennsylvania, Co-Disclosure Counsel to the City, will each deliver an opinion to the City and the Underwriters regarding certain matters.

The various legal opinions to be delivered concurrently with the delivery of the 2019A Bonds express the professional judgment of the attorneys rendering the opinions as to the legal issues explicitly addressed therein. In rendering a legal opinion, the attorney does not become an insurer or guarantor of that expression of professional judgment, of the transaction opined upon, or of the future performance of

parties to the transaction. Nor does the rendering of an opinion guarantee the outcome of any legal dispute that may arise out of the transaction.

NO LITIGATION

Upon delivery of the 2019A Bonds, the City of Philadelphia Law Department (the “Law Department”) shall furnish an opinion to the effect, among other things, that, except for litigation, other legal proceedings, or threats thereof which, in the opinion of the Law Department, are without merit and except as disclosed in this Official Statement (including in “LITIGATION” in APPENDIX A hereto and in Note 8 to the Fiscal Year 2018 CAFR, “Contingencies – Primary Government – Claims and Litigation” in APPENDIX C hereto), there is no litigation or other legal proceeding pending in any court or, to the best of its knowledge after inquiry within the Law Department, threatened in writing against the City, (i) seeking to restrain or enjoin the issuance, execution, delivery, or sale of the 2019A Bonds, (ii) contesting the validity or enforceability of the City’s obligations under 2019A Bonds, the Refunding Ordinance, the Bond Committee Resolution, the Escrow Agreement, or the transactions contemplated thereby, (iii) challenging the right of any City official who signs the Official Statement to hold his or her office, or (iv) in which a final adverse decision can be anticipated which would reasonably be expected to materially and adversely affect the financial condition or operations of the City as a whole or the performance by the City of its obligations under the 2019A Bonds, the Refunding Ordinance, the Bond Committee Resolution, the Escrow Agreement, or the transactions contemplated thereby.

FINANCIAL ADVISORS

PFM Financial Advisors LLC of Philadelphia, Pennsylvania and Acacia Financial Group, Inc. of Mt. Laurel, New Jersey are acting as co-financial advisors (together, the “Financial Advisors”) to the City in connection with the issuance of the 2019A Bonds. The Financial Advisors have assisted in the preparation of this Official Statement and in other matters relating to the planning, structuring and issuance of the 2019A Bonds. They have received and reviewed but have not independently verified information in this Official Statement for accuracy or completeness (except, as to each Financial Advisor, the information in this section). Investors should not draw any conclusions as to the suitability of the 2019A Bonds from, or base any investment decisions upon, the fact that the Financial Advisors have advised the City with respect to the 2019A Bonds. The Financial Advisors’ fees for this issue are contingent upon the sale and issuance of the 2019A Bonds.

The Financial Advisors are financial advisory and consulting organizations and not organizations engaged in the business of underwriting, marketing or trading of municipal securities or any other negotiable instruments.

VERIFICATION

American Municipal Tax-Exempt Compliance Corporation (the “Verification Agent”) will deliver to the City, on or before the date of the delivery of the 2019A Bonds, its report (the “Verification Report”) indicating that it has verified the mathematical accuracy of the information provided by the City and its representatives with respect to the refunding requirements of the Refunded Bonds. Included within the scope of its engagement will be a verification of the mathematical accuracy of the computations of the adequacy of the cash and maturing principal of the securities to be placed in an escrow account to meet the scheduled payment of interest on the Refunded Bonds until redemption and the payment of the redemption price of the Refunded Bonds on the date fixed for the redemption as further described in “PLAN OF FINANCE AND ESTIMATED SOURCES AND USES OF FUNDS” above.

The verification performed by the Verification Agent will be based solely upon data, information and documents provided to the Verification Agent. The Verification Report will state that the Verification Agent has no obligation to update the Verification Report for events occurring, or data or information coming to their attention, subsequent to the date of the Verification Report.

CONTINUING DISCLOSURE UNDERTAKING

In order to assist the Underwriters in complying with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended, the City (i) will enter into a Continuing Disclosure Agreement with Digital Assurance Certification, L.L.C., as dissemination agent, for the benefit of the Registered Owners (as defined in such agreement) of the 2019A Bonds, to be dated the date of original delivery of and payment for the 2019A Bonds, the form of which is annexed hereto as APPENDIX E, and (ii) has provided the disclosure contained in the following paragraphs.

In connection with the continuing disclosure annual filing for Gas Works Revenue Bonds that was made in February 2016, certain annual financial information that should have been included was not filed until August 2016. The late-filed information was required by a continuing disclosure agreement that had been entered into in connection with Gas Works Revenue Bonds that were issued in August 2015. The information that the City filed in February 2016 satisfied all prior continuing disclosure agreements relating to Gas Works Revenue Bonds. In connection with the continuing disclosure annual filing for certain Gas Works Revenue Bonds that was made in February 2019, the audited financial statements for the Philadelphia Gas Works' fiscal year ended August 31, 2018, were inadvertently not filed until March 2019.

The City has reviewed and updated its disclosure policies and procedures to assist the City in complying with its continuing disclosure undertakings in the future.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

MISCELLANEOUS

This Official Statement is made available only in connection with the sale of the 2019A Bonds and may not be used in whole or in part for any other purpose. This Official Statement is not to be construed as a contract or agreement between the City, the Underwriters, and the purchasers or owners of any of the 2019A Bonds. Any statements made in this Official Statement involving matters of opinion, whether or not expressly so stated, are intended merely as opinions and not as representations of fact. No representation is made that any of the opinions or estimates will be realized. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there is no change in the affairs of the City since the date hereof.

The attached Appendices are integral parts of this Official Statement and should be read in their entirety together with the foregoing statements.

The City makes no representations or warranties to investors as to the accuracy or timeliness of any other information available on the City's Investor Website or any other website maintained by the City, nor any hyperlinks referenced therein.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The City has authorized the execution and distribution of this Official Statement.

OVERVIEW

The City of Philadelphia (the “City” or “Philadelphia”), located along the southeastern border of the Commonwealth of Pennsylvania (the “Commonwealth” or “Pennsylvania”), is the largest city in the Commonwealth and the sixth largest city in the United States with approximately 1.58 million residents (based on 2017 estimates). The 2000 and 2010 U.S. Census reflect the City’s first population gain in 60 years. From 2010 to 2017, the City’s population has further increased by more than 52,000 residents (over 3%). The City is also the center of the United States’ eighth largest metropolitan statistical area, which is an 11-county area encompassing the City, Camden, NJ, and Wilmington, DE and represents approximately 6.1 million residents (based on 2017 estimates).

The City benefits from its strategic geographical location, relative affordability, cultural and recreational amenities, and its growing strength in key industries. The City’s economy is composed of diverse industries, with virtually all classes of industrial and commercial businesses represented. The City is a major regional business and personal services center with strengths in insurance, law, finance, healthcare, higher education, utilities, and the arts. In addition, the City is a center for health, education, research and science facilities with the nation’s largest concentration of healthcare resources within a 100-mile radius.

The cost of living in the City is relatively moderate and affordable compared to other major metropolitan areas in the northeast United States. The City, as one of the country’s education centers, offers the business community a large and diverse labor pool that draws from major universities including, within the geographical boundaries of the City, the University of Pennsylvania, Temple University, Drexel University, St. Joseph’s University, and LaSalle University, among others.

Fiscal Challenges

Despite population growth and the other favorable characteristics summarized above, the City continues to face certain significant ongoing structural fiscal challenges, which are described in the Proposed Fiscal Year 2020 Budget or the Proposed Twenty-Eighth Five-Year Plan (each as defined herein) and briefly summarized below.

Low General Fund Reserves: For Fiscal Year 2020, the City’s projected General Fund balance available for appropriation is \$150.1 million, or approximately 3% of projected expenditures. The Mayor’s target for the General Fund balance is 6-8% of expenditures. Over the course of the Proposed Twenty-Eighth Five-Year Plan (Fiscal Years 2020-2024), the City’s projected General Fund balance averages approximately \$128.5 million per Fiscal Year (as defined herein), with a low of \$97.6 million in Fiscal Year 2022. Such low balances put the City in jeopardy of not having the financial flexibility to respond to unexpected reductions in revenues or increases in costs without having to make significant cuts.

In order to provide the City with some financial flexibility should unexpected costs arise, the Mayor has proposed to transfer \$34.1 million to the Budget Stabilization Reserve (as defined herein) in the Proposed Fiscal Year 2020 Budget. No assurances can be given that City Council will adopt the Proposed Fiscal Year 2020 Budget in the form proposed by the Mayor or that such transfer to the Budget Stabilization Reserve, in such amount, will be included in the budget ordinance when adopted.

For more information on the City’s historical financial operations and the City’s projected General Fund balances for Fiscal Years 2019-2024, see “DISCUSSION OF FINANCIAL OPERATIONS” and Tables 1 and 2 (and the text following Table 2) herein.

For more information on the Budget Stabilization Reserve, see “DISCUSSION OF FINANCIAL OPERATIONS – Budget Stabilization Reserve” herein.

Federal and State Budget Reserve: To continue mitigating against potential state and federal cuts in funds provided to the City, the Proposed Fiscal Year 2020 Budget sets aside \$55.1 million in a reserve. The Proposed Twenty-Eighth Five-Year Plan continues funding such a reserve through Fiscal Year 2024. Although this reserve would help to offset any such cuts, it represents only a small fraction of what the City projects to receive in grants from the state and federal governments in Fiscal Year 2020. Accordingly, if potential cuts were to exceed the amount in the reserve, it could require the City to make difficult decisions about what to continue funding. If potential cuts in any Fiscal Year were less than the reserve amount established for such year, the difference would increase the General Fund balance at the end of such year unless the City uses the funds in such reserve for other purposes.

Labor Reserve: The Proposed Twenty-Eighth Five-Year Plan also includes a labor reserve. While all of the City’s unions are covered by bargaining agreements through June 30, 2020, the Mayor has proposed budgeting for potential future labor cost increases once such agreements expire. As such, the Proposed Twenty-Eighth Five-Year Plan includes labor reserves of (i) \$20 million (Fiscal Year 2021), (ii) \$30 million (Fiscal Year 2022), (iii) \$40 million (Fiscal Year 2023), and (iv) \$50 million (Fiscal Year 2024).

Weak Tax Base: Approximately three-quarters of the City’s revenues come from local taxes and the largest portion of these tax revenues, more than 40%, comes from the Wage and Earnings Tax (see Table 3 and “REVENUES OF THE CITY – Wage, Earnings, and Net Profits Taxes” herein). The City’s poverty rate, the highest of the 10 most populous U.S. cities, leads to a relatively weak tax base. The high poverty rate also creates stronger demand for public services.

High Tax Burden: The City’s weak tax base results in higher tax rates to generate the same amount of revenue as cities that have stronger tax bases. Approximately three-quarters of the City’s General Fund revenues come from taxes, and more than 85% of tax revenues come from just four taxes: Wage and Earnings Taxes, Real Estate Taxes, Business Income and Receipts Taxes (“BIRT”), and Real Property Transfer Taxes. The City remains unique among the nation’s largest cities in that it imposes a tax on both corporate profits and revenue through the BIRT, which is projected to generate 13.2% of the City’s local tax revenue in Fiscal Year 2020 (based on projections included in the Proposed Fiscal Year 2020 Budget). See “REVENUES OF THE CITY” and Table 3 herein.

High Fixed Legacy Costs: The City’s high fixed legacy costs consume a significant portion of the City’s budget. The largest of such costs is the City’s payment to the Municipal Pension Fund. Pension costs (as proposed) are budgeted to consume approximately 15% of the Proposed Fiscal Year 2020 Budget, with a City pension cost of approximately \$746 million (from the General Fund). Even with such large payments, the Municipal Pension Fund is under 50% funded. See “PENSION SYSTEM” herein.

Local Control of the School District: As of July 1, 2018, the School District of Philadelphia (the “School District”) is governed by a Board of Education, with all members thereof appointed by the Mayor. In the Proposed Fiscal Year 2020 Budget, the City’s direct contribution to the School District from the General Fund is \$214.0 million in Fiscal Year 2020, an amount \$33.1 million higher than the budgeted amount and current estimate for Fiscal Year 2019 (\$180.9 million). Such increase in the direct contribution to the School District from the General Fund is the largest single increase in spending in the Proposed Fiscal Year 2020 Budget.

For more information on the School District, see “THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – Mayoral-Appointed or Nominated Agencies – The School District.” For more information on the City’s historical contributions to the School District, including the current estimate for Fiscal Year 2019, see “EXPENDITURES OF THE CITY – City Payments to School District” and Table 21 herein.

In addition to the ongoing structural challenges described above, the City faces several near-term fiscal uncertainties, such as (i) continued increases in pension costs, (ii) the possibility of an economic downturn, (iii) uncertainties related to how the recent amendments to the federal tax code may impact the City’s economy (such as the limits placed on the state and local tax deduction, among others), (iv) possible decreases in federal and state spending, and (v) potential increases in labor costs under future labor agreements (as noted above, the City’s unions are covered by bargaining agreements through June 30, 2020).

This “OVERVIEW” is intended to highlight certain of the structural challenges and fiscal uncertainties facing the City. The reader is cautioned to review with care the more detailed information presented in this APPENDIX A.

THE GOVERNMENT OF THE CITY OF PHILADELPHIA

Introduction

As noted above, the City is the largest city in the Commonwealth, the sixth largest city in the United States, and the center of the United States’ eighth largest metropolitan statistical area. The City benefits from its strategic geographical location, relative affordability, cultural and recreational amenities, and its growing strength in key industries.

As one of the country’s education centers, the City offers the business community a large and diverse labor pool. The University of Pennsylvania, Temple University, Drexel University, St. Joseph’s University, La Salle University, and Community College of Philadelphia are certain of the well-known institutions of higher education located in the City. There are also a number of other well-known colleges and universities located near the City, notably including Villanova University, Bryn Mawr College, Haverford College, Swarthmore College, Lincoln University, and the Camden Campus of Rutgers University, among others.

The City is a center for health, education, research and science facilities. In the City, there are more than 30 hospitals, including the Children’s Hospital of Philadelphia, Hospital of the University of Pennsylvania, Hahnemann University Hospital, Einstein Medical Center-Philadelphia, Temple University Hospital, and Thomas Jefferson University Hospital and Jefferson Health, among others, and schools of medicine, dentistry, pharmacy, optometry, podiatry, and veterinary medicine.

Tourism is important to the City and is driven by the City’s extraordinary historic and cultural assets. The City’s Historic District includes Independence Hall, the Liberty Bell, Carpenters’ Hall, the Betsy Ross House, and Elfreth’s Alley, the nation’s oldest residential street. The Parkway District includes the Philadelphia Museum of Art, the Barnes Foundation, and the Rodin Museum. The Avenue of the Arts, located along a mile-long section of South Broad Street between City Hall and Washington Avenue, includes the Kimmel Center, the Academy of Music, and other performing arts venues. All of the foregoing are key tourist attractions in the City.

For more information on the City’s demographic and economic resources and economic development initiatives, see APPENDIX B hereto.

History and Organization

The City was incorporated in 1789 by an Act of the General Assembly of the Commonwealth (the “General Assembly”) (predecessors of the City under charters granted by William Penn in his capacity as proprietor of the colony of Pennsylvania may date to as early as 1682). In 1854, the General Assembly, by an act commonly referred to as the Consolidation Act: (i) made the City’s boundaries coterminous with the boundaries of Philadelphia County (the same boundaries that exist today) (the “County”); (ii) abolished all governments within these boundaries other than the City and the County; and (iii) consolidated the legislative functions of the City and the County. Article 9, Section 13 of the Pennsylvania Constitution abolished all county offices in the City, provides that the City performs all functions of county government, and states that laws applicable to counties apply to the City.

Since 1952, the City has been governed under a Home Rule Charter authorized by the General Assembly (First Class City Home Rule Act, Act of April 21, 1949, P.L. 665, Section 17) and adopted by the voters of the City (as amended and supplemented, the “City Charter”). The City Charter provides, among other things, for the election, organization, powers and duties of the legislative branch (the “City Council”) and the executive and administrative branch, as well as the basic rules governing the City’s fiscal and budgetary matters, contracts, procurement, property, and records. Under Article XII of the City Charter, the School District operates as a separate and independent home rule school district. Certain other constitutional provisions and Commonwealth statutes continue to govern various aspects of the City’s affairs, notwithstanding the broad grant of powers of local self-government in relation to municipal functions set forth in the First Class City Home Rule Act.

Under the City Charter, there are two principal governmental entities in the City: (i) the City, which performs municipal and county functions; and (ii) the School District, which has boundaries coterminous with the City and responsibility for all public primary and secondary education.

The court system in the City, consisting of Common Pleas and Municipal Courts, is part of the Commonwealth judicial system. Although judges are paid by the Commonwealth, most other court costs are paid by the City, with partial reimbursement from the Commonwealth.

Elected and Appointed Officials

The Mayor is elected for a term of four years and is eligible to be elected for no more than two successive terms. Each of the seventeen members of City Council is also elected for a four-year term, which runs concurrently with that of the Mayor. There is no limitation on the number of terms that may be served by members of City Council. Of the members of City Council, ten are elected from districts and seven are elected at-large. No more than five of the seven at-large candidates for City Council may be nominated by any one party or political body. The District Attorney and the City Controller are elected at the mid-point of the terms of the Mayor and City Council.

The City Controller’s responsibilities derive from the City Charter, various City ordinances and state and federal statutes, and contractual arrangements with auditees. The City Controller must follow Generally Accepted Government Auditing Standards, established by the federal Government Accountability Office (formerly known as the General Accounting Office), and Generally Accepted Auditing Standards, promulgated by the American Institute of Certified Public Accountants.

The City Controller post-audits and reports on the City’s and the School District’s Comprehensive Annual Financial Reports (“CAFRs”), federal assistance received by the City, and the performance of City departments. The City Controller also conducts a pre-audit program of City expenditure documents required to be submitted for approval, such as invoices, payment vouchers,

purchase orders and contracts. Documents are selected for audit by category and statistical basis. The Pre-Audit Division verifies that expenditures are authorized and accurate in accordance with the City Charter and other pertinent legal and contractual requirements before any moneys are paid by the City Treasurer. The Pre-Audit Technical Unit, consisting of auditing and engineering staff, inspects and audits capital project design, construction and related expenditures. Other responsibilities of the City Controller include investigation of allegations of fraud, preparation of economic reports, certification of the City's debt capacity and the capital nature and useful life of the capital projects, and opining to the Pennsylvania Intergovernmental Cooperation Authority ("PICA") on the reasonableness of the assumptions and estimates in the City's five-year financial plans.

Under the City Charter, the principal officers of the City's government are the Managing Director of the City (the "Managing Director"), the Director of Finance of the City (the "Director of Finance"), the City Solicitor (the "City Solicitor"), the Director of Commerce (the "Director of Commerce"), the City Representative (the "City Representative"), and the Director of Planning and Development (the "Director of Planning and Development"). Under the City Charter, the Mayor appoints the Managing Director, the Director of Finance, the Director of Commerce, the City Representative, and the Director of Planning and Development. The Mayor, with the advice and consent of a majority of City Council, also appoints the City Solicitor.

The Managing Director, in coordination with the senior officials of City departments and agencies, is responsible for supervising the operating departments and agencies of the City that render the City's various municipal services. The Director of Commerce is charged with the responsibility of promoting and developing commerce and industry. The City Representative is the Ceremonial Representative of the City and especially of the Mayor. The City Representative is charged with the responsibility of giving wide publicity to any items of interest reflecting the activities of the City and its inhabitants, and for the marketing and promotion of the image of the City. Under the City Charter, the Director of Planning and Development oversees the Department of Planning and Development, which includes three divisions: (i) the Division of Development Services; (ii) the Division of Planning and Zoning; and (iii) the Division of Housing and Community Development. Such divisions represent five budgetary programs/fiscal divisions, including Executive Administration, Planning & Zoning, Development Services, Community Development, and Housing Development.

The City Solicitor is head of the Law Department and acts as legal advisor to the Mayor, City Council, and all of the agencies of the City government. The City Solicitor is also responsible for: (i) advising on legal matters pertaining to all of the City's contracts and bonds; (ii) assisting City Council, the Mayor, and City agencies in the preparation of ordinances for introduction in City Council; and (iii) conducting litigation involving the City.

The Director of Finance is the chief financial and budget officer of the City and is selected from three names submitted to the Mayor by a Finance Panel, which is established pursuant to the City Charter and is comprised of the President of the Philadelphia Clearing House Association, the Chairman of the Philadelphia Chapter of the Pennsylvania Institute of Certified Public Accountants, and the Dean of the Wharton School of Finance and Commerce of the University of Pennsylvania. Under Mayor Kenney's administration, the Director of Finance is responsible for the financial functions of the City, including: (i) development of the annual operating budget, the capital budget, and capital program; (ii) the City's program for temporary and long-term borrowing; (iii) supervision of the operating budget's execution; (iv) the collection of revenues through the Department of Revenue; (v) the oversight of pension administration as Chairperson of the Board of Pensions and Retirement; and (vi) the supervision of the Office of Property Assessment. The Director of Finance is also responsible for the appointment and supervision of the City Treasurer, whose office manages the City's debt program and serves as the

disbursing agent for the distribution of checks and electronic payments from the City Treasury and the management of cash resources.

The following are brief biographies of Mayor Kenney, his Chief of Staff, the Director of Finance, and the City Treasurer.

James F. Kenney, Mayor. On November 3, 2015, James F. Kenney was elected as the City's 99th Mayor and was sworn into office on January 4, 2016. Mayor Kenney is a lifelong resident of the City and a graduate of La Salle University. In 1991, Mayor Kenney was elected to serve as a Democratic City Councilman At-Large and was a member of City Council for 23 years.

James Engler, Chief of Staff. Mr. Engler was appointed Chief of Staff effective August 10, 2018. Prior to that, Mr. Engler served as Deputy Mayor for Policy and Legislation since January 2016. In that role, Mr. Engler served as a senior liaison between the Mayor's Office and City Council and was responsible for developing administration policy priorities and working with stakeholders inside and outside of government to advance those goals.

Rob Dubow, Director of Finance. Mr. Dubow has served as Director of Finance since being appointed on January 7, 2008. Prior to that appointment, Mr. Dubow was the Executive Director of PICA. He has also served as Executive Deputy Budget Secretary of the Commonwealth, from 2004 to 2005, and as Budget Director for the City, from 2000 to 2004.

Rasheia Johnson, City Treasurer. Ms. Johnson was appointed as City Treasurer on January 19, 2016. Ms. Johnson has over 17 years of experience in government and public finance. In public finance, she has worked in the capacities of investment banker, financial advisor, and issuer officer, including positions at Siebert Cisneros Shank, Loop Capital Markets, and Public Financial Management, and as Assistant to the Director of Finance for Debt Management for the City.

Government Services

Municipal services provided by the City include: (i) police and fire protection; (ii) health care; (iii) certain welfare programs; (iv) construction and maintenance of local streets, highways, and bridges; (v) trash collection, disposal and recycling; (vi) provision for recreational programs and facilities; (vii) maintenance and operation of the water and wastewater systems (the "Water and Wastewater Systems"); (viii) acquisition and maintenance of City real and personal property, including vehicles; (ix) maintenance of building codes and regulation of licenses and permits; (x) maintenance of records; (xi) collection of taxes and revenues; (xii) purchase of supplies and equipment; (xiii) construction and maintenance of airport facilities (the "Airport System"); and (xiv) maintenance of a prison system. For information on the Water and Wastewater Systems, see APPENDIX B – "KEY CITY-RELATED SERVICES AND BUSINESSES – Water and Wastewater." For information on the Airport System, see APPENDIX B – "TRANSPORTATION – Airport System."

The City owns the assets that comprise the Philadelphia Gas Works ("PGW" or the "Gas Works"). PGW serves residential, commercial, and industrial customers in the City. PGW is operated by Philadelphia Facilities Management Corporation ("PFMC"), a non-profit corporation specifically organized to manage and operate PGW for the benefit of the City. For more information on PGW, see "PGW PENSION PLAN," "PGW OTHER POST-EMPLOYMENT BENEFITS," "EXPENDITURES OF THE CITY – PGW Annual Payments," and "LITIGATION – PGW," among others.

Local Government Agencies

There are a number of governmental authorities and quasi-governmental non-profit corporations that also provide services within the City. Certain of these entities are comprised of governing boards, the members of which are either appointed or nominated, in whole or part, by the Mayor, while others are independent of the Mayor's appointment or recommendation.

Mayoral-Appointed or Nominated Agencies

Philadelphia Industrial Development Corporation and Philadelphia Authority for Industrial Development. The Philadelphia Industrial Development Corporation ("PIDC") and the Philadelphia Authority for Industrial Development ("PAID"), along with the City's Commerce Department, coordinate the City's efforts to maintain an attractive business environment, attract new businesses to the City, and retain existing businesses. PIDC manages PAID's activities through a management agreement. Of the 30 members of the board of PIDC, eight are City officers or officials (the Mayor, the Managing Director, the Finance Director, the Commerce Director, the Director of Planning and Development, the City Solicitor, and two members of City Council), nine members are designated by the President of the Chamber of Commerce of Greater Philadelphia (the "Chamber of Commerce"), and the remaining 13 members are jointly designated by the Chamber of Commerce and the Commerce Director. The five-member board of PAID is appointed by the Mayor.

Philadelphia Municipal Authority. The Philadelphia Municipal Authority (formerly the Equipment Leasing Authority of Philadelphia) ("PMA") was originally established for the purpose of buying equipment and vehicles to be leased to the City. PMA's powers have been expanded to include any project authorized under applicable law that is specifically authorized by ordinance of City Council. PMA is governed by a five-member board appointed by City Council from nominations made by the Mayor.

Philadelphia Energy Authority. The Philadelphia Energy Authority ("PEA") was established by the City and incorporated in 2011 for the purpose of facilitating and developing energy generation projects, facilitating and developing energy efficiency projects, the purchase or facilitation of energy supply and consumer energy education. PEA is authorized to participate in projects on behalf of the City, other government agencies, institutions and businesses. PEA is governed by a five-member board appointed by City Council from four nominations made by the Mayor and one nomination from City Council.

Philadelphia Redevelopment Authority. The Philadelphia Redevelopment Authority (formerly known as the Redevelopment Authority of the City of Philadelphia) (the "PRA"), supported by federal funds through the City's Community Development Block Grant Fund and by Commonwealth and local funds, is responsible for the redevelopment of the City's blighted areas. PRA is governed by a five-member board appointed by the Mayor.

Philadelphia Land Bank. The Philadelphia Land Bank (the "PLB") was created in December 2013 with a mission to return vacant and tax delinquent property to productive reuse. The PLB is an independent agency formed under the authority of City ordinance and Pennsylvania law. The PLB has an 11-member board of directors, of which five are appointed by the Mayor and five are appointed by City Council. The final board member is appointed by a majority vote of the other board members. The City provides funds for its operations. For more information on the PLB, see APPENDIX B – "ECONOMIC DEVELOPMENT STRATEGIES AND IMPLEMENTATION – City and Quasi-City Economic Development Agencies – Philadelphia Land Bank."

Philadelphia Housing Authority. The Philadelphia Housing Authority (the “PHA”) is a public body organized pursuant to the Housing Authorities Law of the Commonwealth and is neither a department nor an agency of the City. PHA is the fourth largest public housing authority in the United States and is responsible for developing and managing low and moderate income rental units and limited amounts of for-sale housing in the City. PHA is also responsible for administering rental subsidies to landlords who rent their units to housing tenants qualified by PHA for such housing assistance payments. PHA is governed by a nine-member Board of Commissioners, all of whom are appointed by the Mayor with the approval of a majority of the members of City Council. The terms of the Commissioners are concurrent with the term of the appointing Mayor. Two of the members of the Board are required to be PHA residents. For more information on PHA, see APPENDIX B – “ECONOMIC DEVELOPMENT STRATEGIES AND IMPLEMENTATION – City and Quasi-City Economic Development Agencies – The Philadelphia Housing Authority.”

Hospitals and Higher Education Facilities Authority of Philadelphia. The Hospitals and Higher Education Facilities Authority of Philadelphia (the “Hospitals Authority”) assists non-profit hospitals by financing hospital construction projects. The City does not own or operate any hospitals. The powers of the Hospitals Authority also permit the financing of construction of buildings and facilities for certain colleges and universities and other health care facilities and nursing homes. The Hospitals Authority is governed by a five-member board appointed by City Council from nominations made by the Mayor.

Southeastern Pennsylvania Transportation Authority. The Southeastern Pennsylvania Transportation Authority (“SEPTA”), which is supported by transit revenues and federal, Commonwealth, and local funds, is responsible for developing and operating a comprehensive and coordinated public transportation system in the southeastern Pennsylvania region. Two of the 15 members of SEPTA’s board are appointed by the Mayor and confirmed by City Council. For more information on SEPTA, see “EXPENDITURES OF THE CITY – City Payments to SEPTA” and APPENDIX B – “TRANSPORTATION – Southeastern Pennsylvania Transportation Authority (SEPTA).”

Pennsylvania Convention Center Authority. The Pennsylvania Convention Center Authority (the “Convention Center Authority”) constructed and maintains, manages, and operates the Pennsylvania Convention Center, which opened on June 25, 1993. The Pennsylvania Convention Center is owned by the Commonwealth and leased to the Convention Center Authority. An expansion of the Pennsylvania Convention Center was completed in March 2011. This expansion enlarged the Pennsylvania Convention Center to approximately 2,300,000 square feet with the largest contiguous exhibit space in the Northeast, the largest convention center ballroom in the East and the ability to host large tradeshow or two major conventions simultaneously.

Of the 15 members of the board of the Convention Center Authority, two are appointed by the Mayor and one by each of the President and Minority Leader of City Council. The Director of Finance is an ex-officio member of the Board with no voting rights. The Commonwealth, the City and the Convention Center Authority have entered into an operating agreement with respect to the operation and financing of the Pennsylvania Convention Center. In January 2014, SMG began managing and operating the Pennsylvania Convention Center, instituting a number of measures intended to reduce and control show costs and improve customer service. For more information on the Convention Center Authority, see “EXPENDITURES OF THE CITY – City Payments to Convention Center Authority.”

The School District. The School District was established, pursuant to the First Class City Home Rule Education Act, by the Educational Supplement to the City Charter as a separate and independent home rule school district to provide free public education to the City’s residents. Under the City Charter, the School District is governed by the Board of Education of the School District of Philadelphia (the “Board of Education”). Effective December 22, 2001, the School District was declared distressed by the Secretary of Education of the Commonwealth (the “Secretary of Education”) pursuant to the Public School Code of 1949, as amended (the “School Code”). During such a period of distress, all of the powers and duties of the Board of Education granted under the School Code, or any other law, are suspended. All of such powers and duties, including management, operations, and financial matters, are vested in the School Reform Commission (the “School Reform Commission”) created pursuant to the School Code. During a period of distress, two of the five members of the School Reform Commission are appointed by the Mayor, with the other three appointed by the Governor of the Commonwealth (the “Governor”), subject to confirmation by the Pennsylvania Senate.

On November 16, 2017, the School Reform Commission adopted a resolution recommending its dissolution and the rescission of the declaration of distress. Such resolution included a recommendation that the Secretary of Education issue a declaration that the School Reform Commission be dissolved effective June 30, 2018.

On December 26, 2017, the Secretary of Education approved the dissolution of the School Reform Commission and rescinded the declaration of distressed school district status effective June 30, 2018. On April 4, 2018, the Mayor appointed nine members to serve on the Board of Education and such individuals assumed their duties on July 1, 2018. As of such date, the Board of Education governs the School District.

Under the City Charter, the School District’s governing body is required to levy taxes annually, within the limits and upon the subjects authorized by the General Assembly or City Council, in amounts sufficient to provide for operating expenses, debt service charges, and for the costs of any other services incidental to the operation of public schools. The School District has no independent power to authorize school taxes. Certain financial information regarding the School District is included in the City’s CAFR.

The School District is part of the Commonwealth system of public education. In a number of matters, including the incurrence of short-term and long-term debt, the School District is governed by the laws of the Commonwealth. The School District is a separate political subdivision of the Commonwealth, and the City has no property interest in or claim on any revenues or property of the School District.

In the Fiscal Year 2018 CAFR, the City reported that its direct contribution to the School District from the General Fund was \$104.3 million in Fiscal Year 2018, not including funding from taxes levied by the School District and authorized by City Council. In the Proposed Fiscal Year 2020 Budget, the City’s direct contribution to the School District from the General Fund is \$214.0 million in Fiscal Year 2020, an amount \$33.1 million higher than the budgeted amount and current estimate for Fiscal Year 2019 (\$180.9 million). Such amounts do not include funding from taxes levied by the School District and authorized by City Council. The increase in the direct contribution to the School District from the General Fund is the largest single increase in spending in the Proposed Fiscal Year 2020 Budget. For more information on the City’s historical contributions to the School District, including the current estimate for Fiscal Year 2019, see “EXPENDITURES OF THE CITY – City Payments to School District” and Table 21.

Non-Mayoral-Appointed or Nominated Agencies

PICA. PICA was created by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the “PICA Act”) in 1991 to provide financial assistance to cities of the first class, and it continues in existence for a period not exceeding one year after all of its liabilities, including the PICA Bonds (as defined herein), have been fully paid and discharged. The City is the only city of the first class in the Commonwealth. The Governor, the President pro tempore of the Pennsylvania Senate, the Minority Leader of the Pennsylvania Senate, the Speaker of the Pennsylvania House of Representatives, and the Minority Leader of the Pennsylvania House of Representatives each appoints one voting member of PICA’s board. The Secretary of the Budget of the Commonwealth and the Director of Finance of the City serve as ex officio members of PICA’s board with no voting rights.

In January 1992, the City and PICA entered into an Intergovernmental Cooperation Agreement (the “PICA Agreement”), pursuant to which PICA agreed to issue bonds from time to time, at the request of the City, for the purpose of funding, among other things, deficits in the General Fund and a debt service reserve. See “DEBT OF THE CITY – PICA Bonds.”

Under the PICA Act and for so long as any PICA Bonds are outstanding, the City is required to submit to PICA: (i) a five-year financial plan on an annual basis; and (ii) quarterly financial reports, each as further described below under “DISCUSSION OF FINANCIAL OPERATIONS – Five-Year Plans of the City” and “– Quarterly Reporting to PICA.” Under the PICA Act, at such time when no PICA Bonds are outstanding, the City will no longer be required to prepare such annual financial plans or quarterly reports. See “DEBT OF THE CITY – PICA Bonds” for the current final stated maturities of outstanding PICA Bonds. As of December 31, 2018, the principal amount of PICA Bonds outstanding was \$168,505,000; the final maturity date for such PICA Bonds is June 15, 2023. Such final maturity of the PICA Bonds would occur prior to the final maturity of the 2019A Bonds.

The PICA Act and the PICA Agreement provide PICA with certain financial and oversight functions. PICA has the power to exercise certain advisory and review procedures with respect to the City’s financial affairs, including the power to review and approve the five-year financial plans prepared by the City, and to certify non-compliance by the City with the then-existing five-year plan. PICA is also required to certify non-compliance if, among other things, no approved five-year plan is in place or if the City has failed to file mandatory revisions to an approved five-year plan. Under the PICA Act, any such certification of non-compliance would, upon certification by PICA, require the Secretary of the Budget of the Commonwealth to withhold funds due to the City from the Commonwealth or any of its agencies (including, with certain exceptions, all grants, loans, entitlements, and payments payable to the City by the Commonwealth, including payment of the portion of the PICA Tax, as further described under “DEBT OF THE CITY – PICA Bonds” below, otherwise payable to the City).

Philadelphia Parking Authority. The Philadelphia Parking Authority (the “PPA”) is responsible for: (i) the construction and operation of parking facilities in the City and at Philadelphia International Airport (“PHL”); and (ii) enforcement of on-street parking regulations. The members of the PPA’s board are appointed by the Governor, with certain nominations from the General Assembly. For more information on the PPA, see “REVENUES OF THE CITY – Philadelphia Parking Authority Revenues.”

DISCUSSION OF FINANCIAL OPERATIONS

Principal Operations

The major financial operations of the City are conducted through the General Fund. In addition to the General Fund, operations of the City are conducted through two other major governmental funds and 19 non-major governmental funds. The City operates on a July 1 to June 30 fiscal year (“Fiscal Year”) and reports on all the funds of the City, as well as its component units, in the City’s CAFR. PMA’s and PICA’s financial statements are blended with the City’s statements. The financial statements for PGW, PRA, the PPA, the School District, the Community College of Philadelphia, the Community Behavioral Health, Inc., the Delaware River Waterfront Corporation, and PAID are presented discretely.

Fund Accounting

Funds are groupings of activities that enable the City to maintain control over resources that have been segregated for particular purposes or objectives. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds. The governmental funds are used to account for the financial activity of the City’s basic services, such as: general government; economic and neighborhood development; public health, welfare and safety; cultural and recreational; and streets, highways and sanitation. The funds’ financial activities focus on a short-term view of the inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the Fiscal Year. The financial information presented for the governmental funds is useful in evaluating the City’s short-term financing requirements.

The City maintains 22 individual governmental funds. The City’s CAFRs, including the City’s CAFR for Fiscal Year 2018 (the “Fiscal Year 2018 CAFR”), present data separately for the General Fund, Grants Revenue Fund, and Health Choices Behavioral Health Fund, which are considered to be major funds. Data for the remaining 19 funds are combined into a single aggregated presentation.

Proprietary Funds. The proprietary funds are used to account for the financial activity of the City’s operations for which customers are charged a user fee; they provide both a long- and short-term view of financial information. The City maintains three enterprise funds that are a type of proprietary fund – airport, water and wastewater operations, and industrial land bank.

Fiduciary Funds. The City is the trustee, or fiduciary, for its employees’ pension plans. It is also responsible for PGW’s employees’ retirement reserve assets. Both of these fiduciary activities are reported in the City’s CAFRs, including the Fiscal Year 2018 CAFR, as separate financial statements of fiduciary net assets and changes in fiduciary net assets.

See “CITY FINANCES AND FINANCIAL PROCEDURES” for a further description of these governmental, proprietary, and fiduciary funds.

Budget Procedure

At least 90 days before the end of the Fiscal Year, the operating budget for the next Fiscal Year is prepared by the Mayor and submitted to City Council for adoption. The budget, as adopted, must be balanced and provide for discharging any estimated deficit from the current Fiscal Year and make appropriations for all items to be funded with City revenues. The Mayor’s budgetary estimates of revenues for the ensuing Fiscal Year and projection of surplus or deficit for the current Fiscal Year may

not be altered by City Council. Not later than the passage of the operating budget ordinance, City Council must enact such revenue measures as will, in the opinion of the Mayor, yield sufficient revenues to balance the budget.

At least 30 days before the end of the Fiscal Year, City Council must adopt by ordinance an operating budget and a capital budget for the ensuing Fiscal Year and a capital program for the six ensuing Fiscal Years. If the Mayor disapproves the bills, he must return them to City Council with the reasons for his disapproval at the first meeting thereof held not less than ten days after he receives such bills. If the Mayor does not return the bills within the time required, they become law without his approval. If City Council passes the bills by a vote of two-thirds of all of its members within seven days after the bills have been returned with the Mayor's disapproval, they become law without his approval. While the City Charter requires that City Council adopt the ordinances for the operating and capital budgets at least 30 days before the end of the Fiscal Year, in practice, such ordinances are often adopted after such deadline, but before the end of such Fiscal Year. For example, the City's Fiscal Year 2019 operating budget ordinance was presented to City Council on March 1, 2018, approved by City Council on June 21, 2018, and signed by the Mayor on June 21, 2018. There is no practical consequence to adopting the budget ordinances after the deadline in the City Charter, but before the end of the Fiscal Year.

The capital program is prepared annually by the City Planning Commission to present the capital expenditures planned for each of the six ensuing Fiscal Years, including the estimated total cost of each project and the sources of funding (local, state, federal, and private) estimated to be required to finance each project. The capital program is reviewed by the Mayor and transmitted to City Council for adoption with his recommendation thereon. The Capital Program ordinance for Fiscal Years 2019-2024 (the "Fiscal Year 2019-2024 Adopted Capital Program") was approved by City Council on June 21, 2018, and signed by the Mayor on June 21, 2018.

The capital budget ordinance, authorizing in detail the capital expenditures to be made or incurred in the ensuing Fiscal Year from City Council appropriated funds, is adopted by City Council concurrently with the capital program. The capital budget must be in full conformity with that part of the capital program applicable to the Fiscal Year that it covers.

For information on the City's Fiscal Year 2019 Adopted Budget (as defined below), see "-- Current Financial Information -- Fiscal Year 2019 Adopted Budget and Twenty-Seventh Five-Year Plan" herein. For information on the City's capital program, see "CITY CAPITAL PROGRAM" herein.

Budget Stabilization Reserve

In April 2011, the City adopted an amendment to the City Charter that established the "Budget Stabilization Reserve." The City Charter provides that the annual operating budget ordinance is required to provide for appropriations to a Budget Stabilization Reserve, to be created and maintained by the Director of Finance as a separate fund, which may not be commingled with any other funds of the City. Appropriations to the Budget Stabilization Reserve are required to be made each Fiscal Year if the projected General Fund balance for the upcoming Fiscal Year equals or exceeds three percent of General Fund appropriations for such Fiscal Year. City Council can appropriate additional amounts to the Budget Stabilization Reserve by ordinance, no later than at the time of passage of the annual operating budget ordinance and only upon recommendation of the Mayor. Total appropriations to the Budget Stabilization Reserve are subject to a limit of five percent of General Fund appropriations. Amounts in the Budget Stabilization Reserve from the prior Fiscal Years, including any investment earnings certified by the Director of Finance, are to remain on deposit therein.

For Fiscal Year 2020, the City projects that the conditions that would require the funding of the Budget Stabilization Reserve will be met. As such, the Proposed Fiscal Year 2020 Budget includes a transfer of \$34.1 million to such reserve in Fiscal Year 2020. No assurances can be given that City Council will adopt the Proposed Fiscal Year 2020 Budget in the form proposed by the Mayor or that such transfer to the Budget Stabilization Reserve, in such amount, will be included in the budget ordinance when adopted.

Annual Financial Reports

The City is required by the City Charter to issue, within 120 days after the close of each Fiscal Year, a statement as of the end of the Fiscal Year showing the balances in all funds of the City, the amounts of the City's known liabilities, and such other information as is necessary to furnish a true picture of the City's financial condition (the "Annual Financial Reports"). The Annual Financial Reports, which are released on or about October 28 of each year, are intended to meet these requirements and are unaudited. As described above, the audited financial statements of the City are contained in its CAFR, which is published at a later date. The Annual Financial Reports contain financial statements for all City governmental funds and blended component units presented on the modified accrual basis. The proprietary and fiduciary funds are presented on the full accrual basis. They also contain budgetary comparison schedules for those funds that are subject to an annual budget. The financial statements of the City's discretely presented component units that are available as of the date of the Annual Financial Reports are also presented. Historically, the results for General Fund balance have not materially changed between the Annual Financial Reports and the CAFRs.

The Annual Financial Report for Fiscal Year 2018 was released on October 26, 2018. The Fiscal Year 2018 CAFR was filed with the Municipal Securities Rulemaking Board ("MSRB") on February 25, 2019, through the MSRB's Electronic Municipal Market Access ("EMMA") system. See "CITY FINANCES AND FINANCIAL PROCEDURES – Current City Disclosure Practices."

Five-Year Plans of the City

The PICA Act requires the City to annually prepare a financial plan that includes projected revenues and expenditures of the principal operating funds of the City for five Fiscal Years consisting of the current Fiscal Year and the subsequent four Fiscal Years. Each five-year plan, which must be approved by PICA, is required to, among other things, eliminate any projected deficits, balance the Fiscal Year budgets and provide procedures to avoid fiscal emergencies. For information on the Twenty-Seventh Five-Year Plan and the Proposed Twenty-Eighth Five-Year Plan, see "– Current Financial Information – Fiscal Year 2019 Adopted Budget and Twenty-Seventh Five-Year Plan" and "– Proposed Fiscal Year 2020 Budget and Proposed Twenty-Eighth Five-Year Plan."

Quarterly Reporting to PICA

The PICA Act requires the City to prepare and submit quarterly reports to PICA so that PICA may determine whether the City is in compliance with the then-current five-year plan. Each quarterly report is required to describe actual or current estimates of revenues, expenditures, and cash flows compared to budgeted revenues, expenditures, and cash flows by covered funds for each month in the previous quarter and for the year-to-date period from the beginning of the then-current Fiscal Year of the City to the last day of the fiscal quarter or month, as the case may be, just ended. Each such report is required to explain any variance existing as of such last day.

Under the PICA Agreement, a "variance" is deemed to have occurred as of the end of a reporting period if (i) a net adverse change in the fund balance of a covered fund (i.e., a principal operating fund) of

more than 1% of the revenues budgeted for such fund for that Fiscal Year is reasonably projected to occur, such projection to be calculated from the beginning of the Fiscal Year for the entire Fiscal Year, or (ii) the actual net cash flows of the City for a covered fund are reasonably projected to be less than 95% of the net cash flows of the City for such covered fund for that Fiscal Year originally forecast at the time of adoption of the budget, such projection to be calculated from the beginning of the Fiscal Year for the entire Fiscal Year.

PICA may not take any action with respect to the City for variances if the City: (i) provides a written explanation of the variance that PICA deems reasonable; (ii) proposes remedial action that PICA believes will restore overall compliance with the then-current five-year plan; (iii) provides information in the immediately succeeding quarterly financial report demonstrating to the reasonable satisfaction of PICA that the City is taking remedial action and otherwise complying with the then-current five-year plan; and (iv) submits monthly supplemental reports until it regains compliance with the then-current five-year plan.

PICA last declared a variance in February 2009 and that variance was cured. A failure by the City to explain or remedy a variance would, upon certification by PICA, require the Secretary of the Budget of the Commonwealth to withhold funds due to the City from the Commonwealth or any of its agencies (including, with certain exceptions, all grants, loans, entitlements and payments payable to the City by the Commonwealth, including payment of the portion of the PICA Tax, as further described under “DEBT OF THE CITY – PICA Bonds” below, otherwise payable to the City). The City uses its Quarterly City Manager’s Reports to satisfy the quarterly reporting requirement to PICA. Such reports are released within 45 days following the end of the applicable quarter and the most recent versions of such reports are available on the City’s Investor Website (as defined herein). The most recent Quarterly City Manager’s Report is the report for the period ending December 31, 2018, which was released on February 15, 2019. The next Quarterly City Manager’s Report is the report for the period ending March 31, 2019, and it is expected to be released on or about May 15, 2019.

Summary of Operations

The following table presents the summary of operations for the General Fund for Fiscal Years 2015-2018 and budgeted amounts and current estimates for Fiscal Year 2019. For a description of the legally enacted basis on which the City’s budgetary process accounts for certain transactions, see “CITY FINANCES AND FINANCIAL PROCEDURES – Budgetary Accounting Practices.” “Current Estimate,” as used in the tables and text below, refers (except as otherwise indicated) to the most recently revised estimates for Fiscal Year 2019, which were released by the City on March 7, 2019 as part of the Proposed Fiscal Year 2020 Budget and the Proposed Twenty-Eighth Five-Year Plan, as applicable.

⁽¹⁾ Sources: For Fiscal Years 2015-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019 (Adopted Budget), the Fiscal Year 2019 Adopted Budget. For Fiscal Year 2019 (Current Estimate), the Proposed Twenty-Eighth Five-Year Plan.

⁽²⁾ Figures may not sum due to rounding.

⁽³⁾ For more information on the City Sales Tax, see "REVENUES OF THE CITY – Sales and Use Tax."

⁽⁴⁾ Includes Amusement Tax, Real Property Transfer Tax, Parking Lot Tax, Smokeless Tobacco Tax and miscellaneous taxes.

⁽⁵⁾ The Philadelphia Beverage Tax (as defined herein) taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

⁽⁶⁾ For a detailed breakdown of "Net PICA Taxes Remitted to the City," see Table 43. Such figures reflect revenues received by the City from the PICA Tax of 1.50%, the proceeds of which are remitted to PICA for payment of debt service on PICA bonds and PICA expenses. After paying debt service and expenses, net proceeds from the tax are remitted to the City as Revenue from Other Governments. See "DEBT OF THE CITY – PICA Bonds."

⁽⁷⁾ For a detailed breakdown of "Other Revenue from Other Governments," see Table 12. "Other Revenue from Other Governments" includes state gaming revenues.

⁽⁸⁾ Includes debt service on lease and service agreement financings.

⁽⁹⁾ Includes contributions to the School District. See also Table 21 and the accompanying text herein.

⁽¹⁰⁾ Includes debt service on General Obligation Debt (as defined herein) and tax and revenue anticipation notes; excludes debt service on PICA bonds and lease and service agreement financings.

⁽¹¹⁾ For Fiscal Year 2016, includes \$9.7 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2017, includes \$19.2 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2018, includes \$24.2 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 (Adopted Budget), assumes \$48.3 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 (Current Estimate), assumes \$45.2 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

⁽¹²⁾ The Labor Reserve is set aside for labor-related costs, including costs related to labor agreements with certain of the City's municipal unions, among other things. See "EXPENDITURES OF THE CITY – Overview of City Employees." The Federal and State Funding Reserve is set aside to address certain funding that may become unavailable as a result of cuts in the federal or state budget or the implementation of other federal or state policies that may affect such funding for the City.

⁽¹³⁾ Contingent upon City Council approval.

⁽¹⁴⁾ In its Fiscal Year 2019 Adopted Budget, the City projected that Fiscal Year 2018 would end with a General Fund balance of \$228.5 million. In the Fiscal Year 2018 CAFR, the City reported that Fiscal Year 2018 ended with a General Fund balance of \$368.8 million. Such number has been included as the "Cumulative Fund Balance Prior Year" in the Proposed Twenty-Eighth Five-Year Plan.

Current Financial Information

Table 2 below shows General Fund balances for Fiscal Year 2018 and budgeted amounts and current estimates for Fiscal Year 2019.

Table 2

Prior Year Fund Balance	189,243	228,545 ⁽⁹⁾	368,783 ⁽⁹⁾
<u>Year End Fund Balance</u>	<u>\$368,783⁽⁹⁾</u>	<u>\$139,457</u>	<u>\$227,756</u>

⁽¹⁾ Figures may not sum due to rounding.

⁽²⁾ Sources: For Fiscal Year 2018, the Fiscal Year 2018 CAFR. For Fiscal Year 2019 Adopted Budget, the Fiscal Year 2019 Adopted Budget. For Fiscal Year 2019 Current Estimate, the Proposed Twenty-Eighth Five-Year Plan.

⁽³⁾ For Fiscal Year 2018, includes \$77.4 million in revenue from the Philadelphia Beverage Tax. For Fiscal Year 2019 Adopted Budget, assumes \$78.0 million in revenue from such tax. For Fiscal Year 2019 Current Estimate, assumes \$76.6 million in revenue from such tax. The Philadelphia Beverage Tax taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

⁽⁴⁾ For Fiscal Year 2018, includes \$24.2 million from City Sales Tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 Adopted Budget, assumes \$48.3 million from such tax revenues for the Municipal Pension Fund. For Fiscal Year 2019 (Current Estimate), assumes \$45.2 million from such tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

⁽⁵⁾ Includes debt service on lease and service agreement financings.

⁽⁶⁾ Includes debt service on General Obligation Debt (as defined herein) and tax and revenue anticipation notes; excludes debt service on PICA bonds and lease and service agreement financings.

⁽⁷⁾ Advances & Miscellaneous Payments includes funds set aside in the Labor Reserve and the Federal and State Funding Reserve, as applicable. The Labor Reserve is set aside for labor-related costs, including costs related to labor agreements with certain of the City's municipal unions, among other things. See "EXPENDITURES OF THE CITY – Overview of City Employees." The Federal and State Funding Reserve is set aside to address certain funding that may become unavailable as a result of cuts in the federal or state budget or the implementation of other federal or state policies that may affect such funding for the City. The Fiscal Year 2019 Adopted Budget includes (i) \$16.4 million for the Labor Reserve, and (ii) \$54.6 million for the Federal and State Funding Reserve, while the Proposed Twenty-Eighth Five-Year Plan estimates \$0.0 million and \$53.6 million for such reserves for Fiscal Year 2019, respectively.

⁽⁸⁾ Contingent upon City Council approval.

⁽⁹⁾ In its Fiscal Year 2019 Adopted Budget, the City projected that Fiscal Year 2018 would end with a General Fund balance of \$228.545 million. In the Fiscal Year 2018 CAFR, the City reported that Fiscal Year 2018 ended with a General Fund balance of \$368.783 million. Such number has been included as the "Prior Year Fund Balance" in the Proposed Twenty-Eighth Five-Year Plan.

The following discussion of the Fiscal Year 2019 Adopted Budget, the Twenty-Seventh Five-Year Plan, the Proposed Fiscal Year 2020 Budget, and the Proposed Twenty-Eighth Five-Year Plan, as applicable, is based, in part, on projections and forward-looking statements related to Fiscal Years 2019 and 2020. No assurance can be given that the applicable budget estimates and forward-looking statements will be realized or that City Council will adopt the Proposed Fiscal Year 2020 Budget in the form proposed by the Mayor. The final five-year plan for Fiscal Years 2020-2024 will depend, in part, on the final adopted Fiscal Year 2020 operating budget. The accuracy of such budget estimates and forward-looking statements cannot be verified until after the close of the applicable Fiscal Year and the completion of the related audit.

Fiscal Year 2019 Adopted Budget and Twenty-Seventh Five-Year Plan. On March 1, 2018, the Mayor submitted his proposed Fiscal Year 2019 budget to City Council, along with the proposed five-year plan for Fiscal Years 2019-2023. On June 21, 2018, City Council approved the Fiscal Year 2019 operating budget ordinance, which was signed by the Mayor on June 21, 2018 (the “Fiscal Year 2019 Adopted Budget”).

On June 26, 2018, the City submitted to PICA its FY 2019-2023 Five Year Financial Plan Per Council Approved Budget (the “Twenty-Seventh Five-Year Plan”). PICA approved the Twenty-Seventh Five-Year Plan on July 25, 2018. PICA staff, in recommending that PICA approve the Twenty-Seventh Five-Year Plan, noted that the revenue and expenditure projections presented in the Twenty-Seventh Five-Year Plan were [quoting from the PICA Act] “based on reasonable and appropriate assumptions and methods of estimation . . . consistently applied.” The PICA staff report concluded that “[a]lthough PICA is confident that the [Twenty-Seventh Five-Year Plan] is based on reasonable and appropriate assumptions, projected year end fund balances, while positive, are lower than in recent plans.” The PICA report did, however, identify certain factors that might present risks to the Twenty-Seventh Five-Year Plan, including: (i) the possibility of an economic recession over the period covered by the plan; (ii) bank reconciliation deficiencies in the City’s Office of the Treasurer; (iii) funding of the now locally controlled School District; (iv) projected growth of the real estate transfer tax; and (v) costs of funding increasing pension liabilities. The PICA staff report also highlighted certain other financial concerns that could impact the City’s financial condition, including, among others, future labor, overtime, and employee health benefit costs, BIRT volatility, lower than expected collections of the Philadelphia Beverage Tax, and low General Fund balances.

On November 23, 2018, the City submitted a letter to PICA, which revised the Twenty-Seventh Five-Year Plan. Such letter indicated that a collective bargaining reopener was concluded with AFSCME DC 33 (as defined herein), which resulted in an agreement by the City to contribute \$28 million to AFSCME DC 33’s health plan in Fiscal Years 2019 and 2020.

Fiscal Year 2019 Current Estimate. The current estimate for Fiscal Year 2019 is derived from information included in the Proposed Twenty-Eighth Five-Year Plan.

In the Proposed Twenty-Eighth Five-Year Plan, the City estimates that it will end Fiscal Year 2019 with a General Fund balance (on the legally enacted basis) of approximately \$227.8 million.

Proposed Fiscal Year 2020 Budget and Proposed Twenty-Eighth Five-Year Plan. The City’s proposed Fiscal Year 2020 operating budget (the “Proposed Fiscal Year 2020 Budget”) was submitted by the Mayor to City Council on March 7, 2019, along with the City’s proposed five-year plan for Fiscal Years 2020-2024 (the “Proposed Twenty-Eighth Five-Year Plan”).

For Fiscal Years 2020-2024, the Proposed Twenty-Eighth Five-Year Plan projects that the City will end such Fiscal Years with General Fund balances (on the legally enacted basis) of approximately (i) \$150.1 million (Fiscal Year 2020), (ii) \$112.7 million (Fiscal Year 2021), (iii) \$97.6 million (Fiscal Year 2022), (iv) \$128.4 million (Fiscal Year 2023), and (v) \$153.8 million (Fiscal Year 2024).

For more information on the City's annual budget process under the City Charter and the five-year financial plans and quarterly reporting required under the PICA Act, see “– Budget Procedure,” “– Five-Year Plans of the City,” and “– Quarterly Reporting to PICA,” above.

CITY FINANCES AND FINANCIAL PROCEDURES

Except as otherwise noted, the financial statements, tables, statistics, and other information shown below have been prepared by the Office of the Director of Finance and can be reconciled to the financial statements in the Fiscal Year 2018 CAFR and notes therein. The Fiscal Year 2018 CAFR was prepared by the Office of the Director of Finance in conformance with guidelines adopted by the Governmental Accounting Standards Board and the American Institute of Certified Public Accountants' audit guide, Audits of State and Local Government Units.

General

Governmental funds account for their activities using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as in the case of full accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due; however, those expenditures may be accrued if they are to be liquidated with available resources.

Imposed non-exchange revenues, such as real estate taxes, are recognized when the enforceable legal claim arises and the resources are available. Derived tax revenues, such as wage, BIRT, net profits and earnings taxes, are recognized when the underlying exchange transaction has occurred and the resources are available. Grant revenues are recognized when all the applicable eligibility requirements have been met and the resources are available. All other revenue items are considered to be measurable and available only when cash is received by the City.

Revenue that is considered to be program revenue includes: (i) charges to customers or applicants for goods received, services rendered or privileges provided; (ii) operating grants and contributions; and (iii) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program specific revenues; therefore, all taxes are considered general revenues.

The City's financial statements reflect the following three funds as major Governmental Funds:

- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.
- The Health Choices Behavioral Health Fund accounts for resources received from the Commonwealth. These resources are restricted to providing managed behavioral health care to residents of the City.

- The Grants Revenue Fund accounts for the resources received from various federal, Commonwealth, and private grantor agencies, including those received by the City's Department of Human Services ("DHS"). The resources are restricted to accomplishing the various objectives of the grantor agencies.

The City also reports on permanent funds, which are used to account for resources legally held in trust for use by the park and library systems of the City. There are legal restrictions on the resources of the permanent funds that require the principal to remain intact, while only the earnings may be used for the programs.

The City reports on the following fiduciary funds:

- The Municipal Pension Fund accumulates resources to provide pension benefit payments to qualified employees of the City and certain other quasi-governmental organizations.
- The Philadelphia Gas Works Retirement Reserve Fund accounts for contributions made by PGW to provide pension benefit payments to its qualified employees under its pension plan. For more information on the PGW Pension Plan (as defined herein), see "PGW PENSION PLAN."
- The Escrow Fund accounts for funds held in escrow for various purposes.
- The Employees Health & Welfare Fund accounts for funds deducted from employees' salaries for payment to various organizations.
- The Departmental Custodial Accounts account for funds held in custody by various departments of the City.

The City reports on the following major proprietary funds:

- The Water Fund accounts for the activities related to the operation of the Water and Wastewater Systems.
- The Aviation Fund accounts for the activities of the Airport System.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. The principal operating revenues of the Water Fund are charges for water and sewer service. The principal operating revenues of the Aviation Fund are charges for the use of the City's airports. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Current City Disclosure Practices

It is the City's practice to file its CAFR, which contains the audited combined financial statements of the City, in addition to certain other information, such as the City's bond ratings and information about upcoming debt issuances, with the MSRB as soon as practicable after delivery of such report. For bonds issued in calendar year 2015 and after, the annual filing deadline is February 28; for bonds issued prior to calendar year 2015, the annual filing deadline is 240 days after the end of the respective Fiscal Year, being February 25. The Fiscal Year 2018 CAFR was filed with the MSRB on

February 25, 2019, through the MSRB's EMMA system. The Fiscal Year 2018 CAFR is attached hereto as APPENDIX C.

A wide variety of information concerning the City is available from publications and websites of the City and others, including the City's investor information website at <http://www.phila.gov/investor> (the "City's Investor Website"). Any such information that is inconsistent with the information set forth in this Official Statement should be disregarded. No such information is a part of or incorporated into this Official Statement.

Independent Audit and Opinion of the City Controller

The City Controller has examined and expressed opinions on the basic financial statements of the City contained in the Fiscal Year 2018 CAFR. The City Controller has not participated in the preparation of this Official Statement nor in the preparation of the budget estimates and projections and cash flow statements and forecasts set forth in various tables contained in this Official Statement. Consequently, the City Controller expresses no opinion with respect to any of the data contained in this Official Statement other than what is contained in the basic financial statements of the City in the Fiscal Year 2018 CAFR.

Budgetary Accounting Practices

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles ("GAAP"). In accordance with the City Charter, the City has formally established budgetary accounting control for its operating and capital improvement funds.

The operating funds of the City, consisting of the General Fund, eleven (11) Special Revenue Funds (County Liquid Fuels Tax, Special Gasoline Tax, Health Choices Behavioral Health, Hotel Room Rental Tax, Grants Revenue, Community Development, Car Rental Tax, Housing Trust, Acute Care Hospital Assessment, Budget Stabilization, and Water Residual Funds) and two Enterprise Funds (Water and Aviation Funds), are subject to annual operating budgets adopted by City Council. These budgets appropriate funds for all City departments, boards and commissions by major class of expenditure within each department. Major classes are defined as: (i) personal services; (ii) purchase of services; (iii) materials and supplies; (iv) equipment; (v) contributions, indemnities, and taxes; (vi) debt service; (vii) payments to other funds; and (viii) advances and other miscellaneous payments. The appropriation amounts for each fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes (except for materials and supplies and equipment, which are appropriated together) must have City Council approval. Appropriations that are not expended or encumbered at year-end are lapsed.

The City's capital budget is adopted annually by City Council. The capital budget is appropriated by project for each department. Requests to transfer appropriations between projects must be approved by City Council. Any appropriations that are not obligated at year-end are either lapsed or carried forward to the next Fiscal Year.

Schedules prepared on the legally enacted basis differ from the GAAP basis in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures. The primary difference between the GAAP and legal (budgetary) fund balance is due to the timing of recognizing the BIRT. The legal basis recognizes BIRT revenues in the Fiscal Year they are collected. The GAAP basis requires the City to recognize the BIRT revenues (which are primarily paid in April) for the calendar year

in which the BIRT taxes are due, requiring the City to defer a portion of the April payment into the next Fiscal Year. For more information on BIRT, see “REVENUES OF THE CITY – Business Income and Receipts Tax.”

REVENUES OF THE CITY

General

Prior to 1939, the City relied heavily on the real estate tax as the mainstay of its revenue system. In 1932, the General Assembly adopted an act (commonly referred to as the Sterling Act) under which the City is permitted to levy any tax that was not specifically pre-empted by the Commonwealth. Acting under the Sterling Act and other Pennsylvania legislation, the City has taken various steps to broaden its sources of income, including: (i) enacting the wage, earnings, and net profits tax in 1939; (ii) introducing a sewer service charge to make the sewage treatment system self-sustaining after 1945; (iii) requiring under the City Charter that the water, sewer, and other utility systems be fully self-sustaining; (iv) enacting the Mercantile License Tax (a gross receipts tax on business done within the City) in 1952, which was replaced as of the commencement of Fiscal Year 1985 by the Business Privilege Tax (renamed the Business Income and Receipts Tax in May 2012), and (v) enacting the City Sales Tax (as defined herein) for City general revenue purposes effective beginning in Fiscal Year 1992.

Major Revenue Sources

The City derives its revenues primarily from various taxes, non-tax revenues, and receipts from other governments. See Table 3 for General Fund tax revenues for Fiscal Years 2015-2018, as well as the budgeted amounts and current estimates for Fiscal Year 2019. The following discussion of the City’s revenues does not take into account revenues in the non-debt related funds. The tax rates for Fiscal Years 2015 through 2018 are contained in the Fiscal Year 2018 CAFR.

Table 3 provides a detailed breakdown of the “Total Taxes” line from Table 1 above. Table 3 does not include “Revenues from Other Governments,” which consists of “Net PICA Taxes Remitted to the City” and “Other Revenue from Other Governments.” “Net PICA Taxes Remitted to the City” is set forth in Table 1 and a detailed breakdown of such revenues is shown in Table 43. “Other Revenue from Other Governments” is set forth in Table 1 and a detailed breakdown of such revenues is shown in Table 12.

⁽¹⁾ Sources: For Fiscal Years 2015-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019 (Adopted Budget), the Fiscal Year 2019 Adopted Budget. For Fiscal Year 2019 (Current Estimate), the Proposed Fiscal Year 2020 Budget and the Proposed Twenty-Eighth Five-Year Plan.

⁽²⁾ See Table 7 in the Fiscal Year 2018 CAFR for tax rates.

⁽³⁾ Figures may not sum due to rounding.

⁽⁴⁾ Does not include the PICA Tax of 1.50%, the proceeds of which are remitted to PICA for payment of debt service on PICA Bonds and PICA expenses. After paying debt service and expenses, net proceeds from the tax are remitted to the City as Revenue from Other Governments. See "DEBT OF THE CITY – PICA Bonds" for a description of the PICA Tax.

⁽⁵⁾ For more information on the City Sales Tax, see "-- Sales and Use Tax" and Table 11.

⁽⁶⁾ The Philadelphia Beverage Tax taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Wage, Earnings, and Net Profits Taxes

The largest tax revenue source (comprising more than 46% of all tax revenues in Fiscal Year 2018) is the wage, earnings and net profits tax. The wage and earnings tax is collected from all employees working within City limits, and all City residents regardless of work location. The net profits tax is collected on the net profits from the operation of a trade, business, profession, enterprise or other activity conducted by individuals, partnerships, associations or estates and trusts within the City limits. The following table sets forth the resident and non-resident wage, earnings and net profits tax rates for Fiscal Years 2015-2019, the annual wage, earnings and net profits tax receipts in Fiscal Years 2015-2018, and the budgeted amount and current estimate of such receipts for Fiscal Year 2019.

Table 4
Summary of Wage, Earnings and Net Profits Tax Rates and Receipts
Fiscal Years 2015-2018 (Actual) and 2019 (Adopted Budget and Current Estimate)⁽¹⁾

Fiscal Year	Resident Wage, Earnings and Net Profits Tax Rates ⁽²⁾	Non-Resident Wage, Earnings and Net Profits Tax Rates	Annual Wage, Earnings and Net Profits Tax Receipts (including PICA Tax) (Amounts in Millions of USD) ⁽³⁾
2015	3.9200%	3.4915%	\$1,755.5 (Actual)
2016	3.9102%	3.4828%	\$1,842.9 (Actual)
2017	3.9004%	3.4741%	\$1,940.4 (Actual)
2018	3.8907%	3.4654%	\$2,071.5 (Actual)
2019	3.8809%	3.4567%	\$2,135.8 (Adopted Budget) \$2,131.9 (Current Estimate)

⁽¹⁾ See Table 7 in the Fiscal Year 2018 CAFR for tax rates for Fiscal Years 2015-2018. See the Proposed Twenty-Eighth Five-Year Plan for tax rates for Fiscal Year 2019.

⁽²⁾ Includes PICA Tax. See “DEBT OF THE CITY – PICA Bonds” for a description of the PICA Tax.

⁽³⁾ Sources: For Fiscal Years 2015-2018, the City’s CAFRs for the City’s annual wage, earnings, and net profits tax receipts and the City’s Quarterly City Manager’s Reports for gross PICA Tax (see first column in Table 43). For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget, the Proposed Fiscal Year 2020 Budget, and the Proposed Twenty-Eighth Five-Year Plan.

Commonwealth funding from gaming revenues is mandated by statute to be used to reduce the resident and nonresident wage tax rate. Gaming revenues have averaged approximately \$86.3 million in Fiscal Years 2015-2018. For Fiscal Year 2019, the budgeted amount and current estimate of gaming revenues is \$86.3 million. The wage tax rates in such Fiscal Years reflect a rate reduction due to these revenues.

See “– Other Tax Rate Changes” herein, for information regarding wage and earnings tax rate reductions under the Twenty-Seventh Five-Year Plan.

In a 2015 decision by the Supreme Court of the United States (*Comptroller of the Treasury of Maryland v. Wynne*, 135 S. Ct. 1787 (2015)), a state’s failure to provide certain credits against its personal income tax was held to have violated the dormant Commerce Clause of the United States Constitution. Such personal income tax was applied to income earned outside of the state of residency, and residents were not given a credit for income taxes paid to the state where such income was earned, resulting, in the circumstances presented, in taxing income earned interstate at a rate higher than income earned intrastate. The City does not provide a credit to resident taxpayers against their respective wage, earnings, and net profits tax liabilities for similar taxes paid to another jurisdiction. For 2016, 2017, and 2018, the City has paid to resident taxpayers approximately \$538,000 in the aggregate in connection with this matter.

Business Income and Receipts Tax

In 1984, the Commonwealth passed legislation known as The First Class City Business Tax Reform Act of 1984, authorizing City Council to impose a business tax measured by gross receipts, net income or the combination of the two. The same year, City Council by ordinance repealed the Mercantile License Tax and the General Business Tax and imposed the Business Privilege Tax. As of May 1, 2012, the Business Privilege Tax was renamed the Business Income and Receipts Tax (or BIRT). Rental activities are usually considered to be business activities. Every estate or trust (whether the fiduciary is an individual or a corporation) must file a BIRT return if the estate or trust is engaged in any business or activity for profit within the City.

The BIRT allows for particular allocations and tax computations for regulated industries, public utilities, manufacturers, wholesalers and retailers. There are also credit programs where meeting the requirement of the program allows for a credit against the BIRT. All persons subject to both the BIRT and the net profits tax are entitled to apply a credit of 60% of the net income portion of their BIRT liability against what is due on the net profits tax to the maximum of the net profits tax liability for that tax year.

In November 2011, legislation was enacted to halt a previously enacted program of reducing the gross receipts portion of the BIRT and to commence reductions in the net income portion of the BIRT to take effect in tax year 2014 with changes phasing in through tax year 2023. The following table reflects such changes and provides a summary of BIRT rates for tax years 2012-2023. Future scheduled reductions in the net income portion of the BIRT remain subject to amendment by action of City Council and the Mayor.

Table 5
Summary of Business Income and Receipts Tax Rates

<u>Tax Year</u>	<u>Gross Receipts</u>	<u>Net Income</u>
2012	1.415 mills	6.45%
2013	1.415 mills	6.45%
2014	1.415 mills	6.43%
2015	1.415 mills	6.41%
2016	1.415 mills	6.39%
2017	1.415 mills	6.35%
2018	1.415 mills	6.30%
2019	1.415 mills	6.25%
2020	1.415 mills	6.20%
2021	1.415 mills	6.15%
2022	1.415 mills	6.10%
2023	1.415 mills	6.00%

In addition, the 2011 legislation incorporated several changes intended to help small and medium sized businesses and lower costs associated with starting a new business in order to stimulate new business formation and increase employment in the City, including the following: (i) the Commercial Activity License fee for all businesses was eliminated in 2014; (ii) business taxes for the first two years of operations for all new businesses with at least three employees in their first year and six employees in their second year were eliminated beginning in 2012; and (iii) across the board exclusions on the gross receipts portion of the BIRT were provided for all businesses phased in over a three-year period beginning in 2014 and eventually excluding the first \$100,000 of gross receipts, along with proportional reductions in the net income portion of the BIRT. The legislation also provides for implementation of

single sales factor apportionment in 2015, which enables businesses to pay BIRT based solely on sales in the City, rather than on property or payroll.

Since the late 1990s, reforms have been made to the BIRT to reduce the tax burden for businesses and to encourage job creation. By Fiscal Year 2023, the net income (profits) portion of the business tax is projected to reach 6.00%. Additionally, legislation has been enacted, effective beginning in tax year 2019, to (i) eliminate the requirement for new businesses to make an estimated business tax payment when filing a return for their first tax year of business operations and (ii) allow such estimated payments in the second year to be made in quarterly installments.

Real Property Taxes Assessment and Collection

A tax is levied on the assessed value of all taxable residential and commercial real property located within the City's boundaries (the "Real Estate Tax") as assessed by the Office of Property Assessment ("OPA") and collected by the Department of Revenue. Real Estate Taxes are allocated to the City and the School District with the millage split between the two taxes changing over the years. Real Estate Taxes are levied on a calendar year basis. Bills are sent in December for the following year and payments are due March 31. A discount of 1% is available for taxpayers who pay their Real Estate Taxes on or before the last day of February.

Beginning in 2010, the City significantly changed the system used for assessing Real Estate Tax in Philadelphia. On May 18, 2010, Philadelphia voters approved an amendment to the City Charter that split the assessment and appeals functions, moving assessment functions into City government into a new agency, OPA, and creating an independent board of appeals, replacing the Board of Revision of Taxes ("BRT"), which previously combined both functions. OPA formally took over responsibility for assessments in October 2010. However, the Pennsylvania Supreme Court ruled on September 20, 2010, that without an amendment to state law, the City did not have the authority to replace the BRT in its capacity as an existing appeals board. Therefore, the BRT remains in place as the property assessment appeals board; but the separation of the appeals function from the assessment function, which removed an inherent conflict and was a key goal of the legislation, remains in place. The BRT is an independent, seven-member board appointed by the Board of Judges of the Philadelphia Common Pleas Court.

For tax year 2014, under the Actual Value Initiative ("AVI"), all 579,000 properties in Philadelphia were reassessed at their actual market value by OPA, replacing outdated values and inequities within the system. As the new total assessed value of all properties more accurately reflected the market in Philadelphia, the total assessment grew substantially. As a result, the Mayor and City Council significantly reduced the tax rate to ensure that the reassessment resulted in the collection of approximately the same amount of current year revenue as the prior year (the rates are shown in Table 6 below). Moreover, in order to make the tax bills more understandable, AVI removed the complicated fractional system. Prior to AVI, tax bills were calculated by multiplying the certified market value by an established predetermined ratio ("EPR") multiplied by the tax rate. The last applicable EPR was 32%.

The changes in the system had implications for most property owners in the City. Under the old assessment system, some properties were valued closer to their actual value than other properties. Properties that had been valued closer to their actual value saw relatively smaller increases in assessments and when those assessment changes were coupled with the much lower Real Estate Tax rate, they produced tax decreases. On the other hand, properties that were relatively undervalued saw tax increases, a small number of which were substantial.

In order to mitigate the hardship that could be created by those large increases, the ordinance imposing the new Real Estate Tax rates included a homestead exemption of \$30,000 for all primary residential owner-occupants. Alternative programs are also available to reduce Real Estate Tax bills for homeowners, including the Longtime Owner-Occupant Program (LOOP) to provide relief to longtime owners with large increases and the ten-year tax abatement. In addition to the homestead exemption, the City has also instituted several other property tax relief programs for taxpayers.

The Real Estate Tax rates for tax years 2014-2018 are set forth in Table 6 below:

Table 6
Real Estate Tax Rates and Allocations

Tax Year	City	School District	Total
2014	0.6018%	0.7382%	1.3400%
2015	0.6018%	0.7382%	1.3400%
2016	0.6317%	0.7681%	1.3998%
2017	0.6317%	0.7681%	1.3998%
2018	0.6317%	0.7681%	1.3998%

For Fiscal Year 2018, the actual amount of Real Estate Tax revenue for the City was \$611.3 million (excluding delinquent collections). For Fiscal Year 2019, the budgeted amount and current estimate of Real Estate Tax revenue for the City is \$630.7 million (excluding delinquent collections) and \$621.7 million (excluding delinquent collections), respectively. See Table 3 above. For information on the process for appealing a property tax assessment, see the text before and after Table 7 below.

Currently, the Real Estate Tax is split between the City and the School District at the percentages of 45% for the City and 55% for the School District.

In the Fiscal Year 2019 Adopted Budget, the homestead exemption was increased from \$30,000 to \$40,000 of assessed value. To hold the School District harmless from the property tax revenues lost by increasing the homestead exemption, the local share of the real property transfer tax has been increased to 3.278% and the additional revenue generated by that increase is being provided to the School District.

Table 7 shows the assessed values of properties used for tax year 2019 and 2020 Real Estate Taxes (both of which reflect the effect of AVI). Under AVI, the OPA certifies the market values by March 31 of the prior year (that is, for tax year 2019, the OPA certified the market values on March 31, 2018). Taxpayers base their appeals on the certified market values, and therefore, the assessed values are adjusted as the appeals are finalized. During the appeals process, taxpayers are permitted to pay their property tax bills based on the certified market value of their properties from the prior assessment. For budgetary purposes, the OPA provides an updated table to the Office of the Director of Finance in February, from which tax rates are proposed. Certified values can vary substantially from the amounts included in such updated table and, as such, Real Estate Tax collections can also vary from the amounts included in the City's annual operating budget.

* Certified Market Value as of 3/31/2019.

As part of the transition to the new assessment system, OPA set up a new process called a first level review (“FLR”), where a taxpayer could request an administrative review of its assessment notice prior to launching a formal appeal with the BRT. The BRT has the authority, following a formal appeal, to either increase, decrease, or leave unchanged the property valuations contained in the return of the assessors in order that such valuations conform with law. After all changes in property assessments, and after all assessment appeals, assessments are certified and the results provided to the Department of Revenue. Some appeals are not resolved before the Department of Revenue sends bills to taxpayers. As such, some property assessments are modified after taxpayers receive bills.

On October 24, 2012, the Governor approved Act 160 (“Act 160”), which permits downward adjustments to School District property tax and use and occupancy tax rates, solely to offset the higher assessed values anticipated under AVI, and only to the extent the yield from such lower rates is no lower than the highest tax yield in the previous three years. Act 160 permits such adjustment for the reassessment year and the two years thereafter.

For tax year 2018, OPA revised the assessed values of over 60,000 parcels (which included properties of all categories, including commercial and residential parcels) throughout the City as part of its reassessment. In September 2017, the owners of multiple commercial properties in the City filed a lawsuit against the City in the Court of Common Pleas. The plaintiffs in such matter have alleged, based on a July 2017 Pennsylvania Supreme Court decision, that OPA violated the uniformity clause of the Pennsylvania Constitution in reassessing commercial properties and not residential properties for tax year 2018. The plaintiffs are seeking declaratory relief, a permanent injunction, and an order directing OPA to recertify their properties at tax year 2017 values. Subsequently, ten additional cases were filed, asserting virtually the same claims. All of the cases, which in total currently encompass approximately 500 plaintiffs, have been or are in the process of being consolidated for management purposes. The City intends to defend these lawsuits and believes that the lawsuits both misstate the relevant facts about the OPA’s assessment process and misapply the relevant law. If plaintiffs were to succeed in these matters, the City expects that any relief would only be granted prospectively, not resulting in the refund of any money. Such expectation is based on the City’s position that the July 2017 decision was a significant change in law and that the City acted in good faith consistent with the prior case law. Additionally, even if the relief is retroactive, rather than prospective, the City expects that, at most, there would be a decrease in Real Estate Taxes equal to the difference in the plaintiffs’ Real Estate Taxes from tax year 2017 to tax year 2018. As noted below, another City-wide reassessment was conducted for tax year 2019. As such, the City does not expect the Real Estate Taxes for tax year 2019 to be impacted by any judgment on this matter. The Real Estate Taxes associated with the increase of the taxable assessed values for the properties in question are more than \$36 million, with approximately 55% allocated to the School District and 45% to the City. For more general information on judgments and settlements on claims against the City, see “LITIGATION.”

For tax year 2019, OPA revised the assessed values of over 515,000 parcels throughout the City as part of its reassessment. As of April 15, 2019, OPA has received 20,753 FLRs, with approximately 500 that have yet to be decided. As of such date, BRT has received approximately 9,700 formal appeals. BRT began hearing these appeals in January 2019.

In January 2019, City Council, the Mayor’s office, and the City Controller each released reports describing their respective reviews of OPA’s assessment methodology and process. Each of the reports indicated that OPA’s assessment methodology and processes could be more transparent and accurate.

The consultant engaged by the Mayor’s office made a number of recommendations to improve OPA’s assessment activities and the quality of assessments. Such recommendations include (i) reviewing all classifications of residential and non-residential properties, (ii) reviewing the assignment of

construction grades and conditions codes for all residential properties, (iii) examining the reliability and consistency of commercial building grade and condition codes, (iv) maintaining flexibility provided by current valuation methods in the transition to the computer assisted mass appraisal system program (“CAMA”), (v) hiring additional data analysis and property appraisal experts, (vi) improving and refining data collection and maintaining such data in the CAMA system, (vii) making valuation and assessment reports available on OPA’s website, (viii) documenting and explaining the assessment and valuation process to the public, (ix) developing a plan and guidelines to implement the recommendations and reporting on progress to the Chief Assessment Officer, and (x) temporarily changing the assessment calendar while the recommendations and CAMA system are implemented. While the City is reviewing the foregoing recommendations and working with OPA to implement such recommendations as appropriate, the City will not implement item (x) as the assessment calendar is based on Commonwealth law.

The City Controller’s report found that OPA met industry standards in a citywide ratio study for tax year 2019 and also recommended (a) addressing OPA assessments that are done on a geographical zone basis, which tend to overburden lower income neighborhoods in the City, (b) resolving land valuation non-uniformity, and (c) conducting annual reassessments on all properties to ensure that homeowners see smaller, incremental changes in their property assessment year-over-year, rather than the single-year increase seen in tax year 2019. In order to devote sufficient staff to accomplish these reforms, OPA will, for tax year 2020, temporarily move from a mass assessment methodology to a less labor-intensive assessment methodology known as the “ratio trend method” (or trending). The latter method will allow assessments to be more reflective of the market than not doing a reassessment would. Trending is a mass assessment valuation methodology where a factor is applied to a group of properties to reflect any changes – increases or decreases – in property values since the last revaluation. Properties are grouped by location, property type, and style (for example, single, twin, row home, or small multi-family within residential category). Market values are compared to sale prices to develop the market trend factor. Trending will be applied for all classes of property for which sufficient and reliable data is available. OPA intends to continue to conduct yearly reassessments while implementing the consultant’s recommendations.

Since 2010, the City has pursued a number of initiatives to improve the collection of Real Estate Taxes, including (i) prompt correspondence with taxpayers with overdue Real Estate Taxes, (ii) using outside collection firms to collect overdue Real Estate Taxes, (iii) sequestration of delinquent properties occupied by commercial tenants, and (iv) tax lien sales.

See Table 8 below for data with respect to Real Estate Taxes levied from 2014 to 2018 and collected by the City from January 1, 2014 to June 30, 2018. See Table 9 for the assessed property values of the City’s principal taxable assessed parcels in 2019. See Table 10 for the 2019 market and assessed values of the ten highest valued taxable real properties in the City, as well as the amounts and duration of Real Estate Tax abatements with respect to such properties.

(2) Real Estate Taxes are levied by the City and the School District. While this table reflects City General Fund Real Estate Tax revenues exclusively, the School District Real Estate Tax collection rates are the same.

(3) Taxes are levied on a calendar year basis. They are due on March 31.

(4) Adjustments include assessment appeals, a 1% discount for payment in full by February 28, the senior citizen tax discount, and the tax increment financing return of tax paid.

(5) Includes payments from capitalization charges. This capitalization occurs one time, after the end of the first year of the levy, on any unpaid balances.

(6) For calendar year 2018, the data shown reflects collections through June 30, 2018. For earlier calendar years, the data shown reflects collections through December 31 of the respective year.

⁽²⁾ Certified Values as of 3/31/2018.

Sales and Use Tax

Pursuant to the authorization granted by the Commonwealth under the PICA Act, the City adopted a 1% sales and use tax (the “City Sales Tax”) for City general revenue purposes effective beginning in Fiscal Year 1992. It is imposed in addition to, and on the same basis as, the Commonwealth’s sales and use tax. Vendors are required to pay City Sales Taxes to the Commonwealth Department of Revenue together with the Commonwealth sales and use tax. The State Treasurer deposits the collections of City Sales Taxes in a special fund and disburses the collections, including any investment income earned thereon, less administrative fees of the Commonwealth Department of Revenue, to the City on a monthly basis.

The City’s budgets for Fiscal Years 2010-2014 provided for an increase in the City Sales Tax rate to 2%, as authorized by the Commonwealth effective October 8, 2009, through June 30, 2014. In July 2013, the Commonwealth authorized the implementation of a new, permanent 1% increase in the City Sales Tax rate effective July 1, 2014, which was adopted by the City on June 12, 2014 and became effective on July 1, 2014. Under the reauthorized City Sales Tax, the first \$120 million collected from such additional 1% is distributed to the School District. For Fiscal Years 2015-2018, the General Assembly has also authorized the City to use the next \$15 million of City Sales Tax revenues from such additional 1% collected in such Fiscal Years for the payment of debt service on obligations issued by the City for the benefit of the School District. Following any such debt service payments, that remaining portion of the City Sales Tax revenues from such additional 1% distributed to the City is required to be used exclusively in accordance with Act 205 (as defined herein) and deposited to the Municipal Pension Fund.

The following table sets forth the City Sales Taxes collected in Fiscal Years 2015-2018 and the budgeted amount and current estimate for Fiscal Year 2019.

Table 11
Summary of City Sales Tax Collections
Fiscal Years 2015-2018 (Actual) and 2019 (Adopted Budget and Current Estimate)
(Amounts in Millions of USD)⁽¹⁾

<u>Fiscal Year</u>	<u>City Sales Tax Collections</u>
2015 (Actual)	\$149.5 ⁽²⁾
2016 (Actual)	\$169.4 ⁽²⁾
2017 (Actual)	\$188.4 ⁽²⁾
2018 (Actual)	\$198.4 ⁽²⁾
2019 (Adopted Budget)	\$216.5 ⁽³⁾
2019 (Current Estimate)	\$210.4 ⁽³⁾

⁽¹⁾ Sources: For Fiscal Years 2015-2018, the City's CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Proposed Twenty-Eighth Five-Year Plan.

⁽²⁾ Net collections estimated to be distributed to the City (i) from the first 1% City Sales Tax, (ii) following the distribution of \$120 million of revenues from the second 1% City Sales Tax to the School District, and (iii) following the payment of debt service on obligations issued by the City for the benefit of the School District, as described above.

⁽³⁾ Net collections estimated to be distributed to the City from the first 1% City Sales Tax and following the distribution of \$120 million of revenues from the second 1% City Sales Tax to the School District, as described above.

Other Taxes

The City also collects real property transfer taxes, parking taxes, an amusement tax, a valet parking tax, an outdoor advertising tax, a smokeless tobacco tax, the Philadelphia Beverage Tax (see below), and other miscellaneous taxes.

In June 2016, City Council passed the Philadelphia Beverage Tax (Chapter 19-4100 of the Philadelphia Code) (the "Philadelphia Beverage Tax"). On October 31, 2016, the Department of Revenue adopted regulations for the Philadelphia Beverage Tax. The Philadelphia Beverage Tax taxes the distribution of certain beverages at 1.5 cents per ounce and became effective January 1, 2017.

The Philadelphia Beverage Tax is deposited into the General Fund, and with the additional revenue, the City has budgeted for pre-Kindergarten, community schools, and debt service for improvements to parks, playgrounds, recreation centers, and libraries, as contemplated by the City's Rebuild program. In the Fiscal Year 2018 CAFR, the City reported that it collected approximately \$77.4 million in revenues from the Philadelphia Beverage Tax for Fiscal Year 2018.

In the Proposed Twenty-Eighth Five-Year Plan, the City projects for Fiscal Years 2020-2024 that it will collect approximately (i) \$76.6 million (Fiscal Year 2019), (ii) \$75.9 million (Fiscal Year 2020), (iii) \$75.1 million (Fiscal Year 2021), (iv) \$74.4 million (Fiscal Year 2022), (v) \$73.6 million (Fiscal Year 2023), and (vi) \$72.9 million (Fiscal Year 2024) in revenues from the Philadelphia Beverage Tax in such Fiscal Years.

In September 2016, a lawsuit challenging the Philadelphia Beverage Tax was filed by the American Beverage Association and other co-plaintiffs in the Philadelphia Court of Common Pleas – Trial Division – Civil. In December 2016, the Court of Common Pleas dismissed the complaint in its entirety. The plaintiffs appealed this ruling. In June 2017, the Commonwealth Court of Pennsylvania, which is one of the Commonwealth's intermediate appellate courts, upheld the decision of the Court of

Common Pleas. The plaintiffs petitioned the Pennsylvania Supreme Court to review this decision. In July 2018, the Pennsylvania Supreme Court upheld the decisions of the lower courts.

Improved Collection Initiative

The City is pursuing a multifaceted strategy designed to improve collections of various taxes while decreasing delinquencies. Key compliance strategies continue to include revocation of commercial licenses and sequestration, among others.

In addition to compliance efforts, the City has completed two projects – one to implement technology solutions for its cashiering and payments processing systems and another to develop an integrated data warehouse and case management system. These initiatives are designed to improve operational efficiencies and drive compliance efforts by providing tools currently unavailable to the City.

Other Locally Generated Non-Tax Revenues

These revenues include license fees and permit sales, traffic fines and parking meter receipts, court related fees, stadium revenues, interest earnings and other miscellaneous charges and revenues of the City.

Revenue from Other Governments

The following table presents revenues received from other governmental jurisdictions for Fiscal Years 2015-2018, the budgeted amount and current estimate for Fiscal Year 2019, and the percentage such revenues represent in the General Fund. The table does not reflect substantial amounts of revenues from other governments received by the Grants Revenue Fund, Community Development Fund, and other operating and capital funds of the City.

Table 12
Revenue from Other Governmental Jurisdictions
Fiscal Years 2015-2018 (Actual) and 2019 (Adopted Budget and Current Estimate)
(Dollar Amounts in Millions of USD)^{(1), (2), (3)}

Fiscal Year	Commonwealth ⁽⁴⁾	Federal Government	Other Governments ⁽⁵⁾	Total	Percentage of General Fund Revenues
2015 (Actual)	\$212.7	\$30.1	\$60.0	\$302.8	8.1%
2016 (Actual)	\$223.7	\$29.7	\$52.3	\$305.6	7.7%
2017 (Actual)	\$214.7	\$37.6	\$55.4	\$307.7	7.4%
2018 (Actual)	\$224.5	\$31.3	\$68.2	\$323.9	7.1%
2019 (Adopted Budget)	\$231.1	\$43.1	\$63.3	\$337.5	7.3%
2019 (Current Estimate) ⁽¹⁾	\$221.5	\$32.9	\$61.5	\$315.9	6.8%

⁽¹⁾ Sources: For Fiscal Years 2015-2018, the City’s CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget, the Proposed Fiscal Year 2020 Budget, and the Proposed Twenty-Eighth Five-Year Plan.

⁽²⁾ Figures may not sum due to rounding.

⁽³⁾ Does not include the PICA Tax.

⁽⁴⁾ Such revenues are for health, welfare, court, and various other specified purposes.

⁽⁵⁾ Such revenues primarily consist of payments from PGW, parking fines and fees from PPA, and other authorized adjustments.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Proposals to Reduce Federal Funding

The following discussion of the Executive Order (as defined below) addresses a federal policy that may affect certain funding for the City. The City is monitoring the Executive Order and the potential impact, if any, such initiative may have on City funding. Table 12 above presents certain revenues received from other governmental jurisdictions, including the federal government, and the percentage such revenues represent in the General Fund.

On January 25, 2017, President Trump issued “Executive Order – Enhancing Public Safety in the Interior of the United States,” which aims to address certain immigration policies of the administration relating to “sanctuary jurisdictions,” among other things (the “Executive Order”). The Executive Order states, in part, that the policy of the executive branch will be to “ensure that jurisdictions that fail to comply with applicable Federal law do not receive Federal funds, except as mandated by law.”

The Executive Order raises many questions of law regarding the attachment of the above policies to federal funding and has been challenged in judicial proceedings. The United States Department of Justice (the “Department of Justice”) has indicated in such proceedings that only certain law enforcement-related federal grants could potentially be impacted by the Executive Order.

The City receives an annual federal criminal justice-related federal grant in the amount of approximately \$1.7 million. In April 2017, the Department of Justice sent a letter to nine cities, including the City, stating that they had until the end of June 2017 to certify their compliance with certain immigration-related federal laws or risk having criminal justice-related grants withheld. In June 2017, the City sent a letter to the Department of Justice explaining that its local policies do not violate any immigration-related federal laws.

In August 2017, the City filed a complaint challenging attachment of the immigration-related law to the grant, as well as other conditions of the grant, in the United States District Court for the Eastern District of Pennsylvania, and seeking to enjoin the Department of Justice from attaching the various conditions to the grant funding. On November 15, 2017, the court issued a preliminary injunction, which prohibited the Department of Justice and the Attorney General from withholding the grant funds in connection with the immigration-related law. By order entered on June 28, 2018, the court made the injunction permanent, granted summary judgment in favor of the City, and directed the Department of Justice to process and approve the City’s request for the criminal justice-related federal grant without regard to the conditions the Department of Justice had attempted to impose on the City. On July 24, 2018, the Department of Justice filed a notice of appeal to the United States Court of Appeals for the Third Circuit. In an opinion filed on February 15, 2019, the Third Circuit upheld the district court’s grant of a permanent injunction and further found that the Attorney General had no statutory authority to impose immigration-related conditions on the City’s grant. Numerous other federal courts have similarly enjoined the Attorney General’s efforts to impose these immigration-related conditions on criminal justice grants. The City has received the criminal justice-related federal grant for Fiscal Year 2017. For Fiscal Year 2018, the City received the award letter for the criminal justice-related federal grant and sent back its acceptance of the grant without acceptance of any immigration-related conditions. As of the date hereof, the City has not received the criminal justice-related federal grant for Fiscal Year 2018.

Revenues from City-Owned Systems

In addition to taxes, the City realizes revenues through the operation of various City-owned systems, such as the Water and Wastewater Systems and PGW. The City has issued revenue bonds with respect to the Water and Wastewater Systems and PGW to be paid solely from and secured by a pledge of the respective revenues of these systems. The revenues of the Water and Wastewater Systems and PGW

are not legally available for payment of other obligations of the City until, on an annual basis, all revenue bond debt service requirements and covenants relating to those bonds have been satisfied, and then only in a limited amount and upon satisfaction of certain other conditions.

Water Fund. The revenues of the Philadelphia Water Department (the “Water Department”) are required to be segregated from other funds of the City. Under the City’s Restated General Water and Wastewater Revenue Bond Ordinance of 1989 (the “Water Ordinance”), an annual transfer may be made from the Water Fund to the City’s General Fund in an amount not to exceed the lesser of (i) all Net Reserve Earnings and (ii) \$4,994,000. “Net Reserve Earnings” means the amount of interest earnings during the Fiscal Year on amounts in the Debt Reserve Account and Subordinated Bond Fund, each as defined in the Water Ordinance.

The following table shows the amounts transferred from the Water Fund to the General Fund for Fiscal Years 2015-2018 and the budgeted amount and current estimate for Fiscal Year 2019.

Table 13
Transfers from Water Fund to General Fund (Excess Interest on Sinking Fund Reserve)
Fiscal Years 2015-2018 (Actual) and 2019 (Adopted Budget and Current Estimate)^{(1), (2)}

Fiscal Year	Amount Transferred
2015 (Actual)	\$ 745,585
2016 (Actual)	\$1,555,702
2017 (Actual)	\$1,866,455
2018 (Actual)	\$1,627,838
2019 (Adopted Budget and Current Estimate)	\$1,500,000

⁽¹⁾ Sources: For Fiscal Years 2015-2018, the City’s Supplemental Report of Revenues & Obligations for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Proposed Fiscal Year 2020 Budget.

⁽²⁾ The Water Department’s budgeted amount for such transfers is typically greater than the figure included in the City’s operating budget.

The City also budgets for certain transfers from the Water Fund to the General Fund related to services performed and costs borne by the General Fund. For Fiscal Year 2018, the amount of such transfers was \$7,319,325. For Fiscal Year 2019, the City budgeted \$9,624,000 for such transfers, while the current estimate for such transfers is \$7,491,000.

PGW. The revenues of PGW are required to be segregated from other funds of the City. Payments for debt service on PGW bonds are made directly by PGW. PGW is required to make an annual payment of \$18 million to the General Fund. The Fiscal Year 2019 Adopted Budget includes such \$18 million annual payment to the General Fund from PGW for such Fiscal Year. For more information on PGW, see “THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Government Services.”

Philadelphia Parking Authority Revenues

The PPA was established by City ordinance pursuant to the Pennsylvania Parking Authority Law (P.L. 458, No. 208 (June 5, 1947)). Various statutes, ordinances, and contracts authorize PPA to plan, design, acquire, hold, construct, improve, maintain and operate, own or lease land and facilities for parking in the City, including such facilities at PHL, and to administer the City’s on-street parking program.

PPA owns and operates five parking garages and a number of surface parking lots at PHL. The land on which these garages and surface lots are located is leased from the City, acting through the

Division of Aviation, pursuant to a lease expiring in 2030 (the “Lease Agreement”). The Lease Agreement provides for payment of rent to the City, which is equal to gross receipts less operating expense, debt service on PPA’s bonds issued to finance improvements at PHL and reimbursement to PPA for capital expenditures and prior year operating deficits relating to its operations at PHL, if any.

One component of the operating expenses is PPA’s administrative costs. In 1999, at the request of the FAA, PPA and the City entered into a letter agreement (the “FAA Letter Agreement”), which contained a formula for calculating PPA’s administrative costs and capped such administrative costs at 28% of PPA’s total administrative costs for all of its cost centers. PPA owns and/or operates parking facilities at a number of locations in the City in addition to those at PHL. These parking facilities are revenue centers for purposes of the FAA Letter Agreement. According to PPA’s audited financial statements, as filed with the City, PPA has been in compliance with the FAA Letter Agreement since its execution.

On-street parking revenues are administered and collected on behalf of the City by the PPA. Pursuant to Pennsylvania law, PPA is to transmit these revenues to the City, net of any actual expenses incurred in the administration of the on-street parking system in accordance with the PPA’s approved budget, provided that, should such net revenues exceed a designated threshold (as described below), any excess above that threshold is to be transmitted to the School District. Pursuant to Act 84 of 2012, the effect of which commenced in Fiscal Year 2015, the threshold, which was previously set at \$25 million, was set at \$35 million, including a mandatory escalator to take into account increases in revenues. The following table presents payments received by the City from PPA for on-street parking for Fiscal Years 2015-2018, and the budgeted amount and current estimate for Fiscal Year 2019.

Table 14
PPA On-Street Parking Payments to the City
Fiscal Years 2015-2018 (Actual) and 2019 (Adopted Budget and Current Estimate)^{(1), (2)}
(Amounts in Millions of USD)

Fiscal Year	Payments to the City
2015 (Actual)	\$38.1
2016 (Actual)	\$33.7
2017 (Actual)	\$39.9
2018 (Actual)	\$41.3
2019 (Adopted Budget)	\$42.8
2019 (Current Estimate)	\$41.0

Other Tax Rate Changes

The Proposed Twenty-Eighth Five-Year Plan includes reductions in both the resident and non-resident wage and earnings tax. The following table details rates under the Proposed Twenty-Eighth Five-Year Plan.

Table 15
Changes in Wage and Earnings Tax Rates⁽¹⁾

Fiscal Year	Proposed Twenty-Eighth Five-Year Plan	
	Resident Wage and Earnings Tax Rates ⁽²⁾	Non-Resident Wage and Earnings Tax Rates
2019	3.8809%	3.4567%
2020	3.8712%	3.4481%
2021	3.8616%	3.4395%
2022	3.8519%	3.4309%
2023	3.8423%	3.4223%
2024	3.8327%	3.4137%

⁽¹⁾ Source: The Proposed Twenty-Eighth Five-Year Plan.

⁽²⁾ Includes PICA Tax. See "DEBT OF THE CITY – PICA Bonds" for a description of the PICA Tax.

Under the Proposed Twenty-Eighth Five-Year Plan, receipts from the Wage and Earnings Tax are estimated to grow at a rate of 3.03% in Fiscal Year 2019, 4.30% in Fiscal Year 2020, 3.97% in Fiscal Year 2021, 3.84% in Fiscal Year 2022, 3.83% in Fiscal Year 2023, and 3.63% in Fiscal Year 2024.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

EXPENDITURES OF THE CITY

Three of the principal City expenditures are for personal services (personnel) (including pensions and other employee benefits), purchase of services (including payments to SEPTA), and debt service. The expenditures for personal services (personnel) and purchase of services are addressed below under this caption; debt service is addressed below under “DEBT OF THE CITY.”

Personal Services (Personnel)

As of June 30, 2018, the City employed 27,867 full-time employees, representing approximately 4.2% of employees in Philadelphia (approximately 663,917 employees, according to preliminary, non-seasonally adjusted data from the Bureau of Labor Statistics). Of these full-time public employees, the salaries of 22,226 were paid from the General Fund. Additional sources of funding for full-time City employees include the Grants Revenue Fund, the Water Fund, and the Aviation Fund, as well as grants and contributions from other governments. Activities funded through such grants and contributions are not undertaken if funding is not received. The following table sets forth the number of filled, full-time positions of the City as of the dates indicated.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Overview of City Employees

The wages and benefits of City employees vary not only by position, but also by whether the employees are represented by a union and, if so, which union. Employee wages and benefits may also be impacted by whether the employee is subject to the civil service system or exempt from those rules. Thus, City employees may be broken down into three major categories for purposes of understanding how their wages and benefits are determined: (i) employees who are not subject to the civil service system (“exempt employees”); (ii) employees who fall under the civil service system but are not represented by a union (“non-represented employees”); and (iii) employees who are subject to the civil service system and are represented by a union (“union employees”).

As of December 31, 2018, the City had over 24,000 unionized employees, representing approximately 86% of the City’s employees. Such employees were represented by the City’s four municipal unions: (i) Fraternal Order of Police (“FOP”) Lodge No. 5; (ii) International Association of Fire Fighters (“IAFF”) Local 22; (iii) American Federation of State, County and Municipal Employees District Council 33 (“AFSCME DC 33”); and (iv) American Federation of State, County and Municipal Employees District Council 47 (“AFSCME DC 47”). The foregoing unions are covered by bargaining agreements through June 30, 2020.

In July 2016, a collective bargaining agreement was reached with AFSCME DC 33, which provides for pension reforms coupled with salary increases, lump sum payments for health care, and a one-time bonus. This collective bargaining agreement was ratified on August 19, 2016. In November 2018, a collective bargaining reopener was concluded with AFSCME DC 33, which resulted in an agreement by the City to contribute \$28 million to AFSCME DC 33’s health plan in Fiscal Years 2019 and 2020.

On June 30, 2017, the labor agreements for FOP Lodge No. 5, IAFF Local 22, and AFSCME DC 47 expired. On August 15, 2017, a labor arbitration panel awarded the FOP Lodge No. 5 Labor Contract, a new three-year contract, reflecting annual raises ranging from 3.25% to 3.75% and resulting in a projected aggregate cost to the City of approximately \$247.22 million during Fiscal Years 2018-2022.

On March 13, 2018, an arbitration panel awarded a new three-year contract for the employees of the Philadelphia Sheriff’s Office and Register of Wills, reflecting annual raises ranging from 2.5% to 3.0% for Register of Wills employees and 3.0% to 3.25% for Sheriff’s Office employees and resulting in a projected aggregate cost to the City of approximately \$13.46 million during Fiscal Years 2018-2023.

On March 19, 2018, an arbitration panel awarded a new three-year contract for the public safety employees represented by DC 33 Local 159 and DC 33 Local 1637, reflecting annual raises ranging from 3.0% to 3.25% and resulting in a projected aggregate cost to the City of approximately \$50.28 million during Fiscal Years 2018-2023.

In May 2018, an arbitration panel awarded a new three-year contract for IAFF Local 22 (firefighters), reflecting annual raises ranging from 3.25% to 3.75% and resulting in a projected aggregate cost to the City of approximately \$144.58 million during Fiscal Years 2018-2023.

In June 2018, a new three-year collective bargaining agreement was reached with AFSCME DC 47, reflecting annual raises ranging from 2.5% to 3.0% and resulting in a projected aggregate cost to the City of approximately \$46.17 million during Fiscal Years 2018-2023.

The costs of the agreements discussed above have been included in the City's five-year plans, as applicable. See "DISCUSSION OF FINANCIAL OPERATIONS – Current Financial Information" herein).

For more information on the current status of the interest arbitration awards that have been issued for, and contract settlements reached with, the City's major labor organizations, as well as changes that have been made for non-represented employees, see Table 18.

Collective bargaining with respect to the wages, hours and other terms and conditions of employment of union employees, other than uniformed employees of the Police Department and the Fire Department, is governed by the Public Employee Relations Act (Pa. P.L. 563, No. 195 (1970)) ("PERA"). PERA requires the City and the unions to negotiate in good faith to attempt to reach agreement on new contract terms and, if an impasse exists after such negotiations, to mediate through the Commonwealth Bureau of Mediation. Once the mediation procedures have been satisfied, and if no collective bargaining agreement has been reached, most employees covered by PERA are permitted to strike. Certain employees, however, including employees of the Sheriff's Office and the Register of Wills represented by the FOP, corrections officers represented by AFSCME DC 33, and employees of the First Judicial District represented by AFSCME DC 47, are not permitted to strike under PERA. These employees must submit any impasse to binding interest arbitration once the mediation procedures have been satisfied. PERA permits parties at an impasse, which are not required to submit to binding interest arbitration, to do so voluntarily. Provisions of an interest arbitration award issued under PERA that require legislative action are considered advisory only and the legislative body is permitted to meet, consider, and reject those provisions.

Uniformed employees of the Police Department and the Fire Department bargain under the Policemen and Firemen Collective Bargaining Act (Pa. P.L. 237, No. 111 (1968)) ("Act 111"), which provides for final and binding interest arbitration to resolve collective bargaining impasses and prohibits these employees from striking. Interest arbitration under Act 111 operates similarly to interest arbitration under PERA, but City Council is not permitted to reject the portions of an interest arbitration award that require legislative action. To the contrary, City Council is required to pass any legislation necessary to implement the award unless doing so would violate state or federal law. Thus, the arbitration panel has significant, although not limitless, power to issue an award on mandatory subjects of bargaining. As with interest arbitration under PERA, the arbitration panel cannot issue an award on a matter that is one of inherent managerial policy. In addition to the grounds available to challenge a PERA interest arbitration award on appeal, the PICA Act requires an Act 111 interest arbitration panel to, among other things, give substantial weight to the City's five-year plan and ability to pay for the cost of the award without negatively impacting services, and gives the City the right to appeal the award to the Court of Common Pleas if it believes the panel has failed to meet these responsibilities. If the arbitration panel fails to do so or, among other things, if it awards wages or benefits that exceed what is assumed in the most-recent five-year plan without substantial evidence in the record demonstrating that the City can afford these increases without adversely impacting service levels, the Court of Common Pleas is required to vacate the arbitration award and remand it to the arbitration panel.

Overview of Employee Benefits

The City provides various pension, life insurance, and health benefits for its employees. The benefits offered depend on the employee's union status and bargaining unit, if applicable. General Fund employee benefit expenditures for Fiscal Years 2015 through 2019 are shown in the following table.

Table 17
General Fund Employee Benefit Expenditures
Fiscal Years 2015-2018 (Actual) and 2019 (Projected)
(Amounts in Millions of USD)⁽¹⁾

	Actual 2015	Actual 2016	Actual 2017	Actual 2018	Adopted Budget 2019	Current Estimate 2019
Pension Costs ⁽²⁾	\$558.3	\$622.1 ⁽⁶⁾	\$665.2 ⁽⁷⁾	\$742.4 ⁽⁸⁾	\$719.8 ⁽⁹⁾	\$716.7 ⁽¹⁰⁾

Total	<u>\$1,099.5</u>	<u>\$1,181.3</u>	<u>\$1,241.0</u>	<u>\$1,314.0</u>	<u>\$1,360.2</u>	<u>\$1,375.6</u>

⁽¹⁾ Source: From the City's five-year financial plans, except for "Payments under City-administered plan" and "Payments under union-administered plans" which were provided by the City, Department of Human Resources and the Office of Budget and Program Evaluation. Figures may not sum due to rounding.

⁽²⁾ Includes debt service on Pension Bonds (as defined herein) and the Commonwealth contributions to the Municipal Pension Fund. See Tables 29 and 30.

⁽³⁾ This breakdown of "Health" between "Payments under City-administered plan" and "Payments under union-administered plans" is an estimate of actual expenses. The City records the actual health expenses in one line item, which corresponds to the figures in "Total Health."

⁽⁴⁾ Includes payments of social security and Medicare taxes.

⁽⁵⁾ Includes payments for unemployment compensation, employee disability, group life, group legal, tool allowance, and flex cash payments.

⁽⁶⁾ Includes \$9.7 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

⁽⁷⁾ Includes \$19.2 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

⁽⁸⁾ Includes \$24.2 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

⁽⁹⁾ Assumes \$48.3 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

⁽¹⁰⁾ Assumes \$45.2 million from City Sales Tax revenues for the Municipal Pension Fund. See "REVENUES OF THE CITY – Sales and Use Tax."

Each of the City's four municipal unions sponsors its own health plan that provides medical, prescription, dental and optical benefits to participating employees and eligible retirees through trusts on which the City has varying degrees of minority representation. Exempt and non-represented employees, along with represented employees of the Register of Wills and employees represented by AFSCME DC 33 who have chosen not to become members of the union's healthcare plan, receive health benefits through a plan sponsored and administered by the City. Each of the plans provides different benefits determined by the plan sponsor or through collective bargaining. To provide health care coverage, the City pays a negotiated monthly premium for employees covered by the union contract for AFSCME DC 33 and is self-insured for all other eligible employees. Aside from AFSCME DC 33, the City is responsible for the actual health care cost that is invoiced to the City's unions by their respective vendors. The actual cost can be a combination of self-insured claim expenses, premiums, ancillary services and administrative expenses. In addition, employees who satisfy the eligibility criteria receive five years of health benefits after their retirement. See "OTHER POST-EMPLOYMENT BENEFITS" below. These benefits are determined and administered by the plan in which the employee participated at the time of his or her retirement. Other employee benefits, including life insurance and paid leave, are similarly determined by the respective collective bargaining agreements and City policies and Civil Service Regulations. Employees also participate in the Municipal Pension Plan. See "PENSION SYSTEM" below.

Overview of Current Labor Situation

Table 18 summarizes the current status of the interest arbitration awards that have been issued for, and contract settlements reached with, the City’s major labor organizations, as well as changes that have been made for non-represented employees. It also provides a brief summary of pension reforms that have occurred since 2016.

Table 18

⁽²⁾ “Plan 87,” “Plan 10,” and “Plan 16” referenced in this column are described in Table 19.

<u>Organization</u>	<u>Authorized Number of Full-Time Citywide Employees Represented</u> ⁽¹⁾	<u>Status of Arbitration Award or Contract Settlement</u>	<u>Wage Increases</u>	<u>Pension Reforms</u> ⁽²⁾
AFSCME DC 33, Local 159 Correctional Officers	2,127	Three-year contract effective July 1, 2017 through June 30, 2020 awarded by arbitration panel on March 19, 2018	<ul style="list-style-type: none"> • 3.0% pay increase for Fiscal Year 2018 • 3.25% pay increase for Fiscal Year 2019 • 3.25% pay increase for Fiscal Year 2020 	<ul style="list-style-type: none"> • Tiered contribution system for current employees under which employees who have higher salaries pay a higher percent of their salaries as contributions to the pension fund • Mandatory stacked hybrid plan for new hires under which employees receive a defined benefit pension for their first \$65,000 of earnings and a defined contribution pension for earnings above \$65,000 • Plan 10 closed to new enrollment for members of DC33 but remains unchanged for other employee groups • Once fully implemented, such employees in Plan 10 are expected to receive a letter indicating that they have 90 days to make an irrevocable election to opt into the stacked-hybrid • DROP interest rate decreases from 4.5% to the rate on the one year treasury effective January 1 of each year for participants not currently enrolled or eligible to enroll
AFSCME DC 47	3,574	Contract term from July 1, 2017 through June 30, 2020 (ratified on June 20, 2018)	<ul style="list-style-type: none"> • 3.0% pay increase for Fiscal Year 2018 • 2.5% pay increase for Fiscal Year 2019 • 3.0% pay increase for Fiscal Year 2020 	<ul style="list-style-type: none"> • Tiered contribution system for current employees under which employees who have higher salaries pay a higher percent of their salaries as contributions to the pension fund (effective January 1, 2019) • Mandatory stacked hybrid plan for new hires under which employees receive a defined benefit pension for their first \$65,000 of earnings and a defined contribution pension for earnings above \$65,000 (effective January 1, 2019) • Plan 10 closed to new enrollment for members of DC47 (effective January 1, 2019) • Once fully implemented, such employees in Plan 10 are expected to receive a letter indicating that they have 90 days to make an irrevocable election to opt into the stacked-hybrid
AFSCME DC 47 Local 810 Court Employees	478	Agreement ratified July 27, 2018 on economic terms for July 1, 2017 through June 30, 2020	<ul style="list-style-type: none"> • 3.0% pay increase for Fiscal Year 2018 • 2.5% pay increase for Fiscal Year 2019 • 3.0% pay increase for Fiscal Year 2020 	<ul style="list-style-type: none"> • Tiered contribution system for current employees under which employees who have higher salaries pay a higher percent of their salaries as contribution to the pension fund (effective January 1, 2019) • Mandatory stacked hybrid plan for new hires under which employees receive a defined benefit pension for their first \$65,000 of earnings and a defined contribution pension for earnings above \$65,000 (effective January 1, 2019) • Plan 10 closed to new enrollment for members of DC47 (effective January 1, 2019) • Once fully implemented, such employees in Plan 10 are expected to receive a letter indicating that they have 90 days to make an irrevocable election to opt into the stacked hybrid
Non-Represented Employees	1,151	Changes for non-represented employees	<ul style="list-style-type: none"> • 3.0% pay increase for Fiscal Year 2018 • 2.5% pay increase for Fiscal Year 2019 	<ul style="list-style-type: none"> • Tiered contribution system for current employees under which employees who have higher salaries pay a higher percent of their salaries as contribution to the pension fund (effective January 1, 2019) • Mandatory stacked hybrid plan for new hires under which employees receive a defined benefit pension for their first \$65,000 of earnings and a defined contribution pension for earnings above \$65,000 (effective January 1, 2019) • Previous 2011 reforms to DROP program remain in place; interest rate was decreased from 4.5% to the rate on the one year treasury effective January 1 of each year for participants not currently enrolled or eligible to enroll and eligibility age remains increased by two years

⁽¹⁾ From data provided by the Finance Department as of March 19, 2019.

⁽²⁾ "Plan 87," "Plan 10," and "Plan 16" referenced in this column are described in Table 19.

Certain features of the 1987 Plan (“Plan 87”), the 2010 Plan (“Plan 10”), and the 2016 Plan (“Plan 16”) are summarized below. Plan 87 is solely a defined benefit plan. Plan 10 and Plan 16 are a “hybrid” plans that include both defined benefit and defined contribution components. A more comprehensive summary of each plan is included as Appendix D of the July 1, 2017 Valuation (as defined herein). See “PENSION SYSTEM” below.

Table 19
Summary of Key Aspects of Plan 87, Plan 10, and Plan 16

Plan 87	Normal Retirement Eligibility	Average Final Compensation (“AFC”)	Defined Benefit – Retirement Benefits Multiplier
Municipal (Plan Y)	Age 60 and 10 years of credited service ⁽¹⁾	Average of three highest calendar or anniversary years	<ul style="list-style-type: none"> • (2.2% x AFC x years of service up to 10 years) plus (2.0% x AFC x numbers of years in excess of 10 years), subject to a maximum of 100% of AFC
Police and Fire	Age 50 and 10 years of credited service ⁽¹⁾	Average of two highest calendar or anniversary years	<ul style="list-style-type: none"> • (2.2% x AFC x years of service up to 20 years) plus (2.0% x AFC x numbers of years in excess of 20 years), subject to a maximum of 100% of AFC
Elected Official (Plan L)	Age 55 and 10 years of credited service ⁽²⁾	Average of three highest calendar or anniversary years	<ul style="list-style-type: none"> • 3.5% x AFC x years of service, subject to a maximum of 100% of AFC
Plan 10	Normal Retirement Eligibility	Average Final Compensation (“AFC”)	Defined Benefit – Retirement Benefits Multiplier
Municipal ⁽³⁾	Age 60 and 10 years of credited service	Average of five highest calendar or anniversary years	<ul style="list-style-type: none"> • 1.25% x AFC x years of service up to 20 years
Police and Fire	Age 50 and 10 years of credited service	Average of five highest calendar or anniversary years	<ul style="list-style-type: none"> • 1.75% x AFC x years of service up to 20 years

Defined Contribution			
<ul style="list-style-type: none"> • The City matches employee contributions at a 50% rate, with the total City match not to exceed 1.5% of compensation for each year. • After five years of credited service, the full amount in the account is distributed to the employee when he or she separates from City service. • The right to the portion of the account attributable to City contributions does not vest until the completion of five years of credited service. 			
Plan 16	Normal Retirement Eligibility	Average Final Compensation (“AFC”)	Defined Benefit – Retirement Benefits Multiplier
Municipal	Age 60 and 10 years of credited service	Lesser of (i) AFC under Plan Y (of Plan 87) (which is the average of three highest calendar or anniversary years) or (ii) \$50,000 (cap increases to \$65,000 on 1/1/2019)	<ul style="list-style-type: none"> • (2.2% x AFC x years of service up to 10 years) plus (2.0% x AFC x numbers of years in excess of 10 years), subject to a maximum of 100% of AFC

Defined Contribution			
<ul style="list-style-type: none"> • Employees may voluntarily participate in the defined contribution portion; employee contributions vest immediately. • For employees with annual salaries above the cap, the City matches employee contributions at a 50% rate, with the total City match not to exceed 1.5% of compensation for each year (only if employee is contributing); the City’s matching contributions vest after five years of credited service. • The maximum annual employee contribution is \$18,000, excluding the City’s matching contributions. 			

⁽¹⁾ Five years of credited service for those who make additional contributions. See “PENSION SYSTEM – Pension System; Pension Board – Membership.”

⁽²⁾ The lesser of two full terms or eight years of credited service for those elected officials who make additional contributions. See “PENSION SYSTEM – Pension System; Pension Board – Membership.”

⁽³⁾ Under Plan 10 (Municipal), pension contributions freeze after 20 years. At such time and for each subsequent year, the employee’s pension payments remain fixed and the employee may no longer make pension contributions.

Purchase of Services

The following table shows the City’s major purchase of services, which represents one of the major classes of expenditures from the General Fund. Table 20 shows contracted costs of the City for Fiscal Years 2015-2018, and the budgeted amounts and current estimates for Fiscal Year 2019.

Table 20
Purchase of Services in the General Fund
Fiscal Years 2015-2018 (Actual) and 2019 (Adopted Budget and Current Estimate)
(Amounts in Millions of USD)^{(1), (7)}

	Actual 2015	Actual 2016	Actual 2017	Actual 2018	Adopted Budget 2019	Current Estimate 2019
Human Services ⁽²⁾	\$77.3	\$75.3	\$75.7	\$76.3	\$82.8	\$82.8
Public Health	59.4	64.9	70.7	72.7	92.9	74.9
Public Property ⁽³⁾	148.8	155.0	158.5	157.4	162.2	162.7
Streets ⁽⁴⁾	47.6	51.9	46.2	49.2	49.2	53.9
First Judicial District	17.1	17.7	12.1	13.5	8.5	8.5
Licenses & Inspections	10.0	10.4	12.0	11.6	13.6	13.9
Homeless Services ⁽⁵⁾	36.6	37.1	38.0	39.2	43.6	47.3
Prisons	101.6	104.9	105.3	102.2	98.4	98.4
All Other ⁽⁶⁾	312.2	305.0	332.9	369.0	400.7	412.1
Total	<u>\$810.6</u>	<u>\$822.2</u>	<u>\$851.4</u>	<u>\$891.1</u>	<u>\$951.7</u>	<u>\$954.5</u>

⁽¹⁾ For Fiscal Years 2015-2018, the City’s Supplemental Report of Revenues & Obligations for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Proposed Twenty-Eighth Five-Year Plan.

⁽²⁾ Includes payments for care of dependent and delinquent children.

⁽³⁾ Includes payments for SEPTA, space rentals, and utilities.

⁽⁴⁾ Includes solid waste disposal costs.

⁽⁵⁾ Includes homeless shelter and boarding home payments.

⁽⁶⁾ Includes the Convention Center subsidy, payments for vehicle leasing, and debt service on lease and service agreement financings, among other things.

⁽⁷⁾ Figures may not sum due to rounding.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

City Payments to School District

The following table presents the City’s payments to the School District from the General Fund for Fiscal Years 2015-2018 and the budgeted amount and current estimate for Fiscal Year 2019.

Table 21
City Payments to School District
Fiscal Years 2015-2018 (Actual) and 2019 (Adopted Budget and Current Estimate)
(Amounts in Millions of USD)⁽¹⁾

	Actual 2015	Actual 2016	Actual 2017	Actual 2018	Adopted Budget and Current Estimate 2019
City Payments to School District	\$69.1	\$104.2	\$104.3	\$104.3	\$180.9

⁽¹⁾ Sources: For Fiscal Years 2015-2018, the City’s CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Proposed Twenty-Eighth Five-Year Plan.

The City’s adopted Fiscal Year 2016 budget included a property tax increase and parking tax increase to benefit the School District in amounts of \$25 million and \$10 million, respectively. The figures above for Fiscal Years 2016-2019 reflect such increases.

For Fiscal Year 2019, the City’s direct contribution to the School District from the General Fund is approximately \$76.5 million higher than the actual amount for Fiscal Year 2018. Such increase is expected to be funded by tax rate changes included in the Fiscal Year 2019 Adopted Budget (an increase to the real estate transfer tax and a slowing of planned reductions in the wage tax) and additional contributions from the General Fund. The budgeted amount and current estimate above for Fiscal Year 2019 reflects such increases and modifications.

For more discussion of the School District, see “THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – *Mayoral-Appointed or Nominated Agencies* – The School District,” above. For a discussion of changes in the funding provided by the City to the School District, see “REVENUES OF THE CITY – Sales and Use Tax.” For a discussion of the transition to AVI and how such transition affects funding for the School District, see “REVENUES OF THE CITY – Real Property Taxes Assessment and Collection.”

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

City Payments to SEPTA

SEPTA operates a public transportation system within the City and Bucks, Chester, Delaware, and Montgomery counties. SEPTA’s operating budget is supported by federal, Commonwealth, and local subsidies, including payments from the City. The following table presents the City’s payments to SEPTA from the General Fund for Fiscal Years 2015-2018, and the budgeted amount and current estimate for Fiscal Year 2019.

Table 22
City Payments to SEPTA
Fiscal Years 2015-2018 (Actual) and 2019 (Adopted Budget and Current Estimate)
(Amounts in Millions of USD)⁽¹⁾

	Actual 2015	Actual 2016	Actual 2017	Actual 2018	Adopted Budget and Current Estimate 2019
City Payment to SEPTA	\$70.4	\$74.2	\$79.7	\$81.9	\$84.6

⁽¹⁾ Sources: For Fiscal Years 2015-2018, the City’s CAFRs for such Fiscal Years. For Fiscal Year 2019, the Fiscal Year 2019 Adopted Budget and the Proposed Twenty-Eighth Five-Year Plan.

The City budgets operating subsidies each Fiscal Year to match the estimated operating subsidies of the Commonwealth under Act 89. The state operating subsidy is funded through the Pennsylvania Public Transportation Trust Fund as created by Act 44 of 2007, amended by Act 89 of 2013. The local match requirement is calculated to match state operating subsidies. In addition, local matching funds must be appropriated each Fiscal Year in which state funds are received in order for SEPTA to receive the full allocation of state funds. The Proposed Twenty-Eighth Five-Year Plan projects annual operating subsidy payments to SEPTA from the City will increase to \$101.9 million by Fiscal Year 2024. For more information on SEPTA, see APPENDIX B – “TRANSPORTATION – Southeastern Pennsylvania Transportation Authority (SEPTA).”

City Payments to Convention Center Authority

In connection with the financing of the expansion to the Pennsylvania Convention Center and the refinancing of debt for the original Pennsylvania Convention Center construction, the Commonwealth, the City, and the Convention Center Authority entered into an operating agreement in 2010 (the “Convention Center Operating Agreement”). The Convention Center Operating Agreement provides for the operation of the Convention Center by the Convention Center Authority and includes an annual service fee of \$15,000,000 from the City to the Convention Center Authority in each Fiscal Year through Fiscal Year 2040.

As authorized by ordinance, the City has agreed to pay to the Convention Center Authority on a monthly basis a certain percentage of hotel room taxes and hospitality promotion taxes collected during the term of the Convention Center Operating Agreement. The remaining percentages of such taxes are paid to the City’s tourism and marketing agencies. The General Fund does not retain any portion of the proceeds of the hotel room rental tax or the hospitality promotion tax.

PENSION SYSTEM

The amounts and percentages set forth under this heading relating to the City's pension system, including, for example, actuarial liabilities and funded ratios, are based upon numerous demographic and economic assumptions, including the investment return rates, inflation rates, salary increase rates, post-retirement mortality, active member mortality, rates of retirement, etc. The reader is cautioned to review and carefully consider the assumptions set forth in the documents that are cited as the sources for the information in this section. In addition, the reader is cautioned that such sources and the underlying assumptions speak as of their respective dates, and are subject to changes, any of which could cause a significant change in the unfunded actuarial liability.

Overview

The City faces significant ongoing financial challenges in meeting its pension obligations, including an unfunded actuarial liability ("UAL") of approximately \$6.1 billion as of July 1, 2018. In Fiscal Year 2018, the City's contribution to the Municipal Pension Fund was approximately \$782.0 million, of which the General Fund's share (including the Commonwealth contribution) was \$632.1 million. See Table 29. The City's aggregate pension costs (consisting of payments to the Municipal Pension Fund and debt service on the Pension Bonds (as defined herein)) have increased from approximately 10.20% of the City's General Fund budget to approximately 15.21% of the General Fund budget from Fiscal Years 2009 to 2018. See Table 31. As reflected in the Funded Ratio chart following Table 28, the funded ratio of the Municipal Pension Plan was 76.7% on July 1, 1999 (at which time the UAL was approximately \$1.4 billion), and was 46.8% on July 1, 2018.

The decline in the Municipal Pension System's funded status and the net growth of the unfunded liability is the product of a number of factors, including the following:

- The declines in the equity markets in 2000-2001 and in 2008-2009. See Table 24 and the Funded Ratio chart below Table 28.
- A reduction in the assumed rate of return, from 8.75% in 2009 to 7.55% effective July 1, 2019 (i.e., Fiscal Year 2020). Although the gradual reductions in the assumed rates of return reflected in Table 24 are considered a prudent response to experience studies, by reducing the assumed return in the measurement of the actuarial liabilities, it serves to increase the UAL from what it otherwise would have been.
- Adopting more conservative mortality rates in response to experience studies performed by the Municipal Pension Plan actuary.
- The Municipal Pension Plan is a mature system, which means the number of members making contributions to the Municipal Pension Plan is less than the number of retirees and other beneficiaries receiving payments from the Municipal Pension Plan, by approximately 8,900. As a result, the aggregate of member contributions and the City's contributions are less than the amount of benefits and refunds payable in most years, with the result that in such years investment income must be relied upon to meet such difference before such income can contribute to an increase in the Municipal Pension System's assets growth. See Table 26 (which reflects that in Fiscal Year 2018, however, the aggregate of member contributions and the City's contribution exceeded the amount of benefits and refunds payable in such Fiscal Year).

- The determination by the City, commencing in Fiscal Year 2005, to fund in accordance with the “minimum municipal obligation” (“MMO”), as permitted and as defined by Pennsylvania law, in lieu of the City Funding Policy (as defined herein), resulted in the City contributing less than otherwise would have been contributed. See below, “– Funding Requirements; Funding Standards.”
- Revising, in Fiscal Year 2009, in accordance with Pennsylvania law, the period over which the UAL was being amortized, such that the UAL as of July 1, 2009 was “fresh started” to be amortized over a 30 year period ending June 30, 2039. In addition, changes were made to the periods over which actuarial gains and losses and assumption changes were amortized under Pennsylvania law. See “UAL and its Calculation – Actuarial Valuations.”

The City has taken a number of steps to address the funding of the Municipal Pension Plan, including the following:

- Reducing the assumed rate of return on a gradual and consistent basis, which results in the City making larger annual contributions. See Table 24 below.
- Adopting more conservative mortality rates in response to experience studies performed by the Municipal Pension Plan actuary.
- In conjunction with the revisions to the amortization periods that occurred in Fiscal Year 2009, changing from a level percent of pay amortization schedule to a level dollar amount schedule. This results in producing payments that ensure that a portion of principal on the UAL is paid each year.
- Funding consistently an amount greater than the MMO (subject to the authorized deferrals for Fiscal Years 2010 and 2011 described below). See Table 29.
- Negotiating collective bargaining agreements by which additional contributions are being made (and will be made) by certain current (and future) members and by which benefits will be capped for certain future members of the Municipal Pension Plan. See Table 18.
- Securing additional funding, including funds required to be deposited by the City to the Municipal Pension Fund from its share of sales tax revenue.
- Adopting a Revenue Recognition Policy (defined and described below), by which sources of anticipated additional revenue that will be received by the System are specifically dedicated toward paying down the unfunded pension liability and not to reducing future costs of the City. The additional revenue is tracked and accumulated in a notional account, which is then deducted from the Actuarial Asset Value to determine the contribution under the Revenue Recognition Policy. As a result, such contribution is higher than the MMO.
- Changing the investment strategy to increase the use of passive investment vehicles, which has resulted in increased returns and decreased fees.

This “Overview” is intended to highlight certain of the principal factors that led to the pension system’s current funded status, and significant steps the City and the Pension Board (as defined herein) have taken to address the underfunding. The reader is cautioned to review with care the more detailed information presented below under this caption, “PENSION SYSTEM.”

Pension System; Pension Board

The City maintains two defined-benefit pension programs: (i) the Municipal Pension Plan, a single employer plan, which provides benefits to police officers, firefighters, non-uniformed employees, and non-represented appointed and elected officials, and (ii) the PGW Pension Plan, a single employer plan, which provides benefits to PGW employees. The Municipal Pension Plan is administered through 20 separate benefit structures, the funding for which is accounted for on a consolidated basis by the Municipal Pension Fund. Such benefit structures establish for their respective members different contribution levels, retirement ages, etc., but all assets are available to pay benefits to all members of the Municipal Pension Plan. The Municipal Pension Plan is a mature plan, initially established in 1915, with net investment assets that totaled approximately \$5.3 billion as of June 30, 2018. The Municipal Pension Plan has approximately 28,800 members who make contributions to the plan, and provides benefits to approximately 37,700 retirees and other beneficiaries.

PGW is principally a gas distribution facility owned by the City. For accounting presentation purposes, PGW is a component unit of the City and follows accounting rules as they apply to proprietary fund-type activities. The PGW Pension Plan is funded with contributions by PGW to such plan, which are treated as an operating expense of PGW, and such plan is not otherwise addressed under the caption “PENSION SYSTEM.” See “PGW PENSION PLAN” below.

Contributions are made by the City to the Municipal Pension Fund from: (i) the City’s General Fund; (ii) funds that are received by the City from the Commonwealth for deposit into the Municipal Pension Fund; and (iii) various City inter-fund transfers, representing amounts contributed, or reimbursed, to the City’s General Fund for pensions from the City’s Water Fund, Aviation Fund, and certain other City funds or agencies. See Table 29. In addition to such City (employer) contribution, the other principal additions to the Municipal Pension Fund are: (i) member (employee) contributions; (ii) interest and dividend income; (iii) net appreciation in asset values; and (iv) net realized gains on the sale of investments. See Table 26 below. An additional source of funding is that portion of the 1% Sales Tax rate increase that is required under Pennsylvania law to be deposited to the Municipal Pension Fund. See “REVENUES OF THE CITY – Sales and Use Tax.”

The City of Philadelphia Board of Pensions and Retirement (the “Pension Board”) was established by the City Charter to administer “a comprehensive, fair and actuarially sound pension and retirement system covering all officers and employees of the City.” The City Charter provides that the Pension Board “shall consist of the Director of Finance, who shall be its chairman, the Managing Director, the City Controller, the City Solicitor, the Personnel Director and four other persons who shall be elected to serve on the Board by the employees in the civil service in such manner as shall be determined by the Board.” In addition, there is one non-voting member on the Pension Board, who is appointed by the President of City Council. An Executive Director, together with a budgeted staff of 73 personnel, administers the day-to-day activities of the retirement system, providing services to approximately 66,600 members.

The Municipal Pension Plan, the Municipal Pension Fund, and the Pension Board are for convenience sometimes collectively referred to under this caption as the “Municipal Retirement System.”

Membership. The following table shows the membership totals for the Municipal Pension Plan, as of July 1, 2018 and as compared to July 1, 2017.

Table 23
Municipal Pension Plan – Membership Totals

	<u>July 1, 2018</u>	<u>July 1, 2017</u>	<u>% Change</u>
Actives	28,845	28,615	0.8%
Terminated Vesteds	1,074	1,157	-7.2%
Disabled	3,890	3,942	-1.3%
Retirees	22,275	22,288	-0.1%
Beneficiaries	8,547	8,552	-0.1%
Deferred Retirement Option Plan (“DROP”)	<u>1,944</u>	<u>1,767</u>	10.0%
Total City Members	66,575	66,321	0.4%
Annual Salaries	\$1,805,400,096	\$1,744,728,288	3.5%
Average Salary per Active Member	\$62,590	\$60,973	2.7%
Annual Retirement Allowances	\$761,946,574	\$750,204,529	1.6%
Average Retirement Allowance	\$21,951	\$21,569	1.8%

Source: July 1, 2018 Valuation.

As shown in Table 23, total membership in the Municipal Pension Plan increased by 0.4%, or from 66,321 to 66,575 members, from July 1, 2017 to July 1, 2018, including an increase of 0.8% in active members from 28,615 to 28,845 (who were contributing to the Municipal Pension Fund). Of the 66,575 members, 37,730 were retirees, beneficiaries, disabled, and other members (who were withdrawing from, or not contributing to, the Municipal Pension Fund).

Subject to the exceptions otherwise described in this paragraph, employees and officials become vested in the Municipal Pension Plan upon the completion of ten years of service. Employees and appointed officials who hold positions that are exempt from civil service and who are not entitled to be represented by a union, and who were hired before January 13, 1999, may elect accelerated vesting after five years of service in return for payment of a higher employee contribution than if the vesting period were ten years. Such employees and officials become vested after five years of service if hired after January 13, 1999 or seven years of service if hired after January 1, 2019, and pay a higher employee contribution than if the vesting period were ten years. Elected officials become vested in the Municipal Pension Plan once they complete service equal to the lesser of two full terms in their elected office or eight years and pay a higher contribution than if the vesting period were ten years. Elected officials pay an additional employee contribution for the full cost of the additional benefits they may receive over those of general municipal employees. Upon retirement, employees and officials may receive up to 100% of their average final compensation depending upon their years of credited service and the plan in which they participate.

All City employees participate in the U.S. Social Security retirement system except for uniformed Police and uniformed Fire employees.

Certain membership information relating to the City’s municipal retirement system provided by the Pension Board is set forth in Appendix A to the July 1, 2018 Actuarial Valuation Report (the “July 1, 2018 Valuation”) and includes as of July 1, 2018, among other information, active and non-active

member data by plan, age/service distribution for active participants and average salary for all plans, and age and benefit distributions for non-active member data.

Funding Requirements; Funding Standards

City Charter. The City Charter establishes the “actuarially sound” standard quoted above. Case law has interpreted “actuarially sound” as used in the City Charter to require the funding of two components: (i) “normal cost” (as defined below) and (ii) interest on the UAL. (*Dombrowski v. City of Philadelphia*, 431 Pa. 199, 245 A.2d 238 (1968)).

Pennsylvania Law. The Municipal Pension Plan Funding Standard and Recovery Act (Pa. P.L. 1005, No. 205 (1984)) (“Act 205”), applies to all municipal pension plans in Pennsylvania, “[n]otwithstanding any provision of law, municipal ordinance, municipal resolution, municipal charter, pension plan agreement or pension plan contract to the contrary” Act 205 provides that the annual financial requirements of the Municipal Pension Plan are: (i) the normal cost; (ii) administrative expense requirements; and (iii) an amortization contribution requirement. In addition, Act 205 requires that the MMO be payable to the Municipal Pension Fund from City revenues, and that the City shall provide for the full amount of the MMO in its annual budget. The MMO is defined as “the financial requirements of the pension plan reduced by . . . the amount of any member contributions anticipated as receivable for the following year.” Act 205 further provides that the City has a “duty to fund its municipal pension plan,” and the failure to provide for the MMO in its budget, or to pay the full amount of the MMO, may be remedied by the institution of legal proceedings for mandamus.

In accordance with Pennsylvania law and Act 205, the City uses the entry age normal actuarial funding method, whereby “normal cost” (associated with active employees only) is the present value of the benefits that the City expects to become payable in the future distributed evenly as a percent of expected payroll from the age of first entry into the plan to the expected age at retirement. The City’s share of such normal cost (to which the City adds the Plan’s administrative expenses) is reduced by member contributions. The term “level” means that the contribution rate for the normal cost, expressed as a percentage of active member payroll, is expected to remain relatively level over time.

The City has budgeted and paid at least the full MMO amount since such requirement was established, and more specifically, prior to Fiscal Year 2005 the City had been contributing to the Municipal Pension Plan the greater amount as calculated pursuant to the City Funding Policy which was implemented before Act 205 was effective, as described below. Beginning in Fiscal Year 2018, the City is contributing under the Revenue Recognition Policy (defined below), which requires higher contribution amounts than under the MMO. Payment of the MMO is a condition for receipt of the Commonwealth contribution to the Municipal Pension Fund. See Table 29.

Act 205 was amended in 2009 by Pa. P.L. 396, No. 44 (“Act 44”) to authorize the City to: (i) “fresh start” the amortization of the UAL as of July 1, 2009 by a level annual dollar amount over 30 years ending June 30, 2039; and (ii) revise the amortization periods for actuarial gains and losses and assumption changes in accordance with Act 44, as described below under “UAL and its Calculation – Actuarial Valuations.” In addition, Act 44 authorized the City to defer, and the City did defer, \$150 million of the MMO otherwise payable in Fiscal Year 2010, and \$80 million of the MMO otherwise payable in Fiscal Year 2011, subject to repayment of the deferred amounts by June 30, 2014. The City repaid the aggregate deferred amount of \$230 million, together with interest at the then-assumed interest rate of 8.25%, in Fiscal Year 2013. See Table 29. Because the final amortization date is fixed, if all actuarial assumptions are achieved, the unfunded liability would decline to zero as of the final amortization date. To the extent future experience differs from the assumptions used to establish the 30-

year fixed amortization payment schedule, new amortization bases attributable to a particular year's difference would be established and amortized over their own 20-year schedule.

GASB: City Funding Policy. Governmental Accounting Standards Board (“GASB”) Statement No. 27, “Accounting for Pensions by State and Local Governmental Employers” (“GASB 27”), applied to the City for Fiscal Years beginning prior to July 1, 2014. For the Fiscal Year beginning July 1, 2014, GASB Statement No. 68 (“GASB 68”), which amends GASB 27 in several significant respects, applies. GASB 27 defined an “annual required contribution” (“ARC”) as that amount sufficient to pay (i) the normal cost and (ii) the amortization of UAL, and provides that the maximum acceptable amortization period is 30 years (for the initial 10 years of implementation, 1996-2006, a 40-year amortization period was permitted). GASB 27 did not establish funding requirements for the City but rather was an accounting and financial reporting standard. GASB 68 does not require the calculation of an ARC but does require the City to include as a liability on its balance sheet the City’s “net pension liability,” as defined by GASB 68. The City has been funding the Municipal Pension Fund since Fiscal Year 2003 based on the MMO (at a minimum), including the deferral permitted by Act 44. See Table 29 below.

The City, prior to Fiscal Year 2005, had been funding the Municipal Pension Fund in accordance with what the City referred to as the “City Funding Policy.” That reference was used and continues to be used in the Actuarial Reports. Under the City Funding Policy, the UAL as of July 1, 1985 was to be amortized over 34 years ending June 30, 2019, with payments increasing at 3.3% per year, the assumed payroll growth. Other changes in the actuarial liability were amortized in level-dollar payments over various periods as prescribed in Act 205. In 1999, the City issued pension funding bonds, the proceeds of which were deposited directly into the Municipal Pension Fund to pay down its UAL. See “– Annual Contributions – *Annual Debt Service Payments on the Pension Bonds*” below.

Revenue Recognition Policy. The City follows a policy (the “Revenue Recognition Policy”) to contribute each year to the Municipal Pension Fund an amount in excess of the MMO. The determination for such additional funding is based on not including (i) the portion of the amounts generated by the increase in the Sales Tax rate that became effective on July 1, 2014 and are required by Act 205 to be deposited to the Municipal Pension Fund (see “REVENUES OF THE CITY – Sales and Use Tax”), (ii) contributions to be made by City employees that are under Plan 16 (described above in the text that immediately follows Table 19), and (iii) additional member contributions for current and future members in Plan 87 Police, in the actuarial asset value when determining the annual contribution obligation.

The amounts projected by the City in the Proposed Twenty-Eighth Five-Year Plan to be deposited from Sales Tax revenue into the Municipal Pension Fund, for the six Fiscal Years 2019-2024, respectively, are as follows: \$45.2 million; \$51.5 million; \$56.8 million; \$62.2 million; \$67.6 million; and \$72.2 million.

UAL and its Calculation

According to the July 1, 2018 Valuation, the funded ratio (the valuation of assets available for benefits to total actuarial liability) of the Municipal Pension Fund as of July 1, 2018 was 46.8% and the Municipal Pension Fund had an unfunded actuarial liability (“UAL”) of \$6.124 billion. The UAL is the difference between total actuarial liability (\$11.521 billion as of July 1, 2018) and the actuarial value of assets (\$5.397 billion as of July 1, 2018).

Key Actuarial Assumptions. In accordance with Act 205, the actuarial assumptions must be, in the judgment of both Cheiron (the independent consulting actuary for the Municipal Pension Fund) and the City, “the best available estimate of future occurrences in the case of each assumption.” The assumed investment return rate used in the July 1, 2018 Valuation was 7.60% a year (which includes an inflation

assumption of 2.75%), net of administrative expenses, compounded annually. For the prior actuarial valuation, the assumed investment return rate was 7.65%. See Table 24 for the assumed rates of return for Fiscal Years 2009 to 2018. The 7.65% was used to establish the MMO payment for Fiscal Year 2018; 7.60% will be used to establish the MMO payment for Fiscal Year 2019; 7.55% will be used to establish the MMO payment for Fiscal Year 2020.

Other key actuarial assumptions in the July 1, 2018 Valuation include the following: (i) total annual payroll growth of 3.30%, (ii) annual administrative expenses assumed to increase 3.30% per year, (iii) to recognize the expense of the benefits payable under the Pension Adjustment Fund (as described below), actuarial liabilities were increased by 0.54%, based on the statistical average expected value of the benefits, (iv) a vested employee who terminates will elect a pension deferred to service retirement age so long as their age plus years of service at termination are greater than or equal to 55 (45 for police and fire employees in the 1967 Plan), (v) for municipal and elected members, 65% of all disabilities are ordinary and 35% are service-connected, and (vi) for police and fire members, 25% of all disabilities are ordinary and 75% are service-connected.

“Smoothing Methodology”. The Municipal Retirement System uses an actuarial value of assets to calculate its annual pension contribution, using an asset smoothing method to dampen the volatility in asset values that could occur because of fluctuations in market conditions. The Municipal Retirement System used a five-year smoothing prior to Fiscal Year 2009, and beginning with Fiscal Year 2009 began employing a ten-year smoothing. Using the ten-year smoothing methodology, investment returns in excess of or below the assumed rate are prospectively distributed in equal amounts over a ten-year period, subject to the requirement that the actuarial value of assets will be adjusted, if necessary, to ensure that the actuarial value of assets will never be less than 80% of the market value of the assets, nor greater than 120% of the market value of the assets. The actuarial value of assets as of July 1, 2018, was approximately 101.1% of the market value of the assets, as compared to 104.8% as of July 1, 2017.

Actuarial Valuations. The Pension Board engages an independent consulting actuary (currently Cheiron) to prepare annually an actuarial valuation report. Act 205, as amended by Act 44, establishes certain parameters for the actuarial valuation report, including: (i) use of the entry age normal actuarial cost method; (ii) that the report shall contain: (a) actuarial exhibits, financial exhibits, and demographic exhibits; (b) an exhibit of normal costs expressed as a percentage of the future covered payroll of the active membership in the Municipal Pension Plan; and (c) an exhibit of the actuarial liability of the Municipal Pension Plan; and (iii) that changes in the actuarial liability be amortized in level-dollar payments as follows: (a) actuarial gains and losses be amortized over 20 years beginning July 1, 2009 (prior to July 1, 2009, gains and losses were amortized over 15 years); (b) assumption changes be amortized over 15 years beginning July 1, 2010 (prior to July 1, 2010, assumption changes were amortized over 20 years); (c) plan changes for active members be amortized over 10 years; (d) plan changes for inactive members be amortized over one year; and (e) plan changes mandated by the Commonwealth be amortized over 20 years.

Act 205 further requires that an experience study be conducted at least every four years, and cover the five-year period ending as of the end of the plan year preceding the plan year for which the actuarial valuation report is filed. The most recent Experience Study was prepared by Cheiron in March 2018 for the period July 1, 2012 – June 30, 2017. The changes to the actuarial and demographic assumptions that were adopted by the Pension Board in response to such Experience Study were employed for the July 1, 2018 Valuation (which is used to determine the June 30, 2020 fiscal year end MMO, City Fund Policy, and Revenue Recognition Policy contributions). The principal revisions included increases in salary growth rates for municipal employees; decreases in retirement and termination rates; marginal changes in the expected disability rates; and changes in mortality assumptions to fully reflect the most recent experience. Details of these assumption changes and the experience of the

Municipal Pension Plan can be found in the *City of Philadelphia Municipal Retirement System Experience Study Results for the period covering July 1, 2012 – June 30, 2017*, available at the Investor Information section of the City’s Investor Website.

Pension Adjustment Fund

Pursuant to § 22-311 of the Philadelphia Code, the City directed the Pension Board to establish a Pension Adjustment Fund (“PAF”) on July 1, 1999, and further directed the Pension Board to determine, effective June 30, 2000 and each Fiscal Year thereafter, whether there are “excess earnings” as defined available to be credited to the PAF. The Pension Board’s determination is to be based upon the actuary’s certification using the “adjusted market value of assets valuation method” as defined in § 22-311. Although the portion of the assets attributed to the PAF is not segregated from the assets of the Municipal Pension Fund, the Philadelphia Code provides that the “purpose of the Pension Adjustment Fund is for the distribution of benefits as determined by the Board for retirees, beneficiaries or survivors [and] [t]he Board shall make timely, regular and sufficient distributions from the Pension Adjustment Fund in order to maximize the benefits of retirees, beneficiaries or survivors.” Distributions are to be made “without delay” no later than six months after the end of each Fiscal Year. The PAF was established, in part, because the Municipal Retirement System does not provide annual cost-of-living increases to retirees or beneficiaries. At the time the PAF was established, distributions from the PAF were subject to the restriction that the actuarial funded ratio using the “adjusted market value of assets” be not less than such ratio as of July 1, 1999 (76.7%). That restriction was deleted in 2007.

The amount to be credited to the PAF is 50% of the “excess earnings” that are between one percent (1%) and six percent (6%) above the actuarial assumed investment rate. Earnings in excess of six percent (6%) of the actuarial assumed investment rate remain in the Municipal Pension Fund. Although the Pension Board utilizes a ten-year smoothing methodology, as explained above, for the actuarial valuation of assets for funding and determination of the MMO, § 22-311 provides for a five-year smoothing to determine the amount to be credited to the PAF. The actuary determined that for the Fiscal Year ended June 30, 2018, there were no “excess earnings” as defined to be credited to the PAF. The Pension Board transfers to the PAF the full amount calculated by the actuary as being available in any year for transfer within six months of the Pension Board designating the amount to be transferred.

Transfers to the PAF and the resultant additional distributions to retirees result in removing assets from the Municipal Pension Plan. To account for the possibility of such transfers, and as an alternative to adjusting the assumed investment return rate to reflect such possibility, the actuary applies a load of 0.54% to the calculated actuarial liability as part of the funding requirement and MMO. Such calculation was utilized for the first time in the July 1, 2013 actuarial valuation.

The market value of assets as used under this caption, “PENSION SYSTEM,” represents the value of the assets if they were liquidated on the valuation date and this value includes the PAF (except as otherwise indicated in certain tables), although the PAF is not available for funding purposes. The actuarial value of assets does not include the PAF.

Rates of Return; Asset Values; Changes in Plan Net Position

Rates of Return. The following table sets forth for the Fiscal Years 2009-2018 the market value of assets internal rate of return and actuarial value of assets internal rate of return experienced by the Municipal Pension Fund, and the assumed rate of return. The 5-year and 10-year annual average returns as of June 30, 2018, were 6.73% and 5.30%, respectively, on a market value basis.

Table 24
Municipal Pension Fund
Annual Rates of Return

<u>Year Ending June 30,</u>	<u>Market Value</u>	<u>Actuarial Value⁽¹⁾</u>	<u>Assumed Rate of Return</u>
2009	-19.9%	-9.3%	8.75%
2010	13.8%	12.9%	8.25%
2011	19.4%	9.9%	8.15%
2012	0.2%	2.4%	8.10%
2013	10.9%	5.1%	7.95%
2014	15.7%	4.8%	7.85%
2015	0.3%	5.8%	7.80%
2016	-3.2%	4.5%	7.75%
2017	13.1%	4.4%	7.70%
2018	9.0%	5.1%	7.65%

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Asset Values. The following table sets forth, as of the July 1 actuarial valuation date for the years 2009-2018, the actuarial and market values of assets in the Municipal Pension Fund and the actuarial value as a percentage of market value.

Table 25
Actuarial Value of Assets vs. Market Value of Net Assets
(Dollar Amounts in Millions of USD)

Actuarial Valuation Date (July 1)	Actuarial Value of Assets ⁽¹⁾	Market Value of Net Assets ⁽¹⁾	Actuarial Value as a Percentage of Market Value
2009	\$4,042.1	\$3,368.4	120.0%
2010 ⁽²⁾	\$4,380.9	\$3,650.7	120.0%
2011 ⁽²⁾	\$4,719.1	\$4,259.2	110.8%
2012 ⁽²⁾	\$4,716.8	\$4,151.8	113.6%
2013	\$4,799.3	\$4,444.1	108.0%
2014	\$4,814.9	\$4,854.3	99.2%
2015	\$4,863.4	\$4,636.1	104.9%
2016	\$4,936.0	\$4,350.8	113.5%
2017	\$5,108.6	\$4,873.0	104.8%
2018	\$5,397.4	\$5,340.1	101.1%

Source: July 1, 2018 Valuation for Actuarial Value of Assets; 2009-2018 Actuarial Reports for Market Value of Net Assets.

⁽¹⁾ For purposes of this table, the Market Value of Net Assets excludes the PAF, which as of June 30, 2018 equaled \$1.160 million. The Actuarial Value of Assets excludes that portion of the Municipal Pension Fund that is allocated to the PAF. The actuarial values reflect a ten-year smoothing.

⁽²⁾ The July 1, 2010 actuarial and market values of assets include the \$150 million deferred contribution from Fiscal Year 2010, and the July 1, 2011 and July 1, 2012 actuarial and market values of assets include the total deferred contribution of \$230 million. See Table 29 below.

Changes in Plan Net Position. The following table sets forth, for the Fiscal Years 2014-2018, the additions, including employee (member) contributions, City contributions (including contributions from the Commonwealth), investment income and miscellaneous income, and deductions, including benefit payments and administration expenses, for the Municipal Pension Fund. Debt service payments on pension funding bonds (as described below at “Annual Contributions – *Annual Debt Service Payments on the Pension Bonds*”) are made from the City’s General Fund, Water Operating Fund, and Aviation Operating Fund, but are not made from the Municipal Pension Fund, and therefore are not included in Table 26. In those years in which the investment income is less than anticipated, the Municipal Pension Fund may experience negative changes (total deductions greater than total additions), which, as the table reflects, did occur in Fiscal Years 2015 and 2016. Furthermore, if unrealized gains are excluded from Table 26, resulting in a comparison of cash actually received against actual cash outlays, it results in a negative cash flow in Fiscal Years 2014-2017, which is typical of a mature retirement system. In Fiscal Year 2018, there was a positive cash flow.

Contributions from the Commonwealth are provided pursuant to the provisions of Act 205. Any such contributions are required to be used to defray the cost of the City’s pension system. The amounts contributed by the Commonwealth for each of the last ten Fiscal Years are set forth in Table 29 below. The contributions from the Commonwealth are capped pursuant to Act 205, which provides that “[n]o municipality shall be entitled to receive an allocation of general municipal pension system State aid in an amount greater than 25% of the total amount of the general municipal pension system State aid available.”

Employee (member) contribution amounts reflect contribution rates as a percent of pay, which for the plan year beginning July 1, 2019, vary from 6.00% to 8.50% for police and fire employees, and from 2.33% to 7.00% for municipal employees excluding elected officials. These rates include the increases for police employees effective July 1, 2017 resulting from the FOP Lodge No. 5 and IAFF Local No. 22 Labor Contracts. Such contracts increased member contributions for current police officers in Plan 87 and Plan 10 by 0.92% effective July 1, 2017 and an additional 0.92% effective July 1, 2018. For new police officers and fire fighters hired or rehired on or after July 1, 2017, the member contribution rate is increased by 2.5% over the rate which would otherwise be in effect as of July 1, 2017. The rates also include the increases in contributions for certain municipal employees and elected officials currently in Plans 67, 87 and 87 Prime and elected officials as required by legislation. This legislation called for employees in these groups to pay an additional 0.5% of compensation from January 1, 2015 to December 31, 2015 and an additional 1.0% from January 1, 2016 onwards. New employees in these groups entering Plan 87 Municipal Prime will pay an additional 1.0% of compensation which is included in the table below. Finally, these rates do not include the additional tiered contributions paid by current and future municipal employees based on their level of compensation.

⁽¹⁾ Other Funds Contributions represents contributions to the Municipal Pension Fund from the City’s Special Gasoline Tax Fund, Community Development Block Grant Fund, and Municipal Pension Fund.

⁽²⁾ Reflects the actual cash outlays for Fiscal Year 2010 and Fiscal Year 2011, which do not include the deferred contributions authorized pursuant to Act 44. See “– Funding Requirements; Funding Standards – Pennsylvania Law” above for a discussion of pension contribution deferrals authorized pursuant to Act 44.

⁽³⁾ As authorized pursuant to Act 44, the City deferred payments to the Municipal Pension Fund of \$150 million in fiscal year 2010 and \$80 million in fiscal year 2011. Those amounts were repaid in fiscal year 2013, in which year the City made a contribution of \$252.6 million to the Municipal Pension Fund, consisting of \$230 million of proceeds of Pension Bonds that were issued in October 2012 and \$22.6 million in refunding savings from a refunding Pension Bond financing in December 2012. See “– Annual Debt Service Payments on the Pension Bonds” below.

⁽⁴⁾ Act 205 directs the Actuary, in performing the actuarial valuations, to disregard deferrals, and therefore for ease of presentation 100.0% is reflected in this column for both the years in which the deferrals occurred and the year in which the makeup payment was made.

Annual Debt Service Payments on the Pension Bonds

Pension funding bonds (“Pension Bonds”) were issued in Fiscal Year 1999, at the request of the City, by PAID. Debt service on the Pension Bonds is payable pursuant to a Service Agreement between the City and PAID. The Service Agreement provides that the City is obligated to pay a service fee from its current revenues and the City covenanted in the agreement to include the annual amount in its operating budget and to make appropriations in such amounts as are required. If the City’s revenues are insufficient to pay the full service fee in any Fiscal Year as the same becomes due and payable, the City has covenanted to include amounts not so paid in its operating budget for the ensuing Fiscal Year.

The 1999 Pension Bonds were issued in the principal amount of \$1.3 billion, and the net proceeds were used, together with other funds of the City, to make a contribution in Fiscal Year 1999 to the Municipal Pension Fund in the amount of approximately \$1.5 billion.

In October 2012, PAID, at the request of the City, issued Pension Bonds in the principal amount of \$231.2 million, the proceeds of which were used principally to make the \$230 million repayment of deferred contributions to the Municipal Pension Fund reflected in Table 29 above. These bonds had maturities of April 1, 2013 and 2014, and have been repaid.

In December 2012, PAID, at the request of the City, issued Pension Bonds in the approximate principal amount of \$300 million, the proceeds of which were used to current refund a portion of the 1999 Pension Bonds. The refunding generated savings of approximately \$22.6 million, which the City deposited into the Municipal Pension Fund.

Table 30 shows the components of the City’s annual debt service payments on the Pension Bonds for the Fiscal Years 2009-2018.

Table 30
Total Debt Service Payments on Pension Bonds
(Amounts in Millions of USD)

Fiscal Year	General Fund Payment	Water Fund Payment	Aviation Fund Payment	Other Funds Payment ⁽¹⁾	Grants Funding	Total Payment
2009	\$84.4	\$7.2	\$3.3	\$0.6	\$1.3	\$96.8
2010	\$96.7	\$7.6	\$3.4	\$0.6	\$1.5	\$109.8
2011	\$97.7	\$10.3	\$4.6	\$0.8	\$1.5	\$114.9
2012	\$100.1	\$10.7	\$4.8	\$0.7	\$3.4	\$119.7
2013 ⁽²⁾	\$196.6	\$21.5	\$10.1	\$1.3	\$3.8	\$233.3
2014 ⁽²⁾	\$211.0	\$23.6	\$11.2	\$1.4	\$3.7	\$250.9
2015	\$107.7	\$12.6	\$5.9	\$0.8	\$4.0	\$131.0
2016	\$109.9	\$13.7	\$6.4	\$0.9	\$3.8	\$134.7
2017	\$109.5	\$14.5	\$6.6	\$0.9	\$3.3	\$134.8
2018	\$110.1	\$14.3	\$6.3	\$0.9	\$3.1	\$134.7

⁽¹⁾ Other Funds Payments represents the allocable portion of debt service payments on the City’s Pension Bonds from the City’s Community Development Block Grant Fund and Municipal Pension Fund.

⁽²⁾ The increase in debt service payments in fiscal years 2013 and 2014 over the fiscal year 2012 amounts reflect the debt service payments on the Pension Bonds that were issued in October 2012.

Annual Pension Costs of the General Fund

Table 31 shows the annual pension costs of the General Fund for the Fiscal Years 2009-2018, being the sum of the General Fund Contribution to the Municipal Pension Fund (column (A) in Table 29 above) and the General Fund debt service payments on Pension Bonds (Table 30 above).

Table 31
Annual Pension Costs of the General Fund
(Amounts in Millions of USD)

Fiscal Year	General Fund Pension Fund Contribution (A) ⁽¹⁾	General Fund Pension Bond Debt Service Payment (B)	Annual Pension Costs (A+B)	Total General Fund Expenditures (C)	General Fund portion of Annual Pension Costs as % of Total General Fund Expenditures (A+B)/C
2009	\$315.0	\$84.4	\$399.4	\$3,915.29	10.20%
2010	\$190.8	\$96.7	\$287.5	\$3,653.73	7.87%
2011	\$325.8	\$97.7	\$423.5	\$3,785.29	11.19%
2012	\$352.7	\$100.1	\$452.8	\$3,484.88	12.99%
2013	\$356.5	\$196.6	\$553.1	\$3,613.27	15.31%
2014	\$365.8	\$211.0	\$576.8	\$3,886.56	14.84%
2015	\$388.5	\$107.7	\$496.2	\$3,831.51	12.95%
2016	\$449.6	\$109.9	\$559.5	\$4,015.80	13.93%
2017	\$487.0	\$109.5	\$596.5	\$4,139.80	14.41%
2018	\$559.7	\$110.1	\$669.8	\$4,402.85	15.21%

⁽¹⁾ Does not include Commonwealth contribution. See Table 29.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

The following table shows the annual City contribution to the Municipal Pension Fund as a percentage of the covered employee payroll.

Table 32
Annual City Contribution as % of Covered Employee Payroll
(Dollar Amounts in Thousands of USD)

Fiscal Year	Annual City Contribution	Fiscal Year Covered Employee Payroll ⁽¹⁾	ACC as % of Payroll
2009	\$455,389	\$1,463,260	31.12%
2010	\$312,556	\$1,421,151	21.99%
2011	\$470,155	\$1,371,274	34.29%
2012	\$555,690	\$1,372,174	40.50%
2013	\$781,823	\$1,429,723	54.68%
2014	\$553,179	\$1,495,421	36.99%
2015	\$577,195	\$1,597,849	36.12%
2016	\$660,247	\$1,676,549	39.38%
2017	\$706,237	\$1,744,728	40.48%
2018	\$781,984	\$1,805,400	43.31%

Actuarial Projections of Funded Status

Cautionary Note. The information under this subheading, “Actuarial Projections of Funded Status,” was prepared by Cheiron. The table below shows a five-year projection of Revenue Recognition Policy (“RRP”) payments, Actuarial Value of Assets, Actuarial Liability, UAL, and Funded Ratio. The charts below show projections of funded ratios and City contributions based on the RRP through Fiscal Year 2038. All projections, whether for five years or for twenty years, are subject to actual experience deviating from the underlying assumptions and methods, and that is particularly the case for the charts below for the periods beyond the projections in the five-year table. **Projections and actuarial assessments are “forward looking” statements and are based on assumptions which may not be fully realized in the future and are subject to change, including changes based on the future experience of the City’s Municipal Pension Fund and Municipal Pension Plan.**

The projections are on the basis that all assumptions as reflected in the July 1, 2018 Valuation are exactly realized and the City makes all future RRP payments on schedule as required by the funding policy adopted by the Pension Board, and must be understood in the context of the assumptions, methods and benefits in effect as described in the July 1, 2018 Valuation. Included among such assumptions are: (i) the rates of return for the Municipal Pension Fund over the projection period will equal 7.60% in Fiscal Year 2019 and 7.55% annually thereafter, (ii) RRP contributions will be made each year, and (iii) the provisions of Act 205 as amended by Act 44 will remain in force during the projection period. The July 1, 2018 Valuation includes charts reflecting the contributions based on MMO (Baseline projection set 1), and charts reflecting the additional contributions in accordance with the RRP (Baseline projection set 2). The charts below reflect the RRP contributions, which are higher than the MMO required under Pennsylvania law. Using the RRP, the System is projected to be 80% funded by 2029 and 100% funded by 2033, four years earlier than under the MMO projections. By the end of the projection period, the System is expected to be funded at 110.6% compared to 103.8% when MMO contributions are made. See the July 1, 2018 Valuation for a further discussion of the assumptions and methodologies used by the Actuary in preparing the July 1, 2018 Valuation and the following projections, all of which should be carefully considered in reviewing the projections. The July 1, 2018 Valuation is available for review on the website of the City’s Board of Pensions. The table and charts below separately set forth estimates of sales tax revenues that will be deposited by the City into the Municipal Pension Fund, which were provided by the City to Cheiron at the time of the valuation. Cheiron has not analyzed and makes no representation regarding the validity of the sales tax revenue assumptions and estimates provided by the City. See “REVENUES OF THE CITY – Sales and Use Tax.” Each of the tables and graphs that follow are part of the July 1, 2018 Valuation and such Valuation report should be referenced regarding the underlying benefits, methods, and assumptions utilized in the production of these values.

Five-Year Projection. The following chart provides dollar amounts in millions of USD.

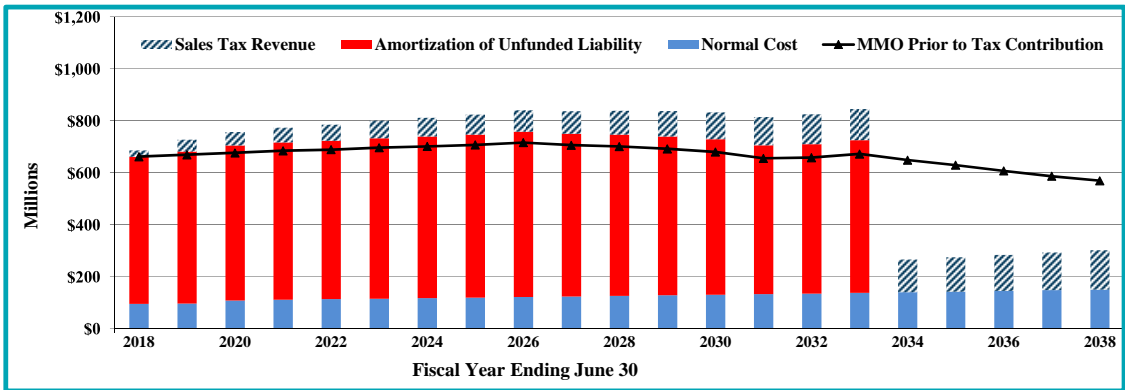

Fiscal Year End	RRP	Sales Tax Contribution	Actuarial Value of Assets	Actuarial Liability	UAL	Funded Ratio
2019	\$ 680.8	\$ 45.2	\$ 5,397.4	\$ 11,521.0	\$ 6,123.5	46.8%
2020	704.6	51.5	5,722.9	11,699.2	5,976.4	48.9%
2021	715.9	56.8	6,071.4	11,820.5	5,749.2	51.4%
2022	722.1	62.2	6,412.9	11,944.4	5,531.5	53.7%
2023	732.0	67.6	6,823.1	12,070.4	5,247.2	56.5%
2024	738.8	72.2	7,300.9	12,239.4	4,938.5	59.7%

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

OTHER POST-EMPLOYMENT BENEFITS

The City self-administers a single employer, defined benefit plan for post-employment benefits other than pension benefits (“OPEB”), and funds such plan on a pay-as-you-go basis. The City’s OPEB plan provides for those persons who retire from the City and are participants in the Municipal Pension Plan: (i) post-employment healthcare benefits for a period of five years following the date of retirement and (ii) lifetime life insurance coverage (\$7,500 for firefighters who retired before July 1, 1990; \$6,000 for all other retirees). In general, retirees eligible for OPEB are those who terminate their employment after ten years of continuous service to immediately become pensioned under the Municipal Pension Plan.

To provide health care coverage, the City pays a negotiated monthly premium for retirees covered by the union contract for AFSCME DC 33 and is self-insured for all other eligible pre-Medicare retirees. Aside from AFSCME DC 33, the City is responsible for the actual health care cost that is invoiced to the City’s unions by their respective vendors. The actual cost can be a combination of self-insured claim expenses, premiums, ancillary services, and administrative expenses. Eligible union represented employees receive five years of coverage through their union’s health fund. The City’s funding obligation for pre-Medicare retiree benefits is the same as for active employees. Union represented and non-union employees may defer their retiree health coverage until a later date. For some groups, the amount that the City pays for their deferred health care is based on the value of the health benefits at the time the retiree claims the benefits, but for police and fire retirees who retired after an established date, the City pays the cost of five years of coverage when the retiree claims the benefits.

The annual payments made by the City for OPEB for Fiscal Years 2014-2018 are shown in Table 33 below.

Table 33
Annual OPEB Payment
(Amounts in Thousands of USD)

<u>Fiscal Year ended June 30,</u>	<u>Annual OPEB Payment</u>
2014	\$67,100
2015	\$95,300
2016	\$107,200
2017	\$114,800
2018	\$96,400

Source: See Note IV.3 to the City’s audited Financial Statements for such Fiscal Years (as included in the City’s CAFRs).

For financial reporting purposes, although the City funds OPEB on a pay-as-you-go basis, it is required to include in its financial statements (in accordance with GASB Statement No. 75) a calculation similar to that performed to calculate its pension liability. Pursuant to GASB 75, an annual required contribution is calculated which, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liability over a period not to exceed 30 years. As of June 30, 2017, the date of the most recent actuarial valuation, the UAL for the City’s OPEB was \$1.862 billion, the covered annual payroll was \$1.865 billion, and the ratio of UAL to the covered payroll was 99.83%. See Note IV.3 to the City’s audited Financial Statements for the Fiscal Year ended June 30, 2018.

PGW PENSION PLAN

General

PGW consists of all the real and personal property owned by the City and used for the acquisition, manufacture, storage, processing, and distribution of gas within the City, and all property, books, and records employed and maintained in connection with the operation, maintenance, and administration of PGW. The City Charter provides for a Gas Commission (the "Gas Commission") to be constituted and appointed in accordance with the provisions of contracts between the City and the operator of PGW as may from time to time be in effect, or, in the absence of a contract, as may be provided by ordinance. The Gas Commission consists of the City Controller, two members appointed by City Council and two members appointed by the Mayor.

PGW is operated by PFMC, pursuant to an agreement between the City and PFMC dated December 29, 1972, as amended, authorized by ordinances of City Council (the "Management Agreement"). Under the Management Agreement, various aspects of PFMC's management of PGW are subject to review and approval by the Gas Commission. The PUC has the regulatory responsibility for PGW with regard to rates, safety, and customer service.

The City sponsors the Philadelphia Gas Works Pension Plan (the "PGW Pension Plan"), a single employer defined benefit plan, to provide pension benefits for certain current and former PGW employees and other eligible class employees of PFMC and the Gas Commission. As plan sponsor, the City, through its General Fund, could be responsible for plan liabilities if the PGW Pension Plan does not satisfy its payment obligations to PGW retirees. At June 30, 2018, the PGW Pension Plan membership total was 3,729, comprised of: (i) 2,516 retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them; and (ii) 1,213 participants, of which 961 were vested and 252 were nonvested.

PGW Pension Plan

The PGW Pension Plan provides retirement benefits as well as death and disability benefits. Retirement benefits vest after five years of credited service. Retirement payments for vested employees commence: (i) at age 65 and five years of credited service; (ii) age 55 and 15 years of credited service; or (iii) without regard to age, after 30 years of credited service. For covered employees hired prior to May 21, 2011 (union employees) or prior to December 21, 2011 (non-union employees), PGW pays the entire cost of the PGW Pension Plan. Union employees hired on or after May 21, 2011 and non-union employees hired on or after December 21, 2011 have the option to participate in the PGW Pension Plan and contribute 6% of applicable wages, or participate in a plan established in compliance with Section 401(a) of the Internal Revenue Code (deferred compensation plan) and have PGW contribute 5.5% of applicable wages.

PGW is required by statute to contribute the amounts necessary to fund the PGW Pension Plan. The PGW Pension Plan is being funded with contributions by PGW to the Sinking Fund Commission of the City, together with investment earnings and employee contributions required for new hires after December 2011 who elect to participate in the PGW Pension Plan. Benefit and contribution provisions are established by City ordinance and may be amended only as allowed by City ordinance. The pension payments are treated as an operating expense of PGW and are included as a component of PGW's base rate. The PUC approves all items that are to be included in PGW's base rates.

On February 27, 2017, PGW filed for an increase in its distribution base rates with the PUC. The filing sought a general rate increase calculated to produce \$70.0 million, or 11.6%, in additional annual operating revenues based upon a ten-year normal weather assumption. The filing also requested to increase the fixed customer charge component, as well as the volumetric delivery charge component of base rates.

On July 21, 2017, PGW filed a Joint Petition for Partial Settlement (the “Settlement Agreement”) of the matter for settlement of all but two issues in the case (neither of which directly concerned PGW’s revenue request). The Settlement Agreement provided PGW with a general rate increase of \$42.0 million in annual operating revenues calculated using a twenty-year normal weather assumption. PGW has determined the estimated pro forma revenue impact from the change from ten-year normal weather (less Heating Degree Days (“HDDs”)) to twenty-year normal weather (more HDDs) is approximately an additional \$17.0 million per year over the forecast period. Settlement agreements with reduced revenue requirements are typical in PUC base rate proceedings and are the product of compromise between the parties’ diverse interests. The PUC has indicated that settlement results are often preferable to those achieved at the conclusion of a fully litigated proceeding.

On November 8, 2017, the PUC entered its Order and Opinion in the case, which approved the Settlement Agreement without modification and found in favor of PGW on the two non-settled issues. Thereafter, PGW made its Compliance Tariff filing on November 14, 2017. The new rates approved by the Settlement Agreement became effective on December 1, 2017.

Effective October 2015, payments to beneficiaries of the PGW Pension Plan are made by the PGW Retirement Reserve Fund. Prior to October 2015, payments to beneficiaries of the PGW Pension Plan were made by PGW through its payroll system. The financial statements for the PGW Pension Plan for the fiscal year ended June 30, 2018, show an amount due to PGW of approximately \$0.1 million, which represents the cumulative excess of payments made to the retirees and administrative expenses incurred by PGW, over the sum of PGW’s required annual contribution and reimbursements received from the PGW Pension Plan.

Pension Costs and Funding

PGW pays an annual amount that is projected to be sufficient to cover its normal cost and an amortization of the PGW Pension Plan’s UAL. The following table shows the normal cost, the amortization payment, and the resulting annual required contribution as of the last five actuarial valuation dates for the PGW Pension Plan. PGW has been using a 20-year open amortization period (and the payments in Table 34 are on the basis of a 20-year open amortization). Commencing in PGW’s fiscal year 2016, PGW calculates an annual required contribution on the basis of both a 20-year open amortization period and a 30-year closed amortization period, and will contribute the higher of the two amounts. See “– Projections of Funded Status” below. An open amortization period is one that begins again or is recalculated at each actuarial valuation date. With a closed amortization period, the unfunded liability is amortized over a specific number of years to produce a level annual payment. Because the final amortization date is fixed, if all actuarial assumptions are achieved, the unfunded liability would decline to zero as of the final amortization date. To the extent future experience differs from the assumptions used to establish the 30-year fixed amortization payment schedule, new amortization bases attributable to a particular year’s difference would be established and amortized over their own 30-year schedule.

Table 34
PGW Pension – Annual Required Contributions
(Dollar Amounts in Thousands of USD)

Calculation of ARC for the 12- month period ended:	Normal Cost⁽¹⁾ (A)	Amortization Payment⁽¹⁾ (B)	ARC^{(1), (2)} (A + B)	Payments to Beneficiaries⁽³⁾
9/1/2014	\$8,852	\$12,130	\$20,982	\$42,913
7/1/2015	\$7,859	\$18,063	\$25,922	\$46,917
7/1/2016	\$7,992	\$20,238	\$28,230	\$50,447
7/1/2017	\$7,717	\$19,678	\$27,395	\$51,376
7/1/2018	\$7,760	\$20,022	\$27,782	\$52,627

⁽¹⁾ Source: The Actuarial Valuation Report (Funding) for the Plan Year July 1, 2018 – June 30, 2019 for the PGW Pension Plan.

⁽²⁾ As described above, until October 2015, PGW did not make a net cash contribution to the PGW Pension Plan, but rather paid beneficiaries through its payroll system, and then was reimbursed by the Plan. Effective October 2015, payments to beneficiaries of the PGW Pension Plan are made by the PGW Retirement Reserve Fund. Each ARC is the sum reflected in this table, but the “Calculated Mid-Year Contribution” in Tables 36 and 37 more closely approximates the actual pension contributions made by PGW.

⁽³⁾ Source: For 2014-2015, PGW’s CAFR for the fiscal year ended August 31, 2015. For 2016, the audited financial statements for PGW for the fiscal years ended August 31, 2016 and 2015. For 2017, the audited financial statements for PGW for the fiscal years ended August 31, 2017 and 2016. For 2018, PGW records.

Although PGW has paid its annual required contribution each year, the market value of assets for the PGW Pension Plan is less than the actuarial accrued liability, as shown in the next table.

Table 35
Schedule of Pension Funding Progress
(Dollar Amounts in Thousands of USD)⁽¹⁾

Actuarial Valuation Date	Market Value of Assets	Actuarial Liability	UAL (Market Value)	Funded Ratio
9/1/2014	\$514,944	\$643,988	\$129,044	79.96%
7/1/2015	\$510,719	\$706,704	\$195,985	72.27%
7/1/2016	\$483,259	\$736,078	\$252,819	65.65%
7/1/2017	\$521,526	\$739,872	\$218,346	70.49%
7/1/2018	\$543,246	\$758,069	\$214,823	71.66%

⁽¹⁾ Source: The Actuarial Valuation Report (Funding) for the Plan Year July 1, 2018 – June 30, 2019 for the PGW Pension Plan.

The current significant actuarial assumptions for the PGW Pension Plan are: (i) investment return rate of 7.30% compounded annually; (ii) salary increases assumed to reach 4.5% per year; and (iii) retirements that are assumed to occur, for those with 30 or more years of service, at a rate of 15% at ages 55 to 60, 30% at age 61, 50% at ages 62-69, and 100% at age 70 and older.

PGW uses a September 1 – August 31 fiscal year, while the PGW Pension Plan uses a July 1 – June 30 fiscal year (the same as the City’s fiscal year). The last four actuarial valuation reports for the PGW Pension Plan utilized a plan year of July 1 to June 30. This is reflected in Table 35 above.

The PGW Pension Plan actuary prepared a separate actuarial valuation report (“GASB 67 Report”) for the fiscal year ending June 30, 2018, for purposes of plan reporting information under Governmental Accounting Standards Board Statement No. 67, “Financial Reporting for Pension Plans.” The GASB 67 Report shows for the fiscal year ending June 30, 2018, an unfunded liability of approximately \$261.3 million (rather than the approximately \$214.8 million reflected in Table 35), which results in a funded ratio of 67.53%. In addition, that report provides an interest rate sensitivity, which shows that were the investment rate to be 6.30% (1% lower than the assumed investment rate of 7.30%), the unfunded liability would be approximately \$354.0 million.

Projections of Funded Status

The information under this subheading, “Projections of Funded Status,” is extracted from tables prepared by Aon Hewitt, as actuary to the PGW Pension Plan, which were included in their “Actuarial Valuation Report (Funding) for the Plan Year July 1, 2018 – June 30, 2019,” dated September 5, 2018. The charts show 10-year projections, using both the current amortization method (20-year, open) and the alternative amortization method (30-year, fixed). See “– Pension Costs and Funding” above. Projections are subject to actual experience deviating from the underlying assumptions and methods. **Projections and actuarial assessments are “forward looking” statements and are based upon assumptions that may not be fully realized in the future and are subject to change, including changes based upon the future experience of the PGW Pension Plan.**

Additional Information

The City issues a publicly available financial report that includes financial statements and required supplementary information for the PGW Pension Plan. The report is not incorporated into this Official Statement by reference. The report may be obtained by writing to the Office of the Director of Finance of the City.

Further information on the PGW Pension Plan, including with respect to its membership, plan description, funding policy, actuarial assumptions and funded status is contained in the Fiscal Year 2018 CAFR.

PGW OTHER POST-EMPLOYMENT BENEFITS

PGW provides post-employment healthcare and life insurance benefits to its participating retirees and their beneficiaries and dependents. The City, through its General Fund, could be responsible for costs associated with post-employment healthcare and life insurance benefits if PGW fails to satisfy its post-employment benefit obligations.

PGW pays the full cost of medical, basic dental, and prescription coverage for employees who retired prior to December 1, 2001. Employees who retire after December 1, 2001 are provided a choice of three plans at PGW's expense and can elect to pay toward a more expensive plan. Union employees hired prior to May 21, 2011 and non-union employees hired prior to December 21, 2011 who retire from active service to immediately begin receiving pension benefits are entitled to receive lifetime post-retirement medical, prescription, and dental benefits for themselves and, depending on their retirement plan elections, their dependents. Employees hired on or after those dates are entitled to receive only five years of post-retirement benefits. Currently, PGW provides for the cost of healthcare and life insurance benefits for retirees and their beneficiaries on a pay-as-you-go-basis.

As part of a July 29, 2010 rate case settlement (the "Rate Settlement"), which provided for the establishment of an irrevocable trust for the deposit of funds derived through a rider from all customer classes to fund OPEB liabilities (the "OPEB Surcharge"), PGW established the trust in July 2010, and began funding the trust in accordance with the Rate Settlement in September 2010. The Rate Settlement provides that PGW shall deposit \$15.0 million annually for an initial five-year period towards the ARC, and an additional \$3.5 million annually, which represents a 30-year amortization of the OPEB liability at August 31, 2010. These deposits will be funded primarily through increased rates of \$16.0 million granted in the Rate Settlement. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and amortize any unfunded actuarial liabilities (or funding excesses) over a period of 30 years. In PGW's 2015-2016 Gas Cost Rate ("GCR") proceeding, PGW proposed to continue its OPEB Surcharge. The parties to the GCR proceeding submitted a settlement agreement continuing the OPEB Surcharge at the same level of revenue (\$16.0 million annually) and funding (\$18.5 million annually). Such settlement agreement was approved by the PUC.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Table 38 provides detail of actual PGW OPEB payments for the last five PGW Fiscal Years and projected PGW OPEB payments for PGW Fiscal Years 2019-2023. Table 39 is the schedule of PGW OPEB funding progress.

CITY CASH MANAGEMENT AND INVESTMENT POLICIES

General Fund Cash Flow

Because the receipt of revenues into the General Fund generally lags behind expenditures from the General Fund during each Fiscal Year, the City issues notes in anticipation of General Fund revenues and makes payments from the Consolidated Cash Account (described below) to finance its on-going operations.

The timing imbalance referred to above results from a number of factors, principally the following: (i) Real Estate Taxes, BIRT, and net profits taxes are not due until the latter part of the Fiscal Year; and (ii) the City experiences lags in reimbursement from other governmental entities for expenditures initially made by the City in connection with programs funded by other governments.

From time to time, the City issues, or PICA has issued on behalf of the City, tax and revenue anticipation notes. Each issue was repaid when due, prior to the end of the particular Fiscal Year. The City issued \$125 million of tax and revenue anticipation notes on December 6, 2017, which matured on June 29, 2018 and were paid in full. The City does not expect to issue tax and revenue anticipation notes in Fiscal Years 2019 or 2020.

The repayment of the tax and revenue anticipation notes is funded through cash available in the General Fund.

Consolidated Cash

The Act of the General Assembly of June 25, 1919 (Pa. P.L. 581, No. 274, Art. XVII, § 6) authorizes the City to make temporary inter-fund loans between certain operating and capital funds. The City maintains a Consolidated Cash Account for the purpose of pooling the cash and investments of all City funds, except those which, for legal or contractual reasons, cannot be commingled (e.g., the Municipal Pension Fund, sinking funds, sinking fund reserves, funds of PGW, the Aviation Fund, the Water Fund, and certain other restricted purpose funds). A separate accounting is maintained to record the equity of each member fund that participates in the Consolidated Cash Account. The City manages the Consolidated Cash Account pursuant to the procedures described below.

To the extent that any member fund temporarily experiences the equivalent of a cash deficiency, an advance is made from the Consolidated Cash Account, in an amount necessary to result in a zero balance in the cash equivalent account of the borrowing fund. All subsequent net receipts of a member fund that has negative equity are applied in repayment of the advance.

All advances are made within the budgetary constraints of the borrowing funds. Within the General Fund, this system of inter-fund advances has historically resulted in the temporary use of tax revenues or other operating revenues for capital purposes and the temporary use of capital funds for operating purposes. With the movement of the reimbursable component of DHS activities from the General Fund to the Grants Revenue Fund, a similar system of advances has resulted in the use of tax revenues or other operating revenues in the General Fund to make expenditures from the Grants Revenue Fund, which advances may be outstanding for multiple Fiscal Years, but which are expected to be reimbursed by the Commonwealth.

The City, in addition to maintaining an ongoing cash reconciliation process, is reviewing and reconciling certain unidentified variances in the Consolidated Cash Account. The reconciliation process, in short, reconciles the account balance and activity shown on the records of the bank at which the cash balance of the Consolidated Cash Account is maintained to that shown on the City's records. The City's records were not consistently reconciled for the period July 1, 2014 – June 30, 2017, as noted in the Fiscal Year 2018 CAFR. The balance in the Consolidated Cash Account on the City's records was higher than the account balance on the bank's records by approximately \$40 million, which is attributable principally to unidentified historic variances. The City engaged the services of an auditing firm to undertake a complete reconciliation and resolve the unidentified variances. In January 2019, a final audit report was delivered. The current variance is \$528,000 and the City will continue its effort to reconcile such remaining amount.

Procedures governing the City's cash management operations require the General Fund-related operating fund to borrow initially from the General Fund-related capital fund, and only to the extent there is a deficiency in such fund may the General Fund-related operating fund borrow money from any other funds in the Consolidated Cash Account.

Investment Practices

Cash balances in each of the City's funds are managed to maintain daily liquidity to pay expenses, and to make investments that preserve principal while striving to obtain the maximum rate of return. Pursuant to the City Charter, the City Treasurer is the City official responsible for managing cash collected into the City Treasury. The available cash balances in excess of daily expenses are placed in demand accounts, swept into money market mutual funds, or used to make investments directed by professional investment managers. These investments are held in segregated trust accounts at a separate financial institution. Cash balances related to revenue bonds for water and sewer and the airport are directly deposited and held separately in trust. A fiscal agent manages these cash balances in accordance with the applicable bond documents and the investment practice is guided by administrative direction of the City Treasurer per the Investment Committee and the Investment Policy (as described below). In addition, certain operating cash deposits (such as Community Behavioral Health, Special Gas/County Liquid and "911" surcharge) of the City are restricted by purpose and required to be segregated into accounts in compliance with federal or Commonwealth reporting.

Investment guidelines for the City are embodied in section 19-202 of the Philadelphia Code. In furtherance of these guidelines, as well as Commonwealth and federal legislative guidelines, the Director of Finance adopted a written Investment Policy (the "Policy") that went into effect in August 1994 and was most recently revised in September 2014. The Policy supplements other legal requirements and establishes guiding principles for the overall administration and effective management of all of the City's monetary funds (except the Municipal Pension Fund, the PGW Retirement Reserve Fund, the PGW OPEB Trust and the PGW Workers' Compensation Reserve Fund).

The Policy delineates the authorized investments as authorized by the Philadelphia Code and the funds to which the Policy applies. The authorized investments include U.S. government securities, U.S. treasuries, U.S. agencies, repurchase agreements, commercial paper, corporate bonds, money market mutual funds, obligations of the Commonwealth, collateralized banker's acceptances and certificates of deposit, and collateralized mortgage obligations and pass-through securities directly issued by a U.S. agency or instrumentality, all of investment grade rating or better and with maturity limitations.

U.S. government treasury and agency securities carry no limitation as to the percent of the total portfolio. Repurchase agreements, money market mutual funds, commercial paper, and corporate bonds

are limited to investment of no more than 25% of the total portfolio. Obligations of the Commonwealth and collateralized banker's acceptances and certificates of deposit are limited to no more than 15% of the total portfolio. Collateralized mortgage obligations and pass-through securities directly issued by a U.S. agency or instrumentality are limited to no more than 5% of the total portfolio.

U.S. government securities carry no limitation as to the percent of the total portfolio per issuer. U.S. agency securities are limited to no more than 33% of the total portfolio per issuer. Repurchase agreements and money market mutual funds are limited to no more than 10% of the total portfolio per issuer. Commercial paper, corporate bonds, obligations of the Commonwealth, collateralized banker's acceptances and certificates of deposit, and collateralized mortgage obligations and pass-through securities directly issued by a U.S. agency or instrumentality are limited to no more than 3% of the total portfolio per issuer.

The Policy provides for an ad hoc Investment Committee consisting of the Director of Finance, the City Treasurer and one representative each from the Water Department, the Division of Aviation, and PGW. The Investment Committee meets quarterly with each of the investment managers to review each manager's performance to date and to plan for the next quarter. Investment managers are given any changes in investment instructions at these meetings. The Investment Committee approves all modifications to the Policy. The Investment Committee may from time to time review and revise the Policy and does from time to time approve temporary waivers of the restrictions on assets based on cash management needs and recommendations of investment managers.

The Policy expressly forbids the use of any derivative investment product as well as investments in any security whose yield or market value does not follow the normal swings in interest rates. Examples of these types of securities include, but are not limited to: structured notes, floating rate (excluding U.S. Treasury and U.S. agency floating rate securities) or inverse floating rate instruments, securities that could result in zero interest accrual if held to maturity, and mortgage derived interest and principal only strips. The City currently makes no investments in derivatives.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

DEBT OF THE CITY

General

Section 12 of Article IX of the Constitution of the Commonwealth provides that the authorized debt of the City “may be increased in such amount that the total debt of [the] City shall not exceed 13.5% of the average of the annual assessed valuations of the taxable realty therein, during the ten years immediately preceding the year in which such increase is made, but [the] City shall not increase its indebtedness to an amount exceeding 3.0% upon such average assessed valuation of realty, without the consent of the electors thereof at a public election held in such manner as shall be provided by law.” The Supreme Court of Pennsylvania has held that bond authorizations once approved by the voters need not be reduced as a result of a subsequent decline in the average assessed value of City property. The general obligation debt subject to the limitation described in this paragraph is referred to herein as “Tax-Supported Debt.”

The Constitution of the Commonwealth further provides that there shall be excluded from the computation of debt for purposes of the Constitutional debt limit, debt (herein called “Self-Supporting Debt”) incurred for revenue-producing capital improvements that may reasonably be expected to yield revenue in excess of operating expenses sufficient to pay interest and sinking fund charges thereon. In the case of general obligation debt, the amount of such Self-Supporting Debt to be so excluded must be determined by the Court of Common Pleas of Philadelphia County upon petition by the City. Self-Supporting Debt is general obligation debt of the City, with the only distinction from Tax-Supported Debt being that it is not used in the calculation of the Constitutional debt limit. Self-Supporting Debt has no lien on any particular revenues.

For purposes of this Official Statement, Tax-Supported Debt and Self-Supporting Debt are referred to collectively as “General Obligation Debt.” The term “General Fund-Supported Debt” is comprised of: (i) General Obligation Debt; and (ii) PAID, PMA, PPA, and PRA bonds.

Using the methodology described above, as of December 31, 2018, the Constitutional debt limitation for Tax-Supported Debt was approximately \$8,001,005,000. The total amount of authorized debt applicable to the debt limit was \$2,503,512,000, including \$975,787,000 of authorized but unissued debt, leaving a legal debt margin of \$5,850,692,000. Based on the foregoing figures, the calculation of the legal debt margin is as follows:

Table 40
General Obligation Debt
December 31, 2018
(Amounts in Thousands of USD)

Authorized, issued and outstanding	\$1,527,725
Authorized and unissued	<u>975,787</u>
Total	\$2,503,512
Less: Self-Supporting Debt	(\$353,199)
Less: Serial bonds maturing within a year	<u>0</u>
Total amount of authorized debt applicable to debt limit	2,150,313
Legal debt limit	<u>8,001,005</u>
Legal debt margin	\$5,850,692

As a result of the implementation of the City's AVI, the assessed value of taxable real estate within the City has increased substantially. See "REVENUES OF THE CITY – Real Property Taxes Assessment and Collection." The \$8.001 billion Constitutional debt limit calculation includes five years of property values certified under the City's AVI program, and five years of property values under the City's former property valuation process. Assuming no increase or decrease in property values used to calculate the Constitutional debt limit in Table 40, the Constitutional debt limit is estimated to be \$15.457 billion by 2027.

The City is also empowered by statute to issue revenue bonds and, as of December 31, 2018, had outstanding \$2,048,233,000 aggregate principal amount of Water and Wastewater Revenue Bonds ("Water and Wastewater Bonds"), \$997,905,000 aggregate principal amount of Gas Works Revenue Bonds, and \$1,585,225,000 aggregate principal amount of Airport Revenue Bonds. As of December 31, 2018, the principal amount of PICA Bonds outstanding was \$168,505,000. The City has also enacted an ordinance authorizing the issuance of approximately \$350 million aggregate principal amount in commercial paper for the Division of Aviation, and ordinances authorizing the issuance of up to \$270 million of Gas Works Revenue Notes to finance working capital and capital projects for PGW and the issuance of up to approximately \$200 million of Gas Works Revenue Bonds to finance capital projects for PGW.

Short-Term Debt

The City issued \$125 million of tax and revenue anticipation notes on December 6, 2017, which matured on June 29, 2018 and were paid in full. As provided in the PICA Act, the City's tax and revenue anticipation notes are general obligations of the City, but do not constitute debt of the City subject to the limitations of the Constitutional debt limit. See "CITY CASH MANAGEMENT AND INVESTMENT POLICIES – General Fund Cash Flow."

Long-Term Debt

The following table presents a synopsis of the bonded debt of the City and its component units as of the date indicated. Of the total balance of the City's general obligation bonds issued and outstanding as of December 31, 2018, approximately 28% is scheduled to mature within five Fiscal Years and approximately 58% is scheduled to mature within ten Fiscal Years. When PICA's outstanding bonds are included with the City's general obligation bonds, approximately 62% is scheduled to mature within ten Fiscal Years.

⁽¹⁾ Does not include letter of credit fees. Figures may not sum due to rounding.

⁽²⁾ Includes both Tax-Supported Debt and Self-Supporting Debt. See “-- General.” Does not include PICA Bonds.

⁽³⁾ Assumes interest rate on hedged variable rate bonds to be the associated fixed swap rate.

⁽⁴⁾ Includes PAID, PMA, PPA, and PRA bonds, with capital appreciation bonds including only actual amounts payable. The original issuance amount of such capital appreciation bonds is included under the “Principal” column in the Fiscal Year such bonds mature and the full accretion amount at maturity less the original issuance amount is included in the “Interest” column in the Fiscal Year such bonds mature.

⁽⁵⁾ Includes sublease payments of approximately \$15.2 million annually, for the police headquarters renovation and projects that in year nine (2026), the City issues approximately \$200 million in bonds to acquire the project at an assumed interest rate of 5% over the next 20 years.

⁽⁶⁾ Assumes interest rate on hedged variable rate bonds to be the associated fixed swap rate, plus any fixed spread. Net of capitalized interest on PAID City Service Agreement Revenue Refunding Bonds, Series 2012 (Federally Taxable).

Other Long-Term Debt Related Obligations

The City has entered into other contracts and leases to support the issuance of debt by public authorities related to the City pursuant to which the City is required to budget and appropriate tax or other general revenues to satisfy such obligations, as shown in Table 41. The City budgets all other long-term debt-related obligations as a single budget item with the exception of PPA.

The Hospitals Authority and the State Public School Building Authority have issued bonds on behalf of the Community College of Philadelphia (“CCP”). Under the Community College Act (Pa. P.L. 103, No. 31 (1985)), each community college must have a local sponsor, which for CCP is the City. As

the local sponsor, the City is obligated to pay up to 50% of the annual capital expenses of CCP, which includes debt service. The remaining 50% is paid by the Commonwealth. Additionally, the City annually appropriates funds for a portion of CCP's operating costs (less tuition and less the Commonwealth's payment). The amount paid by the City in Fiscal Year 2017 was \$29.9 million. The amount paid by the City in Fiscal Year 2018 was \$30.4 million. The budgeted amount and current estimate for Fiscal Year 2019 is \$32.4 million.

PICA Bonds

PICA has issued 11 series of bonds at the request of the City (the "PICA Bonds"). PICA no longer has authority under the PICA Act to issue bonds for new money purposes, but may refund bonds previously issued. As of December 31, 2018, the principal amount of PICA Bonds outstanding was \$168,505,000. The final maturity date for such PICA Bonds is June 15, 2023. Such final maturity of the PICA Bonds would occur prior to the final maturity of the Bonds. The proceeds of the PICA Bonds were used to: (i) make grants to the City to fund its General Fund deficits, to fund the costs of certain City capital projects, to provide other financial assistance to the City to enhance operational productivity, and to defease certain of the City's general obligation bonds; (ii) refund other PICA Bonds; and (iii) pay costs of issuance.

The PICA Act authorizes the City to impose a tax for the sole and exclusive purposes of PICA. In connection with the adoption of the Fiscal Year 1992 budget and the execution of the PICA Agreement, as so authorized by the PICA Act, the City reduced the wage, earnings, and net profits taxes on City residents by 1.5% and enacted a new tax of 1.5% on wages, earnings, and net profits of City residents (the "PICA Tax"), which continues in effect. The PICA Tax secures the PICA Bonds. Pursuant to the PICA Act, at such time when no PICA Bonds are outstanding, the PICA Tax will expire. At any time, the City is authorized to increase for its own use its various taxes, including its wage, earnings, and net profits taxes on City residents and could do so upon the expiration of the PICA Tax. Certain taxes, such as sales, liquor, and hotel taxes, among others, cannot be increased by the City without Commonwealth approval.

The PICA Tax is collected by the City's Department of Revenue, as agent of the State Treasurer, and deposited in the Pennsylvania Intergovernmental Cooperation Authority Tax Fund (the "PICA Tax Fund") of which the State Treasurer is custodian. The PICA Tax Fund is not subject to appropriation by City Council or the General Assembly. See "THE GOVERNMENT OF THE CITY OF PHILADELPHIA – Local Government Agencies – *Non-Mayoral-Appointed or Nominated Agencies – PICA.*"

The PICA Act authorizes PICA to pledge the PICA Tax to secure its bonds and prohibits the Commonwealth and the City from repealing the PICA Tax or reducing its rate while any PICA Bonds are outstanding. PICA Bonds are payable from PICA revenues, including the PICA Tax, pledged to secure PICA’s bonds, the Bond Payment Account (as described below) and any debt service reserve fund established for such bonds and have no claim on any revenues of the Commonwealth or the City.

The PICA Act establishes a “Bond Payment Account” for PICA as a trust fund for the benefit of PICA bondholders and authorizes the creation of a debt service reserve fund for bonds issued by PICA. The State Treasurer is required to pay the proceeds of the PICA Tax held in the PICA Tax Fund directly to the Bond Payment Account. The proceeds of the PICA Tax in excess of amounts required for: (i) debt service; (ii) replenishment of any debt service reserve fund for bonds issued by PICA; and (iii) certain PICA operating expenses, are required to be deposited in a trust fund established exclusively to benefit the City and designated the “City Account.” Amounts in the City Account are required to be remitted to the City not less often than monthly, unless PICA certifies the City’s non-compliance with the then-current five-year financial plan.

The total amount of PICA Tax remitted by the State Treasurer to PICA (which is net of the costs of the State Treasurer in collecting the PICA Tax), PICA annual debt service and investment expenses, and net PICA tax revenue remitted to the City for Fiscal Years 2015-2018, and the budgeted amounts and current estimates for Fiscal Year 2019 are set forth below.

Table 43
Summary of PICA Tax Remitted by the State Treasurer to PICA
and Net Taxes Remitted by PICA to the City
(Amounts in Millions of USD)⁽¹⁾

Fiscal Year	PICA Tax⁽²⁾	PICA Annual Debt Service and Investment Expenses⁽²⁾	Net taxes remitted to the City⁽³⁾
2015 (Actual)	\$408.5	\$62.0	\$346.5
2016 (Actual)	\$444.5	\$61.1	\$383.4

⁽¹⁾ On July 28, 2009, the City terminated a portion of the swap in the amount of \$213,505,000 in conjunction with the refunding of its Series 2007B bonds with the Series 2009A fixed rate bonds and the Series 2009B variable rate bonds. The City made a termination payment of \$15,450,000.

⁽²⁾ PAID received annual fixed payments of \$1,216,500 from July 1, 2004 through July 1, 2013. As the result of an amendment on July 14, 2006, \$104,965,000 of the total notional amount was restructured as a constant maturity swap (the rate received by PAID on that portion was converted from a percentage of 1-month LIBOR to a percentage of the 5-year LIBOR swap rate from October 1, 2006 to October 1, 2020). The constant maturity swap was terminated in December 2009. The City received a termination payment of \$3,049,000.

⁽³⁾ On May 13, 2014, PAID converted a portion of the 2007B SIFMA Swap to a LIBOR-based swap in conjunction with the refunding of its Series 2007B bonds with the Series 2014A bonds. Under the conversion, PAID pays a fixed rate of 3.62% and 3.632% to JPMorgan and Merrill Lynch, respectively, and receives a floating rate of 70% of 1-month LIBOR.

⁽⁴⁾ Fair values are as of December 31, 2018, and are shown from the City's perspective and include accrued interest.

⁽⁵⁾ On July 15, 2014, PAID terminated a portion of the swap in the amount of \$41,555,000 in conjunction with the refunding of its Series 2007B bonds with the Series 2014B fixed rate bonds. PAID made a termination payment of \$4,171,000 to JPMorgan.

⁽⁶⁾ On July 15, 2014, PAID terminated a portion of the swap in the amount of \$13,840,000 in conjunction with the refunding of its Series 2007B bonds with the Series 2014B fixed rate bonds. PAID made a termination payment of \$1,391,800 to Merrill Lynch.

While the City is party to several interest rate swap agreements, for which there is General Fund exposure and on which the swaps currently have a negative mark against the City, the City has no obligation to post collateral on these swaps while the City's underlying ratings are investment grade.

For more information related to certain swaps entered into in connection with revenue bonds issued for PGW, the Water Department, and the Division of Aviation, see the Fiscal Year 2018 CAFR. In addition, PICA has entered into swaps, which are detailed in the Fiscal Year 2018 CAFR.

Swap Policy

The City has adopted a swap policy for the use of swaps, caps, floors, collars and other derivative financial products (collectively, "swaps") in conjunction with the City's debt management. The swap program managed by the City includes swaps related to the City's general obligation bonds, tax-supported service contract debt issued by related authorities, debt of the Water Department, Division of Aviation, and debt of PGW. Swaps related to debt of the PICA, the School District, and the PPA are managed by those governmental entities, respectively.

The Director of Finance has overall responsibility for entering into swaps. Day-to-day management of swaps is the responsibility of the City Treasurer, and the Executive Director of the Sinking Fund Commission is responsible for making swap payments. The Office of the City Treasurer and the City Solicitor's Office coordinate their activities to ensure that all swaps that are entered into are in compliance with applicable federal, state, and local laws.

The swap policy addresses the circumstances when swaps can be used, the risks that need to be evaluated prior to entering into swaps and on an ongoing basis after swaps have been executed, the guidelines to be employed when swaps are used, and how swap counterparties will be chosen. The swap policy is used in conjunction with the City's Debt Management Policy, reviewed annually, and updated as needed.

Under the swap policy, permitted uses of swaps include: (i) managing the City's exposure to floating interest rates through interest rate swaps, caps, floors and collars; (ii) locking in fixed rates in current markets for use at a later date through the use of forward starting swaps and rate locks; (iii) reducing the cost of fixed or floating rate debt through swaps and related products to create "synthetic" fixed or floating rate debt; and (iv) managing the City's credit exposure to financial institutions and other entities through the use of offsetting swaps.

Since swaps can create exposure to the creditworthiness of financial institutions that serve as the City's counterparties on swap transactions, the City has established standards for swap counterparties. As a general rule, the City enters into transactions with counterparties whose obligations are rated in the A rated category or better from two nationally recognized rating agencies. If counterparty's credit rating is below the double-A rating category, the swap policy requires that the City's exposure be collateralized. If a counterparty's credit is downgraded below the A category, even with collateralization, the swap policy requires a provision in the swap permitting the City to exercise a right to terminate the transaction prior to its scheduled termination date.

Letter of Credit Agreements

The City has entered into various letter of credit agreements related to its General Fund-Supported Debt as detailed in the table below. Under the terms of such letter of credit agreements, following a purchase of the applicable bonds, the City may be required to amortize such bonds more quickly than as originally scheduled at issuance.

Table 45
Summary of Letter of Credit Agreements
for General Fund-Supported Debt
as of December 31, 2018

<u>Variable Rate Bond Series</u>	<u>Amount Outstanding</u>	<u>Bond Maturity Date</u>	<u>Provider</u>	<u>Expiration Date</u>	<u>Rating Thresholds ⁽¹⁾</u>
General Obligation Multi-Modal Refunding Bonds, Series 2009B	\$100,000,000	August 1, 2031	Barclays Bank PLC	May 24, 2023	The long-term rating assigned by any one of the rating agencies to any unenhanced long-term parity debt of the City is (i) withdrawn or suspended for credit-related reasons or (ii) reduced below investment grade.
PAID Multi-Modal Lease Revenue Refunding Bonds, Series 2007B-2	\$72,400,000	October 1, 2030	TD Bank	May 29, 2024	The long-term ratings assigned by at least two of the rating agencies to any unenhanced general obligation bonds of the City is (i) withdrawn or suspended for credit-related reasons, or (ii) reduced below investment grade.
PAID Multi-Modal Lease Revenue Refunding Bonds, Series 2007B-3	\$44,605,000	October 1, 2030	PNC Bank	May 22, 2020	The long-term ratings assigned by at least two of the rating agencies to any unenhanced general obligation bonds of the City is (i) withdrawn or suspended for credit-related reasons, or (ii) reduced below investment grade.

⁽¹⁾ The occurrence of a Rating Threshold event would result in an event of default under the reimbursement agreement with the related bank.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Recent and Upcoming Financings

Recent Financings. The following is a list of financings that the City has entered into since January 1, 2018.

- In February 2019, the City issued \$68,335,000 in Water and Wastewater Revenue Refunding Bonds.
- In November 2018, PAID issued \$79,460,000 in City Service Agreement Revenue Bonds for the benefit of the City.
- In November 2018, the City issued \$276,935,000 in Water and Wastewater Revenue Bonds.
- In October 2018, PRA issued \$40,000,000 in City Service Agreement Revenue Bonds for the benefit of the City.
- In April 2018, PAID issued \$37,860,000 in City Service Agreement Revenue Bonds for the benefit of the City.

Upcoming Financings. The City currently expects to enter into the following financings in calendar year 2019:

- In July 2019, the City expects to issue approximately \$356 million in General Obligation Bonds.
- In the fall of 2019, the City expects to issue approximately \$270 million in Water and Wastewater Revenue Bonds.

CITY CAPITAL PROGRAM

As part of the annual budget process, the Mayor submits for approval a six-year capital program to City Council, together with the proposed operating budget. For more information on the City's budget process, see "DISCUSSION OF FINANCIAL OPERATIONS – Budget Procedure."

Certain Historical Capital Expenditures

Table 46 shows the City's historical expenditures for Fiscal Years 2014-2018 for certain capital purposes, including expenditures for projects related to transit, streets and sanitation, municipal buildings, recreation, parks, museums, and stadia, and economic and community development. The source of funds used for such expenditures are primarily general obligation bond proceeds, but also include federal, state, private, and other government funds and operating revenue. Figures in the table below are generated after the Fiscal Year closes and may not sum due to rounding.

Table 46

Fiscal Year 2019-2024 Adopted Capital Program

The Fiscal Year 2019-2024 Adopted Capital Program contemplates a total budget of \$10.3 billion. In the Fiscal Year 2019-2024 Adopted Capital Program, approximately \$3.2 billion is expected to be provided from federal, Commonwealth, and other sources and approximately \$7.0 billion through City funding. The following table shows the amounts budgeted each year from various sources of funds for capital projects in the Fiscal Year 2019-2024 Adopted Capital Program.

LITIGATION

Generally, judgments and settlements on claims against the City are payable from the General Fund, except for claims against the Water Department, the Division of Aviation, and PGW, which are paid out of their respective funds or revenues and only secondarily out of the General Fund.

The Act of October 5, 1980, P.L. 693, No. 142, known as the “Political Subdivision Tort Claims Act,” (the “Tort Claims Act”) establishes a \$500,000 aggregate limitation on damages for injury to a person or property arising from the same cause of action or transaction or occurrence or series of causes of action, transactions or occurrences with respect to governmental units in the Commonwealth such as the City. The constitutionality of that aggregate limitation on damages has been previously upheld by the Pennsylvania appellate courts, including in the recent decision of the Supreme Court of Pennsylvania in *Zauflik v. Pennsbury School District*, 104 A.3d 1096 (2014). Under Pennsylvania Rule of Civil Procedure 238, delay damages are not subject to the \$500,000 limitation. The limit on damages is inapplicable to any suit against the City that does not arise under state tort law, such as claims made against the City under federal civil rights laws. In two instances over the last several years, legislation has been introduced in the General Assembly that would have increased such \$500,000 limitation. In both such instances, the legislation was not reported out of committee or scheduled for a vote.

General Fund

The following table presents the City’s aggregate losses from settlements and judgments paid out of the General Fund for Fiscal Years 2014-2018, and the budgeted amount for Fiscal Year 2019.

Table 49
Aggregate Losses – General and Special Litigation Claims (General Fund)
Fiscal Years 2014-2018 (Actual) and 2019 (Budget)
(Amounts in Millions of USD)

	Actual 2014	Actual 2015	Actual 2016	Actual 2017	Actual 2018	Budget 2019
Aggregate Losses	\$41.0	\$37.3	\$41.2	\$38.3	\$44.6	\$48.8

Sources: The City, Office of Budget and Program Evaluation – Budget Bureau, Indemnity Account, Status Reports.

The current estimate of settlements and judgments from the General Fund for Fiscal Year 2019 is \$48.8 million. Such estimate is based on internal calculations using (i) the “Possible Costs” listed in its Quarterly Litigation Reports, (ii) the 3-year average cost for closed cases, and (iii) current year-to-date spending reports.

Based on the Proposed Twenty-Eighth Five-Year Plan, the City expects settlements and judgments from the General Fund for Fiscal Years 2020-2024 to range from \$49.2 million in Fiscal Year 2020 to \$48.8 million in Fiscal Year 2024.

In budgeting for settlements and judgments in the annual operating budget and projecting settlements and judgments for each five-year plan, the City bases its estimates on past experience and on an analysis of estimated potential liabilities and the timing of outcomes, to the extent a proceeding is sufficiently advanced to permit a projection of the timing of a result. General and special litigation claims are budgeted separately from back-pay awards and similar settlements relating to labor disputes. Usually, some of the costs arising from labor litigation are reported as part of current payroll expenses.

In addition to routine litigation incidental to performance of the City’s governmental functions and litigation arising in the ordinary course relating to contract and tort claims and alleged violations of law, certain special litigation matters are currently being litigated and/or appealed and adverse final outcomes of such litigation could have a substantial or long-term adverse effect on the General Fund. These proceedings involve: (i) environmental-related actions and proceedings in which it has been or may be alleged that the City is liable for damages, including but not limited to property damage and bodily injury, or that the City should pay fines or penalties or the costs of response or remediation, because of the alleged generation, transport, or disposal of toxic or otherwise hazardous substances by the City, or the alleged disposal of such substances on or to City-owned property; (ii) contract disputes and other commercial litigation; (iii) union arbitrations and other employment-related litigation; (iv) potential and certified class action suits; and (v) civil rights litigation. The ultimate outcome and fiscal impact, if any, on the General Fund of the claims and proceedings described in this paragraph are not currently predictable. See Note 8 to the Fiscal Year 2018 CAFR, “Contingencies – Primary Government – Claims and Litigation” in APPENDIX C hereto.

In addition, see “REVENUES OF THE CITY – Real Property Taxes Assessment and Collection,” for a discussion of litigation relating to the reassessment of commercial property in tax year 2018, and “REVENUES OF THE CITY – Proposals to Reduce Federal Funding,” for a discussion of litigation relating to the potential withholding of certain federal funds.

Water Fund

Various claims have been asserted against the Water Department and in some cases lawsuits have been instituted. Many of these Water Department claims have been reduced to judgment or otherwise settled in a manner requiring payment by the Water Department. The following table presents the Water Department’s aggregate losses from settlements and judgments paid out of the Water Fund for Fiscal Years 2014-2018, and the budgeted amount for Fiscal Year 2019. The current estimate for Fiscal Year 2019 is \$4.3 million. The Water Fund is the first source of payment for any of the claims against the Water Department.

Table 50
Aggregate Losses – General and Special Litigation Claims (Water Fund)
Fiscal Years 2014-2018 (Actual) and 2019 (Budget)
(Amounts in Millions of USD)

	Actual 2014	Actual 2015	Actual 2016	Actual 2017	Actual 2018	Budget 2019
Aggregate Losses	\$6.1	\$3.8	\$5.4	\$7.0	\$6.3	\$8.5

Sources: The City, Office of Budget and Program Evaluation – Budget Bureau, Indemnity Account, Status Reports.

Aviation Fund

Various claims have been asserted against the Division of Aviation and in some cases lawsuits have been instituted. Many of these Division of Aviation claims have been reduced to judgment or otherwise settled in a manner requiring payment by the Division of Aviation. The following table presents the Division of Aviation's aggregate losses from settlements and judgments paid out of the Aviation Fund for Fiscal Years 2014-2018, and the budgeted amount for Fiscal Year 2019. The current estimate for Fiscal Year 2019 is \$1.9 million. The Aviation Fund is the first source of payment for any of the claims against the Division of Aviation.

Table 51
Aggregate Losses – General and Special Litigation Claims (Aviation Fund)
Fiscal Years 2014-2018 (Actual) and 2019 (Budget)

	Actual 2014	Actual 2015	Actual 2016	Actual 2017	Actual 2018	Budget 2019
Aggregate Losses	\$665,527	\$750,793	\$1.3 million	\$1.6 million	\$1.1 million	\$2.5 million

Sources: The City, Office of Budget and Program Evaluation – Budget Bureau, Indemnity Account, Status Reports.

PGW

Various claims have been asserted against PGW and in some cases lawsuits have been instituted. Many of these PGW claims have been reduced to judgment or otherwise settled in a manner requiring payment by PGW. The following table presents PGW's settlements and judgments paid out of PGW revenues, with accompanying reserve information, in PGW Fiscal Years 2014 through 2018. PGW revenues are the first source of payment for any of the claims against PGW. PGW currently estimates approximately \$6.0 million and \$3.1 million in settlements and judgments for PGW Fiscal Years 2019 and 2020, respectively.

INTRODUCTION

The City of Philadelphia (the “City” or “Philadelphia”) is the sixth largest city in the nation by population, and is at the center of the United States’ eighth largest metropolitan statistical area, according to 2017 estimates. The Philadelphia MSA (further described below) includes a substantial retail sales market, as well as a diverse network of business suppliers and complementary industries. Some of the City’s top priorities include attracting and retaining knowledge workers, increasing educational attainment and employment skills among Philadelphians, attracting real estate development, and promoting Philadelphia as a desirable location for business.

According to the 2010 U.S. Census, the City increased its population by 0.7% to 1.53 million residents in the ten years from 2000 to 2010, ending six decades of population decline. Although the increase was modest, it was an indicator of more recent growth and development in Philadelphia. From 2010 to 2017, the City increased its population by 3.4% to 1.58 million residents, which exceeded the rate of population growth projected by the Philadelphia City Planning Commission in its 2011 comprehensive plan. As described below, the 20 to 34 year-old age group is the largest age group in Philadelphia and the fastest growing.

Philadelphia’s recent population and job growth, the latter of which outpaced the national average for the past two years, is expected to provide additional resources to tackle the City’s largest challenges. These challenges include underfunded pension liabilities, low estimated General Fund balances in Fiscal Years 2019-2024, high rates of poverty, and the School District of Philadelphia’s (the “School District”) ongoing fiscal challenges. Given the population shifts and economic development taking place nationwide, coupled with the City’s strategic geographical location, relative affordability, diversified economy, cultural and recreational amenities, and its growing strength in key industries, Philadelphia is well positioned to attract new businesses and investment over the coming years.

Geography

The City has an area of approximately 134 square miles, and is located along the southeastern border of the Commonwealth of Pennsylvania (the “Commonwealth”), at the confluence of the Delaware and Schuylkill Rivers. The City, highlighted in orange in Figure 1, lies at the geographical and economic center of the MSA and PMSA (described below). Philadelphia is both the largest city and the only city of the first class in the Commonwealth, and is coterminous with the County of Philadelphia.

Philadelphia Metropolitan Statistical Area (the “MSA”), highlighted in blue in Figure 1, is the eleven-county area named the Philadelphia-Camden-Wilmington metropolitan statistical area, representing an area of approximately 5,118 square miles with approximately 6,096,120 residents according to 2017 estimates by the U.S. Census Bureau.¹

Philadelphia Primary Metropolitan Statistical Area (the “PMSA”), highlighted with bold black outlines, in Figure 1, is a five-county area within the MSA that lies in the Commonwealth and is sometimes called the Philadelphia Metropolitan Division. The counties of Bucks, Chester, Delaware, and Montgomery are referred to as the Suburban PMSA herein.

¹ Due to its close proximity and impact on the region’s economy, Mercer County, New Jersey, highlighted in green in Figure 1, is included in the MSA by many regional agencies, although it is not included in the area defined by the U.S. Office of Management and Budget.

Figure 1
Map of Philadelphia Region including the MSA, PMSA, and Mercer County, NJ

Source: 2009 TIGER County Shapefiles

Strategic Location

Philadelphia is at the center of the fourth largest MSA on the East Coast, and is served by a robust transportation infrastructure, including: the Philadelphia International Airport, Amtrak’s Northeast Corridor rail service, major interstate highway access, regional train service provided by Southeastern Pennsylvania Transportation Authority (“SEPTA”) and New Jersey’s PATCO (as defined herein), and the Port of Philadelphia. Due to the transportation infrastructure centered in the City, Philadelphia is accessible to regional and international markets, and is within a day’s drive of 50% of the nation’s population. Philadelphia’s central location along the East Coast, an hour from New York City and less than two hours from Washington, D.C. by high-speed rail, also allows for convenient access to these significant economic centers.

Population and Demographics

Philadelphia is the nation’s sixth most populous city, with 1.58 million residents, based on 2017 estimates. The 2000 and 2010 U.S. Census reflect the City’s first population gain in 60 years. The City’s population reached its nadir in 2006 with 1.45 million residents. Philadelphia’s population has increased by approximately 130,000 residents from 2006 – 2016, or by 8.97%.

From 2006 to 2016, the share of the population represented by citizens age 20 to 34 (“millennials”) grew from 20% to 26.5%, becoming the largest share of Philadelphia’s population. Of the 30 largest cities in the country, Philadelphia had the largest percentage increase of millennials as a share of overall population from 2006 to 2016. This demographic tends to be better educated than the City’s and the nation’s adult population as a whole. In 2016, 44.2% of 25- to 34-year-olds in Philadelphia held a bachelor’s degree or higher, while only 34.9% of 25 to 34-year-olds in the United States were college graduates. The City’s many universities and diverse employment opportunities are likely draws for residents in the 20 to 34 age group. In addition to an increase in the millennial population, the City’s immigrant population also grew significantly, with the City’s Asian population increasing from 4.9% to

7.2% and the Hispanic or Latino population increasing from 8.5% to 13.7% between 2000 to 2016, according to the US Census Bureau.

Table 1
Population: City, MSA, Pennsylvania & Nation

	1990	2000	2010	2017	Percent Change 2000 - 2010	Percent Change 2010 - 2017
Philadelphia	1,585,577	1,517,550	1,528,427	1,580,863	0.7%	3.4%
Philadelphia-Camden- Wilmington MSA	5,435,468	5,687,147	5,972,049	6,096,120	5.0%	2.1%
Pennsylvania	11,881,643	12,281,054	12,712,343	12,805,537	3.5%	0.7%
United States	248,709,873	281,421,906	309,348,193	325,719,178	9.9%	5.3%

Source: U.S. Census Bureau, Population Estimates 2017, Census 2010, Census 2000, Census 1990.

Nearly 18% of Philadelphia’s population is school-aged (aged 5-19), and in 2016, Philadelphia exceeded many selected peer cities in its share of students who are enrolled in an undergraduate, graduate or professional education program. Selected peer cities (as shown in Table 2) reflect characteristics consistent with Philadelphia, such as geography, socio-economic statistics, industrial legacies, or port facilities. Among these cities, while Boston had the highest percentage of its population enrolled in higher education, Philadelphia had 32,597 more students enrolled in higher education than Boston. Philadelphia had the sixth highest percentage of its population enrolled in higher education and the fifth largest university student population.

ECONOMIC BASE AND EMPLOYMENT

The Philadelphia Economy

The City's economy is composed of diverse industries, with virtually all classes of industrial and commercial businesses represented. The City is a major regional business and personal services center with strengths in insurance, law, finance, health, education, utilities, and the arts. As of 2015, approximately 184,662 residents of the Philadelphia region's four suburban counties (Bucks, Chester, Delaware, and Montgomery), and an additional 110,538 residents of counties outside the five-county region, worked within the City. The City also provides a destination for entertainment, arts, dining and sports for residents of the suburban counties, as well as for those residents of the counties comprising the MSA plus Mercer County, New Jersey.

As shown in Table 11, the cost of living in the City is relatively moderate and affordable compared to other major metropolitan areas along the East Coast. Philadelphia's cost of living is 20% less than the Washington D.C. metropolitan area and 61% less than Manhattan. The City, as one of the country's education centers, offers the business community a large, diverse, and industrious labor pool.

Key Industries

Table 3 provides location quotients for Philadelphia’s most concentrated industry sectors. Location quotients quantify how concentrated a particular industry is in a region as compared to a base reference area, usually the nation. A location quotient greater than 1.00 indicates an industry with a greater share of the local area employment than is the case in the reference area.

As shown in Table 3, compared to the nation, Philadelphia County has higher concentrations in eight sectors: 1. educational services; 2. health care and social assistance; 3. management of companies and enterprises; 4. arts, entertainment, and recreation; 5. professional and technical services; 6. other services, except public administration; 7. finance and insurance; and 8. transportation and warehousing.² Of these eight sectors, the City has a higher concentration of employment than the Commonwealth in six sectors: educational services; health care and social assistance; arts, entertainment and recreation; professional and technical services; and other services, except public administration.

Table 3
Ratio of Philadelphia County and Pennsylvania Industry Concentrations
Compared to the United States

Industry	Philadelphia County to the US	Pennsylvania to the US
Educational Services	4.34	1.58
Health Care and Social Assistance	1.74	1.28
Management of Companies and Enterprises	1.18	1.48
Arts, Entertainment, and Recreation	1.2	1.05
Professional and Technical Services	1.2	0.97
Other Services, Except Public Administration	1.13	1.11
Finance and Insurance	1.08	1.08
Transportation and Warehousing	1.03	1.24

Source: Bureau of Labor Statistics: 2017 Annual Average Employment Location Quotient, Quarterly Census of Employment and Wages

The concentration of educational services not only provides stable support to the local economy, but also generates a steady and educated workforce, fueling the City’s professional services and healthcare industries. The number of Philadelphia residents between the ages of 25 and 34 with college degrees has doubled between 2005 and 2016, from 66,178 to 130,790. A Campus Philly report of current students in 2016 found that 67% of students planned to stay in Philadelphia after they graduate.

The City is also capitalizing on the region’s assets to become a leader in research generated by life sciences and educational institutions. Several sites now foster life science incubator facilities, including The Navy Yard, University City Science Center, University of Pennsylvania, Children’s

² The Bureau of Labor Statistics (“BLS”) defines the “Other Services” (except Public Administration) sector as establishments engaged in providing services not specifically provided for elsewhere in the BLS classification system, such as equipment and machinery repairing, promoting or administering religious activities, grant making, advocacy, providing dry cleaning and laundry services, personal care services, death care services, pet care services, photofinishing services, temporary parking services, and dating services.

Hospital of Philadelphia, Jefferson Hospital, Drexel University, and The Wistar Institute. Johnson & Johnson recently announced Pennovation Works as the site for JPOD, an interactive, high-tech conference space, and JLABS, a research and startup co-working space. The University of Pennsylvania's Penn Center for Innovation and Temple University's Office of Technology Development and Commercialization are two of several organizations driving tech transfer and commercialization of innovations developed at Philadelphia's major research institutions. A more recent development, uCity Square, was announced in late 2016. The Cambridge Innovation Center will occupy part of this development, bringing state-of-the-art wet lab and shared working space. When the project is complete, it will expand the one million square feet in facilities offered by the University City Science Center to 6 million square feet, with a projected investment of over \$1 billion. It is expected to be completed in 2027.

Employment

Table 4 shows non-farm payroll employment in the City over the last decade by industry sectors. In the past 10 years, growth has occurred in Mining, Logging, and Construction; Trade, Transportation, and Utilities; Professional and Business Services; Education and Health Services; Leisure and Hospitality and Other Services. These sectors provide stability to the City's overall economy.

Source: Bureau of Labor Statistics, 2017.

¹ Includes persons employed within the City, without regard to residency.

Bureau of Labor Statistics data show that in 2017, the Education and Health Services, Professional and Business Services, Financial Activities, and Leisure and Hospitality sectors collectively represented 62.6% of total employment in the City for the year. From 2010 to 2017, Philadelphia gained 68,400 private sector jobs since losing nearly 12,000 private sector jobs at the peak of the recession in 2009. Job growth in Philadelphia has outpaced the rest of the nation, and the employment rate is the highest in decades.

Unemployment

Although Philadelphia has recently narrowed the gap between its unemployment levels and the national unemployment levels, the effects of the recession on unemployment endured longer in Philadelphia than in many other parts of the country.

As shown in Table 6, employment gains in the latter part of 2013 through 2017 have resulted in a decline in Philadelphia's unemployment rate from a high of 10.9% in 2012 to 6.2% in 2017.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Table 6 below shows unemployment information for Philadelphia, the MSA, the Commonwealth and the United States.

Principal Private Sector Employers in the City

Table 7 lists the 20 largest private employers that are based in Philadelphia. The University of Pennsylvania, and Thomas Jefferson University and Jefferson Health top this list. Other sectors represented include food services, bio-tech, and broadcasting/cable.

Fortune 500 companies headquartered or maintaining a major presence in Philadelphia include the Comcast Corporation and the Aramark Corporation. As of early 2018, Crown Holdings Inc. was located in Philadelphia, but has recently relocated its headquarters to Bucks County. Four Fortune 1000 companies are also headquartered within the City: (i) FMC Corporation, (ii) Urban Outfitters Inc., (iii) Radian, and (iv) Chemtura.

Hospitals and Medical Centers

The City is a center for health, education, research and science facilities with the nation's largest concentration of healthcare resources within a 100-mile radius. There are presently more than 30 hospitals, five medical schools, two dental schools, two pharmacy schools, as well as schools of optometry, podiatry and veterinary medicine located in the City. The City is one of the largest health care and health care education centers in the world, and a number of the nation's largest pharmaceutical companies are located in the Philadelphia area.

Major research facilities are also located in the City, including those located at its universities and medical schools: Children's Hospital of Philadelphia, the Hospital of the University of Pennsylvania, The Wistar Institute, the Fox Chase Cancer Center, and the University City Science Center. Philadelphia is home to two of the nation's 41 National Cancer Institute ("NCI")-designated Comprehensive Cancer Centers (the Abramson Cancer Center at the University of Pennsylvania and Fox Chase Cancer Center, which is part of the Temple University Health System). Additionally, Philadelphia is also home to two NCI-designated Cancer Centers (Kimmel Cancer Center and The Wistar Institute Cancer Center).

Penn Medicine University of Pennsylvania Health System

Penn Medicine includes Pennsylvania Hospital, the nation's first hospital, founded in 1751 and the nation's first medical school, the University of Pennsylvania School of Medicine, opened in 1765. In addition, the Hospital of the University of Pennsylvania was established in 1874 as the nation's first teaching hospital. Penn Medicine's hospitals have been named among the top ten hospitals in the country with the combined University of Pennsylvania and Penn Presbyterian Medical Center ranked #1 in the region by *U.S. News and World Report*. Penn Medicine, which has invested more than \$200 million in major capital investments between 2014 and 2015, began construction in 2016 on a new 1.5 million square foot Patient Pavilion, a clinical facility that is projected to be occupied by spring of 2021.

Children's Hospital of Philadelphia Expansion

Children's Hospital of Philadelphia ("CHOP") is the oldest children's hospital in the nation and one of the largest in the world. CHOP was ranked #2 in the nation in 2017-2018 according to the *U.S. News and World Report*. Since 2002, CHOP has invested over \$5.3 billion in its expansion in Philadelphia. In 2017, CHOP opened two facilities as a part of this expansion: the \$500 million, 700,000 square foot Buerger Center for Advanced Pediatric Care, and the \$275 million, 466,000 square foot Roberts Center for Pediatric Research.

Temple University Hospital, Inc.

Temple University Hospital ("TUH") is one of the region's most respected academic medical centers. The 732-bed Philadelphia hospital is also the chief clinical training site for the Lewis Katz School of Medicine at Temple University. TUH was ranked among the "Best Regional Hospitals" in six different specialties in *U.S. News & World Report* 2015-2016 regional rankings.

Thomas Jefferson University and Jefferson Health

Thomas Jefferson University Hospital ("TJUH") has been at the top of the list of hospitals in Pennsylvania (3rd) and the Philadelphia metro area (2nd) in *U.S. News & World Report's* annual listing of the best hospitals and specialties. TJUH also ranked 16th overall in the *U.S. News and World Report* listing. Jefferson Health has recently participated in several significant mergers, integrating Magee Hospital, Kennedy Health System, the Aria Health system and Abington Hospital into its system. In 2017, Thomas Jefferson University acquired Philadelphia University to become the fifth largest educational institution in Philadelphia.

Einstein Healthcare Network

Einstein Healthcare Network is a private, not-for-profit organization with several major facilities and many outpatient centers that has been in existence for nearly 150 years. The Einstein Health and Medical Center in Philadelphia has been listed as a top hospital in *U.S. News & World Report*.

In September 2018, Einstein Healthcare Network and Thomas Jefferson University announced a merger agreement and such entities are seeking necessary state and federal regulatory approvals to close the transaction.

Table 8 lists the top ten recipients of funding from the National Institutes of Health ("NIH") in Fiscal Year 2018, in order of total funding received. The University of Pennsylvania ("Penn") was the fifth largest recipient of NIH funding in Fiscal Year 2018 and consistently places near the top of this list.

Table 8
Largest Recipients of National Institutes of Health Funding, Fiscal Year 2018

	Organization	City	State	Awards	Funding

Educational Institutions

The MSA plus Mercer County, New Jersey, has the second largest concentration of undergraduate and graduate students on the East Coast, with approximately 100 degree granting institutions of higher education and a total enrollment of over 434,000 full and part-time students. Approximately 137,807 students lived within the geographic boundaries of the City in 2016. Included among these institutions are the University of Pennsylvania, Temple University, Drexel University, St. Joseph’s University, and LaSalle University. Within a short drive from the City are such schools as Princeton University, Villanova University, Bryn Mawr College, Haverford College, Swarthmore College, Lincoln University, and the Camden Campus of Rutgers University.

University of Pennsylvania

Penn, the first university in the U.S., founded in 1740, and a prominent Ivy League institution, is located in West Philadelphia across the Schuylkill River from downtown Philadelphia. In Fall 2017, more than 25,000 full-time undergraduate, graduate and professional full-time students attended Penn, 5,144 of whom are international students. Approximately 3,700 part-time students were enrolled. As of Fall 2017, Penn had a total workforce of over 18,320 faculty and staff, and the University of Pennsylvania Health System had a workforce of 22,600 employees. In September 2016, Penn opened Pennovation Works, a 55,000 square foot business incubator and laboratory that houses researchers, innovators, and entrepreneurs for the commercialization of research discoveries.

Penn has undergone significant expansion in the last decade and has a growing endowment currently valued at \$10.7 billion. In 2015, Penn, and related third-party developers, spent \$932 million dollars on new buildings and renovations. A recent independent report conducted by Econsult Solutions, Inc. found that Penn and the University of Pennsylvania Health System had a combined economic impact on the City and State of more than \$14 billion in Fiscal Year 2015, including \$10.8 billion to the City. According to the same study, such Penn entities generate \$1 out of every \$20 of Philadelphia’s general fund and one out of every nine jobs in the Philadelphia economy.

Drexel University

Founded in 1891 as the Drexel Institute of Science, Art and Industry, Drexel University (“Drexel”) is one of Philadelphia’s top 10 private employers, and a major engine for economic development in the region. Drexel is known for its innovation and civic engagement, ranked a “top 15 most innovative school” by *U.S. News and World Report*. Drexel’s student body consists of approximately 26,000, making it one of the 15 largest private universities in the country. Drexel is unique in that it provides its students with a co-op work experience every six months throughout the four year college experience. Over the last decade, Drexel has undergone significant expansion and has major plans for future development. In 2011, Drexel opened the doors to the \$69 million Constantine N. Papadakis Integrated Sciences Building, a \$92 million facility for its LeBow School of Business, and a new mixed use residential and retail project, Chestnut Square.

Temple University

Temple University (“Temple”), founded in 1884, has undergone a significant transformation over the past three decades from a university with a mostly commuter-based enrollment to one in which on and near-campus housing is now in high demand. Temple features 17 schools and colleges, eight campuses, hundreds of degree programs and more than 38,000 students. Currently, an estimated 12,000 students live on or around the Temple campus. Temple’s Board of Trustees approved a master plan, “Visualize Temple,” in December 2014, and Temple has begun \$1.2 billion of investment. Planned upgrades include improved green space, a student recreation facility, and academic buildings such as a library and a new science research lab.

Thomas Jefferson University

In 2017, Thomas Jefferson University and Philadelphia University merged to create the fifth largest university in the City of Philadelphia. The new Thomas Jefferson University creates a national comprehensive university designed to deliver high-impact education and value for students in medicine, science, architecture, design, fashion, textiles, health, business, engineering, and other disciplines.

In addition to nine colleges and three schools from both universities, the formation of the Philadelphia University Honors Institute and the Philadelphia University Design Institute are key components of the combined university’s educational ecosystem. Thomas Jefferson University includes (i) campuses in Center City, East Falls, Montgomery County, Bucks County and Atlantic County; (ii) a growing online presence; (iii) numerous clinical sites; and (iv) an extensive global footprint with locations in Italy and Japan, study abroad sites and curricular and co-curricular partnerships and networks. Jefferson is home to more than 7,800 students, 4,000 faculty members and 63,000 alumni.

Community College of Philadelphia

The Community College of Philadelphia (the “College”) serves 18,124 students in associate’s degree and certificate programs. The College operates four campuses: its main Campus in Center City Philadelphia and three regional campuses in West Philadelphia, Northeast Philadelphia, and Northwest Philadelphia. The College offers more than 70 associate’s degree, academic and proficiency certificate, and workforce programs. Recent graduates continue to strengthen Philadelphia’s local economy and workforce—78 percent are employed in Philadelphia, and 93 percent work in the Greater Philadelphia region.

The College enables students to embark on a smart path to a bachelor’s degree program, with transfer agreements and partnerships to assist in the transition. In the 2015-16 academic year,

approximately 30,194 students took credit and noncredit courses. The College is embarking on an expansion of its West Philadelphia Campus, to expand its Automotive Center and to establish a Workforce Campus with a new \$20 million facility in the heart of Philadelphia’s Promise Zone.

The College is one of 30 community colleges in the nation to undertake a new Career Pathways model under which it has expanded its dual enrollment programs, including establishing the first Middle College in the Commonwealth, with the School District of Philadelphia. Upon completion of high school, enrolled students will receive both a high school degree and an associate’s degree.

The College has vastly expanded its role in workforce development and economic innovation, establishing a division that is responsible for working directly with Philadelphia employers to meet their workforce hiring and professional development needs. The College has established new post-secondary programs matched with Philadelphia’s high priority occupations enabling Philadelphians to earn family sustaining wages without a degree.

Family and Household Income

Table 9 shows median family income, which includes related people living together, and Table 10 shows median household income, which includes unrelated individuals living together, for Philadelphia, the MSA, the Commonwealth and the United States. Over the period 2007-2016, median family income for Philadelphia increased by 12% (see Table 9), while median household income increased by 17.0% over the period 2007-2016 as a result of an influx of higher income households (see Table 10).

Table 9
Median Family Income* for Selected Geographical Areas, 2007-2016
(Dollar Amounts in Thousands)

Year	Philadelphia	Philadelphia-Camden-Wilmington MSA	Pennsylvania	United States	Philadelphia as a percentage of the US

Source: 2016 American Community Survey 1-Year Estimates

One of the factors that contributes to a lower median household income is the fact that Philadelphia has the fifth largest undergraduate and graduate student population among major U.S. cities. These individuals, numbering 142,382 according to the 2016 American Community Survey, or approximately 9.0% of the City's overall population, generally have very low or no income, as they are either unemployed or working only part-time while they complete their education. The City's large student population has historically led to an overstatement of the City's percentage of residents living at or below the poverty level.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Cost of Living Index

Philadelphia has the second lowest cost of living index among major cities in the Northeast, as shown in Table 11 below. Additionally, the City's Wage, Earnings, and Net Profits Tax Rates have decreased in each of Fiscal Years 2013-2019. See "REVENUES OF THE CITY – Wages, Earnings, and Net Profits Taxes" in APPENDIX A for this Official Statement.

Housing

Growing rapidly from its founding in 1682, Philadelphia's historic housing stock reflects its past roles as the largest city in the British Empire and as "the workshop of the world" during the peak of the industrial revolution. However, its condition and age (among the oldest of any city in the country) is also a reflection of the decades of depopulation and abandonment that marked the second half of the 20th Century. Nevertheless, Philadelphia has undergone a significant revitalization in the most recent decades, particularly in the neighborhoods within and around its downtown core. The period between the 2000 and 2010 Censuses was the first wherein Philadelphia experienced a net population increase since 1940 to 1950, due both to rapid growth in the number of higher income households in these core neighborhoods and to a significant influx in the foreign-born population in more peripheral neighborhoods of the City.

As population has continued to increase, many neighborhoods have undergone significant new construction and investment, leading to increases in the value of the City's housing stock, even as much of the City continues to face significant challenges caused by the persistent problems of poverty, crime, underperforming schools and lack of employment opportunities. Nevertheless, most housing indicators for Philadelphia indicate an upward outlook, in terms of prices, construction, and sales, for the near future.

The total housing stock, measured by the number of units, increased by 0.7% from 2010-2016, for a total of 674,500 in 2016.³ This increase of 4,500 units is the result of a net increase of 6,000 multifamily units and 500 “other” units (such as mobile homes and boats), off-set by a net loss of 2,000 single-family homes (due to multifamily conversions and demolitions).³ The homeownership rate in the City in 2016 was 52.1%, which represents a decline from 54.1% in 2000.³ Accordingly, properties in the City have continued to command higher rents, with the median monthly rent in June 2018 equal to \$1,214, representing a 10.9% increase over the prior five-year period.⁴

Home Prices

As shown in the chart below, after eight years of moderate house price deflation following the peak of the 2007, Philadelphia’s housing market began posting rapid increases in prices, citywide, starting in 2013. In 2015, home values in Philadelphia recovered to their pre-recession peak and have continued to climb to 20% above that peak as of January 2018. The following chart uses the Home Value Index to chart changes in home values in Philadelphia, the Philadelphia region, and the U.S. as a whole over the 20-year period from February 1998 through January 2018.⁵

Percent Change in Median Nominal Home Value (Zillow Home Value Index), 1998-2018

Source: Zillow Research, ZHVI Time Series

³ US Census Bureau, American Communities Survey, 1-Year Survey

⁴ Zillow Research, ZRI Time Series

⁵ Zillow Research, ZHVI Time Series

In the first years shown in this chart, housing values in Philadelphia were not only lower than region and country as a whole, in nominal terms, but they also grew at a lower rate. From 2002 to 2007, however, the rate of growth in the City's home values significantly outpaced these comparison regions. Although home values in the City stagnated and declined for eight years, after hitting a peak in 2007, the housing market in Philadelphia retained a much greater share of its pre-recession gains during this period than did either the region or country as a whole. Since then, Philadelphia's housing market has surged, such that, in nominal terms, housing values within the City have nearly tripled since 1998, a rate of growth that is more than 50% greater than the rest of the country.

Home Sales

Another indicator of the housing market's recovery is the current level of home sales. The following chart shows the annual number of home sales in Philadelphia since 2009. Like prices, home sales dropped significantly following the bursting of the housing bubble, but have, seasonal variations notwithstanding, steadily increased since 2011. In 2017, there were 27,327 home sales, nearly double their post-recession nadir of 2011 of 14,542. This trend reflects a recovery of the City's housing market and is likely to continue as the significant increment of new housing construction (described below) is absorbed.

Home Construction

Home building activity in Philadelphia has also made significant progress since hitting its recessionary low in 2009. The following chart shows the number of newly constructed units being added to Philadelphia’s housing stock, as represented by the number of building permits issued for such units, from 1998 through 2017.

**Building Permits Issued in Philadelphia, New Construction Only
(Number of Units by Building Type), 1998-2017**

Source: US Census, Building Permits Survey

Prior to 2000, construction of new housing units in Philadelphia was low by both absolute and relative measures, averaging only 507 units per year in the decade from 1990 through 1999. However, since 2003, permits for new construction have not been for less than 947 units in any single year, including during the nadir of the great recession. In 2014, permits were issued to approve the construction of nearly 4,000 new housing units in Philadelphia—an all-time high. Notably, these data do not include additions or substantial alteration to existing buildings, which together account for nearly a third of all new housing units in Philadelphia from 2013 to 2017, based on permit issuance data from the Department of Licenses and Inspections. Although total permitting activity declined in 2015 and 2016, recovering somewhat in 2017, total residential development activity remains quite high, and it appears there is continued population growth in the City’s metropolitan core. An easing in development activity could be interpreted as neutral or even positive, providing additional time for the absorption of the large number of recently completed projects, and lessening the potential of a temporary excess of supply (and consequent decline in rents and sales prices) to dissuade ongoing investment.

Office Market and New Development

The City currently has approximately 45.4 million square feet of office space in the Central Business District (“CBD”), with an additional 2.57 million square feet under construction according to Jones Lang LaSalle’s (“JLL”) statistics for the second quarter of 2018. The CBD includes four submarkets: University City, the Navy Yard, Market Street East and Market Street West. In the past year, Thomas Jefferson University signed a 237,000 square foot lease to consolidate some of its operations at 1101 Market Street. The highly anticipated Schuylkill Yards project kicked off with Sparks Therapeutics signing a 107,000 square foot lease at One Drexel Plaza. The First Judicial District of Pennsylvania will relocate from 1401 Market Street to 714 Market Street, making way for the renovation of 1401 by Alterra Property Group into micro-apartments. Comcast expanded by 70,000 square feet into Three Logan Square, quieting speculation that they will downsize their leased portfolio upon completion of the Comcast Technology Center.

The average direct asking rental rates in the City’s CBD rose slightly to \$31.57 per square foot in the second quarter of 2018. Markedly, the City’s CBD enjoys rising rents with low overall total vacancy, while its suburban counterparts have higher overall total vacancy and lower rents during the same period, at 13.7% and \$26.86 per square foot.

Washington, DC	16.2%
Atlanta	18.3%
Cleveland	19.6%
Phoenix	19.8%
Dallas	19.9%
Detroit	20.0%
Houston	24.5%

Source: Jones Lang LaSalle, National CBD Data, Second Quarter 2018

Comcast's \$1.2 billion Comcast Technology Center became operational in July 2018. The new skyscraper will enable Comcast to consolidate employees currently scattered at several sites (in both Philadelphia and the surrounding suburbs) into a single location. The facility will also create a media center in the heart of the City by becoming home to the operations of local broadcast television stations NBC 10/WCAU and Telemundo 62/WWSI. Comcast also recently clarified plans for a startup accelerator within the building, to be branded as LIFT Labs for Entrepreneurs. The tower will also serve as the new home to the Four Seasons Hotel, which will occupy the tower's top floors. The mixed-use tower is the tallest building in the United States outside of New York and Chicago and will be one of the largest private development projects in the history of Pennsylvania. Ultimately, the project is expected to create 1,500 permanent jobs in Philadelphia.

Retail Market, Food and Dining

According to a December 2017 Center City District report, Philadelphia's retail market has grown substantially and with nearly 188,000 residents, 292,000 workers, 3.2 million occupied hotel room nights

and 117,000 college students in and around Center City, the market generates more than \$1 billion in retail demand. The report also states that Center City's "affluent and highly educated residential demographic has attracted more than 45 national retailers since 2013. More than 2 million square feet of retail is under construction downtown, as older shopping streets are being redeveloped and Philadelphia's prime retail district continues to expand." According to Commercial Brokers Real Estate's 2016 report "Philadelphia Urban Retail," Center City's retail rental rates have risen faster than all North American cities other than Miami. The Center City District also reports that pedestrian volumes along West Chestnut now match and surpass pedestrian volumes along West Walnut, the City's traditional "high street." In January 2015, Philadelphia was named the second of 24 "Best Shopping Cities in the World," by Condé Nast Traveler Magazine, behind Barcelona.

Market East, an important commercial area nestled between City Hall and the City's historic district is experiencing a development boom. The revitalization of this section of the City, containing a major transport hub, is expected to be transformative. Most notably, the planned redevelopment of The Gallery at Market East into Fashion District Philadelphia is one of the biggest developments in the area. This 430,000 square foot urban retail mall complex features 130 stores. In April 2013, Pennsylvania Real Estate Investment Trust ("PREIT") acquired single entity ownership of The Gallery at Market East. In July 2014, the Macerich Company, which owns 55 shopping centers across the nation, acquired a 50% interest in The Gallery. In December 2015, Macerich and PREIT closed on their agreement for the \$325 million redevelopment of the shopping center. Interior demolition of The Gallery at Market East began in 2016 and Fashion District Philadelphia is expected to open in the fall of 2019.

Recent improvements along East Market Street also include the 2014 opening of New York-based department store Century 21, the chain's first store outside of New York City, in a 95,000 square foot space that was previously vacant. To the east of Century 21, Brickstone Realty completely renovated the 720,000 square foot Lits Building into mixed use office and retail, which is now home to Five Below's corporate offices and their flagship retail store. Also, in March 2014, National Real Estate Developers ("NRED") announced a mixed-use redevelopment project, called East Market, also located on Market Street between 11th and 12th Streets. To date, NRED has completely renovated 175,000 square feet of office in an existing building, completed the construction of their first tower which opened in April 2018 with 322 residential units and is nearing completion on a second tower that will be completed at the end of 2018 adding another 180 residential units and 60 hotel rooms. The base of these three buildings contains 125,000 square feet of retail. These three buildings constitute a little over 50% of NRED's real estate in this City block, which they are now planning for the next phase of development. On the block just south of NRED's real estate, Brickstone Co. has completed construction of a mixed-use redevelopment project including 90,000 square feet of retail including a Target and 115 residential units.

Complementing the rise of retail in Philadelphia, the City has experienced a revival of restaurant establishments, especially in Center City and in the Greater Center City area, indicating an improved quality of life and vibrancy of those neighborhoods. The Center City District's investment in beautification of the area as well as the City's support in making the area more welcoming to visitors and diners sparked a significant increase in the number of indoor/outdoor dining establishments throughout Center City. According to the most recent "State of Center City" report, there were 992 retailers, 453 full-service restaurants and 447 quick serve restaurants in Center City in 2017.

ECONOMIC DEVELOPMENT STRATEGIES AND IMPLEMENTATION

City of Philadelphia Economic Development Mission and Goals

The City's economic development strategy is to (1) spur job-creation by fostering an improved business environment; (2) increase the City's population and visitation; and (3) enhance quality of life within the City – all in order to grow the City's tax base and market competitiveness. The City partners with numerous quasi-city and private agencies to accomplish these objectives.

The City utilizes several place-based economic development strategies to spur development in Philadelphia. These strategies include: (i) a 10-year real estate tax abatement on all new construction, as well as on improvements to existing properties; (ii) Commonwealth-designated Keystone Opportunity Zones in which eligible businesses may be exempt from all Commonwealth and local business taxes until a specified date; (iii) Commonwealth-designated Keystone Innovation Zones in which energy, defense, technology, and life-sciences companies may be eligible for saleable tax credits worth \$100,000 annually for the first eight years of operations; (iv) tax increment financing; and (v) commercial corridor revitalization through support of Business Improvement Districts and reimbursement for certain storefront and interior retail improvements.

In recent years, Philadelphia has received recognition from large companies and employers who are seeking to expand. In the fall of 2017, Philadelphia was one of the many cities that responded to the Amazon HQ2 request for proposals. In early 2018, Amazon announced a short-list of 20 locations, which included Philadelphia. When the United States Army sought a location for a new, state-of-the-art command center in early 2018, Philadelphia was once again short-listed to the top 5. A new website was launched in 2018, philadelphiadelivers.com, which showcases all that Philadelphia has to offer businesses including location, talent, affordability, and amenities. Also in 2018, Philadelphia was one of four cities selected by the Brookings Institute to join the Global Identity Cohort. As such, more than 80 local stakeholders have been engaged to begin crafting a shared brand and narrative around Philadelphia in order to attract residents, businesses and events.

The City has also actively worked to raise its profile in the international business community. In October 2015, Philadelphia received the designation of the first World Heritage City in the United States by the Organization of World Heritage Cities. In summer 2015, the City entered into a "sister city" agreement with Frankfurt, Germany, considered the largest financial center in continental Europe. This agreement is Philadelphia's first sister city since 1992. In fall 2014 and 2015, Philadelphia hosted delegations of Israeli high-tech companies following a 2013 Israeli trade mission. In September 2016, a delegation of City officials and business leaders participated in a trade mission to Germany, France and Portugal further enhancing Philadelphia's relationship with these three countries. Between 2016 and 2017, delegates from Philadelphia also participated in trade missions to China, South Korea and Canada. Additionally, by participating in the Global Cities Initiative with multiple private stakeholders, the City of Philadelphia is supporting the development of a metro export growth plan, which launched in spring 2016.

City and Quasi-City Economic Development Agencies

City of Philadelphia Department of Commerce

The mission of the Department of Commerce, a 75-person City agency, is to ensure that Philadelphia is a globally-competitive city where employers hire, entrepreneurs thrive, and innovation abounds; to recruit and retain a diverse set of businesses; to foster economic opportunities for all Philadelphians in all neighborhoods; and to partner with workforce development programs and local

businesses on talent development with the goal of ensuring that all Philadelphians can find and retain living-wage jobs. The Department of Commerce has three major divisions: Neighborhood & Business Services; Office of Business Development and Office of Economic Opportunity.

City of Philadelphia Department of Planning and Development

The Department of Planning and Development oversees all planning, real estate development support, and commissions such as Historical Commission, Planning Commission, Art Commission and Civic Design Review. Planning and Development also oversees all housing initiatives and plays a key role in community development.

Philadelphia Industrial Development Corporation (“PIDC”)

PIDC is a non-profit organization founded by the City of Philadelphia and the Greater Philadelphia Chamber of Commerce in 1958. PIDC offers flexible financing tools, a targeted portfolio of industrial and commercial real estate, and expertise to help clients invest, develop, and grow in Philadelphia. PIDC also structures and invests in public-private partnerships for key City policy areas and development priorities. Since its inception, PIDC and its affiliates have settled approximately 6,700 transactions, including \$14 billion in financing that has leveraged over \$25 billion in total investment and assisted in creating and retaining hundreds of thousands of jobs. Its direct loan and managed third-party portfolio at the start of 2018 was approximately \$615 million, representing 500 loans.

Philadelphia Redevelopment Authority (“PRA”)

In 1945, the Commonwealth enacted the Urban Renewal Law and created the PRA as the City’s urban renewal agency. Today, the PRA continues its role as a key financier, project manager, leader, and expert of developing and maintaining land in the City of Philadelphia. The PRA is one of five municipal land holding agencies. Its Real Estate Division facilitates the redevelopment of PRA assets and it provides project management and analysis for real estate sales, acquisitions, redeveloper agreements, developer submissions and required approvals. Its Housing Department leads the underwriting and loan closing process for all affordable housing projects within the City of Philadelphia and works primarily with non-profit and for-profit developers as a lender.

Philadelphia Land Bank (“PLB”)

Established in 2013, the PLB is a new institutional partner in land use. The aim of the PLB is to consolidate many of the land acquisition and disposition processes of the City under one umbrella, making it easier for private individuals and organizations to acquire properties that otherwise contribute to neighborhood disinvestment and turn them into assets for the community in which they are located. The PLB can: (i) consolidate properties owned by multiple public agencies into single ownership to speed property transfers to new, private owners; (ii) acquire tax-delinquent properties through purchase or by bidding the City’s lien interests at a tax foreclosure; (iii) with consent of the City, clear the title to those properties so new owners are not burdened by old liens; and (iv) assist in the assemblage and disposition of land for community, non-profit, and for-profit uses.

The Division of Housing and Community Development (“DHCD”)

DHCD, formerly known as the Office of Housing and Community Development (“OHCD”), and now part of the City’s Department of Planning and Development, manages planning, policy and investment in low-income housing through several assistance programs. Most significantly, the DHCD

creates and manages implementation of the Consolidated Plan, a federally-mandated plan and budget that must be updated yearly in order to receive federal Community Development Block Grant funding.

The Philadelphia Housing Authority (“PHA”)

PHA is funded primarily by the federal government and is the largest landlord in Pennsylvania. PHA develops, acquires, leases and operates affordable housing for City residents with limited incomes. PHA works in partnership with the City and state governments, as well as private investors. Over 93% of PHA’s annual budget is funded directly or indirectly by the U.S. Department of Housing and Urban Development, and most of the balance of PHA’s budget is derived from resident rent payments. Neither PHA’s funds nor its assets are available to pay City expenses, debts or other obligations, and the City has no power to tax PHA or its property. Neither the City’s funds nor its assets are subject to claims for the expenses, debts, or other obligations of PHA.

Rebuilding Community Infrastructure Program (“REBUILD”)

Rebuild is a new \$500 million initiative to revitalize neighborhood parks, recreation centers, playgrounds, and libraries across the City over a seven-year period. This program is intended to catalyze economic development in some of Philadelphia’s most impoverished communities and neighborhoods. Rebuild is not only committed to making transformative capital improvements in neighborhood public and shared spaces, but will also strive to build capacity and opportunities for minority and women-owned businesses and job opportunities for local residents.

Key Commercial Districts and Development

Over the last two decades the efforts of Philadelphia’s economic development agencies and others have spurred significant economic revitalization throughout the City. In particular, a number of geographic areas have experienced concentrated developments: Philadelphia’s Historic District, Avenue of the Arts, North Broad Street, and the Benjamin Franklin Parkway. Many of these developments, such as a significant increase to Philadelphia’s hotel room inventory in Center City Philadelphia and expansion of the Pennsylvania Convention Center, are key to the growth of Philadelphia’s leisure and hospitality sector. Several key areas within the City have been instrumental in the economic and commercial development of Philadelphia over the past twenty-five years and the population growth since 2000.

Center City

A district that has seen a resurgence over the last two and a half decades, Center City is Philadelphia’s central business and office region within the City. Center City is the strongest employment center in the City. In addition, the area contains a sizeable residential population and provides ample access to retail, dining, arts and culture, entertainment, and mass transportation services, to both residents and daily commuters. Center City is flanked by neighborhoods that are considered “Greater Center City.” According to the Center City District, 309,000 riders take public transit into Greater Center City every weekday. Over the last two decades, as there has been an influx of new businesses and residents in these neighborhoods, the boundaries of Greater Center City have moved significantly further North and South, with the Delaware and Schuylkill rivers remaining boundaries on the East and West.

Seventeen major development projects, totaling \$808 million, were completed in 2016 between Fairmount and Washington Avenues, Schuylkill River to the Delaware River. Another 42 projects of all types, totaling \$5.4 billion in new investment were under construction at the end of December 2016, while 22 more, totaling \$3.3 billion, have been proposed and are in the conceptual phases of pre-construction.

Of the 59 projects that were completed or under construction in 2016, more than half involved residential components: 24 are residential/mixed-use; another eight were exclusively residential. Remaining projects include nine commercial/mixed-use developments, six hospitality projects, five public space improvements, as well as retail, healthcare, education, and cultural developments. Together, they account for 18.7 million square feet.

Recent and current key developments in Center City are listed in Table 13.

Old City

Old City is home to some of the country's oldest historical assets and is considered America's "most historic square mile." Independence National Historical Park is an international destination, attracting 3.6 million visitors annually. Important culturally and economically, Old City is also home to world-class museums, theaters and art galleries. The neighborhood offers excellent hotels, a wide range of dining and nightlife establishments, independent retailers and a diverse mix of technology, media, professional and service organizations. Some 8,000 residents live in historic townhouses, industrial loft apartments and new condominium properties. Old City is located within a Keystone Innovation Zone, meaning that technology, energy and life sciences businesses may be eligible for up to \$100,000 in tax credits. Old City District ("OCD") is a business improvement district that promotes the area and fosters economic development locally. OCD helps companies find suitable real estate and actively promotes the sector to attract businesses. Over the last few years, technology and creative businesses have established an increasingly important presence in the area.

University City

Located west of Center City, University City is a hub for the health care, life sciences, and higher education sectors and accounted for approximately 11% of the City's employment in 2017. It includes the campuses of the University of Pennsylvania, Drexel University, University of the Sciences, the University of Pennsylvania Health System, the Children's Hospital of Philadelphia and The Wistar Institute, as well as the University City Science Center, a biomedical incubator. The Cambridge Innovation Center, a co-working wet lab space, and the Johnson and Johnson JPOD and JLABS networking, research and co-working space, opened in 2018. University City has experienced significant real estate development, driven mostly through the investment of its universities and research institutional anchors. The University of Pennsylvania built the \$88 million Singh Center for Nanotechnology in 2013 and is investing \$127 million in a new residence hall called New College House at Hill Field. Drexel University invested nearly \$300 million in University City in 2013, and is planning for an additional \$3.5 billion over 20 years in the development of Schuylkill Yards in partnership with Brandywine Realty Trust. This project will develop 14 acres of underutilized land near Philadelphia's 30th Street Station into an innovation neighborhood. It will feature a mix of entrepreneurial spaces, educational facilities and research laboratories, corporate offices, residential and retail spaces, hospitality and cultural venues and public open spaces.

The Navy Yard

The Navy Yard is a 1,200 acre mixed-use office, research and industrial park with over 13,000 people working on site across 150 companies. The Navy Yard has diverse tenants such as Philly Shipyard, one of the world's most advanced commercial shipbuilding facilities; the global headquarters for retailer Urban Outfitters, Inc.; a 208,000 square foot, double LEED Platinum corporate office for pharmaceutical company GlaxoSmithKline; and a LEED Silver bakery facility for the Tasty Baking Company. More than 7.5 million square feet of space is currently occupied or in development with significant additional capacity available for office, industrial, retail and residential development.

PIDC and its partners released an updated Navy Yard master plan in 2013, detailing a comprehensive vision for the Navy Yard. The plan calls for a total of over 13.5 million square feet of new construction and historic renovation supporting office, R&D, industrial and residential development, complemented with commercial retail amenities, open spaces and expanded mass transit. At full build, the Navy Yard will support more than 30,000 employees and over \$3 billion in private investment. Currently, PIDC is negotiating changes to deed restrictions with the U.S. Navy to allow the construction of housing at Philadelphia's Navy Yard.

The Navy Yard continues to grow, adding over 500 employees and attracting four new companies in 2016, bringing the Navy Yard closer to its strategic targets. Recently completed construction projects include: 4701 League Island Blvd, the third facility on campus for WuXi AppTec, a leading pharmaceutical and biotechnology company; 1200 Intrepid Ave, the new LEED Gold office building designed by world-renowned architecture firm Bjarke Ingels Group; and most recently, in 2017, a UK-based life sciences company, Adaptimmune, opened its U.S. headquarters and Clinical and Manufacturing Operations at the Navy Yard. This was in addition to the opening of a 175,000 square foot Global Innovation Center for Axalta Coating Systems, an advanced coatings manufacturer. Since 2000, the Navy Yard has leveraged more than \$150 million in publicly funded infrastructure improvements to spur more than \$750 million in new private investment.

Waterfront Developments

Taking advantage of the City's geographic assets, the Schuylkill River and the Delaware River, the City is redeveloping its waterfront to accommodate a variety of developments, including mixed-use projects and housing, parks and recreational trails, and hotels. These projects improve quality of life for residents and improve the visitor experience, but also are an impetus for environmental remediation and private development of former industrial property within the City.

Delaware River Waterfront Corporation

The Delaware River has historically been a center of activity, industry, and commerce, bounded at its north and south ends by active port facilities. The City adopted a Master Plan for the central Delaware River in 2011. The Delaware River Waterfront Corporation (the "DRWC"), in partnership with the City, is a nonprofit corporation that works to transform the central Delaware River waterfront into a vibrant destination for recreational, cultural, and commercial activities. Successful park projects include Race Street Pier in 2011, Washington Avenue Green in 2014, and Pier 68 in September 2015. In October 2018, DRWC opened the newly-renovated Cherry Street Pier after a \$5 million restoration effort. All four parks are adaptive reuse projects built on former pier structures.

In April 2014, the DRWC published a feasibility study for redevelopment of Penn's Landing, a major public space along the Delaware River waterfront. Recently the City announced a \$90 million commitment to cap I-95 and build an 11-acre expanse of greenery between Walnut and Chestnut streets, as part of an estimated \$225 million project to better connect Center City with the waterfront. The Commonwealth of Pennsylvania joined the City in supporting the project, and committed \$115 million towards its completion. DRWC has committed to raising the remaining funds from philanthropic sources. The resulting civic space will leverage investment from private sources for the redevelopment of the adjoining parcels.

Schuylkill River Development Corporation

Redevelopment along the Schuylkill River is managed by a partnership among the Schuylkill River Development Corporation (the "SRDC"), the Department of Parks & Recreation, and the

Department of Commerce. SRDC works with federal, Commonwealth, City and private agencies to coordinate, plan and implement economic, recreational, environmental and cultural improvements, and tourism initiatives on the Schuylkill River.

From 1992 to 2017, \$70 million was invested by SRDC, the City, and their partners along the tidal Schuylkill to create 3.65 miles of riverfront trails within 30 acres of premiere park space in the heart of the City, and has added amenities to the Schuylkill River Park such as floating docks, fishing piers, a composting toilet, and architectural bridge lighting. SRDC continues to work towards meeting its goal of creating and maintaining 8 miles of trail and 50 acres of green space along the tidal Schuylkill River in Philadelphia. The latest Schuylkill Trail extension running from Locust Street to South Street, called the Schuylkill Banks Boardwalk, opened in October 2014 and more recently the Bartram's Mile and South to Christian Street trail segments have been opened. Philadelphia was awarded \$10.265 million in federal TIGER grants, split among three projects across the City. The City will use \$3.265 million of the grant to convert an abandoned swing rail bridge over the Schuylkill River near Grays Ferry into a bridge trail. Crews began removing the existing truss bridge in the summer of 2018 to make way for the new swing rail bridge.

Since 2005, Philadelphia has benefitted from more than \$1 billion in development along the Schuylkill River, with more planned by private developers, universities, and healthcare institutions.

SugarHouse Casino

Legislation enacted by the Pennsylvania General Assembly authorized two stand-alone casino licenses for the City. Philadelphia's first casino, SugarHouse, opened in September 2010. SugarHouse Casino sits on the Delaware River waterfront offering an array of slot machines, table games and dining options. In May 2013, SugarHouse received approval from the Pennsylvania Gaming Control Board to expand its operations and increase its amenities, including a multi-purpose event space with waterfront views, new restaurants, a parking garage, a 30-table poker room and more. Completed in 2015, the \$164 million expansion added more than 400 full-time team members, and as of August 2018, SugarHouse employed approximately 1,500. As reported to the Pennsylvania Gaming Control Board, SugarHouse's gaming revenue was approximately \$299.1 million in Fiscal Year 2018.

TOURISM AND HOSPITALITY

Philadelphia has experienced a significant increase in tourism over the last decade, fueled by several high profile, global events that the City hosted, notably the 2015 World Meeting of Families, culminating in a papal visit from Pope Francis, and the Democratic National Convention in 2016. In April 2017, Philadelphia hosted the NFL Draft, which is estimated to have brought approximately 250,000 people to Center City. Both business and convention tourism as well as leisure tourism were at a record high in 2016. In 2016, Lonely Planet named Philadelphia on its top-10 best list of “unexpectedly exciting places to see,” and in 2017, Travel and Leisure named Philadelphia as one of the best places to visit in the world.

The Philadelphia Convention and Visitors Bureau (“PHLCVB”) books meetings, conventions and sporting events and supports international marketing of Philadelphia overseas. PHLCVB also books domestic group tours. Tourism Economics, an Oxford Economics Company, reported that international visitors from overseas to Philadelphia in 2017 numbered more than 648,000, spending \$651 million generating \$1.1 billion in total economic impact to the Philadelphia region. According to the same source, Philadelphia ranks as the 16th most visited city in the U.S. by overseas travelers. Philadelphia’s international visitation has seen significant growth over the past decade, a 18% growth in overseas travelers since 2007 (up from 549,000 in 2007).

The PHLCVB currently has 892 meetings, conventions, and sporting events booked for future years. These groups will bring a total of 3.1 million attendees to Philadelphia consuming 3.7 million room nights.

Visit Philadelphia markets Philadelphia domestically, as well as in Canada and Mexico, to promote leisure travel. Philadelphia has attracted more overnight leisure travelers than ever before and Center City hotels reached a landmark 1 million leisure room nights in 2016. Further, several big and new-to-the-city brands are entering the market, along with smaller boutique hotels. Leisure hotel room stays have increased 334% since 1997 and in 2017 the estimated economic impact of leisure travel to the region was \$11.5 billion according to the Visit Philly 2018 Annual Report.

Table 14
Greater Philadelphia Visitor Growth, 1997-2017
(In Millions)

	1997	2017	Net Change	% Change
Total Visitation	26.7	43.3	16.6	62%
Leisure- Overnight	7.3	15.1	7.8	107%

Business- Overnight	1.4	2.3	0.9	64%
Business- Day	2.5	2.8	0.3	12%

Source: Visit Philadelphia Annual Report, 2018

Philadelphia has seen an influx in new hotel development, with numerous new developments underway or confirmed. Table 15 lists notable hotel developments since 2015, representing over \$1 billion in investment. The number of hotel rooms available in the City in 1993 was 5,613, with annual demand of 1,331,684 hotel rooms, representing 65% occupancy. In 2017, the City’s hotel room inventory was 16,334 rooms, with occupancy at 76.6%. Several hotel projects are currently under development, which will increase hotel room inventory by close to 2,000 rooms.

Recent years have brought a slew of hotel openings in and around Center City. After more than a year of renovations, the historic Liberty Title building returned to north of City Hall as the Aloft Hotel, opening in the summer of 2017. In February 2014, the City announced plans for the adaptive reuse of the City’s former Family Division of the Court of Common Pleas building to become a 199-room luxury hotel, currently projected to be completed in 2019. The Four Seasons Hotel will open in mid-2019 on the top 12 floors of the Comcast Innovation and Technology Center.

Table 15
Notable Hotel Development (as of August 2018)

Hotels	Total Rooms	Proposed Opening Date
Cambria Hotel and Suites Broad and Locust Streets	222	Opened March 2018
Fairfield Inn & Suites 13th and Spruce Streets	119	Opened June 2018

Museum and Cultural Centers

Crucial to tourism is the City's robust arts and culture sector. The Center City District reports that one in three tourists who come to Center City Philadelphia cite museums and cultural events as the primary reason for their visit. Top attractions in Philadelphia include Independence National Park, the Philadelphia Museum of Art, the Philadelphia Zoo and Reading Terminal Market.

Organizations like the Philadelphia Museum of Art, the Kimmel Center, FringeArts, and the more than 400 smaller cultural organizations throughout the City help improve the quality of life for residents and visitors. The Greater Philadelphia Cultural Alliance reported in 2017 that arts and culture produced \$3.4 billion in economic impact and contributed \$930 million in household income in the city of Philadelphia.

Avenue of the Arts (South Broad Street) Investments

The Avenue of the Arts is located along a mile-long section of South Broad Street between City Hall and Washington Avenue, in the heart of Philadelphia's Center City. Reinventing South Broad Street as the Avenue of the Arts, a world class cultural destination, has been a civic goal in Philadelphia for more than two decades. Cultural institutions, the William Penn Foundation, local property owners and civic leaders advanced the idea of a performing arts district on South Broad Street anchored by the Academy of Music and modeled after successful performing arts districts around the country. The Avenue of the Arts became a key element of the City's strategy to strengthen Center City as the region's premier cultural destination and an important element in the City's bid to expand its convention and tourism industries.

The Benjamin Franklin Parkway

Complementing the Avenue of the Arts theater district developments, the Benjamin Franklin Parkway is considered the spine of Philadelphia's museum district. Designed by French architect Jacques Gréber, to emulate the Champs Elysées of Paris, the Parkway opened in 1929. It runs from the area of City Hall to the Philadelphia Museum of Art and is a central public space and tourist attraction. Key Parkway features include Love Park – which has undergone major renovations and was reopened in the spring of 2018 - the Philadelphia Museum of Art, the Rodin Museum, the Franklin Institute, The Barnes Foundation, the Free Library of Philadelphia, the Academy of Natural Sciences, the Swann Memorial Fountain, Sister Cities Park, Cathedral Basilica of Saints Peter and Paul on Logan Square, and numerous pieces of public art.

Opened in May 2012, The Barnes Foundation is a welcome addition to the City's impressive roster of arts facilities, and has had a significant impact on the City's leisure and hospitality industry. In October 2015, the Barnes welcomed its one millionth visitor since opening on the Parkway. With membership over 85,000, it is ranked among the top institutions of its kind in the country.

Historic District

Key to the City's leisure and hospitality growth is the maintenance and investment in the City's extraordinary historic assets. As the birthplace of the country, Philadelphia remains a major tourist destination year-round, particularly the City's Historic District, which includes such national treasures as the Liberty Bell, Independence Hall, Carpenters' Hall, Betsy Ross' house and Elfreth's Alley, the nation's oldest residential street. The City continues to invest in the maintenance and expansion of the Historic District's tourist experience. Since 2001, \$613 million of improvements have been made in Philadelphia's historic district, with an additional \$120 million either under construction or planned over the next three

years. Coupled with proposed developments, public and private, this district is expected to remain competitive in the national and international tourism markets for years to come.

North Broad Street and the Philadelphia Convention Center

In 1993, with support from the Commonwealth, the Pennsylvania Convention Center was completed, providing a total of 624,000 square feet of saleable space across its four exhibit halls, ballroom and banquet spaces. In 2011, a \$786 million expansion, across 20 acres of central Philadelphia real estate, increased the facility to 2.3 million square feet. It is the largest single public works project in Pennsylvania history. In January 2014, SMG began managing and operating the Convention Center, instituting a number of measures intended to reduce and control show costs and improve customer service. In May 2014, SMG implemented new work rules through a customer service agreement signed by the Convention Center and four of six unions. The Convention Center continues to operate with no plans to replace the two unions that did not sign the agreement. In February 2016, the Convention Center announced that 2015 was its highest booking year ever with 856,663 bookings, a 1.2% increase from 2014, representing an estimated \$1.1 billion in future economic impact. The 2011 expansion of the Pennsylvania Convention Center reignited development efforts along this key corridor of North Broad Street. Improvements include Lenfest Plaza, which is adjacent to the Pennsylvania Academy of Fine Arts and across from the Pennsylvania Convention Center expansion entrance. In 2017, Starwoods opened an Aloft Hotel at the corner of N. Broad and Arch Streets. Realen Properties converted the historic Liberty Title Building into a 179-room hotel with retail space and a direct connection into the Convention Center. This location was critically important for the City since the Convention Center wraps around this formerly vacant building. Now completed, the Aloft creates a vibrant corner that completes the footprint of the Convention Center.

Development is moving north along Broad Street, with significant investment taking place to restore the Berry Building, the Philadelphia Metropolitan Opera House, and the Divine Lorraine Hotel.

South Philadelphia Sports Complex

Another key element of Philadelphia's hospitality industry is professional sports. Philadelphia is the only city to have a professional hockey, basketball, baseball, and football team playing in a single district within the City, the Sports Complex Special Services District, created by the City in 2000.

The South Philadelphia Sports Complex houses three professional sports facilities: The Wells Fargo Center opened in 1996 and is home to the Philadelphia Flyers (National Hockey League) and Philadelphia 76ers (National Basketball Association); Lincoln Financial Field opened in 2003 and is home to the Philadelphia Eagles (National Football League); and Citizens Bank Park opened in 2004 and is home to the Philadelphia Phillies (Major League Baseball). The Phillies and the Eagles are contractually obligated to play in Philadelphia until 2033 and 2034, respectively.

Average paid home season attendance for the Eagles in Lincoln Financial Field has exceeded 100% of actual seating, since its opening in 2003. In the 2009 through 2012 seasons, the Phillies had a paid home season attendance in excess of 100% of actual seating at Citizen's Bank Park. In 2010, the Phillies had the second highest attendance of any team in Major League Baseball ("MLB") and in both 2011 and 2012 the Phillies registered the highest home attendance of any team in the MLB. The Phillies attendance rate declined in 2013, but remained in the top ten of MLB teams. However, team performance contributed to a significant decline in overall attendance from 2014 to 2017. In August of 2018, attendance rank was 16 out of 30 teams in the MLB.

In 2012, Xfinity Live! Philadelphia, a 50,000-square foot sports entertainment and dining complex, opened within the sports complex. The privately funded, \$60 million venue includes a miniature sports field hosting free concerts and other activities, an outdoor theater accommodating sports games and family films, and a dozen dining and bar establishments. The complex, a Comcast-Spectacor and Cordish-owned company, also hosts the first ever NBC Sports Arena, featuring a 32-foot LED HD television, displaying the NBC Sports Ticker and in-game promotions. Cordish is currently in early conceptual planning stages of a phased expansion of the complex that could include retail, hotel and theater space. The entire complex is open year-round and sustains 276 full-time equivalent jobs.

In November 2014, the Pennsylvania Gaming Control Board awarded the City's remaining casino license to Live! Hotel & Casino, a joint venture between Cordish Cos. and Greenwood Gaming and Entertainment Inc. The \$425 million, 200,000-square-foot casino will include a 240-room hotel, 2,000 slots and 125 table games. It will also have a spa and conference center built in and around an existing Holiday Inn at the South Philadelphia Sports Complex. The license award has been challenged by several court appeals; in March 2016, the Pennsylvania Supreme Court ruled that the Pennsylvania Gaming Control Board must take a closer look at the company's ownership structure. Cordish was granted zoning approval in December 2015 and has begun demolition on the existing structure. The project is expected to be completed in 2021.

TRANSPORTATION

The residents of the City and surrounding counties are served by a commuter transportation system operated by SEPTA. This system includes two subway lines, a network of buses and trolleys, and a commuter rail network joining Center City and other areas of the City to PHL and to the surrounding counties. For more information on SEPTA, see “– Southeastern Pennsylvania Transportation Authority (SEPTA)” and APPENDIX A – “EXPENDITURES OF THE CITY – City Payments to SEPTA.”

A high-speed train line runs from southern New Jersey to Center City and is operated by the Port Authority Transit Corporation (“PATCO”), a subsidiary of the Delaware River Port Authority. On the average weekday, PATCO brings approximately 15,000 individuals to Philadelphia.

New Jersey Transit operates 19 different bus routes and the Atlantic City Train Line, all of which serve to connect Philadelphia and New Jersey. On the average weekday, the New Jersey Transit bus routes bring approximately 2,000 individuals to Philadelphia and the Atlantic City Line brings approximately 700 individuals to Philadelphia.

Amtrak, SEPTA, Norfolk Southern, CSX Transportation, Conrail and the Canadian Pacific provide inter-city commuter and freight rail services connecting the City to other major cities and markets in the United States. According to Amtrak, Philadelphia's 30th Street Station is the third busiest station in the United States. Structural improvements of \$30 million were recently completed to the station, and an additional \$60 million restoration project is awaiting federal approval.

The City now has one of the most accessible downtown areas in the nation with respect to highway transportation by virtue of Interstate 95 (“I-95”); Interstate 676 (the “Vine Street Expressway”), running east-to-west through the Central Business District between Interstate 76 (the “Schuylkill Expressway”) and I-95; and Interstate 476 (the “Blue Route”) in suburban Delaware and Montgomery Counties, which connects the Pennsylvania Turnpike and I-95 and connects to the Schuylkill Expressway, which runs to Center City Philadelphia. In addition, more than 100 truck lines serve the Philadelphia area.

The City is served within city limits by numerous private buses and shuttles. These buses and shuttles are operated by apartment complexes, universities, and private companies. These buses and

shuttles connect Philadelphians to transit hubs, employment, and residences. A rail line reaches PHL in less than 20 minutes from the City's central business district and connects directly with the commuter rail network and the Pennsylvania Convention Center.

Philadelphia launched the Indego bike share program, sponsored by Independence Blue Cross, in April 2015. The system launched with 600 bicycles and 70 stations throughout the City from Temple University in North Philadelphia to Tasker Street in South Philadelphia and from the Delaware River on the east to 44th Street in West Philadelphia. Indego is the first bike share system in the United States to launch with a cash payment option for members. In 2017, the City expanded Indego to 1,100 bicycles and 121 bike share stations, with stations as far north as Dauphin Street in Kensington, as far south as McKean Street in South Philadelphia, and as far west as 52nd Street. In 2017, 780,000 trips were taken.

Southeastern Pennsylvania Transportation Authority (SEPTA)

SEPTA operates facilities across the five-county Greater Philadelphia area encompassing approximately 2,200 square miles and serving approximately 4.1 million inhabitants. SEPTA operates service 24 hours a day, seven days a week, 365 days a year. SEPTA's Fiscal Year 2019 operating budget totals \$1.45 billion. This is supported by \$924.5 million in federal, state, and local subsidies, as well as \$528.4 million of operating revenue. A significant segment of the region relies on SEPTA for public transportation and annual SEPTA ridership totaled more than 302.7 million in Fiscal Year 2018.

SEPTA's operations are accounted for in three separate divisions, the percentages following each division representing its approximate share of SEPTA's expense budget: City Transit (66%); Regional Rail Division (25%); and Suburban (9%). The City Transit Division serves the City with a network of 89 subway-elevated, light rail, trackless trolley and bus routes, providing approximately 852,000 unlinked passengers trips per weekday. The Regional Rail Division serves the City and the local counties with a network of 13 commuter rail lines providing approximately 120,000 passenger trips per weekday.

Since Fiscal Year 2015, SEPTA's annual capital budget and 12-year capital program have increased significantly. The Fiscal Year 2019 Capital Budget totals \$749.6 million. Of this amount, 46.9% of the budget, or \$351.48 million, is programmed to come from State sources; 28.9%, or \$216.39 million, from Federal sources; and 1.5%, or \$11.7 million, from local government sources. Local governments include the four counties of Bucks, Chester, Delaware and Montgomery and the City of Philadelphia. These funding levels take into account the Federal transportation funding authorization, the Fixing America's Surface Transportation Act (known as the "FAST Act"), as well as State funding. Each dollar of local funding leverages \$49 in projected State and Federal funding.

SEPTA's increased capital budget will enable it to address a variety of needs. The Fiscal Year 2019 Capital Budget and twelve year capital program continue the direction set forth after passage of Act 89 to address SEPTA's multi-billion dollar backlog and to rebuild the system. SEPTA continues to rehabilitate and replace critical infrastructure and systems, such as substations, bridges and stations. The capital program includes safety and security enhancements, along with modernization of communication and signal equipment. The SEPTA Key Rollout, which replaced antiquated fare collection systems with new payment technology, has been completed on all SEPTA Transit services. The next phase will be to implement the SEPTA KEY Rollout on Regional Rail services. SEPTA will replace rail vehicles that have exceeded their useful life, while enhancing accessibility and also expanding capacity to address ridership growth. SEPTA will expand its fleet of hybrid buses and perform vehicle overhauls to optimize vehicle performance. Other expenses supported by the capital program include capital asset leases and debt service.

Recent Ridership Trends

Demand for public transportation has steadily increased over the past decade in the City. In Fiscal Year 2012, SEPTA experienced its highest ridership in 25 years, while in Fiscal Year 2016, SEPTA experienced its highest ridership ever for regional rail. Ridership was 5.6% less in Fiscal Year 2018 compared to Fiscal Year 2017. Despite this decrease, Suburban Transit ridership has increased and is at its highest level in the last 19 years.

Airport System

The Airport System serves residents and visitors from a broad geographic area that includes eleven counties within four states: Pennsylvania, New Jersey, Delaware and Maryland. The Airport System consists of the following:

Philadelphia International Airport (“PHL” or the “Airport”)

PHL is classified by the Federal Aviation Administration as a large air traffic hub (enplaning 1.0% or more of the total passengers enplaned in the U.S.). According to data reported by Airports Council International – North America, PHL was ranked the twentieth busiest airport in the United States, serving 29.6 million passengers in calendar year 2017.

Land: Approximately 2,584 acres located partly in the southwestern section of the City and partly in the northeastern section of Delaware County, about 7.2 miles from center city Philadelphia. Additionally, The Airport finalized the purchase of an adjacent 136-acre parcel to the west of the Airport in early 2018 for future expansion.

Runways: The PHL runway system consists of parallel Runways 9L-27R and 9R-27L (which was recently extended to a total length of 12,000 feet), crosswind Runway 17-35, commuter Runway 8-26, and interconnecting taxiways.

Terminal Buildings: Approximately 3.2 million square feet, consisting of seven terminal units (A-West, A-East, B, C, D, E, and F). Terminal facilities principally include: ticketing areas, passenger and baggage screening areas, passenger hold rooms and other amenities, baggage claim areas, back of house support areas, and approximately 180 food, retail and service establishments.

Other Buildings and Areas: Consisting of six active cargo facilities, a variety of support buildings, Fire Department CFR and training areas, Air Traffic Control Tower (ATCT), Fixed-Base Operator (FBO) Atlantic Aviation, Corporate Hangars, Fueling Supply Facility, two American Airlines aircraft maintenance hangars, and a first-class office complex located at the western end of the Airport.

Outside Terminal Area: Consisting of a 15-story, 419-room hotel, seven rental car facilities, a 150-vehicle cell-phone lot and two employee parking lots with a total of 4,200 spaces. This area also includes five parking garages and surface lots consisting of a total of 18,940 vehicle spaces, operated by the Philadelphia Parking Authority.

Northeast Philadelphia Airport (“PNE”)

PNE is located on approximately 1,126 acres situated within the City limits, ten miles northeast of Center City Philadelphia. PNE serves as a reliever airport for PHL and provides for general aviation, air taxi, corporate, and occasional military use. PNE currently has no scheduled commercial service. There are presently 85 T-hangars, ten corporate hangars (one corporate hangar is in construction and

expected to be completed in spring 2019), and six open hangars for general aviation activities. There are approximately 175 general aviation aircraft based at PNE.

Capital Development

The Airport has implemented a Capital Development Plan (“CDP”) for Fiscal Years 2019 to 2023 that incorporates terminal, landside, and cargo projects identified in the Master Plan in addition to near-term capital facility needs, including on-going rehabilitation and repair projects.

The CDP includes the following major improvements:

Major terminal and landside improvements (approximately \$812.6 million): Updates to Terminals B/C ticketing, security checkpoints and checked baggage system renovations; planning and design for international gate expansion; loading bridge replacement and terminal systems rehabilitation and improvements; terminal interior and exterior renovations and improvements; roof replacement program; restroom renovation program; HVAC system improvements, lighting LED replacement, Electrical Substation and Panel replacements, baggage handling system improvements; terminal concession development and redevelopment; wetlands mitigation; and other terminal improvements, including a terminal refresh.

Major airfield improvements (approximately \$700.0 million): 9R-27L Runway extension and taxiway work; construction of an air traffic control tower, which is contingent on partial federal funding; an airfield pavement management program; deicing improvements; airfield security and access control; lighting and electrical improvements; and additional airfield and apron improvement and equipment.

Major security and information technology improvements (approximately \$67.2 million): perimeter surveillance upgrades; badging system upgrades; design of automated unstaffed exit lanes; Terminal B/C boarding bridge access control extension; additional security and perimeter gate improvements; and construction of redundant IT support facilities to maintain business continuity.

Land Acquisition and Ground Transportation improvements (approximately \$400.5 million): various property acquisitions adjacent to or nearby the Airport; and design and development of a consolidated rental car facility.

Northeast Airport improvement projects (approximately \$26.0 million): runway and taxiway rehabilitation program; airfield lighting program; Runway Safety Area upgrades; airfield signage improvements; and administration building upgrades.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK.]

Capital Development Program as of November 1, 2017
City of Philadelphia, Division of Aviation
(\$000)

	Total Project Costs
AIRFIELD PROJECTS	
Stage 1 Airfield Runway 9R-27L extension and taxiway work	\$202,800
Air Traffic Control Tower	197,500
Airfield Pavement Program	65,750
Deicing Improvements	49,710
Wetlands Mitigation	30,000
Airfield Security and Access Control	28,000
Lighting & Electrical Improvements	19,000
Other Airfield Improvements and Equipment	75,300
Apron projects	31,000
	\$699,060
TERMINAL AND LANDSIDE PROJECTS	
Terminal Redevelopment and Expansion	\$420,090
Loading Bridge Replacement Program	43,000
Terminal Systems Rehabilitation and Improvements	61,250
Terminal Interior and Exterior Renovations and Improvements	46,800
Roof Replacement Program	17,500
Restroom Renovation Program	28,250
Baggage Handling System Improvements	23,000
Terminal Concession Development	13,000
Other Terminal Improvements	19,500
PHL Support Facilities	96,500
Other landside improvements	43,720
	\$812,610
SECURITY AND INFORMATION TECHNOLOGY	\$67,160
LAND ACQUISITION AND GROUND TRANSPORTATION PROJECTS	
Land Acquisition	\$88,400
Ground Transportation	312,090
	\$400,490
PNE PROJECTS	\$26,000
Total Approved Capital Development Program	\$2,005,320

Under the Airline Agreement, the airlines have approved approximately \$2.4 billion in capital development projects, of which approximately \$370.1 million have been completed. The CDP includes approximately \$2.0 billion of airline-approved projects remaining to be completed, which incorporate long-term development projects and ongoing rehabilitation and repair projects. The Airport continues to work with the airlines to evaluate operational needs at the Airport and assess the timing and scope of projects. The CDP will continue to evolve as priorities change.

Use and Lease Agreement

In June 2015, the City Council of Philadelphia approved a five-year Airport-Airline Use and Lease Agreement (the “Airline Agreement”) between PHL and the airlines. The Airline Agreement began July 1, 2015, and includes options for two one-year extensions.

PHL will continue to study, plan, and modularly execute the mission to ensure its full potential benefit to PHL and its stakeholders.

PHL Passenger and Other Traffic Activity

In Fiscal Year 2018, PHL enplaned passenger traffic increased by 3.0%; domestic enplanements increased 3.6% while international enplanements decreased 1.2%. American Airlines’ mainline traffic experienced an uptick in domestic passenger counts with several new routes being placed in service. Additionally, all four of PHL’s low cost carriers (Alaska Airlines, Frontier Airlines, JetBlue Airways, and Spirit Airlines) saw increases in domestic service with Alaska, Frontier and Spirit adding new routes over the course of Fiscal Year 2018. PHL experienced a slight loss in international enplaned passenger counts in Fiscal Year 2018 despite new service to Dublin, Ireland on Aer Lingus and increased load factors on flights to Reykyavik, Iceland (Icelandair) and Doha, Qatar (Qatar Airways).

Between Fiscal Year 2009 and Fiscal Year 2018, the total number of enplaned passengers at PHL decreased at a compound annual growth rate of (0.1)% while cargo tonnage increased at a compound growth rate of 0.2%.

	Fiscal Year 2018	Fiscal Year 2017
Domestic Enplanements	13,238,844	12,775,958
International Enplanements	2,006,609	2,030,924
Total Enplanements	15,245,453	14,806,882
Freight (US tons)	487,086	424,009
Mail (US tons)	23,344	24,659
Total (US tons)	510,430	448,668

Port of Philadelphia

The Port of Philadelphia (the “Port”) is located on the Delaware River within the City limits. Philadelphia’s Port facilities are serviced by two Class I railroads (CSX and Norfolk Southern) and provide service to major eastern Canadian points, as well as Midwestern, southern and southeastern U.S. destinations. Terminal facilities, encompassing four million square feet of warehousing, are located in close proximity to Interstate 95 and Interstate 76. Over 1,600 local general freight trucking companies operate in the MSA, according to Hoover’s Inc.

The Philadelphia Regional Port Authority (the “PRPA”) reported approximately 6,262,648 metric tons of cargo moved through the Port in 2016, the second year of more than 6 million tons of cargo in a single calendar year, representing a 2.7% increase over 2015. The Port is the top-ranked port for meat importing in the United States, and is among the nation’s leaders for fruit, cocoa, forest products and steel imports. In December 2015, the PRPA secured a new shipping service that will link directly with burgeoning port operations on the Gulf of Mexico at Veracruz and Altamira. This service will target commodities including goods such as avocados, lemons, tomatoes and commercial cargo.

As part of an ongoing project, the PRPA is working to increase the Port’s competitiveness by increasing capacity by deepening the main channel of the Delaware River from 40 to 45 feet. In November 2016, the Governor announced \$300 million in Commonwealth funding to significantly expand the Port’s facilities and double its capacity by 2020. Improvements will double container and auto capacity at the Port and increase the Port’s ability to handle wood pulp, a food grade commodity.

KEY CITY-RELATED SERVICES AND BUSINESSES

Water and Wastewater

The water and wastewater systems of the City are owned by the City and operated by the City’s Water Department (the “Water Department”). The water and wastewater systems are referred to herein individually as the “Water System” and “Wastewater System”, respectively.

The Water System’s service area includes the City of Philadelphia and has one wholesale water service contract. Based on the 2017 U.S. Census Bureau estimate, the Water System served 1,580,863 individuals.

As of June 30, 2018, the Water System served approximately 480,000 active customer accounts using approximately 3,100 miles of mains and approximately 25,000 fire hydrants.

The City obtains approximately 58% of its water from the Delaware River and the balance from the Schuylkill River. The City is authorized by the Pennsylvania Department of Environmental Protection (the “PaDEP”) to withdraw up to 423 million gallons per day (“MGD”) from the Delaware River and up to 258 MGD from the Schuylkill River. On September 27, 2016, the PaDEP issued the Water Department a new water allocation permit, which expires on September 27, 2041. Under the new permit, the amount the City is authorized to withdraw from each river has not changed.

Water treatment is provided by the Samuel S. Baxter Water Treatment Plant on the Delaware River and by the Belmont and Queen Lane Water Treatment Plants on the Schuylkill River. The combined rated treatment capacity of these plants under the Water Department’s Partnership for Safe Water procedures is 546 MGD. The combined maximum source water withdrawal capacity from the two rivers that supply these plants is 680 MGD. The excess source water capacity enables higher than normal withdrawal from either river should conditions limit withdrawals from one.

The Wastewater System’s service area includes the City of Philadelphia and ten wholesale wastewater service contracts. Based on the 2017 U.S. Census Bureau estimate, the Wastewater System served 1,580,863 individuals that live in the City and ten wholesale contracts.

As of June 30, 2018, the Wastewater System served approximately 545,000 accounts, including approximately 50,000 stormwater-only accounts and ten wholesale contracts with neighboring municipalities and authorities.

The Wastewater System consists of three water pollution control plants, the Northeast, Southwest and Southeast water pollution control plants (the “WPCPs”), 19 pumping stations, approximately 3,700 miles of sewers, and a privately managed centralized biosolids handling facility. It includes approximately 1,850 miles of combined sewers, 760 miles of sanitary sewers, 740 miles of stormwater sewers, 13 miles of force mains (sanitary and storm) and 349 miles of appurtenant piping. The three WPCPs processed a combined average of 413 MGD of wastewater in Fiscal Year 2018, have a 522 MGD combined average daily design capacity and a peak capacity of 1,059 MGD.

Solid Waste Disposal

The City is responsible for collecting solid waste, including recycling, from residential households and some commercial establishments. On average, approximately 2,300 tons of solid waste per day are collected by the City. Municipal solid waste is disposed of through a combination of recycling processing facilities, private and City transfer stations within the City limits, and at various landfills operated outside the City limits.

Parks

The City was originally designed by William Penn and Thomas Holme around five urban parks, each of which remains in Center City to this day. The City’s parklands total over 10,300 acres, and include Fairmount Park, the world’s largest landscaped urban park at 9,200 acres, Pennypack Park, and the Philadelphia Zoo, the country’s first zoo. The City also offers its residents and visitors America’s most historic square mile, which includes Independence Hall and the Liberty Bell. Under the Rebuild initiative, an estimated \$500 million will be invested in Philadelphia parks, recreation centers, playgrounds and libraries in the next several years.

Libraries

The Free Library of Philadelphia, the City’s public library system, comprises 54 branches and an extensive online resource system.

Streets and Sanitation

The Philadelphia Streets Department (the “Streets Department”) and the divisions within it are responsible for the City’s large network of streets and roadways. The City’s pavement condition is considered to be a “Fair” pavement condition. In order for the City to maintain its pavement in a state of good repair, local streets should be repaved once every 20 years and arterials should be repaved once every 10 years. This requires approximately 131 miles of paving every year. The pavement program has accumulated a backlog of approximately 1,100 miles since 1996. As a result of the new funding under Act 89, the Streets Department has funds to address long standing state of good repair needs without an additional allocation from the General Fund. During Fiscal Years 2014-2017, the Streets Department invested in critical equipment replacements and begin to implement a strategy to address recurring state of good repair needs. This includes critical equipment replacement, street paving and pothole repair, and replacement of traffic control equipment.

The Streets Department is also responsible for the ongoing collection and disposal of residential trash and recyclables, as well as the construction, cleanliness and maintenance of the street system. The streets system in Philadelphia totals 2,575 miles - 2,180 miles of City streets, 35 miles of Fairmount Park roads and 360 miles of state highways. The Highway Unit and Sanitation Division annually collects and disposes of approximately 600,000 tons of rubbish and 125,000 tons of recycling, completes over 48,000

miles of mechanical street cleaning, clears 1,800 major illegal dump sites, and removes over 155,000 abandoned tires.

Sustainability and Green Initiatives

Mayor Kenney continues the City's commitment to make Philadelphia the greenest and most sustainable city in America. To aid in achieving this goal, the Philadelphia Energy Authority has been tasked with improving energy sustainability and affordability in the City and with educating consumers on their energy choices. The City is investing in and evaluating additional options and investing in green infrastructure to better manage storm water reclamation and reduce pollution of the City's public waters. There has been extensive investment in creating more and better public green spaces, such as Love Park in Center City, as well as green spaces along both the Delaware and Schuylkill Rivers. Finally, the City has been taking steps to further reduce automobile traffic, congestion and pollution by making Philadelphia's streets increasingly friendly to bicyclists. The City introduced its new bicycle sharing system, Indego, in 2015, as further described in "TRANSPORTATION." Bicycle share programs have been successfully implemented in other cities worldwide.

City of Philadelphia

OFFICE OF THE DIRECTOR OF FINANCE

1401 John F. Kennedy Blvd.
Suite 1330, Municipal Services Bldg.
Philadelphia, Pennsylvania 19102-1693

ROB DUBOW

Director of Finance

February 24, 2019

To the Honorable Mayor, Members of City Council, and the People of the City of Philadelphia:

We are pleased to present the City of Philadelphia's Comprehensive Annual Financial Report for the fiscal year ended June 30, 2018. This report must be published by February 25th of every year to fulfill the continuing disclosure requirements related to the City's outstanding bonds and as outlined in SEC Rule 15c2-12.

The City's management assumes full responsibility for the completeness and accuracy of the information contained in this report, based upon a comprehensive framework of internal controls that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free from material misstatements.

The City Controller has issued an unmodified ("clean") opinion on the City's financial statements for the year ended June 30, 2018. The City Controller is an independently elected public official and is required by City Home Rule Charter (City Charter) section 6-401 to appoint a certified public accountant as the deputy in charge of auditing and complete an annual audit of all City accounts. The independent auditor's report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE GOVERNMENT

The City of Philadelphia was founded in 1682, incorporated in 1789, and was merged with the County of Philadelphia in 1854. The City currently occupies an area of 135 square miles along the Delaware River, serves a population in excess of 1.5 million and is the hub of a five county metropolitan area including Bucks, Chester, Delaware and Montgomery Counties in southeast Pennsylvania.

The City is governed largely under the City Charter, which was adopted by the Electors of the City of Philadelphia on April 17, 1951, and became effective on the first Monday of January, 1952. However, in some matters, including the issuance of short-term and long-term debt, the City is governed by the laws of the Commonwealth of Pennsylvania.

Under the City Charter, there are two principal governmental entities in the City: (i) the City, which performs municipal and county functions; and (ii) the School District, which has boundaries coterminous with the City and responsibility for all public primary and secondary education. Under Article XII of the City Charter, the School District of Philadelphia operates as a separate and independent home rule school district. On December 21, 2001, the Pennsylvania Secretary of Education declared that the School District of Philadelphia was a "distressed" school district within the meaning of Section 691(c) of the Pennsylvania Public School Code, initiating the implementation of the School Reform Commission and effectively ending local control for Philadelphians. The School Reform Commission assumed governance of the School District for the period of

distress. On November 16, 2017, the School Reform Commission adopted a resolution stating that it was no longer distressed and recommending that the Secretary rescind the declaration of distress and return the District to local control effective June 30, 2018. The Secretary was required to make a dissolution determination at least 180 days prior to the end of the current school year, i.e. by December 31, 2017, which he did on December 27, 2017, for the School Reform Commission to dissolve on June 30, 2018. On April 4, 2018, the Mayor appointed nine members to serve on the Board of Education and they assumed their duties on July 1, 2018. As of that date, the Board of Education governs the School District.

The court system in the City, consisting of Common Pleas and Municipal Courts, is part of the Commonwealth judicial system. Although the judges are paid by the Commonwealth, most other court costs are paid by the City, with partial reimbursement from the Commonwealth.

The Charter provides for a strong mayoral form of government with the Mayor and the seventeen members of the City Council, ten from districts and seven from the City at-large, elected every four years. Minority representation is assured by the requirement that no more than five candidates may be elected for Council-at-large by any one party or political body. The Mayor is prohibited from serving more than two consecutive terms. The District Attorney and the City Controller are elected at the mid-point of the terms of the Mayor and City Council.

Reflected in this report is the extensive range of services provided by the City of Philadelphia. These services include police and fire protection, emergency medical services, sanitation services, streets maintenance, recreational activities and cultural events, and traditional county functions such as health and human services and prisons. The City operates water and wastewater systems that service the citizens of Philadelphia and the City operates two airports, Philadelphia International Airport which handles approximately 30.6 million passengers annually as well as cargo and Northeast Philadelphia Airport which handles private aircraft and some cargo.

This report includes the financial statements of the primary government, as well as its component units. Component units are legally separate organizations in which the primary government is financially accountable for that legally separate organization. In addition, when a component unit functions as an integral part of the primary government, its financial data is blended with the primary government, and treated just as though it were funds of the primary government. Otherwise, the component unit is presented discretely (separately) from the primary government.

Blended component units included in this report are:

- Philadelphia Municipal Authority
- Pennsylvania Intergovernmental Cooperation Authority

Discretely presented component units included in this report are:

- Philadelphia Gas Works
- Philadelphia Redevelopment Authority
- Philadelphia Parking Authority
- School District of Philadelphia
- Community College of Philadelphia
- Community Behavioral Health, Inc.
- Philadelphia Housing Authority
- Philadelphia Authority for Industrial Development

The relationship between the City and its component units is explained further in the *Notes to the Financial Statements*.

The City maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget proposed by the Mayor and approved by City Council for the fiscal year beginning July 1st. Activities of the General Fund, City Related Special Revenue Funds and the City Capital Improvement Funds are budgeted annually. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by major class within an individual department and fund for the operating funds and by project within department and fund for the Capital Improvement Funds. The City also

maintains an encumbrance accounting system for control purposes. Encumbered amounts that have not been expended at year-end are carried forward into the succeeding year but appropriations that have not been expended or encumbered at year-end are lapsed.

FACTORS AFFECTING ECONOMIC CONDITION

The information presented in this report is best understood in the context of the environment in which the City of Philadelphia operates. A more comprehensive analysis of these factors is available in the City’s Five-Year Financial Plan which is presented by the Mayor each year pursuant to the Pennsylvania Intergovernmental Cooperation Authority Act and can be obtained online at www.phila.gov/finance.

Local Economy

The City benefits from its strategic geographical location, relative affordability, cultural and recreational amenities, and its growing strength in key industries. As a hub for education and medicine, the City is home to a number of institutions of higher education, medical and research facilities, and hospitals. The City also has a strong business and personal services economy with strengths in insurance, law, finance, and leisure and hospitality. Tourism is driven by the City’s attractive historic district and array of cultural assets, including museums, theatres and entertainment venues, vast park system, and dynamic restaurant scene. The cost of living in the City is relatively moderate compared to other major metropolitan areas. In addition, the City offers the business community a large and diverse labor pool.

After decades of population loss, the City has experienced ten years of consistent population growth and new investment in its neighborhoods, spurred in part by the relative affordability of housing options and the City’s array of cultural amenities. Over the past decade, both personal income and per capita income have increased by 62.3% and 58.2%, respectively. The annual average unemployment rate has returned to pre-recession levels.

Despite this progress, significant challenges still remain. At 25.7%, the City’s poverty rate is the highest of the 10 largest cities in the country, and personal income levels also remain relatively low in comparison to the region. These factors create an ongoing challenge to fund public services from a weaker tax base. While the City has benefited from recent population growth, the number of parent-aged adults (age 35-54) and school age children (age 5-19 years) has declined over the past five years, which is a trend that has negative implications for the tax base.

Calendar Year	Population	Personal Income (in thousands)	Per Capita Personal Income	Unemployment Rate
2017	1,580,863	88,081,991	55,718	6.2%
2016	1,567,872	80,973,410	51,645	6.8%
2015	1,567,442	77,903,831	49,701	6.9%
2014	1,560,297	66,495,223	42,617	8.0%
2013	1,553,165	65,473,002	42,155	10.0%
2012	1,547,607	64,151,742	41,452	10.5%
2011	1,538,567	62,632,520	40,708	10.8%
2010	1,526,006	56,970,074	37,333	10.8%
2009	1,547,297	54,061,223	34,939	9.6%
2008	1,540,351	54,262,716	35,228	7.1%

The City now has “A” category ratings for its General Obligation debt from all three major rating agencies: A2 (Moody’s), A (Standard & Poor’s), and A- (Fitch). December 2013 was the first time that the City has been rated in the “A” category by all three rating agencies. On March 23, 2018, S&P lowered its rating on Philadelphia’s General Obligation Bonds to A from A+. The outlook is stable. S&P states that “the lowered rating reflects our view of the City’s likely longer-term credit trajectory as it continues to address the cost associated with managing its pension pressures and School District of Philadelphia costs.” In addition, on November 9, 2018 Moody’s revised its outlook on the City’s general obligation and tax supported debt to stable from negative. Moody’s states, “the 2018 financials reflect a continued trend of actual results that well exceed budget projections, operating performance that reflects a diverse, vibrant tax base.”

The following table shows the City’s 10-year history as of June 30th.

City of Philadelphia’s General Obligation Bond Ratings

Fiscal Year End	Moody’s	Standard & Poor’s	Fitch
2018	A2	A	A-
2017	A2	A+	A-
2016	A2	A+	A-
2015	A2	A+	A-
2014	A2	A+	A-
2013	A2	A-	A-
2012	A2	BBB+	A-
2011	A2	BBB	A-
2010	A1	BBB	A-
2009	Baa1	BBB	BBB+

The consistent efforts of Philadelphia’s economic development agencies and others have spurred significant economic changes throughout the City. Development in the Navy Yard has, over time, transitioned a former naval property and active military base to a growing hub for business. The City’s hotel room inventory has increased to help meet demand, and investments in commercial corridors across the City have helped existing businesses renovate, encouraged new businesses to move in, and reduced vacancy rates in those neighborhood commercial areas.

As of October 2018, Philadelphia had 30 major projects recently completed or under construction concurrently, representing over \$6.9 billion in combined public and private investment. In summer 2014, Comcast Corporation broke ground on a 59-story, \$1.2 billion office tower adjacent to its headquarters building in Center City. The Comcast Tower topped out on November 27, 2017; and the first personnel began moving into the building in late July 2018. Residential and mixed-use developments represent \$2.5 billion in investment across 17 projects across various neighborhoods throughout the City. Commercial developments represent over \$1.9 billion invested across 7 projects, the majority of which are concentrated in Center City and the Navy Yard. Projects from higher education and health care institutions in the University City district represent over \$2.0 billion in investment.

Long-Term Financial Planning

Despite these recent economic improvements, the City must budget carefully for the years ahead. Careful planning is needed to ensure the City’s continued fiscal health and prepare for potential challenges, such as another economic downturn.

One of the most important measures of the City’s financial health is its fund balance. Having a healthy fund balance gives the City financial flexibility, makes it better able to meet its cash flow needs, mitigate current and future financial risks and ensure predictability of future services. The City’s fund balance has historically been

well below levels recommended by government experts and the City's target of 6% to 8% of General Fund revenues.

In fiscal year 2018, the General Fund ended with a fund balance of \$368.8 million, a \$179.5 million increase from fiscal 2017. At 8.1% of revenues, the fund balance slightly exceeded the City's target and was the highest fund balances in the City's history, reflecting a growing economy and careful financial management. However, the General Fund is projected to end fiscal 2019 with a fund balance of \$222.7 million, which is only 4.6% of the City's projected obligations. This is below the low end of the City's target of 6% to 8%.

The table below illustrates the City's General Fund year-end balance for the past 5 years, and also the projected Fiscal Year 2019 year-end balance as noted in the City's Quarterly City Managers Report (period ending December 31, 2018).

General Fund
Year End Fund Balance (Legal Basis)

Fiscal Year End	Fund Balance	Projected/ Actual
2019	222,650	Projected
2018	368,783	Actual
2017	189,243	Actual
2016	148,315	Actual
2015	151,531	Actual
2014	202,135	Actual

Relevant Financial Policies

PICA Act and Requirements: PICA was created in 1991 by the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the PICA Act) to provide financial assistance for the City of Philadelphia. Under this act and for as long as any PICA bonds are outstanding, the City is required to submit to PICA: (i) a five-year financial plan on an annual basis; and (ii) quarterly financial reports. The five-year financial plan includes projected revenues and expenditures of the principal operating funds of the City, beginning with the current fiscal year. Each five-year plan, which must be approved by PICA, is required to, among other things, eliminate any projected deficits, balance the fiscal year budgets and provide procedures to avoid fiscal emergencies. The quarterly reports must be submitted to PICA so that PICA may determine whether the City is in compliance with the then-current five-year plan.

Fund Balance Target: Recognizing the importance of maintaining adequate fund balances, the City developed a target of approximately 6% to 8% of expenditures for a target fund balance.

Continued Wage and Business Tax Reductions: The City's largest portion of tax revenue comes from the City's Wage and Earnings Tax. This tax is collected from all employees that work within the City limits but live elsewhere, as well as all residents regardless of work location. The Business Income and Receipts Tax (BIRT) is the third largest source of General Fund revenue and is based on both gross receipts (sales) and net income (profits). The Administration is committed to ensuring job and business growth in the City and to continuing gradual reductions in the City's wage and business tax rates to make Philadelphia more competitive. The FY2019-2023 Five Year Plan includes a continuation of wage and net income cuts resumed in fiscal year 2014 after being suspended during the Great Recession.

Conducting Regular and Comprehensive Reassessments: The Real Property Tax is levied on the taxable assessed value of all property in the City and is the second largest source of tax revenue in the City. Philadelphia is unlike other cities and counties that rely more heavily on the property tax portion of their budget. Philadelphia's property tax is split between the City and the School District of Philadelphia. In fiscal year 2014, the City completed the Actual Value Initiative (AVI), which involved a comprehensive reassessment of all properties in the City – 579,000 parcels – to correct outdated and partial assessments. The intent of AVI is to ensure that properties are examined annually to ensure that values reflect the market.

For tax year 2020, the OPA will reassess and revalue all properties using the ratio trend valuation method (or “trending”) while it also implements recommendations from an expert consultant on ways to further improve the quality of assessments.

Improving the Health of the Pension Fund: The City will not attain fiscal stability until it has solidified the financial condition of the pension fund. To address this challenge, the Kenney Administration, working with municipal employees, the Pension Board, and City Council, launched a three-pronged approach to improve the health of the Pension Fund from 44.8% to 80% in about 13 years.

The first part of the Mayor’s pension reform program is a commitment to increasing the City’s annual contribution to the Pension Fund. The General Fund contribution makes up the vast majority of the City’s annual contribution to the pension fund, totaling more than \$742 million in FY18 (the all funds total is \$782 million). In 2014, with strong local legislative support, the State Legislature required that the City dedicate a portion of local sales tax revenue to the Fund. Although the additional sales tax revenues could be counted toward satisfying minimum municipal obligation (MMO), the amount required under state law, the City will meet its MMO independent of these revenues, so that sales tax dollars directed to the Fund will be over and above the MMO. Over the FY19-FY23 Five Year Plan, the sales tax revenues are projected to be worth about \$300 million.

Second, as mentioned above, the City achieved pension reform with all City employees. Through a combination of collective bargaining, interest arbitration, and legislation, all City employees are contributing to pension reform. Current police and fire fighters are making additional contributions to the pension fund at varying increased rates based on date of hire. District Council 33 and 47 employees as well as employees not represented by a union are also making additional contributions based on a progressive tier structure where those with higher annual salaries pay a higher percentage rate. Newly hired members of these groups are mandatory members of a stacked hybrid plan where the defined benefit portion is capped at \$65,000. Like the sales tax, these additional contributions are contributed above the City’s required contribution to help improve the funding status of the plan more quickly. These additional assets, combined with the reduction in liabilities from the stacked hybrid plan, help improve the health of the pension fund over time.

Third, the Board of Pensions has made significant changes to its investment strategy to reduce costs while improving earnings. The Board is making greater use of indexing, which lowered management fees by almost \$15 million a year, and has almost entirely divested from hedge funds, as the returns did not justify the fees. In addition, the Pension Board has gradually lowered the assumed rate of return to 7.65% from 8.75% since 2008. Partially as a result of this change in assumed rate of return, the minimum municipal obligation (MMO), the actuarial amount required to be paid to the pension fund under state law, has increased in recent years. Reductions in earnings assumptions allow pension funds to moderate the risk of the investments, which can also reduce the likelihood of losses.

Managing Health Benefit Costs: Health benefit program costs are one the largest and fastest growing items in the City’s budget. In order to address the challenges these costs present, the City has made cost-saving changes in the City-administered health benefit programs for exempt and non-represented employees, and sought changes to its labor contracts in the area of health benefits. These changes include moving to self-insurance, increasing co-pays, and implementing wellness and disease management programs.

Major Initiatives

Philadelphia Beverage Tax and Funded Programs: In June 2016, City Council passed and the Mayor signed the Philadelphia Beverage Tax (PBT). The Beverage Tax taxes the distribution of sweetened drinks at 1.5 cents per ounce and became effective January 1, 2017. The Beverage Tax provides funding for pre-kindergarten, community schools, recreation centers and libraries. In FY2017, the City collected approximately \$39.5 million in revenues from the Beverage Tax during the six-month period for which the tax was effective.

In September 2016, a lawsuit challenging the Philadelphia Beverage Tax was filed by the American Beverage Association and other co-plaintiffs in the Philadelphia Court of Common Pleas – Trial Division – Civil. The Court of Common Pleas dismissed the complaint in its entirety and that dismissal was upheld by the Commonwealth Court of Pennsylvania, which is one of the Commonwealth’s intermediate appellate courts, and the Pennsylvania Supreme Court. The FY2019 Adopted Budget and FY2019-2023 Five Year Plan project that the PBT will generate \$78.0 million in FY2019.

For the FY2019-2023 Five Year Plan, the City’s contribution to the District includes a significantly larger funding package of \$637.4 million over five years, providing the District with increased financial stability and helping to ensure that the District continues to build on progress achieved during recent years. The return of the School District of Philadelphia to local control allows the city and district to deepen shared partnerships and to maximize local resources. These include the work of the Community Schools initiatives, improving behavioral health supports for our students, expanding outdoor play spaces, among others.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association of the United States and Canada (GFOA) awarded its prestigious Certificate of Achievement for Excellence in Financial Reporting to the City for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2017. This was the thirty eighth consecutive year that the City of Philadelphia has received this prestigious award. The City received this recognition by publishing a report that was well organized and readable and satisfied both generally accepted accounting principles and applicable legal requirements.

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the Office of the Director of Finance as well as various City departments and component units. Each has my sincere appreciation for their valuable contributions.

Sincerely,

ROB DUBOW

INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Honorable Members
of the Council of the City of Philadelphia

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Philadelphia, Pennsylvania, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the City of Philadelphia, Pennsylvania's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. With the exception of the School District of Philadelphia, we did not audit the financial statements of the blended component units and the discretely presented component units listed in Note I.1, as well as the Municipal Pension Fund, the Gas Works Retirement Reserve Fund, and the Parks and Recreation Departmental and Permanent Funds, which represent the indicated percent of total assets, net position/fund balances, and revenues as presented in the table below. Those statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for those component units and funds, are based solely on the reports of the other auditors.

Percent Audited by Other Auditors

C I T Y O F P H I L A D E L P H I A
OFFICE OF THE CONTROLLER

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Philadelphia, Pennsylvania, as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Change in Accounting Principle

As discussed in Notes I.14. and III.14.A. to the financial statements, in 2018 the City adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which represents a change in accounting principle. As of July 1, 2017, the City's net position was restated to reflect the impact of adoption. A summary of the restatement is presented in Note III.14.A. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 17 through 32, and the required supplementary information other than management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Supplementary Information

Our audit for the year ended June 30, 2018 was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Philadelphia, Pennsylvania's basic financial statements. The accompanying Other Supplementary Information for the year ended June 30, 2018, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The Other Supplementary Information

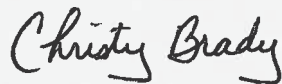

CITY OF PHILADELPHIA
OFFICE OF THE CONTROLLER

has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended June 30, 2018, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of other auditors, the Other Supplementary Information as listed in the table of contents is fairly stated, in all material respects, in relation to the basic financial statements as a whole for the year ended June 30, 2018.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the City of Philadelphia, Pennsylvania as of and for the year ended June 30, 2017 (not presented herein), and have issued our report thereon dated February 23, 2018, which contained unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information. The 2017 amounts included in the individual fund schedules of Budgetary Actual and Estimated Revenues and Obligations for the year ended June 30, 2017 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2017 financial statements. The 2017 amounts included in the individual fund schedules of Budgetary Actual and Estimated Revenues and Obligations have been subjected to the auditing procedures applied in the audit of the 2017 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2017 amounts included in the individual fund schedules of Budgetary Actual and Estimated Revenues and Obligations are fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2017.

Other Information

The other information, which includes the Introductory Section and Statistical Section as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Management's Discussion & Analysis

The City's management prepared this narrative overview and analysis of the financial statements of the City of Philadelphia, Pennsylvania for the fiscal year ended June 30, 2018. The information presented here should be read in conjunction with additional information contained in our letter of transmittal, which can be found beginning on page 1, and the City's financial statements immediately following this discussion and analysis.

Financial Highlights

- At the end of the current fiscal year, the liabilities and deferred inflows of the City of Philadelphia exceeded its assets and deferred outflows by \$5,529.9 million. Its *unrestricted net position* showed a deficit of \$9,132.9 million. The major underlying causes of this deficit are the net pension liability (\$6,027.1M), the net OPEB liability (1,862.6M), and the outstanding pension obligation bonds (\$1,152.1M). This deficiency will have to be funded from resources generated in future years.
- The City's total June 30, 2018 year-end net position decreased by \$1,094.1 million from the prior year June 30, 2017 net position. The major cause of this decrease with the implementation of GASB Statement 75, Accounting and Financial Reporting for Post-Employment Benefits other than Pension; which resulted in a prior period adjustment of \$1,499.7 million. The governmental activities of the City experienced a decrease of \$1,064.6 million, while the business type activities had a decrease of \$29.5 million.
- For the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$812.6 million, an increase of \$376.6 million from last year. The *unassigned fund balance* of the governmental funds ended the fiscal year with a deficit of \$102.2 million, a reduction in the deficit of \$176.8 million from last year.
- At the end of the current fiscal year, unrestricted fund balance (the total of the *committed, assigned and unassigned* components of the fund balance) for the general fund was \$322.0 million, of which, \$195.0 was *unassigned* which represents the residual amounts that have not been assigned to other funds. The *unassigned fund balance* increased \$171.3 in comparison with the prior year.
- On the legally enacted budgetary basis, the City's general fund ended the fiscal year with a surplus fund balance of \$368.8 million, as compared to a \$189.2 million surplus last year. The increase of \$179.6 million was due to an increase in revenues that resulted in an operating surplus of \$153.2 million and cancelations of prior year obligations.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction and overview of the City of Philadelphia's basic financial statements. The City's basic financial statements are comprised of:

- Government-wide financial statements which provide both long-term and short-term information about the City's overall financial condition.
- Fund financial statements which provide a more detailed look at major individual portions, or funds, of the City.
- Notes to the financial statements which explain some of the information contained in the financial statements and provide more detailed data.

Government-wide financial statements. The government-wide financial statements report information about the City as a whole using accounting methods similar to those used by a private-sector business. The two statements presented are:

The statement of net position which includes all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, increases or decreases in net position are an indicator of the City's financial position.

The statement of activities presents revenues and expenses and their effect on the change in the City's net position during the current fiscal year. These changes in net position are recorded as soon as the underlying event giving rise to the change occurs, regardless of when cash is received or paid.

The government-wide financial statements of the City are reflected in three distinct categories:

1. **Governmental activities** are primarily supported by taxes and state and federal grants. The governmental activities include general government; economic and neighborhood development; public health, welfare and safety; cultural and recreational; streets, highways and sanitation; and the financing activities of the City's two blended component units - the Pennsylvania Intergovernmental Cooperation Authority and Philadelphia Municipal Authority.
2. **Business-type activities** are supported by user fees and charges which are intended to recover all or a significant portion of their costs. The City's water and waste water systems, airport and industrial land bank are all included as business type activities.

These two activities comprise the primary government of Philadelphia.

3. **Component units** are legally separate entities for which the City of Philadelphia is financially accountable or has oversight responsibility. Financial information for these component units is reported separately from the financial information presented for the primary government. The City's government-wide financial statements contain eight distinct component units; the Philadelphia School District, Community College of Philadelphia, Community Behavioral Health, Gas Works, Parking Authority, Philadelphia Housing Authority, Philadelphia Authority for Industrial Development and the Redevelopment Authority.

Fund financial statements. The fund financial statements provide detailed information about the City's most significant funds, not the City as a whole. Funds are groupings of activities that enable the City to maintain control over resources that have been segregated for particular purposes or objectives. All of the funds of the City of Philadelphia can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

1. **Governmental funds.** The governmental funds are used to account for the financial activity of the City's basic services, similar to those described for the governmental activities in the government-wide financial statements. However, unlike the government-wide statements which provide a long-term focus of the City, the fund financial statements focus on a short term view of the inflows and outflows of expendable resources, as well as on the balances of expendable resources available at the end of the fiscal year. The financial information presented for the governmental funds are useful in evaluating the City's short term financing requirements.

To help the readers of the financial statements better understand the relationships and differences between the long term view of the government-wide financial statements from the short term view of the fund financial statements, reconciliations are presented between the fund financial statements and the government-wide statements.

The City maintains twenty-two individual governmental funds. Financial information is presented separately for the general fund, grants revenue fund and health choices behavioral health fund, which are considered to be major funds. Data for the remaining nineteen are combined into a single aggregated presentation. Individual fund data for each of these non-major governmental funds is presented in the form of combining statements in the supplementary information section of this financial report.

2. **Proprietary funds.** The proprietary funds are used to account for the financial activity of the City's operations for which customers are charged a user fee; they provide both a long and short term view of financial information. The City maintains three enterprise funds which are a type of proprietary funds - the airport, water and waste water operations, and industrial land bank. These enterprise funds are the same as the business-type activities in the government-wide financial statements, but they provide more detail and additional information, such as cash flows.
3. **Fiduciary funds.** The City of Philadelphia is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for the Gas Works' employees' retirement reserve assets. Both of these fiduciary activities are reported in separate statements of fiduciary net assets and changes in fiduciary net assets. They are not reflected in the government-wide financial statements because the assets are not available to support the City's operations.

The following chart summarizes the various components of the City's government-wide and fund financial statements, including the portion of the City government they cover, and the type of information they contain.

Summary of the City of Philadelphia's Government-wide and Fund Financial Statements

	Fund Statements			
	Government-wide Statements	Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire city government (except fiduciary funds) and city's component units	Activities of the city that are not proprietary or fiduciary in nature, such as fire, police, refuse collection	Activities the city operates similar to private businesses. Airports, water/waste water system & the land bank.	Activities for which the city is trustee for someone else's assets, such as the employees' pension plan
Required Financial Statements	Statement of Net Position Statement of Activities	Balance Sheet Statement of Revenues, Expenditures and Changes in Fund Balances	Statement of Net Position Statement of Revenues, Expenses and Changes in Net Position Statement of Cash Flows	Statement of Fiduciary Net Position Statement of Changes in Fiduciary Net Position
Accounting basis/ measurement focus	Accrual accounting Economic resources	Modified accrual accounting Current financial resources	Accrual accounting Economic resources	Accrual accounting Economic resources
Type of asset, liability and deferred inflow/outflow of resources	All assets, liabilities, deferred inflow/outflow of resources, financial and capital, short and long term	Only assets expected to be used up and liabilities and deferred inflows of resources that come due during the current year or soon thereafter; no capital assets are included	All assets, liabilities, deferred inflow/outflow of resources, financial and capital, short and long term	All assets and liabilities, both short and long term; there are currently no capital assets, although there could be in the future
Type of inflow and outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	Only revenues for which cash is received during the year or soon after the end of the year; only expenditures when goods or services are received and payment is due during the year or soon thereafter.	All revenues and expenses during the year, regardless of when cash is received or paid	All revenues and expenses during the year, regardless of when cash is received or paid

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data presented in the government-wide and fund financial statements. The notes can be found immediately following the basic financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents additional information in three separate sections: *required supplementary information*, *supplementary information* and *statistical information*.

- **Required supplementary information.** Certain information regarding pension plan funding progress for the City and its component units, as well as budgeted and actual revenues, expenditures and encumbrances for the City's major governmental funds is presented in this section. This required supplementary information can be found immediately following the notes to the financial statements.
- **Supplementary information.** Combining statements for non-major governmental and fiduciary funds, as well as additional budgetary schedules for the City's governmental and proprietary funds are presented in this section. This supplementary information can be found immediately following the required supplementary information.
- **Statistical information.** Long term trend tables of financial, economic, demographic and operating data are presented in the statistical section. This information is located immediately after the supplementary information.

Government-wide Financial Analysis

Net position. As noted earlier, net positions are useful indicators of a government's financial position. At the close of the current fiscal year, the City of Philadelphia's liabilities & deferred inflows exceeded its assets & deferred outflows by \$5,529.9 million.

Capital assets (land, buildings, roads, bridges and equipment), less any outstanding debt issued to acquire these assets, comprise a large portion of the City of Philadelphia's net position, \$2,047.2 million. Although these capital assets assist the City in providing services to its citizens, they are generally not available to fund operations of future periods.

A portion of the City's net position, \$1,555.8 million, is subject to external restrictions as to how they may be used. The remaining component of net position is unrestricted. Unrestricted net position ended the fiscal year with a deficit of \$9,132.9 million. The governmental activities reported negative *unrestricted net position* of \$8,709.9 million. The business type activities reported an unrestricted net position deficit of \$423.0 million. Any deficits will have to be funded from future revenues.

Following is a comparative summary of the City's assets, liabilities and net position:

City of Philadelphia's Net Position (millions of USD)									
	Governmental Activities			Business-type Activities			Total Primary Government		
	2018	2017	% Change	2018	2017	% Change	2018	2017	% Change
Current and other assets	2,816.8	2,263.5	24.44%	2,033.8	1,846.1	10.18%	4,850.6	4,109.6	18.04%
Capital assets	2,607.5	2,377.0	9.70%	4,598.9	4,348.7	5.75%	7,206.4	6,725.7	7.14%
Total assets	5,424.3	4,640.5	16.89%	6,632.7	6,194.8	7.07%	12,056.9	10,835.4	11.27%
Deferred Outflows	533.0	619.9	-14.02%	107.7	125.7	-14.32%	640.7	745.5	-14.06%

Other liabilities	8,449.8	7,074.5	19.44%	1,218.3	1,123.2	8.47%	9,668.1	8,197.7	17.94%
Total liabilities	13,126.7	11,436.1	14.78%	4,986.6	4,547.4	9.66%	18,113.3	15,983.5	13.32%
Deferred Inflows	102.1	31.2	227.24%	12.1	2.0	505.00%	114.2	33.2	243.98%
Net Position:									
Net Investment in									
capital assets	645.2	1,006.6	-35.90%	1,402.0	1,330.5	5.37%	2,047.2	2,337.2	-12.41%
Restricted	793.2	553.8	43.23%	762.6	692.5	10.12%	1,555.8	1,246.3	24.83%
Unrestricted	(8,709.9)	(7,767.3)	-12.14%	(423.0)	(251.9)	-67.92%	(9,132.9)	(8,019.2)	-13.89%
Total Net Position	(7,271.5)	(6,206.9)	-17.15%	1,741.6	1,771.1	-1.67%	(5,529.9)	(4,435.8)	-24.67%

Changes in net position. The City's total revenues this year, \$8,295.9 million, exceeded of total costs of \$7,905.6 million by \$390.3 million. Approximately 49% of all revenue came from wage and earnings taxes, property taxes, business and miscellaneous taxes. State, Federal and local grants account for another 30%, and the remaining 21% of the revenue coming from user charges, fines, fees and various other sources. The City's expenses cover a wide range of services, of which approximately 67% are related to the health, welfare and safety of the general public (See Exhibit II for further breakdown).

Total revenues increased by \$475.8 million, total expenses increased by \$328.4 million over last year. This resulted in the Change in Net Position, before prior period adjustments, being \$147.4 million more than in the previous year. Net positions increased or decreased in the following activities, as noted below:

Increases (Decreases) in Revenues		Increases (Decreases) in Expenses	
Charges for Services	\$23.9	Economic Development	\$2.3
Operating Grants & Contributions	62.7	Transportation	27.4
Capital Grants & Contributions	23.5	Judicial & Law Enforcement	77.1
Wage & Earnings Taxes	107.1	Conservation of Health	40.7
Property Taxes	70.3	Housing & Neighborhoods	13.2
Other Taxes	145.9	Cultural & Recreational	8.8
Unrestricted Grants	7.9	General Welfare	7.6
Unrestricted Interest	34.5	Services to Taxpayer Property	36.1
Total Revenues	\$475.8	General Management	35.8
		Interest on Long Term Debt	4.6
		Water and Waste Water	29.4
		Airport	23.0
		Industrial Land Bank	(16.0)
		Special Item - Impairment Loss	38.4
		Total Expenses	\$328.4

Governmental Activities

The governmental activities of the City resulted in a \$243.9 million increase in net position before prior period adjustments. The following chart reflects program expenses and program revenue. The difference (net cost) must be funded by Taxes, Grants & Contributions and Other revenues.

The following table summarizes the City's most significant governmental programs. Costs, program revenues and net cost are shown in the table. The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

(millions of USD)	Program Costs			Program Revenues			Net Cost		
	2018	2017	% Change	2018	2017	% Change	2018	2017	% Change
	General Welfare	\$ 921.0	\$ 913.4	0.8%	\$ 663.2	\$ 639.0	3.8%	\$ 257.8	\$ 274.4
Judiciary & Law Enforcement	2,013.2	1,936.2	4.0%	117.8	114.1	3.2%	1,895.4	1,822.1	4.0%
Public Health	1,731.5	1,690.8	2.4%	1,505.7	1,497.0	0.6%	225.8	193.8	16.5%
General Governmental	884.8	844.4	4.8%	228.1	195.1	16.9%	656.7	649.3	1.1%
Services to Property	570.6	534.5	6.8%	22.5	17.7	27.1%	548.1	516.8	6.1%
Housing, Economic & Cultural	671.6	619.8	8.4%	182.4	196.0	-6.9%	489.2	423.8	15.4%
	\$ 6,792.7	\$ 6,539.1	3.9%	\$ 2,719.7	\$ 2,658.9	2.3%	\$ 4,073.0	\$ 3,880.2	5.0%

The cost of all governmental activities this year was \$6,792.7 million; the amount that taxpayers paid for these programs through tax payments was \$4,080.6 million. The federal and state governments and other charitable organizations subsidized certain programs with grants and contributions in the amount of \$2,290.2 million while those who benefited from the programs paid \$429.7 million through fees and charges. Unrestricted grants and contributions and other general types of revenues accounted for the balance of revenues in the amount of \$236.1 million. The difference of \$243.9 million represents an increase in net position.

The following table shows a more detailed breakdown of program costs and related revenues for both the governmental and business-type activities of the City:

City of Philadelphia-Net Position							
<i>(millions of USD)</i>	Governmental Activities		Business-type Activities		Total

(1) See CAFR Footnote #13 for detailed information on the City's Prior Period Adjustments

Business-type Activities

Business-type activities resulted in a \$146.5 million increase in net position before prior period adjustments. This increase was comprised of an increase in net position for water/wastewater of \$84.5 million, an increase to aviation of \$62.2 million, and a decrease for industrial & commercial development operations of \$0.2 million.

Financial Analysis of the Government's Funds

Governmental funds. The purpose of the City's governmental funds is to provide financial information on the *short term inflow, outflow and balance* of resources. This information is useful in assessing the City's ability to meet its near-term financing requirements. *Unassigned fund balance* serves as a useful measure of the City's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year the City's governmental funds reported a *combined fund balance* of \$812.6 million, an increase of \$376.6 million over last year. Of the total fund balance, \$3.5 million represents *non-spendable fund balance*.

In addition, \$779.7 million represents *restricted fund balance* due to externally imposed constraints by outside parties, or law, for the following proposes:

Neighborhood Revitalization	\$ 0.2
Economic Development	13.9
Public Safety Emergency Phone System	31.2
Streets & Highways	57.1
Housing and Neighborhood Development	33.3
Health Services	17.4
Behavioral Health	279.4
Parks & Recreation	1.2
Libraries & Museums	3.1
Intergovernmental Financing	24.9
Stadium Financing	5.8
Cultural & Commercial Corridor Project	1.4
Pension Obligation Bonds	21.8
Debt Service Reserve	62.9
Capital Projects	161.0
Affordable Housing Project	44.3
Art Museum Project	11.4
Trust Purposes	9.4
Total Restricted Fund Balance	\$ 779.7

The fund balance is further broken down as to *committed fund balance* for Prisons \$3.5 million and Parks and Recreation \$1.1 million. The difference between the non-spendable, restricted, committed, assigned and combined fund balance is a deficit of \$102.2 million which constitutes *unassigned fund balance*, this deficit must be funded by future budgets.

The general fund, the primary operating fund of the City, reported *assigned fund balance* of \$127.0 million and *unassigned fund balance* of \$195.0 million at the end of the fiscal year.

Overall, the total fund balance of the General Fund increased by \$210.9 million during the current fiscal year, compared to an increase of \$57.6 million in the prior fiscal year. Some of the key factors contributing to this change are:

Revenues:

- Total current year revenues (\$4,054.3 million) increased between fiscal years, with a \$346.2 million (9.3%) increase from the prior fiscal year (\$3,708.1 million).
- This increase was primarily due to \$317.4 million increase in tax revenue.
- All other revenues remained relatively flat compared to the prior fiscal year.

Expenditures and Other Financing Sources (Uses):

- Total current year Expenditures and Other Financing Sources (Uses) (\$3,843.4 million) increased between fiscal years, with a \$192.9 million (5.3%) increase from prior fiscal year (\$3,650.5 million)
- This increase was primarily due to a \$72.3 million (3.9%) increase in expenditures related to Judiciary and Law Enforcement (Police, Prisons and the Courts) and \$72.7 million (11.3%) increase in expenditures related to General Management and Support.

The Health Choices Behavioral Health fund ended the fiscal year with a total fund balance of \$279.4 million, the entire amount is reserved for a contractually required equity reserve and reinvestment initiatives. The total fund balance increased during the fiscal year by \$17.1 million.

The Grants Revenue fund has a total fund balance deficit of \$257.2 million which is comprised of a positive restricted fund balance of \$31.2 million for emergency telephone system programs and a positive restricted fund balance of \$0.2 million for Neighborhood Revitalization Programs and a deficit unassigned fund balance of \$288.5 million. Because most programs accounted for in the grants revenue fund are reimbursement based, it is not unusual for the grants revenue fund to end the fiscal year with a deficit unassigned fund balance. The overall fund balance of the grants revenue fund experienced a decrease of \$5.5 million during the current fiscal year.

Proprietary funds. The City's proprietary funds provide the same type of financial information found in the government-wide financial statements, but in slightly more detail. The *total net position* of the proprietary funds decreased by \$29.4 million during the current fiscal year. This decrease is attributable to the water/wastewater system which had a decreases of \$23.4 million, airport operations which experienced a decrease of \$5.8 million, and industrial & commercial land bank operations which also experienced a decrease of \$0.2 million.

The proprietary funds reported an *unrestricted net position* deficit of \$423.0 million. The table below indicates the unrestricted net position for the water and waste water operations, the airport, and the industrial and commercial land bank operations for the current and previous fiscal years.

	Unrestricted Net Position (deficit)		
	2018	2017	Change
Water and Waste Water	(\$379.8)	(\$243.1)	(\$136.7)
Aviation	(\$109.9)	(\$75.8)	(\$34.1)
Land Bank	\$66.7	\$67.0	(\$0.3)
	(\$423.0)	(\$251.9)	(\$171.1)

General Fund Budgetary Highlights

The following table shows the General Fund's year end fund balance for the five most recent years:

(Millions of USD)

General Fund at June 30	Fund Balance Available for Appropriation	Increase (Decrease)
2018	\$ 368.8	\$ 179.6
2017	189.2	40.9
2016	148.3	(3.2)
2015	151.5	(50.6)
2014	202.1	(54.8)

The general fund's budgetary fund balance surplus of \$368.8 million differs from the general fund's fund financial statement unassigned fund balance of \$195.0 by \$173.8 million, which represents the unearned portion of the business income & receipts tax. Business income & receipts tax (BIRT pre-pays) is received prior to being earned but have no effect on budgeted cash receipts.

The charts below illustrate:

- The reconciliation of Total Fund Balance - Budget Basis versus GAAP (Modified Accrual)
- The components of Fund Balance for GAAP (Modified Accrual) basis
- The reconciliation of Unassigned Fund Balance – Budget Basis versus GAAP (Modified Accrual)

(Millions of USD)

A. Budget to GAAP Basis Reconciliation	6/30/2018	6/30/2017	6/30/2016	6/30/2015	6/30/2014
Budget Basis Fund Balance	\$ 368.8	\$ 189.2	\$ 189.2	\$ 148.3	\$ 151.5
1. Less: BIRT six (6) months pre-pays	(173.8)	(165.6)	(169.5)	(178.5)	(179.1)
2. Add: Encumbrances	127.0	128.4	99.2	108.9	103.1
3. Add: Reserves	78.9	38.1	54.5	73.6	85.6
Modified Accrual Basis Fund Balance	\$ 400.9	\$ 190.1	\$ 173.4	\$ 152.3	\$ 161.1

B. Modified Accrual Basis Fund Balance	6/30/2018	6/30/2017	6/30/2016	6/30/2015	6/30/2014
Restricted	\$ 78.9	\$ 38.1	\$ 54.5	\$ 73.6	\$ 85.6
Assigned					
Encumbrances	127.0	128.4	99.2	108.9	103.1
Reclassification of Unassigned	-	-	(21.2)	(27.0)	-
Assigned	127.0	128.4	78.0	81.9	103.1
Unassigned	195.0	23.6	-	-	23.0
Modified Accrual Basis Fund Balance	\$ 400.9	\$ 190.1	\$ 132.5	\$ 155.5	\$ 211.7

C. Budget to GAAP Basis Reconciliation	6/30/2018	6/30/2017	6/30/2016	6/30/2015	6/30/2014
Budget Basis Fund Balance	\$ 368.8	\$ 189.2	\$ 189.2	\$ 148.3	\$ 151.5
1. Less: BIRT six (6) months pre-pays	(173.8)	(165.6)	(169.5)	(178.5)	(179.1)
2. Less: Reclass to Assigned Fund Balance	-	-	21.2	27.0	-
Unassigned Fund Balance	\$ 195.0	\$ 23.6	\$ 40.9	\$ (3.2)	\$ (27.6)

Differences between the original budget and the final amended budget resulted primarily from slight increase in revenue estimates and increases to appropriations. Total appropriations increased by \$121.1 million; from an original budget of \$4,437.7 million to a final amended budget of \$4,558.8 million. The largest increases were required to support the following activities:

- \$61.2 million for Police operations
- \$16.0 million for Street maintenance and repair
- \$21.2 million for Fire operations

Capital Asset and Debt Administration

Capital assets. The City of Philadelphia's investment in capital assets for its governmental and business-type activities amounts to \$7.2 billion, net of accumulated depreciation, at the end of the current fiscal year. These capital assets include items such as roads, runways, bridges, water and sewer mains, streets and street lighting, land, buildings, improvements, sports stadiums, vehicles, commuter trains, machinery, computers and general office equipment. The table below shows a breakdown of the City's Capital Improvements over the past five fiscal years.

(millions of USD)

	FY 2018	FY 2017	FY 2016	FY 2015	FY 2014
Airport Terminal & Airfield Improvements	\$ 209.2	\$ 183.9	\$ 161.1	\$ 196.2	\$ 74.4
Water & Wastewater Improvements	231.2	239.3	176.0	175.0	141.3
Streets, Highways & Bridges Improvements	27.6	43.8	77.9	63.6	46.8
Transit System Improvements	7.3	0.8	10.6	1.3	2.2
Parks, Playgrounds, Museums & Recreational Facilities	63.6	38.1	37.9	33.6	18.6
Libraries Improvements	8.8	2.3	1.6	3.3	0.2
Police & Fire Facilities	10.9	6.7	7.7	18.9	5.9

More detailed information about the City's capital assets can be found in notes I.6 & III.5 to the financial statements.

Long-term debt. At year end the City had \$8.4 billion in long term debt outstanding. Of this amount, \$5.8 billion represents bonds outstanding (comprised of \$2.1 billion of debt backed by the full faith and credit of the City, and \$3.7 billion of debt secured solely by specific revenue sources) while \$2.6 billion represents other long term obligations. The following schedule shows a summary of all long term debt outstanding.

City of Philadelphia's Long Term Debt Outstanding

(millions of USD)

	Governmental activities		Business-type activities		Total	
	2018	2017	2018	2017	2018	2017
<u>Bonds Outstanding:</u>						
General obligation bonds	2,078.4	1,988.6	-	-	2,078.4	1,988.6
Revenue bonds	-	-	3,715.0	3,371.0	3,715.0	3,371.0
Total Bonds Outstanding	2,078.4	1,988.6	3,715.0	3,371.0	5,793.4	5,359.6
<u>Other Long Term Obligations:</u>						
Service agreements	1,790.0	1,806.1	-	-	1,790.0	1,806.1

Indemnities	81.7	86.9	6.9	7.5	88.6	94.4
Leases	249.3	4.4	-	-	249.3	4.4
Total Other Long Term Obligations	2,598.5	2,373.0	56.6	53.2	2,655.1	2,426.2
Total Long Term Debt Outstanding	4,676.9	4,361.6	3,771.6	3,424.2	8,448.5	7,785.8

Significant events related to borrowing during the current fiscal year include the following:

- The City has statutory authorizations to negotiate temporary loans for periods not to extend beyond the fiscal year. The City borrows temporary loan funds to smooth out unevenness in the City's cash flow created by the receipt of two major sources of tax revenue – the property tax and the business income and receipts tax – in the second half of the year. The City borrowed and repaid \$125.0 million in Tax and Revenue Anticipation Notes in fiscal year 2018; In accordance with statute there are no temporary loans outstanding at year end.
- In August 2017, the City issued \$174.1 million of Water and Wastewater Revenue Bonds Series 2017B Bonds to refund the outstanding Series 2007B, 2010C and 2012 Bonds.
- In August 2017, PAID issued \$52.9 million of City Service Agreement Revenue Bonds Series 2017. The total proceeds of the 2017 Bonds were \$60.8 million to finance certain costs of the City's affordable housing preservation.
- In August 2017, the City issued \$331.6 million of General Obligation Bonds Series 2017A to fund City's capital projects and to refund the Series 2009A, 2011 and 2013A Bonds.
- In December 2017, the City issued \$692.5 million of Airport Revenue Bonds Series 2017 Bonds to refund the outstanding Series 2007A, 2007B and 2009A Bonds, to refund certain outstanding commercial paper notes, and to pay for a portion of the Airport Capital Projects.

- In April 2018, PAID issued \$37.9 million of City Service Agreement Revenue Bonds Series 2018A and Series 2018B. The total proceeds of the 2018A Bonds were \$11.6 million to finance certain costs of the Energy Project of the Philadelphia Museum of Art. The total proceeds of the One Benjamin Franklin Parkway – Series 2018B Bonds were \$30.5 million to refund the outstanding Series 2007C Parkway Bonds.
- In July 2010, the City of Philadelphia - Water Department received approval from the Pennsylvania State Infrastructure Financing Authority (“PENNVEST”) for the Green Infrastructure Project (Series 2010B); bringing the total financing from PENNVEST to \$214.9 million. During fiscal year 2018, PENNVEST draw-downs totaled \$1.8 million.

Currently the City's bonds as rated by Moody's, Standard & Poor's and Fitch are as follows:

Bond Type	Moody's Investor Service	Standard & Poor's Corporation	Fitch Ratings, Inc.
General Obligation Bonds	A2	A	A-
Water Revenue Bonds	A1	A+	A+
Aviation Revenue Bonds	A2	A	A

The City is subject to a statutory limitation established by the Commonwealth of Pennsylvania as to the amount of tax supported general obligation debt it may issue. The limitation is equal to 13.50% of the average assessed valuations of properties over the past ten years. As of June 30, 2018, the legal debt limit was \$8,001.0 million. There is \$2,051.3 million of outstanding tax supported debt leaving a legal debt margin of \$5,949.7 million.

More detailed information about the City's debt activity can be found in note III.7 to the financial statements.

Economic Factors and Next Year's Budgets and Rates

The following factors are key factors to consider when reviewing the City of Philadelphia's budget for the 2019 fiscal year:

- *Fund Balance:* In fiscal 2018, the General Fund ended with a fund balance of \$368.8 million.
- *Budgeted Revenue Projections for FY2019:* Wage and Earnings Tax revenue is budgeted to grow 3.79%, Sales Tax revenue is budgeted to grow by 3.80%, Real Property revenue is budgeted to grow by 10.86%, and Real Estate Transfer Tax revenue is budgeted to grow by -6.25%, while the Business Income and Receipts Tax revenue is budgeted to grow by 5.46%.
- *Wage and Business Tax Cuts.* The current Five Year Plan (FY 2019 to 2023) also includes a continuation of wage and business tax cuts resumed in FY 2014 after being suspended during the Great Recession. The residential rate was 4.3010% in FY2006, is currently 3.8809% in FY2019, and is projected to continue to drop to 3.8423% by FY2023 in the FY2019-FY2023 Five Year Plan. Regarding the Business Income and Receipts Tax, the FY2019 rate for gross receipts is 0.1415% and the net income rate is 6.25%. Under current legislation, by 2023, the net income rate will fall to 6.00%.
- *Return to Local Control:* As of July 1, 2018, the School District of Philadelphia is governed by a Board of Education, with all its members of appointed by the Mayor. In the FY 2019 Adopted Budget, the City's direct contribution to the School District from the General Fund is \$180.9 million, which is \$76.5 million higher than the unaudited actual amount for Fiscal Year 2018 (\$104.3 million). The increase in the direct contribution to the School District from the General Fund was the largest single increase in spending in the Fiscal Year 2019 Adopted Budget. It will be funded by the General Fund with a portion of the increase being generated by tax rate changes in the Fiscal Year 2019 Adopted Budget (an increase to the real estate transfer tax and a slowing of planned reductions in the wage tax).

- *Philadelphia Beverage Tax.* In 2016, the Philadelphia Beverage Tax (PBT) was enacted to fund free, quality pre-Kindergarten (pre-K) education for children; expand community schools in high-needs neighborhoods; and launch Rebuild, a capital improvement program for the City's parks, recreation centers, and libraries. In September 2016, a lawsuit challenging the Philadelphia Beverage Tax was filed by the American Beverage Association and other co-plaintiffs in the Philadelphia Court of Common Pleas – Trial Division – Civil. The lawsuit was dismissed by the Common Pleas Court and that decision was upheld by both the Commonwealth Court of Pennsylvania, which is one of the Commonwealth's intermediate appellate courts, and the Pennsylvania Supreme Court. The FY2019 Adopted Budget and FY2019-2023 Five Year Plan project that the PBT will generate \$78.0 million in FY2019.
- *Contract Negotiations.* Approximately 82% of City employees are represented by one of the City's municipal unions.

The City is committed to working with its union partners to reach agreements that are fair to employees while also maintaining the City's fiscal health. All of the City's unions are currently covered by bargaining agreements through June 30, 2020.

In FY17, District Council 33 (DC33) negotiated a new, four-year contract. In FY18, the Fraternal Order of Police (FOP) and International Association of Firefighters (IAFF) received three-year arbitration awards and District Council 47 (DC47) ratified a three-year contract with the City. Each of these agreements included significant reforms to improve the health of the City's pension fund, which keeps the City on track to achieve its goal of having the City Pension Fund 80% funded by 2030. When these agreements expire at the end of FY20, the City will work with its union partners to reach agreements that are fair to employees while also maintaining the City's fiscal health.

The table below presents employee wage increases from FY17 to FY20 for each bargaining unit. The shaded cells indicate the most recent contract terms.

Fiscal Year	FOP Lodge 5	Sheriff's Office & Register of Wills (FOP Lodge 5)	IAFF Local 22	AFSCME DC33 ¹	Correctional Officers (DC33 Local 159)	AFSCME DC47 (Local 2187)	AFSCME DC47 (Local 2186)	Local 810 Court Employees (DC47)
FY17	3.25%	3.25% (2)	3.25%	3.0% + \$500 lump sum	3.25% (\$500 lump sum)	3.0%	3.0%	3.0%
FY18	3.25%	3.0%	3.25%	3.0%	3.0%	3.0%	3.0%	3.0%
FY19	3.50%	3.25%	3.50%	2.5%	3.25%	2.5%	2.5%	2.5%
FY20	3.75%	3.25%	3.75%	3.0%	3.25%	3.0%	3.0%	3.0%

Uniformed employees bargain under Pennsylvania Act 111 of 1968, which provides for final and binding interest arbitration to resolve collective bargaining impasses. Uniformed employees are not permitted to strike under state law. Non-uniformed employees bargain under Act 195 of 1970, which allows for the right to strike over collective bargaining impasses. Certain employees, including employees of the Sheriff's Office and the Register of Wills, Correctional Officers (represented by DC33), and employees of the First Judicial District (represented by DC47), are not permitted to strike but may proceed to interest arbitration under Act 195.

- *Pension Fund Challenges.* In FY2019, pension costs are budgeted to represent more than 15% of General Fund expenditures. The significant share of costs attributed to pensions, combined with the Pension Fund's current funding status – it is now 45.3% funded – make it clear that the City will not attain fiscal stability until it has solidified the financial condition of the pension fund.

In FY19, General Fund pension payments are projected to total \$719.8 million compared to \$742.4 million in FY18. In FY18, the City made an additional payment to the pension fund above the state-required amount to help improve the health of the fund.

Pension Reforms. To address the pension challenge, the Kenney Administration, working with municipal employees, the Pension Board, and City Council, launched a three-pronged approach to improve the health of the Pension Fund from 44.8% to 80% in about 13 years.

The first part of the Mayor's pension reform program is a commitment to increasing the City's annual contribution to the Pension Fund. The General Fund contribution makes up the vast majority of the City's annual contribution to the pension fund, totaling more than \$632.1 million in FY18 (the all funds total is \$756.1 million). In 2014, with strong local legislative support, the State Legislature required that the City dedicate a portion of local sales tax revenue to the Fund. Although the additional sales tax revenues could be counted toward satisfying the minimum municipal obligation (MMO), the amount required under state law, the City will meet its MMO independent of these revenues, so that sales tax dollars directed to the Fund will be over and above the MMO. Over the FY19-FY23 Five Year Plan, the sales tax revenues are projected to be worth about \$300 million.

Second, as mentioned above, the City achieved pension reform with all City employees. Through a combination of collective bargaining, interest arbitration for union represented employees, and legislation for nonunion employees, all City employees are contributing to pension reform. Current police and fire fighters are making additional contributions to the pension fund at varying increased rates based on date of hire. District Council 33 and 47 employees as well as employees not represented by a union are also making additional contributions based on a progressive tier structure where those with higher annual salaries pay a higher percentage rate. Newly hired members of these groups are mandatory members of a stacked hybrid plan where the defined benefit portion is capped at \$65,000. Like the sales tax, these additional contributions are contributed above the City's required contribution to help improve the funding status of the plan more quickly. These additional assets, combined with the reduction in liabilities from the stacked hybrid plan, help improve the health of the pension fund.

Third, the Board of Pensions has made significant changes to its investment strategy to reduce costs while improving earnings. The Board is making greater use of indexing, which lowered management fees by almost \$15 million a year, and has almost entirely divested from hedge funds, as the returns did not justify the fees. In addition, the Pension Board has gradually lowered the assumed rate of return to 7.65% from 8.75% since 2008. Partially as a result of this change in assumed rate of return, the minimum municipal obligation (MMO), the actuarial amount required to be paid to the pension fund under state law, has increased in recent years. Reductions in earnings assumptions allow pension funds to moderate the risk of the investments, which can also reduce the likelihood of losses.

- *Employee Healthcare Costs:* The City will continue to work with its union partners to help address the rising costs of health insurance and promote wellness. The municipal unions each provide benefits for members through union administered Health and Welfare Funds, and the City has minority representation on those boards. Non-union employees are provided benefits through the City Administered Benefits Program (CAP). In FY10, the City moved from a fully-insured model to a self-insurance arrangement. The City also increased employee copays and instituted a disease management and wellness program with financial incentives for completing wellness activities. In FY2015, the City added a tobacco user surcharge and employees will pay an additional copay for each prescription if using a pharmacy that sells tobacco products.

Requests for information

The Comprehensive Annual Financial Report is designed to provide a general overview of the City of Philadelphia's finances for all interested parties. The City also publishes the *Supplemental Report of Revenues & Obligations* that provides a detailed look at budgetary activity at the legal level of compliance, the *Annual Report of Bonded Indebtedness* that details outstanding long term debt and the *Schedule of Financial Assistance* that reports on grant activity. All four reports are available on the City's website, www.phila.gov/finance. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

City of Philadelphia
Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds to the Statement of Activities
For the Fiscal Year Ended June 30, 2018

Exhibit V

Amounts in thousands of USD

Net Change in Fund Balances - Total Governmental Funds.....	376,587
 Amounts reported for governmental activities in the statement of activities are different because:	
a. Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay (446,060)exceeded depreciation (163,941) in the current period.....	282,119
b. Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.....	54,341
c. Proceeds from debt obligations provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which proceeds (734,981) exceeded repayments (424,893).....	(310,119)
d. The increase in the Net Pension Liability and Net OPEB Liability reported in the statement of activities does not require the use of current financial resources and therefore is not reported as and expenditure in governmental funds.....	(77,578)
e. Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.....	(43,100)
f. Impairment loss related to capital assets is reported in the statement of activities. However, the cost of assets is reported in the governmental funds when incurred (vs. depreciated over estimated useful lif of assets).	(38,387)
 Change in Net Position of governmental activities.....	 <u>243,863</u>

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Philadelphia have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

1. REPORTING ENTITY

The City of Philadelphia was founded in 1682 and was merged with the county in 1854. Since 1951 the City has been governed largely under the Philadelphia Home Rule Charter. However, in some matters, including the issuance of short-term and long-term debt, the City is governed by the laws of the Commonwealth of Pennsylvania.

As required by GAAP, the financial statements of the City of Philadelphia include those of the primary government and its component units. The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationships with the City. The financial statements of these component units have been included in the City's reporting entity either as blended component units or as discretely presented component units. The criteria to determine an entity as a component unit is established by Governmental Accounting Standards Board Statement (GASBS) No. 14 which has been amended by GASB Statements No. 39, No. 61, and No. 80. Certain other organizations also did meet the criteria for inclusion, however they are not included in the City's financial statements because they are not significant to a fair representation of the City's reporting entity. Individual financial statements can be obtained directly from their administrative offices by writing to the addresses provided.

As used both on the face of the financial statements and in the footnotes, the term "Primary Government" includes both City funds and Blended Component Units while the term "Component Units" includes only Discretely Presented Component Units. A Related Organization is an entity which the City appoints board members but for which the city has no significant financial responsibility.

A. BLENDED COMPONENT UNITS

Pennsylvania Intergovernmental Cooperation Authority (PICA) – 1500 Walnut St., Philadelphia, PA 19102

PICA was established by act of the Commonwealth of Pennsylvania to provide financial assistance to cities of the first class and is governed by a five-member board appointed by the Commonwealth. Currently, the City of Philadelphia is the only city of the first class. The activities of PICA are reflected in two of the governmental fund types (Special Revenue and Debt Service).

Philadelphia Municipal Authority (PMA) – 1515 Arch St., Philadelphia, PA 19102

PMA is governed by a five-member board appointed by the City and was established to issue tax exempt bonds for the acquisition and use of certain equipment and facilities for the City. The activities of PMA are reflected in three of the governmental fund types (Special Revenue, Debt Service and Capital Improvement).

B. DISCRETELY PRESENTED COMPONENT UNITS

The component unit columns in the applicable combined financial statements include the combined financial data for the organizations discussed below. They are reported in a separate column to emphasize that they are legally separate from the City. However, in order to retain their identity, applicable combining statements have been included as part of this report.

Community College of Philadelphia (CCP) – 1700 Spring Garden St., Philadelphia, PA 19130

CCP was established by the City to provide two-year post-secondary education programs for its residents. It is governed by a Board appointed by the City and receives substantial subsidies from the City. CCP's reported amounts include the financial activity of the Community College of Philadelphia Foundation, which is a discretely presented component unit of CCP. Since the City appoints the governing board and there exists a financial benefit/burden relationship between the CCP and the City; the CCP meets the criteria for inclusion as a discretely presented component unit in accordance with GASB.

Philadelphia Parking Authority (PPA) – 3101 Market St., Philadelphia, PA 19104

PPA was established by the City to coordinate a system of parking facilities and on-street parking on behalf of the City. Its fiscal year ends on March 31. The City has guaranteed debt payments for PPA. A voting majority of PPA's governing board is not appointed by the City, however the significance of the City's relationship with PPA is such that exclusion from the City's financial report would be misleading.

Philadelphia Redevelopment Authority (PRA) – 1234 Market St., Philadelphia, PA 19107

PRA was established to rehabilitate blighted sections of the City. It is governed by a five-member board appointed by the City and must submit its budgets to the City for review and approval. PRA's reported amounts include the financial activity of the Head House Retail Associates, L.P., which is PRA's discretely presented component unit whose fiscal year ended December 31, 2017.

School District of Philadelphia (SDP) – 440 N. Broad St., Philadelphia, PA 19130

SDP was established by the Educational Supplement to the Philadelphia Home Rule Charter to provide free public education for the City's residents. As of July 1, 2018, the SDP is governed by a nine-member board appointed by the Mayor and approved by City Council. Since the Mayor appoints the governing board and there exists a financial benefit/burden relationship between the SDP and the City; the SDP meets the criteria for inclusion as a discretely presented component unit in accordance with GASB.

Community Behavioral Health (CBH) – 801 Market St., Philadelphia, PA 19107

CBH is a not-for-profit organization established by the City's Department of Public Health to provide for and administer all behavioral health services required by the Commonwealth of Pennsylvania. Its board is made up of City officials and City appointees. Any decrease in funding would present a financial burden to the City.

Philadelphia Authority for Industrial Development (PAID) – 2600 Centre Sq. West, Philadelphia, PA 19102

PAID was formed under the Industrial Development Authority Law to issue debt to finance eligible industrial and commercial development projects. PAID is the delegate agency responsible for administration of certain state grants and acts in the City's behalf on major development projects in the City. The City appoints a voting majority of PAID's board and is responsible for the debt service that PAID issues on the City's behalf.

Philadelphia Gas Works (PGW) – 800 W. Montgomery Ave., Philadelphia, PA 19122

PGW was established by the City to provide gas service to residential and commercial customers within the City of Philadelphia. The City appoints a voting majority of PGW's board and has the ability to modify or approve their budget.

Philadelphia Housing Authority (PHA) – 12 South 23RD Street, Philadelphia, PA 19103

PHA was established to provide low cost housing and other social services to the residents of the City. PHA is governed by a nine-member board with all members appointed by the City. In addition, the Mayor of Philadelphia has the ability to remove a majority of PHA's board without cause during any calendar year. Since the City appoints a voting majority of PHA's board and can impose its will, due to the Mayor's ability to remove a majority of the board at will; PHA meets the criteria for inclusion as a discretely presented component unit in accordance with GASB.

2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The City's *government wide* financial statements (i.e. the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its component units. *Governmental activities* which are normally supported by taxes and intergovernmental revenues are reported separately from *business type activities*, which rely to a significant extent on fees and charges for support. Likewise, the *primary government* is reported separately from certain legally separate *component units* for which the primary government is financially accountable. Interfund activity and balances have been eliminated from the statements to avoid duplication.

The Statement of Activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific program. *Program revenues* include: (1) charges to customers or applicants who purchase, use or directly benefit from services or privileges provided by a given program and (2) grants and contributions that are restricted to meeting operational or capital requirements of a program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate *fund* financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the *government wide* financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the *fund* financial statements.

3. BASIS OF ACCOUNTING, MEASUREMENT FOCUS AND FINANCIAL STATEMENTS

A. PRIMARY GOVERNMENT

The government wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund (except agency funds which only report assets and liabilities and cannot be said to have a measurement focus) financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. Real estate taxes are recognized as revenues in the year for which they are levied. Derived tax revenues such as wage, business income and receipts, and net profits and earnings taxes are recognized when the underlying exchange transaction has taken place. Grant and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred as under accrual accounting. Debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. However, those expenditures may be accrued if they are to be liquidated with available resources.

Imposed non-exchange revenues such as real estate taxes are recognized when the enforceable legal claim arises and the resources are available. Derived tax revenues, such as wage, business income and receipts tax, net profits and earnings taxes, are recognized when the underlying exchange transaction has occurred and the resources are available. Grant revenues are recognized when all the applicable eligibility requirements have been met and the resources are available. All other revenue items are considered to be measurable and available only when cash is received by the City.

As a general rule, the effect of interfund activity has been eliminated from the government wide financial statements. Exceptions to this general rule are charges between the City's water and sewer function and various other programs of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various programs concerned.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Amounts reported as program revenue include: (1) charges to customers or applicants for goods received, services rendered or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program specific revenues. Accordingly, general revenues include all taxes.

The City reports the following major governmental funds:

- The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.
- The Health Choices Behavioral Health Fund accounts for resources received from the Commonwealth of Pennsylvania. These resources are restricted to providing managed behavioral health care to Philadelphia residents.
- The Grants Revenue Fund accounts for the resources received from various federal, state and private grantor agencies. The resources are restricted to accomplishing the various objectives of the grantor agencies.

Additionally, the City reports on Permanent funds, which are used to account for resources legally held in trust for use by the park and library systems of the City. There are legal restrictions on the resources of the funds that hold that the principal remains intact and only the earnings are allowed to be used for the program.

The City reports on the following fiduciary funds:

- The Municipal Pension Fund accumulates resources to provide pension benefit payments to qualified employees of the City and certain other quasi-governmental organizations.
- The Philadelphia Gas Works Retirement Reserve Fund accumulates resources to provide pension benefit payments to qualified employees of the Philadelphia Gas Works.

- The Escrow Fund accounts for funds held in escrow for various purposes.
- The Employees Health & Welfare Fund accounts for funds deducted from employees' salaries for payment to various organizations.
- The Departmental Custodial Accounts account for funds held in custody by various City Departments.

The City reports the following major proprietary funds:

- The Water Fund accounts for the activities related to the operation of the City's water delivery and sewage systems.
- The Aviation Fund accounts for the activities of the City's airports.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. The principal operating revenues of the Water Fund are charges for water and sewer service. The principal operating revenue of the Aviation Fund is charges for the use of the airport. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

B. COMPONENT UNITS

The **SDP** prepares their financial statements in a manner similar to the City and utilizes the full range of governmental and proprietary fund types.

The financial statements of the **CCP** have been prepared in accordance with GASBS No. 35 - Basic Financial Statements - and Management's Discussion and Analysis - For Public Colleges and Universities.

The remaining component units prepare their financial statements in a manner similar to that of proprietary funds.

4. DEPOSITS AND INVESTMENTS

The City utilizes a pooled Cash and Investments Account to provide efficient management of the cash of most City funds. In addition, separate cash accounts are maintained by various funds due to either legal requirements or operational needs. For Permanent Funds, all highly liquid investments (except for Repurchase Agreements) with a maturity of three months or less when purchased are considered to be cash equivalents.

The City reports investments at fair value. Short-term investments are reported at cost which approximates fair value. Securities traded on national or international exchanges are valued at the last reported sales price. The fair value of real estate investments is based on independent appraisals. Investments which do not have an established market are reported at estimated fair value.

Statutes authorize the City to invest in obligations of the Treasury, agencies, and instruments of the United States, repurchase agreements, collateralized certificates of deposit, bank acceptance or mortgage obligations, certain corporate bonds, and money market funds. The Pension Trust Fund is also authorized to invest in corporate bonds rated AA or better by Moody's Bond Ratings, common stocks and real estate.

From February to early June, deposits of the City significantly exceeded the amounts reported at calendar year end. This was due to cyclical tax collections (billings for taxes are mailed in December and payable in March).

5. INVENTORIES

A. PRIMARY GOVERNMENT

Supplies of governmental funds are recorded as expenditures when purchased rather than capitalized as inventory. Accordingly, inventories for governmental funds are shown on the Statement of Net Position but not on the Governmental Funds Balance Sheet. Inventories of proprietary funds are valued at moving average cost except for the following:

- **Industrial and Commercial Development Fund** inventory represents real estate held for resale and is valued at cost.

B. COMPONENT UNITS

All inventories are valued at moving average cost except for the following:

- **PGW** inventory consists primarily of fuel stock and gases which are stated at average cost.
- The **SDP** Food Services Fund inventories include food donated by the Federal Government which was valued at government cost or estimated value. All other food or supply inventories were valued at last unit cost and will be expensed when used.
- **PRA** inventory represents real estate held for resale and is recorded based on the estimated appraisal of values and cost basis of land inventories acquired.

6. CAPITAL ASSETS

A. PRIMARY GOVERNMENT

Capital Assets, which include property, plant, equipment and infrastructure assets (e.g. bridges, curbs and gutters, streets and sidewalks and lighting systems), are reported in the applicable governmental or business-type activities columns in the government wide financial statements. Capital assets are defined by the City as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of three years (except for the Aviation Fund which uses \$10,000 for personal property and \$100,000 for fixed assets). Capital assets are recorded at cost. Costs recorded do not include interest incurred as a result of financing asset acquisition or construction. Assets acquired by gift or bequest are recorded at their acquisition price at the date of gift. Upon sale or retirement, the cost of the assets and the related accumulated depreciation, if any, are removed from the accounts. Maintenance and repair costs are charged to operations.

The City transfers Construction In Process to one or more of the major asset classes: (1) when project expenditures are equal to or have exceeded 90% of the estimated cost on new facilities (except for the Aviation Fund which uses "substantially complete" as their determining basis for transferring construction in process to one or more of the major asset classes), (2) when the expenditures are for existing facilities or (3) when they relate to specific identifiable items completed during the year which were part of a larger project.

Cost of construction for proprietary fund capital assets includes all direct contract costs plus overhead costs. Overhead costs include direct and indirect engineering costs and interest incurred during the construction period for projects financed with bond proceeds. Interest is capitalized on proprietary fund assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest on invested proceeds over the same period.

Depreciation on the capital assets for all City funds is provided on the straight-line method over their estimated useful lives: buildings - 20 to 50 years; ; building leasehold asset 20 years; equipment and storage facilities - 3 to 25 years; and transmission and distribution lines - 50 years.

Collections of art and historical treasures meet the definition of a capital asset and normally should be reported in the financial statements. However, the requirement for capitalization is waived for collections that meet certain criteria. The City has collections of art, historical treasures and statuary that are not capitalized as they meet all of the waiver requirements which are: (1) the collections are held solely for public exhibition, (2) the collections are protected, preserved and cared for and (3) should any items be sold, the proceeds are used only to acquire other items for the collections. Among the City's collections are historical artifacts at the Ryers Museum & Library, Loudoun Mansion, Fort Mifflin, Atwater Kent Museum and the Betsy Ross House. The City also has sculptures, paintings, murals and other works of art on display on public property and buildings throughout the City.

B. COMPONENT UNITS

Depreciation on the capital assets for component units is provided on the straight-line method over their estimated useful lives: buildings - 15 to 50 years; equipment and storage facilities - 3 to 25 years; and transmission and distribution lines - 50 years.

7. BONDS AND RELATED PREMIUMS, DISCOUNTS & ISSUANCE COSTS

In the *government-wide* financial statements and in the proprietary fund statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. In FY13 GASB Statement No. 65 was implemented resulting in bond issuance costs being recognized as an expense and reported in the period incurred.

In *governmental fund* financial statements, bond premiums, discounts and issuance costs are recognized in the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts are reported as other financing uses. Issuance costs are reported as debt issuance expenditures.

8. INSURANCE

The City, except for the Airport and certain other properties, is self-insured for most fire and casualty losses to its structures and equipment and provides statutory workers' compensation and unemployment benefits to its employees. The City is self-insured for medical benefits provided to employees in the Fraternal Order of Police, the city-administered health plan, the International Association of Fire Fighters and District Council 47.

9. RECEIVABLES AND PAYABLES

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as due to/from other funds. Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as "internal balances".

Accounts receivable included in current assets consists of billed and unbilled rentals and fees, which have been earned but not collected as of June 30, 2018 and 2017. Credit balance receivables have been included in unearned revenue in the statement of net position. The allowance for doubtful accounts is management's estimate of the amount of accounts receivable which will be deemed to be uncollectible and is based upon specific identification. Unpaid accounts are referred to the City's Law Department if deemed uncollectible. Accounts are written off when recommended by the Law Department.

In fiscal year 2015, the Division of Aviation and the Philadelphia Airport Affairs Committee (PAAC) entered into an agreement that would reduce the fiscal year 2015 base rate to the airlines in exchange for a \$10 million contribution from the Airport's Operation and Maintenance (O&M) reserve account that would be replenished by the signatory airlines, through the rates and charges process, over a three-year period from fiscal years 2016 to 2018. The Airport included this \$10 million as part of the \$32.5 million Accounts Receivable reported for the Aviation Fund in the FY 2015 Statement of Net Position. However, the agreement stated that repayment of the contribution would take place over the next three years, \$6.7 million of the \$10 million receivable will not be collected until fiscal years 2017 and 2018. The third, and final, installment of \$3.333 million was collected during fiscal year 2018.

All trade and property receivables in the governmental-wide financial statements are shown net of allowance for uncollectibles. The real estate tax receivable allowance is equal to 31.38% of outstanding real estate taxes at June 30. Property taxes are levied on a calendar year basis. The City's property taxes levied on assessed valuation as of January 1, are due and payable on or before March 31. Taxes levied are intended to finance the fiscal year in which they become due. The City of Philadelphia and the School District of Philadelphia both impose a tax on all real estate in the City. Current real estate rates are \$1.3998 on each \$100 assessment; \$0.6317 for the City and \$0.7681 for the School District of Philadelphia. Delinquent charges are assessed at 1.5% per month on all unpaid balances as of April 1. Real estate tax delinquents are subject to lien as of the following January 1. The City has established real estate improvement programs that abate, for limited periods, tax increases that result from higher assessments for improved properties. Certain incremental tax assessments are earmarked to repay loans from the City to developers who improve properties under Tax Increment Financing agreements.

10. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES AND NET POSITION

In accordance with Government Accounting Standards Board Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, the City reports deferred outflows of resources in the Statement of Financial Position in a separate section following Assets. Similarly, the City reports deferred inflows of resources in the Statement of Net Position in a separate section following Liabilities.

Deferred Outflows of resources represents consumption of net position that applies to a future period(s) and will not be recognized as an expenditure/expense until that time. Deferred Inflows of resources represents an acquisition of net position that applies to future periods and will not be recognized as revenue until that time.

On the full accrual basis of accounting, the components of the deferred outflows of resources and deferred inflows of resources are as follows:

- Derivative instruments are reported for the changes in fair value.
- Deferred Refunding results from the difference in the refunding of debt and its reacquisition price.
- Deferred pension transactions are recognized as an expense or revenue in a future period.
- Deferred outflows of resources and deferred inflows of resources related to the City's OPEB.

Six component units, including (PGW), (PRA), (PPA), (SDP), (CCP), and (PHA) have items that qualify in some of the categories, which are deferred refunding, deferred pension, and deferred OPEB categories. These items have been reported as deferred outflows or deferred inflows on the City's and the component unit's Statement of Net Position.

(Amounts in Thousands of USD)

<u>Deferred Outflows of Resources</u>	<u>Governmental Activities</u>	<u>Business Type Activities</u>	<u>Component Units</u>
Derivative Instrument	41,515	3,775	594
Deferred Charge of Refunding	89,050	55,947	155,298
Deferred Pension Expense	316,636	37,332	760,384
Deferred Outflow OPEB	85,790	10,643	96,588
Total	532,991	107,697	1,012,865

(Amounts in Thousands of USD)

<u>Deferred Inflows of Resources</u>	<u>Governmental Activities</u>	<u>Business Type Activities</u>	<u>Component Units</u>
Deferred Gain of Refunding	504	145	3,818
Deferred Pension Revenue	20,944	1,980	275,708
Deferred Inflow OPEB	80,605	9,992	110,897
Total	102,052	12,117	390,423

On the modified accrual statements, there were no deferred outflows and the City has three items that are reported in the Governmental Balance Sheet as deferred inflows: Unavailable Tax revenue, Unavailable Agency revenue and Unavailable Governmental revenue.

(Amounts in Thousands of USD)

<u>Deferred Inflows of Resources</u>	<u>General Fund</u>	<u>Grants Revenue Fund</u>	<u>Other Governmental Funds</u>
Unavailable Tax Revenue	122,386	-	364
Unavailable Agency Revenue	78,827	-	-
Unavailable Government Revenue	37,429	342,412	72,669
Total	238,642	342,412	73,033

11. COMPENSATED ABSENCES

It is the City's policy to allow employees to accumulate earned but unused vacation benefits. Vacation pay is accrued when earned in the *government-wide* financial statements and in the proprietary and fiduciary-fund financial statements. Sick leave balances are not accrued in the financial statements because sick leave rights are non-vesting.

12. CLAIMS AND JUDGMENTS

Pending claims and judgments are recorded as expenses in the *government wide* financial statements and in the proprietary and fiduciary fund financial statements when the City solicitor has deemed that a probable loss to the City has occurred. Claims and judgments are recorded as expenditures in the government fund financial statements when paid or when judgments have been rendered against the City.

13. UNEARNED REVENUE

GASB Statement No.65 prohibits the usage of the term "deferred" on any line items other than deferred inflows or outflows. Therefore, the term "Deferred Revenue" has been replaced by "Unearned Revenue". Unearned Revenue as reported in all the City's fund financial statements represents revenue received in advance with the exception of the General Fund. The General Fund reports two types of unearned revenue, Revenue Received in Advance (\$5.7 million) and Business Income and Receipts Tax (BIRT) (\$173.7 million).

14. NEW ACCOUNTING STANDARDS

In June 2015, **GASB issued Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions**. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (OPEB). This Statement replaces the requirements of Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions. It establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures. For defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Note disclosure and required supplementary information requirements about defined benefit OPEB also are addressed. This Statement is effective for fiscal years beginning after June 15, 2017. The City's adoption of Statement No. 75 resulted in a prior period adjustment and affects the reporting of net OPEB liabilities, deferred inflows of resources, deferred outflows of resources, and the recognition of OPEB expense in accordance with the provisions of the Statement.

In March 2016, **GASB issued Statement No. 81, Irrevocable Split-Interest Agreements**. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The requirements of this Statement are effective for reporting periods beginning after December 15, 2016. The adoption of this statement did not result in any significant changes to the City's financial statements.

In November 2016, **GASB issued Statement No. 83, Certain Asset Retirement Obligations**. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The City has not completed the process of evaluating the impact of adopting this Statement.

In January 2017, **GASB issued Statement No. 84, Fiduciary Activities**. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The City has not completed the process of evaluating the impact of adopting this Statement.

In March 2017, **GASB issued Statement No. 85, Omnibus 2017**. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]). The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. The adoption of this statement did not result in any significant changes to the City's financial statements.

In May 2017, **GASB issued Statement No. 86, Certain Debt Extinguishment Issues**. The objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources - resources other than the proceeds of refunding debt - are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. The adoption of this statement did not result in any significant changes to the City's financial statements.

In June 2017, **GASB issued Statement No. 87, Leases**. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The City has not completed the process of evaluating the impact of adopting this Statement.

In March 2018, GASB issued **Statement No. 88, Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements**. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This Statement requires that additional essential information related to debt be disclosed in notes to financial statements, including unused lines of credit; assets pledged as collateral for the debt; and terms specified in debt agreements related to significant events of default with finance-related consequences, significant termination events with finance-related consequences, and significant subjective acceleration clauses. For notes to financial statements related to debt, this Statement also requires that existing and additional information be provided for direct borrowings and direct placements of debt separately from other debt. The requirements of this Statement are effective for reporting periods beginning after June 15, 2018. The City has not completed the process of evaluating the impact of adopting this Statement.

In June 2018, GASB issued **Statement No. 89, Accounting for Interest Cost Incurred Before the End of a Construction Period**. The objectives of this Statement are to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5–22 of Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. This Statement also reiterates that in financial statements prepared using the current financial resources measurement focus, interest cost incurred before the end of a construction period should be recognized as an expenditure on a basis consistent with governmental fund accounting principles. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The City has not completed the process of evaluating the impact of adopting this Statement.

In August 2018, GASB issued **Statement No. 90, Majority Equity Interests—An Amendment of GASB Statements No. 14 and No. 61**. The primary objectives of this Statement are to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. For all other holdings of a majority equity interest in a legally separate organization, a government should report the legally separate organization as a component unit, and the government or fund that holds the equity interest should report an asset related to the majority equity interest using the equity method. This Statement establishes that ownership of a majority equity interest in a legally separate organization results in the government being financially accountable for the legally separate organization and, therefore, the government should report that organization as a component unit. This Statement also requires that a component unit in which a government has a 100 percent equity interest account for its assets, deferred outflows of resources, liabilities, and deferred inflows of resources at acquisition value at the date the government acquired a 100 percent equity interest in the component unit. Transactions presented in flows statements of the component unit in that circumstance should include only transactions that occurred subsequent to the acquisition. The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. The City has not completed the process of evaluating the impact of adopting this Statement.

II. LEGAL COMPLIANCE

1. BUDGETARY INFORMATION

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). In accordance with the Philadelphia Home Rule Charter, the City has formally established budgetary accounting control for its operating and capital improvement funds.

The operating funds of the City, consisting of the General Fund, nine Special Revenue Funds (County Liquid Fuels Tax, Special Gasoline Tax, HealthChoices Behavioral Health, Hotel Room Rental Tax, Grants Revenue, Community Development, Car Rental Tax, Housing Trust, and Acute Care Hospital Assessment Funds) and two Enterprise Funds (Water and Aviation Funds), are subject to annual operating budgets adopted by City Council. Included with the Water Fund is the Water Residual Fund. These budgets appropriate funds for all City departments, boards and commissions by major class of expenditure within each department. Major classes are defined as: personal services; purchase of services; materials and supplies; equipment; contributions, indemnities and taxes; debt service; payments to other funds; and advances and other miscellaneous payments. The appropriation amounts for each fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes (except for materials and supplies and equipment, which are appropriated together) must have council approval. Appropriations that are not expended or encumbered at year end are lapsed. Comparisons of budget to actual activity at the legal level of compliance are located in the City's *Supplemental Report of Revenues and Obligations*, a separately published report.

The City Capital Improvement Fund budget is adopted annually by the City Council. The Capital Improvement budget is appropriated by project for each department. All transfers between projects must be approved by City Council. Any funds that are not committed or expended at year end are lapsed. Comparisons of departmental project actual activity to budget are located in the City's *Supplemental Report of Revenues and Obligations*.

The budgetary comparison schedules presented differ from the modified accrual basis of accounting. These schedules differ from the GAAP basis statements in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures.

During the year, classification adjustments and supplementary appropriations were necessary for City funds. Therefore, budgeted appropriation amounts presented are as originally passed and as amended by the City Council. As part of the amendment process, budget estimates of City related revenues are adjusted and submitted to City Council for review. Changes in revenue estimates do not need City Council approval, but are submitted in support of testimony with regard to the appropriation adjustments. Revenue estimates are presented as originally passed and as amended.

III. DETAILED NOTES ON ALL FUNDS AND ACCOUNTS

1. DEPOSITS AND INVESTMENTS

A. City

City Deposits

State statutes require banks to collateralize City deposits at amounts equal to or in excess of the City's balance. Such collateral is to be held by the Federal Reserve Bank or the trust department of a commercial bank other than the pledging bank. At year-end, the bank balance for City deposits was \$603.5 million.

City Investments

The City has established a comprehensive investment policy that covers all funds other than the Municipal Pension Fund, Philadelphia Gas Works Retirement Reserve (PGW Pension Fund), and the Fairmount Park and Free Library Trust Funds. Those funds have separate investment policies designed to meet the long-term goals of the fund.

As of June 30, 2018, the total investments of the City, as well as both Pension Trust Funds and the Fairmount Park and Free Library Trust Funds, consisted of:

(Amount in Thousands)

Classification	City (1)	City Trust Funds	PGW Pension Fund	Municipal Pension Fund	Grand Total
State of PA - Invest Program	\$ 893	\$ -	\$ -	\$ -	\$ 893
Short-Term Investment Pools	475,805	703	14,702	88,925	580,135
Commercial Paper	379,321	-	-	-	379,321
U.S. Government Securities	1,689,825	87	44,696	222,855	1,957,463

Private Equity	-	-	-	487,072	487,072
Grand Total	\$ 3,157,303	\$ 7,944	\$ 546,953	\$ 5,208,328	\$ 8,920,528

(1) The City's investments do not include blended component units (PMA & PICA).

The City's investments include all operating, capital, debt service and debt service reserve accounts of the City's General Fund, Water Department and Aviation Division. All City investments must be in compliance with applicable provisions of the City Code and City bond resolutions, as well as the City's Investment Policy. The City's Investment Policy is meant to supplement the applicable provisions of the City Code and City bond resolutions and is reviewed and adopted by the City's Investment Committee. The City's Investment Committee consists of the Director of Finance, the City Treasurer, a representative from the Water Department, Aviation Division, and the Philadelphia Gas Works.

City Investments - Credit Risk

The City's policy to limit credit risks by limiting the type of allowable investment, as well as the maximum percent of the portfolio for each type of investment.

The City's investment in US Government securities (53.52%) or US Government Agency obligations (12.53%) are allowable investments up to 100% of the portfolio. The US Government Agency obligations must be rated AAA by Standard & Poor's Corp. (S&P) or Aaa by Moody's Investor Services. All US Government Securities meet the criteria.

The City's investment in commercial paper (12.01%) is limited to 25% of the portfolio and must be rated A1 by S&P or P1 by Moody's Investor's Services, Inc. (Moody's) and the senior long-term debt of the issuer must not be rated lower than A by S&P or Aa2 by Moody's. All commercial paper investments meet the criteria.

The City's investment in corporate bonds (6.26%) is limited to 25% of the portfolio and had a S&P rating of AAA to AA or Moody's rating of Aa2 or better. All corporate investments meet the criteria.

Short Term Investment Pools are rated AAA by S&P and Aaa by Moody's Investor Services. The Short Term Investment Pools' amortized cost-based net asset value per share/unit is the same as the value of the pool shares. Cash accounts are swept nightly and idle cash invested in money market funds (short term investment pools).

The City limits its foreign currency risk by investing in certificates of deposit and banker's acceptances issued or endorsed by non-domestic banks that are denominated in US dollars providing that the banking institution has assets of not less than \$100 million and has a Thompson's Bank Watch Service "Peer Group Rating" not lower than II. At the end of the fiscal year, the City did not have any investments of that nature.

To minimize custodial credit risk, the City's policy is to select custodian banks that are members of the Federal Reserve System to hold its investments. Delivery of the applicable investment documents to the City's custodian is required for all investments.

City Investments - Interest Rate Risk

The City's investment portfolio is managed to accomplish preservation of principal, maintenance of liquidity and maximize the return on the investments. To limit its exposure to fair value losses from rising interest rates, the City's investment policy limits fixed income investments to maturities of no longer than 2 years, except in Sinking Fund Reserve Portfolios.

(Amounts in Thousands)

Classifications	Less than 6 months	7 to 12 months	13 to 18 months	19 to 24 months	Total
Commercial Paper	\$ 350,280	\$ 29,041	\$ -	\$ -	379,321
U.S. Government Security	803,668	688,319	173,991	23,847	1,689,825

Corporate Bonds	43,081	77,563	54,661	22,370	197,675
Grand Total	\$ 1,383,244	\$ 893,364	\$ 300,717	\$ 103,281	\$ 2,680,606

City Investments – Fair Value Measurement

The City measures and records its investments using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability
- Level 3: Unobservable inputs for assets or liabilities

The City has the following recurring fair value measurements as of June 30, 2018:

- U.S. Treasury securities of \$1,689.8 million are valued using quoted prices from active markets (Level 1)
- U.S. Agency securities of \$395.6 million are valued using quoted prices for identical securities traded in active markets when sufficient activity exists (Level 2)
- Corporate bond securities of \$197.7 million are valued using quoted prices for similar securities in active markets and via matrix pricing models (Level 2)
- Commercial paper securities of \$379.3 million are valued using quoted prices for identical securities in markets that are not active and via matrix pricing models (Level 2)
- Municipal Debt/Other securities of \$18.2 million are valued using quoted prices for identical securities in markets that are not active and via matrix pricing models (Level 2)

The City's money market and short-term investment pools of \$476.7 million are valued at the published amortized cost-based net asset value per share/unit for each fund. There are no limitations or restrictions on withdrawals.

The Fairmount Park Trust Fund has the following recurring fair value measurements as of June 30, 2018:

- Equity Stock securities of \$0.7 million are valued using quoted prices from active markets (Level 1)
- ETF and Mutual funds of \$4.1 million are valued using quoted prices from active markets (Level 1)
- U.S. Treasury securities of \$0.1 million, U.S. Agency securities of \$0.1 million, Corporate bond securities of \$0.2 million are valued using quoted prices for identical securities traded in active markets when sufficient activity exists (Level 2)

The Free Library Trust Fund's mutual funds \$2.7 million is valued at the published net asset value per share/unit for each fund. There are no limitations or restrictions on withdrawals

Municipal Pension Fund

See Footnote IV. 1. PENSION PLANS A. (1) a. Cash Deposits, Investments and Securities Lending

Philadelphia Gas Works Retirement Reserve (PGWRR)

See Footnote IV. 1. PENSION PLANS A. (2) c. Summary of Significant Accounting Policies and Plan Asset Matters

B. Blended Component Units

1) PICA

Deposits:

The Authority's funds may be deposited in any bank that is insured by the Federal Deposit Insurance Corporation. To the extent that such deposits exceed federal insurance, the depositories must deposit (with their trust department or other custodians) obligations of the United States, the Commonwealth, or any other political subdivision of the Commonwealth to eliminate the risk of uninsured funds. Under Act 72 of 1971 Session of the Pennsylvania General Assembly (Act 72), as amended, the depositories may meet this requirement by pooling appropriate securities to cover all public funds on deposit with their institution.

At June 30, 2018, the Authority's deposits consist of the following:

		<i>(Thousands of USD)</i>
Cash		1,560.8
Certificates of deposit		3,675.0
		5,235.8
Total Deposits	<u>\$</u>	5,235.8

PICA's deposits include bank certificates of deposit that have a remaining maturity, at the time of purchase, of one year or less. US Treasury and Agency obligations with a remaining maturity of one year or less are classified as short-term investments.

Custodial Credit Risk – Custodial Credit Risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The Authority has no policy, other than noted above, that further limits its custodial risk. As of June 30, 2018, the Authority's book balance was \$5,235,791 and the bank balance was \$5,307,720. Of the bank balance, \$3,925,000 was covered by federal depository insurance and \$1,382,720 was collateralized under Act 72.

Interest Rate Risk – The Authority does not have a formal investment policy, other than as noted above, that further limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Fair Value of Investments - Investments and derivatives are recorded at fair value as of June 30, 2018. GASB Statement No. 72 – Fair Value Measurement and Application, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This statement establishes a hierarchy of valuation inputs based on the extent to which the inputs are observable in the marketplace. Inputs are used in applying the various valuation techniques and take into account the assumptions that market participants use to make valuation decisions. Inputs may include price information, credit data, interest and yield curve data, and other factors specific to the financial instrument. Observable inputs reflect market data obtained from independent sources. In contrast, unobservable inputs reflect the entity's assumptions about how market participants would value the financial instrument. Valuation techniques should maximize the use of observable inputs to the extent available. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following describes the hierarchy of inputs used to measure fair value and the primary valuation methodologies used for financial instruments measured at fair value on a recurring basis:

- Level 1 Investments whose values are based on quoted prices (unadjusted) for identical assets (or liabilities) in active markets that a government can access at the measurement date.
- Level 2 Investments with inputs – other than quoted prices included within Level 1 – that are observable for an asset (or liability), either directly or indirectly.
- Level 3 Investments classified as Level 3 have unobservable inputs for an asset (or liability) and may require a degree of professional judgment.

The following table summarizes PICA's investments within the fair value hierarchy at June 30, 2018:

Investment Type	Fair Value Measurements Using			Totals
	Level 1	Level 2	Level 3	
Money Market Funds	35,521,014	-	-	35,521,014
Commercial Paper	-	-	-	-
Mutual funds - bonds	-	-	-	-
US Treasury & Agency Obligations	16,083,259	-	-	16,083,259
Municipal Bonds	-	30,521,688	-	30,521,688
Total	51,604,273	30,521,688	-	82,125,961

Investment Derivative Instruments:

As of June 30, 2018, PICA's basis caps did not meet the criteria for effectiveness as a hedging instrument. Therefore, they are reported as investment derivative instruments.

Government Activities	Changes in Fair Value		Fair Value as of June 30, 2018		
	Classification	Amount	Classification	Amount	Notional Amount
2003 Basis Cap	Investment Income	8,253	Investment	450,765	47,910,000
1999 Basis Cap	Investment Income	17,874	Investment	1,068,295	89,130,000

PICA Series of 2003 and 1999 Basis Cap Agreements

PICA entered into two basis cap transactions with JPMorgan Chase Bank, one in June 2003 related to the 2003 swap and one in April 2004 related to the 1999 swaption. For the 2003 basis cap transaction, beginning June 15, 2003, the counterparty pays the Authority a fixed rate each month of .40% per year and the Authority will pay the counterparty a variable rate based on the greater of (a) the average of SIFMA for the month divided by one-month LIBOR less 70%, multiplied by the one-month LIBOR, times the notional amount times the day count fraction or (b) zero. The notional amount and term of the agreement equals the notional amount and term of the 2003 interest rate swap noted above.

For the 1999 basis cap transaction, beginning June 15, 2009, the counterparty will pay the Authority a fixed-rate each month of .46% per year and the Authority will pay the counterparty a variable rate based on the greater of (a) the average of SIFMA for the month divided by one-month LIBOR, less 70%, multiplied by one-month LIBOR, times the notional amount times the day count fraction or (b) zero. The notional amount and term of this agreement equals the notional amount and term of the 1999 interest rate swaption noted above. The objective of each basis cap is to generate income. If the ratio of SIFMA/LIBOR rises sharply, the anticipated benefit might not be realized.

Fair value: As of June 30, 2018, the 2003 Basis Cap had a positive fair value of \$450,765. This means that PICA would receive this amount to terminate the 2003 basis cap. As of June 30, 2018, the 1999 Basis Cap had a positive fair value of \$1,068,295. This means that PICA would receive this amount to terminate the 1999 basis cap. The fair values of the swaps were measured using the zero-coupon discount method and are categorized within Level 2 of the fair value hierarchy.

Termination Risk: The basis caps include an additional termination event based on credit ratings. The basis cap may be terminated by the Authority if the counterparty's ratings fall below A- or A3 and collateral is not posted within 15 days.

2) PHILADELPHIA MUNICIPAL AUTHORITY

INVESTMENTS AND DEPOSITS

The authority does not have a formally adopted investment policy; however, the terms of their bond indentures limit the investments in which the trustee can deposit funds. These limited investments include US government obligations, repurchase agreements for government obligations, certificates of deposits and other time deposit arrangements with financial institutions.

The investments of the Equipment Acquisition Fund were made in accordance with City investment policies and include money market funds, government securities, corporate bonds and debt obligations.

A summary of the investments at June 30, 2018 is as follows:

	(Thousands of USD)	
	Fair Value	Cost
Money Market Funds *	13,171	13,171
	\$ 13,171	\$ 13,171

- * Restricted for debt service or capital expenditures.

The Authority, through its trustees, invested the unexpended cash from the 2017 Juvenile Justice Center Bond Issue, the 2014 Philadelphia Municipal Authority Bond Issues, and the 2013 Energy Conservation and Direct Subsidy Bond Issues in money market funds during the year.

The Authority does not have a formally adopted investment policy related to credit risk, but it generally follows the practices of the City. As of June 30, 2018, the Authority had no investments in U.S. government securities. Investments in money market funds were not rated.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank or counterparty failure, the Authority's deposits or investments may not be returned to it. The Authority does not have a formal policy for custodial credit risk. However, it generally follows the practices of the City.

The Authority's depository cash accounts consisted of \$37,323 on deposit with two local banks as of June 30, 2018. Amounts are insured up to \$250,000 per bank by the Federal Deposit Insurance Corporation (FDIC). Deposits in excess of the FDIC limit are collateralized with securities held by the pledging financial institution's trust department or agent in the Authority's name. As of June 30, 2018, the Authority did not have uninsured deposits on hand.

Interest Rate Risk

Interest rate risk is the risk that an investment's value will change due to a change in the absolute level of interest rates, in the spread between two rates, in the shape of the yield curve or in any other interest rate relationship. Such changes usually affect securities inversely and can be reduced by diversifying or hedging. The Authority does not have a formal policy for interest rate risk. However, it generally follows the practices of the City.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement, not an entity-specific measurement. For some assets and liabilities, observable market transactions or market information might be available; for others, it might not be available. However, the objective of a fair value measurement in both cases is the same that is, to determine the price at which an orderly transaction to sell the asset or to transfer the liability would take place between market participants at the measurement date under current market conditions. Fair value is an exit price at the measurement date from the perspective of a market participant that controls the asset or is obligated for the liability.

The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels. Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for an asset or liability. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

The Authority's investments qualify as Level 1 investments.

C. Discretely Presented Component Units

1. Philadelphia Authority for Industrial Development Basis Swap

As of June 30, 2018, PAID's basis swap did not meet the criteria for effectiveness as a hedging instrument. Therefore, it is reported as an investment derivative instrument.

Investment Derivatives:					
Basis Swap	Investment Revenue	(876)	Investment	(797)	193,520

Objective: PAID entered into a basis swap that became effective on July 1, 2004, that provided PAID with ten equal payments of \$1.2 million with the first payment due on July 1, 2004. PAID executed the basis swap to create a benefit similar to entering into a synthetic refunding, using a swap based on a percentage of LIBOR, without having to issue bonds or eliminate future advance refunding opportunities. In July, 2006, a portion of the existing basis swap was restructured such that the variable rate received by PAID was converted from a percentage of one month LIBOR to a percentage of the five year LIBOR swap rate, on a forward starting basis. This was intended to provide for potentially significant long-term savings while also providing for a diversification of the City's variable rate index on its entire swap portfolio. The restructured portion of the swap was terminated in December 2009 at a benefit.

Terms: The original swap was executed with Merrill Lynch Capital Service Inc. ("MLCS") with payments based on an amortization schedule and an initial notional amount of \$298.5 million. The swap commenced on July 1, 2004 and matures on October 1, 2030. Under the swap, PAID pays a variable rate equal to the SIFMA Municipal Swap Index and receives a variable rate computed as 67% of one-month LIBOR + 20 basis points. PAID, also received ten equal payments of \$1.2 million from MLCS starting on July 1, 2004. Payments under this swap are a lease rental obligation of the City.

A portion of the original transaction in the amount of \$105 million was amended such that the variable payments received by PAID were computed as 62.89% of five-year LIBOR + 20 basis points (replacing 67% of one-month LIBOR + 20 basis points). The amendment effective date was October 1, 2006, with variable payments to be made (as described above) through October 1, 2020. On December 1, 2009, PAID terminated that portion of the swap that was subject to the amendment and received a termination payment of \$3,049,000.

As of June 29, 2018, the notional amount on the portion of the swap that was not amended was \$193.5 million.

Fair Value: As of June 29, 2018, the swap had a negative fair value of \$0.797 million. This means that PAID would have to pay this amount to terminate the swap. The fair value reflects the effect of non-performance risk, which includes credit risk. The fair value of the swap was measured using the income approach and is categorized within Level 2 of the fair value hierarchy.

Risks: As of June 29, 2018, PAID is not exposed to credit risk because the swap had a negative fair value. Should interest rates change and the fair value of the swap become positive, PAID would be exposed to credit risk in the amount of the swaps' fair value. The swap includes an additional termination event based on credit ratings. The swap may be terminated by PAID if the ratings of MLCS's guarantor (Merrill Lynch & Co.) falls below Baa3 or BBB- or the swap may be terminated by MLCS if the City's rating falls below Baa3 or BBB-. There is a 3-day cure period to these termination events.

The swap exposes PAID to basis risk, the risk that the relationship between one-month LIBOR and the SIFMA index may change from the historic pattern that existed when the swap was entered into. If SIFMA averages higher than 67% of one-month LIBOR plus 20 bps, the anticipated savings of the swap will be reduced and may not materialize.

2. School District of Philadelphia Basis Swaps

Objective, Terms, Fair Value and Accounting of Derivative Instruments:

The School District engaged an independent pricing service with no vested interest in the interest rate swap transactions to perform the valuations, and evaluation of the swaps for compliance with GASB Statement No. 53 "Accounting and Financial Reporting for Derivative Instruments". Fair values take into consideration the prevailing interest rate environment and the specific terms and conditions of each swap. All fair values were estimated using the zero-coupon discounting method. This method calculates the future payments required by the swap, assuming that the current forward rates implied by the yield curve are the market's best estimate of future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for a hypothetical zero-coupon rate bond due on the date of each future net settlement payment on the swaps. Fair values reflect the effect of non-performance risk, which includes The School District's credit risk.

The swaps where the School District pays and receives floating rates--basis swaps--are deemed investment instruments under GASB 53 and are accounted for as investment instruments.

The table below displays the objectives, terms, and fair values of the School District's derivative instruments outstanding as of June 30, 2018 along with the counterparties and their credit ratings.

Associated Bonds	Initial Notational	Current Notational	Effective Date	Maturity Date	Rate Paid	Rate Received	Fair Value	Bank Counterparty	Counterparty Ratings
Series 2006B & 2016A School Lease Revenue Bonds	\$150,000,000	\$150,000,000	11/30/2006	5/15/2033	SIFMA Swap Index	67% of US1	(\$612,615)	Wells Fargo Bank N.A.	Aa2/A+/AA
Series 2006B & 2016A School Lease Revenue Bonds	\$350,000,000	\$350,000,000	11/30/2006	5/15/2033	SIFMA Swap Index	67% of US1	(\$1,429,436)	JPMorgan Chase Bank, N.A.	Aa3/A+/AA
							<u>(\$2,042,051)</u>		

Basis risk/Interest rate risk.

The School District anticipated that, on average and over time, the BMA-based variable rate paid on the Basis Swaps will approximately equal (and therefore offset) the LIBOR-based variable rate received on the Basis Swaps, therefore leaving the School District as a net receiver with (i) net positive receipts from the fixed percentage spread and (ii) the up-front payment. The effect of the Basis Swaps is to compensate the School District for its assumption of tax risk in exchange for an expected interest expense reduction (i.e. the expected positive cash flows under the Basis Swaps). The School District receives a percentage of 1-Month LIBOR plus a spread of 0.2788% and pays the SIFMA tax-exempt rate, with the expectation of a 0.2788% net benefit over the life of the swap as long as tax rates remain the same. The historical average ratio of 1-Month LIBOR (short-term taxable rates) versus SIFMA Swap Rates (short-term tax-exempt rates), a direct function of income tax rates, is approximately 67%. Therefore, there needs to be a spread payable to the School District in exchange for 67% of LIBOR over the long term and this is the value of the benefit, the risk being tax rates change over the life of the basis swap. This additional receipt of 0.2788% to the School District is the expected benefit and reduction to interest cost on the associated bonds for the life of the basis swap transaction. From the date of execution of the two basis swaps through June 30, 2018, the net benefit to the School District has been \$16,401,318.

The value of such a swap is determined by the prevailing level of taxable interest rates received versus the level of tax-exempt interest rates paid.

Credit risk:

This is the risk that the counterparty fails to perform according to its contractual obligations. The appropriate measurement of this risk, at the reporting date, is the total mark-to-market value of swaps netting, or aggregating, under a contract between the School District and each counterparty. The School District would be exposed to credit risk on derivative instruments under a netting agreement that would total to an asset position. As of June 30, 2018, the School District has no credit risk exposure on the remaining two basis swap contracts because the swaps under each netting agreement with each counterparty have negative mark-to-market values. This means the counterparties are exposed to the School District in the amount of the derivatives' mark-to-market values, a total negative mark-to-market value of \$2,695,560 as of June 30, 2018. However, should interest rates change and the fair values of the swaps become positive, the School District would be exposed to credit risk.

The basis swap agreements contain varying collateral agreements with the counterparties. The swaps require collateralization of the fair value of the swap should the counterparty's credit rating fall below the applicable thresholds.

Termination risk:

Only the School District may terminate the two existing basis swaps if the counterparty fails to perform under the terms of the respective contracts. If at the time of termination, the swaps have a negative fair value, the School District would be liable to the counterparty for a payment equal to the swap's fair value.

2. SECURITIES LENDING

A. GOVERNMENTAL FUNDS:

The City Treasurer is prohibited from lending or selling city-owned securities with an agreement to buy them back after a stated period of time (City of Philadelphia - Investment Policy Section VI. Investment Restrictions)

B. PENSION TRUST FUNDS

1. City Plan (Municipal Pension Fund):

- The Board of Directors of the Municipal Pension Fund has authorized management of the Fund to participate in securities lending transactions.
- See Footnote IV. 1. PENSION PLANS A. (1) e. Cash Deposits, Investments and Securities Lending

2. Philadelphia Gas Works (PGW) Plan

- The Board of Directors of the Sinking Fund Commission on behalf of Philadelphia Gas Works Retirement Reserve Fund ("PGWRR") has authorized the management of these funds to participate in securities lending transactions.
- As of June 1, 2014, the Plan no longer participates in a securities lending program. In December 2011, Wells Fargo, the custodian of the Plan, with the written consent of the Plan, assigned the securities lending program to Citibank. The agreement between the parties gave both parties the right to terminate the arrangement with at least 15 days' notice. On May 9, 2014, Citibank gave written communication to the Plan that they wished to terminate the arrangement effective June 1, 2014.

3. AMOUNTS HELD BY FISCAL AGENT

Two of the City's component units (**PAID** and **PRA**) have issued debt that, in accordance with GASB Interpretation #2, is considered conduit debt. Therefore, no asset related to the bond proceeds or liability related to the bonds is shown on their respective financial statements. However, since the City, through various agreements is responsible for the debt, the proceeds of the issuance are shown as assets of the City.

A. GOVERNMENTAL FUNDS

General Fund consists of cash and investment balances related to the net proceeds of PAID's Sports Stadium Financing Lease 2007 Series B Revenue Bonds, PAID's City Service Agreement Refunding Revenue Series Bond 2012, PAID's City Service Agreement Series 2014B for the Philadelphia School District, PAID's City Agreement - Cultural & Commercial Corridor Program - Revenue Refunding Series Bond 2016A, PAID's City Agreement - Philadelphia Central Library Project - Revenue Refunding Series Bond 2016B, PAID's City Service Agreement - Affordable Housing Preservation 2017 Series Bonds, PAID's City Service Agreement - Museum of Art Series 2018A Revenue Bonds & City Service Agreement - One Parkway Series 2018B Revenue Refunding Bonds.

Grants Revenue Fund - Consists of cash and investment balances related to the net proceeds of the **PRA's** City of Philadelphia Neighborhood Transformation Initiative Bonds.

B. PROPRIETARY FUNDS

There are no amounts reported for fiscal year 2018 - Proprietary Funds.

4. INTERFUND RECEIVABLES AND PAYABLES

A. PRIMARY GOVERNMENT

Interfund receivable and payable balances among Primary Government funds at year-end are the result of the time lag between the dates that interfund goods and services are provided, the date the transactions are recorded in the accounting system and the date payments between funds are made. All balances are expected to be settled during the subsequent year. Interfund receivable and payable balances within the Primary Government at year-end are as follows:

(Amounts in Thousands)

	Interfund Receivables Due to:				Total
	Non major Governmental				
	General	Special Revenue	Pension Fund	Other Funds	
Interfund Payables Due From:					
General	\$ -	\$ -	\$ 98,235	\$ 699	\$ 98,934

* - In 2014, a capital project was funded through the issuance of the Philadelphia Municipal Authority Bonds 2014 in the amount of \$65,155,000 for the land acquisition, selective demolition, remediation, renovation and equipping of a building at 4601 Market Street, where the City planned to move its police headquarters, formally known as the Public Safety Services Campus. The first phase of the project began in 2015. In May 2017, the Authority was notified that the City may no longer relocate the police headquarters to this building. In 2018, Philadelphia Industrial Development Corporation (PIDC), on behalf of the City, issued a Request for Quote to acquire and redevelop this property. In February 2019, legislation was passed that authorized the sale of the building. The fair value of the property was determined to be \$10,000,000. As a result, an impairment adjustment of \$38,387,141 was made to reduce the carrying value of the property to \$10,000,000.

** - Note that the beginning balances of the accumulated depreciation for "Buildings" has been adjusted by an increase of \$8 million, this was due to a prior period adjustment resulting from an error in prior period removal.

*** - Note that the beginning balances of the accumulated depreciation for "Other Improvements" has been adjusted by \$2 million, this was due to a prior period adjustment resulting from an error in prior period removal.

(1) The Philadelphia Parking Authority adjusted their FY18 capital assets' beginning balances for a net adjustment of \$1.5 million.

6. NOTES PAYABLE

The Aviation Fund established a commercial paper (CP) program, which closed on January 1, 2013, in the amount of \$350 million to provide funding for capital projects currently approved by the airlines. CP is a short-term financing tool with a maximum maturity of 270 days. The Philadelphia International Airport's CP Program will enable projects to be financed on an as-needed basis; lower the Airport's cost of borrowing, as amounts drawn can be closely matched to capital cash flow requirements; and limit negative arbitrage during the construction period for projects. CP Notes will be "rolled over" until long-term bonds are issued to refund the outstanding commercial paper. There were \$141.2 million notes outstanding at June 30, 2018.

Pursuant to a contract between the City and the United States Department of Housing and Urban Development (HUD), the City borrows funds through the HUD Section 108 loan program for the purpose of establishing loan pools to finance qualifying businesses and specific development projects. These funds are placed in custodial accounts established by the Philadelphia Industrial Development Corporation (PIDC), as designee of the City, and are being administered on behalf of the City by PIDC. While the City is the primary borrower, PIDC, acting as the City's designee, makes the repayments on the City's HUD Section 108 Notes Payable. Loan repayments and investment proceeds from un-loaned funds are used to repay the Notes Payable. If there is a deficiency in these resources, the City authorizes PIDC to use Community Development Block Grant (CDBG) program income funds on hand at PIDC to repay the Notes Payable. From fiscal year 2006 through 2018, \$12.8 million of CDBG program income funds had been used to repay the debt. Collateral for repayment of the HUD Section 108 loans includes future CDBG entitlements due to the City from HUD.

As of June 30, 2018, HUD had disbursed \$198.6 million in loans to PIDC and the amount of outstanding HUD Section 108 Notes Payable was \$78.47 million. In connection with this Notes Payable, a corresponding receivable due from PIDC has been recorded under Other Assets on the Governmental Activities Statement of Net Position. The total amount of loans made from HUD to PIDC and amount of HUD loans that are left to be repaid differ from the amounts disclosed in the PIDC 12/31/17 audit report, as PIDC's audit reports are done on a calendar year basis and the HUD Contingent Liability Report is done on a fiscal year basis.

Scheduled repayments of the HUD Section 108 Notes Payable for the next five years and thereafter as of June 30, 2018 are as follows:

<u>Year ending June 30,</u>	
2018	12,314,000
2019	3,686,000
2020	3,856,000
2021	4,190,000
2022	4,404,000
Thereafter	<u>50,022,000</u>
Total	<u>\$ 78,472,000</u>

PGW, Pursuant to the provisions of the City of Philadelphia Note Ordinances, PGW may sell short-term notes to either support working capital requirements or pay the costs of certain capital projects and other project costs. PGW may issue short-term notes in a principal amount, which, together with interest, may not exceed \$150.0 million outstanding to support working capital requirements. PGW may also issue additional short-term notes in an aggregate principal amount, which may not exceed \$120.0 million outstanding at any time to pay the costs of certain capital projects and other project costs. As of December 1, 2017, all notes are supported by a Note Purchase and Credit Agreement and a security interest in PGW's revenues. Prior to that, all notes were supported by two irrevocable letters of credit and a security interest in PGW's revenues. The Note Purchase and Credit Agreement supporting PGW's combined commercial paper programs set the maximum level of outstanding notes plus interest at \$120.0 million in FY 2018. The letters of credit supporting PGW's combined commercial paper programs set the maximum level of outstanding notes plus interest at \$120.0 million in FY 2017. There were no Gas Works Revenue Capital Project Commercial Paper Notes (Capital Project Notes) or Gas Works Revenue Notes outstanding at August 31, 2018 and 2017, respectively. The commitment amount is \$120.0 million under the current credit agreements. The expiration date of the credit agreements is December 31, 2021.

PPA, On January 29, 2015, The Authority borrowed \$6,000,000 for the Philadelphia Airport Parking Garage Project in anticipation of a future bond financing. The structure of the loan is a tax-exempt bond anticipation note to be paid over a two-year period at a fixed interest rate of 1.017% and matures April 1, 2018. The balance of the note payable at March 31, 2018 is \$4,793,700.

On March 31, 2016, The Authority borrowed \$15,000,000 for the Philadelphia Airport Parking Garage in anticipation of a future bond financing. The structure of the loan is a tax-exempt bond anticipation note to be paid over a two-year period at a variable interest rate equal to 67% of 1-month LIBOR Rate plus 0.60% (60 basis points) and matures April 1, 2018. The balance of the note payable at March 31, 2018 is \$13,488,093.

The terms of these notes were modified on April 1, 2018, to extend the due date of the notes to April 1, 2020. The notes bear a variable interest rate equal to 80% of LIBOR Rate plus 1.09%.

The aggregate annual principal and sinking fund payments of debt at March 31, 2018 are as follows:

Fiscal Year Ending March 31,	Revenue Bonds		Notes Payable		Total
	Principal	Interest	Principal	Interest	
2019	\$ 14,520,515	\$ 5,729,890	\$ 18,281,793	\$ 17,940	\$ 38,550,138
2020	15,030,515	5,042,824			20,073,339
2021	15,635,515	4,295,497			19,931,012
2022	13,915,515	3,578,097			17,493,612
2023	14,575,515	2,879,179			17,454,694
2024 - 2028	38,237,573	6,578,399			44,815,972
2029 - 2030	17,289,742	863,572			18,153,314
	<u>\$ 129,204,890</u>	<u>\$ 28,967,458</u>	<u>\$ 18,281,793</u>	<u>\$ 17,940</u>	<u>\$ 176,472,081</u>

7. DEBT PAYABLE

A. PRIMARY GOVERNMENT LONG-TERM DEBT PAYABLE

(1) Governmental Debt Payable

The City is subject to a statutory limitation established by the Commonwealth of Pennsylvania for bonded indebtedness (General Obligation Bonds) payable principally from property taxes. As of June 30, 2018, the statutory limit for the City is \$8.0 billion, the General Obligation Debt, net of deductions authorized by law, is \$2.1 billion; leaving a legal debt borrowing capacity of \$5.9 billion. Termination Compensation costs and Worker's Compensation claims are paid by whichever governmental fund incurs them. Indemnity claims are typically paid by the General Fund. The following schedule reflects the changes in long-term liabilities for the fiscal year:

Long Term Debt Governmental Changes - Primary Government

(Amounts In Millions of USD)

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental Activity					
Bonds Payable - General Obligation Bonds					
Term Bonds	5.2	23.7	(0.3)	28.6	13.8

Governmental Activity Long-term Liabilities	10,161.8	2,313.4	(764.5)	11,710.7	326.6

In addition, both blended component units have debt that is classified on their respective balance sheets as General Obligation debt payable. The following schedule summarizes the General Obligation Bonds outstanding for the City, the PMA and PICA:

(Amounts in Millions of USD)

	Interest			Principal			Due Dates		
	Rates								
Governmental Funds:									
City	3.000 %	to	5.450 %	1,609.7	Fiscal	2019	to	2042	
PMA	2.000 %	to	5.500 %	166.8	Fiscal	2019	to	2044	
PICA	4.000 %	to	5.000 %	168.5	Fiscal	2019	to	2023	
				<u>1,945.0</u>					

- In August 2017, the City issued \$331.6 million of General Obligation Bonds Series 2017A. The total proceeds were \$379.7 million (including a premium of \$48.1 million). The proceeds of the sale were used to fund the City's capital projects and to refund the Series 2009A, 2011 and 2013A Bonds. The interest rates of the Bonds that were refunded ranged from 4.75% to 6.0%. The interest rates of the newly issued Bonds ranged from 3% to 5%. The transaction resulted in a total savings to the City of \$9.9 million over the next 20 years. The difference between the present value of the debt service payments on the old debt versus the new debt (economic gain) was \$7.5 million.

The City has General Obligation Bonds authorized and un-issued at year-end of \$491.2 million for Governmental Funds. The debt service through maturity for the Governmental GO Debt is as follows:

(Amounts in Millions of USD)

Fiscal	City Fund		Blended Component Units			
	General Fund		PMA		PICA

(1) The Business Type Activity Long-Term Liabilities beginning balance has been adjusted to reflect the implementation of GASB No 75.

The City has General Obligation Bonds authorized and un-issued at fiscal year-end of \$303.6 million. This includes \$211.6 million for the Enterprise Funds and \$92 million for **PGW**.

Several of the City's Enterprise Funds have issued debt payable from the revenues of their entity. The following schedule summarizes the Revenue Bonds outstanding at year end:

(Amounts in Millions of USD)

	Interest Rates	Principal	Due Dates
Water Fund	1.193 % to 5.250 %	1,824.5	Fiscal 2019 to 2053
Aviation Fund	3.000 % to 5.250 %	1,597.2	Fiscal 2019 to 2048
Total Revenue Debt Payable		3,421.7	

- In August 2017, the City issued \$174.1 million of Water and Wastewater Revenue Bonds Series 2017B Bonds to refund the outstanding Series 2007B, 2010C and 2012 Bonds in the amount of \$216.1 million and to pay the costs of issuing the Series 2017B Bonds. The total proceeds of the 2017B Bonds were \$209.5 million (which includes a premium of \$35.4 million). The interest rates of the bonds that were refunded ranged from 3.75% to 5.0%. The interest rates of the newly issued bonds range from 2.0% to 5.0%. The transaction resulted in a total savings to the City of \$60.5 million over the next 18 years, the economic gain was \$47.6 million.
- In December 2017, the City issued \$692.5 million of Airport Revenue Bonds Series 2017 Bonds to refund the outstanding Series 2007A, 2007B and 2009A Bonds in the amount of \$226.5 million, to refund certain outstanding commercial paper notes, to pay for a portion of the Airport Capital Projects, to provide for capitalized interest on a portion of the 2017 Bonds, to fund a deposit to the Airport Sinking Fund Reserve Account and to pay the costs of issuing the Series 2017 Bonds. The total proceeds of the 2017 Bonds were \$795.4 million (which includes a premium of \$102.9 million). The interest rates of the bonds that were refunded ranged from 4.0% to 5.375%. The interest rates of the newly issued bonds range from 3.0% to 5.0%. The transaction resulted in a total savings to the City of \$17.0 million over the next 20 years, the economic gain was \$13.6 million.
- In July 2010, the City of Philadelphia - Water Department received approval from the Pennsylvania State Infrastructure Financing Authority ("PENNVEST") for the Green Infrastructure Project (Series 2010B); bringing the total financing from PENNVEST to \$214.9 million. During fiscal year 2018, PENNVEST draw-downs totaled \$1.8 million. The funding is through low interest loans of 1.193% during the construction period and for the first five years of amortization (interest only payment is due during the construction period up to three years) and 2.107% for the remaining fifteen years. Individual loan information is as follows:

<u>Date</u>	<u>Series</u>	<u>Maximum Loan Amount</u>	<u>Amount Received Through 6/30/18</u>	<u>Current Balance Outstanding 6/30/18</u>	<u>Purpose</u>
Oct 2009	2009B	42,886,030	31,216,779	19,409,742	Water Plant Improvements
Oct 2009	2009C	57,268,193	49,157,776	33,624,172	Water Main Replacements

Totals	1,824.5	1,253.5	1,597.2	902.9

(3) Defeased Debt

As of the current fiscal year-end, the City defeased certain bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements. At year end, bonds outstanding pertaining to the following funds are considered defeased

(Amounts in Millions of USD)

Governmental Funds:	
General Obligation Bonds	384.0
Enterprise Funds:	
Water Fund Revenue Bonds	211.0
	<u>595.0</u>

(4) Short -Term Borrowings

The City has statutory authorizations to negotiate temporary loans for periods not to extend beyond the fiscal year. The City borrows funds to pay debt service and required pension contributions due before the receipt of the real estate taxes. The City borrowed and repaid \$125 million in Tax Revenue Anticipation Notes by June 2018 plus interest. In accordance with statute, there are no temporary loans outstanding at year-end.

(Amounts in Millions of USD)

Tax Revenue Anticipation Notes:	
Balance July 1, 2017	-
Additions	125.0
Deletions	<u>(125.0)</u>
Balance June 30, 2018	<u>-</u>

(5) Arbitrage Liability

The City has several series of General Obligation and Revenue Bonds subject to federal arbitrage requirements. Federal tax legislation requires that the accumulated net excess of interest income on the proceeds of these issues over interest expense paid on the bonds be paid to the federal government at the end of a five-year period. At June 30, 2018, the City had no arbitrage liability.

(6) Derivative Instruments

Beginning in FY 2010, the City of Philadelphia adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 53, *Accounting and Financial Reporting for Derivative Instruments*. The fair value balances and notional amounts of derivative instruments outstanding at June 30, 2018, classified by type, and the changes in fair value of such derivatives are as follows:

(Amounts in thousands)

<u>Governmental Activities</u>	Changes in Fair Value		Fair Value at June 30, 2018		
	Classification	Amount	Classification	Amount	Notional
Cash Flow Hedges:					
Pay fixed interest rate swaps	Deferred Outflow	(5,199)	Debt	(15,244)	100,000

Fair Value (4)	(\$15,244,279)	(\$3,711,339)	(\$2,675)

1. On 7/28/2009, the City terminated a portion of the swap in the amount of \$213,505,000 in conjunction with the refunding of its Series 2007B bond with the Series 2009A fixed rate bonds. The City made a termination payment of \$15,450,000 to RBC.
2. The City received an upfront payment of \$6,536,800 for the related swaption. JPM exercised its option to enter into the swap on 6/15/2005. The swap includes a knock-out option whereby JPM has the right to terminate the swap if the 180-day SIFMA average exceeds 7.00%.
3. The City received an upfront payment of \$4,000,000 for the related swaption. Citigroup exercised its option to enter into the swap on 5/4/2005. Under the swap, the City receives the bond rate or 68.5% of 1-month LIBOR in the event of an Alternative Floating Rate Date. An Alternative Floating Rate Date has been triggered and the City is currently receiving the LIBOR-based rate.
4. Fair values are shown from the City's perspective and include accrued interest

a. City of Philadelphia 2009B General Obligation Bond Swap

Objective: In December 2007, the City entered into a swap to synthetically refund all or a portion of several series of outstanding bonds. The swap structure was used as a means to increase the City's savings when compared with fixed-rate bonds at the time of issuance. The intention of the swap was to create a synthetic fixed-rate structure. On July 28, 2009, the City terminated approximately \$213.5 million of the swap, fixed out the bonds related to that portion and kept the remaining portion of the swap, as well as, the related bonds as variable rate bonds backed with a letter of credit. The City paid a swap termination payment of \$15.5 million to RBC.

Terms: The swap was originally executed with Royal Bank of Canada (RBC), commenced on December 20, 2007, and will terminate on August 1, 2031. Under the swap, the City pays a fixed rate of 3.829% and receives the SIFMA Municipal Swap Index. The payments are based on an amortizing notional schedule (with an original notional amount of \$ 313.5 million). The swap confirmation was amended and restated effective August 13, 2009 to reflect the principal amount of the 2009B bonds, with all other terms remaining the same. As of June 29, 2018, the swap had a notional amount of \$100 million and the associated variable rate bonds had a \$100 million principal amount. The bonds mature in August 2031.

Fair Value: As of June 29, 2018, the swap had a negative fair value of \$15.24 million. This means that the City would have to pay this amount to terminate the swap. The fair value reflects the effect of non-performance risk, which includes credit risk. The fair value of the swap was measured using the income approach and is categorized within Level 2 of the fair value hierarchy.

Risk: As of June 29, 2018, the City was not exposed to credit risk because the swap has a negative fair value. Should interest rates change and the fair value of the swap become positive, the City would be exposed to credit risk in the amount of the swap's fair value. The City is exposed to traditional basis risk should the relationship between SIFMA and the bonds change; if SIFMA resets at a rate below the variable rate bond coupon payments, the synthetic interest rate on the bonds will increase.

The swap includes an additional termination event based on credit ratings. The swap may be terminated by the City if the rating of RBC falls below Baa3 or BBB- or by RBC if the rating of the City falls below Baa3 or BBB-. There are 30-day cure periods to these termination events. However, because the City's swap payments are insured by Assured Guaranty Municipal Corp. (formerly FSA), no termination event based on the City's ratings can occur as long as Assured is rated at least A3 and A-.

As of June 29, 2018, the rates were:

<u>Term</u>	<u>Rates</u>
Interest Rate Swap	
Fixed payment to RBC under swap	Fixed 3.82900%
Variable rate payment from RBC under swap	SIFMA -1.51000%
Net interest rate swap payments	2.31900%
Variable rate bond coupon payments	Weekly reset 1.50000%
Synthetic interest rate on bonds	3.81900%

Swap payments and associated debt:

As of June 29, 2018, debt service requirements of the variable-rate debt and net swap payments for their term, assuming the above current interest rates remain the same, were as follows:

<u>Fiscal Year Ending</u>	<u>Variable Rate Bonds</u>		<u>Interest Rate</u>	<u>Total Interest</u>
<u>June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Swaps Net</u>	
2019	\$0	\$1,500,000	\$2,319,000	\$3,819,000
2020	0	1,500,000	2,319,000	3,819,000
2021	0	1,500,000	2,319,000	3,819,000
2022	0	1,500,000	2,319,000	3,819,000
2023	0	1,500,000	2,319,000	3,819,000
2024-2028	30,535,000	7,500,000	11,595,000	19,095,000
2029-2032	69,465,000	2,656,800	4,107,413	6,764,213
Total:	\$100,000,000	\$17,656,800	\$27,297,413	\$44,954,213

(1) PAID received annual fixed payments of \$1,216,500 from 7/1/2004 through 7/1/2013. The constant maturity swap that was an amendment to this was terminated on 12/1/2009. The City received a payment of \$3,049,000.

(2) On 5/3/2014, PAID converted a portion of the 2007B SIFMA Swap with JPMorgan to a LIBOR-based swap whereby PAID pays a fixed rate of 3.62% and receives a floating rate of 70% of 1-month LIBOR.

(3) On 5/3/2014, PAID converted a portion of the 2007B SIFMA Swap with MLCS to a LIBOR-based swap whereby PAID pays a fixed rate of 3.632% and receives a floating rate of 70% of 1-month LIBOR.

(4) Fair values are shown from the City's perspective and include accrued interest.

b. Philadelphia Authority for Industrial Development (PAID) 2007B and 2014A Swaps

Objective: In October 2007, **PAID** entered into two swaps to synthetically refund **PAID**'s outstanding Series 2001B bonds. The swap structure was used as a means to increase **PAID**'s savings when compared with fixed-rate bonds at the time of issuance. The intention of the swaps was to create a synthetic fixed-rate structure.

Terms: The total original notional amount of the two swaps was \$289.7 million which matched the principal amount of the 2007B bonds issued. One swap, with a notional amount of \$217.3 million, was executed with JP Morgan Chase Bank. The other swap, with a notional amount of \$72.4 million was executed with Merrill Lynch Capital Services, Inc. Both swaps commenced on October 25, 2007 and will terminate on October 1, 2030. Under the swaps, **PAID** pays a fixed rate of 3.9713% and receives the SIFMA Municipal Swap Index. The payments are based on an amortizing notional schedule.

In May 2014, **PAID** fully refunded the 2007B-1 bonds with the 2014A bonds, a directly purchased note. The 2014As pay interest on a LIBOR-linked index. Concurrently, the two swaps were amended such that the floating rate index on the portions allocable to the 2007B-1 bonds were converted from SIFMA to the same LIBOR-based index as the 2014A bonds. One of the LIBOR-based swaps, with a notional amount of \$87.96 million, was documented under a separate trade confirmation with JP Morgan Chase Bank. The other LIBOR-based swap, with a notional amount of \$29.31 million, was documented under a separate trade confirmation with Merrill Lynch Capital Services, Inc. Under the LIBOR-based swaps, **PAID** pays a fixed rate of 3.62% and 3.632% (to JPMorgan and Merrill Lynch, respectively), and receives 70% of 1-month LIBOR. The payments are based on an amortizing notional schedule.

In July 2014, **PAID** refunded the 2007B-4 bonds, and terminated the allocable portions of the SIFMA-based swaps. **PAID** terminated \$41.56 million of notional of the JP Morgan SIFMA-based swap and \$13.84 million of notional of the Merrill Lynch SIFMA-based swap, representing the 2015-2018 maturities of each, and paid a total termination payment of \$5.56 million. Costs to finance this termination payment were more than offset by refunding savings generated on the bonds, so the City will receive positive cashflow savings from the transaction in every fiscal year that the bonds are outstanding.

As of June 29, 2018, the swaps together had a notional amount of \$234.3 million which matched the principal amount of the associated variable rate bond deals. Payments under these swaps are lease rental obligations of the City.

Fair Value: As of June 29, 2018, the SIFMA-based swap with JP Morgan Chase Bank had a negative fair value of \$10.332 million, the SIFMA-based swap with Merrill Lynch Capital Services, Inc. had a negative fair value of \$3.443 million, the LIBOR-based swap with JP Morgan Chase Bank had a negative fair value of \$9.357 million and the LIBOR-based swap with Merrill Lynch Capital Services had a negative fair value of \$3.140 million. This means that **PAID** would have to pay these amounts to terminate the swaps. The fair values reflect the effect of non-performance risk, which includes credit risk. The fair values of the swaps were measured using the income approach and are categorized within Level 2 of the fair value hierarchy.

Risks: As of June 29, 2018, **PAID** was not exposed to credit risk because the swaps had a negative fair value. Should interest rates change and the fair value of the swaps become positive, **PAID** would be exposed to credit risk in the amount of the swaps' fair value. The City is subject to traditional basis risk on the SIFMA-based swaps should the relationship between SIFMA and the bonds change; if SIFMA resets at a rate below the variable rate bond coupon payments, the synthetic interest rate on the bonds will increase.

The swaps include an additional termination event based on credit ratings. The swaps may be terminated by **PAID** if the rating of the respective counterparty on the swaps falls below Baa3 or BBB- or by the respective counterparties if the underlying rating on the associated bonds falls below Baa3 or BBB-. There are 30-day cure periods to these termination events. The City's swap payments are insured by FGIC.

As of June 29, 2018, the rates for the JPMorgan SIFMA-based swap were:

<u>Term</u>	<u>Rates</u>	
Interest Rate Swap		
Fixed payment to JP Morgan	Fixed	3.97130%
Variable rate payment from JP Morgan	SIFMA	-1.51000%
Net interest rate swap payments		2.46130%
Variable rate bond coupon payments	Weighted Average Weekly resets	1.48762%
Synthetic interest rate on bonds		3.94892%

As of June 29, 2018, the rates for the Merrill Lynch SIFMA-based swap were:

<u>Term</u>	<u>Rates</u>	
Interest Rate Swap		
Fixed payment to MLCS	Fixed	3.97130%
Variable rate payment from MLCS	SIFMA	-1.51000%
Net interest rate swap payments		2.46130%
Variable rate bond coupon payments	Weighted Average Weekly Resets	1.48762%
Synthetic interest rate on bonds		3.94892%

As of June 29, 2018, the rates for the JP Morgan LIBOR-based swap were:

<u>Term</u>	<u>Rates</u>	
Interest Rate Swap		
Fixed payment to JP Morgan	Fixed	3.62000%
Variable rate payment from JP Morgan	70% of 1-month LIBOR	-1.46318%
Net interest rate swap payments		2.15683%
Variable rate bond coupon payments	70% of 1-month LIBOR + fixed spread	1.46318% *
Synthetic interest rate on bonds		3.62000%

*Excludes fixed spread, which is similar to the City's expected Letter of Credit costs on a comparable variable rate bond

As of June 29, 2018, the rates for the Merrill Lynch LIBOR-based swap were:

<u>Term</u>	<u>Rates</u>	
Interest Rate Swap		
Fixed payment to MLCS	Fixed	3.63200%
Variable rate payment from MLCS	70% of 1-month LIBOR	-1.46318%
Net interest rate swap payments		2.16883%
Variable rate bond coupon payments	70% of 1-month LIBOR + fixed spread	1.46318% *
Synthetic interest rate on bonds		3.63200%

*Excludes fixed spread, which is similar to the City's expected Letter of Credit costs on a comparable variable rate bond

Swap payments and associated debt:

As of June 29, 2018, debt service requirements of the variable-rate debt and net swap payments for their term, assuming the above current interest rates remain the same, were as follows:

<u>Fiscal Year Ending</u>	<u>Variable Rate Bonds</u>		<u>Interest Rate</u>	<u>Total Interest</u>	
	<u>June 30</u>	<u>Principal</u>	<u>Interest</u>		<u>Swaps Net</u>
2019		\$0	\$3,456,533	\$5,412,778	\$8,869,312
2020		15,355,000	3,456,533	5,412,778	8,869,312
2021		16,015,000	3,229,989	5,058,029	8,288,018
2022		16,695,000	2,993,707	4,688,030	7,681,737
2023		17,405,000	2,747,391	4,302,319	7,049,710
2024-2028		98,820,000	9,658,552	15,125,083	24,783,634
<u>2029-2031</u>		<u>69,990,000</u>	<u>2,093,948</u>	<u>3,279,107</u>	<u>5,373,055</u>
Total:		\$234,280,000	\$27,636,654	\$43,278,124	\$70,914,778

c. Philadelphia Airport Swap

Objective: In April 2002, the City entered into a swaption that provided the City's Aviation Department (the Philadelphia Airport) with an up-front payment of \$6.5 million. As a synthetic refunding of its 1995 Bonds, this payment approximated the present-value savings as of April, 2002, of refunding on June 15, 2005, based upon interest rates in effect at the time. The swaption gave JP Morgan Chase Bank the option to enter into an interest rate swap with the Airport whereby JP Morgan would receive fixed amounts and pay variable amounts.

Terms: JP Morgan exercised its option to enter into a swap on June 15, 2005, and the swap commenced on that date. Under the swap, the Airport pays multiple fixed swap rates (starting at 6.466% and decreasing over the life of the swap to 1.654%). The payments are based on an amortizing notional schedule (with an initial notional amount of \$189.5 million) and when added to an assumption for remarketing, liquidity costs and cost of issuance were expected to approximate the debt service of the refunded bonds at the time the swaption was entered into. The swap's variable payments are based on the SIFMA Municipal Swap Index. If the rolling 180-day average of the SIFMA Municipal Swap Index exceeds 7.00%, JP Morgan Chase has the option to terminate the swap.

As of June 29, 2018, the swap had a notional amount of \$99.3 million and the associated variable-rate bonds had a \$99.3 million principal amount. The bonds' variable-rate coupons are not based on an index but on remarketing performance. The bonds mature on June 15, 2025. The swap will terminate on June 15, 2025 if not previously terminated by JP Morgan Chase.

Fair Value: As of June 29, 2018, the swap had a negative fair value of \$3.71 million. This means that if the swap terminated today, the Airport would have to pay this amount to JP Morgan Chase. The fair value reflects the effect of non-performance risk, which includes credit risk. The fair value of the swap was measured using the income approach and is categorized within Level 2 of the fair value hierarchy.

Risk: As of June 29, 2018, the Airport was not exposed to credit risk because the swap had a negative fair value. Should interest rates change and the fair value of the swap become positive, the Airport would be exposed to credit risk in the amount of the swap's fair value. In addition, the Airport is subject to basis risk should the relationship between SIFMA and the bonds change; if SIFMA resets at a rate below the variable bond rate, the synthetic interest rate will be greater than anticipated. The swap includes an additional termination event based on downgrades in credit ratings. The swap may be terminated by the Airport if JP Morgan's ratings fall below A- or A3, or by JP Morgan Chase if the Airport's ratings fall below BBB or Baa2.

As of June 29, 2018, the rates were:

<u>Terms</u>	<u>Rates</u>	
Interest Rate Swap		
Fixed payment to JP Morgan under swap	Fixed-declining	3.59720%
Variable rate payment from JP Morgan under swap	SIFMA	-1.51000%
Net interest rate swap payments		2.08720%
Variable rate bond coupon payments	Weekly resets	1.53000%
Synthetic interest rate on bonds		3.61720%

Swap payments and associated debt:

As of June 29, 2018, debt service requirements of the variable-rate debt and net swap payments for their term, assuming the above current interest rates remain the same, were as follows.

<u>Fiscal Year Ending</u>	<u>Variable Rate Bonds</u>		<u>Interest Rate</u>	
<u>June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Swaps Net</u>	<u>Total Interest</u>
2019	\$12,200,000	\$1,519,290	\$2,072,586	\$3,591,876
2020	13,000,000	1,332,630	1,499,856	2,832,486
2021	13,700,000	1,133,730	1,042,356	2,176,086
2022	14,300,000	924,120	695,786	1,619,906
2023	14,900,000	705,330	360,846	1,066,176
<u>2024-2025</u>	<u>31,200,000</u>	<u>719,100</u>	<u>162,500</u>	<u>881,600</u>
Total:	\$99,300,000	\$6,334,200	\$5,833,930	\$12,168,130

d. City of Philadelphia, 2005 Water & Sewer Swap

Objective: In December 2002, the City entered into a swaption that provided the City with an up-front payment of \$4.0 million. As a synthetic refunding of all or a portion of its 1995 Bonds, this payment approximated the present value savings, as of December 2002, of a refunding on May 4, 2005. The swaption gave Citigroup (formerly of Salomon Brothers Holding Company, Inc), the option to enter into an interest rate swap to receive fixed amounts and pay variable amounts.

Terms: Citigroup exercised its option to enter into a swap May 4, 2005, and the swap commenced on that date. Under the terms of the swap, the City pays a fixed rate of 4.53% and receives a variable payment computed as the actual bond rate or the alternative floating rate option of 68.5% of one-month LIBOR. Citigroup is currently paying 68.5% of one-month LIBOR under the swap. The payments are based on an amortizing notional schedule (with an initial notional amount of \$86.1 million), and when added to an assumption for remarketing, liquidity costs and cost of issuance were expected to approximate the debt service of the refunded bonds at the time the swaption was entered into.

In May 2013, the City and Water Department converted the original variable rate bonds associated with the swap to an index-based rate, terminating the existing letter of credit in the process.

As of June 29, 2018, the swap had a notional amount of \$165,000 and the associated variable-rate bond had a \$165,000 principal amount. The bonds' variable-rate coupons are based on the same index as the receipt on the swap. The bonds mature on August 1, 2018 and the related swap agreement terminates on August 1, 2018.

Fair value: As of June 29, 2018, the swap had a negative fair value of \$2,675. This means that the Water Department would have to pay this amount if the swap terminated. The fair value reflects the effect of non-performance risk, which includes credit risk. The fair value of the swap was measured using the income approach and is categorized within Level 2 of the fair value hierarchy.

Risk: As of June 29, 2018, the City is not exposed to credit risk because the swap had a negative fair value. Should interest rates change and the fair value of the swap become positive, the City would be exposed to credit risk in the amount of the swap's fair value. Since the City is now receiving 68.5% of one-month LIBOR and paying 68.5% of one month LIBOR plus a fixed spread, the City is no longer exposed to basis risk or tax risk. The swap includes an additional termination event based on credit ratings. The swap may be terminated by the City if the ratings of Citigroup or its Credit Support Provider fall below A3 and A-, or by Citigroup if the rating of the City's water and wastewater revenue bonds falls below A3 or A-. There are 30-day cure periods to these termination events. However, because the City's swap payments are insured by Assured Guaranty Municipal Corporation (formerly FSA), no termination event based on the City's water and wastewater revenue bond ratings can occur as long as Assured is rated at least A or A2.

As of June 29, 2018, rates were as follows:

<u>Terms</u>	<u>Rates</u>	
Interest Rate Swap		
Fixed payment to Citi	Fixed	4.53000%
Variable rate payment from Citi	68.5% of 1-month LIBOR	-1.43182%
Net interest rate swap payments		3.09818%
Variable rate note coupon payments	68.5% of 1-month LIBOR + fixed spread	1.43182% *
Synthetic interest rate on bonds		4.53000%

*Excludes fixed spread, which is similar to the City's expected Letter of Credit costs on a comparable variable rate bond

Swap payments and associated debt:

As of June 29, 2018, debt service requirements of the variable-rate debt and net swap payments for their term, assuming the above current interest rates remain the same, were as follows:

<u>Fiscal Year Ending</u>	<u>Variable Rate Bonds</u>		<u>Interest Rate</u>	<u>Total Interest</u>
<u>June 30</u>	<u>Principal</u>	<u>Interest</u>	<u>Swaps Net</u>	
2019	\$165,000	\$2,363	\$5,112	\$7,475
Total:	\$165,000	\$2,363	\$5,112	\$7,475

(7) Pension Service Agreement

In Fiscal 1999, the Philadelphia Authority for Industrial Development issued \$1.3 billion in Pension Funding Bonds. These bonds were issued pursuant to the provisions of the Pennsylvania Economic Development Financing Law and the Municipal Pension Plan Funding Standard and Recovery Act (Act 205). The bonds are special and limited obligations of **PAID**. The City entered into a Service Agreement with **PAID** agreeing to make yearly payments equal to the debt service on the bonds. **PAID** assigned its interest in the service agreement to the parties providing the financing and in accordance with GASB Interpretation #2, **PAID** treats this as conduit debt and does not include conduit debt transactions in its financial statements. The Pension Service Agreement of \$1.4 billion is reflected in the City's financial statements in Other Long-Term Obligations. The net proceeds of the bond sale of \$1.3 Billion were deposited with the Municipal Pension Fund. The deposit of the proceeds reduced the Unfunded Actuarial Accrued Liability by that same amount. The deposit resulted in reductions to the City's actuarially determined pension plan payments. The fiscal year 2018 Pension Funding Bonds liability of \$852.3 million is reflected in the City's financial statements as another Long-Term Obligation.

(8) Neighborhood Transformation Initiative Service Agreement

In March 2005, **PRA** issued additional City of Philadelphia Neighborhood Transformation Initiative (NTI) bonds to finance a portion of the initiative previously undertaken by the Authority and the City. Taxable Revenue Bonds Series 2005A issued in the amount of \$25.5 million are term bonds with interest rates ranging from 4.150% to 4.680% maturing through 2016. Qualified Revenue Bonds Series 2005B were issued in the amount of \$44.0 million, with interest rates ranging from 4.75% through 5% and mature through 2027. Revenue Bonds Series 2005C with an interest rate of 5% were issued for \$81.3 million and mature through 2031.

In Fiscal 2012, **PRA** issued \$91.3 million City of Philadelphia Neighborhood Transformation Initiative (NTI) Revenue Refunding Series 2012 Bonds. These bonds were issued to refund the City of Philadelphia Revenue Bonds, Series 2002A, originally issued in the aggregate principal amount of \$124 million. The bonds will be initially issued in the name of Cede & Co., as nominee for The Depository Trust Company (DTC), which will act as securities depository. The bonds are subject to optional redemption prior to maturity. Interest on the series bonds range from 2% to 5% and is payable on April 15 and October 15 each year until maturity in 2026.

In April 2015, **PRA** issued the Series 2015A, \$73.2 million and the Series 2015B, \$38.3 million - Revenue Refunding Bonds. The 2015A and 2015B Bonds were issued for the purpose of Refunding the 2005B and 2005C bonds and to pay for the cost of issuance of the 2015A & 2015B Bonds. The fiscal year 2018 NTI Service Agreement liability of \$166.5 million is reflected in the City's financial statements as another Long-Term Obligation.

(9) Sports Stadium Financing Agreement

In FY 2002, **PAID** issued \$346.8 million in Lease Revenue Bonds Series A and B of 2001 to be used to help finance the construction of two new sports stadiums. The bonds are special limited obligations of **PAID**. The City entered into a series of lease agreements as lessee to the Authority. The lease agreements are known as (1) the Veterans Stadium Sublease, (2) the Phillies' Prime Lease and (3) the Eagles Prime Lease. **PAID** assigned its interest in the lease agreements to the parties providing the financing and in accordance with GASB Interpretation #2, **PAID** treats this as conduit debt and therefore does not include these transactions on its financial statements. In October 2007 **PAID** issued Lease Revenue Refunding Bonds Series A and B of 2007. The proceeds from the bonds were used to refund the Series 2001B Stadium Bonds. **PAID** assigned its interest in the lease agreements to the parties providing the financing and in accordance with GASB Interpretation #2, **PAID** treats this as conduit debt and therefore does not include these transactions on its financial statements. In fiscal 2018, the Sports Stadium Financing Agreement liability of \$248.8 million is reflected in the City's financial statements as Other Long-Term Liabilities.

(10) Philadelphia Free Library

In August of 2005, **PAID** issued \$10,780,000 of Lease Revenue Bonds for the Philadelphia Free Library Project. These bonds were issued to provide financing for a portion of the construction costs related to the expansion and renovation of the Central library of the Free Library of Philadelphia. The bonds are non-recourse obligations of **PAID**, payable solely from rental payments made by the City to **PAID**, which will be sufficient to pay the principal and interest due. The cumulative principal repayment on the Lease Revenue Bonds as of December 31, 2016 and 2015 was \$4,125,000. Effective February 3, 2016, the Cultural and Commercial Corridors Bonds were refinanced by the Revenue Refunding Bonds – Philadelphia Central Library Project, Series 2016B. In fiscal 2018 the liability of \$5.0 million is reflected in the City's financial statements as Other Long-Term Liabilities.

(11) Cultural and Commercial Corridors Program Financing Agreement

In December 2006, **PAID** issued \$135.5 million in Revenue Bonds, Series A and B. The proceeds from the bonds were used to finance a portion of the cost of various commercial and cultural infrastructure programs and administrative and bond issuance cost. The City and **PAID** signed a service agreement, whereby **PAID** manages a portion of the funds and the City makes payments equal to the yearly debt service. **PAID** will distribute some of the proceeds and some will flow through the City's capital project fund. In accordance with GASB Interpretation #2, **PAID** treats this as conduit debt, and therefore, does not include these transactions in its statements. The Series A Bonds began principal repayment in 2010. The Series B Bonds were paid off during 2009. As of December 31 2016 and 2015, the cumulative principal balance repaid for the Series A Bonds was \$22,230,000. Effective February 3, 2016, the Cultural and Commercial Corridors Bonds were refinanced by the Revenue Refunding Bonds – Cultural and Commercial Corridors Program, Series 2016A. In fiscal 2018 the liability of \$85.0 million is reflected in the City's financial statements as Other Long-Term Liabilities.

(12) City Service Agreement

In December 2012, **PAID** issued City Service Agreement Refunding Revenue Bonds, Series 2012 in the amount of \$299.8 million. The bonds were issued as term Bonds with interest rates of 3.664% (\$42.2 million) and 3.964% (\$257.6 million). The term bonds have a maturity date of April 15, 2026. The bonds were issued to refund outstanding Pension Funding Bonds Series 1999B, fund interest on the Bonds through April 15, 2020, make a deposit to the City Retirement System and pay the cost of issuance of the Bonds. The bond is payable as set forth in the Service Agreement solely from revenues of the City. The debt service payments begin in 2021. The reacquisition price exceeded the net carrying value of the old debt by \$23.1 million. This amount is being netted against the new debt and amortized over the remaining life of the refunding debt. The portion of the Series 1999B Bonds that were refunded are considered defeased and the liability for those bonds has been removed from the Statement of Net Position. In fiscal year 2018, the liability of \$299.8 million is reflected in the City's financial statements as Other Long-Term Liabilities.

(13) City Service Agreement – Affordable Housing Series 2017

In August 2017, **PAID** issued \$52.9 million of City Service Agreement Revenue Bonds Series 2017. The total proceeds of the 2017 Bonds were \$60.8 million (which includes a premium of \$7.9 million). The 2017 Bonds were issued to finance certain costs of the City's affordable housing preservation programs and to pay the costs of issuing the 2017 Bonds. The interest rates for the 2017 Bonds range from 3.0% to 5.0%. In fiscal year 2018, the \$52.9 million liability for the Affordable Housing Preservation Series 2017 Bonds is reflected in the City's financial statement as another Long-Term Obligation.

(14) City Service Agreement – Philadelphia Museum of Art - 2018A & One Benjamin Franklin Parkway 2018B

In April 2018, **PAID** issued \$37.9 million of City Service Agreement Revenue Bonds Series 2018A and Series 2018B. The total proceeds of the 2018A Bonds were \$11.6 million (which includes a premium of \$1.3 million). The Philadelphia Museum of Art - Series 2018A Bonds were issued to finance certain costs of the Energy Project of the Philadelphia Museum of Art. The interest rates for the 2018A Bonds is 5.0%. The total proceeds of the One Benjamin Franklin Parkway – Series 2018B Bonds were \$30.5 million (which includes a premium of \$2.9 million). The 2018B Bonds were issued to refund all \$29.6 million of the Series 2007C Bonds and to pay the costs of issuing the 2018B Bonds. The interest rates for the 2018B Bonds is 5.0%. The interest rates of the refunded bonds range from 4.1% to 5.3%. The transaction resulted in a total savings to the City of \$2.3 million over the next 9 years. The difference between the present value of the debt service payments on the old debt versus the new debt (economic gain) was \$2.1 million. In fiscal year 2018, the liability of \$10.3 million for the Philadelphia Museum of Art - Series 2018A Bonds and the \$27.6 million liability for the One Benjamin Franklin Parkway – Series 2018B Bonds, is reflected in the City's financial statement as another Long-Term Obligation.

(15) School District

In June 2014, **PAID** issued City Service Agreement Revenue Bonds, **Series 2014A** in the amount of \$27.2 million. The bonds shall bear interest at the LIBOR Interest Rate. The Calculation Agent will determine the LIBOR interest rate on each computation date and will become effective on the Libor index reset date next succeeding the computation date and will accrue each date during the rate period. The LIBOR interest rate will be rounded if necessary to the nearest one hundred-thousandth of a percentage point. The bonds were issued to provide additional operating funds for the School District of Philadelphia and pay the costs of issuance. The bonds have a maturity date of August 15, 2018. In fiscal year 2017, **PAID** School District liability of \$14.7 million is reflected in the City's financial statements as Other Long-Term Liabilities. In October of 2014, **PAID** issued \$57.5 million of Lease Revenue Bonds. The proceeds of the sale were used to refund \$27.2 million of the **Series 2014A** bonds outstanding and provide the School District with \$30.0 million of new funding. The interest rate of the refunded bonds was variable. The interest rate of the newly issued bonds is 1.78%. The purpose of the transaction was to provide the School District with \$30.0 million of additional funding and not to generate any savings of the refunded portion of \$27.2 million. The newly issued bonds have a maturity date of June 30, 2018.

(16) Net Pension Liability

Net Pension Liabilities at June 30, 2014 was \$404.7 million and \$49.7 million for the Governmental and Business Type Activities, respectively. As a result of a change in accounting principle (implementation of GASB 68) the beginning FY 2015 Net Position was adjusted by \$4.7 billion and \$579.7 million for Governmental and Business Type Activities respectively. During FY 2018, the Governmental Activities' Net Pension Liabilities (NPL) decreased by \$99.3 million, resulting in a Net Pension Liability of \$5.4 Billion. During FY 2018, the Business Type Activities' NPL decreased by \$3.9 million, resulting in a Net Pension Liability of \$657.8 million

B. COMPONENT UNIT LONG-TERM DEBT PAYABLE

(1) Governmental Debt Payable

The **SDP** has debt that is classified as General Obligation debt payable. The General Obligation Bonds outstanding at year-end total \$3,105.4 million in principal, with interest rates from 1.25% to 6.765% and have due dates from 2019 to 2043. The following schedule reflects the changes in long-term liabilities for the **SDP**:

	Long Term Obligations (1)				
	(Dollars in Millions)				
	Balance July 1, 2017	Additions	Deletions	Balance June 30, 2018	Due Within One Year
Governmental Activities:					
General Obligation Bonds/Lease Rental Debt	\$ 2,976.2	\$ 254.9	\$ (125.7)	\$ 3,105.4	\$ 148.1
Bond Premium	244.0	23.2	(20.0)	247.2	20.7
Bond Discount	(1.9)	(0.4)	0.4	(1.9)	(0.5)
Total Bonded Debt	<u>3,218.3</u>	<u>277.7</u>	<u>(145.3)</u>	<u>3,350.7</u>	<u>168.3</u>
Termination Compensation Payable	186.7	17.5	(15.2)	189.0	15.1
Due to Other Governments					
- Deferred Reimbursement	45.3	-	-	45.3	45.3
Other Liabilities	105.9	31.6	(30.5)	107.0	33.3
Incurred But Not Reported (IBNR) Payable (2)	16.0	-	(2.0)	14.0	14.0
OPEB Life Insurance Liability (3)	17.9	0.6	(2.1)	16.4	-
PSERS OPEB Liability (4)	146.6	6.3	(7.8)	145.1	-
PSERS Pension Liability	3,375.4	415.8	(272.5)	3,518.7	-
Governmental Activity - Long-Term Liabilities	<u>\$ 7,112.1</u>	<u>\$ 749.5</u>	<u>\$ (475.4)</u>	<u>\$ 7,386.2</u>	<u>\$ 276.0</u>
Business-Type Activities:					
Termination Compensation Payable	\$ 1.8	\$ 0.3	\$ (0.1)	\$ 2.0	\$ 0.2
PSERS OPEB Liability (4)	2.3	0.1	(0.1)	2.3	-
PSERS Pension Liability	51.1	6.3	(4.1)	53.3	-
Business-Type Activities - Long-Term Liabilities	<u>\$ 55.2</u>	<u>\$ 6.7</u>	<u>\$ (4.3)</u>	<u>\$ 57.6</u>	<u>\$ 0.2</u>

1. Termination (Compensated absences), severance, unemployment, workers' compensation, claims and judgments liabilities are accrued to the governmental funds to which the individual is charged. These liabilities are then liquidated by the General Fund. In addition, OPEB and Arbitrage liabilities are fully liquidated by the General Fund.
2. IBNR is included with the Self Insurance Health Care Internal Service Fund.
3. GASB Statement No.75 implemented new requirements for OPEB Life Insurance Liabilities. Also, GASBS No.75 required OPEB Liability to be restated as of the beginning period July 1, 2017.
4. The beginning balance of Long-term Liabilities under both Governmental and Business Type Activities changed due to the implementation of GASBS No.75. GASBS No. 75 required PSERS OPEB Liability to be restated as of the beginning period July 1, 2017.

The **SDP** Debt service to maturity on general obligation bonds at June 30, 2018 is summarized as follows: (Excludes debt issued through the State Public School Building Authority)

(Amounts in Thousands)

Year Ending June 30	Principal	Interest	Total
2019	\$127,525	\$103,582	\$231,107
2020	115,435	99,610	\$215,045
2021	120,600	93,839	\$214,439
2022	122,710	87,776	\$210,486
2023	155,830	81,732	\$237,562
2024-2028	482,670	332,730	\$815,400
2029-2033	453,780	200,720	\$654,500
2037-2038	278,380	104,618	\$382,998
2039-2043	263,245	48,763	\$312,008
2044-2048	17,020	371	\$17,391
Total	\$2,137,195	\$1,153,741	\$3,290,936

(2) Business Type Debt Payable

Several of the City's Proprietary Type Component Units have issued debt payable from the revenues of their particular entity. The following schedule summarizes the Revenue Bonds outstanding at year end:

(Amounts in Millions of USD)

<u>Entity</u>	<u>Interest Rates</u>	<u>Principal</u>	<u>Due Dates</u>
PGW	2.00% to 5.25%	1,016.30	Fiscal 2019 to 2047
PPA	3.00% to 5.25%	129.20	Fiscal 2019 to 2030
CCP	2.00% to 6.25%	74.81	Fiscal 2019 to 2038
PHA	3.00% to 5.50%	64.22	Fiscal 2019 to 2047
	Total Revenue Debt Payable	<u>1,284.53</u>	

The debt service through maturity for the Revenue Debt Payable of Component Units is as follows:

(Amounts in Millions of USD)

Fiscal Year	Philadelphia Gas Works †		Philadelphia Parking Authority		Community College of Philadelphia		Philadelphia Housing Authority ‡	
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Interest</u>	<u>Principal</u> *	<u>Interest</u> *
2019	51.82	44.49	14.52	5.73	6.66	3.62	7.62	3.10
2020	52.87	41.92	15.03	5.04	6.96	3.32	8.53	2.69
2021	53.77	39.39	15.64	4.30	7.26	3.00	8.97	2.24

2039-2043	79.89	26.29	-	-	-	-	6.22	2.80
2044-2047	61.21	7.84	-	-	-	-	7.98	1.04
2048 - 2072								
Totals	<u>1016.30</u>	<u>514.45</u>	<u>129.20</u>	<u>28.97</u>	<u>74.81</u>	<u>23.76</u>	<u>64.22</u>	<u>29.55</u>

† - Gas Works amounts are presented as of its fiscal year ended August 31, 2018

‡ - PHA amount are presented as of March 31, 2018.

* Includes only PHA debt service amounts, it does not include any amounts related to PHA discretely presented component units.

* PHA Principal amounts through 2023 do not include the Capital Lease Obligation of \$2.0 million.

(3) Defeased Debt

At year end, defeased bonds are outstanding from the following Component Units of the City as shown below:

(Amounts in Millions)

Philadelphia Gas Works †	\$ 72.4
School District of Philadelphia	291.4
Total	<u>\$ 363.8</u>

† Gas Works amounts are presented as of August 31, 2018

PGW assets pledged, primarily noncallable U.S. Government securities, had a market value of \$75.7 million at August 31, 2018, bearing interest on face value from 1.27% to 5.89%. In FY 2018, the Fiscal Agent with respect to the Gas Works Revenue Bonds (Escrow Agent with respect to the Escrow Deposit Agreement), paid the maturing principal of the Defeased Bonds in the amount of \$224.1 million in a manner consistent with the Notices of Defeasance for the 7th Series, 10th Series, 12th Series B, 17th Series, and 19th Series Gas Works Revenue Bonds, respectively.

The investments held by the trustee and the defeased bonds are not recognized on **PGW's** balance sheets in accordance with the terms of the Indentures of Defeasance. The investments pledged for the redemption of the defeased debt have maturities and interest payments scheduled to coincide with the trustee cash requirements for debt service.

SDP, as in prior years, the School District defeased certain general obligation bonds by placing the proceeds of the refunding bonds in an irrevocable trust to provide for all future debt service payments on the refunded debt. As such, the trust account assets and liability for the defeased bonds are not included in the School District's financial statements. This includes the following:

- a) As of June 30, 2018, \$286.6 million of bonds outstanding are considered to be defeased and the liability has been removed from long-term liabilities.
- b) In addition, as of June 30, 2018, the Defeasance Accounts from the Sale of SDP Property had \$4.8 million of bonds outstanding considered to be defeased and the liability was removed from long-term liabilities.

(4) Arbitrage

SDP, Federal arbitrage regulations are applicable to any issuer of tax-exempt bonds. It is necessary to rebate arbitrage earnings when the investment earnings on the bond proceeds from the sale of tax-exempt securities exceed the bond yield paid to investors. As of June 30, 2018, the arbitrage rebate calculation indicates a liability totaling \$50,759.

This arbitrage liability of \$50,759 relates to GOB Series 2010E, 2010F and 2010G. The actual amount due as of the next required "Installment Rebate Payment Date" is subject to change due to bond and investment activity, if any, occurring after June 30, 2018. Pursuant to the Regulations, the next required "Installment Rebate Payment" must be paid no later than 60 days after June 30, 2020. The School District will continue to perform an annual rebate calculation until all funds have been expended.

The School District has reserved as of June 30, 2018, \$50,759 under the fund balance of the Capital Projects Fund. In addition, a contingent liability for this amount has been accounted for in the governmental activities column of the government-wide statement of net position.

(5) Derivative Instruments

a. PGW Interest Rate Swap Agreement

Objective – In January 2006, the City entered into a fixed rate payer, floating rate receiver swap to create a synthetic fixed rate for the Sixth Series Bonds. The variable rate/swap structure was used as a means to increase the City's savings, when compared with fixed-rate refunding bonds at the time of issuance. The swaps are hedging interest rate risk.

Terms – The swap was originally executed with the counterparty on January 26, 2006 and had an original termination date of August 1, 2031, which was amended to August 1, 2028 in 2011. Under the swap, the City pays a fixed rate of 3.6745% and received a variable rate computed as the lesser of (i) the actual bond rate and (ii) the SIFMA Municipal Swap Index until September 1, 2011 on which date the variable interest rate received switched to 70.0% of one-month LIBOR until maturity.

In August 2016, the underlying variable rate bonds maturing in 2017 through 2023 were refunded with fixed rate bonds and the related portions of the swaps, totalling \$102,710,000 in notional amount, were terminated. PGW made a termination payment of \$13,893,000 to partially terminate the swaps.

As of August 31, 2018, the swaps had a notional amount of \$122,810,000 and the associated variable rate debt had a \$122,810,000 principal amount, broken down by series as follows:

- The Series B swap had a notional amount of \$27,370,000 and the associated variable rate bonds had a \$27,370,000 principal amount.
- The Series C swap had a notional amount of \$27,225,000 and the associated variable rate bonds had a \$27,225,000 principal amount.
- The Series D swap had a notional amount of \$40,845,000 and the associated variable rate bonds had a \$40,845,000 principal amount.
- The Series E swap had a notional amount of \$27,370,000 and the associated variable rate bonds had a \$27,370,000 principal amount.

The final maturity date for all swaps is on August 1, 2028.

Fair value – As of August 31, 2018, the swaps had a combined mark-to-market value of negative \$15,022,813 and a combined fair value of negative \$14,211,469 which factors in the risk of nonperformance. The values of the interest rate swaps were estimated using the zero-coupon method and include accrued interest. That method calculates the future net settlement payments required by the swap, assuming current forward rates are implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swaps.

Risks – As of August 31, 2018, the City is not exposed to credit risk because the swaps had a negative fair value. Should interest rates change and the fair value of the swaps become positive, the City would be exposed to credit risk in the amount of the swaps' fair value. The swaps include a termination event additional to those in the standard ISDA master agreement based on credit ratings. The swaps may be terminated by the City if the rating of the counterparty falls below A3 or A- (Moody's/S&P), unless the counterparty has: (i) assigned or transferred the swap to a party acceptable to the City; (ii) provided a credit support provider acceptable to the City whose obligations are pursuant to a credit support document acceptable to the City; or (iii) executed a credit support annex, in form and substance acceptable to the City, providing for the collateralization by the counterparty of its obligations under the swaps.

The swaps may be terminated by the counterparty if the rating on the City's bonds falls below Baa2 or BBB (Moody's/S&P). However, because the City's swap payments are insured by Assured Guaranty Municipal Corporation, as long as Assured Guaranty Municipal Corporation is rated at or above A2 or A (Moody's/S&P), the termination event based on the City's ratings is stayed. At the present time, the rating for Assured Guaranty Municipal Corporation is at A2/AA (Moody's/S&P).

The City is exposed to (i) basis risk, as reflected by the relationship between the rate payable on the bonds and 70.0% of one month LIBOR received on the swap, and (ii) tax risk, a form of basis risk, where the City is exposed to a potential additional interest cost in the event that changes in the federal tax system or in marginal tax rates cause the rate paid on the outstanding bonds to be greater than the 70.0% of one month LIBOR received on the swap.

There are no collateral posting requirements associated with the swap agreements.

The impact of the interest rate swaps on the financial statements for the year ended August 31, 2018 and 2017 is as follows (thousands of U.S. dollars):

	Interest Rate Swap Liability	Deferred outflows of resources
August 31, 2017 Balance	23,533	7,911
Change in fair value through August 31, 2018	(8,737)	(8,737)
Amortization of terminated hedge	-	1,420
<u>August 31, 2017 Balance</u>	<u>14,796</u>	<u>594</u>
	Interest Rate Swap Liability	Deferred outflows of resources
August 31, 2016 Balance	31,806	14,763
Change in fair value through August 31, 2017	(8,273)	(8,273)
Amortization of terminated hedge	-	1,421
<u>August 31, 2016 Balance</u>	<u>23,533</u>	<u>7,911</u>

Because the original hedging relationship was terminated when the Sixth Series Bonds were refunded by the Eighth Series Bonds in 2009, there is a difference between the interest rate swap liability and the related deferred outflows of resources. The difference is being amortized on a straight-line basis into expense over the life of the hedge. The interest rate swap liability is included in other non-current liabilities on the balance sheet.

b. School District of Philadelphia Swap Agreements

The School District in Fiscal Year 2010, adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 53, "Accounting and Financial Reporting for Derivative Instruments". GASBS No. 53 provided guidance for evaluating the effectiveness of derivative instruments at the end of each reporting period.

The District in Fiscal Year 2017, adopted the provisions GASBS No. 72 "Fair Value Measurement and Application." GASBS No. 72 addresses the accounting and financial reporting issues related to fair value measurements. GASBS No. 72 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between swap counterparties at the measurement date, which includes the non-performance risk.

The fair values balances, as defined by GASBS No. 72, and notional amounts of derivative instruments outstanding at June 30, 2018, classified by type, and the change in fair value per GASBS No. 72 of such derivative instruments for the year then ended as reported in the 2018 financial statements are as follows (amounts in thousands: debit (credit)):

<i>(Amounts in Thousands)</i>	<u>Change in Fair Value</u>		<u>Fair Value at June 30, 2018</u>		
	<u>Classification</u>	<u>Amount</u>	<u>Classification</u>	<u>Amount</u>	<u>Notional</u>
<u>Governmental Activities</u>					
Investment derivative Instruments:					
Pays-variable interest rate swaps	Investment revenue	\$ (2,512)	Investment	\$ (2,042)	\$ 500,000
				<u>\$ (2,042)</u>	

As of June 30, 2018, the School District determined that the pay variable interest rate swaps listed as investment derivatives do not meet the criteria for effectiveness as a hedging instrument. It is therefore reported within the investment revenue classification.

Fair Value of Investments:

In February 2015, the GASB issued Statement No. 72 "Fair Value Measurement and Application", addressing the accounting and financial reporting issues related to fair value measurements. GASBS No. 72 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between swap counterparties at the measurement date, which includes the non-performance risk. The Statement is effective for reporting periods beginning after June 15, 2015. The School District adopted GASB Statement No. 72 beginning Fiscal Year ended 2016.

The District's investments are valued at fair value using the following hierarchy:

- Level 1: Quoted prices for identical investments in active markets;
- Level 2: Observable inputs other than quoted market prices; and
- Level 3: Unobservable inputs

The lowest available level of valuation available is used for all investments.

Fixed income securities are valued based on the values for similar assets in an active market. Equity securities are valued based on published values for identical assets in an active market.

The income approach is used to obtain the fair value of the swaps, where future amounts (the expected swap cash flows) are converted to a single current (discounted) amount, using a rate of return that takes into account the relative risk of nonperformance associated with the cash flows, and time value of money. Where applicable under the income approach, the option pricing model technique, such as the Black-Derman-Toy model, or other appropriate option pricing model is used. This valuation technique is applied consistently across all the swaps.

Given the observability of inputs that are significant to the entire measurement, the fair values of the School District investments are categorized as follows:

	Level 1	Level 2	Level 3
Morgan Stanley Institutional Liquidity Fund Treasury Securities Portfolio	\$ 147,953,021	\$ -	\$ -
Federal National Mortgage Association (FNMA)	-	17,953,110	-
Federal Home Loan Bank (FHLB)	-	9,005,854	-

8. LEASE COMMITMENTS AND LEASED ASSETS

A. CITY AS LESSOR

The City's operating leases consist of leases of airport facilities, recreation facilities, certain transit facilities and various other real estate and building sites. Rental income for all operating leases for the year was:

(Amounts In Thousands of USD)

	<u>Primary Government</u>		<u>Component Units</u>
	<u>Governmental Funds</u>	<u>Proprietary Funds</u>	
Minimum Rentals	3,544	59,313	3,255
Additional	464	223,055	210
Sublease	11,459	-	2,014
Total Rental Expense	<u>15,467</u>	<u>282,368</u>	<u>5,479</u>

Future minimum rentals receivable under non-cancelable operating leases are as follows:

(Amounts In Thousands of USD)

Fiscal Year Ending <u>June 30</u>	<u>Primary Government</u>		<u>Component Units</u>
	<u>Governmental Funds</u>	<u>Proprietary Funds</u>	
2019	11,698	32,760	4,126
2020	11,322	32,736	3,261
2021	11,505	30,736	3,088
2022	11,691	18,187	5,317
2023	6,119	6,035	428
2024-2028	47,202	27,268	1,773
2029-2033	18,042	22,875	827
2034-2038	18,008	17,724	449
2039-2043	18,008	17,705	269
2043 - 2082			
Total	<u>153,595</u>	<u>206,026</u>	<u>19,538</u>

B. CITY AS LESSEE

1) OPERATING LEASES

The City's operating leases consist principally of leases for office space, data processing equipment, duplicating equipment and various other items of property and equipment to fulfill temporary needs. Rental expense for all operating leases for the year was as follows:

	<u>Primary Government</u>		<u>Component Units</u>
	<u>Governmental Funds</u>	<u>Proprietary Funds</u>	
Minimum Rentals	202,651	53,075	16,661
Additional Rentals	-	-	496
Sublease	-	-	2,014
Total Rental Income	<u>202,651</u>	<u>53,075</u>	<u>19,171</u>

(Amounts In Thousands of USD)

At year end, the future minimum rental commitments for operating leases having an initial or remaining non-cancelable lease term in excess of one year are as follows:

<u>Fiscal Year Ending</u> <u>June 30</u>	<u>Primary Government</u>		<u>Component Units</u>
	<u>Governmental Funds</u>	<u>Proprietary Funds</u>	
2019	31,249	1,049	14,508
2020	26,015	557	13,695
2021	23,991	393	12,865
2022	20,901	393	14,173
2023	15,862	393	8,345
2024-2028	61,127	1,964	37,289
2029-2033	18,076	1,964	19,690
2034-2039	-	1,964	17,710
2040-2045	-	1,964	1,184
2046 thru 2082	-	-	-
Total	<u>197,222</u>	<u>10,642</u>	<u>139,459</u>

(Amounts In Thousands of USD)

2) CAPITAL LEASES

Primary Government:

On December 28, 2017, the City entered into a lease agreement with the Philadelphia Authority for Industrial Development, a component unit of the City, for use of certain properties located at 400 North Broad Street. The properties will primarily be utilized by the City's police department. Under the terms of the lease agreement, the City will make quarterly rent payments in the amount of \$3.8 million through December 1, 2026 (Initial Term). If the City does not exercise its purchase option, the lease will automatically enter into the "Renewal Term", during which the quarterly rent payments will increase to \$7.1 million through the duration of the lease, ending September 1, 2036. Rent payments under the lease agreement bear an effective interest rate of 4.029% through December 1, 2026 and an effective interest rate of 6.924% for the remaining term of the lease agreement.

Under the lease the City has a purchase option beginning on the fifth anniversary (December 31, 2025) of the delivery date (December 31, 2020) and continuing through the date that is one hundred eight days prior to the scheduled expiration date (December 28, 2026), to purchase the leased property at purchase price equal to the "Purchase FMV", as defined in the lease agreement.

As a result of this lease agreement the City recorded a capital asset (lease hold asset) in the amount of \$252.5 million. At June 30, 2018, the net book value of assets acquired under this lease agreement was \$246.2 million (\$252.5 million gross value, net of \$6.3 million accumulated depreciation). For the year ended June 30, 2018, the City recorded \$6.3 million in depreciation expense related to assets acquired under the lease.

Future minimum lease payments under this agreement are as follows:

June 30,	Principal	Interest
2019	\$ 5.1	\$ 10.1
2020	5.3	9.9
2021	5.5	9.7
2022	5.7	9.5
2023	6.0	9.2
2024-2028	45.5	50.3
2029-2033	94.6	47.1
2034-2037	81.6	10.2
Total	<u>\$ 249.3</u>	<u>\$ 156.0</u>

Component Unit:

Capital leases consist of leased real estate and equipment from various component units. Future minimum rental commitments are as follows:

Future Minimum Capital Lease Payments

(Amounts In Thousands of USD)

Fiscal Year Ending	Principal	Interest	Total
June 30			
2019	451,189	70,553	521,742
2020	467,220	46,993	514,213
2021	460,327	22,992	483,319
2022	185,475	3,791	189,266
Totals	<u>1,564,211</u>	<u>144,329</u>	<u>1,708,540</u>

9. DEFERRED COMPENSATION PLANS

A. PRIMARY GOVERNMENT

The City offers its employees a deferred compensation plan in accordance with Internal Revenue Code section 457. As required by the Code and Pennsylvania laws in effect at June 30, 2014, the assets of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries. In accordance with GASB Statement No.32, *Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, the City does not include the assets or activity of the plan in its financial statements.

B. COMPONENT UNITS

PGW offers its employees a deferred compensation plan (the Plan) created in accordance with Internal Revenue Service Code Section 457. The Plan, available to all **PGW** employees with at least 30 days of service, permits them to defer a portion of their salary until future years. **PGW** provides an annual 10.0% matching contribution of applicable wages that immediately vests to the employee. **PGW** contributed \$0.4 million in both FY2018 and FY2017. **PGW**'s contributions are accounted for as part of administrative and general expenses.

10. FUND BALANCE POLICIES

Fund Balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. GASB 54 provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. The following classifications describe the relative strength of the spending constraints placed on the purpose for which resources can be used:

- Non-Spendable Fund Balance — Includes amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The Permanent Funds (\$3.5 million) were non-spendable.
- Restricted Fund Balance — Includes amounts for which constraints have been placed on the use of resources which are either (a) externally imposed by creditors, grantors, contributors or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation. The General Fund had a restricted fund balance of \$78.9 million at June 30, 2018. The fund balances in the following Special Revenue Funds were restricted: HealthChoices Behavioral Health (\$279.4 million); Grants Revenue (\$31.3 million); County Liquid Fuels (\$9.9 million); Special Gasoline Tax (\$47.2 million); Hotel Room Rental Tax (\$13.9 million); Car Rental Tax (\$5.8 million); Housing Trust (\$33.3 million); Acute Care Hospital Assessment (\$17.4 million); Departmental (\$9.9 million); Municipal Authority Administrative (\$0.2 million); PICA Administrative (\$24.9 million). The Debt Service Fund had a Restricted Fund Balance of (\$63.0 million) and entire fund balance of the Capital Improvement (\$161.0 million) funds was restricted. The Permanent Fund had a restricted fund balance of \$3.8 million at June 30, 2018.
- Committed Fund Balance — Includes amounts that can only be used for specific purposes pursuant to constraints imposed by an ordinance passed by Philadelphia's City Council. These amounts cannot be used for any other purpose unless the City Council removes or changes the ordinance that was employed when the funds were initially committed. The fund balances in the following Special Revenue Funds were committed: Riverview Residents \$.03 million, Philadelphia Prisons \$3.5 million, and Departmental \$1.1 million.
- Assigned Fund Balance — Includes amounts that are constrained by government's intent to be used for a specific purpose but are neither restricted nor committed. The intent may be expressed by the Budget Director, other authorized department heads or their designees to which the Finance Director has granted the authority to assign amounts to be used for specific purposes. There is no prescriptive action to be taken by the authorized officials in removing or modifying the constraints imposed on the use of the assigned amounts. The General Fund reported an assigned fund balance of \$127.0 million at June 30, 2018 which represents the encumbrance balance at the end of the reporting period.
- Unassigned Fund Balance — This classification is the residual fund balance for the General Fund. It also represents fund balance that has not been classified as assigned, committed or restricted or non-spendable. The General Fund had a \$195.0 million unassigned fund balance at June 30, 2018. Within the Special Revenue Funds, the Grants Revenue Fund had a negative unassigned fund balance of \$288.5 million and the Community Development Fund had a negative unassigned fund balance of \$8.7 million at June 30, 2018.

To the extent that funds are available for expenditure in both the restricted and the other fund balance categories, except for the non-spendable category, funds shall be expended first from restricted amounts and then from the other fund balance categories amounts excluding non-spendable. To the extent that funds are available for expenditure in these other categories, except for the non-spendable fund balance, the order of use shall be: committed balances, assigned amounts, and lastly, unassigned amounts. The table below presents a more detailed breakdown of the City's fund balances at June 30, 2018:

City of Philadelphia
Notes to the Financial Statements
For the Fiscal Year Ended June 30, 2018

Exhibit XIII

Amounts in Thousands

	General Fund	HealthChoices Behavioral Health Fund	Grants Revenue Fund	Other Governmental Funds	Total Governmental Funds

11. INTERFUND TRANSACTIONS

During the course of normal operations, the City has numerous transactions between funds. These transactions are recorded as transfers and are reported as other financial sources (uses) in the Governmental Funds and as transfers in the Proprietary Funds. Some of the more significant transfers are: the PICA administrative fund collects a portion of the wage tax paid by City residents and transfers funds that are not needed for debt service and administrative costs to the general fund. Also, the general fund and the PICA administrative fund make transfers to the debt service funds for principal and interest payments.

Transfers between fund types during the year were:

(Amounts in Thousands of USD)

<u>Transfers From:</u>	<u>Transfers To:</u>				
	<u>Governmental</u>	<u>Non Major Governmental</u>			<u>Total</u>
	<u>General</u>	<u>Special Revenue</u>	<u>Debt Service</u>	<u>Capital Improvement</u>

12. TAX ABATEMENTS

Pursuant to Governmental Accounting Standards Board (GASB) Statement No. 77, *Tax Abatement Disclosures*, the City is required to disclose certain information about tax abatements as defined in the Statement. For the purposes of GASB Statement No. 77, a tax abatement is a reduction in tax revenues that results from an agreement between one or more governments and an individual, or entity, in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to the economic development or otherwise benefits the City or the citizens of the City. The City has entered into such agreements. The quantitative threshold set by the City for disclosing its tax abatement programs is currently \$500,000 or more. A description of each of the City's tax abatement programs where the City has promised to forgo taxes are as follows:

TAX CREDIT AGREEMENTS ENTERED INTO BY THE CITY OF PHILADELPHIA

Community Development Corporation (CDC) Tax Credit:

The Program rewards local businesses that contribute to economic development efforts as sponsors in distressed parts of the city. A sponsor will receive a tax credit of \$100,000 per year against its Business Income and Receipts Tax liability for each year the sponsor contributes \$100,000 in cash to a qualifying organization.

The Philadelphia Code under Chapter § 19-2604 (6) defines the implementation of the Community Development Corporation (CDC) Tax Credit. Section 501 of the Business Income and Receipts Tax regulations provides a full description of the CDC Tax Credit, including definitions of qualifying CDCs.

The CDC tax credit is available to a maximum of 42 businesses in any given tax year. Applications are reviewed and accepted on a first-come, first-served basis. The sponsor must contribute \$100,000 in cash to a qualifying organization under the terms and conditions of the Business Income and Receipts Tax regulations and the contribution agreement. Contributions exceeding \$100,000 will not be entitled to any additional tax credit and no tax credit will be available if contributions are less than \$100,000. Sponsors must make the full contribution by December 31st of each year. A sponsor must take the credit on the tax year for which the contribution is made. Any tax credit not used in the period the contribution was made may not be carried forward or carried backward. Tax credits are non-transferable and may be used only by the sponsor.

A business as a sponsor that pledges and contributes \$100,000 annually to a currently non-participating qualifying organization for 10 consecutive years; obtains a tax credit of \$100,000 or actual BIRT tax liability per year, whichever is lower.

Under the CDC tax credit program there are currently no provisions for recapturing the past abated tax monies.

Gross dollar amount, on an accrual basis, by which the City's tax revenues were reduced as a result of the CDC Tax Credit program for fiscal year 2018 totaled, **\$2,984,110.00**

Job Creation Tax Credit:

The Job Creation Tax Credit rewards businesses that increase the number of jobs available in the City of Philadelphia.

The Philadelphia Code under Chapter § 19-2604 (7) defines the implementation of the Job Creation Tax Credit. A full description of the Job Creation Tax Credit can be found under Section 502 of the BIRT regulations.

A business can attain this credit if it creates 25 new jobs or increases its number of employees by at least 20% within five years of the designated start date. Program participants must commit to maintaining business operations in the City of Philadelphia for five years.

The credit amount for jobs created is 2% of annual wages paid for each new job or \$5,000 per new job created, whichever is higher, subject to the maximum amount specified in the commitment agreement.

There are no provisions for recapture of this tax credit.

Program participants must commit to maintaining business operations in the City of Philadelphia for five years.

Gross dollar amount, on accrual basis, by which the City's tax revenues were reduced as a result of the Job Creation Tax Credit program for fiscal year 2018 totaled, **\$1,452,922.00**

For the above Tax Credit Agreements entered into by the City of Philadelphia;

- There were no forgone revenues received, or receivable from other governments.
- There were no other commitments, other than to reduce taxes.
- No tax abatement agreement has been disclosed individually.
- No required information has been omitted.

REAL ESTATE TAX ABATEMENT AGREEMENTS ENTERED INTO BY THE CITY OF PHILADELPHIA

- Development Abatement for New or Improved Residential Properties (State Act 175)
- Rehab Construction for Residential Properties (Ordinance 961)
- Rehab & New Construction for Commercial & Industrial Properties (Ordinance 1130)
- New Construction for Residential Properties (Ordinance 1456-A)

Specific taxes being abated are Real Estate taxes.

The purpose of these programs is to encourage new construction or rehabilitation of properties, to help revitalize communities, retain residents, attract home- and business-owners to the City of Philadelphia, and reduce development costs for commercial and residential projects.

To be eligible to receive these tax abatements; owners / developers rehabbing or building residential properties, and/or owners/developers rehabbing or building property to be sold or leased for commercial, industrial or business purposes that make improvements, under City issued permits, that affect the assessed value of the property.

For the State Act 175, Real Estate Taxes are abated for the first 30 months or until property is leased or sold, whichever occurs first.

For the Ordinance 961, Ordinance 1130, & Ordinance 1456-A; Real Estate Taxes are abated for 10 years, beginning January 1st, after the improvement is certified by the owner.

The amount of tax abatement is determined, such as dollar amount or percentage of taxes owed, based on the change in value due to the improvements.

There are no provisions to recapture abated taxes.

Gross dollar amounts, on an accrual basis, by which the City's tax revenues were reduced as a result of the Real Estate tax abatement programs for fiscal year 2018 were:

- **State ACT 175,** **\$2,224,421**
- **Ord. 961,** **\$5,206,308**
- **Ord. 1130,** **\$27,849,489**
- **Ord. 1456-A,** **\$14,966,250**

For the above Real Estate Tax Agreements entered into by the City of Philadelphia;

- There were no forgone revenues received, or receivable from other governments.
- There were no other commitments, other than to reduce taxes.
- No tax abatement agreement has been disclosed individually.
- No required information has been omitted.

TAX ABATEMENT AGREEMENTS ENTERED INTO BY OTHER GOVERNMENTS

Keystone Opportunity Zone (KOZ)

For properties in the areas designated by the Pennsylvania Department of Community and Economic Development. A KOZ property is a legislatively designated parcel where little to no development has taken place. Philadelphia offers tax abatements to businesses that invest in these areas.

The specific taxes being abated are Business Income and Receipt Tax, Net Profit Tax, & Real Estate Tax.

The Philadelphia Code, Chapter § 19-3200 defines the implementation of the Keystone Opportunity Zone, Economic Development District, and Strategic Development Area Tax Credit.

To qualify for Keystone Opportunity Zone Tax Credits, a business must:

- Own or lease property in one of the designated zones; and actively conduct a trade, business, or profession in that same designated zone.
- The qualified business must receive initial certification from the Pennsylvania Department of Community and Economic Development (DCED).

Waived or reduced taxes will apply when filing the tax forms/returns listed below:

- Tax credits are applied to recipients
- State Corporate Net Income Tax
- Capital Stock & Foreign Franchise Tax
- Personal Income Tax (Partners or Sole Proprietors)
- Sales & Use Tax
- Mutual Thrift Institutions Tax
- Insurance Premiums Tax and/or to their respective
- City Business Income & Receipt Tax
- Net Profit Tax
- Real Estate Tax filings

Abatement / credit amounts are based on the recipients' tax return filings and real estate tax valuations.

If any qualified business located within the zone has received an exemption, abatement or credit under this Chapter and subsequently relocates outside of the zone before agreement period ends; that business will refund to the City or School District, the exemptions, abatements or credits attributed in accordance to the Philadelphia Codes.

Commitments made by recipients include;

- Must be up to date on all City and State taxes and in compliance with City and State laws and regulations.
- Must file KOZ application annually.
- If presently a PA business and relocated to a KOZ, they must,
 - increase employment by 20% in the first year
 - or invest the equivalent of 10% of the previous year's gross revenues in capital improvements to the KOZ Property.
 - or enter into a lease agreement for property within a KOZ for a term at least equivalent to the duration of the KOZ property and with an aggregate payment under the lease at least equivalent to 5% of the gross revenues of that business in the immediately preceding calendar or fiscal year.

Gross dollar amounts, on accrual basis, by which the City's tax revenues were reduced as a result of the KOZ tax abatement programs for fiscal year 2018 were:

<u>Net Profit Tax Credits</u>	
City Portion of Net Profit Tax	\$ 5,102,488
PICA Portion of Net Profit Tax	4,805,256
Total Net Profit Tax credits	\$ 9,907,744
Real Estate Tax Credits	10,323,993
Business Income & Receipt Tax Credits	75,734,208
Total KOZ Tax Credits	\$ 95,965,945

For the above Tax Abatement Agreements entered into by Other Governments;

- o There were no forgone revenues received, or receivable from other governments.
- o There were no other commitments, other than to reduce taxes.
- o No tax abatement agreement has been disclosed individually.
- o No required information has been omitted.

The following summarizes the fiscal year 2018 tax abatement agreements, and their respective dollar totals, entered into by the City of Philadelphia and Other Governments.

Tax Credit Agreements entered into by the City of Philadelphia

Community Development Corporation Tax Credit	\$ 2,984,110
Job Creation Tax Credit	1,452,922
Total	\$ 4,437,032

Real Estate Tax Abatement Agreements entered into by the City of Philadelphia

DEVELOPMENT STATE ACT 205/175	\$ 2,224,421
ORD 961 UNCAPPED	5,206,308
ORD 1130 AS AMENDED 10 YRS	27,849,489
ORD 1456-A/983 AS AMENDED - 10 YEARS RESIDENTIAL	14,966,250
Total	\$ 50,246,469

Tax Abatement Agreements entered into by Other Governments

Keystone Opportunity Zone (KOZ) Real Estate Tax Credits	\$ 10,323,993
Net Profit Tax (KOZ Credit)	9,907,744
Business Income & Receipt Tax (KOZ Credit)	75,734,208
Total	\$ 95,965,945

As of June 30, 2018, the grand total of forgone revenues as a result of all the tax abatement programs was: \$ 150,649,446

Tax Increment Financing (TIF)

The Commonwealth of Pennsylvania has approved the Tax Increment Financing Act that authorizes the taxing bodies of the City of Philadelphia (the City and School District) to create geographic areas ("TIF Districts"), where certain increases in tax revenue may be used to finance improvements in the TIF Districts. The TIF loan is usually funded by a private lender, i.e. bank, and is paid by the incremental taxes from Real Estate, Use and Occupancy, City Sales and Business Privilege.

Philadelphia Industrial Development Corporation (PIDC), acting on behalf of Philadelphia Authority for Industrial Development (PAID), can propose any area of the City to City Council and the School District for approval as a TIF District under the terms of the Act. Any new improvements can be funded by the TIF loan.

TIF's are a financing tool that enable the City to establish a district in a blighted area, within which increases in taxes resulting from development of the district can be applied to project costs in the district or to project-related debt service.

The total gross dollar amount, on an accrual basis, by which the City's fiscal year 2018 tax revenues were redirected as result of the TIF program was **\$6,153,223**.

13. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The governmental fund balance sheet (Exhibit III) includes reconciliation to the Net Position of Governmental Activities. One element of that reconciliation states that “Long Term Liabilities, including bonds payable, are not reported in the funds”. The details of this difference are as follows:

<i>(Amounts in Millions)</i>	
Bonds Payable	\$ 2,120.3
Service Agreements	1,748.1
Indemnity Claims	81.7
Employee Related Obligations	477.5
Leases	<u>249.3</u>
Total Adjustment:	<u>\$ 4,676.9</u>

14. PRIOR PERIOD ADJUSTMENTS AND CUMULATIVE EFFECT OF CHANGE IN ACCOUNTING PRINCIPLE

A. PRIMARY GOVERNMENT

The **Governmental Activities’** Net Position decreased by \$1,308.5 million as a result of:

- Increase in the OPEB liability by \$1,298.6 million due to the implementation of GASB 75,
- Increase in Governmental Activities Capital Assets Accumulated Depreciation of \$9.9 million as a result of an error in prior period removal.

The effect of the adjustments is reflected as decrease to the Governmental Activities’ Net Position as of July 1, 2017 in the June 30, 2018 Statement of Activities - Exhibit II.

The **Water Fund’s** Net Position decreased by \$107.9 million as a result of:

- Increase in the OPEB liability by \$136.8 million due to the implementation of GASB 75,
- Recognized \$(4.2) million of the federal subsidy portion of various projects placed in service in the previous year.
- The net effect of \$(19.5) million due to calculation adjustment of accumulated depreciation.
- Net effect of \$(6.3) million for projects previously expensed that should have been included in fixed assets and duplicate projects that should have been removed.
- Adjustment of amortization of bond discount/premium in the amount of \$1.1 million to coincide with the debt manager’s schedule.

The effect of the adjustments is reflected as decrease to the Water Fund’s Net Position as of July 1, 2017 in the June 30, 2018 Statement of Revenues, Expenses and Changes in Net Position – Proprietary Funds, Exhibit VII.

The **Aviation Fund's** Net Position decreased by \$68.0 million as a result of:

- Establishing the Airport's share of the City's net other post-employment benefits (OPEBs) liability of (\$68.4) million and deferred outflows of resources of nearly \$4.1 million; the net of these two entries is (\$64.3) million,
- Prior year deferred inflows related to pensions being erroneously reported as a credit on the balance sheet; the adjusting journal entry was nearly (\$1.0) million,
- Prior year offset to construction-in-progress understating the asset by \$13.7 million,
- Recalculating the Airport's depreciation expense for prior periods, thereby increasing accumulated depreciation by nearly (\$27.7) million.
- Reclassification of prior year construction-in-progress to interest expense of \$12.5 million
- Correcting entry charged to operating expense from prior year construction-in-progress asset of (\$2.6) million
- Correcting entry to other revenues from prior year accounting error of \$1.4 million.

The effect of the adjustment is reflected as a decrease to the Aviation Fund's Net Position as of July 1, 2017 in the June 30, 2018 Statement of Revenues, Expenses, and Changes in Net Position – Proprietary Funds, Exhibit VII.

B. COMPONENT UNIT

1. The **SDP** Governmental Funds:

Prior Period Adjustment:

SDP's District-wide net position beginning balances were increased by \$1,993,991. This adjustment involved: (1) a decrease in Construction in Progress in the amount of \$12,651,915 which includes the removal of items that do not meet the capitalization requirements in the amount of \$1,215,356 and transfers to Building and Improvement accounts in the amounts of \$2,350,889 and \$9,085,669 respectively, (2) an increase in Intangible assets in the amount of \$4,603,097, (3) an increase to Building and Improvement Accumulated Depreciation accounts in the amounts of \$71,676 and \$554,890 respectively, and (4) an increase to Intangible Assets Accumulated Depreciation in the amount of \$767,183.

Prior Period Restatement:

The **SDP** has restated its July 1, 2017 net position in its governmental and business-type activities to record the net pension liabilities, deferred outflows and deferred inflows at June 30, 2018 in accordance with the requirements of GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other than Pensions.

The net result of this change is outlined in the graph below:

	Governmental Activities			Business-Type Activities	Total OPEB Government-Wide
	OPEB PSERS Healthcare	OPEB Life Insurance	Total OPEB Governmental Activities	OPEB PSERS Healthcare	Total OPEB
Add:					
Deferred Outflows	\$ 7,878,946	\$ -	\$ 7,878,946	\$ 124,394	\$ 8,003,340
Less:					
Non-Current Liabilities	146,616,712	15,789,630	162,406,342	2,314,804	164,721,146
Deferred Inflows	-	1,590,940	1,590,940	-	1,590,940
Net Position Adjustment	\$ (138,737,766)	\$ (17,380,570)	\$ (156,118,336)	\$ (2,190,410)	\$ (158,308,746)

2. Philadelphia Parking Authority:

During the year, PPA's management determined it was necessary to restate its beginning net position amounts as a result of fixed assets, liabilities and bond premium/discount balance adjustments. Management determined that there were certain assets on the records that had been disposed of previously, but not removed from the financial records and other assets whose balances were incorrectly calculated. Certain liabilities were not accurately reported in the prior period due to the non-cash impact on pension expense by the implementation of GASB 68. Management also determined that certain bond premium/discount balances were not amortized consistent with generally accepted accounting principles or were not carried at the correct balance.

<i>(Amounts in Thousands)</i>	<u>PPA</u>
Net position, as previously reported, at March 31, 2017	\$ 14,040
Prior Period Adjustments:	
Adjustment to property and equipment	\$ 1,487
Adjustment to bond premiums & discounts	1,050
Adjustment to reconcile liabilities	<u>(6,132)</u>
Total prior period adjustment	<u>(3,595)</u>
Net position, as restated, at March 31, 2017	\$ 10,445

3. PGW

In FY 2018, PGW retrospectively adopted Governmental Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (GASB 75), as of September 1, 2016. The adoption of this standard resulted in the following restatement of Net Position:

Condensed Statements of Revenues and Expenses and Changes in Net Position

(Thousands of U.S. dollars)

	<u>Years ended August 31</u>		
	<u>2018</u>	<u>2017 (a)</u>	<u>2016 (a)</u>
Total gas revenues, net	\$ 628,254	588,414	545,215

Net position, beginning of year	49,617	1,278	277,984
Implementation of GASB 75	—	—	<u>(286,760)</u>
Net position, end of year	<u>\$ 111,700</u>	<u>49,617</u>	<u>1,278</u>

(a) Restated as a result of the implementation of GASB 75.

4. Community College of Philadelphia (CCP)

In FY 2018, CCP implemented GASB 75 requiring the recording in full of the actuarially determined other postemployment benefits (OPEB). GASB 75, which replaced GASB 45, established new actuarial methods and discount rate standards for the measurement and recognition of OPEB. Adopting GASB 75 required restating the Opening Net Position from \$51.9 million to negative \$102.3 million. GASB 75 eliminated the Net OPEB Obligation and required the full liability to be recognized immediately on the Statement of Net Position. Under GASB 45, the College recorded \$78.2 million in OPEB liability in fiscal 2017. Under GASB 75, the College was required to recognize \$177.8 million in OPEB liability in fiscal 2018.

(Amounts in Thousands)

CCP	Business Type Activities	Component Unit	Total
Net Position - July 1, 2017 (previously reported)	\$ 51,951	11,155	\$ 63,106
Adjustment	(154,262)		(154,262)
Net Position Adjusted - July 1, 2017 (restated)	\$ (102,311)	11,155	\$ (91,156)

5. Philadelphia Housing Authority (PHA)

In FY 2017, PHA submitted reformatted statements that included an eliminating entry in the amount of (\$5,076,632). In FY 2018, PHA submitted reformatted statements that did not include the eliminating entry. Subsequently, the March 31, 2017 net position was adjusted to reflect the correct net position as of March 31, 2018.

(Amounts in Thousands)

PHA	Total
Net Position - March 31, 2017 (previously reported)	\$ 1,053,583
Adjustment	5,077
Net Position Adjusted - July 1, 2017 (restated)	\$ 1,058,660

15. NET POSITION RESTRICTED BY ENABLING LEGISLATION

The government-wide statement of net position reports \$1,555.8 million of restricted net position, of which \$127.7 million is restricted by enabling legislation as follows:

(Amounts in Thousands of USD)

	Restricted Net Position	Restricted by Enabling Legislation
Capital Projects	316,108	
Debt Service	477,570	
Pension Oblig Bond Refunding Reserve	21,796	
Behavioral Health	279,396	
Neighborhood Revitalization	167	
Philadelphia Art Museum Project	11,369

Cultural & Commercial Corridor Project	1,462	
Grant Programs	118,330	33,278
Rate Stabilization	179,485	
Libraries & Parks:	-	
Expendable	4,667	
Non-Expendable	6,664	
Educational Programs	-	
Other	94,493	94,493
Total	1,555,804	127,771

16. FUND DEFICITS

- The Grants Revenue fund, which is a Special Revenue Fund, has a Fund Balance Deficit at year-end of \$257.2 million. The deficit was primarily caused by the recording of reimbursed costs and corresponding revenues for services provided by the Department of Human Services to the grants fund, and the delay of billing and receiving reimbursements from the state.
- The Community Development Fund, which is a Special Revenue fund, has a Fund Balance Deficit at year-end of \$8.7 million.

IV. OTHER INFORMATION

1. PENSION PLANS

The City maintains two single employer defined benefit plans for its employees and several of its component units. The two plans maintained by the City are the City Plan and the Philadelphia Gas Works (PGW) Plan. In addition to the City, the three other quasi-governmental agencies that participate in the City Plan are the Philadelphia Parking Authority (PPA), the Philadelphia Municipal Authority (PMA), and the Philadelphia Housing Development Corporation (PHDC).

Effective with Fiscal Year 2015, the City implemented GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*. This statement revises existing standards for measuring and reporting pension liabilities for pension plans. GASB Statement No. 68 defines a single employer as the primary government and its component units. All three quasi-governmental agencies that participate in the City Plan were determined to be component units of the City. Therefore, the City Plan meets the definition of a single employer plan.

The note disclosures and Required Supplementary Information required by GASB Statement No. 67, *Financial Reporting for Pension Plans – an amendment of GASB No. 25*, are presented in the separately issued audited financial statements of the City Plan and PGW Plan. Copies of these financial statements may be obtained by contacting the Director of Finance of the City of Philadelphia.

A. PRIMARY GOVERNMENT

(1) City Plan

a. PENSION FUND DESCRIPTION

Plan Administration. The Philadelphia Board of Pensions (the Pension Board) administers the City of Philadelphia Municipal Pension Fund (the Fund), a single-employer defined benefit pension plan with a small but increasing defined contribution component, which provides pensions for all officers and employees of the City of Philadelphia (the City), as well as those of three quasi-governmental agencies (per applicable enabling legislation and contractual agreements). The Board was established by section 2-308 of the 1952 Philadelphia Home Rule Charter. Its actions in administering the Retirement System are governed by Title 22 of the Philadelphia Code.

The Board consists of nine voting members - four elected by the active members within the civil service, and the City’s Controller, Solicitor, Managing Director, Personnel Director, and Director of Finance, who serves as the Chair.

Plan Membership. At July 1, 2017, the date of the most recent actuarial valuation, pension plan membership consisted of the following:

Actives	28,615
Terminated Vested	1,157
Disabled	3,942
Retirees	22,288
Beneficiaries	8,552
DROP	1,767
Total City Members	66,321
Annual Salaries	\$ 1,744,728,288

Average Salary per Active Member	\$ 60,973
Annual Retirement Allowances	\$ 750,204,529
Average Retirement Allowance	\$ 21,569

Contributions.

Per Title 22 of the Philadelphia Code, members contribute to the Fund at various rates based on bargaining unit, uniform/non-uniform/elected/exempt status, and entry date into the Fund. Beginning July 1, 2017, members contributed at one of the following rates:

Employee Contribution Rates				
For the Period of July 1, 2017 to June 30, 2018				
	Municipal (1)	Elected (2)	Police	Fire
Plan 67	7.00%	N/A	6.00%	6.00%
Plan 67 - 50% of Aggregate Normal Cost (3)	6.11%	N/A	N/A	N/A
Plan 87	3.14%	9.46%	5.92%	5.92%
Plan 87 - 50% of Aggregate Normal Cost (4)	3.46%	N/A	N/A	N/A
Plan 87 - Accelerated Vesting (5)	4.60%	12.38%	N/A	N/A
Plan 87 Prime (6)	4.14%	10.46%	6.92%/8.50%(7)	6.92%/8.50%(7)
Plan 87 Prime - Accelerated Vesting	5.60%	13.38%	N/A	N/A
Plan '10	3.10%	N/A	5.50%	5.50%
Plan '10 - Accelerated Vesting	3.28%	N/A	N/A	N/A
Plan '16	4.14%	N/A	N/A	N/A

- 1- For the Municipal Plan 67 members who participate in the Social Security System, employee contributions are 4.75% of compensation up to the social security wage base and 6% above it.
- 2- The employee contribution rate is based upon the normal cost of \$483,475 under Plan 87 Elected, normal cost or \$261,961 under Plan 87 Municipal and current annual payroll of \$3,548,609.
- 3- Effective November 2014 guards represented by DC 33 contributions at 50% of the aggregate Normal Cost of all members in Plan J.
- 4- This represents 50% of aggregate Normal Cost for all members in Plan Y.
- 5- Member rates for Municipal Plan 87 (Y5) members eligible to vest in 5 years and Elected Officials (L8) eligible to be vested in 8 years instead of 10.
- 6- Plan 87 Prime refers to new hires who have the option to elect Plan 10 but have elected to stay in Plan 87.
- 7- Police and Fire members hired after 7/1/2017 will pay at the higher rate of 8.50%

Employer contributions are made by the City throughout each fiscal year (which ends June 30) and by three (3) quasi-governmental agencies on a quarterly basis. These contributions, determined by an annual actuarial valuation report (AVR), when combined with plan member contributions, are expected to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability.

Within the AVR, three contribution amounts are determined based upon three different sets of rules for determining the way the unfunded actuarial liability is funded.

The first method is defined in accordance with Act 205 and defines the Minimum Municipal Obligation (MMO), which is the City's minimum required contribution under Pennsylvania state law.

The second method is in accordance with the City's Funding Policy, which predates the Act 205 rules and calls for contributions that are greater than the MMO until the initial unfunded liability determined in 1984 is fully funded.

The third method currently followed by the City, the Revenue Recognition Policy (RRP), calls for additional revenue to be contributed each year to the fund in excess of the MMO. There are three sources of additional revenue that will be received by the Fund: 1) a portion of the sales tax according to the State Legislation, 2) additional tiered member contributions based on salary level for all municipal employees, and 3) additional member contributions from the current and future uniform members in Plan 87.

Under all funding methods, there are two components: the normal cost and the amortized unfunded actuarial liability. The actuarial unfunded liability is the amount of the unfunded actuarial liability that is paid each year based upon the given or defined amortization periods. The amortization periods are the same under the MMO and RRP, but different under the City's Funding Policy.

City's Funding Policy:

The initial July 1, 1985 unfunded actuarial liability (UAL) is amortized over 34 years ending June 30, 2019 with payments increasing at 3.3% per year, the assumed payroll growth. Other changes in the actuarial liability are amortized in level-dollar payments as follows:

- Actuarial gains and losses – 20 years beginning July 1, 2009. Prior gains and losses were amortized over 15 years.
- Assumptions changes – 15 years beginning July 1, 2010. Prior to July 1, 2010, assumption changes were amortized over 20 years.
- Plan changes for active members – 10 years.
- Plan changes for inactive members – 1 year.
- Plan changes mandated by the State – 20 years.

In fiscal year 2018, the City and other employers' contributions of \$782.0 million was less than the actuarially determined employer contribution (ADEC) of \$871.8 million. In the event that the City contributes less than the funding policy, an experience loss will be created which will be amortized in accordance with funding policy over a closed 20-year period.

The Schedule of Employer Contributions (based on the City's Funding Policy) is included as Required Supplemental Information and provides a 10-year presentation of the employer contributions.

Minimum Municipal Obligation (MMO):

For the purposes of the MMO under Act 205 reflecting the fresh start amortization schedule, the July 1, 2009 UAL was "fresh started" to be amortized over 30 years ending June 30, 2039. This is a level dollar amortization of the UAL. All future amortization periods will follow the City's Funding Policies as outlined above.

In the fiscal year 2018, the City and other employers' contributions of \$782.0 million exceeded the Minimum Municipal Obligation of \$661.3 million.

The Schedule of Employer Contributions (based on the MMO Funding Policy) is included as Required Supplemental Information and provides a 10-year presentation of the employer contributions.

Revenue Recognition Policy (RRP)

Revenue Recognition Policy is similar to the MMO except that the assets used to determine the unfunded liability do not include portion of sales tax revenue, tiered member contributions from the municipal employees, and additional uniform members' contributions. These sources of income are contributed over and above the City's contribution of the MMO and will be in addition to the MMO. Therefore, under this funding method the additional revenue amounts are separately tracked and accumulated in a notional account which is then subtracted from the assets before calculating the contribution amounts due under the Minimum Municipal Obligation (MMO) methodology. The fund accumulates these amounts in a notional account and deducts them from the Actuarial Asset Value before the MMO is determined. These amounts are accumulated at the Actuarial Asset Value return rates to preserve the new funding methodology objective.

In the fiscal year 2018, the City and other employers' contributions of \$782.0 million exceeded the contribution under Revenue Recognition Policy of \$662.1.

The Schedule of Employer Contributions (based on the RRP Funding Policy) is included as Required Supplementary Information and provides a 10-year presentation of the employer contributions.

b. BENEFITS

The Fund provides retirement, disability, and death benefits according to the provisions of Title 22 of the Philadelphia Code. These provisions prescribe retirement benefit calculations, vesting thresholds, and minimum retirement ages that vary based on bargaining unit, uniform/non-uniform status, and entry date into the System.

Non-uniform employees may retire at either age 55 with up to 80% of average final compensation (AFC) or age 60 with up to either 100% or 25% of AFC, depending on entry date into the Fund. Uniform employees may retire at either age 45 with up to 100% of AFC or age 50 with up to either 100% or 35% of AFC, depending on entry date into the Fund. Survivorship selections may result in an actuarial reduction to the calculated benefit.

Members may qualify for service-connected disability benefits regardless of length of service. Service-connected disability benefits are equal to 70% of a member's final rate of pay, and are payable immediately without an actuarial reduction. These applications require approval by the Board. Eligibility to apply for non-service-connected disability benefits varies by bargaining unit and uniform/non-uniform status. Non-service-connected disability benefits are determined in the same manner as retirement benefits, and are payable immediately.

Service-connected death benefits are payable to:

1. surviving spouse/life partner at 60% of final rate of pay plus up to 2 children under age 18 at 10% each of final rate of pay (maximum payout: 80%);
2. if no surviving spouse/life partner, up to 3 children under age 18 at 25% each of final rate of pay (maximum payout 75%); or
3. if no surviving spouse/life partner or children under age 18, up to 2 surviving parents at 15% each of final rate of pay (maximum payout 30%).

Non-service-connected deaths are payable as a lump sum payment, unless the deceased was either vested or had reached minimum retirement age for their plan, in which case the beneficiary(ies) may instead select a lifetime monthly benefit, payable immediately with an actuarial reduction.

A Pension Adjustment Fund (PAF) is funded with 50% of the excess earnings that are between 1% and 6% above the actuarial assumed earnings rate. Each year within sixty days of the end of the fiscal year, by majority vote of its members, the Board of Directors of the Fund (the Board) shall consider whether sufficient funds have accumulated in the PAF to support an enhanced benefit distribution (which may include, but is not limited to, a lump sum bonus payment, monthly pension payment increases, ad-hoc cost of living adjustments, continuous cost-of-living adjustments, or some other form of increase in benefits as determined by the Board) to retirees, their beneficiaries and their survivors. As of July 1, 2017, the date of the most recent actuarial valuation, there was \$1,097,499 in the PAF and the Board voted to make PAF distributions of \$34,604 during the fiscal year ended June 30, 2018.

The Fund includes a Deferred Retirement Option Plan (DROP Plan). The DROP Plan allows a participant to declare that they will retire within 4 years. During the 4-year period, the City will make no further contributions for the participant. The participant would continue to work and to receive their salary; however, any increases would not be counted towards their pension benefit. During the 4-year period the individual participates in the DROP Plan, their pension benefits will be paid into an escrow account in the participant's name. After the 4-year period, the participant would begin to receive their pension benefits and the amount that has been accumulated in the escrow account in a lump sum payment. The balance in the DROP Plan as of June 30, 2018 is \$138.9 million.

c. INVESTMENTS

The Pension Board's Investment Policy Statement provides, in part:

The overall investment objectives and goals should be achieved by use of a diversified portfolio, with safety of principal a primary emphasis. The portfolio policy should employ flexibility by prudent diversification into various asset classes based upon the relative expected risk-reward relationship of the asset classes and the expected correlation of their returns.

The Fund seeks an annual total rate of return of not less than 7.60% over a full market cycle. It is anticipated that this return standard should enable the Fund to meet its actuarially assumed earnings projection (currently 7.60%) over a market cycle. The investment return assumption was reduced by the Board from 7.70% to 7.60%. The Fund's investment program will pursue its aforesaid total rate of return by a combination of income and appreciation, relying upon neither exclusively in evaluating a prospective investment for the Fund.

All investments are made only upon recommendation of the Fund's Investment Committee and approval by a majority of the Pension Board. In order to document and communicate the objectives, restrictions, and guidelines for the Fund's investment staff and investments, a continuously updated Investment Policy Statement is maintained. The Investment Policy Statement is updated (and re-affirmed) each year at the January Board meeting.

The following was the Board’s approved asset allocation policy as of June 30, 2018:

Asset Class	Target Allocation
Broad Fixed Income	10.0%
Global Fixed Income	2.0%
Emerging Market Debt	2.0%
U.S. Large - Cap Core	22.0%
U.S. Mid-Cap Core	3.0%
U.S. Small - Cap Core	5.0%
ACWI ex-U.S	15.0%
Non-U.S Small Cap	6.0%
Emerging Markets	4.0%
Public REITs	1.0%
Real Estate Core	11.0%
Real Estate – Mezzanine	1.0%
Real Estate – Opportunistic	1.0%
Infrastructure	5.0%
Private Equity	10.0%
Private Debt	2.0%
Total	100.0%

Money-Weighted Rate of Return: For the year ended June 30, 2018, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was 8.83%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for changing amounts actually invested.

d. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Financial statements of the Fund are prepared using the accrual basis of accounting. Member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds of contributions are recognized when due and payable in accordance with the terms of the Fund.

Method Used to Value Investments

The Fund’s investments are reported at fair value. Fair value is the amount that the Fund can reasonably expect to receive for an investment in a current sale between a willing buyer and a willing seller, that is, other than in a forced or liquidation sale. Fixed income securities and common and preferred stocks are generally valued based on published market prices and quotations from national security exchanges or securities pricing services. Securities which are not traded on a national security exchange are valued by the respective fund manager or other third parties based on similar sales.

For private market investments which include private equity, private debt, venture capital, hedge funds and equity real estate investments where no readily ascertainable market value exists, management, in consultation with the general partner and investment advisors, has determined the fair values for the individual investments based upon the partnership’s most recent available financial information. Some of the investment values provided in the report are estimates due to a lag in reporting for private market investments.

Futures contracts, foreign exchange contracts, and options are marked-to-market daily with changes in market value recognized as part of net appreciation/depreciation in the fair value of investments. Initial margin requirements for such financial instruments are provided by investment securities pledged as collateral or by cash.

Investment expenses consist of investment manager fees and investment consultant fees related to the traditional investments only, and not those fees related to the alternative investments. Unsettled investment sales are reported as Accrued Interest and Other Receivable, and unsettled investment purchases are included in Accrued Expenses and Other Liabilities.

Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis.

Income Taxes

The Fund qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is exempt from income taxation as allowed by Section 501(a) of the IRC.

Related Parties

The City's Department of Finance provides cash receipt and cash disbursement services to the Fund. The City's Solicitor's office provides legal services to the Fund. Other administrative services are also provided by the City.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Fund invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Fiduciary Net Position.

Contributions are calculated based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these statements and assumptions in the near term would be material to the financial statements.

Administrative Expenses

Administrative expenses of the Fund are paid for by the Fund.

e. **CASH DEPOSITS, INVESTMENTS AND SECURITIES LENDING**

Legal Provisions

The Fund is authorized to invest in "prudent investments," including obligations of the U.S. Treasury, agencies and instrumentalities of the United States, investment grade corporate bonds, common stock, real estate, private market, etc. City ordinances contain provisions which preclude the Fund from investing in organizations that conduct business in certain countries and also impose limitations on the amounts invested in certain types of securities.

Interest Rate Risk

Interest rate risk is the largest risk faced by an investor in the fixed income market. The price of a fixed income security generally moves in the opposite direction of the change in interest rates. Securities with long maturities are highly sensitive to interest rate changes.

Duration is a measure of the approximate sensitivity of a bond's value to interest rate changes. The higher the duration, the greater the changes in fair value when interest rates change. The Fund measures interest rate risk using option-adjusted duration, which recognizes the fact that yield changes may change the expected cash flows due to embedded options.

The table below details the exposure to interest rate changes based upon maturity dates of the fixed income securities at June 30, 2018:

2018 (in Thousands)	Total Fair Value	Less Than			More than 10 Years
		1 Year	1-5 Years	6-10 Years	
Asset Backed Securities	\$ 19,263	\$ 1,168	\$ 6,810	\$ 2,557	\$ 8,728
CMO/REMIC	7,827	3,488	-	152	4,187
Commercial Mortgage Backed Securities	20,057	7,936	382	176	11,563
Corporate Bonds	307,972	104,587	84,580	79,855	38,950
Government Bonds	379,809	100,974	125,121	90,887	62,827
Mortgage Backed Securities	77,759	759	-	9,820	67,180
Municipal Bonds	12,136	-	-	4,521	7,615
Total Credit Risk of Debt Securities	<u>\$ 824,823</u>	<u>\$ 218,912</u>	<u>\$ 216,893</u>	<u>\$ 187,968</u>	<u>\$ 201,050</u>

Custodial Credit Risk

In the event of counter-party failure, the Fund may not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities held by the counterparty or counterparty's trust department, are uninsured and are not registered in the name of the Fund. The Fund requires that all investments be clearly marked as to ownership, and to the extent possible, be registered in the name of the Fund. Certain investments may be held by the managers in the Fund's name.

Concentration of Credit Risk

Concentration of credit risk is the risk of substantial loss if investments are concentrated in one issuer. As of June 30, 2018, the Fund has no single issuer that exceeds 5% of total investments. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded.

Credit Risk

Credit Risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The fund is subject to credit risk on \$824.8 million of directly owned fixed income. The Fund's directly owned rated debt investments as of June 30, 2018 were rated by Standard & Poor's, a nationally recognized statistical rating agency and are presented below using Standard and Poor's rating scale:

2018 (in Thousands)	Total Fair Value	Credit Rating								
		AAA	AA	A	BBB	BB	B	CCC	D	NR
Asset Backed Securities	\$ 19,263	\$ 6,579	\$ 1,475	\$ 3,147	\$ 2,996	\$ -	\$ -	\$ -	\$ -	\$ 5,066
CMO/REMIC	7,827	760	5,489	14	333	199	336	-	-	696
Commercial Mortgage Backed Securities	20,057	5,518	10,896	1,002	6	246	6	-	-	2,383
Corporate Bonds	307,972	812	14,116	84,089	84,359	39,069	49,474	22,295	-	13,758
Government Bonds	379,809	11,504	258,672	48,770	16,816	26,657	12,125	2,907	758	1,600
Mortgage Backed Securities	77,759	-	77,759	-	-	-	-	-	-	-
Municipal Bonds	12,136	-	8,722	2,788	626	-	-	-	-	-
Total Credit Risk of Debt Securities	<u>\$ 824,823</u>	<u>\$ 25,173</u>	<u>\$ 377,129</u>	<u>\$ 139,810</u>	<u>\$ 105,136</u>	<u>\$ 66,171</u>	<u>\$ 61,941</u>	<u>\$ 25,202</u>	<u>\$ 758</u>	<u>\$ 23,503</u>

Foreign Currency Risk

The Fund's exposure to foreign currency risk derives from its position in foreign currency-denominated cash and investments in fixed income, equities, and derivatives. The foreign currency investment in equity securities is 41% of the total investment in equities.

The Fund's exposure to foreign currency risk at June 30, 2018 was as follows (expressed in thousands):

Currency	Cash	Fixed Income	Equities	Derivatives	Total
Euro (EUR)	\$ 1,683	\$ 1,960	\$ 320,471	\$ 2	\$ 324,116
Japanese Yen (JPY)	1,431	50	252,842	(232)	254,091
Pound Sterling (GBP)	595	11,034	189,706	(79)	201,256
Canadian Dollar (CAD)	233	903	111,165	(310)	111,991

	<u>\$ 7,825</u>	<u>\$ 107,428</u>	<u>\$ 1,305,092</u>	<u>\$ (1,782)</u>	<u>\$ 1,418,563</u>

Derivatives

The Fund may invest in derivatives as permitted by guidelines established by the Pension Board. Pursuant to such authority, the Fund may invest in foreign currency forward contracts, options, futures (S&P Fund) and swaps. No derivatives were purchased with borrowed funds.

Derivatives are generally used to provide market exposure in the equity portfolio and to hedge against foreign currency risk and changes in interest rates, improve yield and adjust the duration of the Fund's fixed income portfolio. These securities are subject to changes in value due to changes in interest rates or currency valuations. Credit risk for derivatives results from the same considerations as other counterparty risk assumed by the Fund, which is the risk that the counterparty might be unable to meet its obligations.

Derivative instruments such as swaps, options, futures and forwards are often complex financial arrangements used by governments to manage specific risks or to make investments. By entering into these arrangements, governments receive and make payments based on market prices without actually entering into the related financial or commodity transactions. Derivative instruments associated with changing financial and commodity prices result in changing cash flows and fair values that can be used as effective risk management or investment tools. Derivative instruments, however, also can expose governments to significant risks and liabilities.

The Fund enters into a variety of financial contracts, which include options, futures, forwards and swap agreements to gain exposure to certain sectors of the equity and fixed income markets; collateralized mortgage obligations (CMOs); other forward contracts, and U.S. treasury strips. The contracts are used primarily to enhance performance and reduce the volatility of the portfolio. The Fund is exposed to credit risk in the event of non-performance by counterparties to financial instruments. The Fund generally enters into transactions only with high quality institutions. Legal risk is mitigated through selection of executing brokers and review of all documentation. The Fund is exposed to market risk, the risk that future changes in market conditions may make an instrument less valuable. Exposure to market risk is managed in accordance with risk limits set by senior management, through buying or selling instruments or entering into offsetting positions. The notional or contractual amounts of derivatives indicate the extent of the Fund's involvement in the various types and uses of derivative financial instruments and do not measure the Fund's exposure to credit or market risks and

do not necessarily represent amounts exchanged by the parties. The amounts exchanged are determined by reference to the notional amounts and the other terms of the derivatives.

Derivative Instruments

The following table summarizes aggregate notional or contractual amounts for the Fund's derivative financial instruments at June 30, 2018 in addition to the fair value and change in the fair value of derivatives.

List of Derivatives Aggregated by Investment Type

<u>Classification</u>	<u>Change in Fair Value</u>	<u>Fair Value at June 30, 2018</u>	<u>Notional</u>
Investment Derivatives			
Forwards Currency Contracts	Net appreciation/(depreciation) in Investments (\$2,649,840)	Accrued interest and other receivables (\$1,795,360)	\$220,322,282
Futures	Net appreciation/(depreciation) in Investments (\$82,352)	Accrued expenses and other liabilities (158,317)	158
Grand Totals	(\$2,732,192)	(\$1,953,677)	\$ 220,322,440

A Derivatives Policy Statement identifies and allows common derivative investments and strategies, which are consistent with the Investment Policy Statement of the City of Philadelphia Municipal Pension Fund. The guidelines identify transaction-level and portfolio-level risk control procedures and documentation requirements. Managers are required to measure and monitor exposure to counterparty credit risk. All counterparties must have credit ratings available from nationally recognized rating institutions such as Moody, Fitch, and S&P. The details of other risks and financial instruments in which the Fund involves are described below.

Credit risk:

The Fund is exposed to credit risk on hedging derivative instruments that are in asset positions. To minimize its exposure to loss related to credit risk, it is the Fund's policy to require counterparty collateral posting provisions in its non-exchange-traded hedging derivative instruments. These terms require full collateralization of the fair value of hedging derivative instruments in asset positions (net of the effect of applicable netting arrangements) should the counterparty's credit rating fall below AA as issued by Fitch Ratings and Standard & Poor's or Aa as issued by Moody's Investors Service. Collateral posted is to be in the form of U.S. Treasury securities held by a third-party custodian. The city has never failed to access collateral when required.

It is the Fund's policy to enter into netting arrangements whenever it has entered into more than one derivative instrument transaction with counterparty. Under the terms of these arrangements, should one party become insolvent or otherwise default on its obligations, close-out netting provisions permit the non-defaulting party to accelerate and terminate all outstanding transactions and net the transactions' fair values so that a single sum will be owed by, or owed to, the non-defaulting party.

Swap agreements:

These derivative instruments provide for periodic payments at predetermined future dates between parties based on the change in value of underlying securities, indexes or interest rates. Under fixed interest rate type swap arrangements, the Fund receives the fixed interest rate on certain equity or debt securities or indexes in exchange for a fixed charge. There were not any total receive fixed interest Swaps during 2018. On its pay-variable, received-fixed interest rate swap, as LIBOR increases, the Fund's net payment on the swap increases. Alternatively, on its pay-fixed, receive-variable interest rate swap, as LIBOR or the SIFMA swap index decreases, the Fund's net payment on the swap increases.

Futures contracts:

These derivative instruments are types of contracts in which the buyer agrees to purchase and the seller agrees to make delivery of a specific financial instrument at a predetermined date and price. Gains and losses on futures contracts are settled daily based on a notional (underlying) principal value and do not involve an actual transfer of the specific instrument. Futures contracts are standardized and are traded on exchanges. The exchange assumes the risk that counterparty will not pay and generally requires margin payments to minimize such risk. In addition, the Fund enters into short sales, sales of securities it does not presently own, to neutralize the market risk of certain equity positions. Initial margin requirements on futures contracts and collateral for short sales are provided by investment securities pledged as collateral and by cash held by various brokers. Although the Fund has the right to access individual pledged securities, it must maintain the

amount pledged by substituting other securities for those accessed. The realized gain from Futures contracts was \$373,351.

Forward contracts:

The Fund is exposed to basis risk on its forward contracts because the expected funds purchase being hedged is priced based on a pricing point different than the pricing point at which the forward contract is expected to settle. The realized gain from Forward contracts was \$2,919,043.

Termination risk:

The Fund or its counterparties may terminate a derivative instrument if the other party fails to perform under the terms of the contract. In addition, the Fund is exposed to termination risk on its receive-fixed interest rate swap. The Fund is exposed to termination risk on its rate cap because the counterparty has the option to terminate the contract if the SIFMA swap index exceeds 12 percent. If at the time of termination, a hedging derivative instrument is in a liability position, the City would be liable to the counterparty for a payment equal to the liability, subject to netting arrangements.

Rollover risk:

The Fund is exposed to rollover risk on hedging derivative instruments that are hedges of debt that mature or may be terminated prior to the maturity of the hedged debt. When these hedging derivative instruments terminate, or in the case of a termination option, if the counterparty exercises its option, the Fund will be re-exposed to the risks being hedged by the hedging derivative instrument.

Fair Value Measurement

The Municipal Pension Fund has the following recurring fair value measurement as of June 30, 2018:

	(Amounts in Thousands)	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	6/30/2018			
Investments by fair value level				
U.S. Treasury Securities	\$ 220,476	\$ -	\$ 220,476	\$ -
Agency Bonds	18,191		18,191	
Asset Backed Securities	19,264		19,264	
Corporate Bonds	307,972		307,971	1
Government Bonds	133,947		133,947	
Mortgage Backed Securities	105,643		105,643	
Municipal Bonds	12,136		12,136	
Sovereign Debt	7,195		7,195	
Mutual Funds	7,144	739	6,405	
Equity	3,150,606	3,148,506	391	1,709
Total Investments by fair value level	\$ 3,982,574	\$ 3,149,245	\$ 831,619	\$ 1,710
Investments measured at the net asset value (NAV)				
Credit Distressed Hedge Fund	\$ 3,833			
Equity Long/Short Hedge Fund	31,213			
Real Estate	491,004			
Private Equity	487,071			
Fixed Income Funds	121,328			
Total Investments measured at the NAV	1,134,449			
Total Investments measured at fair value	\$ 5,117,023			
Investment derivative instruments				
Equity index Futures (Assets)	\$ 15	\$ 15	\$ -	
Equity index Futures (Liabilities)	(227)	(227)		
Currency Futures (Assets)	53	53		
Forward Currency Contracts (Assets)	1,179		1,179	
Forward Currency Contracts (Liabilities)	(2,974)		(2,974)	
Total Investment derivative instruments	\$ (1,954)	\$ (159)	\$ (1,795)	

Equity securities classified in Level 1 of the fair value hierarchy are valued using quoted market prices. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Corporate bonds and Equities in Level 3 are valued using discounted cash flow techniques.

Derivative instruments classified in Level 1 of the fair value hierarchy are valued using quoted market prices. Derivative instruments classified in Level 2 are valued using a market approach that considers benchmark for foreign exchange rates.

The valuation method for investments measured at the net asset value (NAV) per share (or its equivalent) is presented on the following table.

<i>(Amounts in Thousands)</i>				
		Unfunded	Redemption	Redemption
		Commitments	Frequency (If	Notice
Investment Measured at the net asset value (NAV)			Currently Eligible)	Period
Credit Distressed Hedge Fund	\$ 3,833	\$ -	Quarterly	90 days
Equity Long/Short Hedge Fund	31,213		Quarterly	90 days' notice
Real Estate	491,004	30,723	N/A	N/A
Private Equity	487,071	291,557	N/A	N/A
Fixed Income Funds	121,328		Quarterly	90-120 days
Total Investments measured at the NAV	<u>\$ 1,134,449</u>			

1. Credit distressed hedge funds: The Funds seek to identify and exploit event driven opportunities both on the long and short side in the stressed and distressed corporate debt markets. Investments are generally driven by fundamental, value-oriented analysis and specific credit events. The Funds maintain the flexibility to invest globally and across capital structures of stressed and distressed companies. Investments generally target secondary U.S. credit opportunities across all tranches of a company's debt capital structure. The Funds may also invest opportunistically in certain equities, long and short. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the investments. Investment can be redeemed with a 90 days' notice.

2. Equity long/short hedge funds: This Fund will typically hold 0-50 long positions and 10-15 short positions in U.S. common stocks. Management has the ability to shift investments from value to growth strategies, from small to large capitalization stocks, and from a net long position to a net short position. The Fund mitigates market risk by utilizing short positions. In periods of extreme volatility, the Fund may hold a significant portion of its assets in cash. The fair values of the investments in this type have been determined using the NAV per share of the investments. Investment can be redeemed with a 90 days' notice.

3. Real estate funds: This type includes funds that invest in U.S. and Non-U.S. commercial and residential real estate. The fair values of the investments in this type have been determined using the NAV per share (or its equivalent) of the Plan's ownership interest in partners' capital. These investments can never be redeemed with the funds. Distributions from each fund will be received as the underlying investments of the funds are liquidated. However, the individual investments that will be sold have not yet been determined. Because it is not probable that any individual investment will be sold, the fair value of each individual investment has been determined using the NAV per share (or its equivalent) of the Plan's ownership interest in partners' capital. Once it has been determined which investments will be sold and whether those investments will be sold individually or in a group, the investments will be sold in an auction process. The investee fund's management is required to approve of the buyer before the sale of the investments can be completed. It is expected that the underlying assets of the funds will be liquidated over the next seven to 10 years.

4. Private equity funds: The primary goal of these Funds is to generate returns for investors that exceed private equity industry benchmarks and are commensurate with asset class risk through the construction of a portfolio of opportunistic, highly performing private equity investments. Investments that fund may undertake include early-stage venture capital, later-stage growth financings, leveraged buyouts of medium and large-sized companies, mezzanine investments, PIPES and investments in companies that are being taken private. These investments can never be redeemed with the funds. Instead, the nature of the investments in this type is that distributions are received through the liquidation of the underlying assets of the fund. If these investments were held, it is expected that the underlying assets of the fund would be liquidated over five to 10 years. The fair values of the investments in this type have been determined using recent observable transaction information for similar investments and nonbinding bids received from potential buyers of the investments. Once a buyer has been identified, the investee fund's management is required to approve of the buyer before the sale of the investments can be completed.

5. Fixed Income funds: The primary goal of these Funds is to create alpha by sourcing proprietary opportunities, avoiding capital loss, buying securities below their intrinsic value and selling securities above their intrinsic value. Firms look for opportunities that are currently mispriced, based on fundamentals or potentially an event that may improve the price of the holding.

Securities Lending Program

The Fund, pursuant to a Securities Lending Authorization Agreement, has authorized J.P. Morgan Bank and Trust Company (J.P. Morgan) to act as the Fund’s agent in lending the Fund’s securities to approved borrowers. J.P. Morgan, as agent, enters into Securities Loan Agreements with borrowers.

During the fiscal year, J.P. Morgan lent, on behalf of the Fund, certain securities of the Fund held by J.P. Morgan Chase Bank, N.A. as custodian and received cash or other collateral including securities issued or guaranteed by the United States, U.K., and Eurozone governments. J.P. Morgan does not have the ability to pledge or sell collateral securities delivered absent a borrower default. Borrowers were required to deliver collateral for each loan equal to at least 102% or 105% of the market value of the loaned securities.

Pursuant to the Securities Lending Authorization Agreement, J.P. Morgan had an obligation to indemnify the Fund in the event of default by a borrower. There were no failures by any borrowers to return loaned securities or pay distributions thereon during the fiscal year that resulted in a declaration or notice of default of the borrower.

During the fiscal year, the Fund and the borrowers maintained the right to terminate securities lending transactions upon notice. The cash collateral received on each loan was invested in a separately managed account based upon the investment guidelines established by the Fund. As of June 30, 2018, the weighted average maturity was 48 days and the final maturity was 351 days. Because the securities lending transactions were terminable at will, their duration did not generally match the duration of the investments made with the cash collateral received from the borrower.

On June 30, 2018, the Fund had no credit risk exposure to borrowers.

As of June 30, 2018, the fair value of securities on loan was \$401.0 million. Associated collateral totaling \$411.3 million was comprised of cash which was invested in a separately managed account based upon the investment guidelines established by the Pension Fund. As of June 30, 2018, the invested cash collateral was \$411.3 million and is valued at amortized cost.

f. INVESTMENT ADVISORS

The Fund utilizes investment advisors to manage long-term debt, real estate, private market, and equity portfolios. To be eligible for consideration, investments must meet criteria set forth in governing laws and regulations.

g. NET PENSION LIABILITY

The components of the net pension liability as of June 30, 2018 were as follows:

Total Pension Liability	\$ 11,510,667,823
Plan Fiduciary Net Position	<u>5,341,285,527</u>
Net Pension Liability	<u>\$ 6,169,382,296</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability:	46.4%

Actuarial assumptions:

The total pension liability was determined by an actuarial valuation as of June 30, 2017 and was rolled forward to June 30, 2018. The June 30, 2017 actuarial valuation used the following actuarial assumptions, applied to all periods including the measurement period:

Actuarial Cost Method:	Entry Age Normal
Investment Rate of Return:	7.60% compounded annually, net of expenses
Salary Increases:	Age based table

- The investment return assumption was changed from 7.70% from the prior year valuation to 7.60% for the current year valuation.
- To recognize the expense of the benefits payable under the Pension Adjustment Fund, the actuarial liabilities have been increased by 0.54%. This estimate is based on the statistical average expected value of the benefits.
- The mortality rates were based on the RP 2000 Healthy Annuitant Mortality Table for males and females with adjustments for mortality improvements using Scale AA with a five year set-back for Municipal males and females and a 2 year set-back for Police and Fire males and females.

The measurement date for the net pension liability (NPL) is June 30, 2018. Measurements are based on the fair value of assets as of June 30, 2018 and the total pension liability (TPL) as of the valuation date, July 1, 2017, updated to June 30, 2018. The roll-forward procedure included the addition of service cost and interest cost offset by actual benefit payments. During the measurement year, the collective NPL decreased by approximately \$149 million. The service cost and interest cost increased the collective NPL by the approximately \$1,007 million while contributions plus investment income offset by administrative expenses decreased the collective NPL by approximately \$1,295 million.

There was a benefit change to provide a minimum benefit of \$1,000 per month for Police and Fire retirees which increased the TPL by approximately \$4 million. There were actuarial experience losses during the year of approximately \$29 million which includes the loss due to the Pension Adjustment Fund payment of \$7 million for the previous year.

In addition, the Board adopted proposed assumption changes following the Experience Study completed March 2018, including:

1. Decrease the expected long-term return on assets from 7.70% to 7.60% and
2. Demographic assumption changes, including updates to the mortality rates, retirement rates, termination rates, disability rates, salary scale for Municipal, service-connected disability rates, and percent married for non-active members.

The combined effect of these assumption changes increased the TPL by approximately \$106 million.

Long-term expected rate of return:

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of geometric real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2018 are summarized in the following table: (see pension plan's investment policy: <http://www.phila.gov/pensions/PDF/ips.pdf>)

	<u>Long-Term Expected Real Rate of Return</u>	<u>Benchmark Index</u>
<u>Fixed Income</u>		
Broad Fixed Income	2.80%	Bloomberg Barclays U.S. Aggregate TR
Int. Government	2.20%	Bloomberg Barclays U.S. Govt TR

<u>Private Equity</u>		
Private Equity	11.10%	Cambridge Associates
Private Debt	10.00%	Cambridge Associates
<u>Cash</u>		
TIPS	3.80%	Bloomberg Barclays US TIPS TR
91 Day T-Bills	1.20%	

The above table reflects the expected real rate of return for each major asset class. The expected inflation rate is projected at 2.5% for the same time period.

Discount Rate: The discount rate used to measure the total pension liability was 7.60 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and the participating governmental entity contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods on projected benefit payment to determine the total pension liability.

Sensitivity of the net pension liability: The following presents the net pension liability of the Fund, calculated using the discount rate of 7.60%, as well as what the System's net pension liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current rate:

	1% Decrease 6.60%	Discount Rate 7.60%	1% Increase 8.60%
Total Pension Liability	\$ 12,692,479,606	\$ 11,510,667,823	\$ 10,504,052,174
Plan Fiduciary Net Position	5,341,285,527	5,341,285,527	5,341,285,527
Collective Net Pension Liability	<u>\$ 7,351,194,079</u>	<u>\$ 6,169,382,296</u>	<u>\$ 5,162,766,647</u>
Plan Fiduciary Net Position as a Percentage of the of the Total Pension Liability	42.1%	46.4%	50.8%

h. GUARANTEE OF BENEFITS

Benefits under the Fund are guaranteed by statute. In the event that employee contributions do not equal required benefits, the City's General Fund must provide any shortfall.

i. PARTICIPATION IN THE PENSION FUND

The trustees for the Fund are also members of the Fund and as such, are subject to the provisions of the Fund as described in the notes to these financial statements.

j. SUBSEQUENT EVENTS

Management evaluated subsequent events through December 27, 2018, the date the financial statements were available to be issued. Management noted no items which would require disclosure in the financial statements.

k. REPORTING INFORMATION FOR PARTICIPATING EMPLOYERS

Changes in Collective Net Pension Liability: The following table shows the changes in total pension liability (TPL), the plan fiduciary net position (i.e., fair value of the System assets) (FNP), and the net pension liability (NPL) during the measurement period ending on June 30, 2018.

	Change in Collective Net Pension Liability		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances at 6/30/2017	\$ 11,192,601,311	\$ 4,874,074,826	\$ 6,318,526,485
Changes for the year:			
Service cost	164,137,303		164,137,303
Interest	843,171,926		843,171,926
Changes of benefits	4,064,886		4,064,886
Differences between expected and actual experience	28,937,167		28,937,167
Changes of assumptions	106,021,273		106,021,273
Contributions - employer		781,984,326	(781,984,326)
Contributions - member		83,288,635	(83,288,635)
Net investment income		440,326,787	(440,326,787)
Benefit payments	(828,266,043)	(828,266,043)	0
Administrative expense		(10,123,004)	10,123,004
Net Changes	318,066,512	467,210,701	(149,144,189)
Balances at 6/30/2018	\$ 11,510,667,823	\$ 5,341,285,527	\$ 6,169,382,296

Employer's Proportionate Shares: GASB 68 requires that the proportionate share for each employer be determined based upon the "employer's projected long-term contribution effort to the pension ... as compared to the total long-term contribution effort to all employers". In addition to the City, three governmental agencies currently participate in the system, PHDC, PPA, and PMA. The method of allocation is based on the ratio of quasi-agency contributions in proportion to total contributions by plan.

Pension Amounts by Employer: The following schedule presents the pension amounts for each participating employer: Philadelphia Parking Authority (PPA), Philadelphia Municipal Authority (PMA), Philadelphia Housing Development Corporation (PHDC), and the City of Philadelphia (City).

Schedule of Pension Amounts by Employer						
	For the year ended	PPA	PMA	PHDC	City	Total
Collective pension expenses		\$ 17,747,229	\$ 331,724	\$ 1,575,689	\$ 809,655,144	\$ 829,309,786
Change in proportion		(5,042,579)	203,806	(1,017,591)	5,856,364	0
Contribution difference		6,217,376	52,433	453,677	(6,723,486)	0
Employer pension expense		<u>18,922,026</u>	<u>587,963</u>	<u>1,011,775</u>	<u>808,788,022</u>	<u>829,309,786</u>

Reconciliation of Net Pension Liability

The following table reconciles the Collective Net Pension Liability to the amount reported in the Primary Government Net Pension Liability in Exhibit I.

Reconciliation of Collective Net Pension Liability to the Primary Government Net Pension Liability			
<i>(Amounts in thousands of USD)</i>			
Municipal Pension Fund	Proportionate Share of NPL	Discretely Presented Component Units	City and Blended Component Units
City	6,023,168		6,023,168
PPA	132,025	132,025	
PMA	2,468		2,468
PHDC (1)	11,722	11,722	
Collective Net Pension Liability	<u>6,169,382</u>	<u>143,747</u>	<u>6,025,636</u>
State Pension Fund			
PICA			1,383
City's Primary Government Net Pension Liability (Exhibit I)			<u>6,027,019</u>

(1) PHDC does not appear in the Component Unit Financial Statements (Exhibit XI Statement of Net Position and Exhibit XII Statement of Activities) due to immateriality.

Deferred Outflows by Employer

The following table summarizes the deferred outflows allocated to each employer for experience, assumptions changes, investment returns and contribution differences.

Schedule of Employer's Deferred Outflows					
	PPA	PMA	PHDC	CITY	Total
Proportionate Shares	2.14%	0.04%	0.19%	97.63%	100%
Experience	\$ 2,388,708	\$ 44,649	\$ 212,082	\$ 108,976,444	\$ 111,621,883
Assumption changes	2,707,606	50,609	240,395	123,525,017	126,523,627
Investment return	1,703,625	31,843	151,256	77,721,918	79,608,642
Proportion change	10,414,417	282,117	712,824	42,368,921	53,778,279
Contribution difference	9,977,328	102,338	754,907	-	10,834,573
	<u>\$ 27,191,684</u>	<u>\$ 511,556</u>	<u>\$ 2,071,464</u>	<u>\$ 352,592,300</u>	<u>\$ 382,367,004</u>

Deferred Inflows by Employer

The following table summarizes the deferred inflows allocated to each employer for experience, assumptions changes, investment returns and contribution differences.

Schedule of Employer's Deferred Inflows					
	PPA	PMA	PHDC	CITY	Total
Proportionate Shares	2.14%	0.04%	0.019%	97.63%	100%
Experience	\$ -	\$ -	\$ -	\$ -	\$ -
Assumption changes	-	-	-	-	-
Investment return	-	-	-	-	-
Proportion change	(38,017,115)	(171,458)	(4,180,348)	(11,409,358)	(53,778,279)
Contribution difference	-	-	-	(10,834,573)	(10,834,573)
	<u>\$ (38,017,115)</u>	<u>\$ (171,458)</u>	<u>\$ (4,180,348)</u>	<u>\$ (22,243,931)</u>	<u>\$ (64,612,852)</u>

Recognition of Deferred Outflows and Inflows by Employer

The following table shows the net amount of deferred outflows and inflows to be recognized by each participating employer in each of the next five years and the total thereafter.

Schedule of Employer's Recognition of Deferred Outflows and Inflows					
For Year ending	PPA	PMA	PHDC	CITY	Total
2019	\$ 5,188,837	\$ 347,796	\$ (184,336)	\$ 238,861,127	\$ 244,213,424
2020	(9,754,812)	1,096	(1,266,735)	123,995,780	112,975,329

(2) Philadelphia Gas Works (PGW) Plan

a. **PLAN DESCRIPTION**

The City of Philadelphia (the “City”), maintains two pension systems providing benefits for its employees and several of its component units: The City’s pension system includes the Municipal Pension (the “Fund”); and the Gas Works Plan (the “Plan”). Each pension system is a separate Public Employee Retirement System (“PERS”) with a separate oversight body and is financially independent of the others. In each case, the City is required by the Philadelphia Home Rule Charter to maintain an actuarially sound pension and retirement system.

There are no component units of the Plan. In determining its oversight responsibility, the Plan considers financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability of fiscal matters.

The Plan consists of Philadelphia Gas Works (“PGW” or the “Company”), a component unit of the City and is included in the City’s Comprehensive Annual Financial Report as a trust and agency fund.

The Plan is a single employer defined benefit PERS. The Plan provides pension benefits for all eligible employees of Philadelphia Gas Works, and other eligible class employees of Philadelphia Facilities Management Corporation (PFMC) and Philadelphia Gas Commission (PGC).

The Plan is administered by the Sinking Fund Commission of the City of Philadelphia (the “Commission”). The Commission is responsible for the administration of the Plan. Certain administrative aspects of the Plan are delegated to PGW. The Commission acts in a fiduciary matter with regards to the assets of the Plan. The Commission was established by the City Charter and consists of the Director of Finance, the City Controller and an experienced banker or investment banker appointed by the Mayor. Alternates for these members are allowed by written authorization of the Mayor.

As of the latest available actuarial valuation (June 30, 2018), the Plan’s membership consisted of:

Active participants	1,213
Retired participants	2,193
Vested terminated participants	<u>323</u>
Total Plan participants	<u><u>3,729</u></u>
Total payroll	\$ 101,270,528
Average pay	\$ 83,488

The Plan is currently open to all employees of PGW.

b. **BENEFITS PROVIDED**

Normal Retirement Benefits: The Plan provides retirement benefits as well as death and disability benefits. Retirement benefits are vested after 5 years of credited service. Employees who retire at or after age 65 are entitled to receive an annual retirement benefit, payable monthly, in an amount equal to the greater of:

- 1.25 percent of the first \$6,600 of Final Average Earnings plus 1.75 percent of the excess of Final Average Earnings over \$6,600, times years of credited service, with a maximum of 60 percent of the highest annual earnings during the last 10 years of credited service, applicable to all participants; or,
- 2 percent of total earnings received during the period of credited service plus 22.5 percent of the first \$1,200 of such amount, applicable only to participants who were employees on or prior to March 24, 1967.

Final Average Earnings are the employees’ average pay, over the highest five years of the last ten years of credited service. Employees with 15 years of credited service may retire at or after age 55 and receive a reduced retirement benefit. In addition, employees with 30 years of credited service are eligible to select early retirement with no reduction in benefits.

Contributions: In December 2011 the City of Philadelphia City Council approved Bill No. 110830 “An Ordinance” effecting PGW workers hired on or after May 21, 2011. The ordinance states, in part, that employees commencing employment on or after May 21, 2011 shall become a participant in the Plan only upon completion of an irrevocable written election to participate in the Plan. Such election must be made within thirty days after their employment

commencement date, or if later, thirty days after the effective date of the ordinance. All such employees who elect to participate in the Plan are deemed contributing participants.

Contributing participants (Non-covered employees) in the Plan are required to make annual contributions totaling 6 percent of their compensation. Such contributions are made by means of periodic payroll deductions determined by the Company. Contributing participants are 100 percent vested in their employee contributions. All participants in the Plan, including contributing participants, have no vested interest in their accrued benefit from the Plan sponsor until they have 5 years of credited service, at which time they become 100 percent vested in their accrued benefit. Contributions from contributing participants for the Plan year ending June 30, 2018 totaled \$1,078,192.

In addition, newly hired employees who commence employment on or after May 21, 2011 who opt out of the Plan will enter into the newly formed Philadelphia Gas Works Employees' Defined Contribution Plan, a tax qualified defined contribution plan pursuant to Section 401(a) of the Internal Revenue Code of 1986 as amended. The defined-contribution plan provides for an employer contribution equal to 5.5 percent of applicable wages. Assets of this plan are not a part of the City of Philadelphia Gas Works Retirement Reserve Fund and are not reported on in these financial statements.

Funding Policy: The Plan's funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate assets to pay benefits when due. Level percentages of payroll employer contributions rates are determined using the Projected Unit Credit actuarial funding method. The most recent annual actuarial valuation is as of June 30, 2018 and the contribution rate as of percentage of payroll was 28.04 percent.

Benefit and contribution provisions are established by City ordinance and may be amended only as allowed by City ordinance. Benefits under the Plan are guaranteed by statute. In the event employer contributions are not sufficient to pay required benefits, the City's General fund must provide any shortfall.

c. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Plan financial statements are prepared using the accrual basis of accounting. Employer contributions are recognized as revenues when due, pursuant to formal commitments, as well as statutory or contractual requirements. The pension benefits are paid monthly and recorded as paid. As a result, there are no pension benefits payable at June 30, 2018.

Method Used to Value Investments

The Plan reports investments at their fair value in the statement of fiduciary net position. Unrealized gains and losses are included in the statement of changes in fiduciary net position. Securities traded on national or international exchanges are recorded at the last reported sales price at current exchange rates.

Investment income is recognized as earned. Gains and losses on sales and exchanges are recognized on the transaction date. Net realized gains on sales amounted to \$18,729,456 for the year ended June 30, 2018. Net unrealized gains for the year ended June 30, 2018 totaled \$14,744,302.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Due From and To Brokers

Due from brokers represents the value of investments sold by brokers prior to year-end, for which the settlement date of the sale occurred subsequent to year end. Similarly, due to brokers represents the value of investments purchased by brokers prior to year-end, for which the settlement date of the purchase occurred subsequent to year end.

Fair Value of Financial Instruments

The carrying values of financial instruments including interest and dividends receivable, due from brokers, accounts payable, and amounts due to PGW and brokers approximate their fair market value due to the relative short maturity of these instruments.

Investment Advisors

The Fund utilizes numerous investment advisors to manage debt and equity portfolios. The Sinking Fund Commission must approve all investment advisors.

Income Taxes

The Plan is not subject to Federal, state or local income taxes.

Trend Information

Historical trend information related to the Plan is presented in the Supplemental Information section. The information is presented to enable the reader to assess the progress made by the Plan in accumulating sufficient assets to pay pension benefits as they become due.

Related Parties

The Sinking Fund Commission is the trustee of the Plan. The City of Philadelphia Department of Finance provides bookkeeping services for the Plan. Philadelphia Gas Works makes monthly benefit payments to retirees on behalf of the Plan and incurs administrative expenses on behalf of the Plan. Benefits payments made by PGW and administrative costs incurred by PGW on behalf of the Plan amounted to \$52,626,957 and \$184,334, respectively for the year ended June 30, 2018.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at June 30, 2018, and the reported amounts of revenues and expenses during the year then ended. Actual results could differ from those estimates. Significant estimates include the valuation of investments without quoted prices in an active market for identical assets and the actuarial estimates for Plan future benefit obligations.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of fiduciary net position.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Deposits and Investments

The Plan is authorized to maintain a diversified portfolio in the following types of investments: U.S. Treasury or agency obligations, corporate debt and equity securities, and foreign debt and equity securities. City ordinances and sinking fund policies contain provisions which preclude the Plan from investing in organizations that conduct business in certain countries and industries and impose limitations on the amounts invested in certain types of securities.

Investments: The Commission maintains a Statement of Investment Guidelines (“Policy”) consistent with the needs of the Plan. The latest Policy was approved by the Commission at its meeting on December 2, 2016. The Policy serves as the chief communication tool of the Commission with vendors and investment managers. The Policy defines the need for the Policy, the investment goals of the Plan, the asset allocation, the investment guidelines, including prohibited investments, as well as the objectives for each manager and benchmarks for each type of investment. Additionally, it defines the necessary communication and responsibilities of each party, including the Commission, the investment managers, the custodian and any consultants. The Policy can only be revised or changed by a vote by the Commission.

For a more complete description of the Policy, see the online version at: <http://www.phila.gov/Treasurer/Documents/PGWPP.pdf>.

The Pension Plan utilizes both equity and fixed-income investments consistent with the Policy as described above. As of June 30, 2018, the Plan had investments of approximately \$526 million, comprised of \$365 million in equities and \$161 million in fixed-income investments. The ratio of equities to fixed income is 69 percent to 31 percent which is in line with the Policy guidelines of 60-70 percent equities and 30-40 percent fixed income.

For the year ended June 30, 2018, the annual money-weighted rate of return on pension plan investments, net of investment expense was 8.89 percent.

The Commission employs third-party vendors to manage the assets of the Plan as well as perform other needed services. As of June 30, 2018, the Commission employed the following investment managers and vendors:

(Amounts in Millions)		
Manager	Mandate	Balance
<u>Equity Managers</u>		
RhumbLine Asset Management	Domestic Large Cap Index	\$ 127.1
RhumbLine Asset Management	International Markets	20.0
PineBridge Investments	Domestic Large Cap Index	53.7
Northern Trust Company	Domestic Large Cap Index	24.1
Eagle Asset Management	Domestic Small Cap Growth	27.1
Harding-Loevner	International Growth (fund)	48.6
Mondarian International Equity	International Value (fund)	23.5
Dimensional Fund Advisors	Emerging Markets (fund)	18.6
Vaughan Nelson	Domestic Small Cap Value	<u>22.2</u>
Total		364.9
<u>Bond Managers</u>		
Weaver Barksdale	Core	\$ 35.2
Logan Circle Partners	Core Plus	36.7
Logan Circle Partners	Investment Grade	15.0
Garcia Hamilton	Intermediate	31.1
Lazard Asset Management	Intermediate Plus	29.5
Sky Harbor Capital Management	High Yield	<u>14.0</u>
Total		161.5
Total		\$ 526.4

At its quarterly meetings, the Commission, with the assistance of PFM Asset Management LLC monitors the performance of the investment managers over various periods of time and will change a manager when the Commission deems it necessary. Each of the managers and other vendors (except for those marked 'fund') are contracted for a period of one year, with one-year extensions at the discretion of the Commission.

Interest Rate Risk

Interest rate risk is the largest risk faced by an investor in the fixed income market. The price of a fixed income security generally moves in the opposite direction of the change in interest rates. Securities with long maturities are highly sensitive to interest rate changes. The Plan's fixed income investments are as follows:

	Total Fair Value	Below 1 Year	1 to 5 Years	5 to 10 Years	10 Years and Over
U.S Government Treasuries	\$ 44,695,715	\$ 7,163,150	\$ 18,505,320	\$ 17,234,983	\$ 1,792,262
U.S Government Agencies	33,392,663	5,715,397	22,491,458	4,142,042	1,043,766
Municipal Bonds	3,390,668	308,100	2,498,249	249,255	335,064
Corporate Bonds	74,073,037	12,576,937	29,873,508	18,617,507	13,005,085
Asset Backed Securities	8,728,885	2,432,663	3,065,121	2,517,959	713,142
	<u>\$ 164,280,968</u>	<u>\$ 28,196,247</u>	<u>\$ 76,433,656</u>	<u>\$ 42,761,746</u>	<u>\$ 16,889,319</u>

Custodial Credit Risk

In the event of counter-party failure, the Plan may not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities held by the counterparty or counterparty's trust department, are uninsured and are not registered in the name of the Plan. The Plan requires that all investments be clearly marked as to ownership, and to the extent possible, be registered in the name of the Plan. Certain investments may be held by the managers in the Plan's name.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. The Fund's rated debt investments as of June 30, 2018 were rated by S&P, a nationally recognized statistical rating agency and are presented below using S&P's rating scale:

S & P Credit Rating	U.S.		Municipal Bonds	Corporate Bonds	Asset-Backed Securities	Total
	Government Securities	U.S. Government Agency Securities				
AAA	\$ 14,925,154	\$ 32,077,917		\$ 230,389	\$ 5,979,366	\$ 53,212,826

CCC-				116,929		116,929
CC				33,425		33,425
NR / NA				119,530	410,132	529,662
	<u>\$ 44,695,715</u>	<u>\$ 33,392,663</u>	<u>\$ 3,390,668</u>	<u>\$ 74,073,037</u>	<u>\$ 8,728,885</u>	<u>\$ 164,280,968</u>

Concentration of Credit Risk

Concentration of credit risk is the risk of substantial loss if investments are concentrated in one issuer. As of June 30, 2018 no single investment, not guaranteed by the U.S. government exceeds 5 percent of the Plan's net fiduciary financial position.

d. DISCLOSURE ABOUT FAIR VALUE OF FINANCIAL INSTRUMENTS

The accounting pronouncement on fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2018 (thousands of U.S. Dollars):

	Level 1	Level 2	Level 3	Total
Corporate bonds	\$ —	73,853	220	74,073
Common and preferred stock	353,535	11,411	2	364,948
U.S. government securities	38,897	33,392	—	72,289
Financial agreements	—	—	68	68
Asset backed securities	—	8,729	—	8,729
Bond mutual funds	2,954	—	—	2,954
Municipal obligations	—	3,391	—	3,391
	<u>\$ 395,386</u>	<u>130,776</u>	<u>290</u>	<u>526,452</u>

e. ADVANCE FROM THE PHILADELPHIA GAS WORKS

Payments to beneficiaries are made by PGW through its payroll system. The amount due to PGW at June 30, 2018 of \$118,304 represents the cumulative excess of payments made to the retirees and administrative expenses incurred by PGW, over the sum of the Company's required contribution, and reimbursements received from the Plan. Such amount will be settled in the subsequent Plan year.

f. NET PENSION LIABILITY

The components of the net pension liability of the City of Philadelphia Gas Works Retirement Reserve Fund at June 30, 2018, were as follows (dollar amounts in thousands):

Total Pension Liability	\$ 804,507
Plan Fiduciary Net Position	<u>(543,246)</u>
Net Pension Liability	<u>\$ 261,261</u>

Plan fiduciary net position as a percentage of the total pension liability	67.53%
--	--------

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2018 using the following actuarial assumptions:

Salary increases	4.5 percent for the current year and for subsequent years
General inflation	2.0 percent
Investment rate of return including inflation	7.30 percent, net of pension plan investment expense,

Mortality rates were based on the RP-2014 Combined Mortality Table for Males and Females with adjustments for mortality improvements based on Scale MP-2017.

Change in Assumptions

The total pension liability reflects an increase of approximately \$10 million as a result of changes actuarial assumptions for the Plan year ended June 30, 2018. Approximately \$14 million of the increase was a result of demographic changes, and the major driver of this change was a 9.5 percent increase in average pay. The mortality table was changed from RP-2014 mortality table generationally projected with Scale MP-2016 to the RP-2014 mortality table generationally projected with Scale MP-2017 to better reflect actual and future mortality experience. The change from Scale MP-2017 from MP-2016 has decreased the liability by approximately \$4 million.

Discount Rate

The discount rate used to measure the total pension liability was 7.30 percent. The projection of cash flows used to determine the discount rate assumed the contributions from Plan members will be made at the current contribution rate and that contributions from PGW will be made based on the current, actuarially determined funding policy. The long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table illustrates the impact of interest rate sensitivity on the Net Pension Liability. The net pension liability as of June 30, 2018, the most recent actuarial report, is calculated using the discount rate of 7.30 percent, as well as the Plan's net pension liability if it were calculated using a discount rate that is 1 percent lower (6.30 percent) or 1 percent higher (8.30 percent) than the current rate (amounts in thousands):

	1% Decrease 6.30%	Current Rate 7.30%	1% Increase 8.30%
Total Pension Liability	\$ 897,271	\$ 804,507	\$ 727,158
Plan Fiduciary Net Position	543,246	543,246	543,246
Net Pension Liability	<u>\$ 354,025</u>	<u>\$ 261,261</u>	<u>\$ 183,912</u>

Subsequent Events

The Plan has evaluated subsequent events occurring after the statement of fiduciary net position through the date of December 10, 2018 which is the date the financial statements were available to be issued.

Based on this evaluation the Plan has determined no subsequent event has occurred which requires disclosure in the financial statements.

B. DISCRETELY PRESENTED COMPONENT UNITS

(1) Philadelphia Gas Works

a. Plan Description

See Footnote IV. A. (2) Philadelphia Gas Works (PGW) Plan – a. Plan Description

b. Benefits Provided

See Footnote IV. A. (2) Philadelphia Gas Works (PGW) Plan – b. Benefits Provided

c. Employees Covered by Benefit Terms

d. Contributions

See Footnote IV. A. (2) Philadelphia Gas Works (PGW) Plan – b. Benefits Provided - Funding Policy and Employee Contributions

e. ADVANCE FROM THE PHILADELPHIA GAS WORKS

f. Net Pension Liability

PGW's net pension liability as of August 31, 2018 and 2017 were measured as of June 30, 2018 and 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2018 and June 30, 2017, respectively.

The total pension liability was determined using the entry age normal actuarial method and the following actuarial assumptions:

	<u>2018</u>	<u>2017</u>
Inflation	2.00 %	2.00 %
Salary increases	4.50	4.50
Investment rate of return	7.30	7.30

Mortality rates. Mortality rates for FY 2017 were based on the RP-2014 mortality tables for males and females generationally projected with scale MP-2016. Mortality rates for FY 2018 were based on the RP-2014 mortality tables for males and females generationally projected with scale MP-2017.

Long-term rate of return. The long-term expected rate of return on Pension Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of Pension Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class for FY 2018 are summarized in the following table:

<u>Asset class</u>	<u>Minimum</u>	<u>Maximum</u>	<u>Target</u>	<u>Expected annual return</u>
Domestic equity	35.0 %	55.0 %	45.0 %	9.0 %
International equity	10.0	30.0	20.0	9.1
Fixed income	25.0	45.0	35.0	5.6
Cash equivalents	—	10.0	—	—
			<u>100.0 %</u>	

Discount rate. The discount rate used to measure the total pension liability at June 30, 2018 and 2017 was 7.3%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that Company contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee contributions. Based on those assumptions, the Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Pension Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in Net Pension Liability

(Thousands of U.S. dollars)

	Increase (decrease)		
	Total pension liability	Plan fiduciary net position	Net pension liability
	(a)	(b)	(a)-(b)

Sensitivity of the net pension liability to changes in the discount rate:

The following table presents the net pension liability of the Company at June 30, 2018, calculated using the discount rate of 7.30%, as well as what the Company's net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.30%) or one-percentage point higher (8.30%) than the current rate:

<i>Amounts in Thousand of USD</i>			
	1% Decrease 6.30%	Current Discount Rate 7.30%	1% Increase 7.30%
Net Pension Liability	\$ 354,026	261,261	183,912

The following table presents the net pension liability of the Company at June 30, 2017, calculated using the discount rate of 7.30%, as well as what the Company's net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.30%) or one-percentage point higher (8.30%) than the current rate:

<i>Amounts in Thousand of USD</i>			
	1% Decrease 6.30%	Current Discount Rate 7.30%	1% Increase 7.30%
Net Pension Liability	\$ 352,265	261,945	186,598

Pension Plan fiduciary net position. Detailed information about the Pension Plan's fiduciary net position is available in the separately issued Pension Plan financial report.

g. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the years ended August 31, 2018 and 2017, the Company recognized pension expense of \$43.2 million and \$54.8 million, respectively. At August 31, 2018 and 2017, the Company reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (thousands of U.S. dollars):

	August 31, 2018		August 31, 2017	
	Deferred outflows of resources	Deferred inflows of resources	Deferred outflows of resources	Deferred inflows of resources
Differences between expected and actual experience	\$ 12,697	2,023	8,564	4,296
Changes of assumptions	6,119	6,726	23,961	5,908
Net difference between projected and actual earnings on pension plan investments	—	4,517	—	2,071
Contributions made after measurement date	6,127	—	6,875	—
Total	<u>\$ 24,943</u>	<u>13,266</u>	<u>39,400</u>	<u>12,275</u>

The \$6.1 million reported as deferred outflows of resources related to employer contributions made after the measurement date as of June 30, 2018 will be recognized as a reduction of the net pension liability in the Company's FY 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (thousands of U.S. dollars):

Fiscal year:	
2019	\$ 9,016
2020	2,032
2021	(4,085)
2022	(1,412)

h. Fair Value Measurements

See Footnote IV. A. (2) Philadelphia Gas Works (PGW) Plan – d. Disclosures About Fair Value of Financial Instruments

(2) School District of Philadelphia

a. Plan Description

Public School Employees' Retirement System (the System) is a governmental cost-sharing multiple-employer defined benefit plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSRS issues a publicly available financial report that can be obtained at www.psters.state.pa.us.

b. Benefits provided:

The System provides retirement and disability and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes- (1) Membership Class T-E (Class T-E) and (2) Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service or attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service. Benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Pennsylvania Public School Code (Code) of multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to defined benefits is vested and early retirement benefits may be elected. For Class T-E and T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and T-F members) or who has at least five years of credited services (ten years for Class T-E and T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

c. Contributions

Members Contributions:

Active members who joined prior to July 22, 1983, contribute at 5.25 % (Membership Class T-C) or at 6.50 % (Membership Class T-D) of the member's qualifying compensation.

Members who joined the System on or after July 22, 1983 and who were active or inactive as of July 1, 2001 contribute at 6.25 % (Membership Class T-C) or 7.50 % (Membership Class T-D) of the member's qualifying compensation.

Members who joined the System after June 30, 2001 and before July 1, 2011 contribute at 7.50 % (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with service rendered on or after January 1, 2002.

Members who joined the System after June 30, 2011, automatically contribute at the Membership Class T-E rate of 7.50% (base rate) of the member's qualifying compensation. All new hires after June 30, 2011, who elect Class T-F Membership, contribute at 10.30% (base rate) of the member's qualifying compensation. Membership Class T-E and T-F are affected by a "shared risk" provision in Act 120 of 2010 that in future fiscal years could cause the Membership Class T-E contribution rate to fluctuate between 7.50% and 9.50% and Membership Class T-F contribution rate to fluctuate between 10.30% and 12.30%.

Employer's Contributions:

The School District of Philadelphia' contractually required contribution rate for fiscal year ended June 30, 2018 was 31.74% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the PSERS pension plan from the School District were \$325.7 million for the year ended June 30, 2018.

Commonwealth Contributions:

The Commonwealth reimburses the School District 50 percent of the retirement cost for employees hired prior to July 1, 1994 and a percentage equal to the greater of 50 percent or the School District's market value/personal income aid ratio for employees hired after June 30, 1994. The School District's market/personal income aid ratio for Fiscal Year 2018 was 73.14 percent.

d. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

- (a) At June 30, 2018, the District reported a liability of \$3,572.0 million for its proportionate share of the net pension liability of which \$3,518.7 million was under the Governmental Activity section of the Government-wide Statements while the remaining amount was included under the Business-type Activity (Food Services and Print Shop) section of the Government-wide Statements. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by rolling forward the Public School Employees' Retirement System (System) total pension liability as of June 30, 2016 to June 30, 2017. The District's proportion of the net pension liability was calculated using the employer's one-year covered payroll as it relates to the System's total one-year reported covered payroll. At June 30, 2017, the District's proportion was 7.2324 percent, which was an increase of .03182 percent from its proportion measured as of June 30, 2016.
- (b) For the year ended June 30, 2018, the District recognized net pension expense of \$64,076.4 thousand of which \$63,121.2 thousand was under the Governmental Activity section of the Government-wide Statements while the remaining amount of \$955.2 thousand was under the Business-type Activity section of the Government-wide Statements.
- (c) At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>(Dollars in Thousands)</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 37,264	\$ (21,584)
Change in assumption	97,035	
Net difference between projected and actual investment earnings	82,769	-
Change in proportions	115,618	(207,016)
Difference between employer contributions and proportionate share of total contributions	-	(4,613)
Contributions subsequent to the measurement date	325,694	-
	<u>\$ 658,380</u>	<u>\$ (233,213)</u>

Deferred outflows of resources for contributions made subsequent to the measurement date was \$325,694.1 thousand and will be recognized as a reduction of net pension liability/collective net pension liability in the subsequent fiscal period rather than in the current period.

The District recognized net deferred inflows of \$99,473.2 thousand reported related to pensions in pension expense as follows:

Of the \$99,473.2 thousand reported as deferred outflows, \$97,990.4 thousand was under the Governmental-Activities column of the Government-wide statements while the remaining amount was under the Business-type Activities column (Food Service and Print Shop) at \$1,439.3 thousand and \$43.5 thousand, respectively.

Actuarial assumptions

The total pension liability as of June 30, 2017 was determined by rolling forward the System's total pension liability as of June 30, 2016 actuarial valuation to June 30, 2017 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – Entry Age Normal – level % of pay
- Investment return - 7.50% includes inflation at 2.75%.
- Salary growth - Effective average of 5.00% comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

Investments: The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Public markets global equity	20.0%	5.1%
Fixed income	36.0%	2.6%
Commodities	8.0%	3.0%
Absolute return	10.0%	3.4%
Risk parity	10.0%	3.8%
Infrastructure/MLPs	8.0%	4.8%
Real Estate	10.0%	3.6%
Alternative investments	15.0%	6.2%
Cash	3.0%	0.6%
Financing (LIBOR)	-20.0%	1.1%
	<u>100.00%</u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2017.

Discount rate: The discount rate used to measure the total pension liability was decreased from 7.50% to 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

e. Sensitivity of the District's proportionate share of the net pension to changes in the discount rate:

The following presents the net liability, calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.25%) or 1-percentage point higher (8.25%) than the current rate:

(Dollars in Thousands)

	<u>1% Decrease 6.25%</u>	<u>Current Discount Rate 7.25%</u>	<u>1% Increase 8.25%</u>
District's proportionate share of the net pension liability	4,396,781	3,571,967	2,875,591

f. Pension plan fiduciary net position:

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at www.psers.state.pa.us.

2. ACCUMULATED UNPAID SICK LEAVE

City and certain component unit employees are credited with varying amounts of sick leave according to type of employee and/or length of service. City employees may accumulate unused sick leave to predetermined balances. SDP employees have an unlimited maximum accumulation, and Gas Works' employees' sick leave is non-cumulative. Non-uniformed employees (upon retirement only) and uniformed employees (upon retirement or in case of death while on active duty) are paid varying amounts ranging from 25% to 50% of unused sick time, not to exceed predetermined amounts. Employees, who separate for any reason other than indicated above, forfeit their entire sick leave. The City budgets for and charges the cost of sick leave as it is taken.

3. OTHER POST EMPLOYMENT BENEFITS (OPEB)

A. PRIMARY GOVERNMENT

Plan description: The City of Philadelphia self-administers a single employer, defined benefit plan that provides OPEB for all eligible retirees. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits provided: The City of Philadelphia subsidizes health care for five years from the time of coverage election for eligible retirees. Certain union represented employees may defer their coverage until a later date, but the amount that the City pays for their health care is limited to the amount that the City would have paid at the date of their retirement. The City also provides lifetime insurance coverage for all eligible retirees. Firefighters are entitled to \$7,500 coverage and all other employees receive \$6,000 in coverage. The plan does not issue stand-alone financial statements, and the accounting for the plan is reported within the financial statements of the City of Philadelphia.

Funding Policy: The City's funding policy is to pay the net expected benefits for the current retirees. To provide health care coverage, the City pays a negotiated monthly premium for retirees covered by union contracts and is self-insured for non-union employees. The City's contributions are estimated to be about \$96.4 million for fiscal year ending June 30, 2018.

Employees covered by benefit terms: At July 1, 2016, the following employees were covered by the benefit terms:

<u>Medical Coverage:</u>	
Inactive employees or beneficiaries currently receiving medical coverage	3,929
DROPS with medical coverage	1,614
Inactive employees entitled to, but not yet receiving medical coverage	639
Active employees	28,308
Total	34,490
<u>Life Insurance Coverage</u>	
Inactive employees or beneficiaries currently receiving life insurance coverage	27,736
Active employees	28,308
Total	56,044

Total OPEB Liability:

The City's total OPEB liability of \$1,861,600,000 was measured as of June 30, 2017 and was determined by an actuarial valuation as of that date.

Actuarial assumptions and other inputs.

The total OPEB liability in the June 30, 2017 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Measurement Date: June 30, 2016 and June 30, 2017; Reporting dates June 30, 2017 and June 30, 2018.

Discount rate: The discount rate as of June 30, 2017 is 3.58%, which is the 20-year bond buyer index rate as of June 29, 2017. The discount rate that was used for June 30, 2016 liability calculation is 2.85%, which is the 20-year bond buyer index rate as of June 30, 2016.

Salary Increase Rate:

Age	All Divisions
<20	20.00%
20 - 24	11.00%
25 - 29	7.00%
30 - 34	5.00%
35 - 39	4.25%
40 - 44	4.00%
45 - 49	3.50%
50 - 54	3.30%
55 - 60	3.00%
61 +	2.75%

Per Person Cost Trends:

The trend rates represent the annual rate of increase in employer claim payments, employer premiums (including those paid to union-sponsored plans), and retiree contributions.

To Year	Medical		Rx		Medical /Rx Combined		
	Beginning July 1	Pre Medicare	Medicare Eligible	Pre Medicare	Medicare Eligible	Pre Medicare	Medicare Eligible
2017		8.00%	6.00%	10.00%	8.00%	8.40%	7.40%
2018		7.67%	5.80%	9.53%	7.67%	8.04%	7.11%
2019		7.33%	5.60%	9.07%	7.33%	7.68%	6.81%
2020		7.00%	5.40%	8.60%	7.00%	7.32%	6.52%
2021		6.67%	5.20%	8.13%	6.67%	6.96%	6.23%
2022		6.33%	5.00%	7.67%	6.33%	6.60%	5.93%
2023		6.00%	4.80%	7.20%	6.00%	6.24%	5.64%
2024		5.67%	4.60%	6.73%	5.67%	5.88%	5.35%
2025		5.33%	4.40%	6.27%	5.33%	5.52%	5.05%
2026		5.00%	4.20%	5.80%	5.00%	5.16%	4.76%
2027		4.67%	4.00%	5.33%	4.67%	4.80%	4.47%
2028		4.33%	3.80%	4.87%	4.33%	4.44%	4.17%
2029		4.00%	3.60%	4.40%	4.00%	4.08%	3.88%
2030		3.67%	3.40%	3.93%	3.67%	3.72%	3.59%
2031		3.33%	3.20%	3.47%	3.33%	3.36%	3.29%
2032 +		3.00%	3.00%	3.00%	3.00%	3.00%	3.00%

Retirees Share of Benefit related costs:

Percent of Retirees Electing Coverage

Participation rate for medical coverage

- 85% of future retirees from Non-Represented groups are assumed to elect post-retirement medical covers.
- 100% of future retirees from represented groups (DC 33, DC 47, Fire, and Police) are assumed to elect post-retirement medical coverage.
- 100% of DROP participants are assumed to continue in DROP for the remainder of their DROP period (maximum four years) and then retire with a medical benefit.

Participation rate for life insurance

- 95% of current and future retired firefighters who participated in the pension plan are assumed to be covered by City-provided life insurance.
- 87% of all other current and future retired pension plan participants are assumed to be covered by City-provided life insurance.

Mortality Rates:

It is assumed that deaths of active municipal and elected members would follow the RP-2000 Mortality Table with Blue Collar adjustment, projected 17 years using Scale AA with a five-year setback for males and females.

It is assumed that deaths of active uniformed members would follow the RP-2000 Mortality Table with Blue Collar adjustment, projected 17 years using Scale AA with a two-year setback for males and females.

It is assumed that mortality for healthy inactive lives will follow RP-2000 with Blue Collar adjustment, projected 17 years using Scale AA with a one-year set forward for males and females.

For Police and Fire, it is assumed that mortality for disabled retirees follows RP-2000 Healthy Mortality with Blue Collar adjustment, projected 17 years using Scale AA with a 1% upwards adjustment and a five-year setback for males and females.

For Municipal and Elected officials, it is assumed that mortality for disabled retirees follows RP-2000 Healthy Mortality with Blue Collar adjustment, projected 17 years using Scale AA with a 1% upward adjustment and a one-year setback for males and females.

Change in the Total OPEB Liability:

The table below shows the changes in the Total OPEB Liability (TOL), the plan fiduciary net position (i.e., the fair value of Plan assets) (FNP), and the Net OPEB Liability (NOL) during the measurement period ending on June 30, 2017.

Change in Net OPEB Liability			
	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Balances at 6/30/2016	\$ 1,936,600,000	\$ -	\$ 1,936,600,000
Changes for the year:			
Service cost	89,300,000		89,300,000
Interest	56,100,000		56,100,000
Changes of benefits			-
Differences between expected/actual			-
Changes of assumptions	(105,600,000)		(105,600,000)
Contributions - employer		114,800,000	(114,800,000)
Contributions - non employer			-
Contributions - member			-
Net investment income			-
Benefit payments	(114,800,000)	(114,800,000)	-
Administrative expense			-
Net changes	(75,000,000)	-	(75,000,000)
Balances at 6/30/2017	\$ 1,861,600,000	\$ -	\$ 1,861,600,000

During the measurement year, the NOL decreased by approximately \$75.0 million. The service cost and interest cost increased the NOL by approximately \$145.4 million while contributions plus investment gains offset by administrative expenses decreased the NOL by approximately \$114.8 million. The employer contribution of \$114.8 million is based on a blend of actual contributions and estimated contributions based on the prior report.

There were no changes in benefits during the year. Because the beginning and ending values are based on the same actuarial valuation and there were no significant events, there were no liability gains or losses during the year due to experience.

There was an assumption change due to the change in the 20-year bond buyer index rate. The discount rate changed from 2.85% to 3.58% as of June 30, 2017, reducing the liability by \$105.6 million.

Sensitivity of the total OPEB liability to changes in the discount rate:

The Following represents the total OPEB liability of the City, as well as what the City's total liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.58%) or 1-percentage-point higher (4.58%) than the current discount rate:

Changes in the discount rate affect the measurement of the TOL. Lower discount rates produce a higher TOL and higher discount rates produce a lower TOL. The table below shows the sensitivity of the NOL to the discount rate.

Sensitivity of Net OPEB Liability to Changes in the Discount Rate

	1% Decrease 2.58%	Discount Rate 3.58%	1% Increase 4.58%
Total OPEB Liability	\$ 2,007,100,000	\$ 1,861,600,000	\$ 1,730,100,000
Plan Fiduciary Net Position			
Net OPEB Liability	\$ 2,007,100,000	\$ 1,861,600,000	\$ 1,730,100,000
Plan Fiduciary Net Position as a Percentage of the Total OPEB liability	0.0%	0.0%	0.0%

A one percent decrease in the discount rate increases the TOL and NOL by approximately 8%. A one percent increase in the discount rate decreases the TOL and NOL by approximately 7%.

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates.

The Following represents the total OPEB liability of the City, as well as what the City's total liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

Changes in healthcare trends affect the measurement of the TOL. Lower healthcare trends produce a lower TOL and higher healthcare trends produce a higher TOL. The table below shows the sensitivity of the NOL to the healthcare trends.

Sensitivity of Net OPEB Liability to Changes in Healthcare Cost Trend Rates

	1% Decrease	Healthcare Trend	1% Increase
Total OPEB Liability	\$ 1,692,700,000	\$ 1,861,600,000	\$ 2,058,600,000
Plan Fiduciary Net Position			
Net OPEB Liability	\$ 1,692,700,000	\$ 1,861,600,000	\$ 2,058,600,000
Plan Fiduciary Net Position as a Percentage of the Total OPEB liability	0.0%	0.0%	0.0%

A one percent decrease in the healthcare trends decreases the TOL and NOL by approximately 9%. A one percent increase in the healthcare trend rate increases the TOL and NOL by approximately 11%.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB.
For the year ended June 30, 2018, the City recognized OPEB expense of \$130,300,000. The table below shows the development of OPEB expense.

Calculation of OPEB Expense

Fiscal Year Ending Measurement Year Ending	June 30, 2018 June 30, 2017
Change in Net OPEB Liability	\$ (75,000,000)
Change in Deferred Outflows	-
Change in Deferred Inflows	90,500,000
Non Employer Contributions	-
Employer Contributions	114,800,000
OPEB Expense	\$ 130,300,000
OPEB Expense as % of Payroll	7.47%
<hr/>	
Operating Expenses	
Service cost	\$ 89,300,000
Employee contributions	-
Administrative expenses	-
Total	\$ 89,300,000
Financing Expenses	
Interest cost	\$ 56,100,000
Expected return on assets	-
Total	\$ 56,100,000
Changes	
Benefit changes	\$ -
Recognition of assumption changes	(15,100,000)
Recognition of liability gains and losses 0	-
Recognition of investment gains and losses -	-
Total	\$ (15,100,000)
OPEB Expense	\$ 130,300,000

At June 30, 2018, the City reported deferred outflows of resources and deferred inflow of resources related to OPEB from the following sources:

Schedule of Deferred Inflows and Outflows of Resources as of
June 30, 2018 Projected Fiscal Year End
June 30, 2017 Measurement Date

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ -
Changes in assumptions		90,500,000
Net differences between projected and actual earnings on OPEB plan investments		
Contributions subsequent to measurement date	96,400,000	
Total	\$ 96,400,000	\$ 90,500,000

Amounts reported as deferred outflows and inflows of resources will be recognized in OPEB expense as follows:

Year Ended in June 30:	
2019	(15,100,000)
2020	(15,100,000)
2021	(15,100,000)
2022	(15,100,000)
2023	(15,100,000)
Thereafter	\$ (15,100,000)

The subsequent contributions after the measurement date are reflected as a deferred outflow, but this is not subject to a deferred recognition period in the OPEB expense. Instead, this will be fully recognized in the OPEB expense for the Fiscal Year ending June 30, 2019.

Required Supplementary Information: The schedule below shows the changes in NOL and related ratios required by GASB.

Schedule of Changes in Net OPEB Liability and Related Ratios

<u>Measurement Year Ending</u>	<u>6/30/2017</u>
Total OPEB Liability	
Service cost (BOY)	\$ 89,300,000
Interest (includes interest on service cost)	56,100,000
Changes of benefit terms	-
Differences between expected and actual experience	-
Changes of assumptions	(105,600,000)
Benefit payments, including refunds of member contributions	(114,800,000)
Net change in total OPEB liability	\$ (75,000,000)

Net investment income	-
Benefit payments, including refunds of member contributions	(114,800,000)
Administrative expense	-
Net change in plan fiduciary net position	\$ -
Plan fiduciary net position - beginning	-
Plan fiduciary net position - ending	\$ -
Net OPEB liability - ending	\$ 1,861,600,000
Plan fiduciary net position as a percentage of the total OPEB liability	0.00%
Covered-employee payroll	\$1,864,800,000
Net OPEB liability as a percentage of covered-employee payroll	99.83%

The Plan is not currently being pre-funded and so there is no actuarially determined contribution shown below. The actuarially determined contribution is a target or recommended contribution to the OPEB plan for the reporting period, determined in conformity with Actuarial Standards of Practice based on the most recent measurement available when the contributions for the reporting period was adopted. The Actuarial Required Contribution (ARC) determined under GASB 45 is not a recommended contribution under Actuarial Standards of Practice, and thus is not shown below. If the Plan decides to pre-fund the liabilities, we will provide an appropriate actuarially determined contribution.

B. COMPONENT UNITS

School District of Philadelphia (SDP) OPEB

The Governmental Accounting Standards Board (GASB) released new accounting standards for public postemployment benefits other than pension (OPEB). The new standards have substantially revised the accounting requirements previously mandated under GASB Statements (GASBS) No. 43 and 45. The most notable change is the elimination of the Annual Required Contribution (ARC) with the Net OPEB liability (Total OPEB liability for unfunded plans), to be recognized on the balance sheets of participating employers. GASB Statement No. 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" governs the specifics of accounting for public OPEB plan obligations for participating employers and is required to be implemented for employer fiscal years beginning June 15, 2017.

Plan Description:

The SDP provides up to \$2,000 of life insurance coverage for retired and disabled employees. A retired employee is eligible for this benefit if covered for 10 years as an active employee and retired at age 60 with 30 years of service or aged 62 with 10 years of service or 35 years of service regardless of age. Effective November 1, 2013, active employees who become disabled (total and permanent) prior to satisfying the retirement eligibility conditions for postretirement life insurance benefits are no longer eligible for postretirement benefit provided by the District. Employees who were granted disability retirement from PSERS and were approved by the insurance company providing the coverage prior to November 1, 2013 continue to be eligible for postretirement life insurance benefits. An unaudited copy of the single-employer life insurance benefit plan can be obtained by writing to School District of Philadelphia, 440 North Broad Street, Philadelphia, PA 19130; Attention: Employee Benefits Management.

Funding Policy:

The SDP is not required by law or contractual agreement to provide funding for the life insurance benefits other than the pay-as-you-go amount necessary to provide current benefits to retirees and eligible disabled employees. The numbers of eligible participants enrolled to receive such benefits as of June 30, 2016, the effective date of the biennial OPEB valuation, follows. There have been no significant changes in the number covered or the type of coverage since that date.

	Number of Employees
Active	12,892
Retirees	10,397
Total	23,289

Total OPEB Life Insurance liability:

At June 30, 2018, the District reported a liability of \$16.4 million for the total OPEB Life Insurance liability, all of which was under the Governmental Activity section of the Government-wide statements. For the June 30, 2018 reporting date (which is the plan's and/or employer's fiscal year ending date), the "Valuation Date is June 30, 2016." This is the date as of which the actuarial valuation is performed. The Measurement Date is June 30, 2017. This is the date as of which the total OPEB Life Insurance liability was determined.

Our actuary determined the total OPEB Life Insurance liability by rolling forward the Net OPEB Obligations of \$2,093,003 reported under GASBS 45 as of June 30, 2017. The following schedule includes information to comply with GASBS 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, for the fiscal year ending June 30, 2016, along with prior period adjustment to transition to GASBS 75 and Total OPEB Life Insurance Benefit liability for fiscal year ending June 30, 2018:

Net OPEB Obligation as of June 30, 2016	\$ 1,654,915
Annual Required Contribution (ARC)	998,270
Interest on Net OPEB Obligation	49,647
Adjustment to the ARC	(88,848)
Employer Contributions 2016-2017	(520,980)
Net OPEB Obligation as of June 30, 2017	<u>\$ 2,093,004</u>
Prior Period Restatement	15,789,630
Total OPEB Life Insurance Benefit Liability as of July 1, 2017*	<u>\$ 17,882,634</u>
Service cost	101,347
Interest on total OPEB Life Insurance Benefits liability	505,171
Effect of assumption changes or inputs	(1,590,940)
Employer Contributions 2016-2017	(520,980)
Total OPEB Life Insurance Benefit Liability as of June 30, 2018	<u>\$ 16,377,232</u>

Actuarial Methods and Assumptions:

Discount Rate: 2.85 % per annum as of June 30, 2016, 3.58 % per annum as of June 30, 2017, and 3.87 % per annum as of June 30, 2018 (Bond Buyer General Obligation 20-Bond Municipal Bond Index, selected by the District)

Salary Increases: 3.00 % per year (based on input from District)

Mortality: RPH-2006 Mortality Tables with white-collar adjustments, projected on a generational basis with Scale MP-2017, with employee rates before retirement and healthy annuitant rates after retirement. As a generational table, it reflects mortality improvements both before and after the measurement date. This industry standard table published by the Society of Actuaries (SOA) was selected based on the population covered and the recent SOA exposure draft on public plan mortality experience.

Termination: Withdrawal rates vary by age and years of service. Illustrative rates are shown below:

<u>If less than 5 Years of Service</u>		<u>If 5 or more Years of Service</u>	
<u>Years of Service</u>	<u>Rate</u>	<u>Age</u>	<u>Rate</u>
< 1	24.49%	25	24.75%
1 - 2	25.23%	30	18.01%
2 - 3	16.54%	35	10.98%
3 - 4	14.07%	40	7.91%
4 - 5	10.88%	45	6.71%
		50	4.03%
		55	3.81%
		60	6.40%

Retirement: Retirement rates are the rates utilized in the June 30, 2017 Actuarial Valuation for the Pennsylvania Public School Employees' Retirement System and vary by age, service, and gender. Members are eligible for early retirement at age 55 with 25 years of service. Class T-C and T-D members are eligible for superannuation retirement at the earlier of (1) age 62 with 3 years of service, (2) age 60 with 30 years of service, or (3) any age with 35 years of service. Class T-E and T-F members are eligible for superannuation retirement at the earlier of (1) age 65 with 3 years of service or (2) any combination of age and service that totals 92 with at least 35 years of service. Sample rates are shown below.

Sample Early Retirement Rates

<u>Age</u>	<u>Male</u>	<u>Female</u>
55	18.57%	18.59%
60	14.42%	17.05%

Sample Superannuation Retirement Rates

<u>Age</u>	<u>Male</u>	<u>Female</u>
55	26.59%	10.02%
60	30.87%	35.77%
65	21.39%	22.23%
74	100.00%	100.00%

Disability: None assumed.

Life Insurance Benefits Claimed: All life insurance benefits are assumed to be claimed upon the retiree's death.

Life Insurance Coverage while Employed: Only active employees who have life insurance coverage as of June 30, 2016 are included in this valuation. This valuation assumes they will continue to have life insurance coverage until retirement or disability and be eligible for the postretirement life insurance coverage upon retirement or disability. Any current active employee without life insurance coverage is assumed not to elect to have life insurance coverage prior to retirement or disability.

Benefits Not Valued: The accelerated death benefit was not valued as the estimated liability impact was de minimus as only disabled retirees prior to age 65 can elect this benefit.

Special Data Adjustments: PSERS membership class was determined based on the provided date of hire with the District. Service was determined as the elapsed time from the provided date of hire with the District until the date of determination.

Actuarial Cost Method:

In accordance with GASBS No. 75, the Entry Age Normal cost method was used for determining service costs and the actuarial accrued liability. Costs are determined as a level percent of pay.

Changes since Prior Valuation:

In accordance with GASBS No.75, the Actuary used the Entry Age Normal cost method for determining service costs and the actuarial accrued liability. Costs are determined as a level percent of pay. The changes listed below reflect differences from the June 30, 2016 actuarial valuation with GASBS 45 to the actuarial valuation as of June 30, 2018 in accordance with GASBS No.75.

The discount rate was change from 3% to a municipal bond index (2.85% as of June 30, 2016, 3.58% as of June 30, 2017, and 3.87% as of June 30, 2018).

The mortality, retirement, and disability assumptions were revised.

In accordance with GASBS No. 75, the Actuary updated the actuarial cost method from the level dollar version of the Entry Age Normal cost method to the level percent of pay version of the Entry Age Normal cost method for determining service costs and the actuarial accrued liability.

Total OPEB Life Insurance Liability

Most Recent Measurement Date	Total OPEB Life Insurance Liability	Active Covered Payroll	Total OPEB Life Insurance Liability as a percentage of covered payroll
6/30/2017	\$ 16,377,232	\$ 714,588,514	2.29184%

Other Postemployment Benefits (OPEB) Life Insurance Benefits Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

Changes in the Total OPEB Life Insurance Liability:

	Increase(Decrease) Total OPEB Life Insurance Liability
Net OPEB Life Insurance Benefit Liability as of July 1, 2017*	\$ 17,882,634
Changes for the year (2017-2018):	
Service Cost	101,347
Interest on total OPEB Life Insurance liability	505,171
Effect of Assumption changes or inputs	(1,590,940)
Benefit Payments	(520,980)
Net OPEB Life Insurance Benefit Liability as of June 30, 2018	\$ 16,377,232

*Equal to the total OPEB liability as of July 1, 2016-beginning of the measurement period for the fiscal year ending June 30, 2018.

Sensitivity of the District's Total OPEB Life Insurance Liability to changes in the discount rate:

The following presents the total liability, calculated using the discount rate of 3.58%, as well as what the total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.58%) or 1-percentage point higher (4.58%) than the current rate:

	2016-2017 Measurement Period (Dollars in Thousands)		
	1% Decrease	Current Discount Rate	1% Increase
	2.58%	3.58%	4.58%
District's total OPEB Life Insurance liability	18,627	16,377	14,570

At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	(Dollars in Thousands)	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Contributions subsequent to the measurement date	\$ 511	\$
Effect of assumptions changes or inputs		(1,221)
	<u>\$ 511</u>	<u>\$ (1,221)</u>

Deferred outflows of resources for contributions made subsequent to the measurement date was \$0.5 million and will be recognized as a reduction of total OPEB liability in the next fiscal period rather than in the current period.

OPEB Expense and Deferred Inflows of Resources Related to OPEB Life Insurance:

- For the year ended June 30, 2018, the District recognized net OPEB expense of \$.02 thousand of which all under the Governmental Activity section of the Government-wide Statements.
- All of the \$1,220.9 thousand reported as deferred inflows was under the Governmental-Activities column of the Government-wide statements. Amounts currently reported as deferred inflows of resources related to other postemployment benefits will be recognized in OPEB expense as follows:

Year ended June 30:	(Dollars in Thousands)	
		Deferred Inflows of Resources
2018	\$	(370)
2019		(370)
2020		(370)
2021		(111)
2022		-
Thereafter		-
Total	\$	<u>(1,221)</u>

PSERS Other Postemployment Benefits:

Other Postemployment Benefits (OPEB) Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

- At June 30, 2018, the District reported a liability of \$147.4 million for its proportionate share of the net OPEB liability of which \$145.1 million was under the Governmental Activity section of the Government-wide Statements while the remaining amount was included under the Business-type Activity (Food Services and Print Shop) section of the Government-wide Statements. The net OPEB liability was measured as of June 30, 2017, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the Public School Employees' Retirement System (System's) total pension liability as of June 30, 2016 to June 30, 2017. The District's proportion of the net pension liability was calculated using the employer's one-year covered payroll as it relates to the system's total one-year reported covered payroll. At June 30, 2018, the District's proportion was 7.2324 percent, which was an increase of 0.3182 percent from its proportion measured as of June 30, 2017.
- For the year ended June 30, 2018, the District recognized net OPEB expense of \$1,363.3 thousand of which \$1,342.1 thousand was under the Governmental Activity section of the Government-wide Statements while the remaining amount of \$21.2 thousand was under the Business-type Activity section of the Government-wide Statements.
- At June 30, 2018, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

(Dollars in Thousands)

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ -	\$ -
Change in assumption	-	(6,857)
Net difference between projected and actual investment earnings	156	-
Change in proportions	5,875	
Difference between employer contributions and proportionate share of total contributions	6	
Contributions subsequent to the measurement date	8,609	-
	<u>\$ 14,646</u>	<u>\$ (6,857)</u>

Deferred outflows of resources for contributions made subsequent to the measurement date was \$8.6 million and will be recognized as a reduction of net OPEB liability in the next fiscal period rather than in the current period.

The District recognized net deferred inflows of \$.8 million reported related to OPEB from the following OPEB expense:

(Dollars in Thousands)

<u>Year ended June 30:</u>	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>	<u>Net Deferred Outflows and Inflows of Resources</u>
2018	\$ 1,019	\$ (1,143)	\$ (124)
2019	1,019	(1,143)	(124)
2020	1,019	(1,143)	(124)
2021	1,019	(1,143)	(124)
2022	980	(1,143)	(163)
Thereafter	981	(1,142)	(161)
Total	<u>\$ 6,037</u>	<u>\$ (6,857)</u>	<u>\$ (820)</u>

Of the \$819,709 reported as net deferred inflows, \$806,968 was under the Governmental-Activities column of the Government-wide statements while the remaining amount was under the Business-type Activities column (Food Service and Print Shop) at \$12,455 and \$286 respectively.

Actuarial assumptions: The total OPEB liability as of June 30, 2017 was determined by rolling forward the System's total OPEB liability as of June 30, 2016 actuarial valuation to June 30, 2017 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – Entry Age Normal – level % of pay
- Investment return from 3.13% - S&P 20 Year Municipal Bond Rate.
- Salary growth - Effective average of 5.50%, which comprised of inflation of 2.75% and 2.25% for real wage growth, and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.
- Participation rate:
 - Eligible retirees will elect to participate Pre age 65 at 50%
 - Eligible retirees will elect to participate Post age 65 at 75%

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2015 determined the employer contribution rate for fiscal year 2017.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value.
- Participation rate: 63% of eligible retirees are assumed to elect premium assistance.
- Mortality rates and retirement ages were based the RP-2000 Combined Healthy Annuitant Tables with age set back for both males and females for healthy annuitants and for dependent beneficiaries. For disabled annuitants, the RP-2000 Combined Disabled Tables with the age set back 7 years for males and 3 years for females disabled annuitants. (A unisex table based on the RP-2000 Combined healthy Annuitant Tables with age set back 3 years for both genders assuming the population consists of 25% males and 75% females is used to determine actuarial equivalent benefits.)

Investments: The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code employer contribution rates for Premium Assistance are established to provide reserves in the Healthcare Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

<u>OPEB - Asset Class</u>	<u>Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
Cash	76.4%	0.6%
Fixed income	23.6%	1.5%
	<u>100.00%</u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2017.

Discount rate: The discount rate used to measure the total OPEB liability was 3.13%. Under the plan's funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments; therefore, the plan is considered a "pay-as-you-go" plan. A discount rate of 3.13%, which represents the S&P 20 year Municipal Bond Rate at June 30, 2017, was applied to all projected benefit payments to measure the total OPEB liability.

Sensitivity of the System Net OPEB Liability to change in healthcare cost trend rates:

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2017, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 2016, 91,797 retirees were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2016, 1,354 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

The following presents the System net OPEB liability for June 30, 2017 as it relates to the District's proportionate share, calculated using current Healthcare cost trends as well as what the System net OPEB liability would be if it health cost trends were 1-percentage point lower or 1-percentage point higher than the current rate:

(Dollars in Thousands)

	1% Decrease	Current Healthcare Cost Trend	1% Increase
System net OPEB liability	147,315	147,354	147,385

Sensitivity of the District's proportionate share of the net pension to changes in the discount rate:

The following presents the net liability, calculated using the discount rate of 3.13%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.13%) or 1-percentage point higher (4.13%) than the current rate:

(Dollars in Thousands)

	1% Decrease 2.13%	Current Discount Rate 3.13%	1% Increase 4.13%
District's proportionate share of the net OPEB liability	167,502	147,354	130,616

OPEB plan fiduciary net position:

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report which can be found on the System's website at www.psers.state.pa.us.

Philadelphia Gas Works (PGW) OPEB

Plan Description:

PGW sponsors a single-employer defined-benefit healthcare plan and provided postemployment healthcare and life insurance benefits to retirees and their beneficiaries and dependents in FY 2018 and FY 2017, respectively, in accordance with their retiree medical program.

The OPEB Plan comprises (1) the PGW OPEB Trust (the Trust), which is used to receive, hold, and disburse assets accumulated to pay for some of the postemployment benefits other than pensions provided by PGW to its eligible retired employees and other eligible beneficiaries and (2) OPEB expenses paid for directly by PGW out of its general resources rather than through the Trust. The Trust was established for the exclusive benefit of PGW's retired employees and other eligible beneficiaries designated under the plan. Management believes that the OPEB Plan is in compliance with all applicable laws.

Benefits Provided

Medical Benefits: For pre-65 retirees, a choice of medical plans is offered through Independence Blue Cross including Personal Choice, Blue Cross Blue Shield with Major Medical, or Keystone HMO's. Employees who retire after December 1, 2001 are provided the Keystone 5 Plan at PGW's expense and they can buy up to a more expensive plan. Employees who retire on or after September 1, 2007 are provided the Keystone 10 Plan at PGW's expense, and they can buy up to a more expensive plan. Union employees who retire after August 31, 2011 are provided the Keystone 15 Plan at PGW's expense and can buy up to a more expensive plan. Management employees who retire after August 31, 2011 continue to receive the Keystone 10 as the base plan and can buy up to a more expensive plan.

Reinsurance provides specific stop-loss coverage of \$0.3 million on pre-65 Medical and Prescription Drug claims.

Eligible pre-65 retirees who relocate outside of the Keystone coverage area may elect to participate in the PGW Retiree Health Reimbursement Arrangement (HRA). Under the HRA, the Keystone base plan premium-equivalent will be credited to a participant's HRA account and will be available to reimburse the participant for eligible medical insurance premiums.

Medicare eligible retirees are provided a fully insured Medicare Supplement Plan through Independence Blue Cross.

Opt-out benefits of \$1,500 per year for single coverage and \$3,000 per year for married coverage are available to eligible retirees. This benefit is not available to a married couple who both retired from PGW and who are eligible for Medicare benefits. Retirees can maintain prescription drug and dental coverage even if they opt out of medical coverage.

Prescription Drug Benefits: Employees who retired on or after April 15, 1976 and prior to December 1, 2001, are offered a Prescription Drug Plan that has been established specifically for retirees and is separate from the plan that is offered to active employees. The retiree Prescription plan consists of a \$2 copay for generic drugs, a \$2 copay for brand name drugs when no generic drugs are available, and a \$15 copay for brand name drugs when generic drugs are available. There are no deductibles and no lifetime maximums. Employees who retired prior to April 15, 1976 or on or after December 1, 2001 but before September 1, 2007 have a \$5 copay for generics and a \$10 copay for brand drugs. Employees who retire on or after September 1, 2007 have a \$5 copay for generics and a \$15 copay for brand drugs.

Effective, January 1, 2012, PGW moved Medicare eligible retirees into an Employee Group Waiver Plan arrangement. Covered drugs and copays remain the same. Prescription drug benefits are self-funded for all retirees.

Dental Benefits: For employees who retired after April 15, 1978, a basic dental plan is offered at no cost to the retiree. For employees who retired after June 1, 1984, an enhanced dental plan is offered. For eligible retirees who enroll in the enhanced dental plan, the retiree must pay the difference between the basic and enhanced plans. The dental plans were fully insured through August 31, 2016. Effective September 1, 2016, the dental benefits are self-funded.

Death Benefits: Nonunion employees are offered voluntary life insurance equal to two times their salary at retirement. At age 65, the life insurance benefit decreases by 5.0% per year for 15 years until the benefit equals 25.0% of the original life insurance benefit at age 65. PGW pays the cost of the first \$75,000 of coverage. Retirees in this category pay \$0.35 per \$1,000 per month for coverage in excess of \$75,000.

Union employees are offered voluntary life insurance equal to one times their salary at retirement. At retirement, the life insurance benefit decreases by 10.0% per year for 5 years until the benefit equals 50.0% of the original life insurance benefit at retirement. Retirees in this category pay \$0.35 per \$1,000 of coverage per month, PGW pays the balance.

Upon the death of an active employee prior to satisfying the requirements for Preretirement Spouse's Death Benefits, surviving spouses and dependents are entitled to receive 2 years of health coverage paid by PGW. Upon the death of an active employee on or after satisfying the requirements for Preretirement Spouse's Death Benefits, surviving spouses and dependents are entitled to receive health coverage for life (or for 5 years if hired on or after May 21, 2011 if Union or hired on or after December 21, 2011 if Nonunion) paid by PGW.

Contributions: The OPEB Plan pays the full cost of medical, basic dental, and prescription coverage for employees who retired prior to December 1, 2001. Employees who retire after December 1, 2001 are provided the Keystone 5/Keystone 10/Keystone 15 plan at PGW's expense and can buy up to a more expensive plan. Retirees also contribute toward enhanced dental plan and life insurance coverage as described above. PGW pays 100.0% of the cost for the prescription drug plan after drug copays.

Participants Covered

At December 31, 2017, the date of the latest actuarial valuation, the OPEB Plan's combined membership consisted of the following:

	<u>Number</u>
Retirees	1,504
Beneficiaries	428
Active employees - Union	1,141
Active employees - Management	512
Total number of participants	<u>3,585</u>

Contributions to the OPEB Plan are the amounts received (additions) from PGW as sponsor of the Plan. These contributions include both amounts paid by PGW out of general resources to fund benefits on a pay-as-you-go basis, and contributions related to rate surcharges approved by the PUC in May 2010 and continued in July 2015. For the OPEB Plan year ended December 31, 2017, PGW contributed \$29.7 million on a pay-as-you-go basis, \$16.0 million resulting from rate surcharges, and \$2.5 million of its resources. Employee contributions were \$0.5 million in calendar year 2016. For the OPEB Plan year ended December 31, 2016, PGW contributed \$30.4 million on a pay-as-you-go basis, \$16.0 million resulting from rate surcharges, and \$2.5 million of its resources. Employee contributions were \$0.4 million in calendar year 2016.

Net OPEB Liability

The Company's net OPEB liability as of August 31, 2017 and 2016 was measured as of December 31, 2017 and 2016, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 1, 2017 and September 1, 2015, respectively. The September 1, 2015 actuarial valuation was rolled forward to the December 31, 2016 measurement date and the September 1, 2017 actuarial valuation was rolled forward to the December 31, 2017 measurement date.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future and are subject to continual revision as actual amounts are compared to past expectations and new estimates are made about the future. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The total OPEB liability was determined using the entry age normal actuarial method and the following actuarial assumptions used to value the postemployment medical liabilities can be categorized into the following three groups:

Benefit assumptions: the initial per capita cost rates for medical coverage, and the face amount of employer-paid life insurance.

Demographic assumptions: including the probabilities of retiring, dying, terminating (without a benefit), becoming disabled, recovery from disability, election (participation rates) and coverage levels.

Economic assumptions: the discount rate and health care cost trend rates.

Per capita claims: Using actuarial standards, specifically ASOP6, the annual age specific per capita claims cost rates were projected at the following assumed trend rates for future years (whole U.S. dollars):

Age	Medical		Prescription Drug
	Existing Retirees and Dependents	Future Retirees and Dependents	
< 50	\$ 6,455	\$ 6,305	\$ 3,129
50-54	7,846	766	3,458
55-59	9,816	9,588	4,326
60-64	11,824	11,549	5,210
65-69	2,302	2,215	3,495
70-74	2,629	2,530	3,992
75-79	2,931	2,820	4,449
80-84	3,172	3,052	4,815
85-90	3,300	3,176	5,011
90+	3,350	3,224	5,086

Expenses: The self-funded medical monthly fee per contract for the 2017-18 plan year is \$53.94 for medical, claim fiduciary and disease management administration. For pre-Medicare prescription drug coverage, there is a \$0.90 dispensing fee, and the Employer Group Waiver Plan (EGWP) administration fee is \$9.50 per member per month. The valuation claims cost includes stop-loss coverage and network access fees.

Life insurance: The claims cost for life insurance is based on the actuarial present value of projected life insurance claims increased by 15.0% to reflect the cost of the insurance funding vehicle.

Morbidity: The below healthcare cost for prescription drug coverage and pre-65 medical coverage reflects the following changes due to increased usage as a result of aging:

Age	Annual Increase
55-59	4.0%
60-64	3.5%
65-69	3.0%
70-74	2.5%
75-79	2.0%
80-84	1.0%
85+	0.5%

Demographic assumptions:

Mortality rates: Mortality is assumed to follow the sex-distinct RP-2014 Employee, Healthy Annuitant and Disabled Retiree Mortality Tables (head-count weighted) projected with scale MP-2017.

Retirement rates: Retirement rates applicable once an employee is eligible for retirement benefits vary by age and service with rates as follows:

Age	Service Less Than 30-Years	Service at Least 30-Years
55-60	10.0%	15.0%
61	10.0%	30.0%
62-64	25.0%	50.0%
65-69	50.0%	50.0%
70+	100.0%	100.0%

Withdrawal rates: Turnover rates applicable before an employee is eligible for retirement benefits vary by age and service with illustrative rates as follows:

Age	Years of Service					
	0	1	2	3	4	5
20	23.2%	17.4%	14.4%	11.6%	8.8%	5.8%
25	18.8%	14.0%	11.8%	9.4%	7.0%	4.6%
30	14.8%	11.0%	9.2%	7.4%	5.6%	3.6%
35	11.2%	8.4%	7.0%	5.6%	4.2%	2.8%
40	8.8%	6.6%	5.6%	4.4%	3.4%	2.2%
45	7.2%	5.4%	4.6%	3.6%	2.8%	2.8%
50	5.2%	3.8%	3.2%	2.6%	2.0%	1.2%
55	0.0%	0.0%	0.0%	0.0%	0.0%	0.0%

Disability rates: Disability rates vary by age with illustrative rates as follows:

Age	Percent Expected to Become Disabled In the Next Year
30	0.06%
35	0.07%
40	0.11%
45	0.22%
50	0.46%
55	1.02%
60	1.62%

Economic assumptions:

Long-term rate of return: The long-term expected rate of return on OPEB Plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of OPEB Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class for FY 2018 are summarized in the following table:

Asset class	Minimum	Maximum	Target	Expected annual return
Domestic equity large cap	27.5 %	37.5 %	32.5 %	7.7%
Domestic equity small cap	10.0	15.0	12.5	8.0%
Emerging market equity	5.0	10.0	7.5	10.0%
International equity	15.0	20.0	17.5	7.6%
Fixed income	20.0	40.0	30.0	3.3%
Commodities/Real Assets	—	10.0	—	—
Cash equivalents	—	5.0	—	—
			<u>100.0 %</u>	

Healthcare cost trend: The prescription drug trend rate assumption was revised from 8.5% to 4.5% in 1.0% increments to 9.0% to 4.5% in 0.5% increments to reflect current forecasts of prescription drug trend rates. The valuation also reflects the impact of the high-premium excise tax (Cadillac tax) that has a delayed effective date of January 1, 2020 under the Affordable Care Act.

Fiscal Year Beginning (September 1)	Healthcare cost trend rates				
	Medical (pre-65)	Medical (post-65)	Prescription	Dental	Administrative Expenses
2017	6.5 %	4.5 %	9.0 %	4.0 %	4.5 %
2018	6.0	4.5	8.5	4.0	4.5
2019	5.5	4.5	8.0	4.0	4.5
2020	5.0	4.5	7.5	4.0	4.5
2021	4.5	4.5	7.0	4.0	4.5
2022	4.5	4.5	6.5	4.0	4.5
2023	4.5	4.5	6.0	4.0	4.5
2024	4.5	4.5	5.5	4.0	4.5
2025	4.5	4.5	5.0	4.0	4.5
2026	4.5	4.5	4.5	4.0	4.5

Discount rate: The discount rate used for determining the Total OPEB Liability is the long-term expected rate of return on plan investments of 7.30% as of December 31, 2017 and 7.95% as of December 31, 2016 and 2015, which represents the long-term expected rate of return on Plan investments at the applicable measurement date.

OPEB Expense and Deferred Outflow of Resources and Deferred Inflows of Resources Related to Other Postemployment Benefits

For the years ended August 31, 2018 and 2017, the Company recognized OPEB expense of \$32.9 million and \$28.1 million, respectively. At August 31, 2018 and 2017, the Company reported deferred outflows of resources and deferred inflow of resources related to other postemployment benefits from the following sources (thousands of U.S. dollars):

	August 31, 2018		August 31, 2017	
	Deferred outflows of resources	Deferred inflows of resources	Deferred outflows of resources	Deferred inflows of resources
Differences between expected and actual experience	\$ —	22,860	—	24,778
Changes of assumptions	49,106	3,889	—	5,185
Net difference between projected and actual earnings on OPEB plan investments	—	9,385	—	957
Contributions made after measurement date	31,942	—	33,076	—
Total	\$ 81,048	36,134	33,076	30,920

The \$31.9 million and \$33.1 reported as deferred outflows of resources related to employer contributions made after the measurement date as of December 31, 2017 and 2016, respectively, will be recognized as a reduction of the net OPEB liability in FY 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEBs will be recognized in OPEB expense as follows (thousands of U.S. dollars):

Fiscal year:	
2019	\$ 1,310
2020	1,310
2021	1,310
2022	9,042

Fair Value Measurements

All investments of the OPEB Plan at both December 31, 2018 and 2017 are publicly traded mutual funds categorized in Level 1 of the fair value hierarchy.

4. PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY

PICA, a body corporate and politic, was organized in June 1991 and exists under and by virtue of the Pennsylvania Intergovernmental Cooperation Authority Act for Cities of the First Class (the Act). Pursuant to the Act, **PICA** was established to provide financial assistance to cities of the first class. The City currently is the only city of the first class in the Commonwealth of Pennsylvania. Under the Act, **PICA** is administered by a governing Board consisting of five voting members and two ex officio non-voting members. The Governor of Pennsylvania, the President Pro Tempore of the Pennsylvania Senate, the Minority Leader of the Pennsylvania Senate, the Speaker of the Pennsylvania House of Representatives and the Minority Leader of the Pennsylvania House of Representatives each appoints one voting member to the Board.

The Act provides that, upon **PICA's** approval of a request of the City to **PICA** for financial assistance, **PICA** shall have certain financial and oversight functions. First, **PICA** shall have the power to issue bonds and grant or lend the proceeds thereof to the City. Second, **PICA** also shall have the power, in its oversight capacity, to exercise certain advisory and review powers with respect to the City's financial affairs, including the power to review and approve five-year financial plans prepared at least annually by the City and to certify noncompliance by the City

with its current five-year financial plan (which certification would require the Secretary of the Budget of the Commonwealth of Pennsylvania to cause certain Commonwealth payments due to the City to be withheld).

PICA bonds are payable from the proceeds of a **PICA** tax on the wages and income earned by City residents. The City has reduced the amount of wage and earnings tax that it levies on City residents by an amount equal to the **PICA** tax so that the total tax remains the same. **PICA** returns to the City any portion of the tax not required to meet their debt service and operating expenses. In Fiscal 2018 this transfer amounted to \$454.2 million.

5. RELATED PARTY TRANSACTIONS

The City is associated, through representation on the respective Board of Directors, with several local governmental organizations and certain quasi-governmental organizations created under the laws of the Commonwealth of Pennsylvania. These organizations are separate legal entities having governmental character and sufficient autonomy in the management of their own affairs to distinguish them as separate independent governmental entities. A list of such related party organizations and a description of significant transactions with the City, where applicable, is as follows:

A. SOUTHEASTERN PENNSYLVANIA TRANSPORTATION AUTHORITY (SEPTA)

During the year the City provided an operating subsidy of \$81.95 million to SEPTA.

B. OTHER ORGANIZATIONS

The City provides varying levels of subsidy and other support payments which totaled \$120.46 million during the year to the following organizations:

- Philadelphia Health Management Corporation
- Philadelphia Industrial Development Corporation
- Fund for Philadelphia Incorporated

6. RISK MANAGEMENT

A. PRIMARY GOVERNMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City (except for Aviation Fund operations, the Municipal Authority and PICA) is self-insured for fire damage, casualty losses, public liability, Workers' Compensation and Unemployment Compensation. The Aviation Fund is self-insured for Workers' Compensation and Unemployment Compensation and insured through insurance carriers for other coverage. The City is self-insured for medical benefits provided to employees in the Fraternal Order of Police, its city-administered health plan, the International Association of Fire Fighters and District Council 47.

The City covers all claim settlements and judgments, except for those discussed above, out of the resources of the fund associated with the claim. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. These losses include: an estimate of claims that have been incurred but not reported; the effects of specific, incremental claims adjustment expenditures, salvage, and subrogation; and unallocated claims adjustment expenditures.

At June 30, the amount of these liabilities was \$353.0 million for the Primary Government. This liability is the City's best estimate based on available information. Changes in the reported liability since June 30, 2016 resulted from the following:

(Amounts in Millions of USD)

	Beginning Liability	Current Year Claims & Changes In Estimates	Claim Payments	Ending Liability
Fiscal 2016	353.6	216.2	(219.5)	350.3
Fiscal 2017	350.3	243.9	(229.1)	365.1
Fiscal 2018	365.1	199.3	(211.4)	353.0

The City's Unemployment Compensation and Workers' Compensation coverage are provided through its General Fund. Unemployment Compensation and Workers' Compensation coverage are funded by a pro rata charge to the various funds. Payments for the year were \$3.1 million for Unemployment Compensation claims and \$62.98 million for Workers' Compensation claims.

The City's estimated outstanding workers' compensation liabilities are \$263.8 million discounted at 3.5%. On an undiscounted basis, these liabilities total \$343.9 million. These liabilities include provisions for indemnity, medical and allocated loss adjustment expense (ALAE). Excluding the ALAE, the respective liabilities for indemnity and medical payments relating to workers' compensation total \$240.0 million (discounted) and \$314.8 million (undiscounted).

During the last five (5) fiscal years, no claim settlements have exceeded the level of insurance coverage for operations using third party carriers. None of the City's insured losses have been settled with the purchase of annuity contracts.

B. COMPONENT UNITS

The School District is exposed to various risks related to torts, theft of, damage to, and destruction of assets, errors and omissions, injuries to employees, and natural disasters. As previously noted, the School District is self insured for casualty losses, public liability, Workers' Compensation, Unemployment Compensation, Weekly Indemnity (salary continuation during employee illness), and employee medical benefits.

The School District maintains property (real and personal, valuable papers and records, fine arts, vehicles on premises and property under construction) insurance to cover losses with a deductible of \$0.5 million except for losses incurred from windstorm, fire, flood and earthquake which has a \$1.0 million and a limit of \$250.0 million per occurrence with certain sub-limits as specified in the policy terms. Also, certain insurance coverages including Accident, Foreign Package Excess Workers' Compensation, Student Professional Liability and Employee Performance bonds are obtained.

The School District reported the long-term portion of its risk management obligations totaling \$121.1 million in the district-wide Statement of Net Position. Self-Insured Medical Benefits and Workers' Compensation coverage is funded by a pro rata charge to the various funds while both the School District and covered employees share the cost of Weekly Indemnity and Unemployment Compensation coverage.

Claims expenditures and liabilities are reported when it is probable that a loss has occurred and when the amount of the loss can be reasonably estimated. Losses include an estimate of claims that have been incurred but not reported, the effects of specific incremental claims adjustment expenditures, salvage and subrogation, and unallocated claims adjustment expenditures. At June 30, 2018, the amount of these liabilities totaled \$121.1 million.

Additionally, **PGW** and **PPA** are self-insured for various risks.

At June 30, 2018, the amount of these liabilities totaled \$140.6 million, which includes, \$121.1 million for **SDP**, \$14.1 million for **PGW**, and \$5.4 million for **PPA**.

Changes in the balances of claims and liabilities during the past two (2) years are as follows:

(Amounts in Millions)

<u>Fiscal Year</u>	<u>Beginning Liability</u>	<u>Current Year Claims and Changes In Estimates</u>	<u>Claim Payments</u>	<u>Ending Liability</u>
2018	\$ 141.1	\$ 220.8	\$ (221.3)	\$ 140.6
2017	\$ 148.8	\$ 215.2	\$ (223.0)	\$ 141.1

7. COMMITMENTS

A. PRIMARY GOVERNMENT

Encumbrance accounting is utilized to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end, the amounts of open encumbrances for both, the current and prior fiscal years, were as follows:

(Amounts in Thousands of USD)

<u>Fund</u>	<u>Amounts</u>
General Fund	185,968
Grants Revenue Fund	255,399
Community Behavioral Health Fund	81,636
Water Enterprise Fund	171,799
Aviation Enterprise Fund	693,370
Non-Major Governmental Funds	302,417
Total	1,690,589

B. COMPONENT UNITS

SDP

Capital Projects Fund Construction and Equipment Purchase Commitments:

The School District's outstanding contractual commitments at June 30, 2018 are summarized as follows:

New Construction and Land	\$ 1,883,240
Environmental Management	705,255
Alterations and Improvements	73,115,701
Major Renovations	26,654,257
Total	\$ 102,358,453

Operating Fund Services and Supplies Commitments

Outstanding contractual commitments in the School District's operating funds at June 30, 2018 are as follows:

	<u>General Fund</u>	<u>Intermediate Unit Fund</u>
Services and Supplies	\$ 32,765,287	\$ 759,715

Categorical Fund Commitments

Categorical Funds encumbrances totaled \$8.2 million at June 30, 2018.

8. CONTINGENCIES

A. PRIMARY GOVERNMENT

1) Claims and Litigation

Generally, claims against the City are payable out of the General Fund, except claims against the City Water Department, City Aviation Division, or Component Units which are paid out of their respective funds and only secondarily out of the General Fund which is then reimbursed for the expenditure. Unless specifically noted otherwise, all claims hereinafter discussed are payable out of the General Fund or the individual Enterprise Fund. The Act of October 5, 1980, P.L. 693, No. 142, known as the "Political Subdivision Tort Claims Act", established a \$500,000 aggregate limitation on damages arising from the same cause of action or transaction or occurrence or series of causes of action, transactions or occurrences with respect to governmental units in the Commonwealth such as the City. The constitutionality of that aggregate limitation has been upheld by the United States Supreme Court. There is no such limitation under federal law.

Various claims have been asserted against the City and in some cases lawsuits have been instituted. Many of these claims are reduced to judgment or otherwise settled in a manner requiring payment by the City. The aggregate estimate of loss deemed to be probable is approximately \$329.40 million. Of this amount, \$36.51 million is charged to the current operations of the Enterprise Funds. The remaining \$292.88 million pertaining to the General Fund is reflected in the Government Wide Statements.

In addition to the above, there are certain lawsuits against the City for which an additional loss is reasonably possible. These lawsuits relate to General Fund and Enterprise Fund operations. The aggregate estimate of the amount of loss from these lawsuits in which some amount of loss is reasonably possible is approximately \$93.0 million from the General Fund, \$8.3 million from the Water Fund and \$5.5 million from the Aviation Fund. This represents the best estimate of the entire current inventory of such litigation and pre-suits as of February 8, 2019.

Significant cases included in the current litigation against the City are as follows:

Khanefah Boozer v. Waltman, et.al.

- In January of 2011, Khanefah Boozer and several of his male friends were subjected to a car stop by police. During the stop, as Boozer was standing on the street outside of the car, one of the males who was inside of the car fired several shots into the air. Officer Ryan Waltman was standing nearby and believed that at least one of the shots was aimed at him. Officer Waltman identified Boozer as the male who fired the shots and arrested him. Boozer was charged with attempted murder and aggravated assault and spent nearly 3.5 years in prison awaiting trial. Boozer denied that he fired the shots and told police that the shots were fired by one of his friends who was inside of the car. He gave police the address of the owner of the car, but police never located that person prior to Boozer's criminal trial. At Boozer's criminal trial, a jury acquitted him on all counts. Of note, one of the males who occupied the car testified at the trial that he was the one who fired the shots into the air. During Boozer's civil trial, this same male appeared and reiterated his previous testimony that he was the person who fired the shots. The civil court jury awarded Boozer \$5 million in compensatory damages and \$5 million in punitive damages. The City has appealed this verdict. The Law Department is confident that the grounds for appeal are meritorious and that several errors made by the trial court will compel the appellate court to either overturn the verdict in favor of the City defendants, or, in the alternative, to vacate the verdict and order a new trial. In any event, pursuant to state law, the City will not be required to pay the \$5 million in punitive damages. Although the City should not have to pay more than the disclosure threshold, the Law Department discloses this case out of caution because the total verdict exceeds \$8 million.

Brennan v. City of Philadelphia

- This is an FLSA overtime class action filed in the Eastern District of Pennsylvania which is an offshoot of a case settled by the City last year for about \$1.45 million. That case was Lawrence v. City of Philadelphia, and it concerned the manner in which the City pays overtime wages to firefighters. Plaintiffs challenged not the amount of overtime wages but whether the City unreasonably delays payment of those wages. In the aftermath of Lawrence, the City reformed the manner in which it compensates firefighters in 2009. The Brennan matter was stayed while the parties litigated and settled Lawrence. After Lawrence was settled, we began litigating in earnest. Brennan concerns firefighters who are paid under the new system. We believe that the City has good defenses in Brennan, but discovery has just begun and the number of class members has risen past 400. The parties have submitted motions for partial summary judgment related to the timing of certain overtime payments. We are scheduled for oral arguments on the motions on March 4, 2019. If the City is successful on this issue, its liability will be diminished. We disclose this matter in an abundance of caution because the FLSA contains a liquidated damages provision that doubles the amount of unpaid wages. Once liquidated damages and attorneys' fees are added, it is possible that this matter could exceed \$8 million if we were unsuccessful. The City is represented by outside counsel.

2018 Tax Reassessment Cases

- On September 14, 2017, the first plaintiffs, the individual owners of 76 commercial properties, filed suit in the Court of Common Pleas of Philadelphia County alleging that the 2018 property tax reassessment performed by the City's Office of Property Assessment (the "OPA") violated the Uniformity Clause of the Pennsylvania Constitution as well as the statutes controlling assessments in Pennsylvania and first-class counties, and sought the reduction of their 2018 tax bills to levels based on 2017 values. Plaintiffs allege that, following a countywide property tax reassessment for tax year 2014 known as the Actual Value Initiative ("AVI"), the City made no subsequent reassessments until tax year 2018 when it reassessed only commercial, but not residential, properties. Plaintiffs claim that, pursuant to a July 2017 Pennsylvania Supreme Court decision in Valley Forge Towers Apartments N, LP et al v. Upper Merion Area School District et al, such disparate treatment of different categories of real property violates the state constitution's Uniformity Clause and thus is null and void. Plaintiffs sought declaratory relief, an injunction forbidding the collection of taxes based on the allegedly unconstitutional valuations, and an order directing the OPA to "recertify" plaintiffs' properties at their 2017 values.

Subsequently, ten additional cases were filed asserting virtually the same claims. All of the cases, which in total currently encompass approximately 500 plaintiffs, have been consolidated for management purposes. The School District of Philadelphia, which receives a portion of the City's real estate tax revenues and all of a separate Use and Occupancy Tax, which is also based upon OPA assessment values, was added as a defendant to the lawsuits. The City filed preliminary objections contesting the legal sufficiency of the claims as well as the failure of the plaintiffs to appeal their assessments to the Board of Revision of Taxes (the "BRT"), the administrative agency statutorily designated to hear assessment appeals, and to appeal any decision adverse to them through the Local Agency Law process. The Court overruled those preliminary objections but dismissed mandamus claims and claims against individual defendants. The City then filed Answers with New Matter to each complaint. The discovery deadline has now passed; currently, the cases are scheduled for trial in April or May 2019.

The City believes that the lawsuits both misstate the relevant facts about the OPA's assessment process and misapply the relevant law, and the City intends to vigorously defend its interests. Moreover, even if the assessment

process for the 2018 tax year should be found to violate Uniformity under the very recent Valley Forge ruling, the City believes that Valley Forge represents a significant change in the law and that it operated in good faith consistent with the prior caselaw, and thus there is a strong possibility that any relief ordered may be prospective, rather than retrospective, in nature. However, the real estate tax revenue associated with the increase of taxable assessed values for the properties in question currently exceeds \$36 million, with approximately 55% allocated to the School District and 45% to the City, not including the separate Use and Occupancy tax revenue for the School District.

Henderson Inverse Condemnation

- In early September 2016, a Petition for the Appointment of a Board of View pursuant to the Pennsylvania Eminent Domain Code 26 Pa. C. Section 502(c) was filed in Delaware County against the City by numerous Henderson related entities and trusts (the "Hendersons"). The Petition alleged that the City effected a de facto taking of the Hendersons properties (the "Property"), which Property is proximate to the Philadelphia International Airport and located in Tinicum Township, Delaware County. The City desires to acquire the Property for Airport purposes and had numerous discussions with representatives for the Sellers. The City filed Preliminary Objections to the Petition and there was a hearing on the Petition and the Preliminary Objections scheduled for January 2018. Prior to the hearing, the City filed its own Declaration of Taking and made an offer of just compensation. The City and the Hendersons then settled the foregoing matters. The City obtained possession and paid the Hendersons estimated just compensation of \$54.5 million. The Hendersons' de facto taking case was dismissed.

The Fair Market Value ("FMV") of the Property remains disputed and will be determined by a Board of View, which was appointed by the Court of Common Pleas in Delaware County on November 27, 2018. The hearing before the Board of View was to be scheduled within 120 days of November 27, 2018, or as the parties may agree. It has not yet been set. Based upon pending discovery, it is unlikely that the Board of View will hold its hearing on this matter before the summer of 2019. What the Board of View will determine to be FMV is unknown. Both the City and the Hendersons will have the opportunity to advocate for the value that they believe is the appropriate FMV. The City is represented by outside counsel.

Fraternal Order of Police – Labor Contract Grievance Re: Conditions of Police Facilities

- The FOP filed a grievance alleging that the City violated their union labor contract's human dignity clause based on the condition of all police facilities and sought extensive remedies. Following a lengthy arbitration, an interim award was issued on April 26, 2013. Pursuant to the terms of that award, the arbitrator found that the City had violated the contract but ordered only that the parties meet on a monthly basis to identify and prioritize issues, work out budgets, and work through the issues identified by the union. The parties have been doing so continuously since the award was issued. In July of 2018, the FOP requested hearings before the arbitrator regarding the conditions of the police facilities, but no dates have been set as of yet. Furthermore, there has not been any activity on this matter since July of 2018. Although the union has not specified its concerns, the City's attorneys believe that the union wishes the arbitrator to force the City to significantly renovate or replace existing facilities. The City's attorneys are unable in their professional judgment to evaluate the likely cost of an unfavorable outcome but estimate that if renovations such as the union has previously sought were necessary, it could cost the city more than \$8 million. City attorneys believe the probability of such an award being issued to be highly unlikely and would contest any such award vigorously through available appellate options.

Narcotics Field Unit – District Attorney's Letter Re: Not Prosecuting Cases

- The highly publicized letter from the District Attorney's Office calls into question approximately 350-500 arrests by a group of six narcotics officers. So far, approximately 300 cases have been filed in Federal Court in the Eastern District of Pennsylvania. The complaints allege that narcotics officers(s) falsified information obtained through confidential informants and planted evidence. The six narcotics officers implicated have been acquitted of federal criminal charges in relation to these complaints. However, City attorneys anticipate between 350 and 500 civil lawsuits to be filed. Currently, approximately 50 of the around 300 cases already filed remain open and are presently stayed in Federal Court. To date, the City has settled approximately 250 of the cases for an aggregate total of \$6,432,250. The parties have selected 10 cases to litigate (the "Bellwether cases"). The City will aggressively defend the Bellwether cases to see if any of those 10 cases have value. If Federal Court juries award significant damages in any of the 10 Bellwether cases, then potentially the entire matter could be worth in excess of \$8 million.

Marshall Hale v. City of Philadelphia

- In a presuit letter, Mr. Hale alleged that he was wrongfully convicted and imprisoned for 33 years because forensic evidence was improperly withheld from his criminal defense attorney. Mr. Hale alleges that a jury, in 1984, wrongfully convicted him for a gun-point rape despite contradictory/inconclusive forensic evidence. Further, Mr. Hale alleges that the forensic evidence, which should have acquitted him of the crime, was improperly withheld by the prosecution. Despite the forensic evidence, the victim, continuously, identified Mr. Hale as the man who raped her. In 2017, the District Attorney's Office agreed to vacate Mr. Hale's conviction. Mr. Hale is represented by an experienced civil rights attorney. If a lawsuit is filed, a trial concluding with an unfavorable verdict against the City, along with attorneys' fees, could potentially exceed an \$8 million loss.

Thomas v. City of Philadelphia

- Plaintiff was incarcerated for 24 years until the District Attorney's Office agreed to vacate his murder conviction. He now alleges that two police detectives fabricated evidence against him by coercing witness statements, failed to disclose Brady material (exculpatory evidence), and failed to investigate his alibi. The case is still in its early stages – it is currently in discovery, and the City intends to file a motion for summary judgment at the close of discovery. The damages in this case are difficult to calculate but could exceed \$8 million, considering the length of time spent in incarceration, and the likelihood of an unfavorable outcome is reasonably possible.

James Dennis v. City of Philadelphia

- Mr. Dennis has filed suit in federal court alleging that he was wrongfully incarcerated for 24 years due to the withholding and fabrication of evidence by the Philadelphia Police Department. Mr. Dennis received a new trial after his conviction, but in 2016 pled no contest to murder rather than going to trial again. A motion to dismiss the case is pending. Mr. Dennis is represented by an experienced civil rights attorney, and if the case goes to trial, the City could potentially face an \$8 million verdict.

Donte Rollins v. City of Philadelphia

- Mr. Rollins has filed suit in state court alleging that he was maliciously prosecuted by Philadelphia police officers. After being arrested in 2006 for shooting and paralyzing a five-year old child, Mr. Rollins was convicted and spent a decade in prison until the District Attorney's Office agreed to release him in 2016. Preliminary objections that would dismiss his suit are pending. If the case goes to trial, the defendant officers could potentially face an \$8 million verdict.

Dontia Patterson v. City of Philadelphia

- Mr. Patterson is in presuit negotiations with the City after the District Attorney's Office agreed to release him from prison. He was arrested in 2007 and subsequently convicted of murder in a prosecution brought by one of District Attorney Larry Krasner's prominent critics. Upon taking office, Mr. Krasner agreed to vacate the conviction, and Mr. Patterson's lawyers are claiming that evidence was wrongfully withheld from them. Mr. Patterson is being represented by counsel and the case could result in a \$8 million verdict at trial.

Lower Darby Creek Area Superfund Site

- In 2001, the U.S. Environmental Protection Agency ("EPA") added the Lower Darby Creek Area ("Site") to the National Priority List, EPA's list of the most serious uncontrolled hazardous waste sites. The Site includes two former municipal landfills: the Clearview Landfill (also referred to as Operable Unit number 1 [OU-1]) and the Folcroft Landfill (OU-2). In 2002, EPA sent the City a letter alleging the City is a Potentially Responsible Party ("PRP") at the Clearview Landfill ("Clearview") site. Designation as a PRP means the City may be jointly and severally liable with other PRPs for the site's clean-up costs. EPA has concluded that the City owns the Recreational Property and streets adjacent to Clearview and alleges that there has been a release or threat of release of hazardous substances at or from the City's property. Additionally, EPA alleges that the City "arranged" for the disposal of hazardous substances at Clearview. The City received and responded to two separate requests from EPA for additional information. EPA completed the Remedial Investigation for Clearview in May 2011 and a Feasibility Study of remedial options in October 2012. In August 2013, EPA issued a proposed plan identifying its preferred remedy and proposed cleanup plan. The final plan and Record of Decision ("ROD") were issued September 30, 2014. EPA chose its preferred option of a capping remedy that was estimated to cost approximately \$24 million and preliminarily identified approximately \$11 million in past costs. On January 16, 2015, EPA sent a letter to the City and 22 other PRPs indicating EPA would not use its Special Notice authority to force the PRPs to do the cleanup. Instead, EPA decided that it would implement the remedial action plan and design the remedy. EPA also indicated it would begin a groundwater study likely to result in a recommendation for additional cleanup related to groundwater. The groundwater study and clean-up are designated OU-3.

Because of the broad liability scheme under the federal Superfund law (strict, joint, and several), Superfund litigation generally focuses not on avoiding a finding of liability, but rather on ensuring that the remediation is cost-effective and the allocation of costs among all parties identified as bearing some degree of liability is fair and reasonable. The total costs of the removal and remedial actions for which EPA may assert cost recovery claims until June 2017 were estimated to be in the range of \$40 million to \$60 million, and the City's estimated cost as \$8 million to \$12 million. Unfortunately, in June 2017, EPA informed the City that EPA's expected costs had significantly increased.

On June 1, 2017, EPA sent a letter to the City asking the City to enter into "pre-filing settlement negotiations." EPA made two initial offers to the City to settle the City's liability. The first offer was \$14,178,017.59 for past and future costs of remediating the Clearview Landfill and EPA's associated costs, including its enforcement activities. This settlement would be subject to reopeners for unknown conditions (previously unidentified contamination despite years of testing and investigation), new information (such as previously unknown City sources of other waste), or response cost overruns. The second offer was for \$19,627,491.58 for the same past and future costs, however, it

includes a premium to account for uncertainty in future costs (i.e. it covers general cost overruns) and would only have reopeners for unknown conditions or new information. The City considers these two remaining reopeners very unlikely to occur. Therefore, it is the second offer upon which the City focused its settlement efforts.

The City agreed to voluntary negotiations with EPA/DOJ in June 2017. At the beginning of negotiations, EPA/DOJ indicated the total cost of the expected cleanup of the landfill had risen to \$76.2 million. This does not include the cost of groundwater investigation and potential remediation, OU-3, or the long-term cost of operation and maintenance ("O&M") of the site after cleanup is complete. The first negotiating session occurred in September 2017 and negotiations are ongoing.

In a newer development, the State of Pennsylvania Department of Environmental Protection ("DEP") demanded the City and PRA take over responsibility for O&M for the site after it has been fully remediated. EPA has estimated the current value of O&M as \$1.1 million. The City and PRA responded by offering \$114,562.00, which the City believes represents its equitable share of the O&M. DEP has rejected this offer and indicated it is reviewing its various enforcement options.

Finally, it is expected that in the next two to three years, EPA will make a demand on the City to pay a portion of OU-3, the ground water study, and likely clean-up. The City's consultant estimates the total cost of OU-3 could reach \$10 million. We would expect to pay a similar equitable share, somewhere between 10 and 11 percent, for OU-3.

2) Guaranteed Debt

During Fiscal Year 2014, the City implemented GASB Statement No. 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. The objective of this statement is to improve the recognition, measurement, and disclosure guidance for state and local governments that have extended or received financial guarantees that are nonexchange transactions. The implementation of GASB Statement No. 70 had no significant effect on the City's financial statements. The City has guaranteed certain debt payments of one component unit (PPA). Under a contract with PPA authorized by City Council Ordinance, the City agreed to annually pay such amounts as necessary to restore any deficiency in the debt service reserve fund for PPA's Parking System Revenue Bonds Series 1999A. During fiscal year 2018, the 1999A indenture did operate at a deficit. The City provided almost \$0.3 million to cover debt service payments during fiscal year 2018. As of March 31, 2018, the City of Philadelphia has provided approximately \$13.1 million in its role as guarantor of these bonds. The 1999A Indenture provides for the PPA to repay the City for any funds paid by the City as a result of its guarantee. In the event of a sale of the related parking lot, any funds received in excess of the bond principal and accrued interest will be used to repay the City. The 1999A bonds, which mature in fiscal year 2029, had an outstanding principal balance of \$10.93 million at March 31, 2018.

3) Single Audit

The City receives significant financial assistance from numerous federal, state, and local governmental agencies in the form of grants and entitlements. The disbursement of funds received under these programs generally requires compliance with terms and conditions as specified in the grant agreements and is subject to audit. Any disallowed claims resulting from such audits and relating to the City or its component units could become a liability of the General Fund or other applicable funds. In the opinion of City Officials, the only significant contingent liabilities related to matters of compliance, are the timely filing of the City's audit report, data collection form and reporting package, detailed below and the unresolved and questioned costs in the City's Schedule of Financial Assistance to be issued for the year ended June 30, 2018, which accounted for \$519.3 million for all open programs as of November 30, 2018. Of this amount, \$427.2 million represents unresolved costs due to the inability to obtain audit reports from sub-recipients for the year ended June 30, 2018. The remaining \$92.1 million is city-funded general fund grants. For Fiscal Years ending June 30, 2018 and prior, \$8.6 million represents questioned costs related to specific compliance requirements which have yet to be resolved.

In addition to the Single Audit contingencies noted above, Uniform Guidance §200.512 requires that the audit must be completed, and the data collection form and reporting package must be submitted within, the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period. The City has regularly failed to meet this filing requirement. As a result of the City's continued failure to meet this filing requirement, there is a chance that future funding could be affected.

4) HUD Section 108 Loans

As detailed in Note III. 6., collateral for repayment of the City's HUD Section 108 loans includes future Community Development Block Grant entitlements due to the City from HUD.

5) Act 148 Children and Youth and Other Major Programs

In previous fiscal years the Act 148 Children and Youth Program reimbursed by the Commonwealth of Pennsylvania, was accounted for in the General Fund. Starting in fiscal year 2012, the reimbursable portion of this program was accounted for in the Grants Revenue Fund, and the non-reimbursable portion continues to be accounted for in the General Fund. At June 30, 2017, the Grants Revenue Fund had a \$357.31 million receivable for the Children and Youth Program. In FY 2018 the Grants Revenue Fund had expenditures totaling \$528.79 million and revenue totaling \$648.48 million. At June 30, 2018, the Grants Revenue Fund had a \$169.00 million receivable for the Children and Youth Program. Due to the nature of the program's billing policies, the city has 24 months after the current fiscal yearend date to submit a final reimbursement request. If receivables for program costs submitted for reimbursement are subsequently deemed ineligible, such non-reimbursable costs will be charged to the General Fund. Additionally, there is \$31 million of cash balances for the Mental Health/Intellectual Disabilities/Early Intervention grants related to fiscal years 2015 and prior that will also be factored into the Grants Revenue Fund's settlement with the General Fund.

B. COMPONENT UNITS

1) Claims and Litigation

The following information represents the opinion and disclosures of the General Counsel of the School District concerning litigation and contingencies:

Special Education and Civil Rights Claims – There are estimated nine hundred fifty (950) various claims against the School District, by or on behalf of students, which aggregate to a total potential liability of \$2.0 million.

Of those, four hundred fifty (450) are administrative due process hearings and appeals to the state appeals panel pending against the School District. These appeals are based on alleged violations by the School District to provide a free, appropriate public education to students under federal and state civil rights, special education or the Rehabilitation Act and anti-discrimination laws. In the opinion of the General Counsel of the School District, four hundred fifty (450) unfavorable outcomes are deemed probable in the aggregate of \$2.0 million.

Other Matters - The School District is a party to various claims, legal actions, arbitrations and complaints in the ordinary course of business, which aggregate to a total potential liability of \$18.0 million. In the opinion of the General Counsel of the School District, it is unlikely that final judgments or compromised settlements will approach the total potential liability, however. Nevertheless, the School District annually budgets an amount that management believes is adequate, based on past experience, to provide for these claims when they become fixed and determinable in amount. More particularly, compromised settlements or unfavorable outcomes are deemed reasonably possible in the amount of \$2.6 million in connection with disputed contracts and labor and employment matters. Likewise, compromised settlements or unfavorable verdicts are deemed probable or reasonably possible in the aggregate amounts of \$3.6 million and \$5.5 million, respectively, arising from personal injury and property damage claims and lawsuits.

Federal Audits - U.S. Department of Education ("DOE") Office of the Inspector General ("OIG") conducted an audit of the School District's controls over federal expenditures for the period commencing July 1, 2005 through June 30, 2006. After the School District responded to a preliminary draft audit report (by supporting the vast majority of the questioned expenditures), the OIG issued an audit report on January 15, 2010, assessing the School District's management of federal grant funds during the 2006 fiscal year. The report identified \$138.8 million in findings resulting from the audit of controls over federal expenditures, of which the OIG considered \$121.1 million to be inadequately supported and \$17.7 million to be unallowable costs. The report included five findings, the largest of which related to alleged undocumented salary and benefits charged to federal programs in the amount of \$123.0 million, which the District was able to subsequently substantiate to DOE.

DOE issued two program determination letters (PDLs) related to the 2010 audit report seeking a recovery of funds. The PDLs were issued to PDE. DOE issued one additional PDL (three PDLs total) on the remaining findings that required corrective action, but did not result in monetary exposure. All corrective actions have been implemented as part of the School District's corrective action plan agreed to by PDE, DOE, and the School District.

The first PDL demanded a recovery of \$9.9 million (down from the initial \$138.8 million finding, which DOE stipulated should be further reduced to \$7.2 million based on the application of the statute of limitations). Administrative and federal court appeals culminated in a Third Circuit panel decision dated March 10, 2016, sustaining the \$7.2

million liability. PDE and the School District filed a petition for certiorari with the Supreme Court which was denied on October 3, 2016. On February 3, 2017, PDE received a letter from DOE demanding payment for the \$7.2 million liability by March 1, 2017. The School District paid the liability in full on February 27, 2017.

The second PDL demanded a recovery of \$2.5 million, but after PDE and the School District presented documentation demonstrating the application of the statute of limitations to DOE on April 4, 2016, DOE decided not to seek recovery of this amount.

After remitting payment of \$7.2 million related to the first PDL, PDE and the School District submitted an application for a "grantback" in accordance with 20 U.S.C. 1234h. The grantback application requests a return of 75% of the remitted funds, or \$5.4 million, to be used by the District for specified federal program purposes. On May 24, 2018, DOE published an intent to award the grantback in the Federal Register for public comment. The public comment period closed on June 29, 2018. The grantback application is currently under review by DOE.

Administrative Appeals in Pennsylvania Department of Education

Numerous charter schools have filed charter payment withholding requests with PDE and/or petitions for review in the Commonwealth Court in which the charter schools seek either payment from the School District, a withholding by PDE from the School District State subsidies, or a court order mandating that payment be made to the charter schools from the School District or PDE. The main issue in these cases or proceedings is whether PDE's interpretation of 24 P.S. § 1725-A(a)(5) set forth in the PDE-363 Guidelines is valid.

The School District received several state subsidy withholding requests filed with PDE by charter schools that enrolled Philadelphia resident students. These withholding requests concern the calculation of the per-pupil rates using PDE's Form 363 for Philadelphia resident students to be paid by the School District to charter schools. The issues relate to whether the charter school per-pupil rates should be calculated using a school district's allocated expenditures reflected in its initial budget, in its amended adopted budget, or in its final audited financial report for the prior fiscal year. This is an issue in a significant number of withholding requests submitted to PDE seeking subsidy from many school districts in Pennsylvania.

In *First Phila. Prep. Charter School, et al. v. School District of Philadelphia*, Comm. Ct., 159 MD 2017, seven charter schools have filed an action in Commonwealth Court related to the 2015-2016 school year. PDE withheld a total amount of \$2.1 million for these charter schools as a result of their requests for payment.

One charter school submitted a payment request to PDE related to the 2015-2016 school year. PDE withheld a total amount of \$0.5 million for this charter school. After the commencement of an administrative hearing before PDE, the parties continued the hearing to allow the School District to conduct an enrollment audit of the charter school because of student enrollment issues. The parties reached a settlement in the administrative matter under which the charter school has agreed to pay the School District \$0.3 million, and to withdraw the charter school's claims in the Commonwealth Court action.

Fourteen other charter schools submitted payment requests to PDE related to the 2015- 2016 school year. PDE has withheld a total amount of \$1.66 million for these charter schools and refused to make withholdings based on requests by some of these schools for \$1.8 million. Administrative hearings before PDE are in progress.

Twenty-two charter schools have submitted payment requests to PDE related to the 2016- 2017 school year, and PDE has withheld a total amount of over \$10.0 million for these charter schools from the School District's state subsidies. Administrative hearings before PDE are in progress.

Although it is impossible to determine with any degree of certainty, according to outside counsel, the likelihood of an unfavorable outcome is reasonably possible in the amount of approximately \$2.1 million for the pending withholding requests of which we are aware as described above.

2018 Tax Reassessment Cases

On September 14, 2017, the first plaintiffs, the individual owners of 76 commercial properties, filed suit in the Court of Common Pleas of Philadelphia County, alleging that the 2018 property tax reassessment performed by the City's Office of Property Assessment (the "OPA") violated the Uniformity Clause of the Pennsylvania Constitution, as well as the statutes controlling assessments in Pennsylvania and first-class counties, and seeking the reduction of their 2018 tax bills to levels based on 2017 values. Plaintiffs allege that, following a countywide property tax reassessment for tax year 2014 known as the Actual Value Initiative ("AVI"), the City made no subsequent reassessments until tax year 2018 when it reassessed only commercial, but not residential, properties. Plaintiffs claim that, pursuant to a July 2017 Pennsylvania Supreme Court decision, *Valley Forge Towers Apartments N, LP et al*

v. Upper Merion Area School District et al, such disparate treatment of different categories of real property violates the state constitution's Uniformity Clause, and thus is null and void. Plaintiffs sought declaratory relief, an injunction forbidding the collection of taxes based on the allegedly unconstitutional valuations, and an order directing the OPA to "recertify" Plaintiffs' properties at their 2017 values.

Subsequently, ten additional cases were filed, asserting virtually the same claims. All of the cases, which in total currently encompass approximately 500 plaintiffs, have been consolidated for management purposes. The School District of Philadelphia, which receives a portion of the City's real estate tax revenues and all of a separate Use and Occupancy Tax, which is also based upon OPA assessment values, was added as a defendant to the lawsuits. The City filed preliminary objections contesting the legal sufficiency of the claims, as well as the failure of the plaintiffs to appeal their assessments to the Board of Revision of Taxes (the "BRT"), the administrative agency statutorily designated to hear assessment appeals, and to appeal any decision adverse to them through the Local Agency Law process. The Court overruled those preliminary objections, but dismissed mandamus claims and claims against individual defendants. The City then filed Answers with New Matter to each complaint. The discovery deadline has now passed; currently, the cases are scheduled for trial in April or May 2019.

The City believes that the lawsuits both misstate the relevant facts about the OPA's assessment process and misapply the relevant law and, and the City intends to vigorously defend its interests. Moreover, even if the assessment process for the 2018 tax year should be found to violate Uniformity under the very recent Valley Forge ruling, the City believes that Valley Forge represents a significant change in the law and that it operated in good faith consistent with the prior case law, and thus that there is a strong possibility that any relief ordered may be prospective, rather than retrospective, in nature. However, the real estate tax revenue associated with the increase of taxable assessed values for the properties in question currently exceeds \$36.0 million, with approximately 55% allocated to the School District and 45% to the City, not including the separate Use and Occupancy tax revenue for the School District. The Use and Occupancy tax exposure for the properties in question, which only impacts the School District of Philadelphia, is approximately \$6.0 million. The City's Law Department cannot classify the outcome of the lawsuits at this time.

9 SUBSEQUENT EVENTS

In preparing the accompanying financial statements, the City has reviewed events that occurred subsequent to June 30, 2018 through and including February 24, 2019. The following events are described below:

A. PRIMARY GOVERNMENT

1. Through August 2018 draw-downs totaling \$1.5 million represent new loans from the Pennsylvania State Infrastructure Financing Authority ("PENNVEST") for green infrastructure storm water management.
2. In November 2018, the City issued \$276.9 million of Water and Wastewater Revenue Bonds, Series 2018A. The 2018A bonds were issued at an interest rate of 5%. The 2018A bonds were issued for the purpose of providing funds which, together with the other available funds of the City, will be used to finance (A) capital improvements to the City's Water and Wastewater Systems, and (B) the costs of issuance relating to the issuance of the 2018A bonds.
3. In November 2018, the Philadelphia Authority for Industrial Development issued \$79.5 million in City Service Agreement Revenue Bonds, Series 2018. The 2018 bonds were issued at an interest rate of 5%. The 2018 bonds were issued for the purpose of providing funds to (A) finance certain costs of improvements to, and construction, demolition, renovation, and equipping of, certain City parks, libraries, playgrounds, recreation centers and other related facilities (Rebuild Project), and (B) pay the costs of issuing the 2018 bonds.

B. COMPONENT UNITS

1. SDP Subsequent Events

a. Tax Anticipation Revenue Notes (TRAN)

In July 2018, as part of the annual process to obtain short term financing (in anticipation of the receipt of taxes and revenues) through the issuance of tax and revenue anticipation notes (TRANS), the School Reform Commission, through a resolution, authorized the issuance and sale of TRAN Note Series of 2017-2018 which was issued as fixed and variable rate notes in the aggregate of \$400.0 million which matures on June 28, 2019.

On July 12, 2018, the District issued Series 2018-2019 TRAN under two separate subseries and sold them to two separate private banks. The District issued and sold (1) Series A 2017-2018 as a fixed rate mode for \$225.0 million and (2) Series B of 2017-2018 as a fixed rate mode for \$225.0 million. Both series

were issued for the purpose of financing the current operating expenses to be received during Fiscal Year 2019.

b. Dissolution of the State Controlled School Reform Commission (SRC) and a Return to Local Governance

On December 21, 2001, the Pennsylvania Secretary of Education declared that the School District of Philadelphia was a “distressed” school district within the meaning of Section 691(c) of the Pennsylvania Public School Code. The School Reform Commission was appointed and assumed governance of the School District for the period of distress. On November 16, 2017, the School Reform Commission adopted a resolution recommending that the Secretary issue a declaration that the School Reform Commission dissolve effective June 30, 2018, as the School District is no longer distressed and therefore no longer requires governance by a School Reform Commission. The Secretary was required to make a dissolution determination at least 180 days prior to the end of the current school year, i.e. by December 31, 2017, which he did on December 27, 2017, for the School Reform Commission to dissolve on June 30, 2018, and a new Board of Education, whose members are appointed by the Mayor of the City Philadelphia, assumed governance of the School District on July 1, 2018. The new Board of Education smoothly transitioned from the School Reform Commission as planned and has been in governance since the start of Fiscal Year 2019.

c. Rating Agency Action

In December 2018, Moody’s upgraded the School District of Philadelphia’s underlying bond rating by two notches to Baa3 and set the outlook to “Stable.” This is the first time Moody’s has assigned an Investment Grade rating to the School District since 1977. This upgrade was based upon several factors which included: 1) three consecutive years of operating surpluses, 2) permanent tax revenues from the city of Philadelphia eliminating previously anticipated deficits in the near-term, 3) a return of local control resulting in closer alignment with the city and School District’s interests, and, 4) strong District management which has a detailed understanding of the District’s finances and the ongoing operating complexities of managing a highly dynamic, large, urban school district.

2. PHA Subsequent Events:

Vehicle Lease: PHA and Enterprise executed a lease agreement whereby Enterprise will lease additional 72 vehicles to PHA during the year ending March 31, 2019. PHA will pay Enterprise approximately \$2.3 million for the vehicles.

Scattered Site Rehab – Project 5: Scattered site rehabilitation (Project 5) commenced in April 2018 and is projected to be completed in December 2018, Estimated cost for the project is \$5.5 million.

Acquisition of Limited Partnership interest: On June 21, 2018, PHA acquired 99.99% limited partnership interest in Suffolk Manor Apartments, L.P. and Cambridge Plaza LP, both of which are discrete component units of PHA.

3. PRA Issuance of Debt:

In October 2018, the Philadelphia Redevelopment Authority issued \$40.0 million in City Service Agreement Revenue Bonds, Series 2018. The 2018 bonds were issued with interest rates ranging from 3.171% to 4.634%. The 2018 bonds were issued to (A) finance certain costs of the City’s home repair program, and (B) pay the costs of issuing the 2018 bonds.

4. PHDC Subsequent Event:

In December 2018, PHDC and Local 1971 (District Council 33) agreed to a new collectively bargained labor agreement that will expire June 30, 2020. Outside of significant economic increases to represented staff a fundamental operating change has been agreed. As of January 01, 2019, all represented employees at the Philadelphia Redevelopment Authority (PRA) will become PHDC employees. The ramifications and financial impact of this change will be evaluated during Fiscal Year 2019 as the Administration of the City of Philadelphia tries to gain further efficiencies by consolidating its housing agencies.

Notes to Schedule

7/1/2016
Actuarially determined contribution rates are calculated based on the actuarial valuation two years prior to the beginning of the plan year

Key Methods and Assumptions Used to Determine Contribution Rates:

Actuarial cost method: Entry Age
Asset valuation method: Ten-year smoothed market
Amortization method: Gain/Losses are amortized over closed 20-year periods, assumption changes over 15 years, benefit changes for actives over 10 years, benefit changes for inactive members over 1 year, and plan changes mandated by state over 20 years.

Under the City's Funding Policy, the initial July 1, 1985 unfunded actuarial liability (UAL) is amortized over 34 years ending June 30, 2019, with payments increasing 3.3% per year, the assumed payroll growth.

Under the MMO Funding Policy, the July 1, 2009 unfunded actuarial liability (UAL) was "fresh started", to be amortized over 30 years, ending June 30, 2039. This is level dollar amortization of the UAL.

Under the RRP Funding Policy, sales tax revenue and additional member contributions are dedicated to fund the unfunded liability over reducing the City's obligation such that this revenue is in addition to the MMO would be without these additional assets.

Discount rate: 7.70%
Amortization growth rate: 3.30%
Salary increases: Age based salary scale
Mortality: Sex distinct RP-2000 Combined Mortality with adjustments and improvements using Scale AA

A complete description of the methods and assumptions used to determine contribution rates for the year ending June 30, 2018 can be found in the July 1, 2016 actuarial valuation report.

Notes to Required Supplementary Information:

The information presented in the required supplementary schedules was determined as part of the actuarial valuations at the dates indicated. Additional information as of the latest actuarial valuation follows:

Valuation Date	June 30, 2018
Actuarial Cost Method	Projected Unit Credit
Amortization Method	Contributions based on greater of 20 year level dollar open amortization method and 30 year level dollar closed amortization method.
Asset Valuation Method	Actual Fair Market Value
Salary Increases	4.5% for current and subsequent years
General Inflation	2.00%
Investment Rate of Return	7.30%
Cost of Living	N/A
Mortality rates	RP-2014 static mortality generationally projected with Scale MP-2017

I. BASIS OF BUDGETING

The budgetary comparison schedules presented differ from the GAAP basis statements in that both expenditures and encumbrances are applied against the current budget, adjustments affecting activity budgeted in prior years are accounted for through fund balance or as reduction of expenditures and certain interfund transfers and reimbursements are budgeted as revenues and expenditures. In accordance with the Philadelphia Home Rule Charter, the City has formally established budgetary accounting control for its operating and capital improvement funds.

The major funds presented as Required Supplementary Information are subject to annual operating budgets adopted by City Council. These budgets appropriate funds by major class of expenditure within each department. Major classes are defined as: personal services; purchase of services; materials and supplies & equipment; contributions, indemnities & taxes; debt service; payments to other funds; and advances & other miscellaneous payments. The appropriation amounts for each fund are supported by revenue estimates and take into account the elimination of accumulated deficits and the re-appropriation of accumulated surpluses to the extent necessary. All transfers between major classes must have council approval.

Appropriations that are not expended or encumbered at year end are lapsed. Comparisons of budget to actual activity at the legal level of compliance are reported in the City's "Supplemental Report of Revenues & Obligations", a separately published report.

During the year, classification adjustments and supplementary appropriations were necessary for City funds. Therefore, budgeted appropriation amounts presented are as originally passed and as amended by the City Council. As part of the amendment process, budget estimates of City related revenues are adjusted and submitted to City Council for review. Changes in revenue estimates do not need City Council approval, but are submitted in support of testimony with regard to the appropriation adjustments. Revenue estimates are presented as originally passed and as amended.

Information**

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

COUNTY LIQUID FUELS TAX - Established to account for funds made available by Public Law No. 149.

SPECIAL GASOLINE TAX - Established to account for funds made available by Public Law No. 588.

HOTEL ROOM RENTAL TAX - Established to account for the tax levied to promote tourism.

COMMUNITY DEVELOPMENT - Established to account for revenues received from the Department of Housing and Urban Development, restricted to accomplishing the objectives of the CDBG Program, within specific target areas.

CAR RENTAL TAX - Established to account for the tax levied to retire new municipal stadium debt.

HOUSING TRUST - Established to account for the funds to be used under Chapter 1600 of Title 21 of the Philadelphia Code to assist low income homeowners.

ACUTE CARE HOSPITAL ASSESSMENT - Established in FY 2009 to account for the assessment of certain net operating revenues of certain acute care hospitals.

RIVERVIEW RESIDENTS - Established to maintain a commissary and provide other benefits for the residents.

PHILADELPHIA PRISONS - Established to operate a workshop and to provide benefits for the prison inmates.

ARBITRATION APPEALS - Established to account for certain court fees and provide funds for the arbitration board.

DEPARTMENTAL - Established to account for various activities of the Free Library and Parks and Recreation.

MUNICIPAL AUTHORITY ADMINISTRATIVE - Established to account for all financial transactions of the Municipal Authority not accounted for in other funds.

PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY ADMINISTRATIVE - Established to account for PICA revenues from taxes and deficit financing transactions.

NON-MAJOR GOVERNMENTAL FUNDS (Cont'd)

DEBT SERVICE FUNDS

Debt Service Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest.

CITY - Established to account for the debt service activities of the City not reflected in proprietary funds operations.

MUNICIPAL AUTHORITY - Established to account for the debt service activities related to the equipment and facilities financed through the Philadelphia Municipal Authority.

PENNSYLVANIA INTERGOVERNMENTAL COOPERATION AUTHORITY DEBT SERVICE - Established to account for the debt service activities related to the deficit financing provided by PICA.

CAPITAL IMPROVEMENT FUNDS

Capital Improvement Funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets .

CITY - Established to account for capital additions and improvements to the City's facilities and infrastructure and financed through general obligation bond issues and grants from federal, state and local agencies.

MUNICIPAL AUTHORITY - Established to account for the acquisition of vehicles and the construction of major facilities for the city.

PERMANENT FUNDS

Permanent Funds are used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the government's programs.

LIBRARIES & PARKS - Established to account for trust of the Free Library and Parks and Recreation.

¹ Effective April 15, 2003, the City implemented a change to the basis on which the Business Privilege Tax is collected requiring an estimated payment applicable to the next year's tax liability. A portion of these estimated tax payments are deferred in the general fund beginning in FY2003 because the underlying events had not occurred.

Note:

The Wage and Earnings Tax is a tax on salaries, wages and commissions and other compensation paid to an employee who is employed by or renders services to an employer. All Philadelphia residents owe this tax regardless of where they perform services. Non-residents who perform services in Philadelphia must also pay this tax.

¹ From 2008 to 2010, the rate changed on January 1st & July 1st. Also, in 2013 to 2015, the rate changed on July 1st. The direct rate is an average of the two rates involved during that calendar year.

Vehicle Rental Tax	2.0%	2.0%	2.0%	2.0%	2.0%	2.0%	2.0%	2.0%	2.0%	2.0%
Imposed on any person acquiring the custody or possession of a rental vehicle in the City under a rental contract for money or other consideration										

^a Pursuant to an agreement with the Pennsylvania Intergovernmental Cooperation Authority (PICA), PICA's share of the Wage, Earnings and Net Profits Tax is 1.5% of City residents portion only.

^b Effective January 1 of the fiscal year cited, the previous fiscal year's rate was in effect from July 1 through December 31. For FY 2011, from July 1 through December 31, 2010 the rates were 3.928 % and 3.4985%.

^c Rates apply to the tax year (previous calendar year) and the tax is due April 15th in the fiscal year cited.

^d Rates apply to the tax year (current calendar year) and the tax is due March 31st in the fiscal year cited.

^e The State Tax Equalization Board (STEB) annually determines a ratio of assessed valuation to true value for each municipality in the Commonwealth of Pennsylvania. The ratio is used for the purpose of equalizing certain state school aid distribution.

^f 60% of the Net Income portion of the Business Income and Receipts Tax is allowed to be credited against the Net Profits Tax.

¹ Real property tax bills are normally sent out in December and are payable at one percent (1%) discount until February 28th, otherwise the face amount is due by March 31 without penalty or interest.

² Bill #1130, approved February 8, 1978, provides relief from real estate taxes on improvements to deteriorated industrial, commercial or other business property for a period of five years. Bill #882, approved July 9, 1990, changed the exemption period from five years to three years. Bill #225, approved October 4, 2000, extended the exemption period from three years to ten years.

Bill #1456A, approved January 28, 1983, provides for a maximum three year tax abatement for owner-occupants of newly constructed residential property. Bill #226, approved September 12, 2000, extended the exemption period from three years to ten years.

Legislative Act #5020:205 as amended, approved October 11, 1984, provides for a maximum thirty month tax abatement to developers of residential property.

Bill #274, approved July 1, 1997, provides a maximum ten year tax abatement for conversion of eligible deteriorated commercial or other business property to commercial non-owner occupied residential property.

Bill #788A, approved December 30, 1998, provides a maximum twelve year tax exemption, abatement or credit of certain taxes within the geographical area designated as the Philadelphia Keystone Opportunity Zone.

³ Source: Office of Property Assessment. Beginning in 2014:

- a) the Assessed Value Certification Date was moved up to 3/31/2013; in prior years, the Certification Date occurred on or slightly before the Billing Date (in November)
- b) the City re-evaluated all real property at its current market value, based upon the Actual Value Initiative (AVI).

⁴ Total Direct Tax Rate is City portion only and excludes the School District portion (see statistical table #7 for breakdown).

⁵ The State Tax Equalization Board (STEB) annually determines a ratio of assessed valuation to true value for each municipality in the Commonwealth of Pennsylvania. See Table 13.

⁶ This ratio is compiled by the Office of Property Assessment based on sales of property during the year.

⁷ Starting in 2014, the City provided for a \$30,000 Homestead Exemption (amount subject to change) to all homeowners.

**1 Taxes are levied on a calendar year basis, this column represents the initial bill. They are due on March 31st.

**2 Adjustments include assessment appeals, a 1% discount for payment in full by the end of February, the senior citizen tax freeze, and the tax increment financing (TIF) return of tax paid.

For 2014, adjustment include the Longtime Owner Occupants Program (LOOP), since the program was implemented after the initial bills were sent.

**3 For 2018, "collections in the calendar year of levy" does not include the full 12 months; it only includes collections through the end of June 2018.

**4 Includes payments from capitalized interest. This capitalization occurs only after the first year of the levy on any amount that remains unpaid at that time.

Note that all amounts in this table pertain to the General Fund only and do not include amounts levied and collected for the school district.

The collection percentages for the school district are the same as for the General Fund.

**5 For calendar years 2009 to 2011, "percentage collected in the calendar year of levy" and "percentage collected to date: all years" are based on "taxes levied for the year", since "taxes levied based on adjusted assessment" data is unavailable for these years. For calendar year 2018, data is unavailable for "percentage collected in the calendar year of levy" and "percentage collected to date: all years", since collections in the calendar year does not include the full 12 months; it includes collections through the end of June 2018.

City of Philadelphia
Direct and Overlapping Governmental Activities Debt
June 30, 2018

Table 14

Amounts in millions of USD

	<u>Debt Outstanding</u>	<u>Estimated Percentage Applicable</u>	<u>Estimated Share of Direct and Overlapping Debt</u>
<u>Governmental Unit</u>			
School District of Philadelphia	<u>3,196.4</u>	<u>100.00%</u>	<u>3,196.4</u>
¹ City Direct Debt			<u>4,117.7</u>
Total Direct and Overlapping Debt			<u><u>7,314.1</u></u>

Note:

Overlapping governments are those that coincide, in least in part, with the geographic boundaries of the City. The outstanding debt of the School District of Philadelphia is supported by property taxes levied on properties within the City boundaries. This schedule attempts to show the entire debt burden borne by City residents and businesses.

¹ Refer to Purdon's Statutes 53 P.S. Section 15721

² The legal limit is based on the Pennsylvania Constitution article IX Section 12.

³ Tax Years 2009-2013 assessed values were provided by OPA via The Department of Revenue.

⁴ Calendar Year 2013/Tax Year 2014 assessed values were provided by OPA. The higher amount was due to the implementation of the AVI (Actual Value Initiative) in 2013.

⁵ Beginning in 2014, the Finance Department began using calendar Year assessed value to calculate the preceding 10 year average; prior to this change, the Tax Year assessed values was used.

12	Total Debt Service	95.6	94.3	102.4	103.0	109.8	125.4	125.2	120.6	122.6	127.8
Debt Service Coverage:											
	Revenue Bonds Only - Test "A" (Line 8/Line 10)	2.62	2.46	2.66	2.60	2.56	2.37	2.35	2.58	2.83	2.89
	Total Debt Service - Test "B" (Line 9/Line 12)	1.69	1.61	1.80	1.70	1.64	1.54	1.48	1.69	1.88	1.98

Note:

The rate covenant of the Aviation issues permit inclusion of Fund Balance at the beginning of the period with project revenues for the period to determine adequacy of coverage.

Coverage "A" requires that Net Revenues equal at least 120% of the Debt Service Requirements while Coverage "B" requires that Net Revenues equal at least 100% of the Debt Service Requirements plus Required Capital Account Transfers. Test "A" requires that Project Resources be equal to Net Operating Expenses plus 150% of Revenue Bond Debt Service for the year. Test "B" requires Project Resources be equal to Operating Expenses for the year plus all debt service requirements for the year except any General Obligation Debt Service not applicable to the project.

Amounts in the above statement have been extracted from reports submitted to the respective Fiscal Agents in accordance with the reporting requirements of the General Ordinance and Supplemental Ordinance relative to rate covenants. Water and Sewer Coverage is calculated on the modified accrual basis; Aviation Fund on the accrual basis. Prior to FY2008 Airport Revenues and Expenses were reduced by amounts applicable to the Outside Terminal Area and the Overseas Terminal as prescribed by the indenture.

Prior to FY 2015, Commitments Cancelled were included as part of Total Revenue and Beginning Fund Balance. Commitments Cancelled represent the liquidation of encumbrances. An encumbrance is an expense that is anticipated to be charged to the Water Fund. Beginning in FY 2015 these amounts were reclassified as contra-expenses and reported under Net Operating Expenses.

Prior to FY 2017, Water and Sewer Revenue Bonds Debt Service Coverage B was calculated as (Line4/(Line 8 + Line 11)).

 5 Includes playgrounds and spraygrounds

APPENDIX D

PROPOSED FORM OF APPROVING OPINION OF CO-BOND COUNSEL

May 14, 2019

RE: The City of Philadelphia, Pennsylvania
\$188,660,000 General Obligation Refunding Bonds, Series 2019A

TO THE PURCHASERS OF THE 2019A BONDS:

We have served as Co-Bond Counsel to The City of Philadelphia, Pennsylvania (the “City”) in connection with the issuance of its \$188,660,000 General Obligation Refunding Bonds, Series 2019A (the “2019A Bonds”). The 2019A Bonds are issued under and pursuant to: (i) the Constitution of the Commonwealth of Pennsylvania (the “Commonwealth”); (ii) the Act of the General Assembly of the Commonwealth, approved June 25, 1919, P.L. 581, as amended, and the Act of the General Assembly of the Commonwealth of June 11, 1941, P.L. 113, as amended by the Act of the General Assembly of the Commonwealth of December 8, 1985, P.L. 324 (together, the “Act”); (iii) the Ordinance (Bill No. 141027) of the Council of the City, approved by the Mayor on March 4, 2015 (the “Ordinance”); and (iv) a Resolution of the Bond Committee established by the Ordinance adopted April 30, 2019, with respect to the 2019A Bonds (the “Bond Committee Resolution”). Capitalized terms used herein but not defined shall have the meanings set forth in the Bond Committee Resolution.

The 2019A Bonds will bear interest at the fixed rates as shown in the official statement prepared for the 2019A Bonds. The 2019A Bonds will be issued only as fully registered bonds, in denominations of \$5,000 and any integral multiples of \$5,000 in excess thereof.

The 2019A Bonds are being issued by the City to provide funds to pay the costs of refunding certain outstanding general obligation bonds of the City and to pay the costs associated with the issuance of the 2019A Bonds.

We have examined the proceedings relating to the authorization and issuance of the 2019A Bonds, including, among other things: (a) the Constitution of the Commonwealth and the Act; (b) certified copies of the Ordinance and the Bond Committee Resolution; (c) the opinion of Marcel Pratt, Esq., City Solicitor, on which we have relied; (d) certificates executed by the City and its Fiscal Agent for the 2019A Bonds as to the execution and authentication of the 2019A Bonds; (e) various other certificates executed by the City, including a certificate with regard to compliance with the Internal Revenue Code of 1986, as amended (the “Code”); (f) the Form 8038-G of the City with respect to the 2019A Bonds; and (g) the Escrow Agreement and the verification report attached thereto. We have also examined a fully executed and authenticated 2019A Bond and we assume all other 2019A Bonds are in such form and are similarly executed and authenticated. In rendering our opinion, we have assumed the accuracy of and not undertaken to verify the factual matters set forth in such certificates, documents and other proceedings and have relied on the covenants, warranties and representations made in such certificates and in the other financing documents.

In addition, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals, the conformity with originals of all documents submitted to us as copies and the authenticity of certificates of public officials.

Based upon and subject to the foregoing and the additional assumptions, qualifications and limitations set forth below, we are of the opinion that:

1. The City is authorized under the provisions of the Constitution and laws of the Commonwealth to issue the 2019A Bonds for the purposes set forth in the Bond Committee Resolution.

2. The 2019A Bonds have been duly authorized, executed and delivered by the City and constitute valid and binding general obligations of the City, enforceable against the City in accordance with the terms thereof, except as enforcement may be limited by laws relating to bankruptcy, insolvency, reorganization, receivership, arrangement, moratorium, and other laws affecting creditors' rights, by equitable principles, whether considered at law or in equity, and by the exercise of judicial discretion in appropriate cases.

3. The full faith, credit and taxing power of the City are pledged for the payment of the principal of and interest due on the 2019A Bonds, and the City has effectively covenanted in the Ordinance that it will make payments from the City's sinking fund established for the 2019A Bonds or any of the City's general revenues or funds at such times and in such annual amounts as shall be sufficient for the payment of all principal of and interest on the 2019A Bonds when due.

4. Under the laws of the Commonwealth, as enacted and construed on the date hereof, the interest on the 2019A Bonds is exempt from Pennsylvania personal income tax and Pennsylvania corporate net income tax.

5. Interest on the 2019A Bonds is excluded from gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. The opinion set forth in the preceding sentence is subject to the condition that the City comply with all applicable federal income tax law requirements that must be satisfied subsequent to the issuance of the 2019A Bonds in order that interest thereon continues to be excluded from gross income for purposes of federal income taxation. Failure to comply with all of such requirements could cause the interest on the 2019A Bonds to be includable in gross income retroactive to the date of issuance of the 2019A Bonds. The City has covenanted to comply with all such requirements. Interest on the 2019A Bonds is not treated as an item of tax preference under Section 57 of the Code for purposes of the federal alternative minimum tax.

We express no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or the receipt of interest on, the 2019A Bonds

We express no opinion herein on the adequacy, completeness or accuracy of any official statement, placement memorandum or other disclosure document pertaining to the offering of the 2019A Bonds. We express no opinion as to the availability of specific performance or other equitable relief.

This opinion is limited to federal laws of the United States and the laws of the Commonwealth as in effect on the date hereof, and we express no opinion with respect to the laws of any other state or jurisdiction.

This opinion is limited to the matters expressly stated herein. No implied opinions are to be inferred to extend this opinion beyond the matters expressly stated herein. This opinion is expressed as of the date hereof, and we express no opinion as to any matter not set forth in the numbered paragraphs herein. We do not assume any obligation to update or supplement this opinion to reflect, or to otherwise advise you of, any facts or circumstances which may hereafter come to our attention or any changes in facts, circumstances or law which may hereafter occur.

This opinion is rendered solely for your benefit, may be relied upon by you solely in connection with the issuance of the 2019A Bonds and may not be relied upon by you for any other purpose, or by any other person for any purpose, in each case without our written consent.

Very truly yours,

APPENDIX E

FORM OF CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (the “Agreement”) dated as of May 14, 2019, is entered into by and between The City of Philadelphia, Pennsylvania (“City”) and Digital Assurance Certification, L.L.C., as dissemination agent (“Dissemination Agent”), in connection with the issuance and sale by the City of \$188,660,000 aggregate principal amount of its General Obligation Refunding Bonds, Series 2019A (the “Bonds”). The Bonds are being issued pursuant to the Act, the Refunding Ordinance, and the Bond Committee Resolution (collectively, the “Authorizing Acts”). Capitalized terms used in this Agreement which are not otherwise defined herein shall have the meanings given to such terms in the Official Statement.

In consideration of the mutual covenants, promises and agreements contained herein and intending to be legally bound hereby, the parties hereto agree as follows:

ARTICLE I

The Undertaking

Section 1.1. Purpose. This Agreement is being executed and delivered by the City solely to assist the Underwriters in complying with subsection (b)(5) of the Rule.

Section 1.2. Annual Financial Information. (a) Commencing with the Fiscal Year ending June 30, 2019, the Disclosure Representative shall deliver to the Dissemination Agent no later than February 28, 2020, and no later than each succeeding February 28 thereafter, Annual Financial Information with respect to each Fiscal Year of the City. The Dissemination Agent shall promptly upon receipt thereof file the Annual Financial Information with EMMA.

(b) The Dissemination Agent shall provide, in a timely manner, notice of any failure of the City to provide the Annual Financial Information by the date specified in subsection (a) hereof.

Section 1.3. Audited Financial Statements. If not provided as part of Annual Financial Information by the date required by Section 1.2(a) hereof, the Disclosure Representative shall provide Audited Financial Statements, when and if available, to the Dissemination Agent. The Dissemination Agent shall promptly upon receipt thereof file such Audited Financial Statements with EMMA.

Section 1.4. Notice Events. (a) If a Notice Event occurs, the Disclosure Representative shall provide through the Dissemination Agent, in a timely manner not in excess of ten (10) business days after the occurrence of such Notice Event, notice of such Notice Event to EMMA.

(b) Any notice of a defeasance of the Bonds shall state whether the Bonds have been escrowed to maturity or to an earlier redemption date and the timing of such maturity or redemption.

(c) Each Notice Event notice relating to the Bonds shall include the CUSIP numbers of the Bonds to which such Notice Event notice relates or, if the Notice Event notice relates to all bond issues of the City including the Bonds, such Notice Event notice need only include the CUSIP number of the City.

(d) The Dissemination Agent shall promptly advise the City whenever, in the course of performing its duties as Dissemination Agent under this Agreement, the Dissemination Agent has actual notice of an occurrence which, if material, would require the City to provide notice of a Notice Event hereunder; provided, however, that the failure of the Dissemination Agent so to advise the City shall not

constitute a breach by the Dissemination Agent of any of its duties and responsibilities under this Agreement.

Section 1.5. Additional Information. Nothing in this Agreement shall be deemed to prevent the City from disseminating any other information, using the means of dissemination set forth in this Agreement or any other means of communication, or including any other information in any Annual Financial Information or notice of Notice Event hereunder, in addition to that which is required by this Agreement. If the City chooses to do so, the City shall have no obligation under this Agreement to update such additional information or include it in any future Annual Financial Information or notice of a Notice Event hereunder.

Section 1.6. Additional Disclosure Obligations. The City acknowledges and understands that other state and federal laws, including but not limited to the Securities Act of 1933, as amended, and Rule 10b-5 promulgated under the Securities Exchange Act of 1934, as amended, may apply to the City and that, under some circumstances, compliance with this Agreement without additional disclosures or other action may not fully discharge all duties and obligations of the City under such laws.

ARTICLE II

Operating Rules

Section 2.1. Reference to Other Filed Documents. It shall be sufficient for purposes of Section 1.2 hereof if the City provides Annual Financial Information by specific reference to documents (a) available to the public on the MSRB Internet Web site (currently, www.emma.msrb.org) or (b) filed with the SEC. The provisions of this Section shall not apply to notices of Notice Events pursuant to Section 1.4 hereof.

Section 2.2. Submission of Information. Annual Financial Information may be set forth or provided in one document or a set of documents, and at one time or in part from time to time.

Section 2.3. Dissemination Agent. The City has designated the Dissemination Agent as its agent to act on its behalf in providing or filing notices, documents and information as required of the City under this Agreement. The City may revoke or modify such designation. Upon any revocation of such designation, the City shall comply with its obligation to provide or file notices, documents and information as required under this Agreement or may designate another agent to act on its behalf.

Section 2.4. Transmission of Notices, Documents and Information. (a) Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to the MSRB's Electronic Municipal Markets Access ("EMMA") system, the current Internet Web address of which is www.emma.msrb.org.

(b) All notices, documents and information provided on EMMA shall be provided in an electronic format as prescribed by the MSRB and shall be accompanied by identifying information as prescribed by the MSRB.

Section 2.5. Fiscal Year. (a) The City's current Fiscal Year begins July 1 and ends June 30, and the City shall promptly file a notification on EMMA, through the Dissemination Agent, of each change in its Fiscal Year.

(b) Annual Financial Information shall be provided at least annually notwithstanding any Fiscal Year longer than 12 calendar months.

ARTICLE III

Effective Date, Termination, Amendment and Enforcement

Section 3.1. Effective Date; Termination. (a) This Agreement shall be effective upon the issuance of the Bonds.

(b) The City's and the Dissemination Agent's obligations under this Agreement shall terminate upon a legal defeasance, prior redemption or payment in full of all of the Bonds.

Section 3.2. Amendment. (a) This Agreement may be amended, by written agreement of the parties, without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) such amendment is made in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules or regulations) or in interpretations thereof, or a change in the identity, nature or status of the City or the type of business conducted thereby, (2) this Agreement as so amended would have complied with the requirements of the Rule as of the date of this Agreement, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances, (3) the City shall have delivered to the Dissemination Agent an opinion of Counsel, addressed to the City and the Dissemination Agent, to the same effect as set forth in clause (2) above, (4) the City shall have delivered to the Dissemination Agent an opinion of Counsel or a determination by an entity, in each case unaffiliated with the City (such as bond counsel or the Dissemination Agent), addressed to the City and the Dissemination Agent, to the effect that the amendment does not materially impair the interests of the holders of the Bonds, and (5) the Disclosure Representative shall have delivered copies of such opinion(s) and amendment to the Dissemination Agent. Such amendment shall be promptly filed by the Dissemination Agent on EMMA and sent to each Registered Owner.

(b) This Agreement may be amended, by written agreement of the parties, without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, after the effective date of this Agreement which is applicable to this Agreement, (2) the City shall have delivered to the Dissemination Agent an opinion of Counsel, addressed to the City and the Dissemination Agent, to the effect that performance by the City and the Dissemination Agent under this Agreement as so amended will not result in a violation of the Rule and (3) the Disclosure Representative shall have delivered copies of such opinion and amendment to the Dissemination Agent. Such amendment shall be promptly filed by the Dissemination Agent on EMMA and sent to each Registered Owner.

(c) This Agreement may be amended by written agreement of the parties, without the consent of the holders of the Bonds, if all of the following conditions are satisfied: (1) the City shall have delivered to the Dissemination Agent an opinion of Counsel, addressed to the City and the Dissemination Agent, to the effect that the amendment is permitted by rule, order or other official pronouncement, or is consistent with any interpretive advice or no-action positions of Staff, of the SEC, and (2) the Disclosure Representative shall have delivered copies of such opinion and amendment to the Dissemination Agent. Such amendment shall be promptly filed by the Dissemination Agent on EMMA and sent to each Registered Owner.

(d) To the extent any amendment to this Agreement results in a change in the type of financial information or operating data provided pursuant to this Agreement, the first Annual Financial Information provided thereafter shall include a narrative explanation of the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

(e) If an amendment is made pursuant to this Section 3.2 hereof to the accounting principles to be followed by the City in preparing its financial statements, the Annual Financial Information for the Fiscal Year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. Such comparison shall include a qualitative and, to the extent reasonably feasible, quantitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information.

Section 3.3. Benefit; Third-Party Beneficiaries; Enforcement. (a) The provisions of this Agreement shall constitute a contract with and inure solely to the benefit of the holders from time to time of the Bonds, except that beneficial owners of Bonds shall be third-party beneficiaries of this Agreement. The provisions of this Agreement shall create no rights in any person or entity except as provided in this subsection (a) and in subsection (b) of this Section.

(b) The obligations of the City to comply with the provisions of this Agreement shall be enforceable by any holder of outstanding Bonds. The holders' rights to enforce the provisions of this Agreement shall be limited solely to a right, by action in mandamus or for specific performance, to compel performance of the City's obligations under this Agreement. In consideration of the third-party beneficiary status of beneficial owners of Bonds pursuant to subsection (a) of this Section 3.3, beneficial owners shall be deemed to be holders of Bonds for purposes of this subsection (b).

(c) Any failure by the City or the Dissemination Agent to perform in accordance with this Agreement shall not constitute a default under the Authorizing Acts, and the rights and remedies provided by the Authorizing Acts upon the occurrence of a default shall not apply to any such failure.

(d) This Agreement shall be construed and interpreted in accordance with the laws of the Commonwealth, and any suits and actions arising out of this Agreement shall be instituted in a court of competent jurisdiction in the Commonwealth; provided, however, that to the extent this Agreement addresses matters of federal securities laws, including the Rule, this Agreement shall be construed in accordance with such federal securities laws and official interpretations thereof.

ARTICLE IV

Definitions

Section 4.1. Definitions. The following terms used in this Agreement shall have the following respective meanings:

(1) "Annual Financial Information" means, collectively, (i) the City's Comprehensive Annual Financial Report ("CAFR"), which contains the Audited Financial Statements, (ii) to the extent such information is not contained in the CAFR, the financial information or operating data with respect to the City, substantially similar to the types of information set forth in Tables 1-52 in APPENDIX A attached to the Official Statement (with the exception of Table 19 and Table 48), and (iii) the information regarding amendments to this Agreement required pursuant to Sections 3.2(d) and (e) of this Agreement. As set forth in clause (i) above, Annual Financial Information shall include Audited Financial Statements, if available, or Unaudited Financial Statements.

Annual Financial Information shall be delivered at least annually pursuant to Section 1.2(a) hereof. In connection with Section 4.1(1), it is the City's intention to satisfy all or a portion of the obligations set forth therein by submitting to EMMA (A) its CAFR and (B) to the extent not otherwise updated in the CAFR, (1) an APPENDIX A that includes annual updates to the tables specified in clause (ii) above, or (2) if the City does not have such an APPENDIX A prepared, annual updates to the Tables

specified in clause (ii) above. If at any time the City deletes, for purposes of a then-current APPENDIX A, certain financial information or operating data from APPENDIX A as attached to the Official Statement that is included in one of the tables specified above, such deleted information will be submitted separately from the updated APPENDIX A.

The descriptions contained in Section 4.1(1)(ii) hereof of financial information and operating data constituting Annual Financial Information are of general categories of financial information and operating data. When such descriptions include information that no longer can be generated because the operations to which it related have been materially changed or discontinued, a statement to that effect shall be provided in each affected Annual Financial Information filing in lieu of such information. Any Annual Financial Information containing modified financial information or operating data shall explain, in narrative form, the reasons for the modification and the impact of the modification on the type of financial information or operating data being provided.

(2) “Audited Financial Statements” means the annual financial statements, if any, of the City, audited by such auditor as shall then be required or permitted by Commonwealth law or the City Charter. Audited Financial Statements shall be prepared in accordance with GAAP; provided, however, that pursuant to Section 3.2 hereof, the City may from time to time, if required by federal or Commonwealth legal requirements, modify the accounting principles to be followed in preparing its financial statements. The notice of any such modification required by Section 3.2 hereof shall include a reference to the specific federal or Commonwealth law or regulation describing such accounting principles, or other description thereof.

(3) “City Charter” means the Home Rule Charter authorized by the General Assembly in the First Class City Home Rule Act (Act of April 21, 1949, P.L. 665, Section 17) and adopted by the voters of the City, as amended and supplemented.

(4) “Commonwealth” means the Commonwealth of Pennsylvania.

(5) “Counsel” means any nationally recognized bond counsel or counsel expert in federal securities laws.

(6) “Disclosure Representative” means the Director of Finance of the City, the City Treasurer or such other official or employee of the City as the Director of Finance or the City Treasurer shall designate in writing to the Dissemination Agent.

(7) “Financial Obligation” means “financial obligation” as such term is defined in the Rule.

(8) “GAAP” means generally accepted accounting principles as prescribed from time to time for governmental units by the Governmental Accounting Standards Board, the Financial Accounting Standards Board, or any successor to the duties and responsibilities of either of them.

(9) “MSRB” means the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934, as amended, or any successor thereto or to the functions of the MSRB contemplated by this Agreement.

(10) “Notice Event” means any of the following events with respect to the Bonds, whether relating to the City or otherwise:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;

- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;
- (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices of determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
- (vii) modifications to rights of Bondholders, if material;
- (viii) Bond calls, if material, and tender offers;
- (ix) defeasances;
- (x) release, substitution, or sale of property securing repayment of the Bonds, if material;
- (xi) rating changes;
- (xii) bankruptcy, insolvency, receivership or similar event of the City;
- (xiii) the consummation of a merger, consolidation, or acquisition involving the City or the sale of all or substantially all of the assets of the City, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material;
- (xv) incurrence of a Financial Obligation of the City, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the City, any of which affect security holders, if material; and
- (xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the City, any of which reflect financial difficulties.

(11) “Official Statement” means the Official Statement dated April 30, 2019 of the City relating to the Bonds.

(12) “Registered Owner” or “Registered Owners” means, for so long as the Bonds shall be registered in the name of the Securities Depository or its nominee, and includes, for the purposes of this Agreement, the owners of book-entry credits in the Bonds evidencing an interest in the Bonds; provided, however, that the Dissemination Agent shall have no obligation to provide notice hereunder to owners of book-entry credits in the Bonds except those who have filed their names and addresses with the Dissemination Agent for the purposes of receiving notices or giving direction under this Agreement.

(13) “Rule” means Rule 15c2-12 promulgated by the SEC under the Securities Exchange Act of 1934 (17 CFR Part 240, §240.15c2-12), as amended, as in effect on the date of this Agreement,

including any official interpretations thereof issued either before or after the effective date of this Agreement which are applicable to this Agreement.

(14) “SEC” means the United States Securities and Exchange Commission.

(15) “Securities Depository” means The Depository Trust Company, New York, New York, or its nominee, Cede & Co., or any successor thereto.

(16) “Unaudited Financial Statements” means the same as Audited Financial Statements, except that they shall not have been audited.

(17) “Underwriters” means the financial institutions named on the cover of the Official Statement.

ARTICLE V

Miscellaneous

Section 5.1. Duties, Immunities and Liabilities of the Dissemination Agent. The Dissemination Agent shall have only such duties under the Agreement as are specifically set forth in this Agreement, and the City agrees to indemnify and save the Dissemination Agent, its officers, directors, employees and agents, harmless against any loss, expense and liabilities which it may incur arising out of or in the exercise or performance of its powers and duties hereunder, including the costs and expenses (including attorney’s fees) of defending against any claim of liability, but excluding liabilities due to the Dissemination Agent’s negligence or willful misconduct in the performance of its duties hereunder. The obligations of the City under this Section shall survive resignation or removal of the Dissemination Agent and payment of the Bonds.

Section 5.2. Counterparts. This Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

IN WITNESS WHEREOF, THE CITY OF PHILADELPHIA, PENNSYLVANIA, has caused this Disclosure Agreement to be executed by the Director of Finance and DIGITAL ASSURANCE CERTIFICATION, L.L.C., as Dissemination Agent, has caused this Disclosure Agreement to be executed by one of its authorized officers, all as of the day and year first above written.

APPENDIX F

BOOK-ENTRY ONLY SYSTEM

General

The information set forth herein concerning The Depository Trust Company, New York, New York (“DTC”) and the book-entry system described below has been extracted from materials provided by DTC for such purpose, is not guaranteed as to accuracy or completeness and is not to be construed as a representation by the City, the Fiscal Agent, or the Underwriters. The websites referenced below are included for reference only and the information contained therein is not incorporated by reference in this Official Statement.

DTC will act as securities depository for the 2019A Bonds under a book-entry system with no physical distribution of the 2019A Bonds made to the public. The 2019A Bonds will initially be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee), or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the 2019A Bonds, each in the principal amount of such maturity, and will be deposited with DTC.

DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of “AA+”. The DTC rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the 2019A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2019A Bonds on DTC’s records. The ownership interest of each actual purchaser of each 2019A Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2019A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2019A Bonds, except in the event that use of the book-entry system for the 2019A Bonds is discontinued.

To facilitate subsequent transfers, all 2019A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of 2019A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee does not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2019A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2019A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2019A Bonds may wish to take certain steps to augment transmission to them of notices of significant events with respect to the 2019A Bonds, such as defaults and proposed amendments to the bond documents. For example, Beneficial Owners of 2019A Bonds may wish to ascertain that the nominee holding the 2019A Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Fiscal Agent and request that copies of the notices be provided directly to them.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the 2019A Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2019A Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Payments of principal of, and interest on, the 2019A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Fiscal Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Direct and Indirect Participants and not of DTC (or its nominee), the City or the Fiscal Agent, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal of, and interest on, the 2019A Bonds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Fiscal Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

THE CITY, THE FISCAL AGENT AND THE UNDERWRITERS CANNOT AND DO NOT GIVE ANY ASSURANCES THAT DTC WILL DISTRIBUTE TO ITS PARTICIPANTS OR THAT DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL DISTRIBUTE TO BENEFICIAL OWNERS OF THE 2019A BONDS (A) PAYMENTS OF PRINCIPAL OF, OR INTEREST ON, THE 2019A BONDS, OR (B) CONFIRMATION OF OWNERSHIP INTERESTS IN THE 2019A BONDS, OR (C) NOTICES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT. THE CURRENT "RULES" APPLICABLE TO DTC ARE ON FILE WITH THE SECURITIES AND EXCHANGE COMMISSION AND THE CURRENT "PROCEDURES" OF DTC TO BE FOLLOWED IN DEALING WITH ITS PARTICIPANTS ARE ON FILE WITH DTC.

NONE OF THE CITY, THE FISCAL AGENT OR THE UNDERWRITERS WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC PARTICIPANTS, BENEFICIAL OWNERS OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS FOR: (A) SENDING TRANSACTION STATEMENTS; (B) MAINTAINING, SUPERVISING OR REVIEWING THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS; (C) PAYMENT OR THE TIMELINESS OF PAYMENT BY DTC TO ANY DTC PARTICIPANT, OR BY ANY DTC PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS TO ANY BENEFICIAL OWNER, OF ANY AMOUNT DUE IN RESPECT OF THE PRINCIPAL OF, OR INTEREST ON, THE 2019A BONDS; (D) DELIVERY OR TIMELY DELIVERY BY DTC TO ANY DTC PARTICIPANT, OR BY ANY DTC PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS TO ANY BENEFICIAL OWNERS, OF ANY NOTICE OR OTHER COMMUNICATION WHICH IS REQUIRED TO BE GIVEN TO HOLDERS OR OWNERS OF THE 2019A BONDS; OR (E) ANY ACTION TAKEN BY DTC OR ITS NOMINEE AS THE REGISTERED OWNER OF THE 2019A BONDS.

Discontinuation of Book-Entry Only System

DTC may discontinue providing its services as depository with respect to the 2019A Bonds at any time by giving reasonable notice to the City or the Fiscal Agent. Under such circumstances, in the event that a successor depository is not obtained, 2019A Bond certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, 2019A Bond certificates will be printed and delivered.
