Good Afternoon Everyone,

I hope each of you are doing well during this time of uncertainty on many levels.

It is my understanding that a nomination application for historic designation for 5200-08 Wayne Ave has been sent to you for review and acceptance. I am asking that you would quickly review and designate the property historic. This property is important to the history of Germantown and we certainly don't want it possibly demolished.

Thank you for your assistance to this matter.

Pamela Bracey

Hello all,

My name is Melissa Dymond. I reside at 503 W Hansberry Street and have for the last 10 years. I fully support the nomination of 5200-08 Wayne Ave to the Philadelphia Register of Historic Places. These buildings are a landmark. As long as anyone can remember these remarkable buildings have occupied a prominent location on the corner of Wayne and Hansberry. They are part of the character of our community. We have the opportunity now to recognize and preserve these important buildings. We must seize it to ensure future generations will benefit and learn from their presence. They are important and deserve the recognition and protection accorded to properties listed on the Philadelphia Register of Historic Places. I urge you to accept this nomination.

Thank you in advance.

Sincerely,  
Melissa Dymond

To: The Committee on Historic Designations of the Philadelphia Historical Commission

I write in favor of the nomination of the buildings at 5200-5208 Wayne Avenue to the Philadelphia Register of Historic Places. The Commission should not pass up the opportunity to preserve this example of our neighborhood's history. Such designation would help to ensure that the structures will not fall to the economic paradigm of our times, demolition for new construction. While other fine structures in our community have been preserved or rehabilitated at their owner's volition, the preservation of these prominent ones would encourage other owners to do so. Allowed to succumb to a hardship plea for demolition, other marginal buildings in the area may fall to the same fate.
