

## Philly Counts 2020 – Supplemental Data Table of Contents

### **1. Action Fund Recipients Map**

The map displays the organizations that received funding from the Philly Counts 2020 Action Fund as noted by the yellow bells and dollar amounts. The map of organizations is layered over the self-response rates across the city with the darkest blue representing the lowest rate.

### **2. Philly Counts 2020 Phone Banking Conversations Map**

The map displays the conversations from our phone banking program. The green dots represent households we engaged over the phone. The map is layered over the self-response rates across the city with the darkest blue representing the lowest rate.

### **3. Philly Counts 2020 Volunteers Map**

The map displays Philly Counts volunteers as yellow dots. The map is layered over the self-response rates across the city with the darkest blue representing the lowest rate.

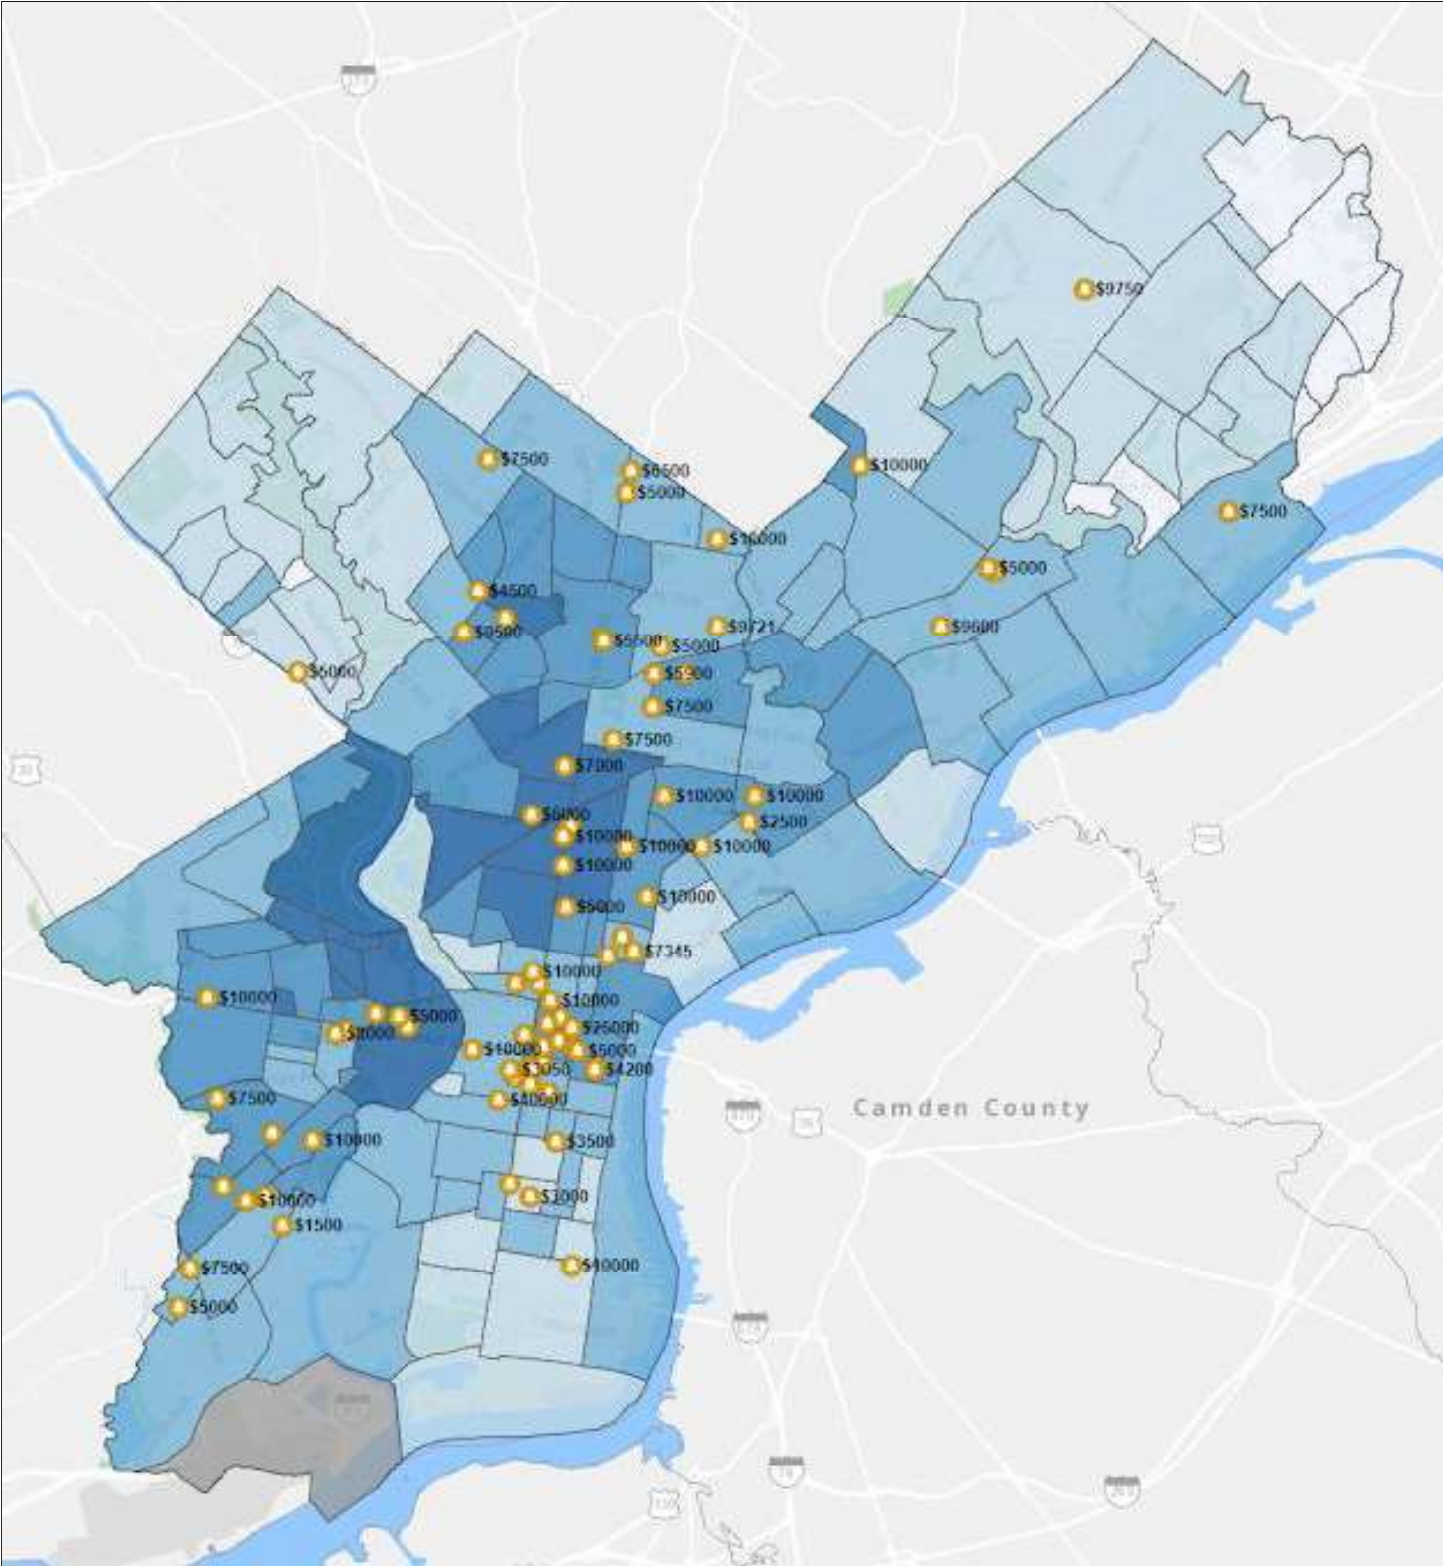

### **4. Philly Counts 2020 Volunteers & Phone Banking Map**

This is a zoomed in map of the Strawberry Mansion section of Philadelphia. This displays Philly Counts volunteers as green dots, and phone banking conversations as yellow dots.

### **5. Phone Bank Respondent Survey**

This survey was conducted with Philadelphia residents who we had a conversation with during our initial phone banking efforts. These residents were called again and asked a series of questions in order to review the success of our phone bank program.

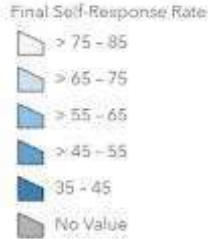

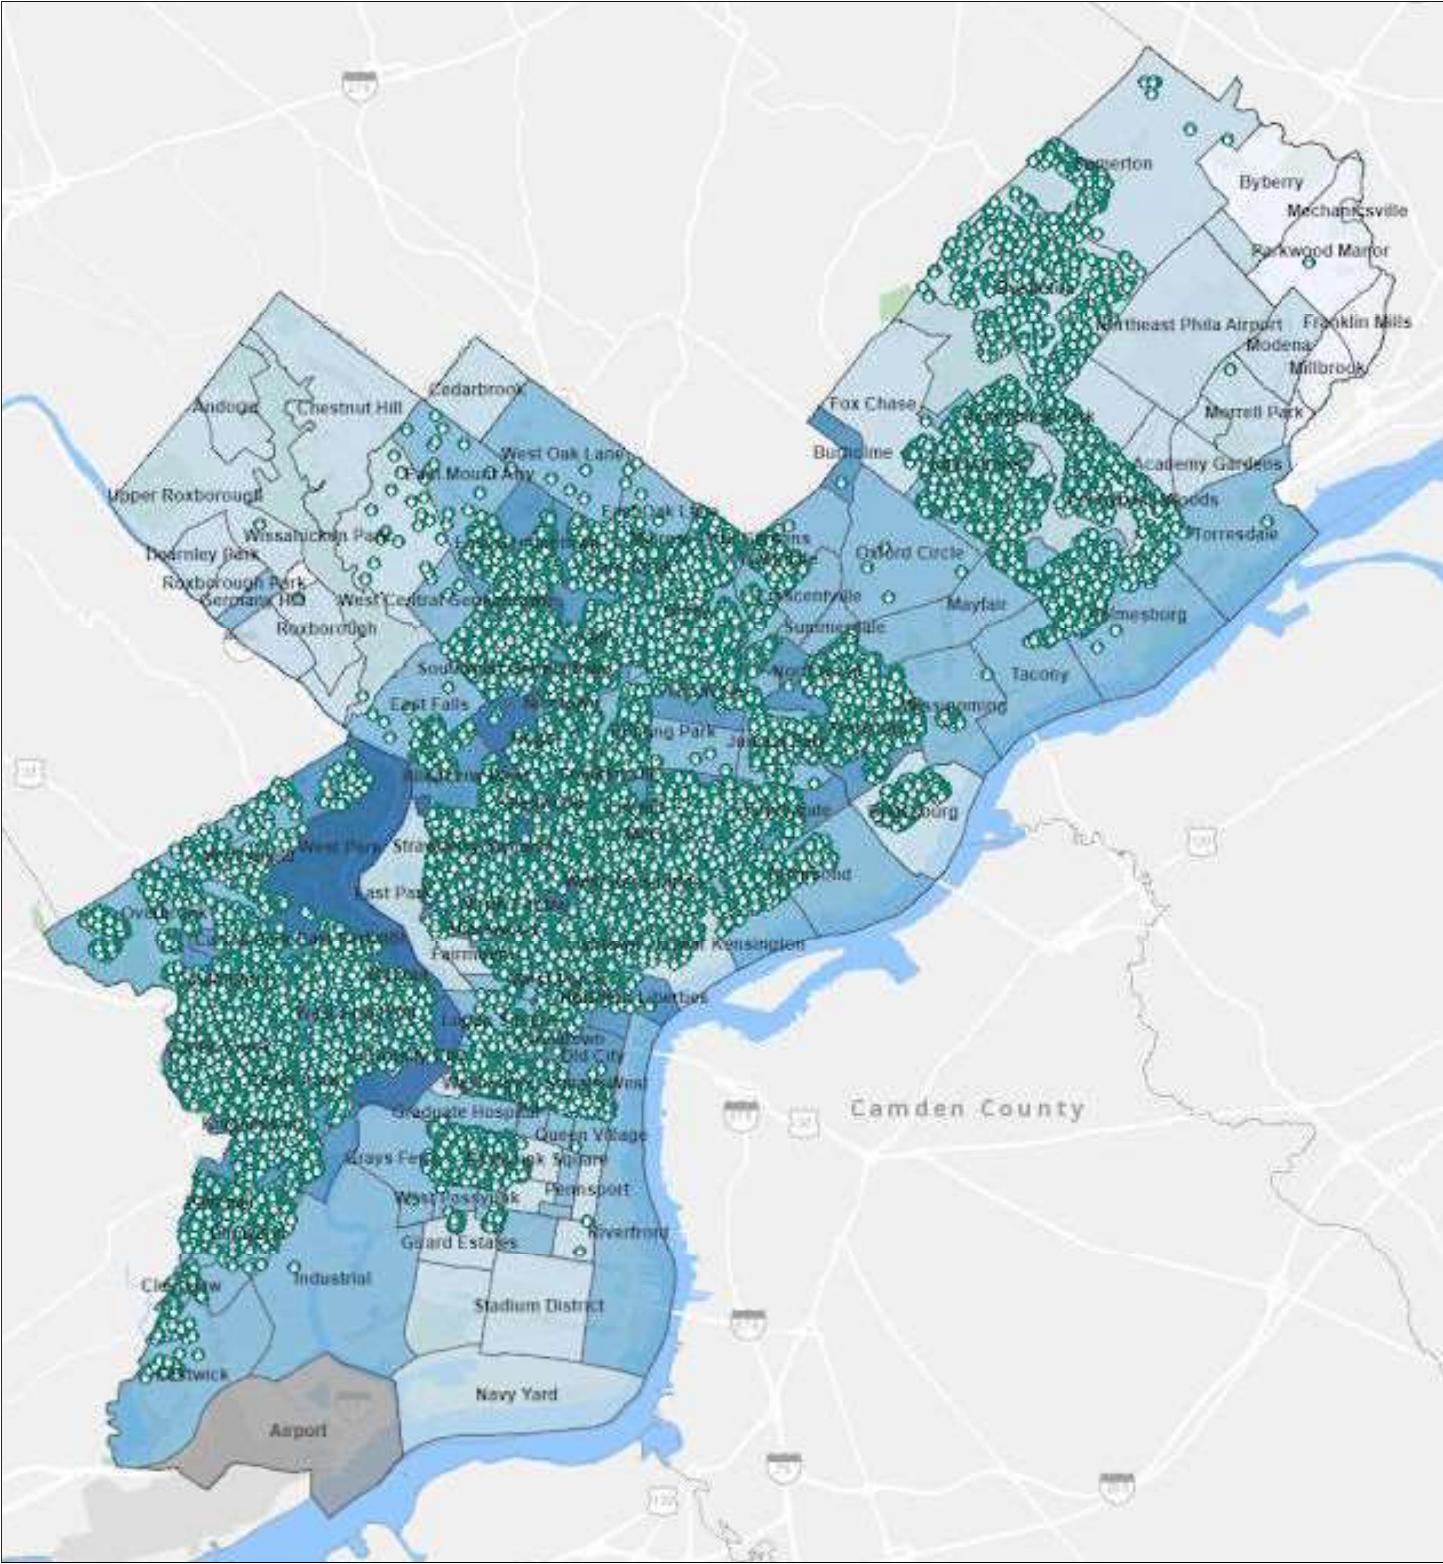

# Philly Counts 2020 Action Fund Recipients

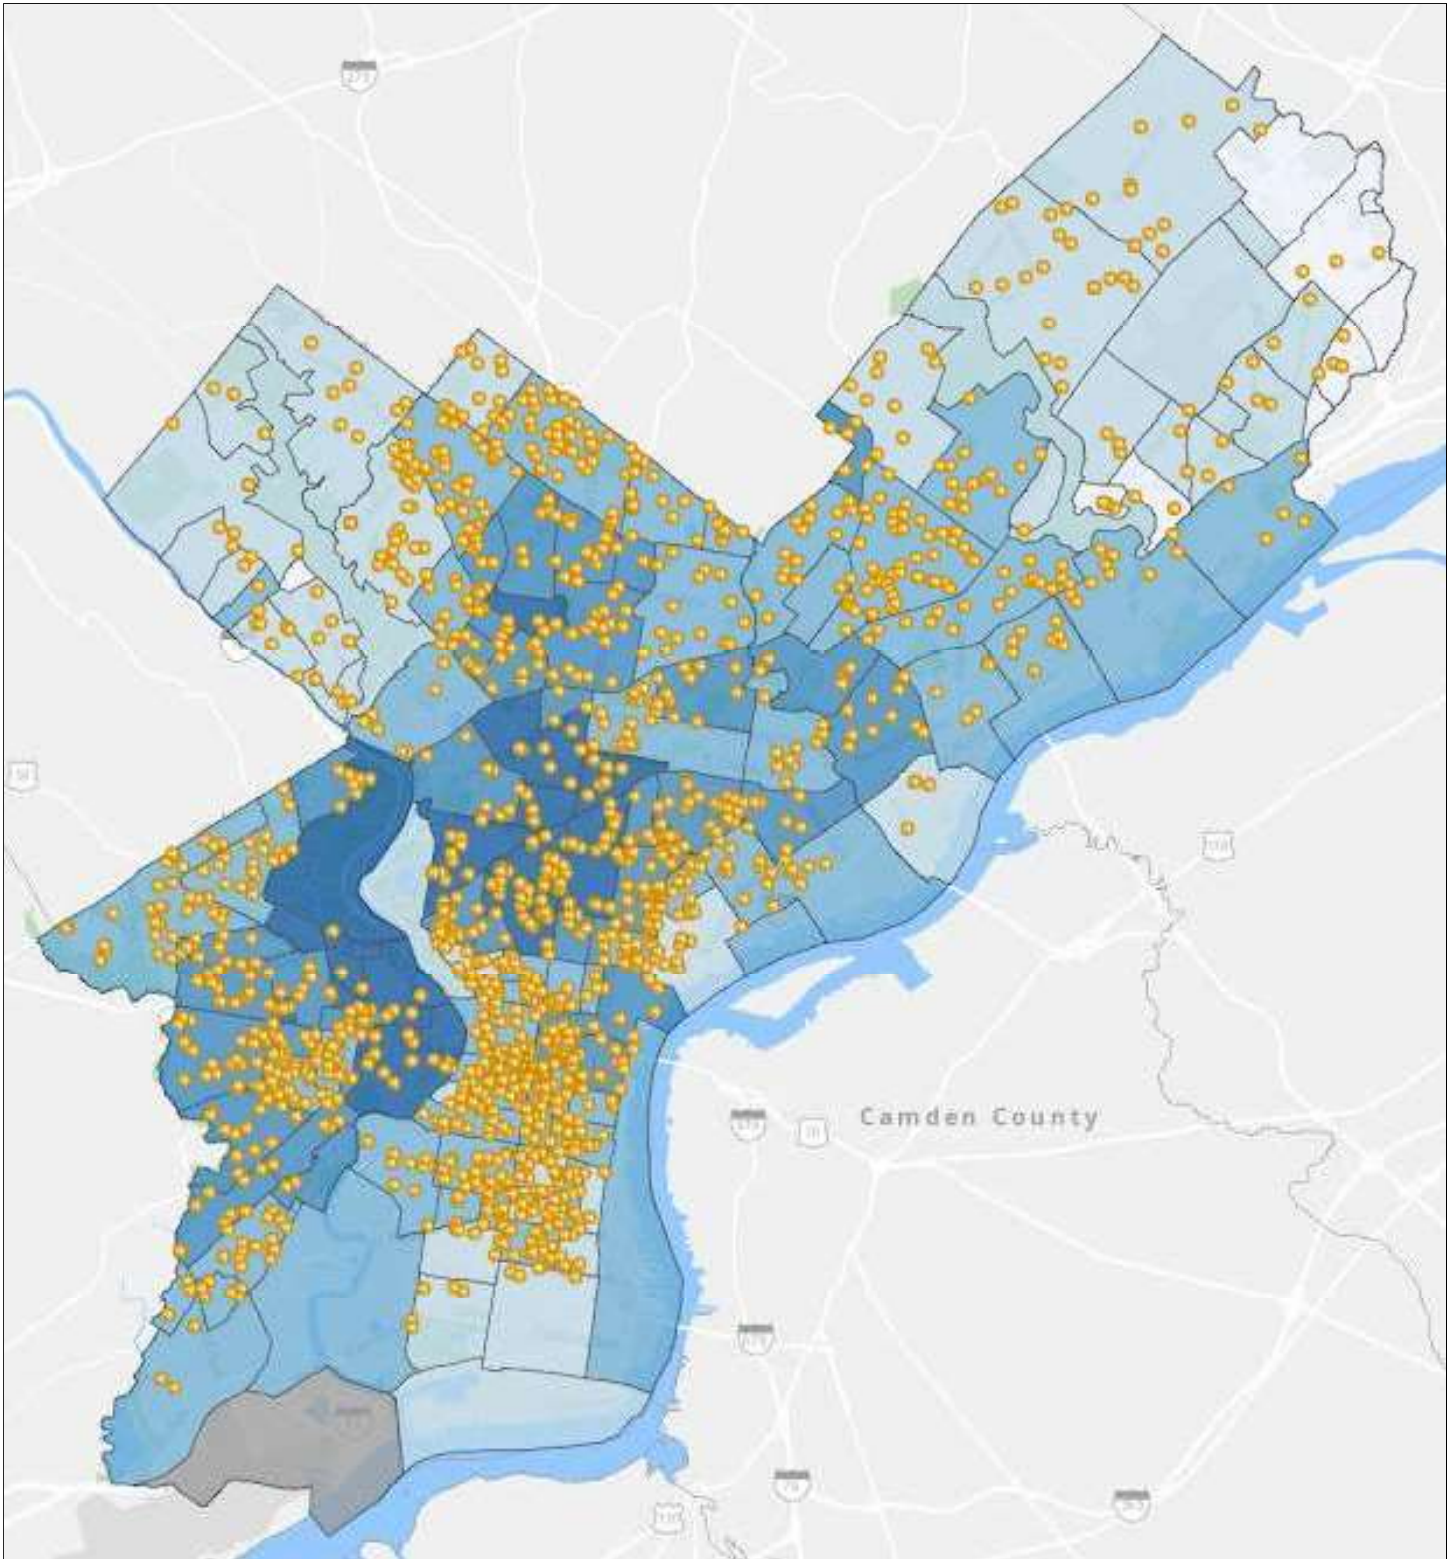

Final Self-Response Rate

- > 75 - 85
- > 65 - 75
- > 55 - 65
- > 45 - 55
- 35 - 45
- No Value

- > 65 - 75
- > 55 - 65
- > 45 - 55
- 35 - 45
- No Value

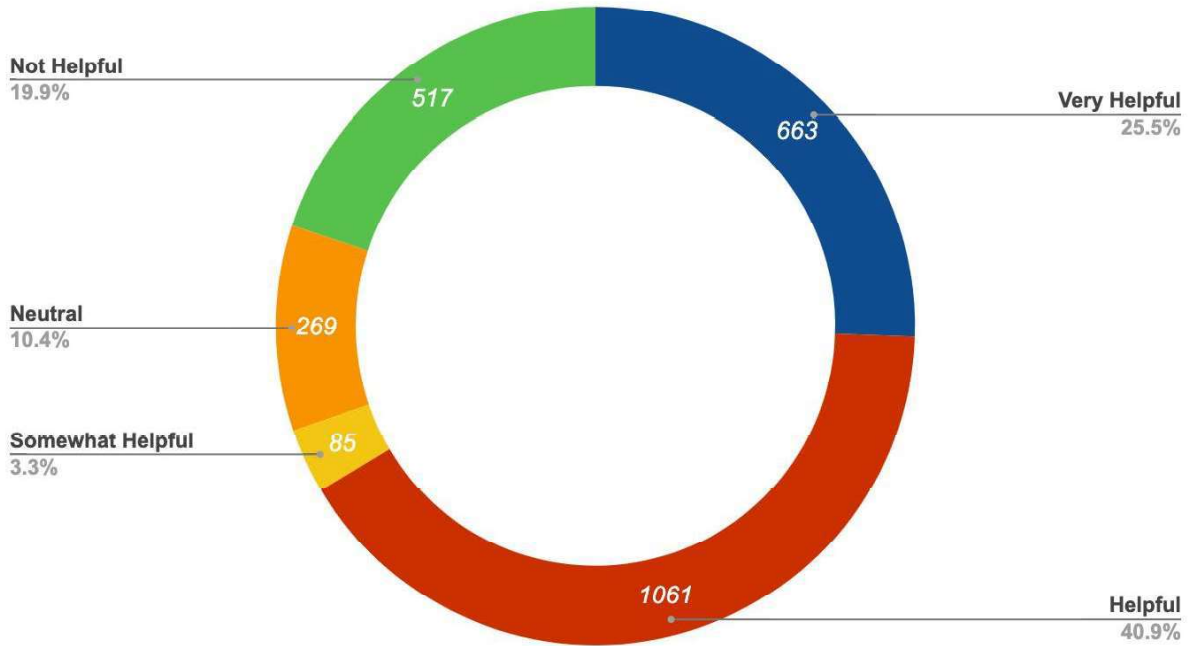

## Would you like to participate in the survey?

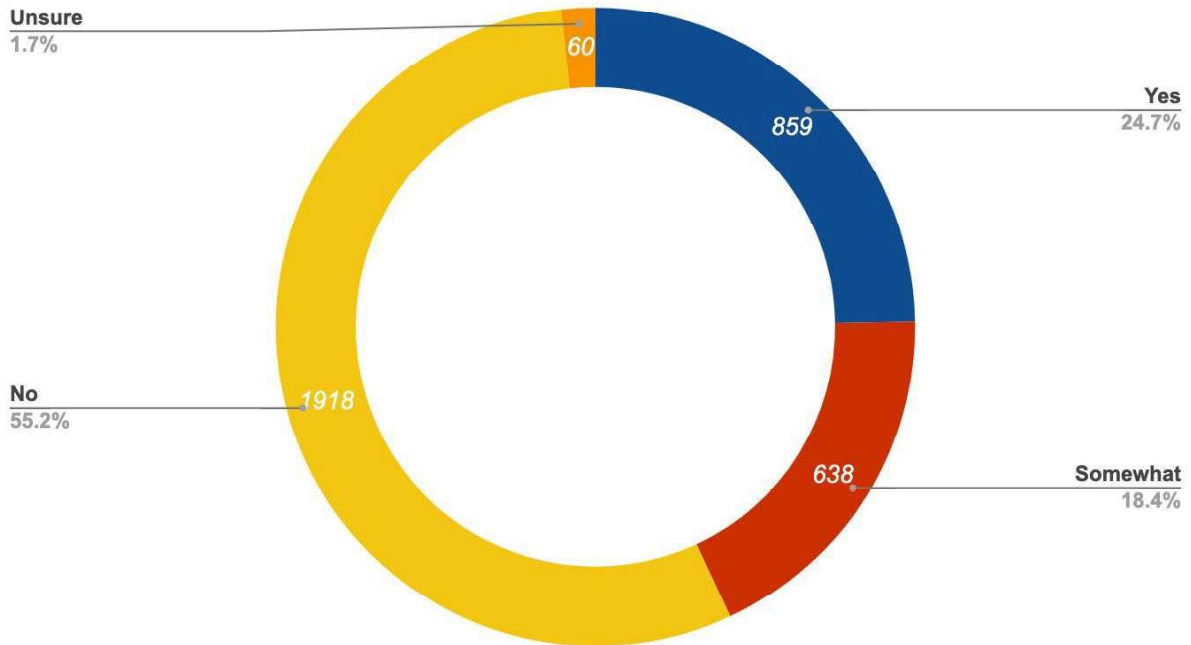

## How did it make you feel when the City of Philadelphia called and checked in about food access and other COVID-19 resources?

## How helpful was the information our volunteer provided?

## Have you felt lonely during this pandemic?

## Have there been any positive changes during COVID-19
