

**RESPONSE TO**  
**PUBLIC ADVOCATE'S INTERROGATORIES**  
**AND**  
**REQUESTS FOR PRODUCTION OF DOCUMENTS**  
**QUESTIONS 1-108**

**Dated: February 2021**

**Objections and Clarifications to Instructions/Definitions**

The Department objects to the instructions and each interrogatory referring to “public-side lead service line” or “private-side lead service line” because the definitions provided in Set I by the Public Advocate are vague and confusing.

A lead service line may refer to (i) a lead pipe between the water main and the curb, (ii) a lead pipe between the water main and the premises, structure or meter, or (iii) both. EPA defines “lead service line” as a service line made of lead, which connects the water main to the building. However, the Philadelphia Plumbing Code defines “water service pipe” as the pipe from the water main to the curb stop. In Philadelphia, property owners having a connection to the City’s water system of 2 inches or less must maintain the connection in good repair at their own expense.

By way of further objection and clarification, customer-owned service lines are not part of the PWD system. This clarification applies to all responses concerning service lines. The Department’s regulations provide that PWD customers, with connections of 2 inches or less, are responsible for repairing the pipes and fixtures that carry water from the PWD water mains to their home (or business) and that carry wastewater (and/or stormwater) from their home (or business) to the PWD sewer main in the street. This means that there is no public-side versus private-side distinctions for connection pipes of 2 inches or less (e.g., service lines or laterals) on the water system or the wastewater system. It also means that once drinking water leaves the PWD water main in the street, its safe delivery becomes the customer's responsibility.

The Department’s responses to Set 1 (1) using the term “lead lines” do not distinguish between “public-side lead service line” or “private-side lead service line,” consistent with the foregoing objection; and, (2) are limited to residential customers only, since the instructions provide that Set I will explicitly state if information or documents regarding nonresidential customers/service lines is being requested and none of the interrogatories and requests make an such an explicit request.

1 **General Objections**

2 1. The Department objects to each interrogatory and request to the extent that it seeks information  
3 that is not relevant to the proposed changes in PWD rates and charges as set forth in the rate  
4 filing, and as such, is not reasonably calculated to lead to the discovery of admissible evidence for  
5 purposes of rate setting.

6  
7 2. By answering any part of the interrogatories and requests and/or by providing any part of the  
8 requested information, PWD does not concede the relevance, materiality or admissibility of any  
9 of the information sought therein for use as evidence in any hearing. PWD expressly reserves the  
10 right to object to further discovery on the subject matter and claims in any of these interrogatories  
11 and requests.

12  
13 3. The Department objects to each interrogatory and request insofar as it seeks production or  
14 disclosure of documents or information subject to any applicable privilege (including government  
15 decision-making and deliberations; attorney-client privilege; and attorney work product), rule,  
16 doctrine or immunity whether created by statute or common law.

17  
18 4. The Department objects to each interrogatory and request to the extent that it seeks  
19 confidential, privileged, proprietary or other privileged information.

20  
21 5. The Department objects to each interrogatory and request identified herein to the extent that  
22 they seek information that is not relevant and not material to the subject matter and claims of this  
23 proceeding, and as such, are not reasonably calculated to lead to the discovery of admissible  
24 evidence.

25  
26 6. The Department objects to each interrogatory and request to the extent it is duplicative and  
27 cumulative.

1 7. The Department objects to each interrogatory and request to the extent that it seeks sensitive  
2 and private information, the disclosure of which would violate federal, state or local law and/or  
3 the privacy rights of persons not parties to this action.  
4

5 8. The Department objects to each interrogatory and request to the extent it seeks information not  
6 in PWD's possession, custody and control, and to the extent it seeks documents which are already  
7 in the possession of the Requestor or accessible to the Requestor or are a matter of public record.  
8

9 9. The applicable general objections, as stated above ("General Objections"), are incorporated  
10 into each of the specific objections and responses that follow. Stating a specific objection or  
11 response shall not be construed as a waiver of these General Objections.

1 **PA-I-1.** PLEASE INDICATE WHETHER PWD HAS A PROGRAM THROUGH  
2 WHICH COMMUNITY MEMBERS CAN ACCESS ASSISTANCE TO  
3 REPLACE PRIVATE LEAD LINES. IF AND TO THE EXTENT SUCH A  
4 PROGRAM EXISTS, PLEASE PROVIDE:

5 A. THE POLICIES AND PROCEDURES FOR ELIGIBILITY AND  
6 ENROLLMENT IN THAT PRIVATE LEAD LINE REPLACEMENT  
7 PROGRAM; AND

8 B. A COPY OF PWD'S WRITTEN POLICIES, TRAINING MATERIALS, AND  
9 OTHER WRITTEN DOCUMENTS WHICH DESCRIBE THE POLICIES AND  
10 PROCEDURES FOR THE PRIVATE LEAD LINE REPLACEMENT  
11 PROGRAM.

12  
13 **RESPONSE:**

14 Please note that consistent with the Department's objections and clarifications to the  
15 instructions/definitions, which are incorporated herein by reference, the Department's  
16 response to this interrogatory and request is limited to residential service lines.

17  
18 Notwithstanding the above objections and the Department's General Objections, and  
19 without waiver thereof, the Department responds to this interrogatory and request as  
20 follows:

21  
22 A. Yes. Please refer to PWD Regulations, Sections 200.0 to 200.6, and "Programs for Lead  
23 Line Replacement" on the PWD webpage available at:

24 <https://www.phila.gov/water/wu/drinkingwater/lead/Pages/programs.aspx>

25 B. Please see the response to PA-I-1-A.  
26  
27

28 **RESPONSE PROVIDED BY:** Philadelphia Water Department

1 **PA-I-2.** IF AND TO THE EXTENT PWD HAS A PRIVATE LEAD LINE  
2 REPLACEMENT PROGRAM, PROVIDE AN ITEMIZED BUDGET FOR THE  
3 PROGRAM FOR THE CURRENT FISCAL YEAR OR FOR THE  
4 IMMEDIATELY SUBSEQUENT FISCAL YEAR. REFERENCE REVENUE  
5 PROJECTIONS, ITEM 1(D). PLEASE EXPLAIN HOW THE  
6 COMMONWEALTH OF PENNSYLVANIA'S EXTENDED SHUT OFF  
7 MORATORIUM AFFECTS PWD'S USAGE PER ACCOUNT AND PROVIDE  
8 SUPPORTING DOCUMENTATION.  
9

10 **RESPONSE:**

11 There are no separate line items in the budget for the Department's lead line replacement  
12 programs. The expenditures for the lead line replacement programs are included in the  
13 budget for HELP, which has an annual budget of \$7 million, or within the budget item  
14 Conveyance Reconstruction for water main reconstruction projects.  
15

28

1 **PA-I-3.** IF AND TO THE EXTENT THAT PWD HAS A PRIVATE LEAD LINE  
2 REPLACEMENT PROGRAM, PLEASE PROVIDE A DETAILED  
3 DESCRIPTION OF HOW PWD PROMOTES THE PROGRAM. SEPARATELY  
4 PROVIDE A COPY OF ALL WRITTEN CORRESPONDENCE AND/OR  
5 MARKETING MATERIALS USED TO INFORM CONSUMERS ABOUT THE  
6 AVAILABILITY OF THE PRIVATE LEAD LINE REPLACEMENT  
7 PROGRAM.

8 **RESPONSE:**

9 Objection. The proper scope of this proceeding is limited to the rates and charges  
10 proposed by the Department. The information and documents provided to customers are  
11 not pertinent to the prospective rates and charges for the Rate Period (Fiscal Year 2022  
12 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate Board is empowered  
13 to approve, modify or reject proposed rates and charges. See, Section 13-101, Philadelphia  
14 Code. The Rate Board does not have oversight authority over the Department. This  
15 interrogatory and request are not seeking information related to the prospective rates and  
16 charges proposed for the Rate Period. The requested information will not assist the Rate  
17 Board in determining the prospective rates and charges for the Rate Period. No nexus has  
18 been established between the information provided to customers and the prospective rates  
19 and charges proposed for the Rate Period.

20  
21 Notwithstanding the above objections and the Department's General Objections, and  
22 without waiver thereof, the Department responds to this interrogatory and request as  
23 follows:

24  
25 Please see the description and documents available on the PWD web page identified in the  
26 response to PA-I-1.

27  
28 **RESPONSE PROVIDED BY:** Philadelphia Water Department

1 **PA-I-4.** BY MONTH, FOR EACH MONTH JANUARY 2018 TO PRESENT, PLEASE  
2 PROVIDE THE NUMBER OF CUSTOMERS WHO HAVE ENROLLED IN  
3 PWD'S PRIVATE LEAD LINE REPLACE PROGRAM, ALONG WITH THE  
4 CUMULATIVE NUMBER OF CUSTOMERS WHO HAVE ENROLLED IN  
5 THE PROGRAM.

6  
7 **RESPONSE:**

8 Objection. The proper scope of this proceeding is limited to the rates and charges  
9 proposed by the Department. The prior and existing enrollment is not pertinent to the  
10 prospective rates and charges for the Rate Period (Fiscal Year 2022 and Fiscal Year 2023).  
11 The Board has limited jurisdiction. The Rate Board is empowered to approve, modify or  
12 reject proposed rates and charges. See, Section 13-101, Philadelphia Code. The Rate  
13 Board does not have oversight authority over the Department. This interrogatory and  
14 request are not seeking information related to the prospective rates and charges proposed  
15 for the Rate Period. The requested information will not assist the Rate Board in  
16 determining the prospective rates and charges for the Rate Period. No nexus has been  
17 established between prior and existing enrollment and the prospective rates and charges  
18 proposed for the Rate Period.

19  
20 Notwithstanding the above objections and the Department's General Objections, and  
21 without waiver thereof, the Department responds to this interrogatory and request as  
22 follows:

23  
24 The following number of customers have obtained HELP loans for replacing lead lines in  
25 the months indicated:

27

28

1 **PA-I-5.** PLEASE IDENTIFY THE NUMBER OF LEAD SERVICE LINES IN PWD'S  
2 SYSTEM.

3  
4 **RESPONSE:**

5 This interrogatory and request are based on the incorrect assumption that service lines are  
6 part of the Department's water system. The Department's objections and clarifications to  
7 the instructions/definitions are incorporated herein by reference. As explained, Lead lines  
8 on either side of the curb stop are not considered as part of PWD's system.

9 Notwithstanding the above objections and the Department's General Objections, and  
10 without waiver thereof, the Department responds to this interrogatory and request as  
11 follows:

12  
13 Philadelphia's current inventory of approximately 480,000 service connections includes  
14 approximately 25,000 properties estimated to have lead lines. Please refer to pages 25-26  
15 of PWD's Submission of Comments Concerning National Primary Drinking Water  
16 Regulations: Proposed Lead and Copper Rule Revisions – Docket No. EPA-HQ-OW-  
17 2017-0300, attached as PA-I-5.pdf.

18  
19 PWD has a record of 2,570 properties with a lead service pipe on either side of the curb  
20 stop. The above number of lead service lines is based on available records.

21  
22

26  
27  
28

1 **PA-I-6.** PLEASE DESCRIBE HOW THE ESTIMATE IN THE IMMEDIATELY  
2 PRECEDING RESPONSE WAS CALCULATED. PROVIDE ALL  
3 DOCUMENTS RELIED ON IN PREPARING THE ESTIMATE, INCLUDING  
4 ANY LEAD SERVICE LINE INVENTORIES.

5  
6 **RESPONSE:**

7 The Department objects to this interrogatory and request on the grounds that the discovery  
8 sought will cause unreasonable annoyance, burden and expense to the Department.

9 Compilation of information and documents being requested would require a costly and  
10 burdensome special investigation to produce. This interrogatory and request are  
11 potentially seeking a large amount of information and documents, since they would  
12 require the compilation of records on approximately 480,000 service connections. This  
13 interrogatory and request are particularly burdensome given the shortened period allotted  
14 to compile discovery responses in this proceeding. The Department objects to this  
15 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
16 other privileged information.

17  
18 The proper scope of this proceeding is limited to the rates and charges proposed by the  
19 Department. The information and documents relied upon on or otherwise used in  
20 preparing the estimate are not pertinent to the prospective rates and charges for the Rate  
21 Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The  
22 Rate Board is empowered to approve, modify or reject proposed rates and charges. See,  
23 Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
24 over the Department. This interrogatory and request are not seeking information related to  
25 the prospective rates and charges proposed for the Rate Period. The requested information  
26 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
27 Period. No nexus has been established between estimate and the prospective rates and  
28 charges proposed for the Rate Period.

Notwithstanding the above objections and the Department's General Objections, and without waiver thereof, the Department responds to this interrogatory and request as follows:

The number of lead service lines is based on available records.

**RESPONSE PROVIDED BY:** Philadelphia Water Department

1 **PA-I-7.** IDENTIFY THE NUMBER OF GALVANIZED STEEL SERVICE LINES IN  
2 PWD'S SYSTEM.  
3

4 **RESPONSE:**

5 Objection. The proper scope of this proceeding is limited to the rates and charges  
6 proposed by the Department. The existence of galvanized steel service lines is not  
7 pertinent to the prospective rates and charges for the Rate Period (Fiscal Year 2022 and  
8 Fiscal Year 2023). The Board has limited jurisdiction. The Rate Board is empowered to  
9 approve, modify or reject proposed rates and charges. See, Section 13-101, Philadelphia  
10 Code. The Rate Board does not have oversight authority over the Department. This  
11 interrogatory and request are not seeking information related to the prospective rates and  
12 charges proposed for the Rate Period. The requested information will not assist the Rate  
13 Board in determining the prospective rates and charges for the Rate Period. No nexus has  
14 been established between existing galvanized steel service lines and the prospective rates  
15 and charges proposed for the Rate Period.  
16

17 Notwithstanding the above objections and the Department's General Objections, and  
18 without waiver thereof, the Department responds to this interrogatory and request as  
19 follows:  
20

21 PWD has records of 262 properties that are serviced by a galvanized steel pipe on either  
22 side of the curb stop.  
23  
24

25 **RESPONSE PROVIDED BY:** Philadelphia Water Department

Notwithstanding the above objections and the Department's General Objections, and without waiver thereof, the Department responds to this interrogatory and request as follows:

The number of galvanized lines is based on available records.

**RESPONSE PROVIDED BY:** Philadelphia Water Department

1 **PA-I-9.** IDENTIFY THE NUMBER OF COPPER SERVICE LINES IN PWD'S  
2 SYSTEM.  
3

4 **RESPONSE:**

5 Objection. The proper scope of this proceeding is limited to the rates and charges  
6 proposed by the Department. The existence of copper service lines is not pertinent to the  
7 prospective rates and charges for the Rate Period (Fiscal Year 2022 and Fiscal Year 2023).  
8 The Board has limited jurisdiction. The Rate Board is empowered to approve, modify or  
9 reject proposed rates and charges. See, Section 13-101, Philadelphia Code. The Rate  
10 Board does not have oversight authority over the Department. This interrogatory and  
11 request are not seeking information related to the prospective rates and charges proposed  
12 for the Rate Period. The requested information will not assist the Rate Board in  
13 determining the prospective rates and charges for the Rate Period. No nexus has been  
14 established between existing copper service lines and the prospective rates and charges  
15 proposed for the Rate Period.  
16

17 This interrogatory and request are based on the incorrect assumption that service lines are  
18 part of the Department's water system. The Department's General Objections and  
19 clarifications to the instructions/definitions are incorporated herein by reference.  
20

21 Notwithstanding all of the above objections, and without waiver thereof, the Department  
22 responds to this interrogatory and request as follows:  
23

24 The Department has records of 136,544 properties that are serviced by a copper pipe on  
25 either side of the curb stop.  
26  
27

28 **RESPONSE PROVIDED BY:** Philadelphia Water Department

1 **PA-I-10.** PLEASE DESCRIBE HOW THE ESTIMATE IN THE IMMEDIATELY

28

Notwithstanding the above objections and the Department's General Objections, and without waiver thereof, the Department responds to this interrogatory and request as follows:

The estimate is based on available records.

**RESPONSE PROVIDED BY:** Philadelphia Water Department

1 **PA-I-11.** IDENTIFY THE NUMBER OF SERVICE LINES IN PWD'S SYSTEM OF  
2 UNKNOWN COMPOSITION.  
3

4 **RESPONSE:**

5 Objection. The proper scope of this proceeding is limited to the rates and charges  
6 proposed by the Department. The existence of service lines of unknown composition is  
7 not pertinent to the prospective rates and charges for the Rate Period (Fiscal Year 2022  
8 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate Board is empowered  
9 to approve, modify or reject proposed rates and charges. See, Section 13-101, Philadelphia  
10 Code. The Rate Board does not have oversight authority over the Department. This  
11 interrogatory and request are not seeking information related to the prospective rates and  
12 charges proposed for the Rate Period. The requested information will not assist the Rate  
13 Board in determining the prospective rates and charges for the Rate Period. No nexus has  
14 been established between existing service lines of unknown composition and the  
15 prospective rates and charges proposed for the Rate Period.  
16

17 This interrogatory and request are based on the incorrect assumption that service lines are  
18 part of the Department's water system. The Department's General Objections and  
19 clarifications to the instructions/definitions are incorporated herein by reference.  
20

21 Notwithstanding all of the above objections, and without waiver thereof, the Department  
22 responds to this interrogatory and request as follows:  
23

24 This total number will vary depending on the parameters used to determine whether the  
25 lines on either side of the curb stop are of unknown composition. Approximately 457,000  
26 properties have a portion of the lines on either side of the curb stop of unknown composition.  
27 However, various parameters may be used to determine whether a property is likely to have  
28 a lead line, including age of the building, age of the water main, size of the line and dates

1 of changes in the plumbing practices and code changes. Using these parameters, PWD  
2 estimates that for purposes of EPA's proposed lead and copper rule revision approximately  
3 257,000 properties could be classified as unknowns (estimate includes lead and copper  
4 services). See also pages 25-26 of PWD's Submission of Comments Concerning National  
5 Primary Drinking Water Regulations: Proposed Lead and Copper Rule Revisions – Docket  
6 No. EPA-HQ-OW-2017-0300, attached as PA-I-5.pdf.

5 **RESPONSE:**

6 The Department objects to this interrogatory and request on the grounds that the discovery  
7 sought will cause unreasonable annoyance, burden and expense to the Department.

8 Compilation of information and documents being requested would require a costly and  
9 burdensome special investigation to produce. This interrogatory and request are  
10 potentially seeking a large amount of information and documents, since they would  
11 require the compilation of records on approximately 480,000 service connections. This  
12 interrogatory and request are particularly burdensome given the shortened period allotted  
13 to compile discovery responses in this proceeding. The Department objects to this  
14 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
15 other privileged information.  
16

17 The proper scope of this proceeding is limited to the rates and charges proposed by the  
18 Department. The information and documents relied upon on or otherwise used in  
19 preparing the estimate are not pertinent to the prospective rates and charges for the Rate  
20 Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The  
21 Rate Board is empowered to approve, modify or reject proposed rates and charges. See,  
22 Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
23 over the Department. This interrogatory and request are not seeking information related to  
24 the prospective rates and charges proposed for the Rate Period. The requested information  
25 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
26 Period. No nexus has been established between estimate and the prospective rates and  
27 charges proposed for the Rate Period.  
28

1 Notwithstanding the above objections and the Department's General Objections, and  
2 without waiver thereof, the Department responds to this interrogatory and request as  
3 follows:

4  
5 The estimate is based on available records.

2 COMPOSITION OF CONSTRUCTION MATERIALS PRESENT IN PWD'S  
3 DISTRIBUTION SYSTEM AS DESCRIBED IN 40 C.F.R. §§141.86(A)(1),  
4 14L.42(D)? PLEASE PROVIDE THIS EVALUATION AND ALL  
5 DOCUMENTS RELIED ON IN PREPARING THE EVALUATION.  
6

7 **RESPONSE:**

8 The Department objects to this interrogatory and request on the grounds that the discovery  
9 sought will cause unreasonable annoyance, burden and expense to the Department.

10 Compilation of information and documents being requested would require a costly and  
11 burdensome special investigation to produce. This interrogatory and request are  
12 potentially seeking a large amount of information and documents, since they would  
13 require the compilation of records on approximately 480,000 service connections. This  
14 interrogatory and request are particularly burdensome given the shortened period allotted  
15 to compile discovery responses in this proceeding. The Department objects to this  
16 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
17 other privileged information.  
18

19 The proper scope of this proceeding is limited to the rates and charges proposed by the  
20 Department. The information and documents relied upon on or otherwise used in  
21 preparing the material evaluation are not pertinent to the prospective rates and charges for  
22 the Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited  
23 jurisdiction. The Rate Board is empowered to approve, modify or reject proposed rates  
24 and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
25 oversight authority over the Department. This interrogatory and request are not seeking  
26 information related to the prospective rates and charges proposed for the Rate Period. The  
27 requested information will not assist the Rate Board in determining the prospective rates  
28

1 and charges for the Rate Period. No nexus has been established between the material  
2 evaluation and the prospective rates and charges proposed for the Rate Period.

3  
4 Notwithstanding the above objections and the Department's General Objections, and  
5 without waiver thereof, the Department responds to this interrogatory and request as  
6 follows:

7  
8 In 1992, the Department conducted a materials survey that is described in the documents  
9 attached to the letter dated April 26, 2016. The Department updates the inventory with every  
10 triennial sampling in a format requested by the Pennsylvania Department of Environmental  
11 Protection (PaDEP) for compliance monitoring under the lead and copper rule. These most  
12 recent materials inventory submitted to PaDEP is attached to the memorandum dated  
13 October 8, 2019. The letter, memorandum and documents referenced above are attached as  
14 PA-I-13a (April 26, 2016 letter with attached documents) and PA-I-13b (October 1, 2019  
15 memorandum with attached table).

16  
17 By way of further response, the Department notes that, in January 2021, the EPA finalized  
18 revisions to the National Primary Drinking Water Regulations for lead and copper under the  
19 Safe Drinking Water Act (commonly known as the Lead and Copper Rule). This is the first  
20 major revision of the Rule in nearly thirty years; and will require PWD to expand current  
21 drinking water programs and cause the incurrence of additional expenses not accounted for  
22 in the cost of service study to achieve compliance. Such additional expenses were not  
23 estimated and included in the Cost of Service Report for the Rate Period, and are beyond  
24 the scope of this proceeding. Detailed costs and implementation tasks related to compliance  
25 with the LCR revisions are not available at this time.

26  
27 The Department notes that citations to the C.F.R. in this interrogatory and request are no  
28 longer valid as of the publication of the revised LCR in the Federal Register on January

1 15, 2021.

3 PROVIDE ALL DOCUMENTS RELIED ON IN PREPARING ANY  
4 SUPPLEMENTAL OR UPDATED MATERIALS EVALUATIONS.

5  
6 **RESPONSE:**

7 The Department objects to this interrogatory and request on the grounds that the discovery  
8 sought will cause unreasonable annoyance, burden and expense to the Department.

9 Compilation of information and documents being requested would require a costly and  
10 burdensome special investigation to produce. This interrogatory and request are  
11 potentially seeking a large amount of information and documents, since they would  
12 require the compilation of records on approximately 480,000 service connections. This  
13 interrogatory and request are particularly burdensome given the shortened period allotted  
14 to compile discovery responses in this proceeding. The Department objects to this  
15 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
16 other privileged information.

17  
18 The proper scope of this proceeding is limited to the rates and charges proposed by the  
19 Department. The information and documents relied upon on or otherwise used in  
20 preparing the material evaluation are not pertinent to the prospective rates and charges for  
21 the Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited  
22 jurisdiction. The Rate Board is empowered to approve, modify or reject proposed rates  
23 and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
24 oversight authority over the Department. This interrogatory and request are not seeking  
25 information related to the prospective rates and charges proposed for the Rate Period. The  
26 requested information will not assist the Rate Board in determining the prospective rates  
27 and charges for the Rate Period. No nexus has been established between material  
28 evaluation and the prospective rates and charges proposed for the Rate Period.

Notwithstanding the above objections and the Department's General Objections, and without waiver thereof, the Department responds to this interrogatory and request as follows:

See the response to PA-I-13.

**RESPONSE PROVIDED BY:** Gary Burlingame

1 **PA-I-15.** PLEASE PROVIDE ALL MAPS AND DATA, INCLUDING GLOBAL  
2 INFORMATION SYSTEM (GIS) DATA, RELATED TO THE LOCATIONS OF  
3 SERVICE LINES IN PWD'S SYSTEM COMPOSED OF:

- 4 A. LEAD;  
5 B. GALVANIZED STEEL;  
6 C. COPPER; OR  
7 D. UNKNOWN MATERIAL.

8  
9 **RESPONSE:**

10 This interrogatory and request are based on the incorrect assumption that service lines are  
11 part of the Department's water system. The Department's objections and clarifications to  
12 the instructions/definitions are incorporated herein by reference.

13  
14 The Department also objects to this interrogatory and request on the grounds that the  
15 discovery sought will cause unreasonable annoyance, burden and expense to the  
16 Department. Compilation of maps and GIS data would require a costly and burdensome  
17 special investigation to produce. This interrogatory and request are potentially seeking a  
18 large amount of information and documents, since they would require the compilation of  
19 records on approximately 480,000 service connections. This interrogatory and request are  
20 particularly burdensome given the shortened period allotted to compile discovery  
21 responses in this proceeding. The Department objects to this interrogatory and request to  
22 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
23 PWD does not make public the individual street addresses of sites due to privacy issues  
24 and the concerns that doing so will discourage previous participants from continuing in the  
25 program in future years.

26  
27 The proper scope of this proceeding is limited to the rates and charges proposed by the  
28 Department. The information and documents relied upon on or otherwise used in making

1 its decision on service lines are not pertinent to the prospective rates and charges for the  
2 Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction.  
3 The Rate Board is empowered to approve, modify or reject proposed rates and charges.  
4 See, Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
5 over the Department. This interrogatory and request are not seeking information related to  
6 the prospective rates and charges proposed for the Rate Period. The requested information  
7 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
8 Period. No nexus has been established between the Department's decision, if any, and the  
9 prospective rates and charges proposed for the Rate Period.

21  
22  
23  
24  
25  
26  
27  
28

1 **PA-I-16.** IDENTIFY AND DESCRIBE ALL METHODS PWD HAS USED SINCE JUNE  
2 30, 2018 TO DETERMINE THE COMPOSITION OF SERVICE LINES IN ITS  
3 SYSTEM, INCLUDING BUT NOT LIMITED TO REVIEW OF  
4 CONSTRUCTION RECORDS, CURB-BOX INSPECTIONS, AND  
5 EXCAVATIONS.

6  
7 **RESPONSE:**

8 This interrogatory and request are based on the incorrect assumption that service lines are  
9 part of the Department's water system. The Department's objections and clarifications to  
10 the instructions/definitions are incorporated herein by reference. As explained, Lead lines  
11 on either side of the curb stop are not considered as part of PWD's system.

12  
13 Notwithstanding the above objections and the Department's General Objections, and  
14 without waiver thereof, the Department responds to this interrogatory and request as  
15 follows:

16  
17 The Department has used as available data plumbing permit records, construction records,  
18 operational records, sampling records and HELP loan records to determine the  
19 composition of lines on either side of the curb stop.

20  
21  
22 **RESPONSE PROVIDED BY:** Philadelphia Water Department  
23  
24  
25  
26  
27  
28

1 **PA-I-17.** PLEASE IDENTIFY HOW MANY SERVICE LINES PWD HAS EXAMINED  
2 USING EACH OF THE METHODS IDENTIFIED IN RESPONSE TO THE  
3 IMMEDIATELY PRECEDING DATA REQUEST?  
4

5 **RESPONSE:**

6 Objection. The proper scope of this proceeding is limited to the rates and charges  
7 proposed by the Department. The number of service lines previously examined by the  
8 Department is not pertinent to the prospective rates and charges for the Rate Period (Fiscal  
9 Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate Board is  
10 empowered to approve, modify or reject proposed rates and charges. See, Section 13-101,  
11 Philadelphia Code. The Rate Board does not have oversight authority over the  
12 Department. This interrogatory and request are not seeking information related to the  
13 prospective rates and charges proposed for the Rate Period. The requested information  
14 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
15 Period. No nexus has been established between the number of service lines previously  
16 examined by the Department and the prospective rates and charges proposed for the Rate  
17 Period.  
18

19 Notwithstanding the above objections and the Department's General Objections, and  
20 without waiver thereof, the Department responds to this interrogatory and request as  
21 follows:  
22

23 Permit Records – 23,049; Construction Records – 26,768; Operation Records – 212,701;  
24 Sampling Records – 1,484; HELP loans – 795  
25  
26

27 **RESPONSE PROVIDED BY:** Philadelphia Water Department  
28

1 **PA-I-18.** PLEASE DESCRIBE ANY “CONSTRUCTION RECORDS” PWD IS RELYING  
2 ON TO IDENTIFY SERVICE LINE COMPOSITION, INCLUDING BUT NOT  
3 LIMITED TO THE NUMBER OF CONSTRUCTION RECORDS PWD HAS  
4 AND THE SOURCE OF THESE RECORDS. SEPARATELY PROVIDE ALL  
5 DOCUMENTS RELATED TO THE ACCURACY OR RELIABILITY OF  
6 THESE CONSTRUCTION RECORDS.

7  
8 **RESPONSE:**

9 The Department objects to this interrogatory and request on the grounds that the discovery  
10 sought will cause unreasonable annoyance, burden and expense to the Department.

11 Compilation of information and documents being requested would require a costly and  
12 burdensome special investigation to produce. This interrogatory and request are  
13 potentially seeking a large amount of information and documents, since they would  
14 require the compilation of records on approximately 480,000 service connections. This  
15 interrogatory and request are particularly burdensome given the shortened period allotted  
16 to compile discovery responses in this proceeding. The Department objects to this  
17 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
18 other privileged information.

19  
20 The proper scope of this proceeding is limited to the rates and charges proposed by the  
21 Department. The information and documents related to the accuracy or reliability of  
22 construction records are not pertinent to the prospective rates and charges for the Rate  
23 Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The  
24 Rate Board is empowered to approve, modify or reject proposed rates and charges. See,  
25 Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
26 over the Department. This interrogatory and request are not seeking information related to  
27 the prospective rates and charges proposed for the Rate Period. The requested information  
28 will not assist the Rate Board in determining the prospective rates and charges for the Rate

1 Period. No nexus has been established between construction records and the prospective  
2 rates and charges proposed for the Rate Period.

3  
4 Notwithstanding the above objections and the Department's General Objections, and  
5 without waiver thereof, the Department responds to this interrogatory and request as  
6 follows:

7  
8 Pipe material is recorded when replacing water mains in the streets. Typical procedure in  
9 water main replacement projects calls for the replacement of the street side of the water  
10 pipes up to and including the curb stop. Construction inspectors will record the material on  
11 the house side when installing the new curb stop. PWD currently has material records  
12 from approximately 250 water main replacement projects.

13  
14  
15 **RESPONSE PROVIDED BY:** Philadelphia Water Department  
16  
17  
18  
19  
20  
21  
22  
23  
24  
25  
26  
27  
28

1 **PA-I-19.** DESCRIBE ANY PROCEDURES OR PROTOCOLS PWD FOLLOWS IF ITS  
2 REVIEW OF CONSTRUCTION RECORDS INDICATES THAT A SERVICE  
3 LINE IS MADE OF:

- 4 A. LEAD;  
5 B. GALVANIZED STEEL;  
6 C. COPPER; OR  
7 D. UNKNOWN MATERIAL.  
8

9 **RESPONSE:**

10 Objection. The proper scope of this proceeding is limited to the rates and charges  
11 proposed by the Department. The procedures and protocols utilized in reviewing  
12 construction records is not pertinent to the prospective rates and charges for the Rate  
13 Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The  
14 Rate Board is empowered to approve, modify or reject proposed rates and charges. See,  
15 Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
16 over the Department. This interrogatory and request are not seeking information related to  
17 the prospective rates and charges proposed for the Rate Period. The requested information  
18 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
19 Period. No nexus has been established between the requested information and the  
20 prospective rates and charges proposed for the Rate Period.  
21

22 Notwithstanding the above objections and the Department's General Objections, and  
23 without waiver thereof, the Department responds to this interrogatory and request as  
24 follows:  
25

26 PWD construction provides all homes with flushing construction after water main  
27 replacement. If the water line contains lead or galvanized steel, the Department will  
28 provide a second set of instructions which detail a more intensive flushing schedule. The

1 Department also makes multiple attempts with homeowners to replace lead and galvanized  
2 lines once found during construction.

3  
4 The flushing instruction documents are included in attachment PA-I-19.

5

1 **PA-I-20.** PLEASE IDENTIFY HOW MANY CURB-BOX INSPECTIONS PWD HAS  
2 COMPLETED SINCE JUNE 30, 2018 (BY MONTH)?  
3

4 **RESPONSE:**

5 Objection. The proper scope of this proceeding is limited to the rates and charges  
6 proposed by the Department. The number of curb box inspections previously completed  
7 by the Department is not pertinent to the prospective rates and charges for the Rate Period  
8 (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate  
9 Board is empowered to approve, modify or reject proposed rates and charges. See, Section  
10 13-101, Philadelphia Code. The Rate Board does not have oversight authority over the  
11 Department. This interrogatory and request are not seeking information related to the  
12 prospective rates and charges proposed for the Rate Period. The requested information  
13 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
14 Period. No nexus has been established between the number of curb box inspections  
15 previously completed by the Department and the prospective rates and charges proposed  
16 for the Rate Period.  
17

18 Notwithstanding the above objections and the Department's General Objections, and  
19 without waiver thereof, the Department responds to this interrogatory and request as  
20 follows:  
21

22 PWD does not use curb-box inspections to determine the composition of water service  
23 pipes.  
24

25  
26 **RESPONSE PROVIDED BY:** Philadelphia Water Department  
27  
28

1 **PA-I-21.** PLEASE PROVIDE ALL DOCUMENTS REGARDING THE ACCURACY OR  
2 RELIABILITY OF CURB-BOX INSPECTIONS IN IDENTIFYING THE  
3 COMPOSITION OF SERVICE LINES.  
4

5 **RESPONSE:**

6 The Department objects to this interrogatory and request on the grounds that the discovery  
7 sought will cause unreasonable annoyance, burden and expense to the Department.

8 Compilation of information and documents being requested would require a costly and  
9 burdensome special investigation to produce. This interrogatory and request are  
10 potentially seeking a large amount of information and documents, since they would  
11 require the compilation of records on approximately 480,000 service connections. This  
12 interrogatory and request are particularly burdensome given the shortened period allotted  
13 to compile discovery responses in this proceeding. The Department objects to this  
14 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
15 other privileged information.  
16

17 The proper scope of this proceeding is limited to the rates and charges proposed by the  
18 Department. The information and documents related to the accuracy or reliability of  
19 inspections are not pertinent to the prospective rates and charges for the Rate Period  
20 (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate  
21 Board is empowered to approve, modify or reject proposed rates and charges. See, Section  
22 13-101, Philadelphia Code. The Rate Board does not have oversight authority over the  
23 Department. This interrogatory and request are not seeking information related to the  
24 prospective rates and charges proposed for the Rate Period. The requested information  
25 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
26 Period. No nexus has been established between inspections and the prospective rates and  
27 charges proposed for the Rate Period.  
28

1 Notwithstanding the above objections and the Department's General Objections, and

2 RELATED TO THE LOCATIONS OF CURB-BOX INSPECTIONS  
3 COMPLETED SINCE JUNE 30, 2018.  
4

5 **RESPONSE:**

6 The Department objects to this interrogatory and request on the grounds that the discovery  
7 sought will cause unreasonable annoyance, burden and expense to the Department.  
8 Compilation of maps and GIS data would require a costly and burdensome special  
9 investigation to produce. This interrogatory and request are potentially seeking a large  
10 amount of information and documents, since they would require the compilation of  
11 records on approximately 480,000 service connections. This interrogatory and request are  
12 particularly burdensome given the shortened period allotted to compile discovery  
13 responses in this proceeding. The Department objects to this interrogatory and request to  
14 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
15 PWD does not make public the individual street addresses of sites due to privacy issues  
16 and the concerns that doing so will discourage previous participants from continuing in the  
17 program in future years.

18  
19 The proper scope of this proceeding is limited to the rates and charges proposed by the  
20 Department. The information and documents relied upon on or otherwise used in making  
21 its decision on service lines are not pertinent to the prospective rates and charges for the  
22 Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction.  
23 The Rate Board is empowered to approve, modify or reject proposed rates and charges.  
24 See, Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
25 over the Department. This interrogatory and request are not seeking information related to  
26 the prospective rates and charges proposed for the Rate Period. The requested information  
27 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
28

1           Period. No nexus has been established between the Department's decision, if any, and the  
2           prospective rates and charges proposed for the Rate Period.

3  
4           Notwithstanding the above objections and the Department's General Objections, and  
5           without waiver thereof, the Department responds to this interrogatory and request as  
6           follows:

7  
8           Please see the response to PA-I-20.

9  
10  
11       **RESPONSE PROVIDED BY:** Philadelphia Water Department

1 **PA-I-23.** PLEASE PROVIDE A DETAILED DESCRIPTION, ALONG WITH ALL  
2 WRITTEN DOCUMENTATION, OF HOW PWD SELECTS THE ADDRESSES  
3 WHERE IT CONDUCTS CURB-BOX INSPECTIONS?  
4

5 **RESPONSE:**

6 The Department objects to this interrogatory and request in that they seeks information  
7 and documents that are privileged. This interrogatory and request are seeking to learn  
8 about the Department's decision-making process, which is protected from disclosure by  
9 the deliberative process privilege. The Department further objects to this interrogatory and  
10 request to the extent that it seeks information and documents protected by attorney-client  
11 privilege.  
12

13 The Department objects to this interrogatory and request on the grounds that the discovery  
14 sought will cause unreasonable annoyance, burden and expense to the Department.  
15 Compilation of information and documents being requested would require a costly and  
16 burdensome special investigation to produce. This interrogatory and request are  
17 particularly burdensome given the shortened period allotted to compile discovery  
18 responses in this proceeding. The Department objects to this interrogatory and request to  
19 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
20

21 The proper scope of this proceeding is limited to the rates and charges proposed by the  
22 Department. The information and documents relied upon on or otherwise used in making  
23 its decision are not pertinent to the prospective rates and charges for the Rate Period  
24 (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate  
25 Board is empowered to approve, modify or reject proposed rates and charges. See, Section  
26 13-101, Philadelphia Code. The Rate Board does not have oversight authority over the  
27 Department. This interrogatory and request are not seeking information related to the  
28 prospective rates and charges proposed for the Rate Period. The requested information

1 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
2 Period. No nexus has been established between the Department's decision, if any, and the  
3 prospective rates and charges proposed for the Rate Period.

4  
5 Notwithstanding the above objections and the Department's General Objections, and  
6 without waiver thereof, the Department responds to this interrogatory and request as  
7 follows:

8  
9 Please see the response to PA-I-20.

26  
27  
28

1 **PA-I-24.** PLEASE PROVIDE A DETAILED DESCRIPTION OF HOW PWD DECIDES  
2 THE ORDER OR PRIORITY OF ADDRESSES WHERE IT CONDUCTS  
3 CURB-BOX INSPECTIONS? PLEASE PROVIDE ALL DOCUMENTS  
4 RELATING TO HOW PWD ORDERS OR PRIORITIZES ADDRESSES FOR  
5 INSPECTION.  
6

7 **RESPONSE:**

8 The Department objects to this interrogatory and request in that they seeks information  
9 and documents that are privileged. This interrogatory and request are seeking to learn  
10 about the Department's decision-making process, which is protected from disclosure by  
11 the deliberative process privilege. The Department further objects to this interrogatory and  
12 request to the extent that it seeks information and documents protected by attorney-client  
13 privilege.  
14

15 The Department objects to this interrogatory and request on the grounds that the discovery  
16 sought will cause unreasonable annoyance, burden and expense to the Department.  
17 Compilation of information and documents being requested would require a costly and  
18 burdensome special investigation to produce. This interrogatory and request are  
19 potentially seeking a large amount of information and documents, since they would  
20 require the compilation of records on approximately 480,000 service connections. This  
21 interrogatory and request are particularly burdensome given the shortened period allotted  
22 to compile discovery responses in this proceeding. The Department objects to this  
23 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
24 other privileged information.  
25

26 The proper scope of this proceeding is limited to the rates and charges proposed by the  
27 Department. The information and documents relied upon on or otherwise used in making  
28 its decisions on curb box inspections are not pertinent to the prospective rates and charges

1 for the Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited  
2 jurisdiction. The Rate Board is empowered to approve, modify or reject proposed rates  
3 and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
4 oversight authority over the Department. This interrogatory and request are not seeking  
5 information related to the prospective rates and charges proposed for the Rate Period. The  
6 requested information will not assist the Rate Board in determining the prospective rates  
7 and charges for the Rate Period. No nexus has been established between the Department's  
8 decision, if any, and the prospective rates and charges proposed for the Rate Period.

9  
10 Notwithstanding the above objections and the Department's General Objections, and  
11 without waiver thereof, the Department responds to this interrogatory and request as  
12 follows:

13  
14 Please see the response to PA-I-20.

- 17 THE CALCULATIONS.
- 18

19 **RESPONSE:**

20 Objection. The proper scope of this proceeding is limited to the rates and charges  
21 proposed by the Department. The number of curb box inspections previously completed  
22 by the Department is not pertinent to the prospective rates and charges for the Rate Period  
23 (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate  
24 Board is empowered to approve, modify or reject proposed rates and charges. See, Section  
25 13-101, Philadelphia Code. The Rate Board does not have oversight authority over the  
26 Department. This interrogatory and request are not seeking information related to the  
27 prospective rates and charges proposed for the Rate Period. The requested information  
28 will not assist the Rate Board in determining the prospective rates and charges for the Rate

1 Period. No nexus has been established between the number of curb box inspections  
2 previously completed by the Department and the prospective rates and charges proposed  
3 for the Rate Period.

4  
5 Notwithstanding the above objections and the Department's General Objections, and

20 Notwithstanding the above objections and the Department's General Objections, and  
21 without waiver thereof, the Department responds to this interrogatory and request as  
22 follows:  
23

24 Please see the responses to PA-I-20, PA-I-30 and PA-I-31.  
25  
26

27 **RESPONSE PROVIDED BY:** Philadelphia Water Department  
28

1 **PA-I-34.** IDENTIFY HOW MANY EXCAVATIONS PWD HAS CONDUCTED TO  
2 DETERMINE THE COMPOSITION OF A SERVICE LINE SINCE JUNE 30,  
3 2018.  
4

5 **RESPONSE:**

6 Objection. The proper scope of this proceeding is limited to the rates and charges  
7 proposed by the Department. The excavations conducted by the Department is not  
8 pertinent to the prospective rates and charges for the Rate Period (Fiscal Year 2022 and  
9 Fiscal Year 2023). The Board has limited jurisdiction. The Rate Board is empowered to  
10 approve, modify or reject proposed rates and charges. See, Section 13-101, Philadelphia  
11 Code. The Rate Board does not have oversight authority over the Department. This  
12 interrogatory and request are not seeking information related to the prospective rates and  
13 charges proposed for the Rate Period. The requested information will not assist the Rate  
14 Board in determining the prospective rates and charges for the Rate Period. No nexus has  
15 been established between excavations conducted by the Department and the prospective  
16 rates and charges proposed for the Rate Period.  
17

18 Notwithstanding the above objections and the Department's General Objections, and  
19 without waiver thereof, the Department responds to this interrogatory and request as  
20 follows:  
21

22 The Department does not conduct exploratory excavations to determine composition of  
23 lines on either side of the curb stop.  
24

25  
26 **RESPONSE PROVIDED BY:** Philadelphia Water Department  
27  
28

1 **PA-I-35.** DOES PWD HAVE MAPS OR DATA ON THE LOCATIONS OF  
2 EXCAVATIONS CONDUCTED TO DETERMINE THE COMPOSITION OF A  
3 SERVICE LINE COMPLETED SINCE JUNE 30, 2018? PLEASE PROVIDE  
4 ALL MAPS AND DATA, INCLUDING GIS DATA, RELATED TO THE  
5 LOCATIONS OF SUCH INSPECTIONS.  
6

7 **RESPONSE:**

8 The Department objects to this interrogatory and request on the grounds that the discovery  
9 sought will cause unreasonable annoyance, burden and expense to the Department.

10 Compilation of maps and GIS data would require a costly and burdensome special  
11 investigation to produce. This interrogatory and request are potentially seeking a large  
12 amount of information and documents, since they would require the compilation of  
13 records on approximately 480,000 service connections. This interrogatory and request are  
14 particularly burdensome given the shortened period allotted to compile discovery  
15 responses in this proceeding. The Department objects to this interrogatory and request to  
16 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
17 PWD does not make public the individual street addresses of sites due to privacy issues  
18 and the concerns that doing so will discourage previous participants from continuing in the  
19 program in future years.  
20

21 The proper scope of this proceeding is limited to the rates and charges proposed by the  
22 Department. The information and documents relied upon on or otherwise used in making  
23 its decision on service lines are not pertinent to the prospective rates and charges for the  
24 Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction.  
25 The Rate Board is empowered to approve, modify or reject proposed rates and charges.  
26 See, Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
27 over the Department. This interrogatory and request are not seeking information related to  
28 the prospective rates and charges proposed for the Rate Period. The requested information

1 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
2 Period. No nexus has been established between the Department's decision, if any, and the  
3 prospective rates and charges proposed for the Rate Period.

4  
5 Notwithstanding the above objections and the Department's General Objections, and  
6 without waiver thereof, the Department responds to this interrogatory and request as  
7 follows:

8  
9 See the response to PA-I-34.

10  
11

**RESPONSE PROVIDED BY:** Philadelphia Water Department

1 **PA-I-37.** DESCRIBE THE PROCEDURES FOLLOWED BY PWD IF AN EXCAVATION  
2 TO DETERMINE THE COMPOSITION OF A SERVICE LINE:

- 3 A. IDENTIFIES A LEAD SERVICE LINE;  
4 B. IDENTIFIES A GALVANIZED STEEL SERVICE LINE;  
5 C. IDENTIFIES A COPPER SERVICE LINE; OR  
6 D. IS INCONCLUSIVE.

7  
8 **RESPONSE:**

9 Objection. The proper scope of this proceeding is limited to the rates and charges  
10 proposed by the Department. The procedures for excavations conducted by the  
11 Department is not pertinent to the prospective rates and charges for the Rate Period (Fiscal  
12 Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate Board is  
13 empowered to approve, modify or reject proposed rates and charges. See, Section 13-101,  
14 Philadelphia Code. The Rate Board does not have oversight authority over the  
15 Department. This interrogatory and request are not seeking information related to the  
16 prospective rates and charges proposed for the Rate Period. The requested information  
17 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
18 Period. No nexus has been established between the procedures for excavations conducted  
19 by the Department and the prospective rates and charges proposed for the Rate Period.

20  
21 Notwithstanding the above objections and the Department's General Objections, and  
22 without waiver thereof, the Department responds to this interrogatory and request as  
23 follows:

24  
25 See the response to PA-I-34.

26  
27 **RESPONSE PROVIDED BY:** Philadelphia Water Department  
28

- 1 **PA-I-38.** OF THE EXCAVATIONS TO DETERMINE THE COMPOSITION OF A  
2 SERVICE LINE COMPLETED SINCE JUNE 30, 2018:  
3 A. IDENTIFY HOW MANY WERE COMPLETED USING PWD-EMPLOYEE  
4 WORK CREWS.  
5 B. PROVIDE THE AVERAGE COST PER EXCAVATION USING PWD-  
6 EMPLOYEE WORK CREWS.  
7 C. IDENTIFY HOW MANY WERE COMPLETED BY CONTRACTORS.  
8 D. IDENTIFY EACH CONTRACTOR PWD USED.  
9 E. FOR EACH CONTRACTOR IN (D), PROVIDE THE NUMBER OF  
10 EXCAVATIONS AND THE AVERAGE COST PER EXCAVATION.  
11 F. PROVIDE ANY REQUESTS FOR PROPOSAL OR CONTRACTS RELATING  
12 TO ALL EXCAVATIONS COMPLETED SINCE JUNE 30, 2018.

13  
14 **RESPONSE:**

15 Objection. The proper scope of this proceeding is limited to the rates and charges  
16 proposed by the Department. The number prior excavations is not pertinent to the  
17 prospective rates and charges for the Rate Period (Fiscal Year 2022 and Fiscal Year 2023).  
18 The Board has limited jurisdiction. The Rate Board is empowered to approve, modify or  
19 reject proposed rates and charges. See, Section 13-101, Philadelphia Code. The Rate  
20 Board does not have oversight authority over the Department. This interrogatory and  
21 request are not seeking information related to the prospective rates and charges proposed  
22 for the Rate Period. The requested information will not assist the Rate Board in  
23 determining the prospective rates and charges for the Rate Period. No nexus has been  
24 established between the number of prior excavations and the prospective rates and charges  
25 proposed for the Rate Period.  
26  
27  
28

1 Notwithstanding the above objections and the Department's General Objections, and  
2 without waiver thereof, the Department responds to this interrogatory and request as  
3 follows:

2

3 **RESPONSE:**

4 Please note that consistent with the Department's objections and clarifications to the  
5 instructions/definitions, which are incorporated herein by reference, the Department's  
6 response to this interrogatory and request is limited to residential service lines.  
7

8 Notwithstanding the above objections and the Department's General Objections, and  
9 without waiver thereof, the Department responds to this interrogatory and request as  
10 follows:  
11

12 Yes. By way of further response, PWD has been using non-lead connectors for partial  
13 connections. These connectors contain non-metallic materials that separate dissimilar  
14 metals, thus preventing galvanic corrosion which is considered a cause of elevated lead  
15 following partial connection. See pages 64 of PWD's Submission of Comments  
16 Concerning National Primary Drinking Water Regulations: Proposed Lead and Copper  
17 Rule Revisions – Docket No. EPA-HQ-OW-2017-0300, attached as PA-I-5.pdf.

1 **PA-I-45.** DOES PWD HAVE MAPS OR DATA ON THE LOCATIONS OF LEAD  
2 SERVICE LINE REPLACEMENTS COMPLETED SINCE JUNE 30, 2018?  
3 PLEASE PROVIDE ALL MAPS AND DATA, INCLUDING GIS DATA,  
4 RELATED TO THE LOCATIONS OF SUCH REPLACEMENTS.  
5

6 **RESPONSE:**

7 The Department objects to this interrogatory and request on the grounds that the discovery  
8 sought will cause unreasonable annoyance, burden and expense to the Department.

9 Compilation of maps and GIS data would require a costly and burdensome special  
10 investigation to produce. This interrogatory and request are potentially seeking a large  
11 amount of information and documents, since they would require the compilation of  
12 records on approximately 480,000 service connections. This interrogatory and request are  
13 particularly burdensome given the shortened period allotted to compile discovery  
14 responses in this proceeding. The Department objects to this interrogatory and request to  
15 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
16 PWD does not make public the individual street addresses of sites due to privacy issues  
17 and the concerns that doing so will discourage previous participants from continuing in the  
18 program in future years.

19  
20 The proper scope of this proceeding is limited to the rates and charges proposed by the  
21 Department. The information and documents relied upon on or otherwise used in making  
22 its decision on service lines are not pertinent to the prospective rates and charges for the  
23 Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction.  
24 The Rate Board is empowered to approve, modify or reject proposed rates and charges.  
25 See, Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
26 over the Department. This interrogatory and request are not seeking information related to  
27 the prospective rates and charges proposed for the Rate Period. The requested information  
28 will not assist the Rate Board in determining the prospective rates and charges for the Rate

1 Period. No nexus has been established between the Department's decision, if any, and the  
2 prospective rates and charges proposed for the Rate Period.

3  
4 The Department's General Objections are incorporated herein by reference.

1 **PA-I-46.** HOW DOES PWD SELECT THE ADDRESSES WHERE IT CONDUCTS  
2 SERVICE LINE REPLACEMENTS? PLEASE PROVIDE ALL DOCUMENTS  
3 RELATING TO HOW PWD SELECTS LOCATIONS FOR THESE  
4 REPLACEMENTS.

5  
6 **RESPONSE:**

7 The Department objects to this interrogatory and request in that they seeks information  
8 and documents that are privileged. This interrogatory and request are seeking to learn  
9 about the Department's decision-making process, which is protected from disclosure by  
10 the deliberative process privilege. The Department further objects to this interrogatory and  
11 request to the extent that it seeks information and documents protected by attorney-client  
12 privilege.

13  
14 The Department objects to this interrogatory and request on the grounds that the discovery  
15 sought will cause unreasonable annoyance, burden and expense to the Department.  
16 Compilation of information and documents being requested would require a costly and  
17 burdensome special investigation to produce. This interrogatory and request are  
18 particularly burdensome given the shortened period allotted to compile discovery  
19 responses in this proceeding. The Department objects to this interrogatory and request to  
20 the extent that it seeks confidential, privileged, proprietary or other privileged information.

21  
22 The proper scope of this proceeding is limited to the rates and charges proposed by the  
23 Department. The information and documents relied upon on or otherwise used in making  
24 its decision are not pertinent to the prospective rates and charges for the Rate Period  
25 (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate  
26 Board is empowered to approve, modify or reject proposed rates and charges. See, Section  
27 13-101, Philadelphia Code. The Rate Board does not have oversight authority over the  
28 Department. This interrogatory and request are not seeking information related to the

1 prospective rates and charges proposed for the Rate Period. The requested information  
2 will not assist the Rate Board in determining the prospective rates and charges for the Rate

2 LINE REPLACEMENTS? PLEASE PROVIDE ALL DOCUMENTS RELATING  
3 TO HOW PWD ORDERED OR PRIORITIZED LOCATIONS FOR THESE  
4 REPLACEMENTS.

5  
6 **RESPONSE:**

7 The Department objects to this interrogatory and request in that they seeks information  
8 and documents that are privileged. This interrogatory and request are seeking to learn  
9 about the Department's decision-making process, which is protected from disclosure by  
10 the deliberative process privilege. The Department further objects to this interrogatory and  
11 request to the extent that it seeks information and documents protected by attorney-client  
12 privilege.

13  
14 The Department objects to this interrogatory and request on the grounds that the discovery  
15 sought will cause unreasonable annoyance, burden and expense to the Department.  
16 Compilation of information and documents being requested would require a costly and  
17 burdensome special investigation to produce. This interrogatory and request are  
18 potentially seeking a large amount of information and documents, since they would  
19 require the compilation of records on approximately 480,000 service connections. This  
20 interrogatory and request are particularly burdensome given the shortened period allotted  
21 to compile discovery responses in this proceeding. The Department objects to this  
22 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
23 other privileged information.

24  
25 The proper scope of this proceeding is limited to the rates and charges proposed by the  
26 Department. The information and documents relied upon on or otherwise used in making  
27 its decision on service lines are not pertinent to the prospective rates and charges for the  
28 Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction.

1 The Rate Board is empowered to approve, modify or reject proposed rates and charges.  
2 See, Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority

22 **RESPONSE:**

23 The Department objects to this interrogatory and request on the grounds that the discovery  
24 sought will cause unreasonable annoyance, burden and expense to the Department.  
25 Compilation of information and documents being requested would require a costly and  
26 burdensome special investigation to produce. This interrogatory and request are  
27 potentially seeking a large amount of information and documents, since they would  
28 require the compilation of records on approximately 480,000 service connections. This

1 interrogatory and request are particularly burdensome given the shortened period allotted  
2 to compile discovery responses in this proceeding. The Department objects to this  
3 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
4 other privileged information.

5  
6 The proper scope of this proceeding is limited to the rates and charges proposed by the  
7 Department. The completed replacements are not pertinent to the prospective rates and  
8 charges for the Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has  
9 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
10 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
11 oversight authority over the Department. This interrogatory and request are not seeking  
12 information related to the prospective rates and charges proposed for the Rate Period. The  
13 requested information will not assist the Rate Board in determining the prospective rates  
14 and charges for the Rate Period. No nexus has been established between completed  
15 replacements and the prospective rates and charges proposed for the Rate Period.

1 **PA-I-49.** PLEASE DESCRIBE ALL FINANCIAL ASSISTANCE PROVIDED TO  
2 CUSTOMERS FOR PRIVATE-SIDE LEAD SERVICE LINE REPLACEMENTS  
3 CONDUCTED SINCE JUNE 30, 2018.  
4

5 **RESPONSE:**

6 This interrogatory and request are based on the incorrect assumption that service lines are  
7 part of the Department's water system. The Department's objections and clarifications to  
8 the instructions/definitions are incorporated herein by reference. As explained in the  
9 aforesaid objections and clarifications, lead lines on either side of the curb stop are not  
10 considered as part of PWD's system.  
11

12 The Department further objects to this interrogatory in that it seeks information that is a  
13 matter of public record and otherwise available to the Public Advocate. This interrogatory  
14 and request seek information and documents that are available to the Public Advocate  
15 through the Public Advocate's own efforts. It follows that this request imposes an  
16 unreasonable burden or expense on the Department to obtain such information or  
17 documents and to provide same to the Public Advocate.

1 **PA-I-55.** DOES PWD PROVIDE REPLACEMENT FILTER CARTRIDGES TO  
2 CUSTOMERS AFTER SERVICE LINE REPLACEMENT?  
3

4 **RESPONSE:**

5 Objection. The proper scope of this proceeding is limited to the rates and charges  
6 proposed by the Department. The procedures used by the Department is not pertinent to  
7 the prospective rates and charges for the Rate Period (Fiscal Year 2022 and Fiscal Year  
8 2023). The Board has limited jurisdiction. The Rate Board is empowered to approve,  
9 modify or reject proposed rates and charges. See, Section 13-101, Philadelphia Code. The  
10 Rate Board does not have oversight authority over the Department. This interrogatory and  
11 request are not seeking information related to the prospective rates and charges proposed  
12 for the Rate Period. The requested information will not assist the Rate Board in  
13 determining the prospective rates and charges for the Rate Period. No nexus has been  
14 established between the Department's existing procedures and the prospective rates and  
15 charges proposed for the Rate Period.  
16

17 The Department's General Objections are incorporated herein by reference.

4 PLEASE PROVIDE ALL DOCUMENTS PWD CONSIDERED IN DECIDING  
5 WHETHER TO INCLUDE GALVANIZED STEEL SERVICE LINES IN ITS  
6 SERVICE LINE REPLACEMENT PROGRAM.

7  
8 **RESPONSE:**

9 The Department objects to this interrogatory and request in that they seeks information  
10 and documents that are privileged. This interrogatory and request are seeking to learn  
11 about the Department's decision-making process, which is protected from disclosure by  
12 the deliberative process privilege. The Department further objects to this interrogatory and  
13 request to the extent that it seeks information and documents protected by attorney-client  
14 privilege.

15  
16 The Department objects to this interrogatory and request on the grounds that the discovery  
17 sought will cause unreasonable annoyance, burden and expense to the Department.  
18 Compilation of information and documents being requested would require a costly and  
19 burdensome special investigation to produce. This interrogatory and request are  
20 potentially seeking a large amount of information and documents, since they would  
21 require the compilation of records on approximately 480,000 service connections. This  
22 interrogatory and request are particularly burdensome given the shortened period allotted  
23 to compile discovery responses in this proceeding. The Department objects to this  
24 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
25 other privileged information.

26  
27 The proper scope of this proceeding is limited to the rates and charges proposed by the  
28 Department. The information and documents relied upon on or otherwise used in making

1 its decision on galvanized steel service lines are not pertinent to the prospective rates and  
2 charges for the Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has  
3 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
4 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
5 oversight authority over the Department. This interrogatory and request are not seeking  
6 information related to the prospective rates and charges proposed for the Rate Period. The  
7 requested information will not assist the Rate Board in determining the prospective rates  
8 and charges for the Rate Period. No nexus has been established between the Department's  
9 decision, if any, and the prospective rates and charges proposed for the Rate Period.

10

1 **PA-I-63.** HAS PWD SELECTED THE ADDRESSES WHERE IT WILL REPLACE  
2 SERVICE LINES AFTER JULY 1, 2020?  
3

4 **RESPONSE:**

5 The Department objects to this interrogatory and request in that they seeks information  
6 and documents that are privileged. This interrogatory and request are seeking to learn  
7 about the Department's decision-making process, which is protected from disclosure by  
8 the deliberative process privilege. The Department further objects to this interrogatory and  
9 request to the extent that it seeks information and documents protected by attorney-client  
10 privilege.  
11

12 The Department objects to this interrogatory and request on the grounds that the discovery  
13 sought will cause unreasonable annoyance, burden and expense to the Department.  
14 Compilation of information and documents being requested would require a costly and  
15 burdensome special investigation to produce. This interrogatory and request are  
16 particularly burdensome given the shortened period allotted to compile discovery  
17 responses in this proceeding. The Department objects to this interrogatory and request to  
18 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
19 PWD does not make public the individual street addresses of sites due to privacy issues  
20 and the concerns that doing so will discourage previous participants from continuing in the  
21 program in future years.  
22

23 The Department's General Objections are incorporated herein by reference.  
24

25 **RESPONSE PROVIDED BY:** Philadelphia Water Department

1 **PA-I-64.** DOES PWD HAVE MAPS OR DATA ON THE LOCATIONS OF LEAD  
2 SERVICE LINE REPLACEMENTS SCHEDULED FOR REPLACEMENT  
3 AFTER JULY 1, 2018? PLEASE PROVIDE ALL MAPS AND DATA,  
4 INCLUDING GIS DATA, RELATED TO THE LOCATIONS OF SERVICE  
5 LINES SCHEDULED FOR REPLACEMENT.  
6

7 **RESPONSE:**

8 The Department objects to this interrogatory and request on the grounds that the discovery  
9 sought will cause unreasonable annoyance, burden and expense to the Department.

10 Compilation of maps and GIS data would require a costly and burdensome special  
11 investigation to produce. This interrogatory and request are potentially seeking a large  
12 amount of information and documents, since they would require the compilation of  
13 records on approximately 480,000 service connections. This interrogatory and request are  
14 particularly burdensome given the shortened period allotted to compile discovery  
15 responses in this proceeding. The Department objects to this interrogatory and request to  
16 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
17 PWD does not make public the individual street addresses of sites due to privacy issues  
18 and the concerns that doing so will discourage previous participants from continuing in the  
19 program in future years.  
20

21 The proper scope of this proceeding is limited to the rates and charges proposed by the  
22 Department. The information and documents relied upon on or otherwise used in making  
23 its decision on service lines are not pertinent to the prospective rates and charges for the  
24 Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction.  
25 The Rate Board is empowered to approve, modify or reject proposed rates and charges.  
26 See, Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
27 over the Department. This interrogatory and request are not seeking information related to  
28 the prospective rates and charges proposed for the Rate Period. The requested information

1 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
2 Period. No nexus has been established between the Department's decision, if any, and the  
3 prospective rates and charges proposed for the Rate Period.

1 **PA-I-68.** DOES PWD INTEND TO CONTINUE REPLACING LEAD SERVICE LINES  
2 IF TAP-WATER MONITORING CONDUCTED PURSUANT TO THE LEAD  
3 AND COPPER RULE, 40 C.F.R. § 141.80 ET SEQ., SHOWS LEAD  
4 CONCENTRATIONS BELOW 15 PARTS PER BILLION AT THE 90TH  
5 PERCENTILE FOR TWO CONSECUTIVE SIXMONTH MONITORING  
6 PERIODS? PLEASE DESCRIBE THESE PLANS.

7  
8 **RESPONSE:**

9 Objection. The proper scope of this proceeding is limited to the rates and charges  
10 proposed by the Department. This interrogatory and request are seeking information  
11 related to the Department's compliance with regulatory requirements. The Board has  
12 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
13 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
14 oversight authority over the Department. This interrogatory and request are not seeking  
15 information related to the prospective rates and charges proposed for the Rate Period  
16 (Fiscal Year 2022 and Fiscal Year 2023). The requested information will not assist the  
17 Rate Board in determining the prospective rates and charges for the Rate Period.

18  
19 Notwithstanding the above objections and the Department's General Objections, and  
20 without waiver thereof, the Department responds to this interrogatory and request as  
21 follows:

22  
23 PWD intends to continue to offer to replace lead lines from the City's water main to the  
24 customer's meter when replacing the water main on the customer's block, regardless of  
25 the results of tap water monitoring conducted pursuant to the lead and copper rule.

26  
27 By way of further response, the Department notes that, in January 2021, the EPA finalized  
28 revisions to the National Primary Drinking Water Regulations for lead and copper under

1 the Safe Drinking Water Act (commonly known as the Lead and Copper Rule). This is the  
2 first major revision of the Rule in nearly thirty years; and will require PWD to expand  
3 current drinking water programs and cause the incurrence of additional expenses not  
4 accounted for in the cost of service study to achieve compliance. Such additional expenses  
5 were not estimated and included in the Cost of Service Report for the Rate Period, and are  
6 beyond the scope of this proceeding. Detailed costs and implementation tasks related to  
7 compliance with the LCR revisions are not available at this time.

1 **PA-I-76.** PLEASE PROVIDE ITEMIZED BUDGETS FOR PWD'S LEAD AND COPPER  
2 MONITORING PROGRAMS FOR 2020 AND 2021.  
3

4 **RESPONSE:**

5 Objection. The proper scope of this proceeding is limited to the rates and charges  
6 proposed by the Department. This interrogatory and request are seeking information  
7 related to the Department's compliance with regulatory requirements. The Board has  
8 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
9 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
10 oversight authority over the Department. This interrogatory and request are not seeking  
11 information related to the prospective rates and charges proposed for the Rate Period  
12 (Fiscal Year 2022 and Fiscal Year 2023). The requested information will not assist the  
13 Rate Board in determining the prospective rates and charges for the Rate Period.  
14

15 Notwithstanding the above objections and the Department's General Objections, and  
16 without waiver thereof, the Department responds to this interrogatory and request as  
17 follows:  
18

19 PWD completed lead and copper compliance monitoring under the lead and copper rule in  
20 2019 and is not required to conduct additional lead and copper compliance monitoring in  
21 2020 or 2021 pursuant to 40 CFR 141.86.  
22

23 By way of further response, the Department notes that, in January 2021, the EPA finalized  
24 revisions to the National Primary Drinking Water Regulations for lead and copper under  
25 the Safe Drinking Water Act (commonly known as the Lead and Copper Rule). This is the  
26 first major revision of the Rule in nearly thirty years; and will require PWD to expand  
27 current drinking water programs and cause the incurrence of additional expenses not  
28 accounted for in the cost of service study to achieve compliance. Such additional expenses

1 were not estimated and included in the Cost of Service Report for the Rate Period, and are  
2 beyond the scope of this proceeding. Detailed costs and implementation tasks related to  
3 compliance with the LCR revisions are not available at this time.

1 **PA-I-77.** PLEASE PROVIDE THE RESULTS OF ALL PWD LEAD AND COPPER  
2 MONITORING CONDUCTED BETWEEN JANUARY 1, 2016 AND THE  
3 PRESENT. FOR EACH MONITORING PERIOD, PLEASE INCLUDE A  
4 BREAKDOWN OF THE TOTAL NUMBER OF SITES TESTED, THE  
5 LOCATION OF EACH SITE, AND THE MONITORING RESULT FOR EACH  
6 SITE.

7  
8 **RESPONSE:**

9 The Department objects to this interrogatory and request on the grounds that the discovery  
10 sought will cause unreasonable annoyance, burden and expense to the Department.

11 Compilation of maps and GIS data would require a costly and burdensome special  
12 investigation to produce. This interrogatory and request are potentially seeking a large  
13 amount of information and documents, since they would require the compilation of  
14 records on approximately 480,000 service connections. This interrogatory and request are  
15 particularly burdensome given the shortened period allotted to compile discovery  
16 responses in this proceeding. The Department objects to this interrogatory and request to  
17 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
18 PWD does not make public the individual street addresses of sites due to privacy issues  
19 and the concerns that doing so will discourage previous participants from continuing in the  
20 program in future years.

21  
22 The proper scope of this proceeding is limited to the rates and charges proposed by the  
23 Department. The information and documents relied upon on or otherwise used in making  
24 its decision on service lines are not pertinent to the prospective rates and charges for the  
25 Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction.  
26 The Rate Board is empowered to approve, modify or reject proposed rates and charges.  
27 See, Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
28 over the Department. This interrogatory and request are not seeking information related to

1 the prospective rates and charges proposed for the Rate Period. The requested information  
2 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
3 Period. No nexus has been established between the Department's decision, if any, and the  
4 prospective rates and charges proposed for the Rate Period.

5  
6 Notwithstanding the above objections and the Department's General Objections, and  
7 without waiver thereof, the Department responds to this interrogatory and request as  
8 follows:

9  
10 For a breakdown of the total number of sites sampled and a discussion of the monitoring  
11 results, please see pages 6, 39-40 and 73-74 of PWD's Submission of Comments  
12 Concerning National Primary Drinking Water Regulations: Proposed Lead and Copper  
13 Rule Revisions – Docket No. EPA-HQ-OW-2017-0300, attached as PA-I-5.pdf. See also  
14 attachment PA-I-13b.

15  
16 By way of further response, the Department notes that, in January 2021, the EPA finalized  
17 revisions to the National Primary Drinking Water Regulations for lead and copper under  
18 the Safe Drinking Water Act (commonly known as the Lead and Copper Rule). This is the  
19 first major revision of the Rule in nearly thirty years; and will require PWD to expand  
20 current drinking water programs and cause the incurrence of additional expenses not  
21 accounted for in the cost of service study to achieve compliance. Such additional expenses  
22 were not estimated and included in the Cost of Service Report for the Rate Period, and are  
23 beyond the scope of this proceeding. Detailed costs and implementation tasks related to  
24 compliance with the LCR revisions are not available at this time.

25  
26  
27 **RESPONSE PROVIDED BY:** Gary Burlingame  
28

1 **PA-I-78.** PLEASE DESCRIBE PWD'S PLANS FOR LEAD AND COPPER  
2 MONITORING FOR THE JULY 1, 2020 THROUGH DECEMBER 31, 2021  
3 PERIODS. PLEASE INCLUDE A BREAKDOWN OF THE TOTAL NUMBER  
4 OF SITES TO BE TESTED, THE LOCATION OF EACH SITE, ANY  
5 SAMPLING SCHEDULES.  
6

7 **RESPONSE:**

8 The Department objects to this interrogatory and request on the grounds that the discovery  
9 sought will cause unreasonable annoyance, burden and expense to the Department.

10 Compilation of maps and GIS data would require a costly and burdensome special  
11 investigation to produce. This interrogatory and request are potentially seeking a large  
12 amount of information and documents, since they would require the compilation of  
13 records on approximately 480,000 service connections. This interrogatory and request are  
14 particularly burdensome given the shortened period allotted to compile discovery  
15 responses in this proceeding. The Department objects to this interrogatory and request to  
16 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
17 PWD does not make public the individual street addresses of sites due to privacy issues  
18 and the concerns that doing so will discourage previous participants from continuing in the  
19 program in future years.  
20

21 The proper scope of this proceeding is limited to the rates and charges proposed by the  
22 Department. This interrogatory and request are seeking information related to the  
23 Department's compliance with regulatory requirements. The Board has limited  
24 jurisdiction. The Rate Board is empowered to approve, modify or reject proposed rates  
25 and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
26 oversight authority over the Department. This interrogatory and request are not seeking  
27 information related to the prospective rates and charges proposed for the Rate Period  
28

1 (Fiscal Year 2022 and Fiscal Year 2023). The requested information will not assist the  
2 Rate Board in determining the prospective rates and charges for the Rate Period.

3  
4 This interrogatory and request are seeking to learn about the Department's decision-  
5 making process, which is protected from disclosure by the deliberative process privilege.  
6 The Department further objects to this interrogatory and request to the extent that it seeks  
7 information and documents protected by attorney-client privilege.

8  
9 Notwithstanding the above objections and the Department's General Objections, and  
10 without waiver thereof, the Department responds to this interrogatory and request as  
11 follows:

12  
13 Please refer to the response to PA-I-76.

14  
15 By way of further response, the Department notes that the next regulatory sampling round  
16 will occur during CY 2022.

17  
18  
19  
20 **RESPONSE PROVIDED BY:** Gary Burlingame

2 CONDUCT LEAD AND COPPER MONITORING. (SEE 40 C.F.R. § 141.86(B).)  
3 PLEASE PROVIDE COPIES OF ALL WRITTEN INSTRUCTIONS PWD  
4 DISTRIBUTES TO CUSTOMERS THAT COLLECT SAMPLES FOR PWD'S  
5 LEAD AND COPPER MONITORING PROGRAM.  
6

7 **RESPONSE:**

8 Objection. The proper scope of this proceeding is limited to the rates and charges  
9 proposed by the Department. This interrogatory and request are seeking information  
10 related to the Department's compliance with regulatory requirements. The Board has  
11 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
12 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
13 oversight authority over the Department. This interrogatory and request are not seeking  
14 information related to the prospective rates and charges proposed for the Rate Period  
15 (Fiscal Year 2022 and Fiscal Year 2023). The requested information will not assist the  
16 Rate Board in determining the prospective rates and charges for the Rate Period.  
17

18 Notwithstanding the above objections and the Department's General Objections, and  
19 without waiver thereof, the Department responds to this interrogatory and request as  
20 follows:  
21

22 Please refer to pages 68-78 of PWD's Submission of Comments Concerning National  
23 Primary Drinking Water Regulations: Proposed Lead and Copper Rule Revisions –  
24 Docket No. EPA-HQ-OW-2017-0300, attached as PA-I-5.pdf.  
25

26 By way of further response, the Department notes that, in January 2021, the EPA finalized  
27 revisions to the National Primary Drinking Water Regulations for lead and copper under  
28 the Safe Drinking Water Act (commonly known as the Lead and Copper Rule). This is the

1 first major revision of the Rule in nearly thirty years; and will require PWD to expand  
2 current drinking water programs and cause the incurrence of additional expenses not  
3 accounted for in the cost of service study to achieve compliance. Such additional expenses  
4 were not estimated and included in the Cost of Service Report for the Rate Period, and are  
5 beyond the scope of this proceeding. Detailed costs and implementation tasks related to  
6 compliance with the LCR revisions are not available at this time.

1 **PA-I-80.** DOES PWD HAVE A POOL OF TARGETED SAMPLING SITES FOR LEAD  
2 AND COPPER MONITORING? (SEE 40 C.F.R. § 141.86(A)(1).) IF YES, HOW  
3 DID IT CREATE THIS POOL?  
4

5 **RESPONSE:**

6 Objection. The proper scope of this proceeding is limited to the rates and charges  
7 proposed by the Department. This interrogatory and request are seeking information  
8 related to the Department's compliance with regulatory requirements. The Board has  
9 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
10 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
11 oversight authority over the Department. This interrogatory and request are not seeking  
12 information related to the prospective rates and charges proposed for the Rate Period  
13 (Fiscal Year 2022 and Fiscal Year 2023). The requested information will not assist the  
14 Rate Board in determining the prospective rates and charges for the Rate Period.  
15

16 Notwithstanding the above objections and the Department's General Objections, and  
17 without waiver thereof, the Department responds to this interrogatory and request as  
18 follows:  
19

20 Yes. Please refer to pages 75-78 of PWD's Submission of Comments Concerning National  
21 Primary Drinking Water Regulations: Proposed Lead and Copper Rule Revisions –  
22 Docket No. EPA-HQ-OW-2017-0300, attached as PA-I-5.pdf.  
23

24 The above comments explain this and how the Department needs to keep recruiting new  
25 customers for every sampling round. PWD maintains a pool in several ways, and all must  
26 be homes with lead service lines:

- 27 • We maintain past customers who have participated in the last sampling round
- 28

- When customers request samples for lead, and they are found to have a lead service line, we ask if they would be willing to be part of our pool
- Prior to every sampling round, we send out letters to homes with known or potential lead service lines, asking for participation in our sampling pool
- Our goal is to maintain more than 100 homes even though the LCR only requires us to sample from 50 homes at a time
- The participation rate is low, thus, PWD provides incentive by providing a \$50 reduction on the water bill when a sample is collected and accepted for compliance

By way of further response, the Department notes that, in January 2021, the EPA finalized revisions to the National Primary Drinking Water Regulations for lead and copper under the Safe Drinking Water Act (commonly known as the Lead and Copper Rule). This is the first major revision of the Rule in nearly thirty years; and will require PWD to expand current drinking water programs and cause the incurrence of additional expenses not accounted for in the cost of service study to achieve compliance. Such additional expenses were not estimated and included in the Cost of Service Report for the Rate Period, and are beyond the scope of this proceeding. Detailed costs and implementation tasks related to compliance with the LCR revisions are not available at this time.

The Department notes that citations to the C.F.R. in this interrogatory and request are no longer valid as of the publication of the revised LCR in the Federal Register on January 15, 2021.

**RESPONSE PROVIDED BY:** Gary Burlingame

1 **PA-I-81.** HOW DOES PWD VERIFY THAT ITS SAMPLING POOL FOR LEAD AND  
2 COPPER MONITORING TARGETS HOMES WITH A HIGH RISK OF LEAD  
3 CONTAMINATION? (SEE 40 C.F.R. § 141.86(A)(3)-(8).)  
4

5 **RESPONSE:**

6 Objection. The proper scope of this proceeding is limited to the rates and charges  
7 proposed by the Department. This interrogatory and request are seeking information  
8 related to the Department's compliance with regulatory requirements. The Board has  
9 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
10 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
11 oversight authority over the Department. This interrogatory and request are not seeking  
12 information related to the prospective rates and charges proposed for the Rate Period  
13 (Fiscal Year 2022 and Fiscal Year 2023). The requested information will not assist the  
14 Rate Board in determining the prospective rates and charges for the Rate Period.  
15

16 Notwithstanding the above objections and the Department's General Objections, and  
17 without waiver thereof, the Department responds to this interrogatory and request as  
18 follows:  
19

20 Through plumbing inspections. Please refer to pages 5 and 77-78 of PWD's Submission of  
21 Comments Concerning National Primary Drinking Water Regulations: Proposed Lead and  
22 Copper Rule Revisions – Docket No. EPA-HQ-OW-2017-0300, attached as PA-I-5.pdf.  
23

24 PWD also inspects every home that is used in its compliance sampling to confirm that the  
25 home, as required, has a lead service line in whole or in part.  
26

27 By way of further response, the Department notes that, in January 2021, the EPA finalized  
28 revisions to the National Primary Drinking Water Regulations for lead and copper under

1 the Safe Drinking Water Act (commonly known as the Lead and Copper Rule). This is the  
2 first major revision of the Rule in nearly thirty years; and will require PWD to expand  
3 current drinking water programs and cause the incurrence of additional expenses not  
4 accounted for in the cost of service study to achieve compliance. Such additional expenses  
5 were not estimated and included in the Cost of Service Report for the Rate Period, and are  
6 beyond the scope of this proceeding. Detailed costs and implementation tasks related to  
7 compliance with the LCR revisions are not available at this time.  
8

9

1 **PA-I-83.** HOW DOES PWD CHOOSE SAMPLING SITES WITHIN ITS SAMPLING  
2 POOL? (SEE 40 C.F.R. § 141.86(B)(4).)  
3

4 **RESPONSE:**

5 Objection. The proper scope of this proceeding is limited to the rates and charges  
6 proposed by the Department. This interrogatory and request are seeking information  
7 related to the Department's compliance with regulatory requirements. The Board has  
8 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
9 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
10 oversight authority over the Department. This interrogatory and request are not seeking  
11 information related to the prospective rates and charges proposed for the Rate Period  
12 (Fiscal Year 2022 and Fiscal Year 2023). The requested information will not assist the  
13 Rate Board in determining the prospective rates and charges for the Rate Period.  
14

15 Notwithstanding the above objections and the Department's General Objections, and  
16 without waiver thereof, the Department responds to this interrogatory and request as  
17 follows:  
18

19 Please refer to pages 5 and 77-78 of PWD's Submission of Comments Concerning  
20 National Primary Drinking Water Regulations: Proposed Lead and Copper Rule Revisions  
21 – Docket No. EPA-HQ-OW-2017-0300, attached as PA-I-5.pdf.  
22

23 PWD is required to use homes, single family homes preferred, that have lead service lines.  
24 We confirm that the homes used actually do have, in whole or in part, lead service lines.  
25 Without having to turn customers away from participating, we get good coverage across  
26 the City, thus representing all service areas.  
27

28 By way of further response, the Department notes that, in January 2021, the EPA finalized

1 revisions to the National Primary Drinking Water Regulations for lead and copper under  
2 the Safe Drinking Water Act (commonly known as the Lead and Copper Rule). This is the  
3 first major revision of the Rule in nearly thirty years; and will require PWD to expand  
4 current drinking water programs and cause the incurrence of additional expenses not  
5 accounted for in the cost of service study to achieve compliance. Such additional expenses  
6 were not estimated and included in the Cost of Service Report for the Rate Period, and are  
7 beyond the scope of this proceeding. Detailed costs and implementation tasks related to  
8 compliance with the LCR revisions are not available at this time.

3 IT COLLECTED A PREVIOUS SAMPLE, HOW DOES PWD SELECT THE  
4 REPLACEMENT SITE? (SEE 40 C.F.R. § 141.86(B)(4).)

5  
6 **RESPONSE:**

7 Objection. The proper scope of this proceeding is limited to the rates and charges  
8 proposed by the Department. This interrogatory and request are seeking information  
9 related to the Department's compliance with regulatory requirements. The Board has  
10 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
11 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
12 oversight authority over the Department. This interrogatory and request are not seeking  
13 information related to the prospective rates and charges proposed for the Rate Period  
14 (Fiscal Year 2022 and Fiscal Year 2023). The requested information will not assist the  
15 Rate Board in determining the prospective rates and charges for the Rate Period.

16  
17 Notwithstanding the above objections and the Department's General Objections, and  
18 without waiver thereof, the Department responds to this interrogatory and request as  
19 follows:

20  
21 Please refer to pages 5 and 77-78 of PWD's Submission of Comments Concerning  
22 National Primary Drinking Water Regulations: Proposed Lead and Copper Rule Revisions  
23 – Docket No. EPA-HQ-OW-2017-0300, attached as PA-I-5.pdf.

24  
25 PWD is only required to collect samples from 50 homes for every sampling round. PWD  
26 attempts to collect samples from 100 homes to best represent the City overall. In this way  
27 it has not yet been an issue when one homes stops participating in the sampling program.

By way of further response, the Department notes that, in January 2021, the EPA finalized revisions to the National Primary Drinking Water Regulations for lead and copper under the Safe Drinking Water Act (commonly known as the Lead and Copper Rule). This is the first major revision of the Rule in nearly thirty years; and will require PWD to expand current drinking water programs and cause the incurrence of additional expenses not accounted for in the cost of service study to achieve compliance. Such additional expenses were not estimated and included in the Cost of Service Report for the Rate Period, and are beyond the scope of this proceeding. Detailed costs and implementation tasks related to compliance with the LCR revisions are not available at this time.

The Department notes that citations to the C.F.R. in this interrogatory and request are no longer valid as of the publication of the revised LCR in the Federal Register on January 15, 2021.

**RESPONSE PROVIDED BY:** Gary Burlingame

1 **PA-I-85.** PLEASE PROVIDE ITEMIZED BUDGETS FOR 2019, 2020 AND 2021 FOR  
2 THE COLLECTION OF POST-CONSTRUCTION SAMPLES FOLLOWING  
3 LEAD SERVICE LINE REPLACEMENT.  
4

5 **RESPONSE:**

6 Objection. The proper scope of this proceeding is limited to the rates and charges  
7 proposed by the Department. Budgeted amounts and/or funds expended in prior fiscal  
8 years are not pertinent to the prospective rates and charges for the Rate Period (Fiscal  
9 Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The Rate Board is  
10 empowered to approve, modify or reject proposed rates and charges. See, Section 13-101,  
11 Philadelphia Code. The Rate Board does not have oversight authority over the  
12 Department. This interrogatory and request are not seeking information related to the  
13 prospective rates and charges proposed for the Rate Period. The requested information  
14 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
15 Period. No nexus has been established between the requested information and documents  
16 and the prospective rates and charges proposed for the Rate Period.  
17

18 Notwithstanding the above objections and the Department's General Objections, and  
19 without waiver thereof, the Department responds to this interrogatory and request as  
20 follows:  
21

22 The Department does not typically sample following replacement of lead lines.  
23

5 **RESPONSE:**

6 Objection. The proper scope of this proceeding is limited to the rates and charges  
7 proposed by the Department. The timing of notification is not pertinent to the prospective  
8 rates and charges for the Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board  
9 has limited jurisdiction. The Rate Board is empowered to approve, modify or reject  
10 proposed rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does  
11 not have oversight authority over the Department. This interrogatory and request are not  
12 seeking information related to the prospective rates and charges proposed for the Rate  
13 Period. The requested information will not assist the Rate Board in determining the  
14 prospective rates and charges for the Rate Period. No nexus has been established between  
15 the requested information and documents and the prospective rates and charges proposed  
16 for the Rate Period.  
17

18 Notwithstanding the above objections and the Department's General Objections, and  
19 without waiver thereof, the Department responds to this interrogatory and request as

1 **PA-I-89.** DID PWD CONSIDER INCLUDING SERVICE LINES THAT ARE  
2 COMPOSED OF LEAD ON THE PRIVATE-SIDE ONLY IN ITS 2020 AND/OR  
3 2021 LEAD SERVICE LINE REPLACEMENT PROGRAM? IF SO, PLEASE  
4 PROVIDE ALL DOCUMENTS RELATING TO THIS DECISION.  
5

6 **RESPONSE:**

7 Please note that consistent with the Department's objections and clarifications to the  
8 instructions/definitions, which are incorporated herein by reference, the Department's  
9 response to this interrogatory and request is limited to residential service lines.  
10

11 The Department objects to this interrogatory and request in that they seeks information  
12 and documents that are privileged. This interrogatory and request are seeking to learn  
13 about the Department's decision-making process, which is protected from disclosure by  
14 the deliberative process privilege. The Department further objects to this interrogatory and  
15 request to the extent that it seeks information and documents protected by attorney-client  
16 privilege.  
17

18 The Department objects to this interrogatory and request on the grounds that the discovery  
19 sought will cause unreasonable annoyance, burden and expense to the Department.  
20 Compilation of information and documents being requested would require a costly and  
21 burdensome special investigation to produce. This interrogatory and request are  
22 potentially seeking a large amount of information and documents, since they would  
23 require the compilation of records on approximately 480,000 service connections. This  
24 interrogatory and request are particularly burdensome given the shortened period allotted  
25 to compile discovery responses in this proceeding. The Department objects to this  
26 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
27 other privileged information.  
28

1 The proper scope of this proceeding is limited to the rates and charges proposed by the  
2 Department. The information and documents relied upon on or otherwise used in making  
3 its decision on service lines are not pertinent to the prospective rates and charges for the  
4 Rate Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction.  
5 The Rate Board is empowered to approve, modify or reject proposed rates and charges.  
6 See, Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
7 over the Department. This interrogatory and request are not seeking information related to  
8 the prospective rates and charges proposed for the Rate Period. The requested information  
9 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
10 Period. No nexus has been established between the Department's decision, if any, and the  
11 prospective rates and charges proposed for the Rate Period.

12  
13 Notwithstanding the above objections and the Department's General Objections, and  
14 without waiver thereof, the Department responds to this interrogatory and request as  
15 follows:

16  
17 Please see the responses to PA-I-1-A, PA-I-68, PA-I-87 and PA-I-88.

18

5  
6 **RESPONSE:**

7 The Department objects to this interrogatory and request are duplicative and cumulative of  
8 PA-I-5 through PA-I-12.

9  
10 Please note that consistent with the Department's objections and clarifications to the  
11 instructions/definitions, which are incorporated herein by reference, the Department's  
12 response to this interrogatory and request is limited to residential service lines.

13  
14 The Department objects to this interrogatory and request on the grounds that the discovery  
15 sought will cause unreasonable annoyance, burden and expense to the Department.  
16 Compilation of information and documents being requested would require a costly and  
17 burdensome special investigation to produce. This interrogatory and request are  
18 potentially seeking a large amount of information and documents, since they would  
19 require the compilation of records on approximately 480,000 service connections. This  
20 interrogatory and request are particularly burdensome given the shortened period allotted  
21 to compile discovery responses in this proceeding. The Department objects to this  
22 interrogatory and request to the extent that it seeks confidential, privileged, proprietary or  
23 other privileged information.

24  
25 The proper scope of this proceeding is limited to the rates and charges proposed by the  
26 Department. The information and documents relied upon on or otherwise used in  
27 preparing the estimate are not pertinent to the prospective rates and charges for the Rate  
28 Period (Fiscal Year 2022 and Fiscal Year 2023). The Board has limited jurisdiction. The

1 Rate Board is empowered to approve, modify or reject proposed rates and charges. See,  
2 Section 13-101, Philadelphia Code. The Rate Board does not have oversight authority  
3 over the Department. This interrogatory and request are not seeking information related to  
4 the prospective rates and charges proposed for the Rate Period. The requested information  
5 will not assist the Rate Board in determining the prospective rates and charges for the Rate  
6 Period. No nexus has been established between estimate and the prospective rates and  
7 charges proposed for the Rate Period.

8  
9 Notwithstanding the above objections and the Department's General Objections, and  
10 without waiver thereof, the Department responds to this interrogatory and request as  
11 follows:

12  
13 Please see the responses to PA-I-5 through PA-I-12.

1 **PA-I-103.** AT ANY TIME, DID A PLUMBING CODE, ORDINANCE, OR OTHER  
2 AUTHORITY REQUIRE THE USE OF LEAD PIPES FOR SERVICE LINE  
3 INSTALLATIONS IN PHILADELPHIA?  
4

5 **RESPONSE:**

6 The Department objects to this interrogatory and request on the grounds that the discovery  
7 sought will cause unreasonable annoyance, burden and expense to the Department.  
8 Compilation of information and documents being requested would require a costly and  
9 burdensome special investigation to produce. This interrogatory and request are seeking  
10 information and documents over an unlimited period of time. The interrogatory and  
11 request are particularly burdensome given the shortened period allotted to compile  
12 discovery responses in this proceeding.  
13

14 The Department further objects to this interrogatory in that it seeks information that is a  
15 matter of public record and otherwise available to the Public Advocate. This interrogatory  
16 and request seek information and documents that are available to the Public Advocate  
17 through the Public Advocate's own efforts. It follows that this request imposes an  
18 unreasonable burden or expense on the Department to obtain such information or  
19 documents and to provide same to the Public Advocate.  
20

21 The proper scope of this proceeding is limited to the rates and charges proposed by the  
22 Department. Prior requirements established by the City or some other authority are not  
23 pertinent to the prospective rates and charges for the Rate Period (Fiscal Year 2022 and  
24 Fiscal Year 2023). The Board has limited jurisdiction. The Rate Board is empowered to  
25 approve, modify or reject proposed rates and charges. See, Section 13-101, Philadelphia  
26 Code. The Rate Board does not have oversight authority over the Department. This  
27 interrogatory and request are not seeking information related to the prospective rates and  
28 charges proposed for the Rate Period. The requested information will not assist the Rate

1 Board in determining the prospective rates and charges for the Rate Period. No nexus has  
2 been established between the requested information and documents and the prospective  
3 rates and charges proposed for the Rate Period.

4  
5 Notwithstanding the above objections and the Department's General Objections, and  
6 without waiver thereof, the Department responds to this interrogatory and request as  
7 follows:

8  
9 The Rules and Regulations Relative to the Construction of Plumbing or House Drainage in  
10 The City of Philadelphia, issued by the Department of Licenses and Inspections and  
11 effective in 1961 provided that water service piping and the water piping underground  
12 shall be constructed of brass, copper, lead, galvanized wrought iron, or cast iron. In  
13 Philadelphia, however, the practice of installing lead pipe from the water main to the curb  
14 was discontinued in 1946 and the practice of installing lead pipe between the curb stop  
15 and the meter was discontinued in 1960.

1 **PA-I-105.** FOR POST-REPLACEMENT SAMPLES SHOWING A LEAD  
2 CONCENTRATION ABOVE 100 PARTS PER BILLION, PLEASE DESCRIBE:  
3 A. HOW LONG IT TAKES PWD TO PROVIDE THE HOUSEHOLD WITH  
4 BOTTLED WATER AFTER RECEIVING THE SAMPLE RESULT; AND  
5 B. HOW MUCH BOTTLED WATER PWD PROVIDES.

6 **RESPONSE:**

7 Objection. The proper scope of this proceeding is limited to the rates and charges  
8 proposed by the Department. This interrogatory and request are seeking information  
9 related to the Department's compliance with regulatory requirements. The Board has  
10 limited jurisdiction. The Rate Board is empowered to approve, modify or reject proposed  
11 rates and charges. See, Section 13-101, Philadelphia Code. The Rate Board does not have  
12 oversight authority over the Department. This interrogatory and request are not seeking  
13 information related to the prospective rates and charges proposed for the Rate Period  
14 (Fiscal Year 2022 and Fiscal Year 2023). The requested information will not assist the  
15 Rate Board in determining the prospective rates and charges for the Rate Period.

16  
17 Notwithstanding the above objections and the Department's General Objections, and  
18 without waiver thereof, the Department responds to this interrogatory and request as  
19 follows:

20  
21 The Department does not typically sample following replacement of a lead line and does  
22 not provide bottled water when sampling is performed upon request of a customer. If  
23 sampling by the Department show lead concentrations above 15 part per billion, the  
24 Department contacts the customer within 24 hours, makes sure they have education  
25 materials on lead and flushing, and asks if the Department may take follow-up samples to  
26 see if the lead is constant or transient. The Department may also offer to perform profile  
27 sampling to find the source of the lead if the customer allows.

28 **RESPONSE PROVIDED BY:** Gary Burlingame

- 1 **PA-I-106.** DOES PWD PROVIDE WATER FILTERS TO CUSTOMERS WITH LEAD  
2 LEVELS THAT EXCEED 15 PARTS PER BILLION WHO HAVE NOT HAD  
3 THEIR SERVICE LINES REPLACED? IF SO, PLEASE IDENTIFY:
- 4 A. WHEN PWD BEGAN PROVIDING FILTERS TO THESE CUSTOMERS;
  - 5 B. HOW PWD SENDS ALERTS TO ELIGIBLE CUSTOMERS;
  - 6 C. WHO THE FILTER VENDOR IS;
  - 7 D. WHAT TYPE OF FILTER AND REPLACEMENT CARTRIDGES ARE  
8 PROVIDED, INCLUDING PRODUCT NAME AND MODEL NUMBER;
  - 9 E. HOW MUCH EACH FILTER AND REPLACEMENT CARTRIDGE COSTS;
  - 10 F. HOW MANY REPLACEMENT CARTRIDGES ARE PROVIDED TO EACH  
11 CUSTOMER; AND
  - 12 G. HOW MANY FILTERS PWD HAS DISTRIBUTED TO DATE.

13 **RESPONSE:**

14 Objection. The proper scope of this proceeding is limited to the rates and charges  
15 proposed by the Department. The procedures used by the Department is not pertinent to  
16 the prospective rates and charges for the Rate Period (Fiscal Year 2022 and Fiscal Year  
17 2023). The Board has limited jurisdiction. The Rate Board is empowered to approve,  
18 modify or reject proposed rates and charges. See, Section 13-101, Philadelphia Code. The  
19 Rate Board does not have oversight authority over the Department. This interrogatory and  
20 request are not seeking information related to the prospective rates and charges proposed  
21 for the Rate Period. The requested information will not assist the Rate Board in  
22 determining the prospective rates and charges for the Rate Period. No nexus has been  
23 established between the Department's existing procedures and the prospective rates and  
24 charges proposed for the Rate Period.

1 **PA-I-108.** HOW MANY TIMES HAS AN EXCAVATION REVEALED THAT A PUBLIC-  
2 OR PRIVATE-SIDE SERVICE LINE WAS MADE OF LEAD WHEN THE  
3 HISTORICAL RECORDS FOR THAT SERVICE LINE INDICATED THAT  
4 ALL OR PART OF THE SERVICE LINE WAS MADE OF A NON-LEAD  
5 MATERIAL?  
6

7 **RESPONSE:**

8 Please note that consistent with the Department's objections and clarifications to the  
9 instructions/definitions, which are incorporated herein by reference, the Department's  
10 response to this interrogatory and request is limited to residential service lines.  
11

12 The Department objects to this interrogatory and request on the grounds that the discovery  
13 sought will cause unreasonable annoyance, burden and expense to the Department.

14 Compilation of information and documents being requested would require a costly and  
15 burdensome special investigation to produce. This interrogatory and request are seeking  
16 information and documents that are not readily available. This interrogatory and request  
17 are particularly burdensome given the shortened period allotted to compile discovery  
18 responses in this proceeding. The Department objects to this interrogatory and request to  
19 the extent that it seeks confidential, privileged, proprietary or other privileged information.  
20

21 The proper scope of this proceeding is limited to the rates and charges proposed by the  
22 Department. The information and documents regarding completed replacements are not  
23 pertinent to the prospective rates and charges for the Rate Period (Fiscal Year 2022 and  
24 Fiscal Year 2023). The Board has limited jurisdiction. The Rate Board is empowered to  
25 approve, modify or reject proposed rates and charges. See, Section 13-101, Philadelphia  
26 Code. The Rate Board does not have oversight authority over the Department. This  
27 interrogatory and request are not seeking information related to the prospective rates and  
28 charges proposed for the Rate Period. The requested information will not assist the Rate

1 Board in determining the prospective rates and charges for the Rate Period. No nexus has  
2 been established between completed replacements and the prospective rates and charges  
3 proposed for the Rate Period.

4  
5 The Department's General Objections are incorporated herein by reference.
