

## Food Establishments That Have Met Enhanced Ventilation Standards to Allow for Increased Indoor Dining Capacity

The food establishments listed below have been authorized to use up to 50% of their maximum seating capacity based on their meeting enhanced ventilation standards. The Health Department has published the [standards and application form for this approval](#), a [worksheet to help calculate air changes per hour](#), a [video on how to calculate air changes per hour](#), and a [video on how to complete the application](#).
