Hello, I just received a notification saying that our water rates would be increasing by 11+% in 2021 and an additional 5+% in 2022. This is a VERY large increase in a very hard time for all of us in Philadelphia. I respectfully request that the board reconsider the amount by which it is proposing to increase rates to the residents of Philadelphia. It is simply unsustainable for us to continue paying an outrageous city wage tax and property tax without getting much benefit in other municipal services. I can be reached at 978-604-4877 should you like to discuss live. Best Wishes,
Rebecca
