The Philadelphia Art Commission  
1515 Arch Street – 13<sup>th</sup> Floor  
Philadelphia, PA 19102

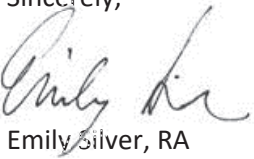

**RE:                Review Application – 4679-81 Frankford Ave., Philadelphia, PA 19124**

Attached for the Art Commission's final review are SEPTA's proposed plans to renovate the exit to Arrott Transportation Center at the intersection of Margaret Street and Frankford Ave. As requested in the Art Commission's decision letter regarding concept approval, the plans have been revised to show the knee walls and sloped ledge more clearly and accurately.
