Good morning,

As a homeowner, taxpayer, utility payer in Philadelphia, I would like to share my feelings that Philadelphia should NOT raise water usage by 17.5%. This rate is astronomical during a global PANDEMIC. The increases in bills that we are experiencing just by being in our homes and hoping we can keep our current jobs is stressful enough. We do not need to keep dealing with tax increased and now a proposed 17.5% on water? Please do not do this.

Thank you,
Jade H [REDACTED]
