Hi I hope all is well, I'm requesting that the water dept, will not do a increase in t  
now, or in the near future. People are washing their hands more, because we have too. People are just getting their jobs  
back, and some just getting on their feet. Instead help people, by doing payment arrangements. Not increasing the  
Utilities. Because at the close of the day, it's the Seniors, who are living on a fixed income. Who will suffer the most! And  
we do not get a increase, in Social Security. Thanks for letting me, share my opinion.

Sincerely yours

Geraldine M
