

NOTICE OF PUBLIC MEETING

Philadelphia Energy Solutions Refining & Marketing LLC (PES) and the Philadelphia Department of Public Health Air Management Services Department (AMS) will hold an online public meeting to inform the affected community about applications to modify the operating permits for the PES former refinery and the PES Tank Farm.

These modifications are related to the shutdown of refining processes at the former refinery. It includes the removal of many operations, all of which have ended, from the former refinery's operating permit, while some non-refining processes must continue to operate until certain demolition activities are finished.

The meeting is being held online due to COVID-19 concerns. The meeting will provide the community an opportunity to ask questions.

Date: **Wednesday, September 1, 2021**

Time: **6:00 p.m. to 8:00 p.m.**

Location: Virtual Meeting, please register via link:
