

How To Verify Someone's Immunization Records

You can help keep your employees and visitors safe from COVID-19 by learning how to identify a valid immunization card or record. Have questions? Need a new immunization record? Contact **215-685-5488** or email covid@phila.gov.

CDC Immunization Card

An immunization card is an official vaccination record issued by the Centers for Disease Control and Prevention (CDC). **An official CDC Immunization Card is 4 inches by 3 inches, printed on white cardstock, and has the CDC's logo.** When examining someone's physical, digitally copied or photographed CDC immunization card, follow the steps below:

✓ VERIFY INFORMATION

Verify the Name and Date of Birth with a valid form of ID (driver's license, passport, etc.).

✓ OFFICIALLY ISSUED

Ask if the CDC immunization card was issued by a licensed medical provider or clinic staff.

✓ ALL FIELDS ARE COMPLETE

Make sure all the fields are completely filled in.

- o Pfizer or Moderna need 2 doses completed.
- o Johnson & Johnson (or Jansen) only needs 1 dose.

✗ MISSING INFORMATION

✗ ALTERED

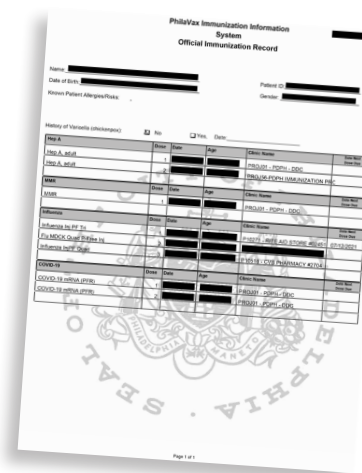

If the card contains a watermark, embossed text, has been clearly cut with scissors or printed on flimsy paper.

✗ CROPPED OR UNCLEAR PHOTOGRAPH

If a photographed copy of someone's CDC card is cropped to prevent you from seeing the full card or is too blurry to read.

PhilaVax IIS Immunization Record

A PhilaVax Immunization Information System (IIS) Immunization Record is an official medical document issued by the Philadelphia Department of Public Health (PDPH). **PDPH can provide city residents with a digital copy of their PhilaVax IIS Immunization Record.** When examining someone's printed or digital PhilaVax IIS Immunization Record, follow the steps below:

✓ VERIFY INFORMATION

Verify the Name and Date of Birth with a valid form of ID (driver's license, passport, etc.).

✓ WHO ISSUED THE RECORD?

Ask if the record was issued by the Philadelphia Department of Public Health, the Philadelphia Immunization Program, or a medical provider.

✓ IS THE RECORD COMPLETE?

Make sure all the fields are completely filled in.

- o Pfizer (PFR) or Moderna (MOD) need 2 doses completed.
- o Johnson & Johnson (JSN) needs only 1 dose.
- o Verify the official City seal watermark is on the record.
