CITY OF PHILADELPHIA

## Introduction to the Adopted FY23 Budget

Philadelphia is a city that has stood the test of time – we’ve endured and evolved through pandemics, economic shifts, and even periods of war. Philadelphians, being the fighters that we are, have resiliently adjusted through everchanging conditions. Since the onset of the pandemic, City government operations have simultaneously expanded, contracted, and evolved. While some uncertainty from the long tail of the pandemic endures, the City has moved from two years of pandemic-related budget deficits into a more positive budget picture bolstered by the America Rescue Plan and now the Infrastructure Investment and Jobs Act. Yet fiscal fragility for Philadelphia will continue to be a challenge beyond FY23, requiring careful management of limited resources to address present day needs, redress historic inequities, and to set Philadelphia on a path for an equitable and fiscally sound future. The FY23 Operating Budget builds upon what we learned during the past two tumultuous years while continuing to work towards a vision for true and lasting equity to support:

- Quality Education for All
- A Safer and More Just Philadelphia
- Health Equity for All
- Inclusive Economy and Thriving Neighborhoods, and
- Diverse, Efficient, and Effective Government

### Fund Balance

This budget in brief includes an FY23 fund balance of \$372.2 million. At 6.5% of budgeted revenues, it meets the low end of the City’s goal of 6-8%, but is far below the Government Finance Officers Association recommendation (17%). While this level of fund balance exceeds most prior years, it is buoyed by \$335 million in American Rescue Plan relief from the federal government. Absent that support, the government would be forced to consider budget balancing actions rather than the crucial investments included in this budget. The City has received \$1.4 billion in American Rescue Plan funds that it will draw down between FY22 and December 2024 to replace most of the revenues lost due to the economic impacts of the pandemic. If there are unexpected revenue shortfalls or new expenditures in FY23, the City can draw down those funds more quickly. This would mitigate any short-term disruptions and create time to develop thoughtful approaches to regaining fiscal stability.

Philadelphia has set aside other reserves for specific costs or scenarios in the future. In FY23, this includes \$32 million for the Reopening and Recession Reserve to cover COVID response and recovery costs not funded with grants or elsewhere in the budget, to mitigate the impacts of

# Budget Office

CITY OF PHILADELPHIA

inflation on the City's budget, or to act as a cushion against worse than budgeted revenue collections. This budget also includes a \$40.1 million deposit into the Budget Stabilization Reserve, a formula-driven expenditure triggered when the fund balance exceeds 3 percent. The FY23 Operating Budget also includes \$54 million for a Labor Reserve to offset the cost of new union contracts not yet resolved at the time of budget preparation and other pressures on labor costs.

## Revenues

Two years into the COVID-19 pandemic, the City's General Fund revenues, primarily originating from local and regional taxpayers continue to exhibit a mix of growth and decline. For the General Fund, the City is estimated to receive a total of \$5.7 billion in FY23, an increase of 3.86% over current estimates for FY22.

The largest portion of General Fund revenue comes from local taxes, with an estimated \$4 billion, or 70 percent of the total, coming from tax receipts in FY23. Total revenues are budgeted to grow \$212 million from the FY22 estimate. Most of this increase, \$144 million, comes from local tax receipts (including the PICA portion of the Wage Tax). Revenues for FY23 reflect new property assessments that account for significant growth in property values. Growing property values reflect well on Philadelphia being a place of choice and represent an opportunity to build wealth for some. At the same time, increased Real Estate Taxes may be a burden, particularly for those without the means to pay more. The Administration worked closely with City Council on tax relief and rate reductions to offset the impact of rising values on taxpayers. This resulted in expanded relief for homeowners through the Homestead Exemption, LOOP, and Senior Freeze programs, funding for rental assistance, and rate reductions to the Wage Tax and net income portion of the Business Income and Receipts Tax.

- **Wage, Earnings and Net Profits Tax collections are projected to grow by 5.62%**, following 5.23% growth in FY22. The growth to \$1.66 billion reflects the ongoing recovery from the pandemic and wage growth from the tight labor market. For the first time, Wage Tax collections will achieve an all-time high following pandemic-related contractions.
- **Property Tax collections are expected to increase by 13.18%**. Tax Year 2023 values, developed with the new Computer Assisted Mass Appraisal system (CAMA), catch up after a period of intense market activity. This collection level takes into account planned expansions to relief programs.
- **Realty Transfer Tax collections are budgeted to decline by 22.2%**, following a stronger than expected FY22. High collections in FY22 are attributable to a vibrant residential market supported by low interest rates, as well as accelerated transactions to avoid changes that reduced the value of the Ten Year Tax Abatement starting in January 2022 and the implementation of the Development Impact Tax at the same time. The Realty

# Budget Office

CITY OF PHILADELPHIA

Transfer Tax is particularly vulnerable to swings in collections due to high dollar transfers of commercial properties – one sale can impact collections by millions of dollars.

- **Sales Tax may grow 3.43%**, following strong growth in FY21 and FY22. While inflation may drive receipts higher, the reopening of the economy and a shift back to services rather than goods, and the end to federal stimulus programs that fueled consumer spending, lead to projections of more moderate growth than seen in recent years.
- **Business Income and Receipts collections are anticipated to decline by 0.27%**, following strong growth in FY22 and incorporating a reduction in the net income rate. This historically volatile tax remains hard to project from year to year, particularly with the ongoing impact of the pandemic and uncertain nature of the economy reopening.

Other taxes include the Amusement Tax, the Philadelphia Beverage Tax, the Parking Tax, and several smaller taxes. Overall, these are projected to generate about \$212 million in FY23 or 3.8 percent of total tax revenues. This is \$21.8 million more than FY22, an increase of 11.4 percent. Much of this increase comes from the new Development Impact Tax, expected to generate \$15 million in FY23. Growth is predicated on continued reopening of the economy and remains vulnerable to the path of the virus and other economic disruptions.

Revenues from other governments – primarily the Commonwealth of Pennsylvania and the Federal Government – typically make up a relatively small portion of total General Fund revenues; the total in FY23 is projected to be \$913.38 million, with the majority (\$560.9 million) raised through a portion of the City’s residential Wage Tax remitted by PICA after debt service and other expenses. The non-PICA Revenues from Other Governments account for 6.2 percent of total revenues in FY23. As described below, ARP funds are included in Revenues from Other Funds.

Locally-Generated Non-Tax revenue includes various fees, fines, permits, and other charges assessed by the City, as well as proceeds from asset sales. In FY23, the City projects to collect \$372.8 million. This is a small decline (0.12%) compared to FY22.

Payments from other funds of the City to the General Fund, such as from Enterprise Funds (Water and Aviation) or from the Grants Fund, are projected to total \$400.96 million in FY23; an increase of \$78.7 million (24.4 percent) from FY22. This jump in revenues is attributed to \$335 million in federal relief funding from the America Rescue Plan (ARP), which is critical for replacing lost revenue to support core government services and pandemic response efforts. Funds are placed into the Grants Fund and then drawn down by the General Fund. In FY22, the City is drawing down \$250 million in ARP relief and will draw down \$335 million in FY23. Funding will last until FY25 when the City will use the last portion of its ARP funding before the December 31, 2024 deadline.

# Budget Office

CITY OF PHILADELPHIA

## Obligations

The proposed FY23 expenditures for all operating funds are \$12.4 billion. The City's operating funds include enterprise funds such as the Aviation Fund and the Water Fund, as well as the grants revenue fund and special revenue funds. The largest fund is the General Fund, which is the City's primary fund and accounts for all revenue streams that are not restricted for specific purposes or otherwise required to be accounted for in another fund. FY23 marks the debut of a new fund, the Philadelphia Demolition Fund, which utilizes a new \$15 fee on deeds recorded to support demolitions of vacant and dangerous structures. That fund is budgeted to have \$2.25 million in FY23.

The proposed FY23 General Fund expenditures total \$5.84 billion, a \$522.6 million increase (9.8 percent) from the FY22 current projections. Healthcare and pension costs as well as increases in salaries, much of which are driven by arbitration awards and collection bargaining agreements, account for nearly a fifth of that increase (\$98.7 million). This budget includes a return to deposits into the Budget Stabilization Fund, and includes funding for both the Recession and Reopening Reserve and Labor Reserve. The balance of the increases are for continuing and expanded commitments, including 911 co-responders and mobile crisis units, violence prevention, behavioral health supports for individuals at-risk for engaging in gun violence, the Housing Trust Fund, attaining stable five-day service at city libraries, expanding mechanical street sweeping to reduce litter on the City's streets and sidewalks, increased vacant lot maintenance and stabilization, and increased educational investments for the School District, Community Schools, and PHLpreK.

As Philadelphia continues to respond to the COVID-19 pandemic and related-economic crisis, as well as address long-standing but increasingly pressing challenges around public safety and poverty, the FY23 General Fund Budget will make needed investments in anti-violence, education, and infrastructure.

More than \$208 million will be dedicated to anti-violence investments, an 34% increase over FY22. Proven programs will be expanded, like the Community Crisis Invention Program and Gun Violence Interruption. Philadelphia will launch the READI pilot, which increases opportunities for those most like to experience gun violence.

Philadelphia will seek to create equitable opportunities and address generational challenges with poverty through investments in education. This includes a \$270 million contribution to the School District (a \$14 million increase), expanded funding for the Free Library to provide stable, consistent 5-day service, and a \$2 million increase in funding for the Community College of Philadelphia (CCP), bring total annual funding to over \$50 million. The funding for CCP includes \$10.8 million for the Catto Scholarship, that offers not only tuition support, but resources for

# Budget Office

CITY OF PHILADELPHIA

other expenses necessary to complete one's studies, like funds for books, food, and transportation.

The FY23 Operating Budget, in concert with capital investments, will maintain and modernize the City's infrastructure. Of particular importance is a new \$20 million investment across 12 city departments to enable the City to apply for and implement projects with federal funds from the Infrastructure Investment and Jobs Act and funding towards a new Forensics Lab.

Through these investments, and others, Philadelphia will work toward providing equal opportunities are open to all residents, where race is not a determinant of success, and diversity is elevated as one of Philadelphia's greatest assets.

## SECTION 18. General Provisions

(1) The sums herein appropriated under Items 2.40, 3.7, and 10.9 “To the Director of Finance-Indemnities” shall be used for the purpose of settling claims against the City. Payments therefore shall be made by the Director of Finance only upon the authorization of the City Solicitor or his/her designated representative for this purpose.

(2) If any function is transferred from one office, department, board or commission to another office, department, board or commission, the Director of Finance may not, without Council approval by ordinance, transfer to the successor office, department, board or commission those portions of the appropriations which appertain to the function transferred.

(3) Whenever, pursuant to the provisions of Section 8-401 of the Philadelphia Home Rule Charter, employees of any office, department, board or commission are used by another office, department, board or commission, the compensation of such employees for the period of such use may, at the discretion of the Director of Finance, be charged against the applicable appropriations to the using office, department, board or commission. The Director of Finance shall notify the President of Council, the Chief Clerk of Council and the Chair of the Appropriations Committee at least two (2) days prior to making any such charge against appropriations.

(4) In respect to any grant received by the City under Sections 5, 6, 7 or 9 of this Ordinance, The Director of Finance may, upon written authorization by the grantor transfer non-City funds between and among classes. The authorizations for such transfers shall be transmitted by The Director of Finance to the Clerk of Council within two (2) working days of any such transfer, along with a statement explaining the reason for such transfer. Transfers between and among departments respecting grants of two hundred fifty thousand (250,000) dollars or greater shall not be made except with the prior approval of the Council by resolution or ordinance. Approval shall not be granted to any such transfer request submitted to Council unless it is accompanied by a copy of the grant proposal (and, if received, the grant award) which has caused the transfer request to be made. Transfers between and among departments respecting grants of less than two hundred fifty thousand (250,000) dollars shall be made upon written authorization of the Director of Finance; provided however, that such authorization, along with a full description of the grant affected is transmitted to the President of Council at least two (2) days before the effective date of such authorization.

In respect to funds from the Department of Housing and Urban Development’s Community Development Block Grant (CDBG) appropriated under Section 11 of this Ordinance, the limitations set forth in the provisions of Chapter 21-1100 of The Philadelphia Code shall govern any transfer of CDBG funds between and among classes, departments and elements (grants).

# City of Philadelphia

BILL NO. 220286 *continued*

Certified Copy

(5) In respect to the appropriation made in Item 11.4 of this Ordinance “To the Director of Finance-Community Development Block Grant-To be Allocated”, the sums shall not be construed as being available for commitment prior to the adoption of any ordinance appropriating moneys to be made available by the Department of Housing and Urban Development for the Fiscal Year 2023.

(6) The Director of Finance may make adjustments for obligations incurred in Fiscal Year 2022 and prior years. These may be made out of the appropriations therefore to the respective offices, departments, boards, commissions and agencies for Fiscal Year 2023. Within one week of taking any action authorized by this subsection (6), the Director of Finance shall provide written notice to the President and all members of the Council, with a copy to the Chief Clerk of Council, detailing such action.

(7) Except as otherwise provided by this Ordinance, special funds heretofore established pursuant to ordinance or statute, shall continue to be utilized in Fiscal Year 2023 for the purposes and in the manner prescribed by such ordinance or statutes to the extent that they are consistent with the provisions of the Philadelphia Home Rule Charter.

When under the Philadelphia Home Rule Charter an appropriation is a prerequisite to payments of money from such special funds, this paragraph should be construed as an appropriation of the full receipts of such funds for the purpose heretofore authorized by such ordinance or statutes, except that this paragraph shall not be construed as an appropriation of any funds contained in the Housing Trust Fund created under Chapter 21-1600 of The Philadelphia Code, and expenditures from the Housing Trust Fund shall be made only pursuant to appropriations made in Section 14 of this ordinance. The provisions in the prior sentence relating to the Housing Trust Fund are not severable from the remainder of that sentence or from any of the other provisions of this subsection (7), but are essentially and inseparably connected with those provisions, it being Council’s intent that no portion of this subsection (7) would have been enacted if it did not also contain the provisions relating to the Housing Trust Fund.

The Director of Finance is authorized and directed to impound the balance of any special fund with respect to which he/she finds that the purposes for which the fund is being expended were intended by ordinance or law to be funded by an appropriation made in other Sections of this Ordinance.

(8) The City Treasurer is authorized and directed to make temporary advances in such amounts as the Director of Finance shall specify between any of the operating funds receiving appropriations in this Ordinance or between any operating fund and the Capital Projects Fund, and the Industrial and Commercial Development Fund, in anticipation of the collection of revenues or other receipts which are estimated to be receivable during the Fiscal Year 2023. Such advances shall bear interest at such rates as the City Treasurer, upon approval of the Director of Finance, shall determine.

# City of Philadelphia

BILL NO. 220286 *continued*

(9) The amounts herein appropriated for Purchase of Services; Materials, Supplies and Equipment; Contributions, Indemnities and Taxes; and Debt Service shall be deemed to be available for encumbrance upon the effective date of this Ordinance, to the extent necessary to facilitate the operations of the various offices, departments, boards and commissions for Fiscal Year 2023; provided, that no service shall be rendered prior to July 1, 2022 and no materials, supplies or equipment acquired shall be used in Fiscal Year 2022 except to the extent required to prepare for Fiscal Year 2023.

Such portions of the appropriations herein made for debt service to the Sinking Fund Commission may be paid over to the City's fiscal agent prior to July 1, 2022 as in the judgment of the Director of Finance is necessary to meet interest and principal on the debt of the City due on July 1, 2022.

(10) The Director of Finance is authorized to charge or credit fund balances available for appropriations as of June 30, 2022, to record properly actual charges for Interfund Services for the Fiscal Year 2022.

(11) The Director of Finance is authorized to charge to fund balance payment of any obligation properly incurred in Fiscal Year 2022 or in any prior year, provided that at the time such obligation was incurred an appropriation was available against which it could have been charged, but that such appropriation shall have ceased to exist due to merger into surplus. It is further provided that the payment of any such obligation be in the same manner and subject to the same controls as would have been followed had the obligation been paid in a timely manner. Within one week of taking any action authorized by this subsection (11), the Director of Finance shall provide written notice to the President and all members of Council, with a copy to the Chief Clerk of Council, detailing such action.

(12) Provided that the appropriation contained in Sections 7, 9 and 11 of this Ordinance shall be made available for encumbrances and/or expenditure only when the Director of Finance has certified that he/she has been responsibly advised that funds necessary to finance such appropriation or portion thereof have been received or are to be forthcoming from another government or from a nongovernmental source.

In such event the Director of Finance is authorized to accept the award for the City and to provide for the appropriation as may be required to execute the program covered by the award.

(13) The Director of Finance is authorized and directed to restore any deficiency in any Sinking Fund Reserve established pursuant to a revenue bond general ordinance, when such deficiency results from a decline in the market value of its investments, by charging the amount of the deficiency against available loan balances, or in the absence of available loan balances, against the appropriate operating fund balance. Within one week of taking any action authorized by this subsection (13), the Director of Finance shall provide

# City of Philadelphia

BILL NO. 220286 *continued*

Certified Copy

written notice to the President and all members of Council, with a copy to the Chief Clerk of Council, detailing such action.

(14) None of the appropriations herein provided in Section 11 shall be encumbered against or expended out of the forty eighth (48<sup>th</sup>) entitlement grant prior to the formal award thereof: Provided, that pending the receipt of all or a portion of the aforesaid grant award the Director of Finance is authorized to finance the appropriations herein provided from balances of prior entitlement grants awards. The authorization for such financing shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such authorizations.

(15) In respect to the authorization amounts as set forth in Section 13 for purposes of operating the Board of Pensions and Retirement, the Director of Finance may increase each class amount by an amount not to exceed fifteen percent (15%) of the total budget for the fund for Fiscal Year 2023. The authorization for such increases shall be transmitted by the Director of Finance to the Clerk of Council within two (2) working days of any such increases.

(16) The appropriation contained in Section 9.23 of this ordinance shall only be made available for obligation upon certification by the Director of Finance that Community Development Block Grant unexpended funds are available for Interim and Construction Assistance and that the amounts to be made available are guaranteed by an irrevocable Letter of Credit or similar security. At such time the Director of Finance may authorize amounts to be provided from his/her appropriation, which amounts shall be financed by Community Development Block Grant revenues. Amounts which are repaid shall be credited as program income to finance Community Development Fund activities.

The Director of Finance and the Director of Planning and Development, in accordance with the regulations of the Department of Housing and Urban Development (HUD), are authorized and directed to draw funds in a single lump sum from HUD's Community Development Block Grant (CDBG) to the City of Philadelphia for the appropriation contained in Section 11.1 of this Ordinance to establish a rehabilitation fund in one or more private institutions for the purpose of financing the rehabilitation of privately owned properties as part of the City's CDBG program. Funds drawn down from HUD, pursuant to this authorization, may be deposited in any private financial institution as defined by the applicable HUD regulations notwithstanding the limitations on the placement of City deposits set forth in Chapter 19-200 of The Philadelphia Code.

(17) The Director of Finance, with the concurrence of the U. S. Department of Housing and Urban Development (HUD), shall as of June 30 of the fiscal period preceding the start of this Operating Budget Ordinance, transfer all unobligated encumbrances and other available balances from the oldest Community Development Program Year not previously closed out to the next oldest Program Year as of July 1. Further, any questioned cost items from the closed out Program Year which are determined by HUD to be ineligible costs shall be transferred

# City of Philadelphia

*BILL NO. 220286 continued*

Certified Copy

to the oldest open Program Year after such costs are removed. Program regulations governing such transferred funds shall be determined by HUD. The Director of Finance shall notify the Clerk of Council periodically concerning Program Year close outs and transfers.

(18) The Director of Finance is hereby authorized, at his/her discretion, to transfer the amount of the authorization and/or the obligations in respect to indemnities, advertising, insurance, telephone, postage, rental, leases, vehicle purchases, utilities, employer's share of fringe benefits and data processing services from the appropriations herein made to the appropriate offices, departments, boards, commissions or other agencies of the City.

(19) The appropriation set forth at line item 2.36 shall constitute the appropriation provided for by Section 2-300(7) of the Home Rule Charter. The Director of Finance shall make the payment authorized by said appropriation, as required by Section 6-110(a) of the Home Rule Charter.
