## REQUIREMENTS

1. A *City of Philadelphia Special Hauling Permit* is **not** required when traveling exclusively on interstate highways; only a Commonwealth of Pennsylvania Special Hauling Permit is required.
2. A *City of Philadelphia **Standard** Special Hauling Permit* is required when traveling on any city street, state route, or interstate highway in the City of Philadelphia and the vehicle and/or load is:
  - over 40'-0" long as a single vehicle.
  - over 60'-0" long as a combination vehicle.
  - over 70'-0" long as a combination transporting articles that are non-divisible as to length.
  - over 8'-0" wide (8'-6" for non-divisible loads operating on highways having a width of 20'-0" or more).
  - over 13'-6" high.
  - over 80,000 pounds or the maximum gross vehicle weight.

In **many** cases, a Commonwealth of Pennsylvania Special Hauling Permit will also be required. Contact PennDOT by calling (610) 205-6786 or visit <https://apras.penndot.gov/>.

3. A *City of Philadelphia **Super Load** Special Hauling Permit* is required when traveling on any city street, state route, or interstate highway in the City of Philadelphia and the vehicle and/or load is:
  - over 160'-0" long.
  - over 16'-0" wide.
  - over 16'-0" high.
  - over 201,000 pounds.

In **all** cases, a Commonwealth of Pennsylvania Special Hauling Permit will also be required. Contact PennDOT by calling (610) 205-6786 or visit <https://apras.penndot.gov/>.

When traveling in the city, certain on-street circumstances may require the relocation of parked vehicles. Therefore, it is recommended that companies secure a tow truck to accompany Super Load moves.

4. A *City of Philadelphia **Impounded** Special Hauling Permit* is required when the vehicle is currently impounded; "Yes" must be selected on the application for the indicator question that asks whether or not the vehicle is currently impounded.
5. A *City of Philadelphia **Police Escort*** is **not** required when traveling exclusively on interstate highways; only Commonwealth of Pennsylvania requirements apply:

(continued)

**6. A City of Philadelphia **Police Escort** is required:**

  - Broad Street:
    - from north of Pattison Avenue through Grange Avenue with a GVW over 100,000 pounds.

**The City of Philadelphia will not approve any permit for a vehicle that is traveling over the subways lines while weighing more than the specified load limits without written authorization from SEPTA. To apply for and obtain a SEPTA Permit, [click here](#).**

5. **A Park Permit is required when traveling through the city parks, including but not limited to:**
  - Cobb's Creek Park
  - Fairmount Park
  - FDR Park
  - Hunting Park
  - Juniata Park
  - Pennypack Park
  - Tacony Park
  - Wissahickon Park

**The City of Philadelphia will not approve any permit for a vehicle that is traveling on a drive through one or more of the specified city parks without written authorization from Philadelphia Parks & Recreation. To apply for and obtain a Park Permit, [click here](#).**

(continued)

**6. A Broad-Ridge Spur Subway crossing approval is required when traveling over the subway lines on:**

- Ridge Avenue:
  - from Broad Street through Arch Street with a GVW over 200,000 pounds and/or axles weighing over 35,000 pounds.
- 8<sup>th</sup> Street:
  - from Market Street through Arch Street with a GVW over 200,000 pounds and/or axles weighing over 35,000 pounds.

**The City of Philadelphia will not approve any permit for a vehicle that is traveling over the subways lines while weighing more than the specified load limits without written authorization from the Department of Public Property and/or SEPTA. To apply for and obtain an approval, see the [CONTACT LIST](#).**

**7. A PATCO Subway crossing approval is required when traveling over the subway lines on:**

- Locust Street:
  - from 16<sup>th</sup> Street through 8<sup>th</sup> Street with a GVW over 200,000 pounds and/or axles weighing over 35,000 pounds.

**The City of Philadelphia will not approve any permit for a vehicle that is traveling over the subways lines while weighing more than the specified load limits without written authorization from the Department of Public Property and/or PATCO. To apply for and obtain an approval, see the [CONTACT LIST](#).**

  - b. Coverage: Premises operations; blanket contractual liability; personal injury liability; products and completed operations; independent contractors as additional insureds; employees and volunteers as Insureds; cross liability; and broad form property damage (including completed operations) liability; and explosion, collapse and underground hazards.
3. Commercial Automobile Liability Insurance
  - a. Limit of Liability: \$1,000,000 per occurrence combined single limit for bodily injury and property damage liability;
  - b. Coverage: Owned, hired and non-owned vehicles.
4. Professional Liability Insurance (Required of any Permittee completing boring work)

- a. Limit of Liability: \$1,000,000 per occurrence
  - b. Coverage: Errors and Omissions;
  - c. Professional Liability Insurance may be written on a claims-made basis provided that coverage for occurrences arising out of the performance of work under the Permit shall be maintained in full force and effect under the policy or “tail” coverage for a period of at least two (2) years after the expiration of the Permit.
5. Contractor’s Pollution Legal Liability  
(Required of any Permittee completing boring work)
- a. Limit of Liability: \$1,000,000 each incident/\$1,000,000 aggregate for bodily injury (including death) and property damage.
  - b. Coverage shall include sudden, accidental and gradual occurrences and may be written on a claims-made basis provided that coverage for occurrences happening during the term of this contract be maintained in full force and effect under the policy or "tail" coverage for a period of at least two (2) years beginning from the time the work under this contract is completed.

Certificates of insurance must be delivered to the City of Philadelphia, evidencing the required coverage to the following address upon execution of the Permit.

## BULLETIN BOARD

The following are important updates about local transportation construction projects with closures, detours, or restrictions that affect oversized and overweight vehicular regional traffic routes in and around Philadelphia, including both City of Philadelphia and Pennsylvania Department of Transportation (PennDOT) Bridge Maintenance, Roadway Paving, and Resurfacing Programs.

- For I-95 information visit [www.95revive.com](http://www.95revive.com)
- Current PennDOT Engineering District 6 bulletins, press releases, and travel conditions can be viewed at the following link: <http://www.penndot.gov/RegionalOffices/district-6>

Federal Highway Administration (FHWA) is an agency within the United States Department of Transportation (USDOT) that supports state and local governments in the design, construction, and maintenance of the nation's highway system. The FHWA cites the commercially owned "*PhillyTraffic*" website at [www.phillytraffic.com](http://www.phillytraffic.com) as an information source for Philadelphia routes.

**GENERAL CONDITIONS RELATIVE TO MOVEMENT UNDER SPECIAL HAULING PERMITS:**

1. Permits issued by the City of Philadelphia will apply to those streets and highways under the jurisdiction of the City. When the street or highway is not under the control of the City, permission must be obtained from the Commonwealth of Pennsylvania, Department of Transportation.
2. Responsibility:
  - a. By accepting a permit, the permittee agrees to pay any claim for personal injury or property damage which may occur in connection with the operations under this permit and in the event any claim is made against the City or any department officer or employee thereof, though, by reason of, or in consequence of any act or omission, the permittee shall defend, indemnify, and hold each of them harmless from any claim.
  - b. By accepting a permit, the permittee agrees to repair at their own expense and to the satisfaction of the City any damage to streets, highways, bridges, and other structures, above or below ground, which may occur in connection with the operation under the permit.
  - c. By accepting this permit, the permittee certifies that they have verified the route to be traversed including all surface conditions of roadway pavement, turning radii of streets and vehicles, ability to legally make turns indicated by traffic signage, street widths as limited by temporary or permanent obstructions, and possible utility conflicts due to weight limitations. The City shall not be responsible for any of these potential problems.

**CERTIFICATION:**

I hereby certify that I have read the rules stated above and have made or will make satisfactory arrangements with the proper authorities to cross all streets, highways, bridges, and other structures not under the jurisdiction of the City of Philadelphia and which are designated as state routes or interstate highways. I further certify that the statements contained herein are true and correct to the best of my knowledge and belief. I understand that if I knowingly make any false statements contained herein, I am subject to such penalties as may be prescribed by law or ordinance.

# SUPER LOAD CITY APPROVAL APPLICATION

Application ID#: \_\_\_\_\_

## ATTENTION: CITY OFFICIAL

The motor carrier who provided you with this document has applied to PennDOT to move a "super load" oversize/overweight vehicle or combination on a non-limited access State Route within your jurisdiction. Super loads are vehicles, combinations or loads exceeding 201,000 pounds Gross Weight, or 160 feet in Length, or 16 feet in Width.

Motor carriers transporting any oversize/overweight vehicle on a local road need the local authority's permission, but PennDOT Regulations, Section 179.8(4)(iii)(D), also require super load applicants to receive permission from all cities through which they propose to travel, even if all roads are State Routes. Although PennDOT staff will thoroughly review the motor carrier's application and proposed State Routes, please determine if there will be any obstacles within your jurisdiction, such as new or temporary one-way streets, turning restrictions, parking restrictions, special events, holiday decorations or other situations that either prohibit movement or require special permit conditions, and note these below.

## SUPER LOAD CITY LIST

PennDOT Regulations, Section 179.8(4)(iii)(D), require super load applicants to include “written approvals from cities through which the proposed movement will pass” as part of their application. This regulation applies only to municipalities that are officially classified as “cities” (see below) and only for non-limited access State-owned roads within the city. (If the routing includes a local road, the applicant is also required to obtain the local authority’s approval, under Section 4961(a) of the Vehicle Code.)

The applicant is responsible for identifying these cities along the proposed route, as part of the physical route survey (Form M-936RS).
