Hi,

As a tax payer I would like to know why are prices being increased? The community is not receiving any benefits that are included in our price as is. Like sewer cleaning and treatment, proper meter evaluations and so on. Why is a billion dollar company trying to tax more for citizens who are already struggling due to the lack of help and assistance. I suggest this increase comes from a government who stole millions of covid funds, because us regular folks don't have.

Have a nice day.
