Subject: PLEASE make a disabled/Sr Citizen tier

Hello,

We are very grateful for your service and understand costs rose but legitimately disabled homeowners and seniors income does not rise in parrallel with inflation.

In fact we get a very small increase in our benefit annually. I can no longer afford to eat 3 real meals a day. I can barely afford to run heat in winter. I can't afford to drive anymore as insurance companies made it impossible to afford by raising rates annually.

PLEASE form a special tier for Seniors and those of us who can prove we are disabled as we can no longer afford the finer things in life such as water.

Thank you,

Almost homeless customer
