Request for Extension to use Existing Commercial No. 2 Fuel Oil

The facility listed below requests the use of existing commercial No. 2 fuel oil at the facility that does not meet the 15 parts per million by weight (ppmw) sulfur content limit until _____ (must be no later than December 31, 2025) for the following storage tanks: _____.

Facility Information:

Facility Name: _____

Facility Address: _____

Contact Name: _____

Contact Address: _____

Contact Telephone Number: _____ Contact E-mail: _____

Certification

This certification must be signed by a responsible official. See 25 PA Code Chapter 121 for the definition of responsible official.

I certify that all existing commercial No. 2 oil at the facility that does not meet the 15 ppmw sulfur content limit was stored at the facility prior to July 1, 2015, that this fuel oil met the applicable sulfur content limit of 0.2% by weight on June 30, 2015, and that all commercial No. 2 fuel oil purchased for use at this facility since July 1, 2015 meets the 15 ppmw sulfur content limit.

(Signed): _____

Date: _____

Name (Typed): _____

Title: _____

AMS Approval

AMS approves the use of existing commercial No. 2 fuel oil at the facility that does not meet the 15 ppm sulfur content by weight until _____ (must be no later than December 31, 2025).

Approved by: _____

Date: _____

Request for Extension to use Existing Commercial No. 2 Fuel Oil

Storage Tank Information

The following information must be submitted for each storage tank requesting the use of non-compliant commercial No. 2 fuel oil after July 1, 2020.

Storage Tank No. or ID: _____ Tank Capacity: _____ gallons

Storage Tank feeds the following units: _____

Maximum fuel usage for each unit: _____ gal/hour

Instructions

This application may be used by a facility to request an extension to the July 1, 2020 deadline for use of existing commercial No. 2 fuel oil at the facility that does not meet the 15 parts per million by weight (ppmw) sulfur content limit.

All submissions and correspondence should be directed to:

Chief of Source Registration
Air Management Services
321 University Avenue
Philadelphia PA 19104-4543

www.phila.gov/health/AirManagement/

or

[E-mail to DPHAMS_Service_Requests@Phila.Gov](mailto:DPHAMS_Service_Requests@Phila.Gov). Put "Request Extension to Use Existing Fuel Oil" in the subject line.

Note: For each No. 2 fuel oil delivery from July 1, 2015, or later, the facility must keep record of the fuel manifest showing the date of delivery and sulfur content of the fuel oil. This is needed so AMS can verify that the facility has not purchased any non-compliant No. 2 oil since July 1, 2015.
