

Officer Involved Shooting Incident Summary

June 8, 2023: 7600 block of Ridge Avenue (OISI: 23-17)

On June 8, 2023, at about 10:08 p.m., an off-duty PPD officer assigned to the 14th District was driving home after his shift. The officer, who was still dressed in uniform, was driving his personal vehicle south on the 7600 block of Ridge Avenue. The officer saw a Black man operating a scooter recklessly. When the man drove along the passenger side of the officer's vehicle, the officer rolled down his window, so that the man could see his police uniform. The officer and the man exchanged words. The man reached towards his waistband, pulled out a firearm and fired his weapon at the officer. The officer heard the popping sound and felt pain on his right side. The officer, still in his vehicle, drew his weapon and fired his weapon several times at the man, who lost control of his scooter and fell.

The officer was taken to the hospital, where he was treated and released.

The man riding the scooter was found several days later, arrested and charged.
