Subject: Water price increases

External Email Notice. This email comes from outside of City government. Do not click on links or open attachments unless you recognize the sender.

As a basic human right I think the proposed increase in our water prices is inappropriate, exploitative and inaccessible to most of the residents of this city. Shame on you for squeezing every dollar out of us and please reflect on how this will change the landscape of the city for the worst. I and many other constituents are looking forward to your response.
