

Procurement Forecast

The information included here is for information purposes only and is subject to change at any time.

The City of Philadelphia is making transformative infrastructure investments thanks, in part, to historic investment from the Bipartisan Infrastructure Law (BIL). The City is investing in critical infrastructure, including roads, bridges, public transit, water systems, climate resilience, and broadband accessibility.

In anticipation of these investments, the City of Philadelphia has created a forecast of potential upcoming contract opportunities. The forecast is intended to increase transparency and provide potential contractors more time to plan and prepare competitive bids and proposals, increase vendor submissions, and encourage more participation from historically underutilized businesses (HUBs).

Procurement Forecast

- Provides a preview of anticipated upcoming contract opportunities
- Includes potential contracts from City of Philadelphia departments such as Philadelphia Water Department (PWD), Department of Aviation (PHL/PNE), and Department of Streets.
- Includes potential contracts from agencies such as School District of Philadelphia (SDP) and Philadelphia Gas Works (PGW).
- Provides information on the potential opportunities including:
 - Project Owner
 - Name of Project
 - Scope of Work/Description
 - Potential Subcontracting Opportunities
 - Procurement Platform
 - Estimated Let Date (Date opportunity opens)
 - Historically Underutilized Business Program Utilized (M/W/DSBE or DBE)
 - NIGP or NAICS Code
 - Estimated Cost
- Anticipated to be updated every six months.

Find Contract Opportunities

The agencies advertising contract opportunities employ various contracting platforms. The “Bidding Platform” column indicates where to search for an opportunity once it is advertised.

Contact Information

Procurement Department
1401 John F. Kennedy Blvd., Room 170
Philadelphia, PA 19102-1685
(215) 686-4720
