Arches is an open source, web- and geospatially based, customizable information system that was purpose-built by the Getty Conservation Institute and World Monuments Fund to inventory and manage immovable cultural heritage.

HISTORICAL COMMISSION – TREASURE PHILLY!

Shannon Garrison, Kristin Hankins, and Izzy Korostoff are working on expanding the Historical Commission's Treasure Philly! project. In fall 2025 the Treasure Philly! team will begin work documenting the cultural history of Frankford. The team continues to work at Broad, Germantown, and Erie, focusing on the neighborhoods around Hunting Park, and further documenting Germantown Avenue.

In 2022, The Department of Planning & Development received a grant of \$250,000 from the William Penn Foundation to develop and pilot a historic resource survey program, now branded Treasure Philly! Since 2022, the Treasure Philly! team has been exploring ways to engage with populations and histories not currently reflected in the properties listed on the Philadelphia Register of Historic Places. Through the project, the Department of Planning and Development is expanding the traditional understanding of preservation to include a wider range of tools and more comprehensive understanding of cultural heritage. The Treasure Philly! report on the work done under the William Penn Foundation grant is finalized and publicly available at phlpreservation.org.
