

# AveArts

Pilot Block - Arts Commission Review October 8th, 2025

# Agenda

- 1. Project Schedule
- 2. Regulatory Approvals
- 3. Pilot Block Scope
- 4. Phase 1A Site Design
- 5. Phase 1A Design Details

#### **Schedule**

**PERMITTING AND APPROVALS** 

**ANTICIPATED DURATION SPRING 2025 THROUGH WINTER** 2025

**CONSTRUCTION WINDOW** 

**ANTICIPATED DURATION WINTER 2025 THROUGH SUMMER 2026** 

# **Regulatory Approvals**

No.	Permit	Status	Estimated Approval
1	Philadelphia Streets Deptartment	Approved	9/12/2025
2	PECO Services Application	In Review with Municipality	TBD
3	Highway Occupancy Permit (HOP) - PennDOT	In Review with Municipality	9/25/2025
4	Philadelphia Water Deptartment (PWD) - ERSA	Approved	8/8/2025
5	Philadelphia Water Deptartment (PWD) - Utility	In Review with Municipality	10/10/2025
6	SEPTA Right of Entry (ROE)	In Review with Municipality	11/21/2025
7	Encroachment Agreement	In Review with Municipality	10/31/2025
8	Art Commission	In Review with Municipality	10/8/2025
9	Private Paving Agreement / Pavement Restoration Letter	In Review with Municipality	11/4/2025
10	Traffic Control Permit	In Review with Municipality	TBD

#### **Site Context**

#### **Master Plan Extents**

#### **Pilot Block Scope**

#### **Pilot Block Scope - Phase 1A - Median Construction Only**

#### Renovation of the Broad St. median between Spruce and Pine St. will include:

- Demolition and removal of existing median
- Replace in-kind raised median with landscape enhancements
- Installation of new metal and granite planter walls (per PennDOT standards)
- Flush cobblestone paving zones at median ends
- Concrete pedestal for future public art placement
- Irrigation and electrical infrastructure
- Lighting for artwork and landscape
- Landscaping throughout the median with shade trees, understory trees, shrubs, groundcover, and seasonal plantings
- Restoration of existing paving and lane markings

Sculptures and artwork will undergo a separate Art Commission review once selected

#### **Key Map**

#### Pilot Block Scope - Phase 1B - Sidewalk Improvements (future Art Commission review)

#### Sidewalk improvements along both sides of the street, from Spruce to Pine St., include:

- New bus stop structure at Broad & Pine St.
- New educational signage and wayfinding
- Removeable planters installed at a variety of heights along street curbs
- Granite planter walls providing protection from vehicular traffic
- Landscaping within planters including shade and understory trees, shrubs, groundcover, and seasonal plantings
- Variety of amenity zones with seating and performance spaces
- Unique seating options
- Overhead structures for shade
- Art installations at various locations

#### **Key Map**

## **Existing & Proposed Conditions**

# **AveArts**

#### **Existing Site Plan - Phase 1A**

#### **Proposed Site Plan - Phase 1A**

- AG Autumn Brilliance Serviceberry (12' mature height)
- American Sentry Linden (~20' mature height)
- Red Maple (~20' mature height)

#### **Median Intervention Goals**

## **Design Details**

**AXONOMETRIC VIEW @ MEDIAN END** 

- Concrete foundation
- Granite planter edge base
- Metal planter edge top
- Roadway paving
- Amended planting soil
- Proposed tree and landscaped area

**TYPICAL SECTION VIEW** 

#### **Material Selection**

#### **Perspective View Looking North**

#### **Perspective View Looking North**

## **Perspective View Looking North**

## **Bird's Eye View Looking North**

# **Thank You**

# **Planting Schedule**
